nonpsychiatric medical treatment, 14 yr old male with encopresis & individual & familial psychopathology, case report, 20093
patient attitudes & physician vs nurse effectiveness in diagnosis & treatment, community health center patients with acute upper respiratory tract infections, Sweden, 40825
perceptions of interaction over course of treatment, patients with Parkinson's disease & their doctors, 30607
physical & cognitive & psychosocial factors in perception of & responses to & clinical significance & assessment & management of pain, children, literature review, 2173
play therapy in health care settings, children, 2637
positive or negative presentation of information, medical action decisions, medical students, 38003
principles & legal processes in Do Not Resuscitate policies & medical standards, terminally ill psychiatric patients, 6394
psychoanalytically based views of J. Katz on nature of human relationships & implications for law & medicine & public policy, 16721
psychological preparation, children facing medical procedures, 1953–1985, meta analysis, 30610
psychosocial & educational & preventive & medical issues concerning AIDS, 40454
rapid induction analgesia based hypnotherapy, pain during dressing changes & wound debridement, 22–41 yr olds with severe burns, 30545
research methodology in studying role of play in health care settings, 2653
right to life sustaining medical care & treatment, mentally retarded children, 27084
right to medical & psychiatric treatment, prisoners, 41100
risk taking in medical treatment decision making, 25–50 yr old health department employees, application of expected utility theory, 37629
role of family as alternative healing system & medical pluralism, 2658
role rehearsal/reversal & indirect medical play & fantasy play & medical art in health care setting, children, 2630
satisfaction with medical care, patients, meta analysis, 9628
self reported illness & general practice consultations, Asian vs British born 16–64 yr olds, England, 12995
standardized instruction in hypnosis vs active cognitive strategy, procedurally induced pain & anxiety, 5–18 yr old oncology patients, 30194
stress & temperament & sociodemographic variables, medical utilization, 6–9 yr olds, 13011
technological developments in treatment, elderly with cataracts or macular degeneration or diabetes mellitus or glaucoma, 12982
therapeutic components of Ischemic Heart Disease Life Stress Monitoring Program, mortality rates during 1st yr rehabilitation, patients recovering from myocardial infarction, 2872
triage out of medical system into psychological system, somaticizing patients, 34212
validity of responses on measures of health status & satisfaction with medical care & quality of life, elderly & proxy pairs, conference presentation, 35080

Medicare
DRG prospective payment system for Medicare hospitalization, perception of fiscal constraint & care services measuring organizational response, hospital chief executives & patients, 37784
DRG's & Medicare prospective reimbursement for mental health services, literature review, 6311
financing medical management & psychotherapy, psychiatric patients, implications of expansion of Medicare benefits, 26740
need for revision of Medicare benefit for outpatient mental health care, 26722
simulation model of DRG based prospective payment system for Medicare coverage of psychiatric care in general hospitals, 16860
understanding of coverage & satisfaction with care, enrollees in HMO Medicare plans, 2656

Medication [See Drug Therapy]

Medicine (Science of) [See Medical Sciences]

Meditation
devotional Christian meditation vs progressive relaxation, physiological & psychological changes, college students, implications for clinical intervention, 26885
EEG biofeedback & meditation, literature review, 618
imagery & meditation, psoriasis symptoms, female 25 yr old, case report, 37427
japa, reaction to frustration & personality dimensions, adults, India, 3887
jogging vs relaxation response vs group interaction, stress reduction, college students, 23090
meditation &/vs individualized imagery technique, 20–50 yr olds with psoriasis, 19888
meditation training vs relaxation, self reported distress & arousal & BP & heart & respiration rate & skin conductance, 18–38 yr old females, 30391
meditative exercise on hell by I. Loyola as form of covert sensitization against sinning, implications for history of behavior therapy, 9472
memory & mnemonic & concentration techniques & meditation & hypnosis as pedagogical practices, art education, 13519

mindfulness meditation vs cognitive self observation, psychological well being, college students, 383
misappropriation of ego & egolessness & other Freudian terminology in Buddhist insight meditation, 14019
number of participants in daily group transcendental meditation, quality of life & war intensity, meditators, 1983, Israel & Lebanon, 18738
number of participants in Transcendental Meditation programs, local crime rate, 1972–79, 28007
personality correlates of meditation practice frequency & dropout, outpatients referred for relaxation therapy, 3–24 mo followup, 33691
phase of Tai Chi & experience & time of day, heart rate & urinary excretion of catecholamines & serotonin & cortisol concentration in saliva & mood states, 16–75 yr olds, Australia, 39154
practice of transcendental meditation, personality development & adjustment, adults, India, 8408
transcendental meditation, anxiety & memory & EEG alpha activity, 20–45 yr olds, India, 19892
transcendental meditation, clinical anxiety ratings & EEG alpha activity, 20–45 yr olds with anxiety neurosis, 37228
Transcendental Meditation-Sidhi technique, state-trait anxiety & pulse rate of non-meditating Ss in close proximity, meditators, 21335
visualization & meditative techniques, incorporation of spiritual dimension in recovery from drug or alcohol abuse, clients, 27322
Medulla Oblongata
bombesin in nucleus tractus solitarius vs nucleus accumbens, dopamine mediation & neurochemical & neuroanatomical correlates of induced locomotion & grooming, male rats, conference presentation, 14870
bombesin in nucleus tractus solitarius vs nucleus accumbens, dopamine mediation & neurochemical & neuroanatomical correlates of induced grooming & satiety, male rats, conference presentation, 14871
electrical stimulation of commissural region of nucleus tractus solitarius, inhibition of tailflick reflex evoked by noxious heat, male rats, 35739
functional characteristics & evoked activity of taste neurons in nucleus tractus solitarii, chronic decerebrated rats, 4288
lesions of nucleus basalis magnocellularis vs medial septum & diagonal band of Broca, place navigation, male rats, implications for role of cholinergic neurons in spatial learning, 796
reward for medial prefrontal cortex self stimulation, nucleus reticularis gigantocellularis stimulation induced escape measuring hedonic interactions, female rats, 32127
transplantation of embryonic ventral forebrain grafts to neocortex, spatial memory deficits induced by bilateral lesions of nucleus basalis magnocellularis, male rats, 18274
weight loss & lack of appetite & early satiety, 62 yr old male with tegmental medullary glioma, case report, implications for role of medulla in feeding behavior, 19565
Melancholia [See Major Depression]
Melancholy [See Sadness]
Melanocyte Stimulating Hormone
DST, plasma beta endorphin & gamma melanotropin measuring pituitary response, patients with schizophrenia vs major depression, 36653
melanotropin into ventral tegmental area, excessive grooming & DOPAC & dopamine levels in nucleus accumbens & caudate putamen, male rats, 4497
melanotropin release inhibiting factor as CS, acquisition of conditioned tolerance to antinociceptive properties of morphine, male rats, 28912
prenatal alpha melanocyte stimulating hormone, weight & pain reactivity & sexual performance & response to environmental changes, rats, 881
quiprazine vs pirenperone, inhibitory action on lordosis mediated by activity at 5-HT type II receptors by alpha-melanocyte stimulating hormone, rats, 7908
structural & conformational modifications of melanotropin analogs, memory & attention, male rats, 39249
tardive dyskinesia severity & seborrheic dermatitis as clinical marker of melanocyte stimulating hormone activity, neuroleptic treated male schizophrenic 28–34 yr olds, 40173
Melanotropin [See Melanocyte Stimulating Hormone]
Melatonin
alprazolam, nocturnal plasma melatonin, healthy adults, 4428
circadian rhythms of melatonin & cortisol, 19–89 yr olds, 25407
clonidine & bright artificial light, nocturnal increases in plasma melatonin, 29–43 yr olds, 853
etiological & diagnostic & clinical utility of melatonin in psychiatric research, 5886
light & age & season of year & depression & antidepressant drugs, neurotransmitter control of melatonin synthesis & secretion, literature review, 7696
lighting system for precise simulation of natural light-dark cycles, symptoms & plasma melatonin, patients with winter depression, 37673
melatonin dosage, sleep EEG & onset & duration & next day mood & alertness, 21–40 yr olds, 32216
melatonin, regulation of prolactin circadian secretory rhythm, 18–41 yr olds with vs without pineal tumor, 33591
melatonin secretion & circadian rhythms, 14–57 yr olds with anorexia nervosa or obesity, 8997
melatonin secretion, depressed patients, 5345
melatonin secretion, 20–25 vs 69–80 yr olds, 25409
menstrual cycle, urinary 6-hydroxymelatonin, healthy 21–28 yr old females with normal cycles, 21581
naloxone with vs without melatonin, tardive dyskinesia, pinealectomized male rats injected with haloperidol, 32278
nighttime melatonin peaks, daytime melatonin response to single dose of tranylcypromine, healthy adults, 4450
nocturnal light exposure, plasma melatonin, 25–66 yr old healthy males vs those with unipolar depression, 36574
nocturnal melatonin & cortisol during mania vs depression vs euthymia, female 29 yr old with bipolar disorder, case report, 33086
nocturnal plasma melatonin, schizophrenic patients, 29530
photoperiod & cold exposure melatonin, thermoregulatory nesting & burrowing activity, hamsters, 757
psychiatric symptoms & diurnal serum cortisol & melatonin & prolactin, 31–76 yr olds with primary hyperparathyroidism vs goiter before vs after adenoma removal, 16149
REM sleep deprivation, pineal melatonin content, castrated male rats, 28723
short vs long days vs constant darkness vs light, circadian rhythms in melatonin concentration & reproductive activity, rams, 25211
sleep & activity & masking & light conditions, dim light melatonin onset & rhythm & circadian phase position assessment, 28654
sleep deprivation, plasma melatonin & cortisol, healthy 16–26 yr olds, 21663
sulphatoxymelatonin excretion & gonadatrophin status during weight gain, female patients with anorexia nervosa, 5581
supersensitivity to melatonin response to light at night, 15–25 yr olds with manic depressive parent or major affective disorder on both sides of family, 33139
urinary sulphatoxymelatonin as index of melatonin output from pineal gland, females with anorexia nervosa or bulimia, commentary, 29982
Mellaril [See Thioridazine]
Membranes [See Also Nasal Mucosa, Nictitating Membrane, Olfactory Mucosa]
desipramine & development of assay using sucrose gradient purified platelet plasma membranes, detection of high & super high affinity adrenoreceptor binding sites, depressed 21–55 yr olds, 12041
lipid mixture AL721, modulation of neural receptor function by fluidization of cell membranes, literature review, implications for serotonin receptors & AIDS & drug withdrawal, 820

organic solvents, synaptosome membrane bound integral enzymes inhibition & CNS, male rats, 21764
platelet membrane fluidity, 1st degree relatives of 54–91 yr olds with Alzheimer's disease, 12542
Memory [See Also Early Memories, Eidetic Imagery, Episodic Memory, Long Term Memory, Memory Decay, Memory Trace, Reminiscence, Semantic Memory, Short Term Memory, Spatial Memory, Spontaneous Recovery (Learning)]
ability to identify & remember source of knowledge about contents of drawer, 2.8 vs 5.5 yr olds, 11395
ability to recall nature & intensity of labor pain & evaluate consequences of that birth, 19–37 yr old mothers, 3–4 yr followup, 32074
abstract designs & verbal paired associates tests, differentiation of memory ability, unilateral temporal lobectomy patients, 27059
accompanying pictures of details vs proposition interrelations in text, memory for narrative vs expository text, college students, 14481
acetylcholinergic neurotransmission, memory on delayed matching & nonmatching & alternation & radial maze tasks, rats & monkeys, implications for aging & memory disorders, conference presentation, 39077
acquisition of declarative learning & rise in achievement scores, densely amnesic female 9 yr old, 11 yr study, 40530
ACTH analog ebiratide, avoidance & maze learning & memory, mice & rats, 11238
adaption & standardization of Fuld Object Memory Evaluation, 35–55 yr olds, 21079
addition & deletion & specificity & expectations of details in scripts, immediate vs delayed recognition of changes in action, college students, 38910
adenosine triphosphate & dynamic synaptic changes, tracing circuit of neurons for descriptive memory, humans, 35608
adrenergic receptor function in brain, changes in arousal & mood & memory, elderly, literature review, 1164
affective states & memory process, implications for psychopathology & symptom & syndrome formation, conference presentation, 33187
age & amount & length of alcohol drinking, memory & cognitive functioning, Alcoholics Anonymous members vs patients with Korsakoff's psychosis vs alcoholism, West Germany, 36846
age & fitness level & aerobic vs anaerobic exercise training, RT in memory search task, 30–58 yr old males, 6989
age & IQ, memory processes, 20–86 yr olds, conference presentation, 39513
age & lesions & forebrain ischemia & drugs, memory performance, rats, literature review, 21657
age & memory load & study time, comprehension of & memory for information on prescription labels, 18–80 yr olds, 37534
age & music experience, storage & retrieval of melody, 9–10 yr olds vs college students, 21312
age & set size & proactive interference in primary memory paradigm, 8–9 yr olds vs adolescents vs adults, 15080
age & training, immediate memory of implicit & explicit information in commercial advertising, 18–79 yr olds, 7475
age, internally generated vs externally derived memory of source of information, 18–80 yr olds, 25470
age, locomotor activity & working & reference memory, rats, 10891
age, memory & learning deficits in passive avoidance & open field behavior, senescence accelerated vs resistant mice, 21481
age, predictions & performance on cued recall task, young vs older adults, 32439
age, recall & recognition, elderly vs younger adults, 32407
age, source of memories in reality monitoring & eyewitness testimony paradigms, 24–83 yr olds, 25434
agreement between clinical diagnosis & neuropsychological performance on verbal memory test, 59–86 yr olds with Alzheimer's disease, 29989
altered hippocampal opioid peptide function, maze learning & memory processes, rats, 11223
alternating oral generation of category exemplars, inadvertent plagiarism of others' responses, college students, 24862
amitriptyline vs trazodone vs viloxazine vs protriptyline, memory & psychomotor functioning, 19–40 yr olds, 14835
amount of training varying in time & number of sessions, retention & memory of mobile conjugate reinforcement study, 3 mo olds, 25506
amygdaloid kindled seizures, REM sleep & inhibitory avoidance memory, male rats, 7800
aneurysm site, free recall measuring diffuse cerebral damage, 20–67 yr olds with aneurysmal subarachnoid hemorrhage, England, 30064
anticholinergic benzhexol, learning & memory, medical students, 847
anticipated interaction instructions, memory for & organization of social information, college students, 25869
anxiety, storage & processing capacity of memory, college students, 10855
anxiety vs nonanxiety words & relaxation vs exercise, memory & mood & heart rate & skin conductance, 22–58 yr olds with panic disorder, application of information processing theory of fear, 36652
application of distributed associative memory models based on convolution & correlation as encoding & retrieval operations, 7274
apraxia, language & memory, elderly with senile dementia of Alzheimer type, 26441
arecoline vs dextroamphetamine vs CS or UCS exposure, scopolamine induced amnesia following active avoidance training, male mice, 18414
arginine vasopressin vs oxytocin, learning & recall & auditory EPs, male college students, 4352
articulatory suppression or movement to spatial targets or body movements, memory for visually presented body movement patterns or words or spatial positions, college students, England, 14476
associative theory of human memory, 24874
atropine or glycopyrrolate pretreatment, effect of anesthesia & ECT on memory & concentration, depressed adults, 5873
attention during familiarization & novelty preferences & fixation shifts in paired comparison paradigm, visual recognition memory, 4 mo olds observed weekly & longitudinally from 4 to 7 mo, 11381
attention measured by temporal discrimination of discrete vs simultaneous stimuli, male rats with frontal cortex vs hippocampal system brain lesions, 4295
attentive encoding, analytic vs nonanalytic processing in recognition vs recall tasks, college students, 24858
auditory vs visual presentation of priming test & type of elaborative processing, partial word identification & recognition memory, college students, 14443
availability of autobiographical memories, judgment of affect frequency, dysphoric vs nondysphoric college students, 5200
aware vs unaware memory for written text, high school students, 1008
AWD 23–15, amnesia induced by ECS after active avoidance training, rats, conference presentation, 859
AWD 23–15, spinal cord fixation time & Y maze learning & ECS induced amnesia, male rats, conference presentation, 890
basal forebrain cholinergic system, memory, animals & humans, literature review, 21522
benzodiazepine receptor agonist/antagonist pipequaline &/vs diazepam, memory, 21–42 yr olds, 14846
benzodiazepine receptor inverse agonist S-135, glucose utilization in brain areas with memory & arousal functions, rats, 21780
benzothiazol derivative R 58 735, memory functioning, healthy elderly, 28832
benztropine & triphenhexidyl, memory loss & cognitive impairment, 59–95 yr olds, 34074

bias toward earlier presented item &/vs improved perceptual sensitivity, facilitation of memory for earlier word, college students, 24884
bilateral lesions as intact hippocampal formation, A not B & object retrieval performance & memory, monkeys, implications for cognitive development, 39212
birth status & developmental outcome, visual attention & memory, full term vs high risk premature infants, longitudinal study, 37133
bombesin vs gastrin releasing peptide, memory retention, rats, 18330
boundary extension in recall & recognition of photographed scenes, college students, 24876
brain damage, knowledge & use of memory strategies, alcoholic Korsakoff's vs frontal lobe vs nonalcoholic amnesic patients, 26519
brain neuronal restructuring from embryonic development through adulthood, memory, humans, 4104
caffeine dosage, mood & memory & role of task difficulty, college students, 21772
caffeine, physiological effects & memory & performance & anxiety, adults, 7896
calcium entry blocker nimodipine, recovery of preoperatively learned brightness discrimination, rats with visual neocortical injuries, 39180
calibration of retrieval of information stored in memory vs reconstruction of information based in inferential reasoning, college students, Netherlands, 3872
capacity to learn avoidance behavior & memory, predatory behavior, ants, 28410
category breadth, memory, college students vs elderly, 25663
cautionary note on use of forensic hypnosis to refresh memory for specific past events, conference presentation, 39796
central cholinergic effects, memory dysfunction, patients with myasthenia gravis, 16248
cerebral cortex neuronal correlates of verbal memorization, patients with Parkinsonism or epilepsy, 22933
changes in aging brain, memory decline, monkeys, literature review, 21565
characteristics, older adult high vs low readers, 4761
chlorpromazine dose, forgetting & performance in delayed matching to sample task, pigeons, 39416
cholinergic nootropic WEB 1881 FU, EPs in memory tasks, 22–30 yr olds, 28935
cholinomimetic vs nootropic drugs vs benzodiazepine inverse agonists vs psychostimulants, social memory & recognition, adult rats, 32264
chronic physostigmine vs oxotremorine, water maze performance & motor habituation & learning & retention, male rats with basal forebrain lesions, 28922
chronic postnatal lead exposure, delayed spatial alternation performance measuring learning & memory during adulthood, rhesus monkeys, 28716
classical eyeblink conditioning model, age related changes in learning & memory, patients with Alzheimer's disease vs rabbits, literature review, 23053
clonidine, memory function independent from psychosis, 21–50 yr old schizophrenic males, 34023
clonidine, memory impairment, aged cebus monkeys, 14812
coding deficits for phonological features of language, severe poor performance on verbal memory span tasks, learning disabled 4th–5th graders, 16005
cognitive & memory & psychomotor functions, patients with left vs right untreated hemiparkinsonism, 33543
cognitive correlates of memory & intelligence, implications for process theory, 38903
cognitive effort, individual differences in memory based searching, developmentally delayed 2.2–2.9 yr olds, 1927
cognitive effort, memory, 38914
cognitive level & stimulus color, intentional vs incidental visual memory, educable mentally retarded vs average ability children & adolescents, 12287
cognitive processes & memory functioning, elderly, implications for gerontology treatment & education, 25660
cognitive reasoning level & restructuring & disembedding ability & working memory capacity & prior knowledge, balancing equations by inspection, high school chemistry students, 27632
cognitive semantic model of motivation & personality traits, prediction of high dispositions toward anger or anxiety & visual recognition thresholds, 19–23 yr olds, England, 36472
cognitive structures used during event occurrence, understanding of life events & memory transformation & dysfunction in developing personality structures & psychopathology, 1665
colchicine in dentate gyrus with vs without gangliosides GM1 or AGF2, working vs reference memory impairment, male rats, 32189
common resources hypothesis & mental effort model, assessment of memory development & cognition in dual tasks, 5th graders, commentary, 18548
concept vs analogy vs outline advance organizer, text memory, 8th graders, implications for organizer presentation vs use, 31059
conceptualization of framework of memory research & functionalism & distributed storage, college students, Sweden, 3864
concrete vs abstract advance organizers, memory for prose, elementary & secondary education college students, 31035
concrete vs abstract word learned in silence vs noise, memory performance tested by unexpected recognition vs recall tests, college students, implications for automatic process, 14439
concurrent intra-amygdala injection of propranol, blocking of memory enhancement by intra-amygdala naloxone after avoidance & discrimination training, male rats, 25243
confidence distortions & provisions of misleading information during vs after hypnosis, memory performance, literature review, 24917
construction & reliability & validity of Actual Memory Scale, assessment of forgetting & self evaluations of retention, 14–80 yr olds, 130
content & affective evaluations of vivid personal vs pleasant vs unpleasant autobiographical memories, male vs female college students, 28346
context & collective recall & reconstruction of shared knowledge in classroom discourse, 9–10 yr olds & their teachers, implications for teacher's role, 41290
context, memory for read vs self generated items, college students, 21308
context of prior presentation, object identification, erratum, 31793
continuous recognition memory, 13–19 yr olds with closed head injuries, 40415
convergent & discriminant validity of Russell's Revised Wechsler Memory Scale, males referred to medical center psychology service, 7163
conversations memory organization packets & scene order in cognitive vs actual discourse structure in informal initial conversation, college students, 38834
copying vs visual study, reproduction of Rey Osterrieth Complex Figure, 10.7–13.7 yr olds, cognitive neuropsychological implications, 39584
correlates of memory impairment, 41–83 yr olds with Parkinson's disease, 30066
covert vs overt memory access for face recognition & recall of associated semantic information, adult male with severe closed head injury & resulting prosopagnosia, 12539
cross cultural evaluation & mental status & memory, 70–89 yr olds with dementia, Japan vs US, 26492
cumulative local proactive interference in delayed matching to sample, homing pigeons, 21367
cutting off whiskers or anesthetizing face or back skin, learning & memory impairments, rat pups, conference presentation, 4255
decision time & subjective probability & task difficulty, memory search during probability assessment, college students, UK, 3873
deep cerebral venous thrombosis, cognitive functioning & memory & abulia & disorientation, 18 yr old female taking oral contraceptives, case report, 26507

delay following single odor stimulus learning trial, memory, 6 lines of honey bees selected for good vs poor learning, 14511
delay interval & absence or presence of predelay cue, errors in delayed response, 3–5 vs 14–20 yr old squirrel monkeys, 35462
delayed imitation of observed object manipulative behaviors, 14 mo olds, 1028
delayed recognition tasks to remember & recognize words or faces seen short time before, hippocampus & amygdala neural encoding, epileptic patients with medial temporal lobe lesions, 12410
deliberate favorable vs modest self presentation in dyad, memory for interaction & attribution about partner & partner self presentation, college students, 25834
delta 9-tetrahydrocannabinol, visual recognition memory & discrimination learning, monkeys, 14803
demographic & seizure related & language function factors, verbal learning & memory, adults with complex partial seizures, 12412
depressed vs happy mood, recall of words with neutral vs positive vs negative affective valences, college students, Switzerland, 3865
descriptions & organization of memories for distant vs recent past experiences, 29–35 mo olds, 1006
desglycinamide arginine vasopressin, verbal memory, 21–30 yr old males, 32266
detectability analysis of visual memory performance data, hippocampectomized monkeys, 11163
development & discriminant validity of AD MEM adjective list, assessment of memory attributes, male secondary school students, 15109
developmental & emotional factors, perception & recall of events in sexual abuse allegations, children, implications for validating allegations, 1757
dexamethasone blocking of ACTH release, effect of post-training epinephrine on memory storage, male rats, 885
diagnostic validity of recognition vs learning task performance, assessment of memory loss, 60–89 yr olds with senile dementia of Alzheimer's type or depression, conference presentation, 40043
diazepam before training & epinephrine vs naloxone vs beta endorphin afterward, state dependency & memory facilitation in inhibitory avoidance task, female rats, 25245
dichotic serial & free recall vs visual half field vs intracarotid sodium amytal memory tests, neuropsychological measurement of memory lateralization, preoperative epileptic patients, 19586
dietary restriction vs ad lib feeding, radial maze performance & flavor memory, young vs aged rats, 35692
different instructions, memory for temporal order, college students, 38865
direction to perceive actor's behavior in fine vs gross units, liking of & memory for behavior, college students, 11778
discriminative memory for words imagined vs perceived in own vs other voice, college students, 14449
disproportionate memory impairment with relatively preserved intellectual functioning, 18–30 yr olds with closed head injury, 22985
distinctiveness & familiarity, face recognition memory, college students, 17800
dl-threo-3,4-dihydroxyphenylserine, memory, male 52–68 yr olds with Korsakoff's disease, 12875
drugs, radial arm maze for measurement of memory performance, rodents, 14886
ecological approach to perception & memory in cognitive psychology, 24701
educational level & memory capacity, length & clause structure & fluency of oral & written answers & statements, 18–92 yr olds, 29064
educational status & age, normative performance on Wechsler Memory Scale, 20–39 vs 40–59 yr olds, Turkey vs US vs Great Britain, 21293
electrical stimulation of hippocampal, verbal intrusions during memory testing, adult epilepsy surgery candidates, 9123
electroshock following avoidance training, memory & dendritic spine density in intermediate medial hyperstriatum ventrale, 1 day old chicks, 18256
emotion laden materials, selective free recall memory, nonclinical panicking vs nonpanicking college students, Canada, 10859
emotional content of personality describing words, memory, college students, 8404
encoding problems in nonstrategic memory task, elderly with dementia of Alzheimer's type, 29910
Encoding Specificity Principle & related Synergistic Ecphoric Model of Retrieval, cue processing in memory, 14453
endogenous hormonal & neuromodulatory systems activated by posttraining, retention & memory, literature review, 28686
engineering genetic mutations, learning & storage in memory, drosophila, 4060
environmental contextual stimuli following conditioning, reactivation from memory, 18 day old rats, 3956
epinephrine & glucose, age related memory impairments, rodents & humans, literature review, 21742
essay with positive vs negative vs ambiguous behavior descriptions, memory distortion of person descriptions matching vs not matching self, uncertainty vs certainty oriented college students, 10835
ethanol with muscimol vs GABA antagonists, retention of passive avoidance behavior, male mice, 4330
ethylcholine mustard aziridinium ion infusion into frontoparietal cortex, long term cortical cholinergic hypofunction & memory deficits, rats, implications for Alzheimer's disease, 4437
evidence for flashbulb memory for events surrounding shocking news, commentary reply, 335
exemplar memory vs single layer parallel processing network storage retrieval models, base rate in category learning, college students, 31838
experiences of forgetting & remembering, 40–52 yr old male engineering professors, India, 35375
expert testimony, reliability of eyewitness memory in criminal cases, 8279
expertise & generation vs reading of words in relevant vs irrelevant area, generation effect, psychology department faculty & graduate vs college students, 356
explicit vs implicit retrieval of words vs pictures, college students, 24891
exposure to novel vs non-novel material, performance on memory tests, adults, 343
exposure to organic solvents, memory & manual dexterity & perceptual accuracy & vigilance & perceptual motor speed & subjective symptoms, male automobile painters, India, 38452
exposure to other mazes, interference with spatial alternation task, rats, 38992
eye fixations & movements, memory comparisons, college students, 3719
eye movement desensitization procedure with cognitive component, traumatic memories & stress related symptoms, 11–53 yr olds, 40656
fact vs problem oriented processing of acquisition vs test materials, spontaneous access in problem solving performance, college students, 3840
factor analysis of questionnaire responses & psychometric test performance, determination of vividness & spatial manipulation & spontaneous elaboration factors of imagery, commentary, 14219
factor structure of Wechsler Memory Scale vs WAIS-R, low IQ neurological or psychiatric patients, 124
familiarity & lateralization of imagery processes, word recognition under intentional vs incidental memory instructions, college students, dual coding & discrete vs continuous processing implications, 24861
familiarity of & causal vs enabling vs arbitrary relations among items, immediate vs delayed recall of event sequences, 17.5–23 mo olds, 978
familiarity of E & setting, object recall, 4–5 yr olds, 25503

familiarity of fitting shapes, perception of subjective contours, college students, 3771
feedback effectiveness & efficiency, learning & retention in memory & transfer tasks, college students, 38116
fixed order of runway reinforcement & item vs position cues, current & remote anticipation in serial learning & running speed, rats, 3908
flurazepam vs temazepam vs triazolam, plasma concentration & sedative intensity & performance impairment & memory, healthy 20–45 yr olds, 28861
focused memory search of relevant vs irrelevant semantic cases, answering questions about complex facts, college students, Canada, 3868
forgetting rate & semantic encoding & verbal recall, alcoholic Korsakoff's syndrome patients vs amnesic alcoholics with intellectual deterioration, 12242
free & cued recall of subject-performed tasks or verbal presentation of same information, memory improvement, older adults with mild to severe Alzheimer's disease, 37072
frontal lobe pathology, memory & cognitive impairment, amnesic patients with vs without Korsakoff's syndrome vs frontal lobe lesions, 40026
frontal lobes & spatial vs temporal components of memory, commentary, 32038
Fuld Object Memory Evaluation scores, 60–90 yr old inpatients with major depression vs Alzheimers type dementia vs other organic disorders, 40031
GABAergic mechanisms, effects of naloxone & naltrexone on memory consolidation, mice, 39260
general framework & properties & neuroanatomical & neurochemical properties of memory, conference presentation, 25078
generation vs reading, word memory, college students, 38868
generational effects & life course & collective memory, recall of world events & changes over past 50 yrs, adults, 39723
global & local information processing in memory system, college students, 38925
grouping effects in precategorical acoustic storage, 24869
health status & memory & neuropsychological test performance, 65–79 yr olds, 15254
hierarchical organization of memory, estimation of dates of events, college students, 10833
high vs low dosage of prednisone, mood & memory, asthmatic 8–16 yr olds, 23359
high vs low imagery words, unanticipated recognition, college students, 3849
high vs low salience of appeal for help, avoidance behavior & recall of appeal, college students, 8456
high vs medium hypnotizability, disorganized clustering & posthynotic amnesia, 18–60 yr olds, 28371
hippocampal kindled epileptic focus & afterdischarges & seizures, memory retrieval & avoidance response, male cats, 39202
hippocampal lesions, data based & expectancy based memory, male rats, 11147
hippocampus, behavior & memory & learning, animals, 25057
histamine induced attack, P300 EP & memory, adolescents with migraine, 19511
home & classroom environment, metamemory & learning & achievement, 1st & 3rd graders, India, 13540
hyperbaric chamber dive to pressure equivalent to 36 meters of seawater, memory & judgment & manual dexterity, male 18–37 yr old diving students, 31747
hypnosis, recall of details of motor vehicle accident, adult female, clinical vs legal applications, 384
hypnotic memory & forensic use of hypnosis, conference presentation, 29265
hypnotic vs waking instruction preceding exposure to misleading vs nonmisleading information, memory distortion, adults with high vs low hypnotic susceptibility, 28378
hypotheses on information processing functions & endogenous & P300 components of EPs, commentaries & reply included, 21502
ibotenic acid lesions of anterior vs dorsomedial thalamic nuclei, spatial orientation & learning & memory, rats, 35747
icv enkephalins & naloxone, learning & memory, chicks, 28950
idebenone enhancement of cerebral metabolism, memory impairment induced by 4-vessel occlusion & cerebral embolization, male rats, animal models of cerebrovascular disturbance, 39425
identical vs nonidentical mood inductions at learning & recall, mood state dependent retention, college students, 28325
imagery, memory for concrete vs abstract word pairs, college students, 31888
imagery with vs without emotional judgment vs deep muscle relaxation as mnemonic techniques, memory, elderly, conference presentation, 40738
imagining self vs others saying words & memory for words said vs imagined, 7 vs 10 yr olds vs college students, 39524
impaired working memory system, multiple sclerosis patients, conference presentation, 9132
impersonal vs interpersonal text schemas, immediate vs delayed recall, 21303
implicit memory ability, densely amnesic post encephalitic male vs Korsakoff syndrome patients, 11868
implicit oppositionality, recognition & recall & problem solving & memory, 14–71 yr olds, 38926
implicit theories regarding constancy of own attributes, recall of life events in construction of personal histories, 25952
impression formation set & description of student with conventional vs liberated attitudes, memory for masculine vs feminine vs specific adjectives used in description, female college students, 32830
impression vs memory set information processing objectives, judgments of witness deception when perjury followed truthful vs deceptive testimony, mock jurors, 39809
incidental conversation, memory for focal colors, college students, 21305
incidental vs intentional vs nonspecific instructions, memory for word frequency during vigilance task, male Air Force personnel, 7446
inconsistent vs consistent information, memory for witnessed event, alcoholic adult males, 1895
indirect requests with vs without conversational context, recognition memory, college students, implications for conventionality of requests, 14375
information about speaker's status in written vs oral conversation, recognition vs recall memory for assertiveness of remarks, college students, 18919
information load & irrelevant information, automatic memory search interference, college students, 7472
inhibitory avoidance or maze discrimination response training, post training epinephrine vs cholinergic drug induced memory modulation, mice, 4383
instruction to integrate noun & verb pairs, cued recall test, college students, commentary on replication, 38882
instruction to integrate noun & verb pairs, cued recall test, college students, replication, 38896
instructions to read quickly & correctly vs remember story & number of times read, correct word reading rate & memory for story propositions, learning disabled 11.3–13.6 yr olds, 12304
instructions to remember vs forget word, word recognition & lexical decision, college students, 17896
intact vs incomplete antonym pairs, memory generation effect measured by study time & word recognition & judgment cautiousness & RT, college students vs elderly, 38900
intellectual & memory functions measured by IQ tests, 18–35 yr olds with generalized vs partial epilepsy, India, 23032
intentionality of retrowareness, 28369
interaction & constraints between selective attention & memory storage, information processing, humans, 336
intercorrelation of clinical tests of verbal memory, patients with known or suspected cerebral dysfunction, 7059

interindividual vs intraindividual variance in 24 hr dietary recall measures, 62 yr olds & older, 24556
interitem spacing & vocalization & stimulus suffixes, magnitude of recency effect on memory for serial position, adults, 14441
intermediate & medial part of hyperstriatum ventrale, memory, chicks, 28609
internal consistency & reliability of Inpatient Memory Impairment Scale, hospitalized amnesiac vs chronic alcoholic vs psychiatric patients, 7106
interviewing practices, eyewitness testimony accuracy & memory & role of school psychologist, children, 34582
intoxication by accidental exposure to organic solvents, memory impairment, female employees of tennis ball factory, 10307
intracarotid amytal test, determination of speech & memory lateralization, preoperative epileptic 13–51 yr olds, 19617
intrapsychic & interpersonal factors & memory & representation, construction of subjective reality, 17867
investigation of flashbulb memory hypothesis, memory for events surrounding shocking news, commentary, 359
item & associative & serial order recognition memory, adolescents with left vs right temporal lobectomy for seizure disorder, 5614
iv oxytocin, contingent negative variation & memory & mood & vigilance, healthy 23–30 yr old males, 21740
keyword vs semantic context instruction of new vocabulary meanings, text comprehension & memory, college students, 34605
knowledge & use of memory strategies, 4–7 yr olds, 21943
knowledge about effectiveness & use of memory strategies & memory task performance, college students, implications for academic achievement, 31883
knowledge about memory, adults with amnesia due to Korsakoff's syndrome vs medial temporal damage, 26600
knowledge mobilization & schema activation techniques, memory & learning, 7th graders & college students, 38911
landmarks, spatial perception & memory organization, conference presentation, 10846
language comprehension skills, learning disabled 9–10 yr olds with memory span difficulties, 16006
lateral eye gaze & task order, free & serial recognition performance, adults, 10848
lateralization of language & memory functions after long recovery, 34 & 45 yr olds with infantile brain damage & left hemispherectomy at age 17–18, 16–28 yr followup, 16190
leading questions, self monitoring & memory about observed other, college students, 1457
learning & retention of scarcity & opportunity cost concepts, 1st vs 3rd vs 6th graders, 31129
learning set & type of material & number of list presentations & hypnotic susceptibility, hypnotic amnesia & seriation, college students, 7474
left vs right temporal lobectomy & age at onset, semantic & figural memory & IQ, 27.3–31.4 yr olds with epilepsy, 30611
length of delay following semantic vs structural word judgments, word stem completion vs cued recall tests of word memory, 18–22 vs 57–75 yr olds, 15056
length of series & presentation rate of & temperament system used to tune distractor tones, musical pitch memory, college music students, 7373
lesions of hippocampal formation vs parietal cortex, memory for spatial locations of short or long lists of items, male rats, 21697
lesions of temporoentorhinal connections, reaction to novelty & proactive memory & exploratory behavior, male rats, 35756
lesions to fimbria fornix, effects of dextroamphetamine on memory, male rats, 7767
levels of auditory sexual & violent stimuli, electrodermal activity & memory task performance, college students who are high vs low sensation seekers, 32901
Levels of Processing & Working Memory models, interpretation of verbal & nonverbal memory deficits, 49–69 yr olds with Parkinson's disease, Italy, 22911
linear & other models of memory development, interpretability of dual task performance, commentary, 18576
long term lithium, memory functions, patients with bipolar affective disorder, 6 yr followup, 16560
long term occupational exposure to organic solvents in paint thinner, memory & subjective symptoms, automobile painters, 3444
long term po physostigmine, memory, patients with Alzheimer's disease, 23358
long term potentiation between neurons as possible brain associative memory mechanism, animals, 28584
long term potentiation, information storage in brain, mammals, 4106
lorazepam & benzodiazepine antagonist Ro 15-1788, memory & attention & sedation, healthy 18–39 yr olds, 32271
lorazepam, memory & attention & sedation, adults, implications for Alzheimer's disease, 11286
lorazepam vs alpidem, EEG patterns & psychomotor functioning & memory, healthy 23–42 yr olds, 7839
low dose scopolamine, discrimination & memory in auditory delayed conditional discrimination task, male rats, 25251
mathematics vs reading related secondary task & individual skill, working memory & reading comprehension, college students, 38937
meaning of personal possessions as measures of temporal framing of life experiences, 62–98 yr old females who had moved into facilities for elderly, 22100
melodic &/vs verbal cues & musical ability, reproduction of rhythms, preschoolers, 25462
memorization of independent paragraphs & retrieval cues for complete vs partial reproduction, text recall measuring output interference, college students, 38938
memory & auditory store, attenuation of suffix effect, college students, 338
memory & awareness across personalities, 45 yr old female with multiple personality disorder, case report, 15750
memory & cognitive abilities & neuropsychological assessment, 26–49 yr old members of Mount Everest expedition studied before vs after climb, 21644
memory & development & improvement of solutions to "open problems" over time, researchers, 12 yr followup, 28319
memory & IQ, male 12–20 yr olds with progressive Duchenne muscular dystrophy vs spinal muscular atrophy, 26596
memory & metamemory, patients with frontal lobe lesions vs Korsakoff's syndrome vs non-Korsakoff amnesia, 32950
memory & metamemory trends & strategy usage, male 6–12 yr olds with attention deficit disorder with hyperactivity, 30122
memory & psychomotor performance & language, 63–83 yr olds with very mild dementia of Alzheimer type, 37166
memory & recall & repetition of stories, 18–31 vs 60–87 yr olds, 1157
memory & suggestibility, hospital staff & forensic patients, 11812
memory ability, assessment of possible sexual abuse, children, 33272
memory complaints & performance & emotional state & psychosocial factors, healthy 50–80 yr olds, France, conference presentation, 39701
memory for affect eliciting stimuli, familiarity & recognition judgments, college students, 28343
memory for generated vs read mathematical stimuli, college students, 31875
memory for landmarks vs navigational approach, theoretical research in place learning, conference presentation, 10826
memory for negative vs positive self vs other referent adjectives, currently vs recovered depressed adults, 19062
memory for nouns in sentences with self vs other generated names, college students, 31842
memory for previously investigated shells, hermit crabs, 35457

memory for stationary vs moving visual color shape compounds, 4–10 mo olds, 11377
memory for stories & structural aspects of recall of prose, depressed patients, 29671
memory impairments & communication, autistic 10.9–15.3 yr olds, 22514
memory of previous dental experiences, before vs after dentist appointment, adults, 37638
memory organization, 17–35 yr old autistic idiot savant mnemonists, England, 29609
memory performance during neuropsychological testing, 29 & 31 yr olds with subclinical hippocampal seizures, 40368
memory performance, 50–84 yr old patients with senile dementia of Alzheimer type vs 18–49 yr olds, 9203
memory recall paradigm, evaluation of effectiveness of interface support of knowledge based problem solving, 41505
memory scanning paradigm using digits vs musical notes vs auditory detection task, EPs, 18–45 yr olds, 35630
memory scanning task, verbal vs nonverbal probe items, brain electrical potentials, 18–86 yr olds, 39112
memory search performance & duration of encoding & response processes, males with mild hypertension, 33587
memory set size, processing RT with described images, college students, 7438
memory systems & verbal learning & remembering strategies, adolescents & adults, 36044
memory testing & cued recall, screening for dementia, elderly patients, 9066
metamemory & strategy use & performance in free recall task, 1st vs 4th graders, implications for organization of materials during study to facilitate performance, 34625
metamemory perceptions & performance on memory tests, depressive 20–45 vs 57–80 yr old females, 19181
methaqualone dosages, stimulus encoding in memory scanning task, male 21–32 yr olds, 28972
methodological problems, measurement of emotional state dependent learning & recall, 353
mind wandering vs going blank types of concentration lapses & planning time & prose memory, depressed adults, 8745
misleading postevent information acceptance vs memory impairment vs guessing, creation of new memories & memory of original event, 24881
misleading postevent information, memory for original event & its source, college students, 24895
misleading postevent information, memory for original event assessed by reanalysis of yes-no vs forced choice test data, commentary, 24896
misleading postevent information, misinformation acceptance & memory interference for original event, college students, 24859
misleading vs objective interrogation under hypnosis, free recall, college students, 10880
mnemonic instruction, comprehension & recall of US history material, 7th & 8th graders with learning disabilities, 34782
mnemonic strategies, recall of main ideas of story, adults with temporal lobe seizures, 12473
model of distributed storage in memory, 28336
models of functional separability of memory types, evidence from brain damage research, 3841
models of human information processing & memory, conference presentation, 38935
molluscan FMRFamide & related peptides, cardiovascular functioning & behavior & memory, mammals, literature review, 18415
mood & age, memory for event frequency, depressed vs nondepressed 18–24 vs 64–96 yr olds, 22093
mood change between event encoding & retrieval, memory for internal vs external events, college students, Canada, 24868
multicode model for problem solving approach to memory for performed acts, commentary, 38942
multiple choice test items, assessment of memorization & interpretation & problem solving cognitive domains derived by J. J. Guilbert, medical students, Canada, 13701
nalorphin & naloxone, aversive & appetitive learning & memory, rats, conference presentation, 892
naloxone &/or adrenaline, retention & memory, rats, 28839
naloxone, visual recognition in matching to sample task, monkeys, 28792
naltrexone, enhancement of recall of well known facts & events vs recognition of famous faces following novel experiences, 18–50 yr olds, 4333
naming speed & free & cued recall vs fragment completion task performance on picture memory tasks, 3rd vs 6th graders with vs without learning disabilities, 19429
negative response trials vs incorrect feedback, recall of correct previously stated hypothesis, 60–70 yr olds, support for frequency theory of concept identification, 24887
neurobiology of learning & memory, animals, literature review, 25058
neuroleptic & antidepressant & beta blocker & benzodiazepine medication, memory, 9561
neuropsychological performance & memory & CSF vasopressin & HVA & 5-HIAA & MHPG, 61–85 yr olds with Alzheimer's disease, 40431
neutral vs positive vs threatening words, word completion & cued recall & self reference encoding, adults with current vs recovered clinical anxiety, 40144
nitrous oxide & oxygen atmosphere, memory impairment assessed by covert association & word completion vs overt recall tests, 18–33 yr olds, 21714
nootropic drugs, scopolamine induced amnesia, male mice, 11314
norms for verbal Selective Reminding Test, assessment of memory, healthy 65–75 yr old males vs females, 11537
North American vs foreign cultural scripts & associated knowledge, memory for stories, college students, 31879
novel vs familiar stimuli, lexical decision task performance measuring neurological learning ability & memory, amnestic adults with deficits in new learning, 12400
novelty vs familiarity of stimulus, recognition memory, pigeons, 35466
number & strength of word associates & direct vs indirect instructions or distractor tasks or time lag or amount of practice, memory for word associates, college students, 38916
number of stimuli in sample & comparison set & discriminability of samples & comparisons, performance of delayed conditional discriminations, pigeons, 35485
odor detection vs identification & role of olfactory system in memory & cognition, literature review, 28221
olfactory bulbectomy, memory for passive avoidance learning & irritability & activity & habituation, mouse killing, rats, 21704
online visual memory laboratory, picture perception & memory, 21184
organization of memory impairment, amnesia patients, 5794
orientation to large vs small events, representation of real-world events in memory & recognition vs recall, college students, 31878
original vs reversed text, verbatim memory for noun vs pronoun referential statements, college students, 14477
output interference theory of dual task deficits, method for assessing specialization of memory pools, implications for common resources hypothesis, 18554
output interference vs resource theory, dual task studies of memory development, commentary, 18570
output interference vs resource theory, explanation of cognitive development, commentary reply, 18607
overrepresentation of memories from adolescence & young adulthood, 60–75 yr olds, 15243
paired associate cue & memory instructions, word stem completion & cued recall, alcoholic 54–66 yr olds with Korsakoff's psychosis, 12218
parallel models of associative memory as basis for study of neuropsychological functioning, commentary, 4145
participation in novel hierarchically structured event, event & free recall, 18–35 vs 61–75 yr olds, 1162
peripheral epinephrine from adrenal medulla, memory storage, rats, conference presentation, 28858

persistent repetition priming, response latencies in picture naming & dissociation from recognition memory, college students, 7466
person vs entity attributional pattern & number of missing cells in Kelley sentence cube, sentence recognition measuring social information memory organization, college students, 31891
personality traits & stimulus words, recall of happy vs unhappy memories, college students & staff, 25942
phonological memory ability, vocabulary & reading skills & nonverbal intelligence, 4–5 yr olds, 1 yr followup, 39525
physical vs symbolic presentation of taste stimuli, perceived & remembered intensities, adults, 38721
physostigmine with lecithin, memory & nonmemory tasks, 56–80 yr olds with early Alzheimer's disease, 27017
piracetam vs oxiracetam vs pramiracetam vs aniracetam & footshock intensity, passive avoidance retention & memory, male mice, 39363
plasma dopamine fluctuations induced by high dosage levodopa & carbidopa treatment, state dependent memory, patients with idiopathic Parkinson's disease, 34046
PM-1 computer simulation of judgment processes & associative network memory, model of person memory, 14444
portacaval anastomosis, cyproheptadine induced impairment of avoidance learning & memory & 5-HIAA concentrations & turnover rate, rats, 18223
positive vs negative cue words, latency & specificity of autobiographical memory retrieval, adults who had recently attempted suicide, 19334
positive vs negative emotion induction, memory task & general school performance, naive vs prompted children, 4653
positive vs negative sentence cues, recall of specific hedonically toned memories, depressed females, 8672
postevent misleading information, memory for original event assessed by yes-no vs forced choice test, college students, commentary, implications for eyewitness testimony, 24890
posttraining amphetamine in substantia nigra & nigrostriatal 6-OHDA induced dopamine depletion, memory, male rats, 7939
posttraining glucose injection dosage, retention of learned operant barpressing response measuring memory, male mice, 25269
practice, forced choice temporal order judgment task, college students, 21307
preconditioning without footshock, strength & retention of aversion conditioning, 16 vs 21 day old rats, 35469
prediction & evaluation of everyday memory performance, 23–69 yr old neurological patients with vs without history of memory loss, 12395
presence of others & loud noise, arousal & performance on memory vigilance tasks, college students, 332
presentation of live snake at 50 min vs 24 hr vs 7 day intervals with vs without exposure therapy, fear responses, female college students, implications for memory & state dependent interference, 16495
previously heard vs new sentences or cue set of words presented before or after target set presented with background of white noise, subjective experience & noise judgments, college students, 7280
primed fragment completion & fragment cued recall, college students, 38895
primed word recognition & emotional experiences & situational knowledge, organization of emotional concepts in memory, 19–60 yr olds, 35395
priming & modality specificity & semantic elaboration, implicit memory for new associations in word completion task, college students, 17905
priming effects & dissociations in explicit vs implicit memory, college students, 24883
priming of associative judgments, college students, test of spreading-activation vs composite retrieval-cue theories, 31876
principle of frontal lobe function, perception & memory & sensory phenomena sharing processing characteristics, 21554
print vs audio vs audiovisual advertisements, memory for presented material, college students, Great Britain, 13961
prior knowledge level, text reading & retention with vs without headings, college students, 28347
prior wakefulness vs sleep & testing immediately vs 20 min after awakening, generation of specified category instances measuring memory consolidation vs retrieval, female college students, 38936
processing of memories & knowledge in REM & NREM dreams, adult males, 35410
processing of trait words, category accessibility & implicit & explicit memory, college students, 21318
protein kinase C, membrane potential following neurotransmission & differentiation & memory, 28593
provision of additional processing time, memory for specific text in rapid sequential reading, college students, 24888
provision of original information sequence after incorrect detail memory on earlier test, retrieval or original witness memory & validity of confidence ratings, college students, 14454
proximity of exposure to sniper attack, affective & cognitive development & traumatic memories, elementary school children, conference presentation, 33336
psychoanalytic interpretation & therapy, 48 yr old male with no memories or consciousness of childhood, case report, 16330
psychological research on learning & memory, 1982–87, German speaking countries, literature review, 28349
quazepam vs triazolam vs flunitrazepam with vs without ethanol, daytime sleep & memory & mood & performance, healthy volunteers, 7940
reading vs generation of target items during study, performance on data driven vs conceptually driven memory tasks, college students, 31873
real vs imagined completions of vertically vs horizontally symmetrical visual patterns, memory confusions, college students, 3727
reasoning & perceptuomotor function, memory patterns & development, 6–14 yr olds with memory deficiencies & reading disabilities, 22870
recall & recognition processes in Yogadarsana's doctrine of memory, 19–22 yr old male college students, India, 337
recall of attitudinally relevant vs irrelevant behavior, attitude persistence & selective memory & persuasive message & counterattack, college students, 8394
recall of falling & risk factors, ambulatory 60 yr olds & older, 11539
recalled vs imaged size distance estimates & visual context descriptions for familiar objects, college students, 24873
recognition & recall of nondeliberate memories for novel activities, 3 vs 4.5 yr olds, 1018
recognition memory for topic vs detail vs extraneous statements during lecture presented in English, Dutch speaking college students, Netherlands, 14446
reduced temporal demands of Morris water task, place learning impairment, 16 vs 19 vs 20 day old preweanling rats, implications for temporary memory buffer, 10919
rehearsal, memory for words read vs self generated, college students, 21320
rehearsal rate & articulatory suppression, identification time & memory span for 1 vs 2 vs 3 syllable words, 8 vs 11 yr olds, 39534
rehearsal strategies in contextual associations of word list items, memory of temporal order, college students, 17878
reinforcement of kicks with mobile movement, retention in forgetting vs reactivation paradigm with training vs test mobile as retrieval cue, 6–7 mo olds, 1015
relative frequency of knowledge of results, memory for classes of motor processes, college students, 31899
reliability & validity of visual recognition memory & tactual-visual cross modal transfer, prediction of IQ, full term vs high risk preterm infants assessed at 6–8 mo old, 3 yr followup, 10644
reliability of postpartum questionnaire reports of pain during vaginal births, primiparous vs multiparous females who attended childbirth preparation program, 27047

reliability of retrieving script information from memory, college students, 334
remote & autobiographical & temporal context memory & frontal atrophy or dysfunction, 38–76 yr olds with Korsakoff's psychosis vs Alzheimer's disease, England, 36530
repeated doses of buspirone & clobazam, cognitive & psychomotor performance & RT, healthy 20–45 yr old females, 35857
repeated withdrawals from alcohol, memory & cognitive performance, 21–62 yr old alcoholic males vs females, 22792
repetition & lag & codability, procedural & semantic & episodic memory, 19–32 vs 63–80 yr olds, test of ternary memory theory, 18595
replacement effect in distributed memory, recognition learning, adults, 3863
resources vs response competition models of cognition & memory development, commentary, 18560
retention interval, implicit & explicit memory in picture completion tasks, 3 vs 5 vs 7 yr olds vs adults, 15096
retrieval strategies & effort, recall of name in tip of tongue states, 59–81 yr olds, 39705
retrograde memory deficits, 54 yr old male patients with severe selective encephalitic amnesia, 12529
retrospective & prospective coding strategies, memory performance for spatial locations or lists of information, male rats vs college students, 14452
Rey Auditory Verbal Learning Test, WISC-R assessed forward & backward & total digit span, learning disabled 7–16 yr olds, 1943
rhyming & letter switching generation tasks, relative & absolute frequency judgment & memory, college students, 7450
rhythmic nature of memory processes, implications for memory disorders, conference presentation, 38904
right temporal lobectomy for glioblastoma removal, cognitive & verbal & visuospatial ability & preserved intelligence & geographical memory, 75 yr old female, case report, 16694
role of hippocampus in memory & relationship with superior colliculus, commentary & reply included, 21558
RT & short & long term memory performance & IQ, 15–57 yr old monozygotic vs dizygotic twins, 35576
schema expectation of real world setting, reliability of consistency effect of recall, college students, 31890
schemata, memory for text, college students, 24860
scopolamine, acquisition & retention & recall of passive avoidance learning task, male rats, 4349
scopolamine dosage, EEG & heart rate & BP & symptoms & attention & memory performance, college students, 4476
scopolamine dosage, verbal & nonverbal memory & attention, 18–48 yr olds, model of Alzheimer's disease, 14821
scopolamine, information detection & processing & reasoning & CFF & alertness & memory, male college students, implications for geriatric memory loss, 928
scopolamine vs methysergide, attention & memory & long latency auditory EPs, 22–39 yr olds, 28914
scores on auditory sequential memory subtests of WPPSI vs McCarthy Scales of Children's Abilities, 4.5–5.5 yr olds, 31572
search for biochemical correlates to learning & memory, 1960–75, conference presentation, 39149
seizure type & nature of EEG abnormality, verbal & nonverbal memory, adult inpatients with seizure disorders, 16035
selection of positive vs negative adjectives describing self & adjective recall measuring personality memory, male vs female adolescents, 18530
selective damage to fornix fimbria or subcortical structures with major connection to hippocampal formation, place learning & memory in maze task, rats, 39235
selectively preserved memory & learning ability for perceptual skills & word priming, 55 yr old male with amnesia following herpes encephalitis, case report, 16122
selectivity in sensory systems & association with memory mechanisms & role in formation of conditioned reflex, primates, 21369
self focus, recognition memory, college students, 14482
self focused attention, negative memory bias, depressed college students, 39977
self generated verbalization vs visual examination, formation & retention of mental imagery, kindergartners vs 1st vs 5th graders, implications for science teaching, 29062
self memory training, memory performance & satisfaction with memory, older adults, 3 yr followup, 15248
self monitoring of memory encoding vs retrieval ability, adults with left vs right temporal lobe epilepsy, 12472
self reported emotional reaction & number of times story was recounted, flashbulb memories of space shuttle explosion, college students, 2 wk vs 8 mo followups, 14419
self schemas, evaluation & memory of & prediction & inference about another person, college students, 1386
sentences with disruption in semantic &/vs syntactic structure, memory encoding & recall, elderly with Alzheimer's disease, 30040
septohippocampal vs innominate cortical cholinergic system lesions, learning & memory, rats, implications for memory disorders, conference presentation, 39229
serotonergic nervous system, learning & memory, literature review, 21483
sex of defendant & timing of legal instructions, memory & inferencing & decision making in legal trial setting, college students acting as mock jurors, 22229
short vs long term oral physostigmine, recall & intrusions measuring memory, elderly Alzheimer's disease patients, 23457
silent vs vocal modality of presentation & delayed distraction, immediate vs delayed recall & running memory, college students & staff, implications for precategorical acoustic storage, 7462
single doses of levomepromazine, psychomotor skills & memory tasks, healthy volunteers, 7933
single doses of trimipramine, memory & autonomic nervous system & psychomotor performance, 19–27 yr old healthy females, 39415
single oral dose of diazepam, learning & memory & attention, female college students, Uruguay, 11291
single vs multiple presentations, word recognition & contextual retrieval & cortical EPs, epileptic adults with left vs right anterior temporal lobectomy, 19622
sleep & memory, old vs amnestic young rats, literature review, 21598
smoking patterns, performance on learning & memory tasks, smokers, 11717
social context-personality index vs size difference vs criterion shift explanation, presentation order effect in person retrieval to social vs personality cues, college students, 7439
spacing between repetitions, memory for repeated items on list, college students, 24870
spatial organization of information in spreadsheet calculation, memory load, college students, Finland, 31894
spatial vs verbal spans for digits & words, 43–78 yr olds with Alzheimer type dementia, 26599
spatially transformed sentences, memorability of graphemic information, college students, 38898
specific & general knowledge of psychology course content & confidence in judgment of knowledge origin from text &/vs lecture, college students, 31124
speed of memory for positive & negative personal events & specificity of memories, patients with major depression, 19259
spread of category level feature encoding, free recall of words & memory development, 2nd vs 6th vs 11th graders, Canada, 18553
static displays with implied motion, mental extrapolation & representational momentum, college students, 7397
statistical independence between word completion & perceptual identification tests of implicit memory, college students, implications for multiple memory system theory, 17914
stimulus complexity & intentional vs incidental learning, memory for print advertisement features, college students, 20951

stimulus presentation during delay interval, memory, intact vs gonadectomized male vs female rats, 11172
strategy use & memory performance, learning disabled 7.5–8.5 yr olds with good vs poor naming abilities, conference presentation, 33402
strength of single cue component of dual retrieval cues, probability of target word generation for rhyme &/vs category cues, college students, 31892
structural & conformational modifications of melanotropin analogs, memory & attention, male rats, 39249
structural memory network model for human perception of serial objects, 38940
structured memory remediation, head injured adults with mild to moderate neuropsychological impairments, 9858
subanesthetic nitrous oxide concentration & assessment procedures & types of stimuli, memory & subjective experience, 18–33 yr olds, 21713
summary of argumentative text & goal of information memorization vs preparation for support of opinion, text interpretation, high school students, 15058
summed similarity decision rule in exemplar based generalization model, classification learning & recognition memory & typicality judgments, 14466
systematic time delay teaching method, academic memorization, mildly handicapped students, 24194
systems theory approach, assessment of neuronal & molecular mechanisms of memory & behavior, animals, conference presentation, 18119
tactual & visual practice, adaptation level effects in weight vs binocular depth perception, amnesic patients, 40356
task comparison methodology for memory measures, 1911–87, literature review, 10845
telescoping in date estimation of naturally occurring events, college students, 14479
test retest & parallel forms reliability of Randt Memory Test, college students, neuropsychological assessment applications, 31597
tetrahydroaminoacridine vs 3,4 diaminopyridine vs physostigmine, memory impairments, 18–26 yr old cebus monkeys, animal model of Alzheimer's disease, 14811
tetrahydroaminoacridine vs 3,4 diaminopyridine vs physostigmine, memory impairments, 18–26 yr old monkeys, animal model of Alzheimer's disease, addendum, 35775
theoretical controversies of automaticity & resource processing vs memory, implications for design of training programs, 17895
theory of distributed associative memory, effects in memory for serial order, 14457
theory of simple vs configural associative process of hippocampal formation in learning & memory & amnesia, humans & animals, 38933
time & recall & mode & memory expectancies, memory for conversation, college students, 361
time compressed speech, comprehensive & interpretive & short term listening performance, college students, 31819
time course of associative & item information availability in recognition memory, adults, 38893
training in auditory discrimination & memory & sequencing, auditory retention of sentences, 7–13 yr old learning disabled students, implications for special education, 6799
transcendental meditation, anxiety & memory & EEG alpha activity, 20–45 yr olds, India, 19892
transection of optic chiasm with vs without forebrain commissure, hemispheric specialization & interhemispheric communication during visual memory tasks, male macaques, conference presentation, 14785
TRH analog, hippocampal cholinergic activity & memory deficit, male medial septal lesioned rats, animal model of Alzheimer's disease, 35705
triazolam vs temazepam, immediate & delayed recall, insomniac adults, 6189
trimethyltin, delay conditioning deficits in learning or memory, male rats, 35877
unconscious perception of "context" words, memory illusion, college students, 31882
unilateral limbic EPs & memory performance, 17–37 yr olds with intractable epilepsy evaluated for temporal lobectomy, 2056
unisensory & bisensory discrimination & memory task performance, mildly vs severely misarticulating 7–8 yr olds, test of CNS developmental delay hypothesis, 16010
unitization & grouping, explicit & implicit memory for word associations, college students, 38891
utility of clinical memory tests, prediction of everyday memory ability assessed by self report & everyday tasks, 50–86 yr olds, 44
validity & reliability & internal consistency of metamemory battery, assessment of organization & memory skills & capacity, 3rd vs 5th graders, 7069
variation in behavior perception, memory for observed other's behavior, college students, 8393
variations in intertrial interval & delay, accuracy & error patterns in delayed symbol matching to sample tasks with duration samples, pigeons, 35477
vasopressin vs vasopressor antagonist into lateral septum, memory of exposure to sexually immature conspecific measured by investigatory behavior, male rats, 14837
verbal & nonverbal memory, dyslexic 9–13 yr olds, 19412
verbal memory loss, 69 yr old male with subcortical white matter infarct, 12426
visual &/vs auditory imagery suggestions, vividness of imagery & memory, college students, 28381
visual discrimination & memory tasks, wintering over staff, Antarctica, 3830
visual discrimination memory, 4–5 vs 26–27 yr old monkeys, 21537
visual imagery & memory ability, congenitally blind 10–29 yr olds, 16061
visual recognition memory task, high functioning autistic 15.7–31.2 yr olds, 15612
visual reproduction subtest vs Complex Figure Test scores, assessment of brain impairment, alcoholic inpatients, 8890
vividness of visual imagery, memory for facial features, college students & faculty, 357
water maze spatial learning & memory limitations, rats, 10904
Wechsler Memory Scale patterns of memory functioning, patients with unilateral brain lesions, 12353
word frequency & word class, memory span & rehearsal speed, college students, test of articulatory loop explanation, 10849
word naming time & memory span & story recall, 5th grade good vs poor readers, 29053
word recognition & intuitive similarity & cognitive structure & experiences of mood & emotions & action readiness & situational knowledge, mental representation of emotion, commentary, 35406
word recognition memory task, EPs, adults, 35632
word self descriptiveness judgments vs autobiographical word retrieval, self reference memory encoding & retrieval, college students, 31886
word task requiring generation of semantic associate, memory, congenitally blind vs sighted children & adolescents, 16203
word vs concept mediated inhibition in part set cuing, associations between related words in English vs Turkish, college students, Turkey, 3866
words on previous study list, word fragment completion measuring memory priming & generation effect without awareness, college students, 38887
words vs consonant arrays with vs without advance knowledge, memory vs visual scan strategy, college students, replication, 38901
written message sequence with delayed identification of 1 message as incorrect, message recall & comprehension & related inferences & correction in memory, college students, 10851
yes/no recognition vs source monitoring test, eyewitness suggestibility effect, college students, 38908

1-desamino-8-D-arginine-vasopressin, memory & information processing, 18–60 yr olds recovering from minor head injury, 34024
1 trial memory test based on exploration of familiar vs new objects, male rats, 24941
72-hr sleep deprivation, circadian rhythms & memory & search & pattern tracing task, adults, 35690
Memory Decay
error rate on Memory for Designs Test, verbal performance achievement levels on WAIS-R, patients with seizure disorder or unipolar or bipolar epilepsy, 9135
initial skill level & age & other variables, cardiopulmonary resuscitation skill decay, male vs female shop floor & office workers, 10830
Memory Disorders [See Also Amnesia]
acetylcholinergic neurotransmission, memory on delayed matching & nonmatching & alternation & radial maze tasks, rats & monkeys, implications for aging & memory disorders, conference presentation, 39077
age & contingent negative variation & P300 component of late slow potentials, cognitive impairment, conference presentation, 40350
age & sex & educational background & health & functional limitations & vision & hearing impairments, self reported memory problems, 55 yr olds & older, 8170
assessment of subjective & objective memory impairment, 39–79 yr old stroke victims & their relatives & friends, 30004
assessment procedures & patient characteristics, 29–99 yr olds referred to specialist memory assessment clinic, England, implications for early diagnosis of Alzheimer's disease, 16747
California Verbal Learning Test word recognition profiles, differentiation of consolidation vs encoding retrieval deficits in verbal memory, males with severe blunt head injuries, 33497
citicoline, 60–79 yr olds with memory deficit, Indonesia, 34115
classical eyeblink conditioning & extinction & discrimination & reversal learning, 22 & 30 & 63 yr olds with temporal lobe lesions & severe memory problems, 29904
clinical criteria for homogeneity in trials for memory enhancing drugs, patients, conference presentation, 40792
cognitive functioning & mental health & memory impairment, 60 yr olds & older, India, 36537
coma duration, memory & intelligence test performance, head injured adults, 23071
complex maze learning as animal model of age related memory impairment, rats & mice, literature review, 21517
continuous figure recognition, detection of short term memory disorders, 15–88 yr olds with dementia or cerebral infarction with vs without aphasia or with brain lesion with or without memory deficit, 37088
CSF HVA to 5-HIAA ratio in serotonergic & dopaminergic neuronal systems, subjective memory disturbance, depressed patients, 5136
cued free vs total recall & psychosocial functioning, 40–88 yr olds with Alzheimer's disease or dementia & suspected memory disorder, 30112
defective recognition of familiar people as semantic memory impairment following herpes simplex encephalitis, adult male, 40414
development of drug therapy, memory decline, Alzheimer's disease or other dementia patients, implications for role of acetylcholine, 23443
electronic memory aid, 25 yr old memory impaired female of normal intelligence, 41023
ethanol, deficiencies in subcortical noradrenergic & cholinergic systems & midbrain structure, male rats, implications for memory impairment in humans, 4313
extensive remote memory loss with mild anterograde amnesia, 50 yr old male with apparent Kluver-Bucy syndrome, case report, implications for memory structure, 16238
factor analysis of computerized tests that simulate everyday learning & memory tasks, 50–75 yr olds with age associated memory impairment, 35150
frequency judgment & word recognition using forced & unforced choice, 15–85 yr olds, implications for memory impairment, 15241
hippocampal formation impairment, age related memory disorders, rats, literature review, 21501
hippocampal neurobiological mechanisms, age related memory dysfunction, rats, literature review, 21525
incidental vs intentional learning, recognition memory test performance, Korsakoff vs mixed amnesia 43–68 yr old patients, 19550
left frontotemporal damage assessed by computer tomography & magnetic resonance imaging, 48 yr old male with behavioral & memory & language disorder, 22460
long term lithium vs anticonvulsant vs anticholinergic drugs, development of memory impairment, psychiatric patients, 6165
memory deficits characteristic of unilateral hippocampus lesions, 25 yr old female with left fornix lesion, case report, 19640
memory deficits, 19–62 yr old compulsive checkers, replication, 19223
memory dysfunction subtypes, learning disabled readers, 16004
memory impairment, Alzheimer's disease & other dementias vs amnesia, implications for animal models, 23006
methodological & biochemical considerations in pharmacological development of memory enhancing drugs, implications for memory disorders, conference presentation, 39242
mnemonic techniques & learning exercises, clients with age related memory disorders, conference presentation, 40722
multidisciplinary approach & clinical evaluation & development of drugs for age related memory disorders, conference presentation, 40771
need for common perspectives, development & use of animal models of age related neurodegeneration & memory loss, literature review, 21486
neurochemical & behavioral changes in memory processes, mice, animal model of memory disorders, conference presentation, 39101
neuropathology of Korsakoff's syndrome & other amnesic disorders, conference presentation, 40009
neuropsychological analysis of learning & memory performance, aged rats, 21569
objectives & methodology & strategies in evaluation of memory enhancing drugs, patients with senile dementia of Alzheimer's type, 40741
patterns of verbal memory impairment in free recall tasks, elderly inpatients with multi-infarct dementia vs Alzheimer's disease, Italy, 33610
psychometrics & methodological & statistical problems, assessment of memory disorders with rating scales, conference presentation, 38616
red blood cell folic acid levels, cognitive function, 51–93 yr olds consulting memory clinics, 12510
reduplicative paramnesia, 30–76 yr old alcoholic inpatients with right vs left brain lesions, 12403
reliability of DSM-III clinical diagnosis of dementia, 58–90 yr olds with memory impairment or intellectual deterioration, France, 1 yr study, 40401
rhythmic nature of memory processes, implications for memory disorders, conference presentation, 38904
selective semantic amnesia, 18 yr old female with left parietal lesion after closed head injury, case report, 19519
self paced instruction in computer terminology & commands & program writing, computer operation & learning retention, 21–49 yr olds with closed head injury vs memory disorder, 5649
self ratings of memory dysfunction, 23–70 yr old patients with amnesia vs amnesia from Korsakoff's syndrome vs depression with vs without ECT, 15596
sensory & short term memory deficits, depressed college students, 19076
short term phonological storage, discourse comprehension, brain damaged 55 yr old male with reduced immediate memory span, 22883

short term storage, long term learning, 26 yr old female with short term memory deficit after left hemisphere stroke, 22882
temporal lobe damage in herpes simplex viral encephalitis, language dysfunction & memory deficits & aggressive behavior, male 14 yr old, case report, 40410
traditional vs music & dance based reality orientation therapies, geriatric patients with mild to severe confusion & disorientation & memory loss, 6386
utility of rating scales for behavioral reactions, elderly with cognitive impairment undergoing drug therapy trials, conference presentation, 40744
validity & diagnostic accuracy of Form A vs Form C of Rey Auditory Verbal Learning Test, inpatients with memory impairment, 131
validity of Biber Figure Learning Test, assessment of impairments in long term visual memory, brain damaged vs amnesic patients vs healthy 40–79 yr olds, 35123
vasopressin & vasopressin analogs, mnemic problems, literature review, implications for treatment of memory disorders, 37091
vasopressin analog desmopressin, 24 yr old female Marine sergeant with memory dysfunction following transsphenoidal resection of pituitary adenoma, 30428
Wechsler Memory Scale, assessment of memory impairment due to solvent exposure, industrial painters, 12365
within S parametric design, study of age related memory impairments, adults, 23016
working memory & secondary memory deficits, patients with Alzheimer's disease, 16024
Memory Trace
amnesia induced by detention in hazardous compartment &/vs electrical stimulation & cyclohexamide, GABAergic activation & blockade induced retention & reproduction of passive avoidance CR, mice, 25122
conditioning of triceps surae H-reflex, memory traces in spinal cord, monkeys, 32062
drugs & posttraining process, memory formation & consolidation & strengthening, literature review, 28872
idazoxan or clonidine, cerebral spread of memory, mice, 39264
repeated vs unrepeated pairs of words, cued recall & recognition of repeated pairs & memory trace interactions, college students, Canada, 7436
Men [See Human Males]
Menarche
meaning of & emotional reaction to menarche, Black 5th–12th grade females, cross racial replications, 32358
weight & eating attitudes & menarcheal age, female 14–18 yr old figure skaters vs ballet dancers vs swimmers, 21879
Menieres Disease
development of new movement patterns & accomplishment of daily living tasks, female occupational therapist with Meniere disease & vertigo treated with dietary salt restriction, 37021
feelings of unreality, 32 & 34 yr old females with Meniere's disease, 33534
Meningitis [See Also Bacterial Meningitis]
semantic & episodic & autobiographical memory & dense amnesia following meningitis, 59 yr old male, case report, implications for memory structure, 16264
Menopause
endocrine changes during climacteric vs involution periods, 47–74 yr old females with major depression vs atypical or paranoid psychoses, 22603
estrogen &/vs androgen replacement therapy, cognitive functioning, surgically menopausal females, 20012
estrogen replacement therapy, menopausal females, 34111
estrogen with vs without androgen replacement therapy, affect, surgically menopausal females, 6193
exercise, menstrual disorders & PMS & menopausal symptoms, 30160
menopause, personality changes & attitudes, adult females, counseling implications, 18525
psychosocial & biological aspects of sexuality, perimenopausal & postmenopausal females, literature review, 18845
sex & family roles, cultural construction & medicalization of "menopausal syndrome", middle class housewives, Japan, 5711
Menstrual Cycle [See Also Menarche, Menstruation, Ovulation, Premenstrual Tension]
affective syndromes associated with reproductive related gonadal steroid changes across life span, females, literature review, 26510
appetite dysregulation during premenstrual phase, female with PMS, commentary, 29887
circadian temperature rhythms, menstrual cycle phase, healthy females, 18159
cyclical estrogen fluctuations, magnitude of perceived stimulus changes induced by prolonged fixation, female college students, 681
dichotic listening test performance during & neuropsychological correlates of menstrual mood changes, 18–45 yr old females, 39148
endocrinologically defined segment of menstrual cycle & time course of physical & emotional symptom intensity, female 24–36 yr olds, 33639
estrus cycle & age, social behavior & relation to mother, chimpanzees in natural habitat, 10953
fluctuations in gonadal & adrenal steroid hormones across life span, mood & behavior correlates, males & females, literature review, 25103
haloperidol, prolactin response, 21–40 yr old females in follicular vs luteal phase of menstrual cycle vs males, 35770
job stress & interdependency, menstrual cycle length & regularity & synchrony, female 22–47 yr olds who were vs were not cohabitating with sexual partner, 715
medroxyprogesterone acetate, female 34 yr old with periodic menstrual psychosis, case report, 19976
menstrual & premenstrual complaints, females from different ethnic groups, Australia, 19527
menstrual attitudes & distress symptoms, adolescent female athletes vs nonathletes, Nigeria, 32540
menstrual cycle & cigarette smoking, 18–40 yr old females, 36381
menstrual cycle & day of week, psychological & physical events, 22–45 yr old couples, 28655
menstrual cycle & related body temperature change & sexual desire, 19–44 yr old females, 18200
menstrual cycle, food craving & mood & irritability & breast tenderness, adult females, 25098
menstrual cycle, growth hormone & prolactin & cortisol & noradrenaline & mood & behavioral responses to opiate receptor agonist fentanyl, female 21–36 yr olds, 18352
menstrual cycle phase & oral contraceptives, pure tone thresholds & temporary threshold shifts, female college students, 14746
menstrual cycle phase & plasma beta endorphin levels & premenstrual symptoms, 18–45 yr old females, 37044
menstrual cycle phase, perceptual asymmetry in dichotic listening task, 18–45 yr old females with vs without repressive personality style, 32076
menstrual cycle stage & migraine crisis, platelet sensitivity to prostacyclin & serotonin content & psychological correlates, 19–44 yr old females with menstrual migraines, 9158
menstrual cycle stage, personality & anxiety & mental health, female 16–19 yr olds, 25612
menstrual cycle stages, attributions for negative & positive mood states, female adults, England, 19478
menstrual cycle, urinary 6-hydroxymelatonin, healthy 21–28 yr old females with normal cycles, 21581
menstrual phase, mental stress induced changes in BP & heart rate, adult females with vs without parental history of hypertension, 2096
oral contraceptives & menstrual cycle, P300 components of EPs elicited by auditory discrimination, adult females, 4098
oral contraceptives & phase of menstrual vs lunar cycle vs days of wk, pleasantness & arousal & stability of moods, male vs female 19–26 yr olds, implications for PMS, 11075
perceived menstrual cycle phase & premenstrual & postmenstrual timing in cycle, Center for Epidemiologic Studies

Depression Scale scores, menstruating 19–51 yr olds, 37043
phase of menstrual cycle, autonomic response to experimental stress tasks, 18–34 yr old females with paramenstrual vs menstrual symptoms, 4213
phase of menstrual cycle, impulsivity as assessed by RTs & electrocortical responses during performance of signalled go/no go avoidance task, 22–31 yr old females, 18101
phase of menstrual cycle, pain threshold & tolerance & perceived intensity during cold pressor task, cycling female college students with vs without dysmenorrhea, 19526
positive changes with vs without negative changes in premenstrual period, females, 35685
positive perimenstrual changes & enhanced mood & performance, females, 11073
premenses vs postmenses perception of nonverbal facial cues, 22–31 yr old females with PMS, 29947
premenstrual phase of cycle, mood & behavior, Army wives, 28691
premenstrual relapse of puerperal psychosis, female 26–31 yr olds, 8558
symptom severity during menstrual cycle, females with panic attacks with vs without agoraphobia, 19066
symptoms of well being & menstrual distress, 20–39 yr old females using vs not using oral contraception, 23066
synchronous vs offsetting artificial menstrual cycles, copulatory behavior, rhesus monkeys, 11076
well being & sexual interest during menstrual cycle, females who were current vs previous users vs nonusers of oral contraceptives, 28699
Menstrual Disorders [See Also Amenorrhea, Dysmenorrhea]
amantadine, development of mania, female 33 yr old with galactorrhea & amenorrhea & history of bipolar disorder, case report, 37552
Eating Attitudes Test & Eating Disorders Inventory scores & exercise habits, menstrual dysfunction, adolescent & adult lean female marathon runners vs ballet dancers vs fashion models, 19605
exercise, menstrual disorders & PMS & menopausal symptoms, 30160
menstrual abnormalities, 16–31 yr old females with vs without subclinical eating pathology, 29994
perceived stress, menstruation related discomfort, female medical students, 9010
premenstrual tension, cognitive ability, female 20–30 yr olds, India, 37108
severity of perimenstrual symptoms, prevalence & absenteeism & health care seeking, 18–39 yr old nursing students, 26454
Menstruation [See Also Menarche]
age & sex & sex role orientation, attitudes toward menstruation, 18–23 vs 28–39 yr olds, 29283
attitude toward menses & knowledge of & risk factors for transmission of AIDS & contraceptive use, 12–19 yr old females, 40488
attitudes & experiences of menarche & menstruation & sexuality, female 19–50 yr old psychiatric patients in expressive group therapy vs graduate students & professionals, 12728
cerebral blood flow across menstrual cycle, female 21–45 yr olds, 28665
explicit vs implicit bloodletting simulations of menstruation, males, Oceanic vs Western societies, 8211
menstrual histories & gynecological surgeries & menopausal symptoms & sexuality, 40–66 yr old females, Sweden, 22271
postpartum amenorrhea & birth intervals & reproductive potential, captive female chimpanzees, 677
progressive & genital muscle relaxation therapy & systematic desensitization, late pubescence & aversion to sex & nudity, married 17 yr old female, India, case report, 37426
psychological defenses & defense awareness, menstrual & premenstrual distress, female college students, 19529
Mental Confusion
age disorientation & mental status & cerebral ventricular enlargement, schizophrenic 20–53 yr olds, 15687
cerebral fungal infection, confusion & mood disturbance, iv drug abusing 25 yr old male, case report, 19376
confusion interaction of family, therapy team & client families, 2386
confusion with residual amnesia & neurological deficits originally diagnosed as transient global amnesia, commentary, 26651
confusional state diagnosed as transient global amnesia, commentary reply, 26531
extrahepatic portacaval shunting, episodic confusion & tremor, 69 yr old male with cirrhosis associated with alcohol abuse, case report, 34182
group oriented game, attitude change, confused elderly, 9260
health problems & etiology of acute confusion, hospitalized 65–91 yr olds, Canada, 30069
ictal confusion induced by drug withdrawal & toxic conditions, nonepileptic 38–73 yr olds, 40057
incidence & onset of & factors associated with confusion, hospitalized 60 yr olds & older, 30728
left sided posterior cerebral artery infarctions, confusional states, adult patients, 5616
neuropsychological findings, patients with acute confusional states induced by toxic encephalopathies vs focal right hemisphere disease, 16145
normal pressure hydrocephalus after fall & 20 mo history of increasing confusion, 79 yr old female, case report, 12364
predisposing factors & consequences, incidence of acute confusional state, 65–96 yr old patients after femoral neck fracture surgery, 12969
response to stimulation directed to other patients, right handed patients with severe right hemisphere stroke, 16030
service provision & treatment outcome, interdisciplinary inpatient assessment center, 60–96 yr old clients presenting with confusion, Scotland, 20103
structural brain diseases assessed by computerized tomography, elderly patients with delirium, 1630
theoretical rationale & suggestion classification for confusion technique in clinical hypnosis, 30542
traditional vs music & dance based reality orientation therapies, geriatric patients with mild to severe confusion & disorientation & memory loss, 6386
validation therapy, 80–91 yr old disoriented institutionalized females, 23088
Mental Deficiency [See Mental Retardation]
Mental Disorders [See Also Related Terms]
A. T. Boisen's theories of mental illness & religious experience & societal role of church, implications for pastoral counseling, 8501
ability to experience solace & positive emotions & right parietal cortex dysfunction, 7–47 yr old patients with mental disorders, 19134
accidental introduction of polybrominated biphenyl into food chain, physical & psychological responses, rural Michigan residents, use of transactional model & policy & intervention implications, 29482
accuracy of film & TV portrayals of DSM-III classifications of mental disorders, 8617
administration & withdrawal of psychotropic medication, hypothalamic pituitary adrenal regulation, psychiatric patients, 9547
adoption rate in psychiatric & juvenile delinquency populations, children & adolescents, 11882
age & type of practice & setting & specialty, perceptions of psychiatric disorder frequency & problems in consultation & referral & treatment approaches, primary care physicians & geriatric patients, 26747
age, epidemiology of mental & physical disorders, under 40 through 60 yr olds & older, 19005
age of onset of psychiatric disorders, adults, Canada, 8490
age, post-DST cortisol, 18–75 yr olds with schizophrenia vs major depression vs other mental disorder, meta analysis, 12060
algebraic demonstration of potential bias based on family size, use of proband method for assessment of prevalence of psychiatric disorders, 10679

ambivalence & psychiatric symptoms, cardiac transplantation candidates, 34162
analysis of model of human occupation in psychosocial occupational therapy, adult & adolescent psychiatric patients, commentary reply, 6467
appropriateness of medications, long term psychiatric day care patients, 9524
assessment & treatment of anxiety or depression or antisocial or psychotic symptoms & dual diagnosis, alcoholic clients, 37911
assessment & treatment of comorbidity of mental retardation & psychiatric disorders, mentally retarded, 36932
assessment of mental status & daily living skills, cognitively impaired elderly patients in own homes, 5238
asymmetry of 3H-imipramine binding, prediction of psychiatric illness, postmortem brains of homicide victims with psychometric disorders, 36578
attitudes toward & ethics of preventive therapy for children at risk for mental disorders, psychiatrists in clinical practice, 13368
attitudes toward including paraphilic rapism & premenstrual dysphoric & masochistic personality disorder in DSM-III-R, social work practitioners, 37753
attitudes toward patients with combined medical & psychiatric problems & treatment recommendations, nurses, 2818
autonomy enhancing programs, mentally impaired nursing home residents, 13114
behavior modification, chronically mentally ill & mentally handicapped patients, India, 16513
behavior problems, 6.5–15 yr olds living with their mentally ill parent vs with alternative families, 22644
behavioral functional & social interaction perspective, maladaptive behavior, 1543
benefits & goals & other aspects of acute hospitalization, chronically mentally ill patients, 13122
beta adrenoceptor antagonists, anxiety disorders & schizophrenia & aggressive behavior & akathisia, literature review, 12874
binary stress index vs like event rate measures, prediction of psychiatric illness onset, females, Scotland & England, 36700
biofeedback assisted deep diaphragmatic breathing with guided imagery, 25–69 yr old patients with psychological or somatic disorders, 16486

university based psychiatry curriculum, primary care residents, 17046
use & delivery of ambulatory mental & general health services, adults with vs without phobias, 2717
use & perceived helpfulness of informal vs social support sources, adult victims of sexual assault, 30642
use of case management services, chronically mentally ill 24–86 yr olds, 16791
use of mental health services, persistence of mental problems & distress, community residents, 30640
use of traditional & modern or Western mental health practices, Yoruba, Nigeria, 13031
utilization & delivery of managed quality mental health services, 40921
utilization of college mental health services, student athletes, literature review, 31305
utilization of comprehensive mental health services, outpatients, 1980–84, Austria, conference presentation, 6335
utilization of psychiatric facilities, depressed 15 yr olds & older, West Germany, 5 yr followup, 34227
validity of self reported vs county recorded mental health service utilization, adults, 6305
volunteer program for early intervention, kindergartners with special needs, 34827
young offender & child welfare & mental health caseload overlap, juvenile delinquents, Canada, 9919

Mental Health Training (Community) [See Community Mental Health Training]

Mental Hospitals [See Psychiatric Hospitals]

Mental Illness [See Mental Disorders]

Mental Illness (Attitudes Toward)

age & level of education & occupation, perceptions of mental illness, males vs females, Mexico, 1674
age, recognition of major depression as mental disorder, 22–90 yr olds, implications for cohort effect for persons born after WWII, 19126
attitudes & behavioral intentions toward residential vs nonresidential community mental health facility for chronically

vs moderately mentally ill clients, city residents, Canada, 6347
attitudes toward & awareness of mental illness, communities, Nicaragua, 15592
attitudes toward & beliefs about possible cause of schizophrenia, 19–60 yr olds, 19102
attitudes toward acutely or chronically mentally or physically ill persons, college students, 8524
attitudes toward handicapped or physically or mentally ill, 3rd–6th graders vs adults, 1974–75 vs 1987, 5106
attitudes toward mental illness & preferences for mental health services, Soviet Jewish immigrants, Israel, 9252
attitudes toward mental patients, college students in psychology vs science vs medical curriculum, Turkey, 22530
attitudes toward patients & etiology & treatment, psychiatrists & psychologists & psychiatric social workers & psychiatric nurses, 9997
attitudes toward persons with physical disabilities vs emotional disorders vs mental retardation, 11th & 12th graders, Hong Kong, implications for community rehabilitation, 25978
attitudes toward their disorders, 20–69 yr old inpatients with schizophrenia in relative remission, 33219
beliefs about importance of 24 contributors to overcoming agoraphobia & anorexia nervosa & compulsive gambling & schizophrenia, adolescents & adults, 15573
contact experience, attitude change toward parents of chronically mentally ill patients, social work graduate students, 9973
cultural beliefs concerning psychiatric illness & interventions, neurotic & psychotic patients & their families, India, 37247
deinstitutionalization & community attitudes, state hospital superintendent, 19th vs 20th century, 27115
development & evaluation of video based mental illness educational program, high school students, 20479
discrimination & psychosocial rehabilitation in public health centers, mentally ill, Japan, conference presentation, 20254
emotional attitudes toward depressive neurosis patients, family members, implications for treatment of depression, 5262
evaluation of ingroups vs outgroups during vs after rehabilitation, physically vs emotionally disabled rehabilitation patients, 20271
experiences & effects of stigmatization, families with mentally ill member, 33214
imagining being mentally ill, unrealistic optimism & perceived vulnerability to & attitudes toward mental illness, medical students, 33119
influence of Western ideas on mental health practices & attitudes since end of cultural revolution, China, 2617
negative outcomes of labeling, psychiatric patients & 19–59 yr olds, 40133
objectives & context & sample & timing & content of surveys, assessment of attitudes toward community psychiatric halfway houses, residents, 27104
patient contact, attitudes toward psychiatric patients, nurses, Israel, 20416
perception of mental illness vs retardation, reactions to normalized placements, college students & laypeople, 25977
perceptions of mental illness in arrested offenders, police, 1984, Canada, 5412
phenomenology of & family therapy for medical myths, families, 26852
psychological status of child, judgments of causation & blame & punishment, college students, 19096
public attitudes toward mental illness, replication, 33200
public opinion & treatment of mentally ill in postwar period, implications for community psychiatry, 9800
schizophrenia label & type of behavior & recipient interactions, tolerance of deviance, college students & male members of service organization, 8727
sex, attitudes toward various physical & mental disorders, college students vs physicians vs rehabilitation specialists, US vs Portugal, 11876
skepticism about multiple personality disorder & transference effects, psychiatrists & psychologists & therapists, commentary, 10006
skepticism about multiple personality disorder, psychiatrists & psychologists & therapists, commentary, 9928
skepticism about multiple personality disorder, psychiatrists & psychologists & therapists, commentary reply, 9939
skepticism about multiple personality disorder, psychiatrists & psychologists & therapists, 9940
skepticism about multiple personality disorder, psychiatrists & psychologists & therapists, commentary, 9960
stigma & reactions to symptoms during 1st year after diagnosis, adult primary caregivers of Alzheimer's disease patients, 12498
validity & reliability & factor analysis of Behavioral Index of Troubled Employees, assessment of attitudes toward impaired workers, 20–61 yr old automotive industry supervisors, 35093

Mental Load [See Human Channel Capacity]

Mental Retardation [See Also Borderline Mental Retardation, Downs Syndrome, Microcephaly]
assessment of adaptive behavior & malingering, competence to waive rights & possible mental retardation, Native American murder & child abuse defendant, case report, conference presentation, 15330
audio-psycho-phonology therapeutic approach, patients with anxiety or depression or mental retardation or stuttering, South Africa, 26748
behavioral & medical & psychiatric treatment approaches to vomiting & rumination, developmentally disabled, literature review, 26743
characteristics of prominent & frequently cited journal articles, mental retardation field, 1976–85, 20407
claim rights vs moral rights & policies structured on normalization principles, mentally retarded & disabled, Great Britain, 26385
classification based on organic etiologies, persons with mental retardation due to Down's syndrome or cerebral palsy or other organic disorders, 15980
community based 5 mo vocational training program, work task performance & break time skills, learning disabled & mentally retarded & communicatively disabled 16 & 17 yr olds, 37846
critical factors in organization & delivery of services & programs, students-in-transition with severe to profound mental retardation, 23597
cross cultural analysis of mental retardation as sociological construct, Western vs non-Western cultures, 1937
cues & misdiagnosis, preschool age children with infantile autism or mental retardation, 32967
descriptive epidemiology, registered mentally retarded, Spain, 1928
development of evaluative methods, mental handicap services, Great Britain, 27114
development of IQ & mental retardation, male 5–19.2 yr olds with fragile X syndrome, 5700
developmental perspective & diagnostic & treatment issues, mental retardation, children, 26393
diagnosis & treatment of genetic abnormalities in mental retardation, 36913
dimensionality of adaptive behavior concept in mental retardation, literature review, 26395
dysfunctional interactions in macrosystem, mentally handicapped persons & their families & service providers, 6312
ear advantages under free & cued recall conditions, dichotic listening performance, adolescents & young adults with Down's syndrome vs mental retardation, 36920
educational benefits of mainstreaming, mentally handicapped students, Great Britain vs US, literature review, 20583
epidemiology of & developmental disabilities programs & role of educational system in diagnosis & institutional & community care, mental retardation, 36944
etiologic factors, mental retardation, 36946
etiological variables, 1 day to 16 yr olds & older with Down's syndrome vs mental retardation, India, 12279

etiology & classification & treatment & education, mentally retarded, USSR, 19417
euthanasia & policy making, mentally retarded, commentary reply, 33409
euthanasia & social policy, mentally retarded, 33410
euthanasia & social policy, mentally retarded, commentary, 33407
euthanasia & social policy, mentally retarded, commentary, 33431
factors & conditions for acceptability of response contingent electric shock, mental retardation professionals, 37461
fragile X syndrome & chromosome & genetic transmission of autism, 8939
fragile X syndrome frequency, male autistic 3–15 yr olds with vs without mental retardation, 40112
frequency of echolalia, receptive language ability, autistic 4.8–17.4 yr olds with mild to severe mental retardation, 40167
genetic predisposition to psychopathology, 3–27 yr old males with fragile X syndrome, 8931
historical context & normalization interpretation in professional/client relations, mentally handicapped, 27256
history of & factors involved in success of training school & contributions to mental retardation field, school teachers, 1888–1949, 10185
incidence of mental retardation & impaired behavioral development, newborn infants with perinatal risk, conference presentation, 5128
intellectual & social development, 14 yr old male with Klinefelter's syndrome, case report, 8951
involuntary movements associated with mianserin therapy, depressed mentally retarded 30 yr old female, Japan, case report, 26995
involvement in mental retardation services & issues, psychologists, 26387
learning & retention & generalization & language ability & computer assisted instruction, mentally retarded, implications for teaching & computer software, 10178
location of brain lesion, appetitively & aversively motivated learning, male rats, implications for C. Spearman's 2 factor intelligence theory & animal model of mental retardation, 813
maternal communication style, child vocal & communicative behavior, mentally retarded 1–3 yr olds & their mothers, 1936
methods of evaluation of parent training programs, parents & developmentally disabled children, 16277
multidimensional model of mental retardation, 36939
neuroleptic malignant syndrome, mentally retarded 23 yr old male, case report, 19985
nonvocal system for teaching reading, mentally handicapped adults in training centers, England, replication, 6778
physical & behavioral characteristics of & cognitive & language deficits associated with fragile X syndrome, males vs females, 19524
prevalence & treatment of mental retardation, China, 26392
prevalence of fragile X syndrome & other chromosomal abnormalities, mentally retarded 5–20 yr old males, San Marino, 22837
prevalence of retardation or attention deficit disorder with vs without hyperactivity, adjudicated delinquent 6–17 yr olds, 36812
rationale for position on identification & assessment of mental retardation, Council for Exceptional Children's Division on Mental Retardation Board of Directors, 8959
revision of Mental Deficiencies Misconception Scale, lay persons & mental retardation professionals & parents of mentally retarded children, 33397
role in guidance of parents of children with congenital retardation toward current resource materials, psychologists, 20047
social support dimensions, interactive styles, mothers of mentally retarded or handicapped or developmentally at risk populations, 5097
symbolic enactment & symbolization in art & movement psychotherapy, 20 yr old Hispanic male with dual diagnosis of mental retardation & psychosis, case report, 5894
systemic perspective on adaptive family functioning, families with retarded children, commentary, 19415
urinary & whole blood 5-HT, mentally retarded autistic vs normal adolescents & adults, 40065
visual & tactual perception, 6.4–15 yr olds with Down's syndrome vs other mental retardation, 12280

Mental Retardation (Attit Toward)
abnormal voice quality, adult's perceptions, 3–13 yr olds with Down's syndrome, 29814
advantages & legal issues of & community resistance to group homes, mentally retarded, 40920
attitude toward unknown mentally retarded student, social acceptance or rejection or neglect of mentally retarded peer in classroom, 4th–6th graders, 10232
attitudes about sexuality of students, teachers of mildly mentally retarded secondary students, 13446
attitudes toward & knowledge of mental retardation, specialists vs general pubic vs parents of mentally retarded, Bangladesh, 12317
attitudes toward education of students classified as severely & profoundly handicapped in regular schools, school superintendents, 13673
attitudes toward mildly mentally retarded, nonretarded 4th graders, implications for mainstreaming, 13659
attitudes toward persons with physical disabilities vs emotional disorders vs mental retardation, 11th & 12th graders, Hong Kong, implications for community rehabilitation, 25978
attitudes toward physically or mentally handicapped children, 5th–8th graders, Canada, 40029
coping skills & support systems & service delivery systems, community adaptation & dependency vs independence, mentally retarded in residential care, 36916
integration into museum art education program, social interaction & behaviors of handicapped & attitudes of nonhandicapped toward handicapped peers, moderate & severely retarded 7–10 yr olds, 10227
interaction opportunities in cooperative games with good vs poor performing retarded children, attitudes toward mildly mentally retarded peers, 7–12 yr olds, 8928
mental retardation label & observation, expectations for & impressions of & willingness to interact with & attributions about fictitious 10 yr old male, female college students, 16002
misconceptions of cause & nature & "cure" of mental retardation, parents with vs without mentally retarded children, India, conference presentation, 36928
nature of accepting relationships, mentally retarded & nonretarded people, 36945
organic vs mechanical vs personal metaphor, attitudes toward & relations with mentally retarded residents, mental health staff, 23903
perception of mental illness vs retardation, reactions to normalized placements, college students & laypeople, 25977
personal values, attitudes toward & interest in volunteer work with mentally retarded, college students, 5559
retrospective pretest-posttest comparison vs traditional pretest-posttest approach to measuring change in attitudes toward mental retardation, 19–41 yr old educational counselor trainees, Israel, 27527
revision of Mental Deficiencies Misconception Scale, lay persons & mental retardation professionals & parents of mentally retarded children, 33397
sexuality education training, attitudes & knowledge toward intellectually handicapped adults, 21–60 yr old staff in institutional & community residences, Canada, 1 yr follow-up, 34532
social construction of mental retardation & labeling, moderately mentally retarded adults, 8941
social interaction & attitudes toward handicapped persons, high school student tutors & special friends of autistic or mentally retarded or deaf & blind 17–21 yr olds, 3273

stereotyped expectations of children with vs without learning problems, educable mentally retarded 9–14 yr olds vs nonretarded 6–13 yr olds, 22858
target children with vs without Down's syndrome labeled &/vs described as mentally retarded, affective responses & belief endorsements & behavioral intentions, kindergartners & 3rd graders, 8936
yrs mainstreamed, social status & acceptance by peers, mentally retarded 6–13 yr olds, 34710
Mentally Ill Offenders
age & borderline vs other diagnosis & type & past history of & motivations for & length of hospitalization after deliberate self harm, incarcerated adult male offenders, 17001
age, physical & psychiatric disorder symptoms, 16–80 yr old male custodially remanded prisoners, 5464
analysis of causes of criminal offenses & definitions of mental illness in bicultural setting, Maori offenders, New Zealand, 12138
application of psychoanalytic theory to police crisis intervention, emotionally disturbed adults, 36302
arrest patterns, mentally ill vs normal male criminal offenders, 19319
assessment & treatment, prisoners with brain dysfunction, 23796
assessment of patient problems, treatment, maximum security psychiatric hospital nurses & psychiatrists & psychologists & patients, Canada, 13140
assessment of treatability, mentally ill offenders, 27373
assessments of treatability vs dangerousness, mentally ill offenders, 22743
characteristics & mental health needs, 50 yr old or older male mentally ill county jail prisoners, 37956
classification & treatment, maximum security psychiatric patients, 23805
clinical & legal outcome, schizophrenic patients remanded for assessment of competency to stand trial, 1541
clinical philosophy & implementation of court mandated outpatient treatment, offenders found not guilty by reason of insanity, 20328
commitment rationale & medication refusal & admission to forensic hospital, mentally ill inmates, 1977–84, 30860
community based forensic evaluation services, outpatients, 6 yr study, 37944
concepts of psychopathy & psychometrics, Europe vs North America, commentary, 11895
concepts of psychopathy, Europe vs North America, commentary, 11880
criminal & clinical & sociodemographic characteristics, fitness to stand trial evaluations, mentally ill offenders, 8840
deinstitutionalization & community based mental health services, psychiatrically ill mentally handicapped offenders & nonoffenders, UK, 16788
demographic & psychiatric characteristics, violent behavior, 15–58 yr old female offenders, 1981–85, Canada, 36738
detection of faking on MMPI & 16PF during pretrial mental health exam, schizophrenic vs alcoholic vs antisocial personality disordered vs normal adult males, legal implications, 11641
development & validation & potential of Referral Decision Scale, screening for severe mental disorders in jails, 16–68 yr old jail detainees & prison inmates, 24656
diagnosis & patient history & hospital course, length of hospitalization & restoration of competency to stand trial, maximum security forensic hospital patients, 23806
difficulties in evaluating competency to stand trial, 33 & 39 & 61 yr old male defendants not seeking defense against charges, 1280
dismissal based on incompetence to stand trial & "abolition" of insanity defense, 25796
distribution of MMPI Pd & non-Pd 2 point codes & diagnoses, defendants referred to court clinic, 36798
ethnicity, MMPI scores, native vs non-native male psychiatric offenders, Canada, 12098
evaluation of Competency Screening Test vs interdisciplinary fitness interview, assessment of defendants in state hospital, competency to stand trial, mental health professionals & lawyers, 1292
forensic assessment of treatability, mentally ill offenders, 22710
forensic mental health care system, prison inmates, 37946
frontal lobe deficits, primary vs secondary psychopathy, psychiatric inpatients with psychopathic disorder vs mental illness, 8495
frontal lobe impairment, criminal behavior, implications for forensic neuropsychological testimony, 1265
group music therapy technique, severely mentally ill prisoners, 13279
historical perspective of competency to stand trial & psychiatric hospitalization as social control, mentally ill offenders, 39847
historical perspective on competency to stand trial & psychiatric hospitalization as social control, mentally ill offenders, commentary, 39854
history & present status of taxonomies of moral insanity, 22452
hospital based token economy socialization program, residential & occupational adjustment, educable mentally retarded 16–36 yr old male offenders, England, 27191
implementation of Attorney Performance Standards, advocacy behavior in criminal vs civil commitments, attorneys representing clients at maximum security hospital, 39828
incarceration, criminals in need of psychiatric treatment, England, 6576
insanity defense, schizophrenic patients, Canada, 4869
issue of imprisonment, disturbed offenders, 23807
issues & goals in community treatment due to patient's status, mentally disordered offenders, 37957
learning history & environmental & situational & demographic variables, prediction of violent behavior, violent vs nonviolent male prisoners committed to psychiatric hospital, 15873
malingering & MMPI profiles, preacquittal vs postacquittal insanity defendants, 1600
mental health services & federal prison environment, prisoners with schizophrenia or borderline disorders or antisocial personalities, 23802
mental illness & violence, criminals referred for forensic evaluation, 2 yr followup, conference presentation, 22470
mentally ill in prisons, literature review, implications & suggestions for care during incarceration & after release, 30857
MMPI based classification system, 19–66 yr old inmates of maximum security forensic psychiatric unit, 16902
model for crisis intervention services, suicidal & seriously mentally ill prisoners, 37943
movement through criminal justice system, police identified mentally ill offenders, longitudinal study, Canada, 4866
offense & history of violence & crime, mentally disordered vs non-mentally disordered prisoners, 29684
offense characteristics, mentally disordered vs non-mentally-disordered repeat & recidivist offenders, 20324
organization & funding of forensic mental health services, persons accused or convicted of criminal offenses, Canada, 37949
organizational characteristics of forensic psychiatric hospitals & predictions of dangerous behavior, male mentally disturbed offenders, Netherlands, 37940
patient characteristics & forensic assessment & treatment & release process, male mentally ill offenders, Canada, 6570
perceptions of mental illness in arrested offenders, police, 1984, Canada, 5412
personal characteristics & mental impairments, filicidal males, 5380
policy making & mental health resources & deinstitutionalization & community care, mentally ill difficult & offender patients, 40925
pretrial psychiatric recommendations for treatment, criminal defendants, 22733
problems with organization & function of forensic psychiatry, mentally disturbed offenders, Scandinavia, 37950

psychiatric crises & contacts with criminal justice system, family members of chronically mentally ill, 36778
psychiatric treatment approaches, insanity acquittees vs sexual vs alcohol abusing offenders, 2962
psychometric identification of psychopathy, detained & hospitalized adults with antisocial personality disorder &/or schizophrenia, Europe vs North America, 11864
reactions to & punishment of & treatment recommendations for emotionally disturbed inmate's infractions, experienced corrections officers & forensic mental health personnel, 27378
rearrest & community functioning, insanity acquittees vs convicted felons vs mentally ill prison transfers after release from hospital or prison, 10 yr followup, 23793
repeal of state law permitting hospitalization after conviction, rate of acquittal under insanity defense, sex offenders, 1281
right to mental health treatment, clients in mental & correctional institutions, implications for social workers, 34277
Rochester Regional Forensic Unit, management approach to continuum of mental health care, forensic patients, conference presentation, 9920
security safeguards & rehabilitative program for forensic unit of state psychiatric institute, mentally ill inmates for violent crimes, 30858
sex & ethnicity & education & marital status & age & offense severity & psychotic diagnosis & prior arrest, predicting criminal recidivism, insanity acquittees, 9907
Supreme Court decisions regarding role of expert testimony & privilege against self incrimination & competence for execution, mentally ill criminal defendants, conference presentation, 1285
thought & affective disturbances of "How" & "Charlie" MMPI subtypes, male forensic inpatients vs outpatients, 33260
treatment recommendations for mentally ill offenders, psychiatrists, 22751
treatment refusal, hospitalized forensic psychiatric patients, 2862
use of "guilty but mentally ill" verdict in Pennsylvania, 32716
violent crime arrests, paranoid schizophrenic patients who attempted to see US President or other political figures, 9–12 yr study, 15783
Mentally Retarded [See Also Educable Mentally Retarded, Idiot Savants, Institutionalized Mentally Retarded, Profoundly Mentally Retarded, Severely Mentally Retarded, Trainable Mentally Retarded]
ability to recognize & perform affect, mentally retarded vs autistic adults vs nursery school children, 33071
acceptability of DRO vs time out vs overcorrection vs contingent shock for mild & severe behavior problems of mentally retarded clients, institutional & community based staff members, 23336
adaptive behavior, mentally retarded adults living in community residences vs with parents or in foster care, 16805
advantages & legal issues of & community resistance to group homes, mentally retarded, 40920
age & pattern of intellectual decline, adults with Down's syndrome vs mental retardation, 29804
age & residential restrictiveness & disorder severity & problem behaviors & psychiatric impairment, rate of psychotropic medication, mentally retarded under 4 to over 65 yrs old, 19959
age, adaptive behavior, preschoolers through adults with vs without mild to severe mental retardation, 12278
age distribution, mentally retarded, 1973 vs 1982, Sweden, 19466
age of retarded child & systemic influences, adaptive family functioning, families with retarded 6–21 yr old children, 19420
aging network services utilization, mentally retarded elderly, 37732
Alzheimer type neuropathology & age associated dementia including motor skill & IQ deficits & problem behaviors, postmortem brains of aged mentally retarded patients, 26368
assessment & instrumental procedures during implementation of augmentative & alternative communication device, 11 yr old male with severe communication & visual & cognitive impairments, 6487
assessment & treatment of comorbidity of mental retardation & psychiatric disorders, mentally retarded, 36932
attitudes toward integration into regular public school program, parents of severely intellectually or multiply handicapped 5–21 yr olds in special school, 10213
atypical cerebral lateralization, generalized cognitive deficits, children with mental retardation or Down's syndrome, 12305
auditory visual equivalence performance, mentally retarded vs intellectually average 12–13 yr olds, 5534
behavior modification, chronic life threatening vomiting, mentally retarded 24 yr old male, case report, 12794
behavior modification, chronically mentally ill & mentally handicapped patients, India, 16513
behavior modification, lip closure & drooling, 14 & 21 yr old females with mental retardation & cerebral palsy, 12811
behavior modification using social reinforcement & other techniques, schizophrenic & mentally retarded adults attending vocational rehabilitation center, India, 37864
behavioral approach for teaching hand laundering skills, moderately mentally handicapped 45 yr old female, 9475
behavioral approach, nocturnal enuresis, mentally handicapped & epileptic & hyperactive 16 yr old male, 9466
benefit-cost analysis of government supported competitive employment program, mentally retarded, commentary, 34351
bias expectancies of teachers working with children mislabeled mentally retarded, vocational evaluation students as judges, human relations implications in rehabilitation, 13620
binary communication, validity of information, nonvocal mentally retarded severely palsied quadriplegic 32–47 yr olds, 36546
biosocial correlates, mentally retarded vs handicapped 3–21 yr olds, India, 8944
bipolar disorder, mentally retarded 15–21 yr olds, case report, 1938
canonical babbling, speech development, mentally retarded 17–62 mo olds in cognitive & linguistic intervention program, 1939
cardiovascular fitness & aerobic capacity, mentally retarded persons, literature review, 1931
caregiver & dependent characteristics & service utilization, 40–87 yr old caregivers & their mentally retarded dependents, 27113
characteristics & social support & other factors, stress & perception of competence & depression, home care providers for mentally retarded clients, 27144
choice making, self care activity, 15–26 yr old trainable mentally retarded males, 13218
classroom crowding & aggressive behavior, 7–16 yr old handicapped students & moderately retarded 12–15 yr olds, 24166
classroom social skills training, maintenance & generalization of social skills, blind 9.1–12.5 yr olds with mental retardation &/or other handicaps, 6 mo followup, 27731
client & setting characteristics, person environment fit, elderly mentally retarded in community based settings vs nursing homes, 27080
client characteristics & design of behavior modification vs normalization interventions, self injurious behavior, mentally retarded clients, commentary, 33963
clinical characteristics of tuberous sclerosis, 8 mo to 24 yr olds with mental retardation &/or epilepsy, 29459
clinical features & mental disorder & abnormal dermatoglyphs, mentally handicapped 57 yr old female with unbalanced form of translocation deletion between chromosomes 6 & 22, case report, 36924
closure & movement of foster homes & smaller group homes, mentally retarded residents, 27125

cognitive functioning, haptic visual discrimination, 22–78 yr old emotionally disturbed or mentally retarded Goodwill work activity program clients, 11867
collaborative skill instruction, social interaction behaviors, mentally retarded vs nonhandicapped 9–14 yr olds, 27720
combined continuous & partial reinforcement schedules, response persistence during extinction, mentally retarded 5 & 6 yr old males, 6107
communication patterns, mothers & their 1–3 yr olds with mental retardation &/or Down's syndrome, 29810
communication skills, parents of schizophrenic vs mentally retarded patients, Spain, 8518
communication skills training, reliable measurement instrument for attentional & communicative behaviors, mentally retarded patients, commentary, 27289
competitive vs sheltered workshop employment, changes in quality of life, mentally retarded 19–32 yr olds, 13202
computer assisted instruction, communication skills, mentally retarded students, literature review, 27699
computerized symbol processor system, receptive & expressive language skills, nonspeaking 5–23 yr olds with mental retardation or multiple disabilities, 6786
concomitants of lexigram acquisition & measurement & prediction of acquisition success, mentally retarded patients, commentary reply, 27250
conditioned discrimination task, equivalence class formation in language development, normal preschoolers vs mentally retarded children with vs without speech, 40323
Connecticut law & Abuse Investigation Division of Office of Protection & Advocacy, protection from abuse & neglect, mentally retarded adults, 1985–87, 32702
consciousness raising, self acceptance & esteem & cognitive dissonance & attributions & goal setting & social identity & comparison, mentally handicapped clients, 12771
construction & reliability of questionnaire, attitudes toward data collection in behavioral treatment programs, staff of schools & institutions for mentally retarded, Australia, 6583
contingent reinforcement of socially significant behavior, 18 yr old retarded female with autistic like & aggressive behavior, application of R. J. Herrnstein's law of effect, 27711
contribution of psychologists & other factors, development of services & educational programs, mentally handicapped, 1920s to 1980s, Ireland, 16927
contributions of L. Witmer to research & treatment, mentally or morally retarded children, 9245
controversy over use of aversive treatment & Psychotherapist Judgment Rule, mentally retarded, 37260
conversation skills training, inappropriate social interaction, mentally retarded 14–16 yr olds, 9844
coordinating faces & voices in emotional recognition task, autistic vs nonautistic mentally retarded 12.4–25.8 yr olds, 26384
course & symptoms & outcome, children under age 3 with attachment or eating or sleep or developmental disorders or pica or mental retardation, 19012
court brief requesting execution be waived, mentally retarded male convicted of 1st degree murder, 22222
daily living vs social & community skills, institutionalized vs community based mentally retarded adults, 2–4 yr follow-up, 9683
deinstitutionalization & community based mental health services, psychiatrically ill mentally handicapped offenders & nonoffenders, UK, 16788
deinstitutionalization & self injurious behavior, mentally retarded, 27132
deinstitutionalization process & integration into community settings, adults with mental retardation & developmental disabilities, nursing implications, 2712
deinstitutionalization, skills & behavior, developmentally disabled &/or mentally retarded adults, Australia, literature review, 34228
deinstitutionalization, speech-language pathology & audiology service delivery, mentally retarded or developmentally disabled clients, 34343
delayed identity matching to sample, generalization to novel stimuli, mentally retarded adolescents with IQ less than 40, 22855
delayed prompt teaching procedure in laboratory & applied settings, learning, developmentally disabled & normal 3–60 yr olds, literature review, 27693
demographic & family characteristics, drug usage & abuse patterns, mentally retarded adults, 1947
demographic & life history risk factors, mentally retarded 18–41 yr olds with suicidal ideation or suicide attempts, 15978
demographic characteristics & maladaptive behavior & community participation & family & social relations & stress, home care providers & their mentally retarded clients, 34210
demographic data & factors related to terminal illness & cause of & age at death, mildly vs moderately vs severely mentally retarded patients, 1983–87, England, 26396
depression & role of other forms of psychopathology, mentally retarded 3–16 yr olds, 19435
design & implementation of vocational preparation programs, employment following graduation, mentally retarded high school students, 20607
development & application of scale for evaluation of early intervention programs, mentally handicapped & at risk 0–3 yr olds, Canada, 14141
development & factor structure of psychosocial behavior scale, assessment of disturbed & hysterical behaviors, mentally handicapped adults, 10581
development & standardization of test, assessment of citizenship rights & responsibilities knowledge, mentally retarded 12–73 yr olds, 17647
development approach to encouragement of potentiality, mentally retarded, 36940
development of Mental Retardation Practice Inventory, assessment of skills for social work practice with mentally retarded, social workers, 31593
development of taxonomy of community living skills, curriculum design, mentally retarded persons, 20586
developmental model, diagnosis & treatment of mental illness, mentally retarded 3–16 yr olds, 40324
diagnostic & counseling & treatment practices, psychologists treating mentally retarded clients with psychiatric impairments, implications for dual diagnosis, 23120
diagnostic & treatment issues in provision of community mental health services, mentally retarded, Netherlands, 16789
differential diagnosis & effectiveness of ECT, 68 yr old depressed mentally retarded male, case report, 26753
differential diagnostic utility of Personality Inventory for Children, learning disabled or emotionally disturbed or intellectually handicapped 6–16 yr olds, 21036
differential reinforcement, simple vs conditional discrimination learning, normal vs mentally retarded adults vs normal 4–6 yr olds, 15985
discrimination & generalization ability & difference limen & SES, borderline mentally retarded 13–15 yr olds, 8947
discriminative validity of Personality Inventory for Children, children with infantile autism vs child onset pervasive developmental disorder vs mental retardation, 105
disturbed behavior, 36 yr old female with Prader Willi syndrome & hypothyroidism, case report, 36909
diurnal weight gain & water balance, hospitalized patients with mental retardation vs organic mental syndromes, implications for differential diagnosis of psychosis, 26411
dose of haloperidol, stereotypic behavior & gross motor activity & reinforcement contingencies, moderately to profoundly mentally retarded 12.8–35 yr olds, 23352
DRO, positive social behavior & aggressive/disruptive behavior, mentally handicapped 22 yr old female, 9437
dual diagnosis movement, treatment of behavior & mental disorders, mentally retarded, 16810
eclectic treatment approach, 22 yr old male with Prader-Willi Syndrome & secondary functional encopresis & mental retardation & aggressive behavior, case report, 33686

ecological approach to training, staff serving mentally handicapped clients in residential care, 17029
educational experiences & needs & interests, mentally retarded 35 yr olds & older, 27669
encouragement vs praise, motivation & productivity, mentally retarded, 22859
ethical dilemmas in treatment, retarded elderly, 23506
extent of community integration, adults with severe mental handicap living in staffed residential setting, 16915
factor structure & reliability of self report depression questionnaire, assessment of depressive symptoms, mentally retarded adults, 7171
factorial validity of McCarron Dial Work Evaluation System, neuropsychologically disabled 16–54 yr olds, 10570
factors in staff–client interactions, staff working with mentally retarded clients, literature review, implications for training & administration, 27447
family & child characteristics, adjustment to stress of mentally retarded 0–17 yr old offspring living at home, parents, 26397
family relations & marital satisfaction, mothers in 2 parent families with mentally handicapped child, 1932
folic acid, negative & psychotic behavior, mentally retarded 6.6 yr old female & 3 yr old male, case reports, 9541
frontal lobe seizures, self injury, mentally retarded 16–50 yr olds, 36919
fundamental social skills training in community based group home, developmentally disabled 13–16 yr olds with severe behavior problems, 27123
gastrostomy with vs without fundoplication, prevention of aspiration pneumonia, mentally retarded 1.5 mo to 58 yr olds, 37602
gaze avoidance in social greeting behavior, mildly to severely mentally retarded male 12 yr olds & older with fragile X vs Down's syndrome vs nonspecific mental retardation, 22869
generalization of problem solving strategies, mentally retarded, literature review, 22841
goal setting & feedback, discrimination learning, mentally retarded vs nonretarded 3–5.5 yr olds, 5537
grief & coping with death of family member, mentally retarded 13 & 32 & 35 yr olds, case reports, educational & treatment implications, 26390
grief work in group therapy, mothers of 6 mo to 3.5 yr old retarded children, 6014
group incidental training in work setting, use of social amenities, mentally retarded 22–66 yr olds, 6498
group instructional arrangements in mainstream vs special education classrooms, mentally retarded vs learning disabled vs emotionally disturbed vs nonhandicapped elementary school students, 17296
group music activities, increased expressive language skills, developmentally delayed & mentally retarded 2–5 yr olds, 12587
group training in decision making & problem solving, mentally retarded mothers, 2384
hallucinatory perception of own body image, 43 yr old female with epilepsy & mental handicaps, case report, 26373
historical development & current status of self advocacy programs, intellectually disabled adults, Australia & US, 34207
hospital ward vs hostel vs group vs parental home residence, quality of care & functioning & daily routines, mentally retarded adults, UK, 6442
household & childcare responsibilities & peer relations & out of home activities, 4–12 yr old siblings of mentally retarded children, 26408
housing facility type, activities, developmentally disabled mentally retarded 50 yr olds & older, Canada, 13017
immediate vs delayed vs random alarm awakening & linen changing & practice walks to bathroom enuresis, mentally retarded 13–29 yr olds, methodological considerations, 19890
implementation & impact of supported employment, mentally retarded & their families & business community & society, 20267
importance of & methods for teaching food preparation, mentally retarded, literature review, 13224
in home interactions, mentally retarded 4–8 yr olds & their 6–12 yr old same sex handicapped or nonhandicapped siblings & parents, 5554
increasing assistance vs graduated guidance instructional prompt fading procedures, teaching leisure skills, 40–58 yr olds with severe handicaps, 27264
individual vs group intelligence tests, measurement of mental retardation, prisoners, 26306
informal support networks, mentally retarded 40 yr olds & older living with family vs in community residence or institution, 26391
inpatient treatment program, mentally retarded 5–16 yr olds with atypical developmental disorders or psychoses & their families, 13127
integration into society & contract unconscionability, mentally retarded, 40331
intelligence & music aptitude, mentally retarded adults vs advantaged vs disadvantaged 1st–3rd graders, 26370
intelligence, special abilities, mentally handicapped & autistic idiot savants, 15996
interaction with male confederate described as normal vs mentally retarded vs emotionally disturbed, male 5th & 8th graders, mainstreaming implications, 41318
intermediate care general facility service delivery, mentally retarded geriatric patients, 27234
internal consistency & test retest reliability & factor structure of psychopathology measure, influence of demographic characteristics on test scores, mentally retarded 18–67 yr olds, 17654
issues in parenting & sex & marriage, mentally handicapped, implications for sex education, 15991
issues in provision of mental health services, mentally retarded, Australia, 16807
labor & economic issues, employment in future, mentally retarded, 20263
language directed toward mentally retarded vs nonretarded 19.3–65.5 mo olds in free play vs instructional situations, mothers, 26374
language intervention in natural environment, students with moderate & severe handicaps, 27674
legal & educational issues & residential treatment & quality of life, mentally retarded, 12313
life events, behavior disorders, mentally retarded 16–64 yr olds, 8935
line drawings of nonsense forms & common objects, physical & name identity encoding speed, college students vs mentally retarded adults, 12298
linguistic capacities, mentally retarded 14–20 yr olds, 26382
maintenance of humane perspective, nondisabled persons in caring & accepting relationships with mentally retarded or disabled persons, 36513
maximal graded cardiovascular fitness testing, 14–41 yr olds with mental retardation & Down's syndrome, 36918
measurement of community attitudes toward people with disabilities, implications for community service delivery, 14080
media based vs professionally led informational program, training in behavioral principles, parents of mentally retarded 2–11 yr olds, 27126
method of displaying information about disabilities using mental handicap register, mentally handicapped, 22861
methodology for increasing test & interrater reliability of Adaptive Behavior Scale, staff member of rehabilitation services for mentally retarded, 115
methods of evaluation of rehabilitation programs, mentally retarded adults, 16921
midazolam, aggressivity & violence, mentally retarded 14–26 yr olds, 37481
misconceptions of cause & nature & "cure" of mental retardation, parents with vs without mentally retarded children, India, conference presentation, 36928
models for rural service delivery, mentally retarded & mentally ill elderly, 40908

mother's attributions of communication cues to prelinguistic behavior, mothers & their developmentally delayed vs mentally retarded infants, 8957
multilevel perspective on community employment problems & interventions, mentally retarded adults, 30644
music therapy goals & techniques, female 6.2 & 15.3 yr olds with Rett syndrome, 9266
naloxone vs naltrexone, self injury, autistic & mentally retarded 12 yr old female, 22 mo followup, 33993
nature of accepting relationships, mentally retarded & nonretarded people, 36945
needs assessment, mothers of mentally retarded 6–26 yr olds, 5550
new techniques & skills in occupational therapy, ability to master skills & adjust to community living, mentally handicapped persons, 2865
normalization as empirically grounded theoretical system & behavior modification, self injurious behavior, mentally retarded clients, commentary, 33988
normalization vs deinstitutionalization, mentally retarded, commentary, 27119
normalization vs deinstitutionalization, mentally retarded, commentary, 27138
normalization vs deinstitutionalization, mentally retarded, commentary reply, 27129
occupational therapist's role in independent living skills training, community based mentally retarded 16 yr olds & older, 20235
operant conditioning behavior therapy, 14.5 yr old mentally retarded female with conduct disorder, case report, 37452
parental & professional attitudes toward & expectations for supported employment, mentally retarded adults, 20265
parental consanguinity & mental retardation, 0–15 yr olds, India, implications for survey planning & genetic counseling, 29815
pattern of psychiatric referrals, mentally handicapped 11–66 yr olds living in community, 20118
patterns in child care & teaching interactions & time spent, mothers vs fathers & their mentally handicapped 1.7–3.8 yr olds, 36929
perceived speech characteristics, judgment of speaker as retarded vs normal, normal 20–69 yr olds, 29806
perception & ratings of employees' job performance, supervisors of mentally retarded workers receiving supported competitive employment vs job placement services, 6497
perception of classification & certification requirements for teachers of mentally retarded, special education directors vs state directors of teacher certification, 38049
perceptions of family stress & coping methods & marital adjustment, mothers of autistic vs mentally retarded adolescents, 1497
perceptions of social support functions of professional services, parents of intellectually disabled 3–5 or 10–12 or 17–19 yr olds, 9671
permanency planning for care of aging family member with mental retardation, Black vs White family caregivers, 27061
phosphoglycerate kinase activity in muscle & hemosylate, mentally retarded 11 yr old male with recurrent myoglobinuria precipitated after generalized tonic clonic convulsion, case report, 36942
photic stimuli with fixed interstimulus duration, habituation patterns of optically evoked blink reflexes, mentally retarded 22–43 yr olds, 22845
play activities in early special education intervention programs, intellectually disabled children, 20616
practice periods, daily productivity over 5 day period, 18–47 yr old vocational evaluation clients with mental retardation or mental disorders or head injury, 13181
prevalence & associated disorders & etiology of mental retardation, literature review, 5546
prevalence of akathisia, mentally handicapped 25–77 yr olds receiving neuroleptics, 40767
prevalence of psychopathological disorders, mentally retarded 21–84 yr olds, implications for dual diagnosis, 22851
program issues & availability, persons with dual diagnosis of mental retardation & psychiatric impairment, 19693
prompted learning, maintenance & transfer of problem solving strategy, mentally retarded vs nonretarded 11.3–16.0 yr olds, 26375
provision of mental health services, Spanish speaking mentally handicapped persons with mental health problems, Spain vs US vs Chile vs Mexico, 16813
provision of services for emotional problems, mentally retarded, Canada, 16823
provision of support services, landlords renting to mentally retarded tenants, 9859
provision of treatment & social services, mentally retarded, Sweden, 16804
qualifications of therapists & maladaptive behavior & restrictive procedures in behavior management services in community group homes, mentally retarded residents, 37821
qualitative aspects of sibling relationship, 12–69 yr old sisters of moderately to profoundly developmentally disabled 8–69 yr olds, 26369
questionnaire design & interview techniques, appropriateness & rate of responses & satisfaction with community based services, mentally handicapped 19–79 yr olds, Wales, 16924
rapid developmental regression beginning at 3–30 mo & resulting autism & treatment, female 2–17 yr olds with Rett syndrome, 29794
rates & interrelationships of psychiatric & behavior disorders, mentally handicapped adults with dual diagnoses, New Zealand, 18998
ratio developmental quotient from Bayley Scales of Infant Development & later Stanford Binet Intelligence Scale IQs, mentally retarded children 30 mo old & older, 89
reasons for job loss, mentally retarded, literature review, 19447
reasons for termination of nondisabled low skill entry level employees, employers, Canada, implications for mentally disabled workers, 37861
recall of frequency of word occurrence, mentally retarded special education students, 15989
recognition & understanding of different emotional states, mentally handicapped 14–25 yr olds, 36931
recognition & visual target detection tasks, sustained attention & vigilance, mentally retarded 16–28 yr olds, 1945
reduction of antiepileptic medications, mentally retarded 11–67 yr olds with past history of epilepsy, 8 yr followup, 33990
reduction of antiepileptic medications, mentally retarded 11–67 yr olds with past history of epilepsy, 8 yr followup, commentary, 34044
reduction of antiepileptic medications, mentally retarded 11–67 yr olds with past history of epilepsy, 8 yr followup, commentary, 34054
reduction of antiepileptic medications, mentally retarded 11–67 yr olds with past history of epilepsy, 8 yr followup, commentary, 34076
reduction of antiepileptic medications, mentally retarded 11–67 yr olds with past history of epilepsy, 8 yr followup, commentary, 34095
regular vs individualized instruction in integrated vs nonschool classrooms, social interaction & teacher comfort & administrative & curricular issues, mentally retarded students in home schools, 38193
rehabilitation in group home active community environment, mentally retarded 51–78 yr old females, Wales, 23599
reliability & validity of Adolescent & Adult Psychoeducational Profile, measurement of independent functioning skills, 13.5–38.6 yr olds with autism vs mental retardation, 31639
religiosity & locus of control, coping with mental retardation, mothers with retarded 3–20 yr olds, 15990
reversal of stimulus color in survival vocabulary, acquisition of vocabulary, 12.2–17.8 yr olds with cerebral palsy or mental retardation or multiple handicaps, 24122
right to life sustaining medical care & treatment, mentally retarded children, 27084

role in community mental handicap teams, occupational therapists, 20130
role in work with mentally retarded clients, occupational therapists, 20231
role relationships in home contexts, nonhandicapped 6–12 yr olds & 4–8 yr old same sex younger mentally retarded siblings, 22866
role taking ability & social competence, 12.8–17.8 yr olds with autism vs mental retardation, 32971
school based aerobic fitness program, ambulatory handicapped & mentally retarded 6–13 yr olds, 38210
scientific evidence & theories & treatment, mentally retarded sex offenders, 33420
self concept, mentally retarded adults, 26412
self evaluation training, handwriting deficits, mentally retarded 10–13 yr olds, 19721
self injurious behavior severity & type of intervention & setting, perceived treatment acceptability for mentally retarded children vs adults, 19–56 yr old facility staff, 26921
self reliance & social competence & life satisfaction, older mentally retarded adults in restricted living environments vs community living without services, 1929
separation individuation process, maturation & higher levels of thinking & problems in disengagement from family, adolescents with physical vs cognitive handicaps, 1532
services provided by independent living centers, clients with mental retardation or mental illness or traumatic brain injury or age related cognitive disabilities, 6482
sex & handedness, cerebral lateralization of cognitive ability & language development, 11–82 yr old mildly to profoundly mentally retarded, implications for model of pathological left handedness, 36925
short term practice, Purdue Pegboard performance, 22–41 yr old mentally retarded sheltered workshop workers, 19428
sibling relations & maternal treatment & adjustment, 8–14 yr olds with mentally retarded younger sibling, 29812
social & ethical issues in operant treatment of self injurious behavior, autistic or mentally handicapped patients, 33964
social &/vs tangible reinforcers, operant behavior & extinction, mentally retarded 19–72 yr olds, 26922
social class & behavioral & other problems, mentally retarded children, India, 19445
social disapproval vs demand conditions, 10.5 yr old mentally retarded male with no language & stereotypic behavior, 6095
social skills training, autistic & mentally retarded 9 yr old male & 10 yr old female with hyperactivity, replication & extension, 33984
social skills training with vs without self monitored videotape feedback, interactions with peers & conversation with novel partner, severely & trainable & educable mentally retarded 23–63 yr olds, 27269
special education programs & procedures & mainstream schooling, mentally retarded children & adolescents, 38204
Special Olympics participation, perceived physical competence & social acceptance, mentally retarded 9–13 yr olds, 27688
stimulus novelty & magnitude, habituation in respiratory & electrodermal activity & vasoconstrictive peripheral pulse amplitude response, autistic vs mentally retarded 4.8–17.2 yr olds, 11865
Stroop Color Word Test, automatic vs effortful processing & cognitive inertia, mentally retarded adolescents & adults vs college students, 22840
structural & functional analysis of misbehaviors, reduction of punishment & identification of alternative techniques, developmentally delayed clients, 26883
structure & pattern of service utilization in age integrated vs age specialized programs, mentally retarded 55 yr olds & older, 27141
structure of mental health & social services, Flemish mentally retarded, Belgium, 16821
structured meal preparation training program, percentage of self initiated steps & disruptive behavior, mentally retarded 26–50 yr olds in community home, Australia, 3 mo followup, 37456
support group, adjustment, grandparents & extended family of children with delayed development or mental retardation, 19842
support staff training in occupational therapy, resettlement of adults with mental handicap in local community, community mental handicap team, 9694
symbolic play development & interactions with their adolescent or mentally retarded mothers, toddlers, 16007
symptom complaints resulting in assessment & diagnosis of mental retardation, 2–6 yr olds, 26399
systematic physical fitness programs, cardiovascular endurance & flexibility & body composition & muscular endurance & strength, mentally retarded 20–39 yr olds in sheltered workshops, 9851
task analysis & stimulus shaping, telephone skills training, moderately mentally handicapped 38 yr old female, 9448
temperamental difficulties due to disabilities or psychosis or mental retardation or personality disorders or life experiences, children, implications for role of teachers, 11863
test retest reliability & internal consistency & validity of Vocational Assessment & Curriculum Guide, differentiation of work experience, mildly to severely mentally retarded 18–57 yr olds, 10621
thinking skills training program, transfer of cognitive skills, mentally handicapped 21.7–43.3 yr old clients in sheltered workshop, 16903
training adaptive community skills, mentally retarded, 27285
training in time delay procedure, teaching language skills to moderately or severely mentally retarded or autistic 8.1–9.5 yr olds with behavior problems, special education teachers, 38230
training method, development of equivalence relations & auditory stimulus control in discrimination task, mentally retarded 11.3–23.7 yr olds, 5553
treatment of behavior problems, mentally retarded 2–56 yr olds, 1981–85, literature review, conference presentation, 2420
trends in behavioral & pharmacological treatment, mentally retarded persons with severe behavior problems, 16316
type of symbols representing objects, transparency, nonspeaking 3.9–20.8 yr olds with autism & mild to severe intellectual handicaps, 32965
types & frequencies of problems encountered in residential care & day programs, 21–59 yr old staff members serving mentally retarded & borderline clients, 41053
underlying processes & value of systematic communication teaching & augmentative communication symbols, mentally retarded patients, commentary, 27281
underreporting of psychoactive drug regimens in research & special education journals, mentally retarded, 19919
urinary catecholamines & their metabolites & serotonin metabolites, mentally retarded 10–17 yr olds, 12303
urinary free & conjugated HVA measuring dopamine metabolism, autistic vs mentally retarded 2.4–12 yr olds, 5100
urinary taurine levels, mentally retarded 10–17 yr olds, 36930
use of obviousness rule & linguistic & contextual clues, comprehension of sentences as questions vs directives, mentally retarded vs nonretarded children with MA of 5 & 7 & 9 yrs old, 26365
use of services since leaving school vs lack of educational employment qualifications, job history, mentally retarded adults, Scotland, longitudinal study, 1940
use of social supports in planning for adult needs of disabled child, family functioning, parents of mentally retarded or physically disabled offspring 18 yrs old & older, 5535
utility of Quality of Life Index, assessment of outcome & goodness of fit between client & environment, mentally retarded adults in community program, 21049
validity & reliability of Adaptive Functioning Index, mentally retarded adults in residential institution or community based group homes, Australia, 31688
validity of Hutt Adaptation of Bender-Gestalt Test & Bender-Gestalt Test for Young Children, psychodiagnosis, emotionally disturbed 12–16 yr olds with vs without mental retardation or neuropathology, 31562

valproate, mentally retarded &/or autistic 24–44 yr olds with dual diagnosis of typical or atypical bipolar disorders, 37566
visual analysis of student data vs characteristics vs classroom conditions, evaluation of educational intervention for mentally retarded students, special education teachers, 38209
visual screening & forced arm training procedures, self injury, 14 yr old intellectually disabled male, 37457
vocational integration, mentally retarded, Denmark vs Great Britain vs Italy vs Switzerland vs West Germany, 27270
vocational training & employment & continuing education & adjustment to work & community living, mentally handicapped young adults, Canada, followup study, 34372
weight vs substance vs volume conservation understanding, mentally retarded vs nonretarded 4–16 yr olds, 40328
worksite behavioral weight loss program, obese mentally retarded adult employees of community sheltered workshop, 9458
written work evaluations & relation to retention, mentally retarded 18–66 yr old employees, 19454
yrs mainstreamed, social status & acceptance by peers, mentally retarded 6–13 yr olds, 34710

Mentor
age & sex & academic degree prevalence & nature of mentoring experience, school psychologists, 10032
assigned mentoring relationships, career & personal development, educators, 6663
double mentoring, gifted students, 31197
mentor characteristics, female faculty members & graduate students, 6643
mentor program, personal & academic & career development, gifted 16–21 yr olds, 38188
mentoring & collegial support systems & information adequacy & communication apprehension & faculty success, university professors, 30991
organizational & interpersonal factors, mentoring relationships, female vs male managers, literature review, 27900
psychosocial characteristics & role of mentor, high school students in residential therapeutic college preparatory program, 38251
self perceptions of power in terms of organizational policy influence & resources & access to important people, mentored vs nonmentored high vs low level employees, 6907
therapist/mentor model in psychotherapy, alienated & angry adolescents, 26805

Mephenesin
amino acid antagonist PK 26124 vs mephenesin vs PCP, behavior & discriminative stimulus effects, pigeons & rats & rhesus monkeys, 14880

Meprobamate
meprobamate use, ambulatory 72–91 yr olds, 23396

Mercury (Metal)
postnatal sc methylmercury, subsequent motor & posture disorders, 22–24 day old rats, 4445

Mercury Poisoning
acute vs chronic dosage of ethylene dibromide vs mercuric chloride, general appearance & behavior & survival, octopuses, 28791
chronic methylmercuric chloride, brain somatostatin & CNS glutamic acid decarboxylase & spastic/dyskinetic syndrome & visual deficits, rats, 14915
inorganic mercury vapor exposure, memory & perceptual motor performance & learning disabilities & subjective symptoms, 26–56 yr old male chlorine alkali workers, 23025
long term low level exposure to mercury vapor, health effects, 26–56 yr old male chlorine-alkali workers, 38439
occupational exposure to lead vs mercury, neuropsychological change, adults, 10435
prenatal methylmercury, physical development & reflexes & locomotor & perceptual performance & brain morphology & neurochemistry, rats, implications for teratological assessment techniques, 11213
repeated suicide attempts by iv elemental mercury, 20 yr old male, 15847

Mercy Killing [See Euthanasia]

Mescaline
3,4-methylenedioxyamphetamine & 3,4-methylenedioxymethamphetamine vs LSD & mescaline, discrimination, male rats, 18295

Mesencephalon [See Also Inferior Colliculus, Optic Lobe, Periaqueductal Gray, Superior Colliculus]
acute vs chronic PCP, ventral tegmental dopaminergic neurons & locomotor & ataxic behavior, male rats, 14849
atropine sulphate microinfusion to midbrain central gray region, midbrain & hypothalamus electrical activity & attack behavior, cats, implications for muscarinic receptors, 11205
bilateral injection of GABA in substantia nigra, stereotyped sniffing & analgesia, male rats, 14813
bilateral lesions of ventral tegmental area with vs without apomorphine, spatial delayed alternation in T maze & open field & dyadic agonistic & food hoarding behavior, male rats, 21668
BMY 14802, apomorphine induced electrophysiological changes in substantia nigra & ventral tegmental area dopamine neurons, male rats, implications for antipsychotic effects, 4505
caffeine, activity of mesolimbic mesocortical vs nigrostriatal dopaminergic systems, male rats, 4490
carbachol injection into tegmental pedunculopontine nucleus, neurophysiology of locomotor activity modulation, male rats, 11189
central auditory system lesions, mating call phonotaxis, female American toads, 18270
chlordiazepoxide, taste reactivity, male rats with chronic mesencephalic decerebration, 7751
chronic amphetamine, firing rates of striatonigral projection neurons during sleep & locomotion & alert resting & stereotypies, male rats, 21808
chronic chlorpromazine vs cocaine, behavioral response to bilateral intranigral muscimol infusion, male rats, 7819
classically conditioned forelimb flexation, formation of corticorubral synapses to red nucleus neurons, cats, conference presentation, 4132
conditioned responding with auditory go vs no go signal & red nucleus cooling, electrical activity measuring triggering & setting of motor responses, cats, conference presentation, 4150
coordinated hand & finger movements, electrical activity of neurons in magnocellular red nucleus forelimb zone, monkeys, conference presentation, 4109
cortical aspiration lesions, behavioral effects of intraventricular substantia nigra grafts, rats, 39216
cross species neural transplantation of cells from domestic chicken or quail mesencephalon & diencephalon, development of chimera system & crowing behavior, quails vs chicks, 14781
d-ala-met-enkephalin dosage into ventral tegmental area, motor & investigatory behavior, male rats, 21723
daily amphetamine to mesencephalon vs nucleus accumbens vs striatum, sensitization to peripheral amphetamine vs cocaine & activity level, male rats, implications for paranoid psychosis, 11253
dopamine uptake blockage with naloxone vs GBR-13069, contraversive circling induced by morphine into ventral tegmental area, male rats, 18339
dopaminergic mesolimbic system & interaction with other monoaminergic systems, affective aggression, rats, 14696
electrical stimulation of forebrain & midbrain, feeding behavior, collared lizards, 785
electrical stimulation of internal capsule & substantia nigra, refractory period & conduction velocity & contraversive circling, rats, implications for connective continuous axon bundle, 4158
electrical stimulation of medial forebrain bundle or ventral tegmental area reward sites, release of dopamine, rats, 18252
electrical stimulation of substantia nigra pars compacta & haloperidol, head turning & circling, cats, implications for mechanisms of attentional shift, 28724

electrical stimulation of ventral midbrain, suppression of tailflick reflex in response to heat, rats, 35735
electrolytic destruction of subthalamic vs mensencephalic regions, sexual behavior, male rats, 28762
ethanol, deficiencies in subcortical noradrenergic & cholinergic systems & midbrain structure, male rats, implications for memory impairment in humans, 4313
evolution of red nucleus & rubrospinal tract, connectivity complexity & relation to cerebellum & motor performance, terrestrial vertebrates, conference presentation, 4159
flurazepam vs muscimol in substantia nigra pars reticulata, rotational behavior measuring benzodiazepine tolerance & GABAergic sensitivity, male rats, 921
GABA antagonists into magnocellular red nucleus, classical conditioning of nictitating membrane response, male rabbits, 11231
hair stimulation of unsupported paw, red nucleus & spinal activation of biceps & paw contact placing, cats, conference presentation, 4069
hypotheses of functional role of red nucleus & automatization & learning capacity of cerebellar microcomplex, conference presentation, 4129
icv oxytocin in medial preoptic area vs ventromedial hypothalamus vs mesencephalic central gray vs ventral tegmental area, lordosis & sexual receptivity, female rats, 39257
icv TRH & central serotonergic system, intracranial self stimulation, male rats implanted with electrodes in ventral tegmental area, 28877
inactivation of corticospinal fibers in crus cerebri vs rubrospinal tract vs red nucleus, motor cortex & other electrical activity & motor RT & trajectory, cats, conference presentation, 4127
injection of dopamine antagonists into nucleus accumbens vs caudate putamen complex, barpressing for electrical stimulation of ventral tegmental area, male rats, 7874
intercaudate injections of haloperidol & apomorphine, motor expressions characteristic of substantia nigra reticulata &/or superior colliculus, cats, 848
intranigral mu vs delta vs kappa opioid agonists, rotational behavior, male rats, 14895
intranigral 6-OHDA lesion induced aphagia, taste reactivity, rats, implications for sensorimotor vs anhedonia hypotheses of role of dopamine in feeding & drinking, 21685
ipsilateral forebrain lesions to neural projections between medial septum & lateral preoptic area to midbrain, lateral hypothalamus self stimulation, male rats, 816
kappa receptor agonist U-50, 488H, methamphetamine vs apomorphine elicited ipsilateral circling behavior, rats with unilateral nigral lesions, 32108
lesions & electrical stimulation of superior colliculus & thalamic motor nuclei & reticular formation pathways from neostriatum & substantia nigra, turning behavior, cats, 25137
location of partial midbrain lesion, neurophysiology of water wave localization, clawed frogs, 11143
melanotropin into ventral tegmental area, excessive grooming & DOPAC & dopamine levels in nucleus accumbens & caudate putamen, male rats, 4497
microinjection of diazepam into subcerebellar nuclei vs lateral vestibular vs red nucleus vs substantia nigra, depression of crossed extensor reflex, male rats, 18358
muscimal microinjection dosage to median vs dorsal raphe nucleus vs caudal vs rostral ventral tegmental area vs pontine tegmentum, locomotor activity, male rats, 39421
muscimol microinjection to substantia nigra pars reticulata, eye movements & neck muscle activity, male rats, 28962
muscimol microinjections into median vs dorsal raphe nuclei vs ventral tegmental area, food & water intake, male rats, 873
naltrexone dosage, electrical self stimulation of nucleus accumbens vs lateral hypothalamus vs ventral tegmental area, male rats, 18470
neonatal castration of males or sc testosterone in females, morphological development of pars compacta & scent marking & gonadotropin secretion, male vs female gerbils, 770
neonatal lesion of dopaminergic projection in ventral tegmental area, food hoarding behavior, rats, 21696
neonatal lesions of mesocortical dopaminergic projection, ontogeny of open field behavior, rats, 39226
neuropeptide Y, latency to onset of feeding & cumulative food intake, rats with bilateral neural transections in mesencephalon, 32114
neurotensin vs substance P vs neurokinin vs enkephalin in ventral tegmental area, operant responding for food reward, male rats, 32220
novel object in open field apparatus, activity level & exploratory behavior, rats injected bilaterally with procaine in pedunculopontine vs mediodorsal thalamus, 35863
pathology of substantia nigra & ventral tegmental area, 37–89 yr olds with Alzheimer's disease or Down's syndrome, 29442
perifornical lateral hypothalamus stimulation, mesolimbic & accumbens dopamine system & feeding behavior, rats, conference presentation, 25157
peripeduncular nucleus administration of verapamil, neuronal activation of lordotic behavior, ovariectomized female rats, 4415
phospholipase-A2 intranigral injection, sc apomorphine induced circling behavior & lateral striata dopamine & its metabolites & DOPAC & HVA, male rats, implications for schizophrenia, 39255
physostigmine vs pilocarpine vs RS-86 vs nicotine, discriminative cues & self stimulation produced by electrical stimulation of ventral tegmental area, male rats, 32100
pimozide pretreatment & high morphine dosage to ventral tegmental area, cessation of barpressing for brain stimulation reward & reinstatement of dopamine cell firing by muscimol, rats, 25292
postlearning nonawakening mesencephalic reticular formation stimulation, spatial discrimination maze learning, rats, implications for memory trace activation during sleep, 35736
posttraining amphetamine in substantia nigra & nigrostriatal 6-OHDA induced dopamine depletion, memory, male rats, 7939
pretectum vs lateral vs medial posterior thalamus lesions, black vs white horizontal vs vertical discrimination acquisition & low frequency flicker detection, male rats, 11151
radio frequency lesions of dorsolateral or ventromedial regions of substantia nigra, rotational behavior & direction of locomotion, male rats, 21695
self stimulation from substantia nigra electrode sites, male rats with medial & sulcal prefrontal cortex lesions, implications for reinforcement, 28784
stimulation of red nucleus or cerebellar nuclei as UCS, classical conditioning of nictitating membrane eyeblink response, rabbits, 4085
sulpiride, orientation activity evoked by electrical stimulation of dopaminergic A10 neurons in substantia nigra pars compacta, cats, 28725
unilateral primary visual cortex lesion, thalamus & pretectum retinofugal projections to lateral posterior nucleus & rostral pretectal areas & behavior, rabbits, 806
upward & downward saccadic gaze palsy & vertical pursuit & vestibulo-ocular reflex & neuropathology, 64 yr old male with unilateral midbrain infarct, 2101
ventral tegmental area histopathology, Parkinsonism & progressive dementia & behavior disturbance symptoms, 56–91 yr olds with dementia, 9214
ventral tegmental area injections of neurokinin-alpha & substance P, behavioral activation mediated by dopaminergic cells, male rats in open field setting, 28815
ventral tegmental area lesions, appetitively motivated classically conditioned responses, female rats, 4306
ventral tegmental atropine or scopolamine or hemicholinium-3, frequency thresholds for lateral hypothalamic or brain stem self stimulation, male rats, 32222

ventral tegmental morphine vs d-Pen,d-Pen enkephalin, contraversive circling, male rats, 11248
5-HT receptor antagonist ritanserin, midbrain dopamine neuronal activity, male rats pretreated with parachlorophenylalanine, 39408
5,7-dihydroxytryptamine vs 6-OHDA lesions of substantia nigra vs caudate putamen, substance P induced enhancement of passive avoidance retention, mice, 11124
6-OHDA induced unilateral dopamine depletion in striatum & ipsilateral mesolimbic system, amphetamine induced rotation & neurochemical reorganization, male rats, 28718
6-OHDA lesion of dorsal noradrenergic ascending pathway, locomotor deficits induced by lesion of ventral mesencephalic tegmentum, male rats, implications for Parkinson's disease & Tourette's syndrome, 4303

Messages

age & training, immediate memory of implicit & explicit information in commercial advertising, 18–79 yr olds, 7475
coded voice warning & linguistic redundancy, system RT, college students performing computer flight simulation, 41484
cognitive context & message length in English vs Hindi, judgment of message duration, college students, India, 7422
comprehension of referential messages from hearing vs deaf children, 4–10 yr olds, 33480
culture semiotics & text as complex code storage & message receiving & generating system, 11335
development of content analysis coding scheme, assessment of constructionist vs selectionist approach in compliance gaining messages in teaching, teachers, 38181
general vs personal vividness of messages, perceived persuasiveness, college students, 4527
goal structure & design logic of messages used in addressing subordinate who failed to complete task, college students, 4970
intimate content of valentine messages in newspapers, 14962
message framing, motivation to comply with health recommendations, 13014
personal anxiety & general uncertainty & credulity & topical importance rumor generation & transmission, 4941
preferences in rock music & attitudes toward lyrics that promote murder & suicide & satanism, 12–19 yr olds, 25654
self vs other as intended audience, message production & comprehension, college students, 36403
semantic &/or syntactic message distortion, enhanced communication, 35930
subject retrieval & source expertise & likability, opinions & recall of beliefs & behaviors about message position & arguments, college students, 7486
telephone messages/prompts, return rates, 1st time blood donors, Canada, 6 mo followup, 37680

Meta Analysis

accuracy of 90% credibility value rule, transportability of employment test validities, implications for power of meta analysis to detect moderator variables, 17678
adverse impact & unfairness & bias of psychological screening tests, personnel selection, Hispanic vs Anglo peace officer candidates, meta analysis, 38348
age & between S variability, RT, adults, meta analysis, 15078
age, job performance, professional vs nonprofessional personnel, meta analysis, 20767
age, post-DST cortisol, 18–75 yr olds with schizophrenia vs major depression vs other mental disorder, meta analysis, 12060
age, P300 component of cortical EPs & cognitive processing RTs, elderly, meta analysis, 32557
aging, risk of depression, implications for future research, meta analysis, 33137
application of information processing model of positive & negative cognition, cognitive balance & psychopathology, normal vs anxious vs depressed adults, meta analysis, 36686
attitudes toward advertising by professionals, meta analysis, 3472
attitudes toward elderly vs young adults, meta analysis, 4767
average reliability & stability & validity, MMPI & WAIS & Rorschach test, meta analysis, 14153
behavior therapy, agoraphobic adults, meta analysis, 16524
benefits of psychological preparation for medical procedures, children, commentary reply on meta analysis, 40863
beta adrenergic antagonists, neuroleptic induced akathisia, psychotic patients, meta analysis, 23424
career intervention, outcome, clients, meta analysis, 6873
cognitive therapy vs other therapies, therapeutic change, depressed patients, meta analysis, 30221
college GPA, adult achievement measured by job satisfaction & salary, college vs masters level business graduates, meta analysis, 27856
college GPA, predictor of job success, meta analysis, commentary, 38355
comparability of 7 sets of factor structures on Bem Sex Role Inventory's androgyny scale, meta analysis, 28190
computer program for meta analysis manipulation of probabilities & effect sizes & correlations, 7260
conceptual redundancy rule, selecting effect sizes in meta analysis of psychotherapeutic outcomes, 14213
consistency & reliability & correlation of Jenkins Activity Survey & Friedman Structured Interview, measurement of Type A behavior, meta analysis, 35210
correlates & courses & effects & treatment of academic test anxiety, students, meta analysis, 10121
correlation between rater error & rating accuracy measures, meta analysis, 38708
cranial irradiation, cognitive ability, children with acute lymphoblastic leukemia, meta analysis, 16705
cross situational consistency of communication apprehension, meta analysis, 35928
cultural influences, perception of facial emotions, meta analysis, 32817
development & criterion validity of telecommunication minicourses, personnel screening & job performance prediction, trainees, meta analysis, 13788
duration & structuredness & composition, treatment outcome, personal learning & change counseling groups, meta analysis, 12772
early intervention programs, academic achievement, kindergartners, meta analysis, conference presentation, 24004
effectiveness of behavioral treatment vs nonspecific factors, meta analysis, 16472
effectiveness of social work interventions, outpatients with psychosocial adjustment problems or less severe vs chronic mental illness, meta analysis, 16845
effectiveness of treatment techniques for public speaking anxiety, 1944–87, meta analysis, 30364
efficacy of stress management programs, meta analysis, 12804
empathy & sympathy, aggressive & antisocial & child abuse behaviors, meta analysis, 15868
employment interview structure, predictive validity, job applicants, meta analysis, 20754
enhanced instruction with cues & participation & reinforcement & feedback & correctives, motor skill learning, preschool through high school students, Israel, meta analysis, 41255
epidemiological surveys for studying behavior, meta analysis, 36784
estimation of standardized mean differences & effect size & utility in meta analysis, 21160
evaluations of school based drug education programs, meta analysis, 23960
examiner familiarity, test performance, White vs Black vs Hispanic students, meta analysis, 17306
explanatory model for sex differences in cognitive ability, high school students, commentary on meta analysis, 39526
feedback timing & verbal learning, students, meta analysis, 10075
flash & pattern reversal visual EPs, 58–79 yr olds with probable Alzheimer's disease, meta analysis, 40479

grade & yr of standardization, cognitive abilities assessed by scores on Differential Aptitude tests & SAT, male vs female high school students, commentary on meta analysis, 41370
group based mastery learning programs, meta analysis, 13483
Halstead Reitan Neuropsychological Test performance, nonbrain-damaged adults, meta analysis, 47
historical use & structure & content of questionnaires on parental attitudes toward childrearing, meta analysis, 35220
hospitalization, physical growth & psychosocial development, nonorganic failure to thrive children, meta analysis, 16861
implementation problems in meta analysis, research on validity of instructor effectiveness evaluations, students, 24207
interrelations between group size & leadership behavior & subordinate satisfaction, adults, meta analysis, 41466
interrelationships among alcoholism & drug abuse & antisocial personality disorder, meta analysis, 22485
issues in effect size of psychological preparation, children facing medical procedures & possible hospitalization, commentary on meta analysis, 30578
judgment calls, meta analysis in literature reviews of organizational psychology & behavior topics, 24698
lateral ventriculomegaly, schizophrenia, meta analysis, implications for choice of controls in research design, 8702
mail survey techniques, response rate, meta analysis, 28038
male vs female author of article, author favorability rating reflecting stereotype, males vs females, meta analysis, 29374
meta analysis methods based on standardized mean change measures, assessment of data from pretest-posttest designs, applications to motor skill development studies, 14191
meta analytic approach to normative vs social comparison techniques for assessment of clinical significance, 17689
meta analytic methodology using ANOVA for comparison of interaction effects in 2 or more experiments, depression & outcome frequency & judgment of control research, college students, 35392
meta analytic techniques, construct validity of Type A behavior as predictor of coronary heart disease, 10674
methodology & utility of meta analytic techniques, assessment of influences on academic achievement, 13537
metrical issues, index of effect size, meta analyses of therapy effects, 19789
neuroticism, depression, males vs females, meta analysis, 1619
nonmedical treatments, patients with chronic pain, meta analysis, 19707
nonmedical treatments, patients with chronic pain, meta analysis, 37235
of psychosocial factors & salivary secretory immunoglobulin A concentrations, commentary on meta analysis, 35671
outcomes, treatment by specialist mental health professionals vs general practitioners, meta analysis, 20041
pain management intervention, children, meta analysis, 37203
partner effects in affect & cognition & behavior, meta analysis, 29340
patient demographics & satisfaction & compliance & objectively measured provider behaviors, medical patients & their health care providers, meta analysis, 12971
platelet MAO activity, schizophrenic patients with vs without paranoia or hallucinations, meta analysis, 5370
postcardiotomy delirium & other psychiatric symptoms after open heart surgery, 1963–87, meta analysis, 30612
predictive utility of M. Fishbein & I. Ajzen's theory of reasoned action & applicability to consumer behavior, meta analysis, implications for modifications & future research, 20963
prelineup vs postlineup confidence & identification accuracy, eyewitnesses, meta analysis, 39807
prevalence of dementias & Alzheimer's disease, 1945–85, meta analysis, 2029
price & brand & store & name, perceived product quality, consumers, meta analysis, 41560
priming effect of positive mood, increased helpfulness, test of 6 hypotheses, meta analysis, 1349
problem of return postage in mail survey research, meta analysis, 10529
process tracing methods, research in decision making, 1964–88, meta analysis, 21262
psychogenic vs self stimulating rumination disorder, females vs males with & without mental retardation, meta analysis, implications for differential diagnosis, 12014
psychological preparation, children facing medical procedures, 1953–1985, meta analysis, 30610
psychophysiology of chronic pain, meta analysis, 22923
race, face recognition accuracy, Blacks vs Whites, meta analysis, 31755
relaxation or biofeedback training or other behavioral interventions vs drug therapy, BP, hypertensive patients, meta analysis, conference presentation, 37230
relaxation techniques, clinical symptoms, meta analysis, 40721
reliability & validity of WAIS subtests, meta analysis, 93
reliability of validity generalization & sample sizes of Wonderlic Personnel Test & Otis-Lennon Mental Ability Test data bases, 21179
research design flaws & alternative meta analytic techniques, human communications research, commentary reply, 21839
research design flaws & meta analytic techniques as alternative, human communication research, commentary, 21842
rewards, performance of reinforced behavior, meta analysis, literature review, 31893
S & test characteristics, stability of personality assessment by self report inventories, meta analysis, 24647
satisfaction with medical care, patients, meta analysis, 9628
satisfaction with medical care, patients, meta analysis, 23503
school based interventions, alcohol & tobacco usage, children & adolescents, meta analysis, 10256
self statement modification treatment, children with behavioral disorders, meta analysis, 37423
sensory &/vs procedural preoperational information, coping with medical procedures & pain, medical patients, meta analysis, 30615
serotonin reuptake inhibitors, patients with major depression, meta analysis, 26936
sex, job & life satisfaction, meta analysis of studies published prior to vs after 1974, 34968
sex, occupational stress, meta analysis, 34947
similiarity in physical attractiveness, romantic couples & same sex friends, meta analysis, 1355
social vs nonsocial negative life events, aggression, meta analysis, 11768
spatial task performance, adults with early vs late onset visual impairment, meta analysis, 12458
specific & nonspecific treatment effects in behavior therapy, meta analysis, 16477
statistical research on microcounseling program, counselors, meta analysis, 27385
strategies for instruction of controlling variables in experiment designs, students, meta analysis, 38120
test retest reliability of Stanford Binet Intelligence Scale & WISC & WISC-R & WAIS & WAIS-R, meta analysis, 28133
test validation criteria, measurement of clerical abilities, meta analysis, 3613
treatment of aggression & self injury & property destruction, developmentally disabled clients, 1980–85, meta analysis, 26908
treatments for trait anxiety & neuroticism, meta analysis, 33710
two process distinction in perception of apparent motion, meta analysis, 35300
Type A behavior pattern & physiological correlates, meta analysis, 28680
Type A behavior, prediction of coronary heart disease incidence, meta analysis, 12453

type I error rate & power of & critical percentages for Schmidt & Hunter meta analysis procedure, 10686
underestimation or overestimation vs false consensus in social projection & contributions of cognitive & motivational mechanisms, adults, meta analysis, 25880
unfamiliar others in multiattribute settings, organization of social information, meta analysis, 18898
universality of state process & punctual nonpunctual distinctions in verb acquisition, preschool age children, meta analysis, 39511
use of meta analysis, empirical educational data, normal vs hearing impaired students, 3305
work-sample tests & assessment of trainability, meta analysis, 34878
Metabolic Rates
body size & weight & metabolic rate, quiet & active sleep, 69 species of mammals, 18153
cerebral glucose metabolic rates, nondepressed 23–61 yr olds with obsessive compulsive disorder, 15626
glucose metabolic activity in visual cortex, 26–58 yr olds blind before age 4, 9232
metabolic rate & thyroid dysfunction, females with refractory depression, 1593
metabolic rate & thyroid dysfunction, females with refractory depression, commentary, 22680
resting state vs video game playing, heart rate & respiration & metabolic activity & moderating role of neuroticism & Type A behavior, hypertensive vs normotensive males, conference presentation, 9197
Metabolism [See Also Anabolism, Basal Metabolism, Biosynthesis, Carbohydrate Metabolism, Lipid Metabolism, Metabolites, Protein Metabolism]
affective psychotic symptoms before cognitive impairment, 31 & 33 yr old males later diagnosed with adrenoleukodystrophy, case reports, 9145
age, serum concentrations of thioridazine & its active metabolites, 20 to over 65 yr old inpatients, drug dosage implications, 19935
alcohol drinking, methamphetamine metabolism, methamphetamine addicted adults, 22826
calcium metabolism, unipolar vs bipolar depressed vs manic adult males, 5157
carbon monoxide exposure & prior physical work in hot environment, cognitive task performance & metabolism, male 18–29 yr olds, 28703
cocaine, cerebral glucose utilization, rats, 32267
corpulence category, daily energy consumption & distribution of food intake, obese vs nonobese 7–12 yr olds, France, 26443
cortical glucose metabolic rate correlates & hemispheric specialization of abstract reasoning & attention, adult males, 14674
depressed mood & metabolic control & reporting of disease symptoms, patients with diabetes mellitus, 33584
directional bias in conditioned circling, striatal & nucleus accumbens & olfactory tubercle dopamine metabolism, rats, 39115
diurnal weight gain & water balance, hospitalized patients with mental retardation vs organic mental syndromes, implications for differential diagnosis of psychosis, 26411
hierarchy status, energy producing ability of muscle tissue, Siamese fighting fishes, 14719
inpatient treatment with multiple vitamin therapy, thiamin diphosphate activation of erythrocyte transketolase, alcoholic 21–63 yr olds, 2922
knowledge of disease & adherence to self care behaviors & treatment & metabolic control, rural diabetic 27–84 yr olds, 23118
meal feeding schedule followed by free access to food, food intake & body weight & hepatic glycogen & plasma free fatty acids & glycemia, male rats, 35649
models of thyroid function & metabolic regulation, depression, 19263
osmoregulation of water intake & antidiuretic function, psychiatric patients with polydipsia & hyponatremia, 5210
oxazepam, urinary metabolite levels, hospitalized Alzheimer's disease patients, conference presentation, 9511
pharmacokinetics & metabolism of imipramine, depressed patients, 23394
phenotyping with debrisoquin & mephenytoin, assessment of genetic differences in amitriptyline metabolism & clinical response, patients with endogenous depression, 26934
prefeeding ammonium acetate, food intake & metabolic adaptation, male rats fed high protein diet, 4482
psychotropic drug, glucose metabolism in lenticular & caudate nuclei & thalamus assessed by positron emission tomography, schizophrenic patients, 8704
regional cerebral glucose metabolism & integrity of cerebral structure, 19–23 yr old identical twin sets with psychotic episodes, 33029
regional cerebral glucose metabolism in parietal & frontal lobes & cognitive ability & memory, mildly to severely demented Alzheimer's disease patients, 22946
resting vs active conditions, regional brain interactions, 22–41 yr olds with chronic schizophrenia & decreased frontal & increased subcortical metabolism, 33210
role of hypothalamus in somatic & autonomic regulation, conference presentation, 14666
sc nicotine, local cerebral glucose utilization, rats, 4414
test meals, metabolism & endocrine secretion, normal weight bulimic females, 12532
urinary free & conjugated HVA measuring dopamine metabolism, autistic vs mentally retarded 2.4–12 yr olds, 5100
water deprivation, plasma vasopressin & osmolality, pony mares, 35706
Metabolism Disorders [See Also Cushings Syndrome, Cystic Fibrosis, Diabetes, Diabetes Insipidus, Diabetes Mellitus, Phenylketonuria]
anxiety & depression & somatization & hostility, uremic female chronic hemodialysis patients with vs without hyperprolactemia, Italy, 34147
disordered metabolism of nonesterified fatty acids or lysolecithins or ammonia or methionine, etiology of schizophrenia as induced hepatic encephalopathy, 12061
etiology & symptoms & diagnosis & treatment of hyponatremia presenting as exacerbation of schizophrenia, 49 yr old female psychiatric inpatient, case report, 6432
leukocyte & fibroblast assays & cognitive & developmental abilities, brothers with mannosidosis & mild mental retardation followed through age 10 yrs, 40474
lofepramine, development of hyponatremia, manic depressive 74 yr old female, case report, 34125
neuroimaging, detection of structural &/or metabolic brain disorders, patients with late life psychosis, 8668
neurologic symptoms, 17–27 yr old sisters with Type 3 GM/1 gangliosidosis presenting as infanto-chorea-athetotic dementia, 9068
nutritional intervention, acid/alkaline biochemistry balance & psychophysiological function, 5–90 yr olds with psychogenic disturbances, 16325
phosphoglycerate kinase activity in muscle & hemosylate, mentally retarded 11 yr old male with recurrent myoglobinuria precipitated after generalized tonic clonic convulsion, case report, 36942
potassium & magnesium sulfate, hypokalemia & hypomagnesemia, bulimic 24 yr old female, case report, 9520
psychopathology, patients with Wilson's disease with vs without neurological impairment, 30020
salt-added diet vs lithium with vs without phenytoin, basal serum sodium, schizophrenic patients with polydipsia, 2556
visual EPs & auditory brain stem EPs, 10–40 yr olds with Wilson's disease, 26628
Metabolites [See Also Dopamine Metabolites, Homovanillic Acid, Norepinephrine Metabolites, Serotonin Metabolites]
age, plasma levels of amoxapine & its major metabolite, depressed 21–68 yr olds, 16533
amitriptyline, clinical response & total & free plasma amitriptyline & nortriptyline, 20–60 yr olds with endogenous depression, 26935

CSF creatinine & monoamine metabolite concentrations, schizophrenic adults, 5342
CSF monoamine metabolites & corticotropin releasing factor & somatostatin, 21–55 yr olds with major depression, 5356
dextroamphetamine, formation of p-hydroxynorephedrine & aversion to dextroamphetamine, male rats vs guinea pigs, 39329
dose response function for PCP discriminability, generalization to ketamine & monohydroxylated PCP metabolites, male mice, 21787
estrous cycle vs late pregnancy vs early postpartum period, brain norepinephrine & dopamine & serotonin & their metabolites, female rats, 14669
fluid intake & urinary excretion patterns & creatinine concentration, polyuric vs nonpolyuric patients with chronic psychosis, 33207
icv histidyl-proline diketopiperazine & its stereoisomers, food intake, male rats, implications for anorexia nervosa, 4324
idebenone, brain monoamine metabolism in CSF, 57–81 yr olds with chronic cerebrovascular dementia, 40775
lumbar CSF concentrations of neurotransmitter amines & amine metabolites, patients with endogenous vs nonendogenous depression, 22546
plasma haloperidol & its reduced metabolite, clinical outcome, schizophrenic inpatients, 19920
po glucose, plasma hormone & metabolite levels & attitudes toward sweets, female bulimia patients, 19492
selective attention & CSF levels of HVA & free MHPG & 5-HIAA & other amine metabolites, patients with Alzheimer's disease, 22926
testosterone vs dihydrotestosterone vs androsterone vs estradiol, aggression & dominance, sparrows, 25185
triiodothyroacetic acid, pharmacological & behavioral tests as measure of antidepressant like effects, male mice, 28907
urinary catecholamines & their metabolites & serotonin metabolites, mentally retarded 10–17 yr olds, 12303
urinary free & conjugated catecholamines & metabolites, autistic 3–10 yr olds, 15622
urinary free cortisol & plasma MHPG, drug free panic & agoraphobic adults, 5349
urinary MHPG & platelet 3H imipramine binding, symptom variability, adults with major depression, Australia, 5164
24 hr urinary dopamine & norepinephrine & epinephrine & their major metabolites, healthy & alcohol dependent adults, 1886

Metallic Elements [See Also Calcium, Calcium Ions, Copper, Iron, Lead (Metal), Lithium, Magnesium, Mercury (Metal), Potassium, Potassium Ions, Sodium, Sodium Ions, Zinc]

aluminum chloride vs hydrochloric acid, acquisition of nictitating membrane response & neurofibrillary pathology, rabbits, 7902
biochemical imbalances identified by hair mineral analysis, violent vs nonviolent prison inmates, 33255
cadmium dosage 5–6 days after birth, social recognition test performance & body weight, rats, 860
cesium concentrations in hair & blood & urine, depressed vs manic vs recovered patients, 36629
chronic aluminum sulfate, cognitive consolidation & extinction of passive avoidance task & hippocampal muscarinic receptor quantity, male rats, 28833
clinical role & etiology & treatment of vanadium toxicity or deficiency & Na/K-ATPase activity in erythrocytes, manic depressive patients, literature review, 19071
diet containing cadmium, ethanol responsiveness, male rats, 7898
exposure to hexavalent chromium vs silica dust vs polycythemia vera, personality traits, patients & workers, 11261
icv aluminum vs sodium tartrate, open field behavior acquisition & retention of shock avoidance & EEGs & glucose uptake, male rats, 4410
lithium, serum concentrations of vanodium & cobalt & aluminium & other trace elements, psychiatric patients, UK, 23365
low ascorbic acid intake & raised vanadium tissue levels, suicidal 46–54 yr old females, Sweden, 1808
neonatal exposure to cadmium chloride, tissue concentrations & operant behavior, rats, 28941
parental smoking habits & industrial lead emissions, lead & cadmium in blood, 4–11 yr olds, Sweden, 26682
prefeeding ammonium acetate, food intake & metabolic adaptation, male rats fed high protein diet, 4482
single injection of varying doses of cadmium chloride during infancy, mortality rates & body weight & postweaning activity level & social behavior, male vs female rat pups, 11240

Metaphor

ability to use adjectives metaphorically & to alter prosodic features of speech in response to verbal instructions, 3–7 yr olds, 981
capacity to differentiate identity & resemblance & difference relationships & metaphor production, preschoolers, 4623
categorical dissimilarity & affective similarity between constituent words, sentence comprehension & metaphor aptness, college students, Japan, 4534
collaborative metaphor techniques using principles of M. H. Erikson, therapeutic child & family care, 16399
comprehension of metaphor vs irony, 6–10 yr olds, 25547
comprehension of metaphors describing emotional reactions, 5 vs 7 vs 9 yr olds, 15133
conceptual metaphors, implications for artificial intelligence research, commentary, 31862
context & classification in cross cultural analysis of metaphor, 4539
creation & sharing of metaphors, creation & alteration of systems, 18889
definition & function of metaphor, 21853
effectiveness of instructional metaphors & ability to comprehend figurative language, children, 38133
extension of system metaphor, solving of poorly structured problems including management decision making, 17354
familiar vs anomalous & novel metaphors, lexicalization of metaphorical sense, college students, 294
family myths & therapeutic use of metaphor, families in therapy, 33882
fruit & vegetable metaphors for physical & personality characteristics, psychology students, 25960
generic symbols & theory of gender & secret garden metaphor for females in D. Richard's novel "Pilgrimage", 15013
guided metaphoric imagery & storytelling & metaphoric tasks in psychotherapy, patients with depression or anxiety or PTSD, 30320
holistic metaphorical therapy & Adlerian brief psychotherapy, 19 yr old female with reluctance to express negative feelings, 30260
imagery vs verbal strategies, metaphor production & comprehension & memory, college students, 24818
incorporation of metaphors & lexical innovations & indirectness in utterances, speakers, 939
Jungian perspective of metaphor & symbols & understanding, interpretation of imagery in psychotherapy, 19815
knowledge structure & semantic transference of analogies & metaphors, 305
levels of context, metaphor comprehension, 6–12 yr olds, 39571
linguistic metaphor vs intimate relationships style, couples, 8364
literal vs analogical use of metaphors of Christianity, advocates vs opponents of prohibition, 32613
literal vs anomalous vs metaphorical comparisons & similarity model of metaphor comprehension, 4631
loss of helium balloon as metaphor for father's death, female 4.4 yr old, case report, implications for early physical-psychological metaphoric ability, 21898
metaphor & literary imagery, bibliotherapy & poetry therapy, clients, 9270
metaphor & personification & moral conflict & medieval literary allegory in contemporary advertising to mass audiences, 3480
metaphor comprehension, monolingual vs bilingual 8 & 11 yr olds, Canada, 15050

metaphor interpretation, 6–12 yr olds vs college students, implications for cognitive developmental theory of semantic mapping, 39537
metaphorical structure of C. Dickens's novel "Bleak House", 32340
metaphoricity & imagery value & similarity of tenor & vehicle concepts & quality of metaphors in single sentence vs extended natural contexts, metaphor recall, college students, 7463
metaphors of child care & relationship between child & worker, 37703
metaphors of imprinting & metamorphosis & psychological development, understanding human development, 25393
metaphors, work force perceptions & organizational transformation, 38445
model of visual case processing using metaphors & drawing, counselor trainees, 23850
multiple embedded metaphor Eriksonian psychotherapy technique, meaningfulness & attitude, college students, 37324
multiplicity & ambiguity of meaning & metaphor & symbolic processes in creative work, 14996
myths of metaphor, 25358
nonverbal mental capacity & conceptual repertoire & performance in Spanish & English, cross language transfer & metaphor interpretation, 7–12 yr olds, 39536
norms for literary & nonliterary metaphors rated on 14 psychological dimensions, college students, 21863
organic vs mechanical vs personal metaphor, attitudes toward & relations with mentally retarded residents, mental health staff, 23903
otological & metaphysical & epistemological & metaphorical aspects of hermeneutics, 18494
parallel architectural metaphors in symptom structures & psychotherapy, patients, 12663
personified metaphors of motivation by F. Nietzsche, mechanisms for coping with "horrors of existence", 7011
priming by superordinate, comprehension of metaphors, college students, 31847
production & comprehension of metaphors in everyday life & poetry, adults & children, 25447
psychoanalytic interpretation of metaphorical system of "Beowulf", 39445
role of metaphor in personal & societal conceptions of drugs & drug taking, 4929
role of metaphor in psychotherapy, 19753
root metaphors & philosophical assumptions in formism vs mechanism vs contextualism vs organicism, framework for counseling & psychotherapy, 26796
scientific & literary aspects of psychophysiology, 28573
therapeutic metaphors in rehabilitative audiology counseling, female 21 yr old with hearing loss, case report, application of D. Gordon's technique, 6494
therapist participation in metaphor generation, clients, 19735
topic vs vehicle imagery, metaphor comprehension & processing & RT, college students & workers, implications for dual coding theory, 3821
transitional psychotherapeutic process from literal experience to metaphorical understanding, schizophrenic patient, 16379
use of metaphor in computer instruction, 41244
use of metaphor in teaching reality therapy & control theory, workshop participants, 37367
use of metaphors during academic lectures, learning of course material, college students, 3121
use of therapeutic metaphor, marriage & family therapists, 12732

Metaphysics
constructivist theory of knowing, implications for meta physics, commentary, 35361
Freud's metaphysical opinions & psychoanalysis, 24521

Methadone
buprenorphine vs methadone vs naloxone, acquisition & rate of keypecking, pigeons, 21725
cognitive function, preschool age children of mothers in methadone treatment during pregnancy, conference presentation, 13251
corticostriatal pathway deafferentation vs intrastriatal N-methyl-D-aspartate, mediation of morphine vs methadone induced catalepsy, frontally decorticated female rats, 7754
linear regression analysis, progressive ratio performance maintained by buprenorphine vs heroin vs methadone, male Macaque monkeys, 14902
methadone, intake of sodium & sucrose solutions, water deprived rats, 818
training history using FR 50 vs DRL schedules with food reinforcement, FI 90 schedule responding with methadone reinforcement, male pigeons, 39365

Methadone Maintenance
accuracy of drug use monitoring, adult patients in methadone treatment, 9884
behavior & development patterns, children up to age 6 yrs born to heroin or methadone addicted mothers, 22798
behavioral & self report & psychophysiological measures, assessment of fear reaction to detoxification, opioid addicts in methadone maintenance program, 6550
changes in initial methadone dose, hospitalized opiate withdrawal patients, 1982–86, England, 2915
clinical & demographic characteristics, Valium use & abuse, male methadone maintenance clients, 2917
contingency contracting, polydrug use, adult methadone patients, 2926
contingency management with reinforcing with vs without aversive consequences, 26–42 yr old polydrug abusers on methadone maintenance, 16966
counselor effectiveness, methadone maintenance outcomes, opiate dependent male veterans, conference presentation, 13256
group psychotherapy, pregnant 20–30 yr olds & older on methadone maintenance, 19848
ingestion of tricyclic antidepressants during pregnancy, birth weight & head circumference & Apgar scores, neonates born to mothers in methadone maintenance, conference presentation, 13247
methadone maintenance & other community based drug treatment programs, narcotic addiction & crime, clients on probation, 1950s–80s, 16968
methadone maintenance & provision of medical & psychiatric & social services, HIV infected iv drug abusers, 2896
methadone maintenance, AIDS affected opiate addicts, 34413
methadone maintenance, drug use & criminal activity, heroin addicted males, conference presentation, 13233
methadone maintenance, heroin addicted White vs Hispanic male vs female adults, 23763
methadone maintenance, heroin addiction, literature review, 23767
methadone maintenance programs, reduction in risk of AIDS, heroin addicted males, 20275
methadone maintenance treatment, psychological symptoms, adult heroin addicted patients, 1 yr followup, 9871
methadone, opiate addicted patients, Netherlands, 23780
methadone vs clonidine vs guanfacine dosages & schedule, prediction of detoxification success vs failure, heroin addicted adults, 20312
misconceptions among health professionals & public about & utility of methadone maintenance treatment, heroin addicts with vs without concurrent psychiatric disorders or pregnancy, 23787
nonnarcotic drug abuse & criminal activity, heroin addicted males attending methadone maintenance treatment centers, 20305
participative decision making, attitudes toward treatment & antitherapeutic behaviors & communication with staff, adult male methadone maintenance clients, 9883
patterns of alcohol & heroin use, Anglo vs Chicano males addicted to heroin & in drug free or methadone maintenance programs, 37876
prevalence of cocaine use, 47–54 yr old methadone outpatients, 20281
public policy & methadone use, heroin addiction, 6555
regulation & limitation of methadone treatment, Denmark, 2 yr followup, 30848

relapse after methadone treatment, 15–38 yr old opiate addicts, 6 mo followup, 34389
responses to presence of community based methadone maintenance programs, communities, 20288
sociological context of heroin addiction & role of methadone maintenance treatment, 16939
Symptom Check List-90 profiles, female vs male Black vs White methadone patients, 28125
termination of subsidized methadone maintenance with vs without transfer to private program, outcome & societal costs, patients, 2.5 yr followup, implications for public policy, 41055
therapeutic community, outcome of methadone maintenance to abstinence program, adults, 4–24 mo followup, 2948
10 vs 21 day oral methadone withdrawal regime, opiate withdrawal symptoms, drug addicts, 34388
2 yr limit on public funding of methadone maintenance treatment, erosionary therapeutic relationship & client adaptation & risk of AIDS, methadone maintenance clients, 27336
Methamphetamine
accelerated vs conventional training method, discrimination of 3,4-methylenedioxymethamphetamine, rats, 25305
acute vs long term methamphetamine, substance P concentrations & receptor numbers in brain regions, rats, implications for psychosis & schizophrenia, 28982
alcohol drinking, methamphetamine metabolism, methamphetamine addicted adults, 22826
alcoholic beverages, methamphetamine metabolism, adults addicted to methamphetamine, 29779
ascorbic acid vs diethyldithiocarbamate & methamphetamine induced neuronal damage, milk intake & depletions of striatal dopamine & serotonin, male rats, 35800
chronic administration & withdrawal of methamphetamine vs imipramine or desipramine, duration of immobility following forced swimming, rats, 28880
D1 or D2 antagonists, methamphetamine induced sensitization assessed by locomotor & stereotyped behavior, male rats, 39409
iv methylamphetamine, mood elevation & hunger, depressed 23–74 yr olds, implications for monoamine theories of depression & appetite control, 26943
kappa receptor agonist U-50, 488H, methamphetamine vs apomorphine elicited ipsilateral circling behavior, rats with unilateral nigral lesions, 32108
lesions in suprachiasmatic nuclei followed by methamphetamine, circadian rhythms, aperiodic rats, 21643
methlenedioxymethamphetamine, morphine induced analgesia & brain 5-HT, male rats, 14910
methylenedioxymethamphetamine vs N-ethyl-methylenedioxyamphetamine, locomotor & investigatory responses, rats, 21741
repeated methamphetamine, immunoreactive TRH levels & TRH binding in brain, male rats, 25276
stimulus properties & toxicity & locomotor stimulant activity of 4-methoxy analog of methamphetamine, male rats & mice, 25227
subchronic methamphetamine, methamphetamine vs cocaine induced extracellular efflux of striatal dopamine & its metabolites, male rats, implications for drug behavioral & cross sensitization, 35837
unilateral devascularizing lesions of neocortex, responsiveness to apomorphine & methamphetamine, male rats, 35701
Methanol
serum methanol levels, alcoholic adults vs 15–72 yr old drunken drivers vs social drinkers, 36884
Methaqualone
effect of alprazolam vs lorazepam vs diazepam vs methaqualone on mood, abuse potential, recreational sedative using 18–26 yr olds, 12255
history of clinical use & illicit abuse of methaqualone, 9528
methaqualone dosages, stimulus encoding in memory scanning task, male 21–32 yr olds, 28972
Methedrine [See Methamphetamine]
Methionine
S-adenosyl methionine, switch into elated mood, 22–81 yr olds with unipolar vs bipolar disorder, 26941
S-adenosylmethionine, blood prolactin levels, 26–77 yr olds with depression, 2549
Methodology [See Also Related Terms]
accelerated vs conventional training method, discrimination of 3,4-methylenedioxymethamphetamine, rats, 25305
adjective checklist, measurement of fatigue & correlation with Eysenck Personality Questionnaire, fatigued male Army personnel, England, 13952
advantages of cross national & cross cultural studies of aging, elderly, 36190
alpha beta gamma change typology & organizational development research, commentary, 38393
alpha beta gamma change typology & organizational development research, commentary, 38410
analytical techniques for chemical identification of sex pheromones & their biosynthetic pathways, moths, conference presentation, 39130
anesthesia with vs without surgery vs sham surgery vs microinjection of phosphate buffered saline in nucleus basalis magnocellularis, impairment of passive avoidance responses, male rats, 21690
anthropological ethnographic methodology, organization development research, 27950
anxiolytic drugs used in surgical or situational stress paradigms, literature review, conference presentation, 28945
apparatus & techniques for repeated & undisturbed blood sampling & activity assessment, rats, 32025
application of indigenous pagtatanong-tanong research method to cross cultural studies, ethnic minority groups, Philippines, 39745
application of survey methodology to different disciplines & survey data quality & errors, 10547
application of time series method to field study of advertising repetition, falsification of laboratory research on attitudes, liquor users, 24454
assessment of cognitions in outcome studies of marital therapy using communication skills training vs cognitive techniques, commentary reply, 16432
assessment of dependence differential in power imbalance at exchange network level, college students, 25859
assumption of consistency in psychotherapy, treatment methodology & outcome of psychotherapeutic experiments, 2313
attrition & testability of Ss in research & methodology, Alzheimer's disease patients, followup study, 7024
automatic computer analysis, examination of stages of sleep wakefulness, male cats, 28648
baseline conditional emotional response procedure, detection of delay conditioning & incubation & extinction & spontaneous recovery, rats, 3930
behavioral observation vs self vs peer ratings & other theoretical & methodological influences, self confidence & popularity & athletic skill measurement, female 10th–12th graders in team sport, 38581
behaviorist methodology for interpretation of psychophysiological responses, conference presentation, 4203
beliefs about nature & epistemology of discourse, research style & methods, 4 authors from different disciplines, 21855
caffeine vs amphetamine, locomotor stereotypy in open field assessed by new statistic, male rats, 28931
categorical vs dimensional approach in clinical trials of affective & cognitive drug effects, conference presentation, 40774
cognitive behavioral methodology, measurement of influences on consumer behavior, 6975
cognitive self statements assessed by video assisted recall vs thought listing during marital problem solving, distressed couples, 16441
cognitively based method, evaluation of computer aided design task performance, implications for software utility in architectural design, 24330

combined constant stimuli & free number magnitude detection methodology, evaluation of odor detections at low intensities, 18–60 yr olds, 38568
commercial use of conjoint analysis, research suppliers, 1971–80 vs 1981–85 survey, 41565
components of & methodology for control theory, assessment of behavior, living & nonliving systems, 10522
computation of interrater reliability coefficients when rating one stimulus, 24695
computer program for online scoring of electrodermal activity, 7747
computerized pool of 16,109 Spanish words & statistical analysis of objective & subjective characteristics of words, verbal learning & memory research & comparison with English databases, 10825
computerized tail suspension test, measurement of escape & immobility responses to different psychotropic drugs, male mice, 25313
concept mapping methodology, planning & evaluation of program for integrating computer technology into conventional education, pubic school teachers, 31058
concepts & methodologies used in stress response research, 32906
conceptual & methodological issues in comparative studies of psychotherapy & pharmacotherapy, 2180
conceptual systems framework & methodological criteria for family therapy process research, 26863
conditioned emotional response procedure, detection of excitatory delay & trace conditioning, rats, 423
confirmatory factor analysis of method variance in multitrait multimethod studies of self reported affect & perceptions at work, 31744
consensus & controversy in psychotherapy research, 19808
contribution of relativity & complementarity & indeterminacy physical science concepts to psychological relativity paradigm, 14023
critical incident technique, classification of problems & counseling response, high school counselors, 27798
current developments & methodological trends in psychiatric diagnosis & medical classification, conference presentation, 5108
demographic & methodological differences in self report studies on prevalence of drug addiction, college students, US vs Canada, 40267
descriptions vs EOG & other recording methods, research in development of conjugate eye movements, infants vs adults, 8058
development of standardized mental activation test, stimulation of EEG activity & differentiation of waking vs drowsiness & assessment of behavioral responses, 4071
development of standardized pattern for repeated administration of antidepressants, animals, implications for clomipramine induced antinociception in mice, 11214
dietary restraint coded as continuous vs categorical variable, college students, 17641
dual task methodology, measurement of sex differences in intrahemispheric organization for language vs praxic functions, college students, 28612
dynamics & problematics of "member validation procedures" & corroboration of accounts, psychiatric emergency team members vs researchers, social science research implications, 17535
empirical statistical method for cross level & multilevel analysis in organizational research, 24697
epidemiological methods in use of age as independent variable, developmental psychopathology & behavior change research, 24542
epistemological & ontological issues & validity, methodology for cooperative experiential inquiry in human sciences, 24541
errors-in-variables vs regression models & other methodological considerations, measurement of experimental change, 24685
evaluation of ACORN classification for assessment of social environment, participation in sport & leisure activities, adolescents, 4745
evaluation of quality & usefulness of longitudinal studies, 3529
event history & logit & tobit analyses of demographic variables, court processing & sentencing, DWI offenders driving on revoked license, 12253
experimental methodology, study & control strategies for parasitic infections & risk behaviors in human ecology & sociocultual environment, 40422
experimental semantics methodology, lexical definitions of "prejudice" & "alcoholic", 35959
experimental vs analytical vs case studies, evaluation of social programs, 24
experimental vs nonexperimental partial correlation methods, control for causal order & spuriousness in assessment of psychotherapeutic effects, 2311
exposure to audiotapes depicting social rejection vs achievement failure as induction procedure, assessment of personality event interaction model of depression, college students, 15543
face to face survey vs telephone resurvey, data collection, elderly residents, 3532
facet analysis interpretation of multitrait multirater method of analyzing job performance evaluation data, soldiers, Israel, 34993
factors affecting decision to leave abusive relationship, limitations of research methodology & theoretical models, 1841
field methodology for evaluating discomfort glare from automobile headlights, headlighting & vision experts & volunteers, 6951
functional measurement methodology, assessment of attention to number of alternative vs target outcomes in probability estimation, 1st & 3rd & 5th graders, 39483
fundamentals of clinical research in psychiatric training, 37979
ganzfeld stimulation in general ESP task, 17–63 yr olds, 21005
geographical case plotting vs population screening vs electoral ward incidence rate, identification of areas with high rates of child abuse, England, implications for intervention program funding, 29698
guidelines for clinical research methodology in psychosomatic medicine, 9049
history & assumptions & methodology of ethnography in educational anthropology, mathematics education research, 6641
hypnagogic vs hypnopompic imagery transformations, sleep, implications for research methods, 21328
hypothesis formulation & confirmation, qualitative vs quantitative studies, 36
images of humanity reflected in theoretical & methodological evolution of psychology, 21015
implicit learning independent of awareness & methodological problems in experimentation, commentary reply, 38921
inconsistencies among neuroimaging & electrophysiological & postmortem evidence for neurological basis of dyslexia, implications for cognitive measures, 26386
individual & interviewer factors, reporting of drug usage in national survey, adolescents, 1984, 4711
informant's affective symptoms & time since death, quality & quantity of data in psychological autopsy, parents & siblings & peers of 13–19 yr old suicide victims vs suicidal inpatients, 12099
infrared latched photocell circuit device, monitoring of discrete ambulatory & stereotypic behaviors, animals, 10531
integral transform invariances & Lie group theory, representation of invariant visual patterns in recognition research, 7224
interactive effects of social competence & other personal & environmental variables, effect of playground design on play behavior, children, 18527
interpretation & methodological issues in E. C. Trautman's research on suicidal fit, Puerto Rican adolescents & adults, US, implications for mental health programs & research, 22774

intershaft wing removal, judgment of Mueller-Lyer illusion line length using comparison vs independent judgment procedure, college students, 38780
interval histogram vs power spectrum measurement of EEG & EOG & EMG, identification of nocturnal sleep stages, adult males, 18109
judgment of prototypical traits vs estimation of percentage of group members processing trait, assessment of sex & occupation stereotypes, college students, 25803
labial coarticulatory activity & jaw coarticulation, methodological problems in data collection, nonfluent aphasic patients, 23057
lack of conceptual & operational clarity about stress & strain & coping behavior & style, problems in coping & occupational stress research, 34955
Law of Initial Values & psychophysiology, implications for experiment methodology, 28678
limits of falsificationism & need for interpretive approach to consumer behavior research, commentary, 20944
magnetic resonance imaging technique for measurement of brain & CSF & other intracranial cavity volumes, 20–60 yr olds, implications for aging, 24534
Marxist-Leninist theory of cognition as origin & contemporary problems & understanding, cognitive psychology & its methodology, 35049
measurement methodology, evaluation of effects of occupational accident prevention programs, Finland, conference presentation, 10408
measurement of response specificity & sensitivity to multicomponent pheromones & odor quality, male moths, conference presentation, 39143
mental algorithms & their implementation, methodology for understanding cognition, humans, includes 22 commentaries & reply, 291
method & apparatus for automatic voice quality measurement using phonetography for registration of voice dynamic range as function of fundamental frequency, voice patients, 16014
method for measuring food competition, primates, conference presentation, 10962
method for psychobiographical analysis of personal data, 5013
method for study of feeding behavior, fruit flies, 39047
method for studying color-form responses in visual perception, adults, 3724
method using item cohorts with equivalent behavioral difficulty, within S comparisons of multiple treatment effects on nonacademic behaviors, 17540
method using multiple scores & measurement error & nontest data, determination of special education eligibility, elementary school students, 24125
methodological & interpretational issues in research on aging & risk of depression, elderly, commentary, 2060
methodological & interpretive issues in social learning family therapy, aggressive school age children, commentary, 12763
methodological approaches to assessment of prevalence of psychiatric disorders, 1950s to present, literature review, 8487
methodological aspects of human corticotropin releasing factor stimulation test, ACTH & cortisol secretion, 21–35 yr old healthy males, 35661
methodological barriers to development & evaluation of AIDS prevention programs, adolescents, 16313
methodological characteristics in studies on influence of interpersonal factors on premarital contraception, 13–24 yr olds, 1970–84, literature review, 36354
methodological considerations in study of etiology of delinquency, 36722
methodological critique of research on healthy family functioning, literature review, implications for family therapy, 36290
methodological flaws in studies on effects of exposure to sexually violent erotica, commentary reply, 12161
methodological flaws in studies on effects of sexually violent erotica on sexual arousal & rape perceptions & subsequent aggressive behavior, commentary, 12162
methodological guidelines for assessment of RT, 7287
methodological issues & use of multiple analytic tools in social network analysis, 28162
methodological issues in Black racial identity counseling psychology research, 37750
methodological issues in Black racial identity counseling psychology research, commentary, 37754
methodological issues in smoking cessation evaluation studies, 37879
methodological issues in social support & social support network & health status research, literature review, 8455
methodological issues in study of long term effects of sudden bereavement due to death of spouse vs family's loss of child, commentary, 33583
methodological issues in use of I. Ajzen & M. Fishbein's expectancy value model of attitudes, college students, UK & Europe, 25924
methodological issues, interpretation of research on alcohol consumption during pregnancy & fetal alcohol syndrome in infants & children, conference presentation, 12263
methodological issues, marital violence research, 15878
methodological issues of Black racial identity formation, implications for counseling, commentary, 37756
methodological issues, therapist interpretation research in brief psychotherapy, 19825
methodological problems & scientific criteria, studies of long range effects of childhood sexual experiences, literature review, 36763
methodological problems, determination of risk for abuse, handicapped & developmentally delayed children, 33247
methodological problems in natural history vs treatment outcome research, treated vs untreated alcoholic patients, commentary, 30840
methodological problems, measurement of emotional state dependent learning & recall, 353
methodological problems, study of psychosocial influences in AIDS onset & course, 40435
methodological problems with aptitude treatment interaction research, identification of characteristics related to treatment outcomes, therapy clients, 2254
methodological shortcomings & bias in research, smoking & health & cancer, 9231
methodological strategies for research in rehabilitation counseling, practitioners, 2864
methodological technique, measurement of correlation of hyperactivity & conduct disorders, 4–15 yr olds with mental disorders, 33014
methodologies for analysis & aggregation of single case data, evaluation of family service agencies, 14206
methodologies for behavioral system analysis, 35074
methodologies for measuring effects of drugs on motor vehicle driving, 11244
methodologies in empirical studies of mystical experiences, literature review, 32614
methodology & cognitive/behavioral theories, investigation of sex differences in psychopathology & understanding of depression in females, commentary, 29601
methodology & content analysis of organizational behavior modification in business settings, 1971–78, literature review, 31385
methodology & content of organizational behavior management research in private sector business & industry, 1978–86, literature review, 31426
methodology & findings of formal vs everyday reasoning studies, literature review, 28293
methodology & usefulness & purpose & tools of person centered psychodiagnosis, 36565
methodology for assessment of comprehension of leisure & access to & constraints on leisure time & behavior & attitudes toward division of domestic labor, female adults, UK, 7000
methodology for assessment of conviction & commitment, commentary on conference presentation, 39924
methodology for conversion of California Psychological Inventory 1957 protocols to 1987 norms & variables, 21105

methodology for etiological causal inference in psychiatric research, 1502
methodology for quantification of development of dominance hierarchies, sparrows, 31957
methodology for research in content specific cognitive changes during mathematics instruction, 6691
methodology for study of psychocultural dimensions of child adult interaction, adults, India vs Sweden, 36401
methodology in measurement of touch & gesture emotional expression & requirement for 2 dimensional freedom of movement, commentary, 38945
methodology in outcome & followup of residential treatment & psychiatric hospitalization, 3–21 yr olds, 27230
methodology in stepfamily research, relationships with stepparents & noncustodial parents, adult children from stepfamilies, commentary reply, 15284
methodology in stepfamily research, relationships with stepparents & noncustodial parents, adult children from stepfamilies, commentary, 15304
methodology, interactive strategic knowledge acquisition tool, 17426
methodology of articulation data collection & importance of motor processes, aphasic patients, commentary, 22960
methodology of human individuality theory, explanation of individual personality differences due to natural or biological factors, application of findings by P. K. Anokhin, 36496
methodology to assess dangerousness, clinicians in criminal justice system, 2974
methodology to determine incidence of mental illness, homeless, commentary, 8757
methodology using relative sensitivity of direct vs indirect perception indices, measurement of perception without awareness in lexical decision & temporal duration judgment tasks, college students, 21201
methods & validity & reliability of estimates of prevalence rates of pathological gambling, 35113
methods for studying sexual behavior & knowledge & attitudes related to AIDS transmission, 12477
modification of Delphi method, assessment of perception of future, 10–12 yr olds, 4700
multidimensional studies of Munsell color solid perception, 10730
multiple Es, preferences for broods of 3 vs 6 vs 9 ducklings, mallard ducklings, 7598
network analysis with triangulation strategy, social relations, biomedical scientists, 35
neurodevelopmental evidence for basis of dyslexia, commentary, implications for consistency of laboratory methods, 26402
nomothetic & idiographic self investigation techniques, study of general & particular perspectives of personal meaning, implications for personality psychology research, 25923
numerical taxonomy methods, description & classification of sounds, humpback whales, 3987
objectives & design of field trial studies, Mental Behavioral & Developmental Disorders chapter of International Classification of Diseases 10th revision, 8493
optical method for producing 2 identical stimuli moving in opposite directions, 14296
oral contraceptive discontinuation, Black vs White 15–19 yr old females, illustration of survival analysis methodology, 39474
organizational case studies as natural experiments, methodology of objectivist research, 27947
origin & influence of alpha beta gamma change typology & organizational development research, commentary, 38459
persistence of disease model vs learned behavior paradigm & impact on methodology & scientific validation, 31–61 yr olds with history of drinking problems, implications for future of disease model, 22790
personality paradigms to personality in action, personality theory & research, 25911
physical limitations & consent forms & availability of test instruments & other methodological issues, gerontological nursing research, 37627
pool of words with unique 2 letter fragments, applications for word fragment completion tests, 10533
positive social reinforcement, vocalization assessed by experimental analysis of behavior methodology & operationalization of reinforcement definition, infants, 15206
predictive value of "suicidogenous" factors, suicide prediction, suicide patients, 26213
preferential looking paradigm, assessment of noun & verb comprehension, 2.7–6.8 yr olds with cerebral palsy or other motor impairments & low receptive language skills, 36987
prestructured diary of everyday life experiences, assessment of relationship happiness, 20–35 yr old spouses & couples living together, 32646
problems in conducting AIDS research & impact of sociocultural setting & methodology, developing countries, 40348
problems in epidemiological sampling & measurement of mental disorders, homeless adults, 33196
problems in psychiatric diagnostic criteria & practices & applications to genetic research, family members with psychiatric disorders, conference presentation, 1725
problems of design & methodology in long term followup studies of schizophrenia, literature review, 29598
procedure for estimating optimal segmentation of EEG records, application to detection of drug effects, 7679
process product research, teaching, literature review, 31049
proper vs improper usage of statistical comparisons between racial groups in research, Blacks vs Whites, 14053
protein binding vs radioimmunoassay techniques, cortisol estimation following DST, psychiatric patients, 22627
psychoanalytic theory, implications for research methodology, 31515
psychometrics & methodological & statistical problems, assessment of memory disorders with rating scales, conference presentation, 38616
psychophysiological experimentation by E. I. Boiko on inner speech, 724
psychophysiology as methodology for study of physiological correlates of behavior, commentary, 7728
psychotherapy vs pharmacotherapy treatment effects & goals, methodology in comparative studies, 5856
qualitative approach vs scientific method, speech pathology research, commentary, 12318
quantitative assessment of smooth pursuit eye movements, patients with schizophrenia or affective disorders, 22500
ranking & pair comparison methods, measurement of social orientations, adults, 36450
realism, conceptual & methodological foundations of social psychology research, 1342
reassurance that all market research survey questions need not be answered, rate of uninformed responding, managers, 20935
recall & recognition estimates of social network size for neighborhoods & relatives, adults, 15448
receiver operating characteristic analysis, evaluation & accuracy of DST, 26132
recovery characteristics of beta flexible clustering method, 31730
research action techniques, assessment of risk factors & development of preventive measures & policies, children, France, 5907
research method innovations & role of humanistic psychologists, study of humans as self determining active agents, 24523
research methodology in studies of marital therapy utilizing communication skills training vs cognitive techniques, commentary, 16434
research methodology in studies on effects of exposure to sexually violent erotica, commentary, 12166
research methods in school psychology, literature review, 3320
retrospective vs traditional pretest/posttest self report techniques, evaluation of life skills substance abuse prevention program, Black 7th graders, 3332
role of contextual factors in behavioral assessment, children & families, implications for classical experimental approach, 39461

role of science & theory in methodology of social psychology research, 1341
running wheel vs Automex measures, free running circadian rhythms, blinded female rats, 696
scientific method vs qualitative approach, speech pathology research, 12321
scientific methodology of psychoanalysis, 33754
search coil quantitative measurement of smooth pursuit eye movements, schizophrenic 22–52 yr olds, 19156
selection of units of study in psychotherapeutic process research, literature review, 2309
single case vs group data, determination of structure of normal cognition, brain damaged patients, commentary, 26590
single patient studies vs bootstrapping model, formation of normal cognitive processes models from disordered population research, commentary, 25974
single patient vs group methodology, inferences about normal cognition from brain damage research, commentary reply, 26579
social cognition theory & methodology, perspectives on clothing & human behavior, literature review, 32810
special education research methodology, conference presentation, 20637
specific word transfer, measurement of processing in word superiority paradigm, college students, 31880
standard paper questionnaire vs DISKQ survey method, adults, 3533
standard vs nonstandard printed poetic formats, pause reports in poem reading, French vs American English speakers, erratum, 35948
standard vs nonstandard printed poetic formats, pause reports in reading of poem, French vs American English speakers, 7955
standardized olfactometries & methods for studying olfaction & olfactory disorders, Japan, 31772
status method, reporting client outcomes of community services, mentally ill, 13048
strategies & guidelines for measuring group counseling outcomes, 10th–12th graders, 10249
structured diary approach, assessment of everyday experiences & marital relations, spouses & couples living together, commentary, 32634
subjectivity & Q methodology in interbehavioral psychology, 34
survey methodology, assessment of frequency of behaviors, psychologists, commentary, 26792
survey methodology, assessment of frequency of behaviors, psychologists, commentary reply, 26804
susceptibility to stress induced cardiovascular hyperactivity & essential hypertension, Black vs White adults, methodological implications, 16020
teacher & peer evaluations & direct observations & psychological testing, multisource assessment of depression & affective disorders, school age children, 1961–85, 11979
teaching of methodologies of disciplines, gifted students, 34780
technique for monitoring & analyzing angular displacement of human torso, implications for health care studies & job ergonomics, 41490
technique for recording temporal & spatial aspects of gait, rats, 17936
technology for measuring oral sensation & oral form discrimination, 5–8 yr olds, commentary, 15055
temporal vs episodic narrative techniques in life history interview about marital separation, White 36 yr old divorced & Puerto Rican 24 yr old working class females, methodological implications, 1235
theoretical & methodological developments in coping research, West Germany, 5052
theoretical & methodological factors in research on form & magnitude of relationship between age & job satisfaction, 21–61 yr old female nurses, 27943
"thick comparison" & G. P. Murdock's approach, cross cultural human self awareness & study, 39747
thought listing vs inventory approaches & sequences vs frequency counts & task difficulty effects & reactivity of thought listing, college students, implications for cognitive assessment, 24537
time interval production as analog of peak procedure used with rats, college students, implications for scalar timing & Weber's law, 21206
time of day & day of week, response rates in telephone survey, 32–45 yr old male veterans, 14068
time resolution of clocks & RT measurement, formulae for correction of bias of mean & variance of RTs, 31749
translation technique for matching equivalent infant cry terms from English & German & Japanese, native speaking raters, New Zealand & Germany & Japan, 15089
trends in research topics & animals studied, behavioral endocrinologists publishing in journal 'Hormones & Behavior', 1970–86, 4194
use & interpretation of anthropometric measures in study of adaptation to childhood malnutrition, comments on D. Seckler's "small but healthy" hypothesis, 33467
use of continuous discourse tracking in across S vs within S design in speech recognition testing vs aural rehabilitation, 3787
use of nonparticipants in data collection & research design, organizational researchers, 31541
use of self generated identification codes in longitudinal studies of adolescent substance abuse, 9–21 yr olds, Ireland, replication & extension, 36837
utility of empirically based actuarial systems, prediction of violence, 12117
utility of longitudinal vs cross sectional vs mixed methodology, developmental research, 7020
validity & reliability of modified variable image video system, assessment of body image, obese vs normal weight vs pregnant adults, 26580
validity of assumptions about principles of BP reactivity, hypertensive vs normotensive adults, 12367
validity of device using electronic calculator, measurement of ambulatory activity, mice, 21031
validity of visual display terminal legibility test, users with normal vision, Sweden, 38480
voltage vs current clamp recordings of taste cell receptor responses to sucrose vs sodium chloride, mice, 7688
word perception & symbolic & semantic processing, development of methodology for determining brain neuron electrophysiology & spatiotemporal organization, adults, 18095
1 trial memory test based on exploration of familiar vs new objects, male rats, 24941
5 step method for analyzing videotaped human actions, 14055

Methoxamine
intrahippocampal isoproterenol vs methoxamine, activity & exploration, male rats, 32202
methoxamine as UCS in cardiovascular classical conditioning, BP & bradycardia & heart rate, rabbits, 11228
repeated imipramine vs citalopram vs mianserin & methoxamine, behavior in open field test, rats, 32236

Methyl Alcohol [See Methanol]

Methylatropine [See Atropine]

Methyldopa
early postnatal clomipramine vs alpha methyldopa dosage, radial maze learning & problem solving & sexual performance & sleep wake patterns, adult male rats, 35795

Methylmorphine [See Codeine]

Methylphenidate
amphetamine vs methylphenidate, prediction of antidepressant efficacy, depressed patients, 16593
amphetaminil vs methylphenidate vs clorotepin, motor activity & attention, hyperkinetic children, conference presentation, 2560
behavioral rebound effects to methylphenidate, 4–10.8 yr old males with attention deficit disorder, 23406
childhood methylphenidate treatment for hyperactivity, final height attainment, male 16–23 yr olds, 11 yr followup, 19969
chronic dextroamphetamine &/or methylphenidate, locomotor activity, male BALB/cBy mice not stimulated by acute dextroamphetamine, 32232

clinical trial of methylphenidate vs placebo, parent & teacher treatment attitude & compliance & behavior ratings, children with attention deficit disorder, 40763
cognitive behavior therapy with vs without methylphenidate treatment, attribution, 5.7–11.9 yr olds with attention deficit disorder, 33682
dose of methylphenidate, maternal use of commands & child's compliance, 2.5–4 yr olds with attention deficit hyperactivity disorder & their mothers, 12825
doses of methylphenidate, operant key pressing behavior, 6–10 yr olds with attention deficit disorder with hyperactivity, 30431
electrodermal lability, effects of stimulus presentation rate & methylphenidate on prediction of paired associate learning, hyperactive male 8.2–12 yr olds, 5383
etiology & clinical features & utility of methylphenidate &/vs other treatments, children with attention deficit disorder & hyperactivity, literature review, implications for social work, 16118
haloperidol vs placebo prior to methylphenidate vs placebo, performance of vigilance tasks, hyperactive 5.3–10.2 yr old males with attention deficit disorder, implications for dopaminergic action, 23422
methylphenidate & background illumination, smooth pursuit eye movements, 8–12 yr olds with attention deficit disorder with hyperactivity, 26456
methylphenidate & secobarbital vs diazepam & diphenhydramine, male abstinent alcoholic 40–64 yr olds, 19377
methylphenidate &/vs meclizine, reading ability & developmental dyslexia, 8–13 yr olds, 16561
methylphenidate, cyclosporine associated organic mood disorder following lung transplant, 42 yr old female, case report, 30424
methylphenidate, development of florid psychotic disturbance, 6 yr old male with attention deficit disorder with hyperactivity, case report, 12829
methylphenidate dosage, attention & impulsivity & physiological responses, Black 12.8–14.8 yr olds with attention deficit disorder, 6121
methylphenidate dosage, attention & information processing, male adults with minor depression &/or personality disorder, 9491
methylphenidate dosage, behavior regulation & impairment of reading, children with hyperkinesis or attention problems, implications for teachers, 2463
methylphenidate dosage, cognitive & academic & behavioral measures, 7–13.1 yr olds with attention deficit disorder with hyperactivity, 16554
methylphenidate dosage, cognitive & behavior performance, 7–13 yr olds with attention deficit disorder with hyperactivity & developmental reading disorder, 12873
methylphenidate dosage, heart rate, 6–12 yr olds with attention deficit disorder with hyperactivity, 9534
methylphenidate dosage, impulsivity & performance on Matching Familiar Figures Test in school & clinic settings, 6–10 yr olds with attention deficit disorder with hyperactivity, 12901
methylphenidate dosage, reading achievement, hyperactive reading disabled 7–13 yr olds, 12903
methylphenidate dosages, response rate in FI schedule of reinforcement & delay of reinforcement gradient, rats, 14931
methylphenidate, elderly patients with poststroke depression, 6160
methylphenidate, heart rate & BP, Black 12–14 yr old males with attention deficit hyperactivity disorder, implications for treatment monitoring with Black clients, 37484
methylphenidate, height & weight changes, hyperactive 6–12 yr olds, 2 yr study, 19968
methylphenidate hydrochloride, interpersonal learning, hyperkinetic 8–12 yr olds, 23356
methylphenidate hydrochloride, subjective mood report, 6.6–12.5 yr olds with attention deficit disorder, 27023
methylphenidate, imipramine binding to platelets, 7–11 yr old males with attention deficit disorder & hyperactivity, 2564
methylphenidate, learning of complex visual relationships & school performance, 6–12 yr olds with attention deficit disorder with hyperactivity, 30528
methylphenidate, left vs right hemisphere processing of tachistoscopically presented word pairs, 6.1–16.3 yr olds with attention deficit disorder, 6164
methylphenidate, mutism, male 29 yr old with catatonic schizophrenia, case report, 37500
methylphenidate or dextroamphetamine, psychiatric symptoms, 23–53 yr olds with AIDS Related Complex and cognitive impairment, conference presentation, 19955
methylphenidate, peer perceptions, 6.3–12.4 yr olds with attention deficit hyperactivity, 40813
methylphenidate, self paced paired associate learning, 7–12 yr olds with attention deficit disorder with hyperactivity, 37490
methylphenidate, striatal blood flow, 6–15 yr olds with attention deficit & hyperactive disorder with vs without other CNS dysfunction, 26981
methylphenidate, test performance & P3b wave of EPs, 6–12 yr olds with attention deficit hyperactivity with vs without aggressive/noncompliant features, 12872
methylphenidate, urinary catecholamine excretion & behavior, male 6–12 yr olds with attention deficit disorder & hyperkinesis, 6208
narcoanalysis using amobarbital & methylphenidate, chronic conversion symptoms, 34–61 yr old patients, 6151
placebo vs methylphenidate, self evaluations of & attributions for task performance, 7.1–11.8 yr old males with attention deficit & hyperactivity, 40787
premedication time on task & methylphenidate dosage, on task behavior, 6–11 yr olds with inattention & impulsivity & overreactivity, 27001
ritalin dose, mother child interaction, hyperactive 3.7–10.1 yr olds, 33992
sleep deprivation &/or methylphenidate, mood & behavior ratings, adults with obsessive compulsive disorder, conference presentation, 9303
urinary phenylacetate & methylphenidate response, depressed adult inpatients, 11912
Methysergide [See Serotonin Antagonists]
Metrazole [See Pentylenetetrazol]
Metropolitan Readiness Tests
sustained attention assessed by Continuous Performance Task & relation to PPVT-R & Metropolitan Readiness Test, prediction of academic readiness, kindergartners, 3310
Mexican Americans
acculturation & counselor ethnicity & directive vs nondirective counseling style, attitudes toward & willingness to see counselor, Anglo vs Mexican American college students, 27171
acculturation, drinking & alcohol related problems, adult Mexicans vs Mexican Americans, US vs Mexico, 15904
acculturation, sociocultural adjustment to school & academic achievement, 13 yr old male Mexican immigrant student, implications for intervention program, 13526
acculturative stress & individual stressors, depressive symptomatology, 17–49 yr old married Mexican immigrant females, 1694
alcohol drinking patterns, adult immigrant vs later generation Mexican American females, 1328
alcohol problems & attitudes, adult Texan vs Californian Mexican Americans, 22779
analysis of language samples for acquisition of 10 morphemes, Mexican American monolingual Spanish speaking 2–4.7 yr olds, 36059
assessment & counseling method sensitive to familial & ethnic context, Mexican American college students with depression or anxiety, 2752
cognitive abilities & styles associated with bilingualism, K-ABC scores, Mexican American 1st–2nd graders, 18526
construct validity & factor analysis of acculturation index & self concept component, 17–93 yr old Mexican Americans, 35155

cultural bias of Social Behavior Assessment Scale, Anglo vs Mexican American 1st–3rd graders identified by teacher as behavior disordered, 10258
cultural influences & values, clothing choices & appearance, 28–32 yr old Mexican American females, 36242
culture specific concept of nerves or "nervios", interpretation of schizophrenic family members, Mexican American vs Anglo American adults, 11983
demographic & socioeconomic variables & intraregional migration in 5 southwest states, Mexican Americans, 36252
demographic characteristics, preference for Spanish language radio vs TV, Mexican Americans, 21834
differential item structure of Life Satisfaction Index, Mexican American young adults vs middle aged vs elderly, 110
drinking patterns & alcohol problems & attitudes toward drinking, Puerto Ricans vs Cuban vs Mexican Americans, US, 15903
emotional & symbolic meanings of "nervios" & family relations & understanding of mental disorders, Mexican American families with schizophrenic relative, 26101
ethnic & national origin differences, lifetime prevalence rates of anxiety disorders, US born Mexican American vs non-Hispanic Whites vs immigrant Mexican Americans, 29566
ethnic identity & self esteem & experiences, Mexican American 12–17 yr olds adopted by White vs Mexican American families, 22164
ethnic loyalty, adult Mexican immigrant females, US, 1195
extended family relationships, Mexican American vs Anglo single mothers, social program implications, 15312
factor structure of Center for Epidemiologic Studies Depression Scale, assessment of depressive symptomatology, 20–74 yr old Mexican Americans, 31599
factor structure of Protestant Work Ethic scale, Anglo vs Chicano vs Mexican American college students, 7119
factor structure of WISC-R, Anglo vs Mexican American school age children, 17584
family life & relationship satisfaction, Anglo vs Mexican American parents & adolescent family member, 15210
family planning needs & values & birth control methods, Mexican American females & health care professionals, 1218
field dependence & independence & MA & linguistic & sociocultural variables, reading recognition & comprehension, Mexican American 7–8 & 10–11 yr olds, 27621
folk remedies & modern medicine, elderly Mexican American females, 37648
friendship network during 1st yr of single parenthood, Mexican American vs Anglo mothers, 15313
gender differences in depressive symptoms, non-Hispanic Whites vs Mexican Americans born in US vs Mexico, 15689
general & medical health & social & community service utilization, Mexican American vs non-Hispanic Anglo patients, 9667
Hispanic cultural diversity, rehabilitation counseling, implications for rehabilitation counselor education, 27437
hostility, smoking & alcohol consumption, Mexican Americans, 22298
interaction patterns & acculturation & prediction of progress toward vocational potential, Mexican Americans with disabled family member, 39997
intergenerational differences in factor analysis & factor structure of Center for Epidemiologic Studies Depression Scale, Mexican Americans, 38704
intracultural communication rules & outcomes, Mexican American vs Black vs White college students, 22325
life role status, personal & professional role satisfaction, Mexican American females, 31450
materialistic & altruistic & personal & goal oriented wish related preferences, Mexican American vs Anglo American school age children, 39612
mental health, Mexican immigrant females, US, bibliography, 1546
MMPI administration in Spanish vs English & age & sex, test scores, Mexican American vs Anglo adults, 15559
mother child interactions, immigrant & native born Mexican American mothers & their epileptic 4–10 yr olds, 12352
needle sharing behaviors, Mexican American iv drug users, implications for AIDS prevention, 1888
normative data for Spanish version of Test for Auditory Comprehension of Language, monolingual vs bilingual Mexican American 4–8.9 yr olds, US, 7192
perception that high female achievement threatens Chicano males, psychological distress, female Mexican American college students, 15264
performance on WAIS & Wide Range Achievement Test, Mexican American 16–22 yr old male high school students with learning disabilities, 17655
prevalence of major depression or dysthymia or anxiety, Mexican American males vs females, 33074
PTSD & symptoms of depression & anxiety & somatization & generalized distress, immigrants from Central America & Mexico vs native born Mexican Americans vs Anglos, 40079
racist bias in early psychological testing in Rocky Mountain region, Mexican American children, 1032
rates of sexual intercourse & pregnancy & live birth & abortion, Mexican American vs White 13–19 yr old females, 36108
reported romantic & sexual relationship & sex education & birth control use & reactions to pregnancy, presently or recently pregnant Mexican American vs White 13–19 yr olds, 15158
role making & conjugal relations & discrimination & resulting stress, married working class female Mexican Americans, 8313
self perception of talent & creativity, Mexican American 3rd–8th graders, 32512
self reported suicide ideation & attempts, 18 yr old & older Whites vs Mexican Americans born in Mexico vs US, prevention implications of immigration, 26305
self vs physician assessment of health & somatization, Mexican American vs Puerto Rican vs Cuban 6 mo through 74 yr olds, 33460
SES & acculturation & religiosity, reproductive attitudes & behavior, Mexican American females, 1298
sociopsychological & school & demographic factors, dropout behavior, Chicano vs Cuban vs Puerto Rican vs non-Hispanic White high school students, 34701
status of Texas school counseling services for Mexican American elementary school students, counselors, implications for cross cultural techniques, 41367
time between work related psychological or physical injury & vocational rehabilitation referral, depression & self esteem & dependency, Mexican American industrial workers, 27267
translations of PPVT-R into Castillian Spanish & noun process, Puerto Rican & Mexican American children, commentary, 21045
use of FACES III scale based on circumplex model in therapy, Mexican American families, 33901

Mexico

acculturation, drinking & alcohol related problems, adult Mexicans vs Mexican Americans, US vs Mexico, 15904
achievement motivation & sex roles & coping style, employee turnover, female assembly line workers, Mexico, 17401
age & level of education & occupation, perceptions of mental illness, males vs females, Mexico, 1674
childrearing beliefs, mothers vs day care providers, Mexico, 15289
client expectations about counseling, 17–79 yr olds, Mexico, implications for cross cultural research, 37752
community levels of adult violence, play vs serious aggression, Zapotec 3–8 yr olds, Mexico, 4683
cross cultural applicability of Alcoholics Anonymous groups, male 33–65 yr olds, Mexico, 7 yr study, 41092
failure of government sponsored obstetrics training courses, Mayan midwives, Mexico, 6 commentaries included, 34483
history & research & specialized fields of psychology, Mexico, conference presentation, 14002

identification of needed research on perception of urban architectural & natural border environments, Mexico, 24439
infant feeding & fertility, Yucatec parents & infants, Mexico, 15290
interaction & development of paired cities along border region, Mexico & US, 24432
low level prebirth lead exposure, gestation age & ability to self quiet, neonates born to 15–38 yr olds, Mexico, 37138
management of reproduction through knowledge of medicinal plants, regulation of fertility & social autonomy, male vs female adults, Mexico, 4902
performance on Spanish versions of Woodcock Johnson Psycho-Educational Battery & WISC-R, 5th graders, Mexico, 38261
psychological thought, Aztecs, pre-Columbian Mexico, 14034
risk factors for & consequences & social epidemiology of smoking during pregnancy, adult females, Mexico, implications for prevention & health promotion programs in developing countries, 25829
sex differences, migratory behaviors & work patterns & conjugal relations, 15 yr old & older Mexican immigrants, US & Mexico, 1181
validity of Spanish version of Social Desirability Scales of Bem Sex Role Inventory, male vs female college students, Mexico, 7135
vocational interests & personality characteristics, college students & professional engineers, Mexico vs US, 27837

Mianserin

amitriptyline vs dothiepin vs mianserin, depression, psychiatric inpatients over age 65 yrs, 27021
chronic mianserin or 8-hydroxymianserin or desmethylmianserin, open field behavior & brain noradrenaline metabolism, olfactory bulbectomized rats, 7878
fluoxetine vs mianserin vs placebo, depression, 18–65 yr olds, 23428
involuntary movements associated with mianserin therapy, depressed mentally retarded 30 yr old female, Japan, case report, 26995
ketanserin &/or mianserin, passive avoidance retention, 5 vs 12 vs 22 mo old rats, 14913
mianserin, depressive symptoms, alcoholic Ss hospitalized for detoxification, England, 6537
mianserin treatment & withdrawal, pupil dilation as measure of alpha-1-adrenoceptor sensitivity, 21–64 yr olds with major depression, longitudinal study, 34077
mianserin vs chlorpromazine vs haloperidol vs ECT, DST, patients with depression or schizophrenia, Ireland, 2490
nighttime administration of trazodone vs mianserin, sleep & morning psychomotor performance & clinical improvement, depressed 18–65 yr olds, Great Britain, 9548
paroxetine vs mianserin, patients with unipolar or bipolar depression, 16603
single dose mianserin, postural hypotension, 19–37 vs 65–88 yr olds, commentary, 18284
single dose mianserin, psychomotor performance & subjective sedation & BP, 19–37 vs 67–76 yr olds, 18453
trazodone vs amitryptyline vs mianserin, depressed 60–83 yr olds, 9479
type of chronic pain & depression vs anxiety & disability vs quality of life, response to clomipramine or mianserin, patients, conference presentation, 16618

Microcephaly

methylnitrosourea induced microcephaly on Day 13 of gestation, Biel & radial arm maze learning, male infant rats, 18278
transplantation of neocortical tissue to hypoplastic posterior neocortex, morphology & open field activity & maze learning, micrencephalic infant rats, 25132

Microcomputers

advantages of local area network vs stand alone microcomputer system, undergraduate psychology teaching, 31029
age & intellectual ability, microcomputer proficiency, 49–67 yr olds, 21950
analysis of 1st experience with microcomputer, novice users, training implications, 34974
antialiasing technique & software, smoothing of jagged line on personal computer graphics images, 28041
C language functions, millisecond timing on IBM PC, 21027
computer software for microcomputer emulation of tachistoscope on Hercules display controller, 38766
development & interrater reliability of microcomputer automated system, measurement of systolic time intervals during exercise & video game task, male college students, 25115
development & operating environments for network of experiment controllers on Macintosh computer, conference presentation, 7522
electronic experiment control board, interface between S & microcomputer, conference presentation, 7030
electronic memory aid, 25 yr old memory impaired female of normal intelligence, 41023
hand held microcomputer, collection of physiological & subjective & behavioral data in valid gambling settings, adult players, 14731
IBM microcomputer procedures for programing measurement of RT with millisecond accuracy & elimination of stimulus presentation lag time, 7035
instruction in LOGO programing, learning of microcomputer terminology & commands, male vs female 3.3–5.3 yr olds, 8054
introduction of microcomputers, classroom organization & teacher student relations & group participation & curriculum, 2nd–6th grade teachers, 31067
Macintosh program, comprehension monitoring of text, 17858
MacWrite word processing program, grammatical additions & omissions & substitutions in personal correspondence, hearing impaired female adult, 37252
method for interfacing Apple IIe computer with programing modules & automated collection & analysis of animal behavior data, 10889
methodology & educational vs technological criteria for evaluation of educational microcomputer software, literature review, 27570
microcomputer aided head movement control device & training program to operate power wheel chair, mentally retarded nonvocal quadraplegic 34 & 36 yr olds, 34374
microcomputer assisted system for coding of multiple events from videotapes to common time base, 32
microcomputer assisted vs tabletop management activities, response stabilization of speech management, 3.5–8.8 yr olds with speech delay, 34135
microcomputer based game C.I.T.I.E.S., empirical research on strategic distributed decision making, 17874
microcomputer based system for generating machine & human readable numbers for recording with visual information on videotape, medical applications, 38571
microcomputer controlled measurement, spontaneous & diurnal activity rhythms, small animals, 21666
microcomputer controlled system, measurement of startle response to acoustic stimuli, animals, 18075
microcomputer dynamic modeling, level A physics instruction, high school students, 27594
microcomputer in classroom, self selected activity preferences, preschoolers, 3222
microcomputer in preschool classroom, free play choices & social interaction in large vs small classes, male vs female 4.2–5 yr olds, 3235
microcomputer measurement of responses in operant conditioning experiments, 339
microcomputer skills training program, physically disabled 22–67 yr olds in rehabilitation, 34356
microcomputer system, scoring of College Level Examination Program, college students, 31285
microcomputer technology in dedicated augmentative & alternative communication devices & software, computer usage, nonspeaking or disabled patients, 30798
microcomputer use & type of software in primary schools, headteachers & teachers, England, 2 yr followup, 27567

microcomputer use for instruction, classroom environment & student involvement, secondary school special education teachers, 27725
microcomputers in home &/vs school, reading & mathematics readiness & Piagetian operations & keyboard knowledge, kindergartners, 10064
paper & pencil career maturity assessment instrument programed on microcomputer, measurement of career plans, Army recruits, 13945
Pascal function for selection & display of pictures produced by Macintosh computer, applications to psychological experiments, 38572
peer interaction during & attitudes toward microcomputer use in schools, 11–12 yr olds, 27541
perceptions of Microcomputer Evaluation & Screening Assessment, vocational evaluation, rehabilitation clients, 41012
personal computer applications programs & electronic spreadsheet as productivity tool, college faculty, conference presentation, 10019
postadoption attitudes & use behaviors, innovators vs late adopters of inhome personal computers, 24452
simple IBM AT C language timer, 21028
software development systems for Macintosh, precision timing in experiments, conference presentation, 35071
software for Turbo PASCAL timing routines with 55 vs 1 msec resolution, IBM microcomputers, 28035
statistical accuracy of microcomputer vs mainframe computer programs used by doctoral students, 31539
subroutine calls for simplification of upgrading computer hardware used for psychological experimentation, conference presentation, 7044
Turbo Pascal 4.0 program for millisecond interval timing for IBM personal computers, applications for measurement of auditory RT, 38570

Microcounseling
microcounseling training, probe & reflection skills, obstetrical nursing students, 13421
statistical research on microcounseling program, counselors, meta analysis, 27385

Microorganisms
listeria monocytogenes as causative agent in meningeal encephalitic & other psychiatric syndromes, 40008
vaginal bacteria, sexual attractiveness, female rats, 21587

Micturition [See Urination]

Midbrain [See Mesencephalon]

Middle Class
descriptive & inquiry task performance related to game playing, disadvantaged vs middle class male 4th vs 8th graders, 4657
maternal adolescent interaction & class & ethnicity & sex, continuity of cognitive development following early antipoverty intervention, mothers & their 12–15 yr olds, 10 yr followup, 29055
parental divorce, short & long term impact on children, middle class families, 10 yr study, 39791
returning young adult syndrome & middle class family structure & functioning, US, 39785
role making & conjugal relations & discrimination & resulting stress, married working class female Mexican Americans, 8313

Middle Ear
acoustic middle ear muscle reflexes assessed by clinical instruments, rabbits, 35648
evaluation of tympanometric gradient measures, 3.7–5.8 yr olds, erratum, 32353
middle ear surgery, masking level difference for interaural time & amplitude cues, 17–57 yr olds, 9627

Middle East
demographic characteristics & interpersonal relationships, 60–120 yr olds in nursing home vs psychiatric hospital vs outpatient treatment, Kuwait, 9283
development of quantitative criminological model, explanation of vigilante behavior, Jewish settlers, 1982, West Bank, implications for vigilantism as community social control, 19333
DST response, depressed patients, Morocco vs Kuwait, commentary, 5142
interparental conflict regarding family relations & methods of marriage & emancipation of females, Kuwaiti vs non-Kuwaiti parents, Kuwait, 8244
prevalence & prevention of blindness & educational services, blind & visually impaired children, Middle East, 24116
principal component analysis of symptomatology assessed with Standardized Assessment of Depressive Disorders, depressed 20–66 yr olds, Kuwait, 5196
sex & death & state & trait anxiety, college students, Kuwait, 29380
sex, science & math achievement, 18–22 yr olds, Kuwait, 10109
sociodemographic characteristics in primary care center usage, 3–60 yr old psychiatric clients, Kuwait, 33195
sudden fright, culture based explanatory models of illness experiences, highland Yemen, 29477
treatment & outcome, alcoholic adults, 5 yr followup, Kuwait, 30812

Middle Level Managers
age & yrs of formal education & work values, middle managers, 27878
degree of dependence on & explicit demand for pay increase from subordinate & pay secrecy policy, pay allocation decisions, middle level bank managers, 20778
dyadic & normative accessibility to supervisor & task characteristics, middle level management personnel, 38367
human resource management issues, executive & operating level human resource managers, literature review, 41430
job satisfaction & organizational climate, junior vs middle level managers of central government departments, India, 13896
level of organizational success, coping strategies in stressful situations, middle level managers, India, 38361
Mexico's international debt crisis, attitudes & centralization of decision making & control, top & middle level managers of US companies with operations in Mexico, 24347
occupational burnout, male vs female middle managers, Israel, 34896
organizational characteristics & self esteem & personal control, attitudes toward appraisal system, middle managers, Australia, 24349
perceptions of organizational norms & personal values, community participation & personnel transfers, middle level managers, 6886
reassessment of career decisions & personal life structures, 38–49 yr old male middle managers, 31363
relationship between organization & manager initiative, intentional changes in environment & intradepartment & leadership style & personal development, 30 yr old & older middle managers, Canada, 38386
salient dimensions for success/failure evaluations of subordinates vs peers vs superiors, middle managers, Israel, 17359
sex & birth order, attitudes toward female managers, banking managers, 41425
sex & ethnicity & other demographics & Civil Service grade, time allocated to & perceived difficulty of general administrative vs supervisory tasks, state government middle level managers, 20808
structural change in category of statuses, midde level managers in contemporary public corporation, 10371
uncertainty & feasibility of management decision issue, interests, middle level managers & business students, 10358

Middle School Education
middle school counseling interventions & techniques research, literature review, 31315
need for changes in middle school education, 5th–9th graders, 27568
role in development & coordination & implementation of teacher advisor programs, middle school counselors, 34814
school organization & climate, mainstreaming in urban middle school, 20650

Middle School Students
ability & experience & perception of performance & classroom instruction, achievement in computer programing course, male vs female middle school students, 10128
career counseling, 6th–9th graders, 24245
cognitive reasoning level, achievement test scores, middle school students, 13553
communication apprehension & academic achievement, 2nd–8th graders, 20505
computer based group work, English education, primary & middle school students, 31044
creativity training, high ability 8th graders, 20451
dilemma discussion groups in drug education & prevention program, middle school students, 27555
group orientation program, school & emotional adjustment, mobile transfer 7th–8th graders, 31245
identity development & psychosocial maturity, school attendance & achievement, 6th–8th graders, conference presentation, 41279
multidisciplinary application of QUEST software, 10–11 yr old students, England, 24024
on campus suspensions, 6th–8th graders, 27637
state & trait anxiety & performance on measures of verbal & quantitative reasoning, 6th & 7th graders, 34645
time of year, use of reinforcement & corrections for mainstreamed vs general education students, middle school social studies teachers, 27671
Midwifery
failure of government sponsored obstetrics training courses, Mayan midwives, Mexico, 6 commentaries included, 34483
midwives as mediators, initiation & compliance with mental health service, mothers who had previously refused psychiatric services, 6344
reasons for resurfacing & practice & policy issues of lay midwifery, 2600
Migraine Headache
amplitude of psychogalvanic reflex, migraine & tension headache patients, 22905
assessment & behavioral & drug treatment, migraine & tension headaches, children & adolescents, 23144
biofeedback procedure based on pulse volume amplitude, heart rate & pulse transit time & skin temperature, adult migraine patients, 12782
cognitive changes, adult migraine patients in biofeedback training, conference presentation, 12800
common irrational beliefs, 18–71 yr olds with low back pain or peptic ulcers or migraine headaches, 2004
cyberphysiologic or self regulatory skills using biofeedback or imagery, immune system & white cell functioning & pain during treatment, children with migraine or cancer or hemophilia, 26914
daily self monitoring biofeedback of headache & medication intake, female 21–49 yr old migraine headache patients with vs without visual prodromes, 6078
depression & somatic complaints & trait anxiety & psychological adjustment, 8–17 yr olds with recurrent migraine headaches, 16021
EEG & other physiological & personality & psychopathology correlates, 17–60 yr olds with migraine headaches, 26653
factor analysis of Pain Behavior Questionnaire & headache activity & psychopathology, patients with chronic migraine vs tension vs combined headaches, replication, 5575
headache symptoms & characteristics, adult muscle contraction &/vs migraine headache patients, 9207
histamine induced attack, P300 EP & memory, adolescents with migraine, 19511
hypnotic treatment, headache frequency & severity, migraine patients, 2572
incidence of migraine headaches & neurodermatitis, 28 & 33 yr olds with multiple affective episodes, case reports, 5205
industrial noise vs social discomfort stressors & relaxation, psychophysiological reactions, migraine sufferers in nonheadache state, 29996
intranasal 8-arginine-vasodepressin, hypothalamus-pituitary-adrenal apparatus, female 19–42 yr old outpatients with migraine headaches, 26926
length of baseline in biofeedback &/or relaxation training research & clinical practice, 18–67 yr olds with tension &/vs migraine headaches, 16476
menstrual cycle stage & migraine crisis, platelet sensitivity to prostacyclin & serotonin content & psychological correlates, 19–44 yr old females with menstrual migraines, 9158
migraine headache as coping mechanism, 25 & 36 & 38 yr olds, 30048
migraine prevalence, depressed patients vs their 1st degree adult relatives, 11889
migrainous type visual disturbances & cerebral venous thrombosis, 30 yr old female & 52 yr old male, 30041
multiple syncopal episodes followed by headache & drug & biofeedback treatment, 14 yr old female diagnosed as having basilar artery migraine, case report, 26643
neurological migraine, prodromes, interhemispheric attentional processing & balance, adults, 19568
Nottingham Health Profile, differential diagnosis, 21–83 yr old migraine vs rheumatoid arthritis patients, 26534
postural variation, EMG & temporal artery vasomotor activity, adult patients with tension &/vs migraine headaches, 16018
prevalence of migraine & muscle tension headache, depressed 19–90 yr olds, 26127
psychological background, 18–65 yr olds with weekend headache vs common migraine, 30038
psychosocial & health behavior, 16–18 yr olds with recurrent tension & migraine headache, 22979
psychosomatic disturbances & personality traits, 6.3–17.7 yr olds with classic vs common migraines vs chronic daily headaches, 22978
psychotherapy or biofeedback of stress management programs as adjunctive treatments, emotional problems, patients with chronic headaches, 37251
relaxation training vs stress-coping training, 19–59 yr olds with migraine, 3 yr followup, 30394
relaxation training, 14–18 yr olds with tension or migraine headache, 19893
relaxation training, 9–17 yr olds with frequent migraine, 3 mo & 1 yr followups, 23334
relaxation vs stress-coping training, migraine patients, 6102
repression & self aggression, female migraine patients, 5751
Type A behavior pattern, 18–66 yr olds with migraine vs tension headache, 5765
Type A behavior, 20–67 yr olds with chronic migraine vs mixed vs tension headaches, 5670
yoga therapy, symptoms & medicine intake & perceived stress, 16–55 yr olds with migraine & tension headaches, 2201
Migration (Human) [See Human Migration]
Migratory Behavior (Animal)
acquisition of spatial memory & homeward orientation response, pigeons with hippocampal lesion with vs without induced anosmia, 4282
active or passive exposure to path, homing behavior, female hamsters with strong hoarding motivation, 21421
confinement at wintering site, autumn migratory state, dark eyed juncos, 510
dominance, migration distance, dark eyed juncos, 32011
exploration tactics & patrolling behavior in new region, fire ants, 7587
exposure to natural vs artificial magnetic fields & stars, migratory orientation, bobolinks, 38998
flock size, risk of hawk predation during migration, finches, 39041
geomagnetic & solar cues, orientation at sunset, dunnocks, Germany & Italy, 3979
geomagnetism, homeward orientation, turtles, 18017
homing & navigational movement patterns, wood mice released inside vs outside familiar area, 21432
magnetic effect orientation in homing, pigeons, commentary reply, 18051
magnetic fields & ontogeny of navigation in homing, pigeons, commentary, 18058
migration patterns, shorebirds, Guam, 14643
migratory behavior, homing adult sockeye salmon, 35539

migratory release time, distance traveled, salmon, 35498
olfactory signals, homeward orientation, young pigeons, 4050
seasonal changes, sun compass orientation system, pigeons, 580
seasonal differences, benefits & costs of intergenerational relations, barnacle geese parents & young, 28450
seasonal dominance of migratory patterns, male vs female member of swan pairs, 552
sound vs light cues, migratory orientation, ancient murrelet chicks, 395
sun & seasonal variation, migratory orientation, free flying vs caged meadow pipits, 494
sunset position vs skylight polarization, nocturnal migratory orientation, yellow rumped warblers housed singly in cages, 24993
trans-Saharan autumn migration pattern, passerines, 39026
winter indoor housing with natural photoregime, spring migration to breeding sites, male buntings, 2 yr study, 28734
winter related energy demand, mixed species flocking, chickadees & nonchickadees, 14601

Mildly Mentally Retarded [See Educable Mentally Retarded]

Milieu Therapy
art & milieu therapy & grief expression, 9 yr old male with psychosomatic symptoms whose twin brother died at birth & his parents, case report, 33739
cognitive psychotherapy & milieu therapeutic processes, hospitalized psychiatric patients, Sweden, 40993
long term milieu oriented partial hospitalization, schizophrenic patients, 16864
long term milieu oriented partial hospitalization, schizophrenic patients, commentary, 16901
milieu techniques in acute short term inpatient care, schizophrenic patients, conference presentation, 40978
organizational & functional principles in creation & maintenance of environmental milieu, psychiatric inpatients, 2853
psychotherapy vs milieu therapy vs vocational rehabilitation, psychosocial outcome, inpatients with schizophrenia, Norway, 2792
role of psychologist in long term care geriatric rehabilitation milieu, elderly with multiple chronic impairments, 34373
social role theory & existential humanistic perspective on behavior, model of milieu therapy in day treatment facility, psychiatric patients, 2808
theory of psychotherapeutic action, milieu therapists, 9304

Militancy
gender ideology & patterns of domestic labor, attitudes toward militancy & unionism, registered nurses, 37981

Military Enlistment
attitudes toward pending military conscription before vs after army preparation program, 12th graders, Israel, 10298
criterion related validity of pre-employment drug use information in prediction of job suitability, military inductees, 17458
entry into armed forces before vs after 21 yrs of age, discontinuity & redirection of life course, WWII veterans, conference presentation, 3460

Military Medical Personnel
aircraft chemical hazards & first aid for exposure, military aeromedical personnel, 20928
determinants & job satisfaction & performance & commitment outcomes of organizational climate, Navy shipboard independent duty hospital corpsmen, 34990
development of advocacy program by US Army Medical Department, alcohol or drug impaired military health care providers, 13232
psychological aspects of military aviation medicine & pilot personality traits, flight surgeon training, 17451
training for intervention near front line during combat, teams of psychiatrists treating soldiers with combat reactions, Israel, 34530
training program for recognition & management of battle fatigue, knowledge & attitudes, Army combat medics, implications for training in psychiatric patient differential diagnosis, 3009
viewing through face mask vs while immersed & water conditions & distance, detection of underwater emergency aircraft escape lighting, 21–37 yr old military medical personnel, 24443

Military Officers [See Commissioned Officers]

Military Personnel [See Also Air Force Personnel, Army Personnel, Coast Guard Personnel, Commissioned Officers, Draftees, Enlisted Military Personnel, Marine Personnel, Military Medical Personnel, Navy Personnel, ROTC Students, Volunteer Military Personnel]
ability & motivation, team effectiveness, 3-man military teams, Israel, 20929
acute stress, performance in military training vs team task & development of stress consequences model, military trainees, 13947
acute vs chronic psychological reactions to combat, military personnel, 13954
adjustment to military role, female soldiers, Israel, 34985
aircraft head up display for simultaneous viewing of flight information & outside environment, eye focusing at optical infinity, enlisted Os, implications for system design, 18103
attitudes toward work environment & military employers, civilian vs military technical employees, 2 yr followup, 41517
automated performance measurement using common models & control manipulation & energy management, simulated air combat maneuvers, military aircrews, 6969
battle fatigue vs hysteria, soldiers evacuated from combat situations, implications for treatment, 29499
characteristics of failing aviator syndrome, detection of human factor as contributing cause in aircraft accidents, military pilots, conference presentation, 38507
combat & life events & social integration, soldiers with PTSD, Israel, 1–2 yr followup, 29650
combat stress reaction & PTSD, self efficacy to function in battle, soldiers, Israel, 15789
compulsive gambling as basis of defense of insanity in military courts, military clients, 26264
construct oriented approach to test validation in studying predictor criterion linkages in personality & cognitive ability measures, Navy recruiters & Army soldiers, 14158
coping strategies, postcombat impairments in interpersonal functioning, soldiers, Israel, longitudinal study, 40504
development of pocket computer, self administration of cognitive tests, soldiers, 17549
fearlessness & courage & overconfidence, parachute regiment recruits, 10445
gas mask vs full chemical protective suit for 4 vs 12 hrs, mood & fatigue, military personnel, 10448
historical basis & ethical constructs for battlefield euthanasia decision making, military physicians, conference presentation, 3056
humor, coping with stress, combat noncommissioned officer trainees, Israel, 24444
hypothetical vs actual moral reasoning, refusal to fight in war, 23–46 yr old male reserve soldiers, Israel, 38502
hypoxia & sleep deprivation for 72 hrs, RT & vigilance & short term memory performance, 21–44 yr old military personnel, 35731
incidence of psychophysiological symptoms & susceptibility to psychological disorders, military vs civilian wives, 15679
interpersonal dependency, prediction & risk of depression during training stress, military conscripts, Austria, 33167
job knowledge & satisfaction & intention to leave & ratings of simulated performance, military police, 34998
lifeskills program, prevention of alcohol misuse & knowledge & attitude about drugs & alcohol, Canadian military forces, Europe, 34384
marital problems & relations, military vs civilian husbands vs wives, 10442
military experiences & attitudes toward homosexuality, homosexual vs heterosexual males, implications for morale & military recruiting policy, 6966
moral development & reasoning & refusal to serve, 23–46 yr old reserve soldiers in Lebanon war, Israel, 3461

moral judgment & action, reserve soldiers who refused to serve in Lebanon war & physicians who refused to give medical care to public, Israel, 17457
paternal wartime captivity & maternal coping & adjustment, adjustment, children of prisoners of war & missing in action servicemen, literature review, 29034
prevalence & trends & correlates of alcohol & nonmedical drug & tobacco use, military personnel, 1980 vs 1982 vs 1985, 27980
prevalence of psychopathology & psychophysiology distress, American vs Asian vs Japanese wives of US servicemen, Japan, 15678
prevalence of Type A behavior & other psychosocial reaction patterns to stress, male combat soldiers & their 5–17 yr old children, 13951
prevention & stages & influential factors of deployment separation & adjustment to parental absence, military children, 17446
psychiatric diagnosis & treatment as child, psychosocial coping & new diagnoses, males in compulsory military service, 12040
psychodynamics of enlistment choice & hypermasculinity, 20–44 yr old gender dysphoric servicemen meeting DSM-III criteria for transsexualism, 18837
PTSD, soldiers caught in ambush, Namibia, support for DSM-III-R criteria, 29533
quality of life & stress & satisfaction with military life, well being & life satisfaction, military wives, 29419
sex therapy, impotence, 24–44 yr old heroic soldiers, Israel, conference presentation, 12627
short term psychotherapy, emotionally distressed 19–20 yr old male soldiers, Israel, 33762
situational & attitudinal factors, stylistic variations in saluting, military personnel, 17456
smoking & tobacco use, military personnel, health status implications, 36372
social studies education, American world view & responses to Vietnam & Vietnamese, soldiers, US, 20452
sociomoral factors, motivation to fight against terrorists, Israeli soldiers, Lebanon, 22727
strategic family therapy & treatment of PTSD, family relations, 55 yr old retired US army sergeant, case report, 33741
suicide rates, 15–24 yr old male civilians vs soldiers, 1977–84, Norway vs Sweden vs Finland vs Denmark, 33294
Third Party Assessment of Work Capabilities, assessment of prehospitalization work behavior for occupational therapy planning, hospitalized military psychiatric patients, 30801
training & selection procedures & binding factors to authority, learning mechanisms & behavior change of torturers, ex-military police, Greece, 17454
tyrosine, stress resistance in combat, military personnel, implications for prevention & treatment of stress casualties, 28964
use of hypnosis or nonhypnotic coercive tactics, alleged coercion for homosexual relations, male military officer & enlisted personnel, 1846
well being & marital & military life satisfaction & social support & sex role attitudes & premenstrual dysphoric change, 15–46 yr old military wives, 9181

Military Psychology

aviation psychology program, accident prevention through recognition of & coping with aircrew & family stress, Royal Air Force flight commanders & their wives, England, 10450
chemical & biological warfare, cognitive ability & performance & combat stress, Air Force personnel, 17462
historical overview of psychology's linkage with military structure in research in personnel selection & classification & training & human factors, 17450
psychological aspects of military aviation medicine & pilot personality traits, flight surgeon training, 17451
racial biology & social psychology in early post-WWI psychohistory & military analyses of German national character & psychology, Germany, 4795

Military Recruitment

predictive validity of Armed Services Vocational Aptitude Battery, personnel decisions, marines, quality control implications, 3603
role & issues in applied psychology of recruitment & selection & effective employment, military personnel, Canada, 6972

Military Schools

temperament & personality & interest score profile, prediction of completion vs attrition, female vs male Coast Guard Academy cadets, 34995

Military Training

acute stress, performance in military training vs team task & development of stress consequences model, military trainees, 13947
behavior modeling & rehearsal vs standard training, knowledge & confidence & expectations of survival in contaminated warfare environment, male Navy recruits, 20927
bivariate item criterion correlations, identification of personality correlates of attrition, Marine Corps recruits in basic training, 38506
cognitive ability & job performance & motivation, training on air traffic control tasks, Air Force trainees, 41520
cognitive science vs behavioral constructs as models for learning & skill development in military training, Air Force aircrews, implications for teaching methods, 17459
continuous combat simulation, physical capacity & performance & heart rate, artillerymen, 38504
design criteria for training objectives & performance measurement & simulation, automated battle simulation systems, 17460
development & validity of computerized psychomotor & cognitive test battery for personnel selection, prediction of dropout from or non-recommendation after pilot training, Air Force pilot candidates, 13950
flight simulator training, adverse symptoms & possible flight risk 24 hrs or longer after session, Coast Guard pilots, 24450
history of research in pilot training & evaluation, Air Force Human Resources Laboratory, 13956
instructional processes strategies in team training, Naval Gunfire Support Department, implications & recommendations for future applications, 31482
intellectual ability & attitudes toward military service & woman's role, prediction of performance in basic training, female 17–25 yr old soldiers, Israel, 10446
model of teamwork evolution & measurement & enhancement of team performance in training, Navy personnel, 17452
personality & perception of physical ability & self concept & mood state, graduates vs dropouts of Navy Special Forces training program, 41522
perspectives & use of time & adjustment, draftees in military basic training, Israel, 10440
predictive validity of computerized Basic Attributes Test, assessment of psychomotor & cognitive & perceptual abilities for pilot training performance, Air Force officer candidates, 17569
program brevity & consistency & flexibility & compatibility & responsiveness, ease in using computer aided instruction & training progress, college students, implications for military training, 20905
psychological aspects of military aviation medicine & pilot personality traits, flight surgeon training, 17451
psychosocial & personality correlates, susceptibility to upper respiratory illness, 16–33 yr old Navy recruits in basic training, 37179
simulated chemical defense warfare training & demographic characteristics, biopsychological responses & termination, Army Reserve personnel, 41518
student characteristics & course content factors, performance outcomes in training programs, Air Force personnel, 3462
training & cost effectiveness model, instructional systems media selection & use in Navy training, 24445

training & selection procedures & binding factors to authority, learning mechanisms & behavior change of torturers, ex-military police, Greece, 17454
training program for recognition & management of battle fatigue, knowledge & attitudes, Army combat medics, implications for training in psychiatric patient differential diagnosis, 3009
training program, increased coordination among aircraft crews, Air Force personnel, 34994
validity of self assessment screening test, prediction of success in military training course, 18–19 yr old males, 3578

Military Veterans

alcoholism & PTSD, combat Vietnam veterans, treatment implications, 32926
areas for improvement in treatment, alcohol dependent veterans, commentary, clinical implications & recommendations, 41080
attitudes toward childrearing practices & family life, alcoholic vs nonalcoholic male veterans, 12257
attitudes toward contemporary social issues, male Vietnam veterans in inpatient psychiatric stress recovery program, 40041
background & implications of Supreme Court VA/disease model of alcoholism case regarding educational benefits, 42 & 46 yr old recovering alcoholic veterans, 40276
carbamazepine, EEGs & PTSD symptomatology, Vietnam veterans, 6207
combat, development of stress reaction & PTSD, male veterans, Israel, 3 yr study, 38505
combat experience in WWII & alcohol abuse, veterans, implications for PTSD, 40300
combat level vs social support, PTSD symptoms, Vietnam veterans, 1548
combat status, overreporting vs acceptable reporting of symptoms on MMPI, Vietnam Veterans, 1613
concurrent validity of Millon Clinical Multiaxial Inventory, male Vietnam veterans with PTSD, 21095
coping strategies, Vietnam combat veterans with vs without PTSD, 33064
cross validity of MMPI PTSD subscale & 3 point code, assessment of combat related PTSD, veterans, 7072
dedication of Vietnam Memorial, exacerbation of PTSD related symptoms, 30–50 yr old Vietnam veterans using outreach program, 22615
demographics & DSM-III diagnoses & drug therapy & hospital program type, 27–64 yr old hospitalized male veterans with PTSD, 26069
depression & nightmares measured by self rating scale, Army Vietnam veterans attending outpatient psychiatry clinic, 1577
depression & rage & self doubt & alienation, life satisfaction, male Vietnam vs non-Vietnam veterans vs nonveterans, 41523
development & assessment of support groups offered by mental health clinic, male veterans forced into early retirement, 30670
diagnosis of PTSD, Vietnam era veterans, 11926
dual diagnosis of PTSD & impotence, 31 yr old Vietnam veteran, 40027
effects of PTSD in spouse or significant other, female 24–38 yr olds, 5351
factor structure of Combat Scale Revised & Vietnam Experience Scale, assessment of war zone stress factors, male Vietnam veterans, 35125
faking on Mississippi Scale for Combat Related Posttraumatic Stress Disorder, veteran medical center patients with substance abuse or anxiety disorder, implications for differential diagnosis, 26054
faking psychophysiological assessment, 29–43 yr old male Vietnam War veterans with vs without PTSD, 33049
forcible sexual assault, development of PTSD with auditory hallucinations, 31 yr old male noncombat veteran, case report, 8740
group therapy, anger control, Vietnam veterans with PTSD, 9409
group therapy, Vietnam veterans, implications for treatment of PTSD, 16438
guilt & redemption rituals at Vietnam Veteran's Memorial, 17448
hospital PTSD treatment program, improvement stability & symptom relapse, male 35–44 yr old Vietnam combat veterans, 12–26 mo followup, 40992
identification of PTSD symptoms & individual or family or group intervention, chemically dependent Vietnam veterans & their families, 27335
implosive therapy, male Vietnam veterans with PTSD, 6 mo followup, 33967
implosive therapy, treatment of PTSD, combat veterans, 40730
incidence & temporal pattern of symptoms & severity of military experience, ex-prisoners of war from WWII with PTSD, 22681
individual & group & family therapy, PTSD, Vietnam combat veterans, 9369
interest themes, Vietnam veterans with vs without PTSD, 22612
locus of control & threat appraisal & coping, combat related PTSD, veterans of Lebanon War, Israel, 33185
long term PTSD & psychiatric symptoms & social functioning disturbances, 1982 Lebanon war veterans, Israel, 12019
military adjustment & traumatic violence, development of PTSD, Vietnam veterans, 33047
military combat, PTSD & criminal behavior, Vietnam veterans, judicial sentencing implications, 1534
mortality rates & traumatic stress, draft eligible vs exempt males of Vietnam War era, 34988
nightmare recall & flashbacks, male Vietnam veterans with PTSD, conference presentation, 5333
partial hospitalization, PTSD, Vietnam combat veterans, 1–2 yr followup, 9803
pastoral counseling techniques, moral trauma, Vietnam veterans, 9747
peripheral arterial disease & hostility, 31–46 yr old male veterans, 40430
phenomenological & psychometric & psychophysiological assessment of PTSD, combat veterans, 33118
physical symptoms & diagnosis & treatment of PTSD, older military veterans, 12004
preservice adjustment & captivity trauma & family pathology, development of PTSD, WWII prisoners of war, 26181
prevalence of & drug therapy for PTSD, Black vs White vs Hispanic Vietnam veterans, 1983–86, 27094
prevalence of history of childhood physical abuse & psychological profile & patterns of alcohol abuse, alcoholic male veterans, 12266
problematic thought & behavior patterns, emotional & interpersonal & vocational functioning, Vietnam combat veterans with PTSD, implications for cognitive therapy & psychotherapy, 32996
psychodynamics & DSM-III-R classification, Vietnam veterans with PTSD, conference presentation, 19224
psychological characteristics & diagnostic issues of combat vs civilian related PTSD, adult civilians, 22594
PTSD & coexisting medical problems, 27–64 yr old male veterans, 29675
PTSD prevalence, military veterans with vs without combat stress reaction following Lebanon War cease fire, Israel, 3 yr study, 40261
PTSD, Vietnam era female military nurses, 8682
PTSD, Vietnam veterans, bibliography, 40439
PTSD, wounded Vietnam veterans, 29616
self management vs letter & telephone treatments, sobriety, alcoholic male veterans who completed treatment program, 1 & 3 & 6 mo followup, 13241
similarities & differences in symptoms & treatment experiences, 40 yr old male Vietnam veteran with PTSD vs 40 yr old female with accident induced PTSD, 11925
single dissociative flashback as PTSD symptom, 66 yr old male combat veteran, case report, 11921
sleep patterns, dream disturbed Vietnam combat veterans vs veterans with PTSD, conference presentation, 5114

specific aspects of war experience, prediction of PTSD & other diagnoses, male Vietnam veterans, 36593
stressors & conflicts of guilt & fear & mistrust & anxiety & other factors in 4 clinical syndromes of PTSD, Vietnam combat veterans, 33056
taxonomy & assessment & treatment of guilt, combat veterans, 33145
test of variation of stress evaporation theory vs residual stress model & childhood behavior, male Vietnam veterans with PTSD, 22671
therapeutic approaches, Vietnam veterans, implications for religious counseling, 37295
therapeutic goals & issues, combat veterans with PTSD, conference presentation, 12723
time of day & day of week, response rates in telephone survey, 32–45 yr old male veterans, 14068
tolerance to noise & lateral information processing & auditory thresholds, 26–40 yr old combat veterans with PTSD, 12059
utility of psychological tests, examination of completeness & internal consistency of DSM-III criteria for diagnosis of PTSD, hospitalized male patients, 8635
validity of combat stress measures, investigation of effects of battle, male Vietnam veteran patients & hospital staff, 35203
wartime mortality & social bonding, military veterans, 40 yr study, 13948
work & home & mental adjustment & life expectancy, brain injured male WWII veterans with posttraumatic epileptic seizures, 10 yr followup, 26671

Millon Clinical Multiaxial Inventory
concurrent descriptive validity of Millon Clinical Multiaxial Inventory & California Psychological Inventory, assessment of normal personality function, 17–52 yr olds, 31610
concurrent validity of Millon Clinical Multiaxial Inventory, male Vietnam veterans with PTSD, 21095
concurrent validity of personality disorder scales of MMPI & Millon Clinical Multiaxial Inventory, psychiatric patients, 31634
convergent & discriminant validity of MMPI vs Millon Clinical Multiaxial Inventory, measurement of DSM-III personality disorder, patients, 31641
diagnostic utility of Symptom Checklist-90 vs Millon Multiaxial Inventory vs MMPI, patients with depression vs other psychiatric disorders, 21054
impact of differential weighting scheme on revised Millon Clinical Multiaxial Inventory, assessment of personality disorders, commentary, 21051
item overlap, factor invariance of Millon Clinical Multiaxial Inventory, inpatients of Air Force alcohol rehabilitation unit & Air Force trainees referred for mental health evaluation, 7105
Millon Clinical Multiaxial Inventory items, prediction of at risk population, female patients with eating disorders vs college students, 35083
MMPI & Millon Clinical Multiaxial Inventory, identification of recurrent history of drug abuse & psychopathology & personality disorders, former opiate addicts, implications for diagnosis & treatment, 1887
psychometric properties & common factorial space of Millon Clinical Multiaxial Inventory vs Eysenck General Personality Scales, measurement of psychopathology, 17–72 yr olds with psychiatric disorders, 7227
reviews & criticisms & research on Millon Clinical Multiaxial Inventory, 7056
shared items among scales, internal structural validity of Millon Clinical Multiaxial Inventory, 7140
somatosensory EPs, psychotic vs nonpsychotic schizophrenic adults identified by Millon Clinical Multiaxial Inventory, 5234
utility of Millon Clinical Multiaxial Inventory as psychodiagnostic tool, 22–68 yr olds referred for psychiatric evaluation, 14073
validity of Millon Clinical Multiaxial Inventory-II, assessment of treatment outcome, psychiatric patients, replication, 21124
validity of Millon's computerized interpretation system for Millon Clinical Multiaxial Inventory, psychotherapy outpatients, commentary, 24581
validity of Millon's computerized interpretation system for Millon Clinical Multiaxial Inventory, psychotherapy outpatients, commentary reply, 24625

Minimal Brain Disorders
brain morphophysiological & neurochemical factors, Alzheimer's disease & minimal brain dysfunction, implications for link between psychology & biomedical sciences, 16049
symptoms & etiology of & motodiagnostic tests & mototherapeutic approaches, children with minimal cerebral dysfunction, West Germany, 33692
Test of Motor Impairment vs Aston Index vs Southern California Sensory Integration Tests, assessment of motor learning problems, children with minimal cerebral dysfunction in occupational therapy, 37843
validity of family history & personality & substance use/abuse correlates & factor structure of Hyperactivity/Minimal Brain Dysfunction questionnaire, social drinking college students, replication, 7177

Minimally Brain Damaged
motor & speech & language & intellectual functioning, 2 yr old male who survived near drowning accident, 5 yr study, 12366
neuroanatomical & neurophysiological correlates of minimal brain dysfunction, children, annotated bibliography, 19543

Minimum Competency Tests
comparison of 5 methods of equating minimum competency tests required for high school graduation, 9th–11th graders, 1984 vs 1986, 20685
dimensionality & construct validity of Chicago Mimimum Proficiency Skills Test, 8th graders, 31310
modification to minimum competency test, overall performance, 15–18.7 yr old learning disabled or educably mentallly handicapped students, 38291
reliability & interdistrict comparability of standards for minimum competency tests in states with local option testing, educationally marginal vs learning disabled or mildly handicapped students, 20661
standards of minimum competency tests in local option states, high school graduation, mainstreamed mildly mentally handicapped & educationally at risk students, 20619

Ministers (Religion)
adult development, male Protestant clergy, 4815
Cambridge model family typology, ecological context for family ministry, 22140
complementary-empowering model of ministerial leadership, maturity of congregational members & minister's leadership activities, 22125
employment & family support, dual Lutheran clergy couples with vs without children, 36244
leadership style, parish office holders' ratings of effectiveness, male ministers, 36247
role-sending to congregation of expectations of Christian perfection as counterfeit spirituality, church leaders & pastors, 25698
roles & activities & stresses & physical & psychological well being, urban vs rural ministers providing disaster relief after flood, 37747
self presentation & self serving motivations, attributions for positive vs negative outcomes in spiritual vs organizational scenarios, Dutch & Christian Reformed ministers, Netherlands, 25700
socioemotional & ecological systems models of family, ministers, 11621
stress related to parish conflicts & commitment & crises & coping strategies, ministers, New Zealand, 1178

Minn Multiphasic Personality Inven
average reliability & stability & validity, MMPI & WAIS & Rorschach test, meta analysis, 14153
changes in mean elevation & dispersion & overall configuration & code type in MMPI profiles across standard vs contemporary norms, adults, 28117
clinical & research needs in test norms for MMPI, nonclinical adults, literature review, 31649

cluster analysis of MMPI profiles, chronic PCP abusing patients, 19357
combat status, overreporting vs acceptable reporting of symptoms on MMPI, Vietnam Veterans, 1613
computer vs conventional MMPI administration, literature review, 14077
concurrent validity of OBD-168 measured against MMPI vs MMPI-168, high school & college students, implications for brain damaged populations, 14123
concurrent validity of personality disorder scales of MMPI & Millon Clinical Multiaxial Inventory, psychiatric patients, 31634
content bias of MacAndrew's Alcoholism Scale of MMPI, patients with psychiatric vs general medical vs seizure disorders, 28060
content dimensions of MMPI subscale scores, psychotic vs nonpsychotic inpatients, 19171
content nonresponsivity vs content responsive faking in MMPI validity, psychiatric patients, 28118
convergent & discriminant validity of MMPI vs Millon Clinical Multiaxial Inventory, measurement of DSM-III personality disorder, patients, 31641
cross validity of MMPI PTSD subscale & 3 point code, assessment of combat related PTSD, veterans, 7072
deletion of items related to multiple sclerosis on MMPI, test scores, multiple sclerosis patients, implications for MMPI interpretation, conference presentation, 24628
demographic characteristics & MMPI profiles, males vs females convicted of murdering their domestic partners, 15857
diagnostic utility of Symptom Checklist-90 vs Millon Multiaxial Inventory vs MMPI, patients with depression vs other psychiatric disorders, 21054
distribution of MMPI Pd & non-Pd 2 point codes & diagnoses, defendants referred to court clinic, 36798
ethnicity, MMPI scores, native vs non-native male psychiatric offenders, Canada, 12098
ethnocentrism & world view & ethnic preoccupation & group/ethnic identity issues, bias in interpretation of MMPI results, Black & Asian & Hispanic & Native American clients, 7055
evaluation for single cell placement vs parole vs group therapy, motivation to exaggerate vs suppress psychiatric symptomatology on MMPI, male inmates, 2980
F & F-K cut off validity, detection of malingerers on MMPI, 31628
F-K index of MMPI as marker of symptom overreporting, Vietnam veterans with PTSD, 29560
factoral structure of intercorrelation matrix of Hebrew versions of 16PF & Clinical Analysis Questionnaire & MMPI, adult males, Israel, 14142
faking detection & incremental validity of response latencies to MMPI items, college students, 31613
genetic vs environmental variance on MMPI factors, 14–34 yr old same sex twins, 1117
heterogeneity in MMPI code types, 16–52 yr old bulimic females, 40489
Inhibitor & Excitor scales of MMPI, White male psychiatric patients who later committed suicide using guns vs barbiturates/carbon monoxide, 5430
MacAndrews Alcoholism Scale of MMPI, differential diagnosis, patients with substance abuse only vs dual diagnosis with DSM-III Axis I vs Axis II diagnoses, 29470
malingering & MMPI profiles, preacquittal vs postacquittal insanity defendants, 1600
Microtest computer vs written administration of MMPI, validity & reliability & scale scores measuring test format equivalence, adults, 28097
Millon Behavioral Health Inventory &/vs MMPI, prediction of improvement in motor behaviors, adults in outpatient pain rehabilitation program, 14182
MMPI & bodily concern & psychological denial subscale scores, chronic back pain patients, 2087
MMPI & Millon Clinical Multiaxial Inventory, identification of recurrent history of drug abuse & psychopathology & personality disorders, former opiate addicts, implications for diagnosis & treatment, 1887
MMPI administration in Spanish vs English & age & sex, test scores, Mexican American vs Anglo adults, 15559
MMPI classification system, prediction of drinking & adjustment outcomes, 16–65 yr old alcoholic inpatients, 16972
MMPI cluster defined personality subtypes, adults with insomnia, 1995
MMPI cluster profiles, child abuse or neglect assessment & treatment planning, perpetrators, 26248
MMPI code types produced by traditional vs recent norms, 12–18 yr olds from normal vs outpatient vs inpatient settings, 24548
MMPI, determination of rehabilitation potential, successful vs unsuccessful 17–61 yr old male criminals in residential treatment centers, conference presentation, 13281
MMPI K correction, false negatives or positives in profile shape, psychiatric inpatients, 35108
MMPI MacAndrew Alcoholism & Sensation Seeking Scale, prediction of drug use, 14–18 yr olds, 33361
MMPI measures, prevalence estimates of homosexuality, Black vs White cocaine & opiate & polydrug addicts, 1867
MMPI norms, adolescents, 1947–65 & 1975 to present, 10631
MMPI, prediction of dangerous behavior, psychiatric patients, 15890
MMPI profile subgroups, eligibility for work release program, incarcerated male homicide offenders, 9913
MMPI profiles, incarcerated adult male rapists, 22717
MMPI profiles, law enforcement officers who were vs were not involved in serious disciplinary actions, 13795
MMPI profiles, Native vs Mexican vs Caucasian American alcoholic males, 8921
MMPI profiles, 12–19 yr olds charged with homicide vs larceny, 15828
MMPI psychopathology & symptom profile patterns, former prisoners of war, replication & extension, 15795
MMPI schizophrenia scale elevations, psychotic vs nonpsychotic psychiatric vs chronic pain patients, 1522
MMPI scores, adults with panic disorder vs anxiety neurosis with vs without panic attacks, 40072
MMPI scores, clinical descriptions, 12–17 yr old psychiatric inpatients, 11908
MMPI subgroup, long term treatment outcome, chronic pain patients, 1973–79 vs 1980–85, 2187
MMPI, treatment outcome prediction, 17–22 yr olds with anorexia nervosa restricting vs bulimia subtypes, 8–60 mo followups, 12568
MMPI vs utilization prediction scale, prediction of outpatient medical utilization rates following psychotherapy, adult psychiatric outpatients, 6276
Narcissistic Personality Inventory & MMPI subscale intercorrelations & profiles, college students, 21046
new MMPI based scale, prediction of postoperative pain & health status & social functioning, patients operated on for lumbar disk herniation, 2 yr study, 16758
normalization & standardization & reliability of Polish version of MMPI, college students, Poland, 10630
occupational neurotoxin exposure, MMPI profiles, adults, 32925
oral vs written test administration, validity of Improved Readability Form of MMPI, literate vs illiterate patients of rural mental health centers, 31585
patient characteristics measured by MMPI, prediction of treatment completion, males in residential alcoholism treatment program, 6557
personality characteristics & attitudes assessed by MMPI, prediction of development of coronary heart disease, adult males, 30 yr study, 5707
predictive validity of MMPI based offender classification system, male inmates, 3562
psychological correlates of Hostility scale of MMPI vs independent behavioral ratings of hostility, male 42–56 yr olds, 39983

question order & repeated testing using written vs computerized MMPI, item vs scale level effects, college students, 28052
real data simulation of computerized administration of MMPI, 16–72 yr old candidates for pilot positions of psychiatric inpatients, 24550
reliability & validity of MMPI, assessment of behaviorally oriented treatment outcome, patients with chronic back pain, 1 mo followup, 24629
reliability & validity of MMPI family scales, assessment of dysfunction, families, 21069
reliability of Faschingbauer Abbreviated MMPI, 65 yr olds & older, 31668
reliability of MMPI profiles, classification of chronic headache types, headache patients, replication, 9032
reverse responding to MMPI, 50 yr old alcoholic male & college student, 31543
Rorschach & MMPI correlates of Egocentrism Index, 6–16 yr old outpatients, 21038
scores on MMPI Scales as indicator of character pathology, 17–64 yr old males, 8856
scores on MMPI with vs without correction for defensiveness, scores on other hostility measures, adults, implications for psychosomatic medicine research, 28050
selected MMPI items, identification of early sexual abuse, college females, 26289
selected MMPI scales, identification of personality characteristics, 16–53 yr old males with traumatic spinal cord injury & positive blood alcohol concentration at time of injury, 40047
test items referring to personal social history, MMPI profile before vs after psychotherapy, prisoners, implications for evaluation of treatment outcomes & diagnoses, 134
use of MMPI in counseling psychology training, directors of APA approved counseling programs, 34543
utility & factor structure of MMPI Gender Dysphoria scale, primary gender dysphoric males who were scheduled for or had completed gender reassignment surgery vs secondary gender dysphoric patients, 21130
utility & reliability & validity of MMPI Based Criminal Classification System, criminals, literature review, 3654
utility of WAIS-R & MMPI profiles to differentiate sex offense subgroup, males who sexually assaulted children, 31605
validity of behavioral correlates of MMPI Masculinity-Femininity scale, college students, 144
validity of claimed statistical or clinical significance in psychological research using MMPI, 31719
validity of clustering algorithm of P-A-I-N classification system in MMPI, chronic pain patients, commentary, 38657
validity of Megargee-Bohn MMPI typology, prediction of prison behaviors, 16–48 yr old females in state prisons, 3635
validity of MMPI alexithymia scale, psychiatric patients vs patients with physical disorders, 90
validity of MMPI, detection of fabricated symptoms, Vietnam veterans with vs without PTSD, replication, 21108
validity of MMPI, discrimination between primary psychogenic vs organic impotence, 24–73 yr old males with diabetes mellitus, 35142
validity of MMPI, patients with multiple sclerosis, 7150
validity of MMPI subscales, differential diagnosis, outpatients with brain damage &/vs schizophrenia vs somatoform disorders, 21127
validity of Polish version of MMPI using protocol of C. McAndrew, differential diagnosis, drug addicted or suicidal or criminal 18–40 yr olds, Poland, 10589
validity of 7 alcoholism scales of MMPI as screening tests, medical vs psychiatric vs alcohol or drug patients, 1865
W. J. Eichman MMPI factor scales, differential diagnosis, brain damaged vs alcoholic patients, 11879
Minor Tranquilizers [See Also Chlordiazepoxide, Oxazepam]
buspirone vs clorazepate, patients with panic disorder, 16632
minor tranquilizers or antidepressant drugs, psychomotor performance, adults, implications for accidents, 2537
Minority Group Discrimination [See Social Discrimination]
Minority Groups
accurateness of assessment of & inferences about changes in SAT performance & self identification of ethnicity, minority examinees, 1980–85, 10315
affirmative action goals & aptitude test scores & GPA & majority vs minority group membership of hypothetical candidates, priority ratings for medical school admission, college students, 13382
alcohol education & prevention programs in schools, minority adolescents, 10056
assessment of mental health services for older adult minorities, agency specialists, 1983–86, 13024
attitudes toward homosexuals & ethnic minorities, 22–62 yr old counseling students, conference presentation, 13377
attitudes toward maintenance of cultural heritage, Indian adult females, Canada, 1191
bias in RT & mental processing research, non-White adults, commentary, 306
bicultural perspective & Maori dimension, postgraduate training in clinical & educational & community psychology, New Zealand, 6579
child development at home vs school, academic learning, Black & Hispanic & Native American children, 38142
college & university minority recruitment program design, 10025
conceptual formulation of group work practice, ethnic minorities, 37378
cooperation model for promotion of family & community involvement in education of minority children, school counselors & psychologists, 17301
coping strategies & differences among schools, adjustment to desegregation, Black & Puerto Rican high school students in voluntary busing program, 38175
counseling, oppression, Arab high school students, Israel, conference presentation, 13085
course selections during summer intervention program & career plans, talented minority 10th & 11th graders considering careers in medicine, 31099
culturally sensitive mental health research in studies of minorities, 26000
culture & language & communication, management of foreign born or minority employees, managers, 20777
culture at collective & individual levels, academic achievement & physiological adjustment, immigrant & minority & refugee students, 20530
culture, development & school performance, ethnic or minority groups, implications for social policy, 25400
diverse cultural & linguistic environments, research on & treatment of stuttering, minority ethnic groups, 29838
economic & psychosocial & cultural dimensions of aging process, minority females, 36208
educational & career & personal counseling, minority secondary school students, 10262
English language proficiency & other sociocultural factors, identification of specific learning disabilities, Asian or Hispanic or Native American children, 20581
ethnicity & sex, drug usage & abuse, elderly Black or Hispanic or Asian or Native American females, implications for prevention & treatment & policy, 36844
ethnosexual & racial oppression issues in sexuality counseling & sex therapy, minority females, 26690
frequency of occurrence of photographs of racial minorities in introductory psychology textbooks, 17142
genetics & psychometrics, animal model of minority group test bias in maze learning, rats, 14126
hopelessness & depression & suicidal intent, 12–18 yr old minority female suicide attempters vs disturbed nonattempters, 22752
incorporation of TV broadcast & self help manual & weekly meetings & phone calls in smoking cessation intervention, low income & minority smokers, 4 mo followup, 27319
increased academic standards, dropout rate, high school students with non-English speaking background, 31182
increased quantity & quality of research on racial & ethnic issues & minority researchers & participation in Geron-

tological Society of America, theories on psychology of aging, 29180
ingroup vs outgroup minority influence on public vs private levels of influence, 14–15 yr olds, replication, 22374
interdisciplinary treatment, drug misuse, noninstitutionalized elderly minorities, 37551
issues in reliance upon family support systems, minority elderly, public policy implications, 32640
iv drug abuse transmission of AIDS, drug using Whites vs non-Whites, 36875
leadership development, minority female college students & faculty, 23920
lifestyle change program including behavior modification & nutrition education & exercise, weight management, obese minority adults, 18–24 mo followup, conference presentation, 12806
linguistic & cultural diversity, educational achievement, working class & minority students, 24036
minority perspective on social work practice & AIDS policy making, 27179
minority status, type & amount of information received from clinical or counseling or school psychology programs, prospective doctoral level students, 34552
National Career Development Association's commitment to career planning & development services, females & minorities, 1968–88, 24294
National Career Development Association's commitment to career planning & development services, females & minorities, 1968–88, commentary, 24306
needs assessment in career development & job seeking, White vs minority counselors, 41372
peer counseling program, adjustment to college life, minority students, 31247
perceptions of homogeneity & competence of ingroup vs outgroup in majority–minority contexts, male vs female university staff, England, 36395
preparatory program & GPA & MCAT scores & committee recommendations, prediction of medical school progress, minority students, 30922
prevalence of & drug therapy for PTSD, Black vs White vs Hispanic Vietnam veterans, 1983–86, 27094
processing of stereotype consistent vs inconsistent evidence, judgments in & recall of hypothetical criminal trial of Hispanic target, college students, implications for models of stereotypic bias, 8276
psychosocial adaptation, minority Tamils vs majority Sinhalese, Sri Lanka, 4794
racial & ethnic & cultural factors in use of cognitive behavioral approaches, anxiety reduction, commentary, 6068
representation on news magazine covers, females & racial minorities, 1953–87, 28999
research issues & problems in studying noncompliance with prescription drug regimens, elderly minority females, 37529
resurgence of racially motivated harassment & violence against minority students at predominantly White institutions of higher education, 38165
role in combating racism & in social integration of Blacks & other minority groups, educational psychologists, Great Britain, 24248
role of career development profession & need for advocacy, occupational status, females & minorities, commentary, 24301
role of cultural knowledge & culture specific techniques & perception of credibility & giving, ethnic minority clients in psychotherapy, commentary, 40636
self concept development, minority adolescents, literature review, 8110
self esteem & perceived evaluations of family members vs friends vs teachers vs neighbors vs strangers, 13–16 yr old minority group immigrants, Netherlands, 18701
small group program, empowerment & self esteem, adolescent low income minority females, 34268
specific stresses & prevention & treatment issues, chemically dependent ethnic & cultural minority adolescents, 37931
stereotyped sex role attitudes, 18–24 yr old Muslim vs Christian vs Sikh vs Hindu college students, India, 18852
teaching enrichment activities to prepare for gifted & advanced academic curricula, public schools, minority students with low SES, 38229
theories of & solutions to group differences in ability test scores, discrimination in personnel selection, minority groups, literature review, 24319
training workshop on use of noncognitive variables with minority students in higher education, counselors & educators & advisors & personnel workers, 10036
verbal communication, minority adolescent mothers, implications for prevention & intervention in communication disorders, 8084
Zeitgeist perception in ingroup vs outgroup minority influence, attitudes toward homosexuality, college students, 22262

Misbehavior [See Behavior Problems]
Miscarriage [See Spontaneous Abortion]
Miscegenous Marriage [See Interracial Marriage]
Misconduct [See Behavior Problems]
Misdemeanors [See Crime]
Missionaries
career transitions & accompanying stresses, adult Wycliffe Bible Translator missionaries, 3353
demographic predictors of reverse culture shock, North American Church of Christ missionaries returning to US after working overseas, 1193
developmental model, life cycle & individual psychosocial development & mission involvement, missionaries & their families, 1230
need for cross cultural awareness & attitudinal changes, Christian psychologists & missionaries, 3018
psychological vulnerability to appeal of cultic groups, children of American overseas missionaries, 1101
psychotherapy, elective mutism related to common features of missionary family life, 7 yr old female, case report, 2245
reentry stress & reverse culture shock, missionaries & federal & corporate employees, unannotated addendum to C. N. Austin's "Cross-Cultural Reentry: An Annotated Bibliography", 25685
retirement programs & benefits & financial security, mission boards, 3352

Mistakes [See Errors]
Mnemonic Learning
action mnemonic procedure, acquisition of letter sound correspondences, trainable mentally retarded 10.2–19.8 yr old students in special school, 10198
bizarre imagery as mnemonic aid, paired associate learning, college students, 31881
bizarre vs common contexts, free recall of noun triplets, college students, 14455
concurrent rehearsal & organization strategies, recall, 3rd vs 6th graders, 36028
free study vs mnemonic conditions, acquisition & transfer of learning strategies, gifted vs nongifted 5th–6th graders, 10228
free study vs semantic vs mnemonic conditions, acquisition of word components, college students, 7459
grade & digit list type, awareness of mnemonic utility & use of digit list organization in serial recall, 2nd–5th graders with good vs poor reading ability, 20508
icon use in computer display, assessment of document content in electronic retrieval task, implications for mnemonics & visual search, 7281
imagery with vs without emotional judgment vs deep muscle relaxation as mnemonic techniques, memory, elderly, conference presentation, 40738
individual differences in ability to learn & recall with imagery mnemonics, college students, 35379
keyword mnemonic training, vocabulary learning, college students, 17146
loci mnemonics & retroactive interference, free recall of paired items, college students, 24867

memory & mnemonic & concentration techniques & meditation & hypnosis as pedagogical practices, art education, 13519
memory for nouns in sentences with self vs other generated names, college students, 31842
memory systems & verbal learning & remembering strategies, adolescents & adults, 36044
memory training, recall performance & confidence, 55–86 yr olds, 11549
mnemonic & supplemental training, recall of 80–90 random digits, 19 & 23 yr old males with initial average memory, 10836
mnemonic imagery vs free study conditions, recall of science information from text in immediate or delayed or transfer tasks, 6th graders, replication, conference presentation, 24072
mnemonic instruction, acquisition of social studies information from textbook, mildly handicapped 2nd–7th graders, 34757
mnemonic instruction, comprehension & recall of US history material, 7th & 8th graders with learning disabilities, 34782
mnemonic instruction in science concepts, retention & learning, 7–11 yr old behaviorally disordered students, 17269
mnemonic instruction of content area information, content learning & recall, learning disabled 7th–8th graders in lower SES school, 38219
mnemonic strategies, recall of main ideas of story, adults with temporal lobe seizures, 12473
mnemonic strategy, learning macrostructure & microstructure of botany classification system, college students, 2 mo followup, 34659
mnemonic techniques & learning exercises, clients with age related memory disorders, conference presentation, 40722
mnemonic vs directed rehearsal strategy training, vocabulary acquisition, learning disabled 7th–8th graders, 20626
mnemonic vs semantic processing vs repetitive learning strategy, multiple choice vs free recall vocabulary test performance, 30–60 yr old college students, 360
mnemonic vs visual spatial display based direct instruction, learning of categorical geological information, learning disabled elementary vs junior high school students, 13669
modified mnemonic keyword method, learning of German noun meaning & grammatical gender, French speaking college students, Canada, 31039
oculomotor delayed response task, spatial memory functions of neurons in dorsolateral prefrontal cortex, rhesus monkeys, 28601
orienting tasks &/or stimulus sentence complexity, mnemonic advantage of bizarre imagery in free recall, college students, commentary, 28333
physical presence of pictorial hooks, mnemonic learning & recall of nouns, college students, 21298
rapid vs slower viewing of words presented on CRT screen & perceptual identification, recognition, college students, 7468
semantic mnemonic vs self generated mental images, memory performance, learning disabled students with reading difficulties, 36943
serial position & mnemonic organization, free recall, schizophrenic adults, 26079
testing limits methodology in instruction & practice in acquisition of mnemonic skill, serial word recall & cognitive plasticity, 19–29 vs 65–83 yr olds, 21959
training in external cue use memory strategy, memory, 3.3–4.9 mo olds, Scotland, 8065
use of spatial categorization as mnemonic strategy, 2–5 yr olds, 1001
visually presented items removed from vs remaining in view, spontaneous rehearsal in recall, 3rd–6th graders, 1012
Mobility (Geographical) [See Geographical Mobility]
Mobility (Occupational) [See Occupational Mobility]
Mobility (Social) [See Social Mobility]
Mobility Aids
behavioral treatment, ambulation, elderly wheelchair dependent clients of adult day care center, 34282
critical period for use of ultrasound sonicguide, congenitally blind 5–48 mo olds, 34364
development & implementation of home based orientation & mobility program, blind & visually impaired infants & toddlers & their parents, 20125
microcomputer aided head movement control device & training program to operate power wheel chair, mentally retarded nonvocal quadraplegic 34 & 36 yr olds, 34374
sensory integration, self induced linear & propulsive movement, disabled adults using wheelchairs, 30778
wheelchair obstacle course performance, right hemisphere stroke patient with vs without left spatial neglect, 30128
Modeling [See Simulation]
Modeling Behavior [See Imitation (Learning)]
Models [See Also Animal Models, Medical Model]
ability as factor in causal models of psychology academic publishing productivity, psychologists, 41149
action theoretical model of personality & situation constructs & self referential cognitions & person-situation interactions, 32872
adaptation at sensor & reflectance channel stages of color vision, support for 2 stage model in computation of color constancy, 24738
adaptive neural model, representation of target positions in brain invariant to retinal registration & eye posture, 11031
analyses of increasingly elaborated theoretical models, explanation of drug use, 7th graders, 2 yr study, 12237
analysis of competition based connectionist model, 3834
analysis of model of human occupation in psychosocial occupational therapy, adult & adolescent psychiatric patients, commentary reply, 6467
analysis of parallel distributed processing model, acquisition of past tense in English language, children, implications for neuroscience, 8046
anaphora in popular stories, evaluation of Story Grammar vs Conceptual Dependency models of narrative structure, 21860
application of information processing model of positive & negative cognition, cognitive balance & psychopathology, normal vs anxious vs depressed adults, meta analysis, 36686
application of multiple trace simulation model to frequency & recognition memory, college students, 10832
application of Purdue Stepped Approach Model to health counseling, 23093
application of subjectively expected utility model, transgressive decision making & inaction, commentary, 35347
applications of circumplex model to integration of nuclear & extended family systems, extended ethnic families, implications for family therapy, 32688
artificial intelligence model of fault diagnosis performance, identification of rule based symptom & hierarchical system knowledge, engineers at marine power plant, 13914
artificial intelligence model using symbol driven search activity, simulation of organizational decision making, implications for "garbage can" model, 34906
automatic visual & parallel spatial feature encoding in specialized modules, model of visual object perception, 10753
biopsychosocial model, diagnosis & treatment, 53 yr old female & 23 yr old male with major depression, implications for psychiatric training, 27454
career stage vs life stage career development models, 21–69 yr old salespeople, 31344
causal attributions heuristics, superstitious vs rationalistic analysis based generalization of procedures, college students, 14458
causal model of alienation, Vietnamese refugees, 18764
causal model of antecedents of organizational commitment, professionals & nonprofessionals, 34949
causal model of turnover, sales personnel, 41420
causal models of substance use, male vs female 15 yr olds & older, 15972
circumplex model assessment of discrepant perceptions & their indication of coalition, functioning, families, implications for family therapy, 32624

circumplex model in assessment of marital & family systems & intervention planning, 32658
circumplex model in diagnosis & treatment, families of incarcerated male 13–17 yr old delinquents, 34430
circumplex model in school-family intervention, family of 9–15 yr olds with school problems, 33921
circumplex model of marital & family systems in systematic assessment & treatment planning, 33926
clinical model of dimensions of depressive symptomatology, 5138
clinical use of circumplex model in assessment & treatment of intrafamily child sexual abuse, family in therapy, 33944
clinical use of circumplex model in assessment & treatment, sexually addicted families & sex offenders, 33685
clinical utility of circumplex model, assessment of family system type & treatment planning, severely dysfunctional families, 33946
cognitive & visual processing models of cognitive deficit in schizophrenia, 29573
cognitive humanistic social learning model, social group work, 23618
cognitive model of visual display complexity, simulated aircraft bombing mission performance, adults, 27973
cognitive models of depression, 11913
cognitive science vs behavioral constructs as models for learning & skill development in military training, Air Force aircrews, implications for teaching methods, 17459
community based intervention based on model of sociomoral reasoning development, juvenile development, 23788
community model for cardiovascular risk reduction & health promotion, children, 23519
complementary concepts & mutual utility of biological vs psychodynamic models of psychiatry, basis for etiological research & treatment choice & ethics, 23132
complex cognitive models using analysis of verbal reports vs productions vs response latencies, simple mental arithmetic including multiplication, 28291
componential model, mental addition, college students, 38862
comprehensive continuum model of intergenerational sexual contact, minor & adult at least 5 yrs older with perception or intent of sexual stimulation, 33329
computational models using connectionist algorithm by D. Rumelhart, cue vs rule based learning of gender & number & case paradigm for German definite article, 39548
conceptual & methodological problems with use of retrospective self report in act frequency approach to personality research, 18940
conceptual model of family & interactional characteristics involved in family social support, 1220
conceptual model, reasoning in database query writing task & computer reply prediction, college students, 10794
conceptual model using scripting perspective & subjective expected utility theory, development & expression of sexuality & heterosexual masculinity, adolescent males, literature review, 15190
confounded assessment method & reactions, 3 systems model of fear & anxiety in social performance, commentary, 40189
connectionist &/vs symbol processing models of cognition & learning, 7394
connectionist framework for modeling psychological processes & role in research on nature of information processing, 7417
connectionist learning model, description of linguistic structure vs associative aspects of language learning, 4619
connectionist model of retrieval processes in language production, analysis of phonological initial consonant misordering errors, 7957
connectionist vs traditional models of cognitive architecture, 3804
construct validity of involvement commitment model of ego & purchase involvement & brand commitment in soft drink consumption, college students, 24455
contemporary stress in disruption-avoidance-adaptation model of dream function, 21338
context of stimulus presentation, learning induced plasticity of auditory cortex neurons, cats, implications for Functional Mosaic Model, 39084
continuum model for intergenerational sexual contact, commentary reply, 33328
contribution of relativity & complementarity & indeterminacy physical science concepts to psychological relativity paradigm, 14023
convergent & discriminate validity of simultaneous successive planning model using multitrait multimethod procedure, college students, 3798
cross cultural application, occupational therapy assessments of volitional & habituation occupation subsystems, 18–60 yr old psychiatric inpatients, Israel, 22462
cultural determinants in attributional model of depression, 8650
curriculum revisions & self study alternative, model of graduate course on family patterns & substance abuse, marriage & family therapists, commentary, 27460
cybernetics approach to infomedical model, 23107
decision making model for conceptualizing educational diagnosis process, underachieving students with suspected learning disabilities, 19443
decision making model, measurement of uncertainty in organizations, 10374
decision making models of ethical judgment, rehabilitation counselors, 3058
deinstitutionalization & role of occupational therapist & treatment model, chronic schizophrenic 34 yr old male & female, case reports, 37709
descriptive model using inductive representative review process, idiographic influences on decision making process & outcomes, literature review, 21271
development & assessment of causal model of critical thinking & political participation, college students, implications for social studies education, 18823
development & validation of predictive model, assessment of panic disorder, 16–86 yr old cardiology patients with chest pain & no clinical evidence of coronary artery disease, 38635
development of measurement model for student version of Jenkins Activity Survey, assessment of Type A behavior, college students, 21035
discrete vs continuous models of human information processing, 14395
ear of presentation, emotional responses to words vs music during dichotic listening, graduate students, implications for cognitive affective vs independence models, 17916
effectiveness of adaptive learning environments model for mainstreaming, handicapped & remedial & compensatory education students, empirical evidence published through 1986, 10190
elaboration likelihood model of persuasion, reconceptualization of attitude change & social influence in counseling, 19793
electronic astable multivibrator circuit vs neural network model for binocular rivalry, 17776
elementary perceiver & memorizer vs interactive activation model, analysis of context effects in letter recognition, 35360
empirical model of occupational stress & mental health, nurse managers, England, 6590
empirical test of modified causal model of organizational & individual determinants of employee absenteeism, VA medical center employees, 27857
equiratio taste mixture model, prediction of psychophysical sweetness perception for sugars & sugar alcohols, college students, 7290
evolutionary social psychology models, prediction of association of genetic relationship & mitigation of homicide & violence risk, families, 22695
examples & counterexamples in concept learning model, role of conceptual graph & support logic programing theories, implications for artificial intelligence, 21315

exemplar memory vs single layer parallel processing network storage retrieval models, base rate in category learning, college students, 31838
expert systems vs multivariate models of computer support in decision making, 35365
factor structure of J. S. Wiggins's interpersonal circumplex vs 5 factor model, assessment of personality, adults, 24689
familiarization & intragroup & intergroup & individual problem solving as model for teaching intellectual skills, students, 41253
family adjustment & adaptation response model of family stress, implications for primary prevention & treatment of chronic disorders, 15305
family hypnotherapy model, parents & 18 yr old son, 9595
family therapy, adolescents, commentary on literature review, 30325
family violence & social work group models, literature review, 30352
feminist sociocultural model of sexual assault & addiction, male sex offenders, treatment implications, 15852
Gaussian derivative model, assessment of retinal receptive field mechanisms for spatial vision, animals & humans, 18145
Gay Men's Health Crisis model of service delivery & medical & social support, AIDS patients, 27127
gender specific explanatory model, assessment of sex & work & class in political participatory behavior, females, Norway, 15369
grief vs learned helplessness models & physical vs behavioral vs emotional responses, battered females vs females having intimate relationship problems, 29692
halo vs summary construct model, country image & product familiarity & evaluation of Japanese vs Korean vs American TV sets & automobiles, consumers, US, 35004
handling by E, vocalization rate, inbred vs hybrid vs wild mice, construction of genetic threshold model, 18068
holistic & noncausal model of occupational stress & perceived supportive behaviors, nurses, 2981
Human Cognitive Reliability model, assessment of probability of successful time constrained response to accident sequence, industrial crews, 38328
human intelligence models, expert systems design, systems experts, 21255
human models, impact on theory & practice of psychotherapy, 23242
hypotheses for connectionist vs traditional approach, cognitive modeling & relation to neuroscience, commentaries & reply included, 21024
ideal typical model of homosexual identity formation, 39684
implicit measurement models, assessment of physiological reactivity, humans, 4208
importation of model programs from other communities, chronically mentally ill, 16780
inapplicability of E. Kubler-Ross's model of dying to death experiences, elderly, 12478
inclusion of environmental factors in models of genetic segregation & linkage, psychiatric patients, conference presentation, 1584
incorporation of individual & family counseling & meta level consultation in cybernetic model of treatment, alcholic clients & their families, 27326
individual attributes model, linearity of dominance hierarchies, animals, 14596
individual characteristics & attitudes & group norms, prediction & models of academic entrepreneurship, life science university faculty members, 34578
individual differences & instrumental conditioning, efficacy of personality models of H. Eysenck vs J. Gray vs J. Newman vs J. & K. Spense , college students, 39993
information processing model, assessment of orienting response & psychophysiological measurements, humans, conference presentation, 4201
information processing vs constructivist models of cognitive therapy, 16390
instructional model for learning disabilities intervention research, 38243
integrated competitive strategy & human resource management model, organizations, 27902
integrated control theory, model of work motivation, 31418
intentional vs forced close vs normal seating distance, nonverbal immediacy behavior, male college students, test of social cognition approach & arousal labeling & discrepancy arousal models, 29345
interaction vs correlation components of goodness of fit model of temperament context relations, 5088
interdisciplinary approaches to developmental studies of political socialization & morals, children, commentary, 25650
interdisciplinary model of main states of consciousness & sleep, 7510
interpretive narrative vs mechanistic vs organismic models of human development, conference presentation, 21918
issues in use of psychological models in developmental studies of political socialization & morals, children, 25570
issues in use of psychological models in developmental studies of political socialization & morals, children, commentary, 25620
job satisfaction based on optimal model of care, social workers who treat terminally ill patients, 20394
KNACK knowledge acquisition tool for automated acquisition of domain model, construction of expert systems for evaluation of different classes of designs, 17430
layered network model of associative learning, 10834
least mean squares learning model of networks vs competing learning models, simulated medical diagnosis task & discrimination learning, adults, 7449
Levels of Processing & Working Memory models, interpretation of verbal & nonverbal memory deficits, 49–69 yr olds with Parkinson's disease, Italy, 22911
licensing structure parsing computational model, 35946
Lieber-De Carli liquid diet model for chronic ethanol consumption, assessment of skeletal myopathy, rats, commentary, 7773
life cycle models of saving & timing of divorce, family assets & savings rate & portfolio shift & economic well being in retirement, spouses, 39765
life stress & illness model, assessment of stress related anxiety reactions & effects on physical & mental health, medical patients & prisoners of war & Iranian hostages, 22482
likelihood of agreement & concern for aspirations, choice of integration vs pressing vs compensation vs inaction mediation strategy, college students, test of strategic choice model, 29333
limitations of linguistic performance models & connectionist models of cognitive processing, 7415
linear analytic vs neurobiological model, examination of gender role & homosexuality & spatial ability, females, literature review, 14733
M. Fishbein & I. Ajzen's vs Triandis's attitudinal models, prediction of intention to exercise & specific exercise selection, 22–65 yr olds, 21326
mail survey response rate estimation model, 21151
major models of improvisational music therapy, 12552
marital therapy models & role of therapist, 33883
measurement error & faulty instrumentation, building & testing theoretical models, 35222
MECCAS model of advertising strategy, overnight delivery service marketing, 17481
mental health counseling models & theories, commentary, 30682
mental health counseling models & theories, commentary, 30691
mental health counseling models & theory, 20 yr old female with grand mal epilepsy & adjustment problems, 30693
metacognition model, instruction in alternative cognitive strategies & executive processes & motivational influences, learning disabled students, 24123
methodological issues in use of I. Ajzen & M. Fishbein's expectancy value model of attitudes, college students, UK & Europe, 25924
methodological problems in analysis of model of human occupation in psychosocial occupational therapy, adult & adolescent psychiatric patients, commentary, 6489

methodology of decision making in economic management game, deterministic chaos, college students, application of economic long wave vs production distribution system models, 24352
Milan therapy & circumplex model in ecosystemic consultation, family referred to therapy because of incest allegations, 33922
mind body interaction model, assessment of stress & affective factors in modulating or enhancing immune function, 14741
mindfulness/mindlessness cognitive model of responses, visitors to interpretive centers in public forests, 38538
model & methods & cost effectiveness of counseling support group, expressed emotion & family relations, family caregivers of 22–66 yr olds with severe long term psychiatric & social disabilities, 40695
model for assessment of therapeutic adherence & recurrent pain, children & adolescents with diabetes mellitus or obesity or rheumatoid arthritis, 22880
model for development of accountable school guidance program, 38267
model for disaster intervention in schools, implications for psychologists, 6824
model for prediction & prevention of stress related athletic injury, 17488
model for trainee oriented training programs, 38350
model Modest Proposal Nursing Home, recognition of humanization, nursing home residents, 2758
model of choice between simple lotteries, 38854
model of continuous neuronal activity & information processing in motor planning & execution, 25073
model of distributed storage in memory, 28336
model of doctor patient treatment act, implications for alternative healing systems, 2595
model of early human vision, method for reducing blocking effect in block coded images, 21227
model of emotional disturbances based on rational emotive therapy, classification of syndromes & individual malfunction, 40091
model of food as having both fixed & variable excitatory & inhibitory effects on consumption as alternative to systemic model of multiple satieties, commentary, 18155
model of informational campaigns, public misconceptions about rape, adults, Netherlands, 5473
model of interference & forgetting based on search of associative memory theory of long term memory, 10841
model of leadership effectiveness management, 27895
model of learning disabilities based on deficiencies in knowledge base elaboration & microlevel processes & context as function of physical & social meaning of performance, 19407
model of positive health based on human system framework, implications for research & education, 40866
model of probability matching & shifts of spatial attention in visual search, commentary, 28264
model of promotion of competence in residential child care treatment, delinquent adolescents & children, 9771
model of reciprocal relationships between basic & applied psychology research, conference presentation, 6854
model of sources of distortion associated with interview process & strategy to correct, research & consultation in organizational setting, 31445
model of tonal pitch space in music, 7379
model of unitary psychosis vs hypothesis of nosological entities, conference presentation, 33103
model to determine importance of cohesion & communication with day care, families with children in day care, 22218
models, empirical research & theories, 10524
models for psychiatric consultation liaison nursing, 27193
models for social networks, commentary, 28180
models of color vision, 7359
models of false alarm rate calculation in signal detectability studies using method of constant stimuli, 38722
models of functional separability of memory types, evidence from brain damage research, 3841
models of human information processing & memory, conference presentation, 38935
models of PMS, 33633
models of positive & negative symptoms, assessments of latent structures, schizophrenic patients, 19151
models of prolactin involvement, depression, 22593
models of social support, assessment of job stress & burnout & health, state correctional officers, 3 mo study, 27922
modification of A. Ellis's rational emotive model for clinical use, clients with various emotional problems, 30220
modular functional architecture & internal numerical representation, model of cognitive number processing & calculation system, commentary reply, 24849
MOKSCAL program in Fortran 77 using nonparametric item response model, unidimensional Mokken scale analysis, 38711
multiaxial empirically based assessment model using Child Behavior Checklist & other data, educational diagnosis & intervention, emotionally disturbed 7 yr old male, 24167
multidimensional model of mental retardation, 36939
multimodal model of group intervention, primary & middle school children of divorced parents, 31254
multiple personality traits determining specific behaviors, expected magnitude of correlations in personality research, 18935
multivariate model of absenteeism, Department of Defense civilian employees, 41418
narrative vs editorial reader vs stream of thought generator computer models, comprehension &/vs generation of emotional behavior through cognitive processes, 35342
need for explicit mapping of relations between satiety mechanisms & black box type functional analysis of feeding, commentary, 18168
need for increased community participation & responsibility, health education & promotion & prevention models, New Zealand, 34213
neuropsychological model of visuoconstructive abilities & disabilities including drawing & copying & hand gestures, brain injured patients, 40519
new preventive health behavior model based on precaution adoption process, 15557
numerosity model for perceptual clustering of dots using relative proximity, illusion of filled area, college students, 24769
opponent mechanisms in models of brightness perception & nonlinearity, adult males, 14297
parallel distributed processing model using neural network vs traditional symbolic models using rule based processes, simulation of human cognition & information processing, 24842
parent offspring adoption path model, analysis of genetic & home environment effects on IQ, adopted children assessed from 1–4 yrs of age, 15107
participation in triangle model of child abuse & neglect, perpetrator & victim & O, 15872
path model of drug use & emotional distress & peer drug associations, 11th –12th graders, 25644
path model of social cognitive structures underlying empathic communication, college students, 36415
Pavlovian conditioned inhibition in licking suppression, male rats, application of Rescorla & Wagner model, 21371
perception of possibilities for attainment of work values, importance of work, high school & college students & adult workers, Yugoslavia, 27846
periodic table model of gender transpositions & biobehavioral masculinization & defeminization, 36357
persistence of disease model vs learned behavior paradigm & impact on methodology & scientific validation, 31–61 yr olds with history of drinking problems, implications for future of disease model, 22790
person organization fit model, interactional organizational research, 38396
personal construct theory model of experiential learning process, assessment of confirmation effects on construing processes in sensitivity training groups, college students, 19870

phylogenetic regression progression continuum model of human behavior, explanation of rape motivation, 40202
PM-1 computer simulation of judgment processes & associative network memory, model of person memory, 14444
prediction of olfactory perception using equiratio mixture psychophysical model, college students, 17735
predictions of melioration & ratio invariance in reinforcement schedules, static & dynamic & quasi dynamic choice models, 3964
predictive utility of M. Fishbein & I. Ajzen's theory of reasoned action & applicability to consumer behavior, meta analysis, implications for modifications & future research, 20963
prevalence of depression & panic disorder with vs without agoraphobia, alcoholic females in detoxification unit, replication, implications for self medication model of alcoholism, 22814
product life cycle & population ecology models of organizations, 41549
psychological factors & cues-to-action & Health Belief Model, smokers in smoking cessation program, Australia, 34393
psychosocial model for mental health counseling, patients with AIDS, 9733
PTSD & 4 traumagenic dynamics models of child sexual abuse, 1781
rational vs reflective models of community action, effectiveness, Western Colorado Rural Communities Program, 23606
reasoning process model, decision making & problem solving & belief revision using circumstantial evidence clues, college students, 7391
reductionistic fallacy in medical & psychological & cognitive & behavioral models of learning disabilities, 5549
regression model with sinusoidal circadian variation & time since & during sleep, separation of circadian rhythms & masking effects associated with sleep wake cycle, 28187
related models of decision making, 3791
relationship of reciprocal interaction model for sleep cycle oscillation to attentional model of hippocampal function, animals, 14677
reorganization of historical data using time variables model, organizational behavior analysis & management, 38414
research implications of attributional model of depression, 1606
response deadlines & asymmetric monetary payoffs, response latency in line length discrimination task using random-walk binary choice model, college students, 35398
revision of desired rewards & priorities & maintenance of high job performance, coping with stress of career plateauing, employees, 27861
risk model of physical & cognitive & social & emotional development & status in family, female 13–19 yr olds in distress, 39456
schoolwide enrichment model, attitudes toward learning & teaching & extent & quality of creative productivity, K–6th graders & elementary school teachers & parents, 38108
selective attention examplar vs rule based models, prediction of categorization & identification & recognition performance, college students, 24839
self efficacy model, prevention of pregnancy, adolescents, 23113
sequential decision procedures, expansion of M. Nowakowska's model of questionnaire question answering, 10551
sex & integrative process model of organizational commitment, employees, 20833
simplification, understanding models, 35024
single vs separate sites model, prediction of sweetness perception of glucose &/vs sucrose, food research laboratory employees, 14246
social drinking models, alcohol consumption, 19–21 yr olds with vs without family histories of problem drinking, 12219
social psychological model integrating leading questions & negative feedback & coping strateiges, suggestibility in police interrogation situations, 22328
stage score correlations of Defining Issues Test importance ratings of moral issues, 14–24 yr olds, Netherlands, test of hierarchical structural model of moral judgments, 32475
status attainment model for representation of discrete occupational titles using multidimensional continuum of shared perceptions, explication of occupational choice, high school students, 18689
strategic planning model for community mental health centers, examination of services & programs, 2674
stress vulnerability model, assessment of expectancies & substance abuse, homosexual males, 12246
structural analysis of subtraction lessons & explanations, formulation of expert instructional explanation model, expert 2nd grade teacher, 13490
structural equation models vs MANOVA or MANCOVA in experimental designs, 38689
structural memory network model for human perception of serial objects, 38940
structural model of intellect & cognitive development, Blacks, 36062
structural role theory model, analysis of interpersonal conflict in organizations, 17396
subtraction & ballet genetic graph student model component of intelligent computer assisted instruction system, implications for role of school psychologist, 10041
symbolism & linguistic & developmental aspects of connectionist model of acquisition of past tense in English, 4635
system dynamics modeling, understanding of social systems & behavior, 22120
system of multiple mechanisms vs simple negative feedback models of satiety & food intake, commentary, 18150
systemic developmental model of day treatment, young adult chronically mentally ill patients, 2799
systemic model of satieties & food intake based on mechanisms of facilitation & occlusion & independence as alternative to negative feedback model, 18162
systemic model of satieties based on multiple mechanisms, commentary reply, 18161
systems model of short-term open-ended group therapy in hospital setting, conference presentation, 9754
task action grammar model using mental representation of task languages, prediction of learnability for lexical computer command language structures, adults, 24425
taxonomy of theoretical models of counseling resistance including anxiety control & noncompliance & negative social influence, 26803
teambuilding model using Myers Briggs Type Indicator with developmental theory, promotion of appreciation of male/female differences, managers, 34912
technology & other factors contributing to worker obsolescence, model of strategies for human resource development, 24336
test of focusing hypothesis of Mannheim Model of Speech Production using lexical decision, college students, 32310
theoretical assumptions underlying expectation states & status characteristics, social cognition & status generalization models, 22370
theoretical development of psychophysiology & multicomponent model for analysis of activation processes, 706
theoretical model of brain mechanisms of innate imitative behavior, learning simple & complex motor tasks, human neonates & infants & animals, literature review, 18634
theoretical model of psychosocial factors & biological rhythm disturbances, assessment of etiology of depression, 11946
theoretical model of reactions to & perceptions of & coping strategies used for job loss, 13869
theoretical models of incentive/drive & sexual motivation, humans & animals, 36362
theories & models & standard systems of measurement, 24546
tournament vs social comparison models, analysis of compensation levels, chief executive officers, 13816

training & cost effectiveness model, instructional systems media selection & use in Navy training, 24445
transformation function of model of mind, 40635
translation from hierarchical structures or outlines to relational structure of maps, interrelationships between ideas or objects, implications for program planning & evaluation, 28160
Traveller computational model of spatial network learning, 41507
tri-level integrative social work practice model, 30685
upper vs lower vs mixed case vs inverted letters, word identification, college students, test of interactive activation model, 24834
utility of Elaboration Likelihood Model, application to pretreatment attitudes, 17–23 yr olds with high vs low eating restraint, treatment implications, 40472
utility of high compression vs power law model vs modified power law model with compressed internal noise & additivity of masking, 31816
utility of "Probability of the Adoption of Change' model in curriculum reform & student affairs projects, college students, 27543
validity & applicability of P. Chelladurai & T. R. Haggerty's normative model for decision styles in coaching, players & coaches of intercollegiate soccer teams, Canada, 10017
validity of Holland's hexagonal model of personality & environmental types, assessment of career interest, Black & White 20–34 yr old premedical students, 10329
validity of human occupation in psychosocial occupational therapy model, psychiatric patients with eating disorders vs young adults with chronic conditions vs adolescents with psychiatric disorders, 6468
validity of models based on person &/vs item characteristics, prediction of test retest stability for structured inventory items, college students, Canada, 17578
validity of S.J. Blatt's model of depression, assessment of dependent & self criticism & patient characteristics, female outpatients with major depression, 11992
varied superstructure & substructure of value trees & weighting method, multiattribute evaluations of alternative waste disposal sites, college students, conference presentation, 31703
visual models of brightness perception, resolution of incompatibilities in psychophysical & electrophysiological experimental results, 38800
1- vs 2- vs 3-parameter logistic item response theory models, 38269
2 parameter probabilistic model extension of conjunctive model, 192
2 plus 1 prescriptive psychotherapy model using brief cognitive behavioral techniques, clients, 40604
3 dimensional model, alcohol use & abuse & rehabilitation, 27348
3 stage biopsychosocial training model, psychiatric residents, 27458
Moderately Mentally Retarded [See Trainable Mentally Retarded]
Molindone
molindone, accuracy of responding under fixed consecutive number vs delayed matching to sample procedure, pigeons, 39370
Monetary Incentives
dollar bill gratuity, mail survey rate of return, librarians, 7037
goal setting & monetary incentives, self efficacy & performance, telephone soliciters, 20764
graduation yr & level of work experience & monetary incentives & multiple mailouts, response patterns on mailed survey about professional issues, former college students, 3351
group vs individual monetary incentives & group size, individual performance on assembly task, college students, implications for promotion of employee productivity, 29355
individual & work factors, labeling incentive compensation programs as potentially injurious to well being, managers & professionals, 31409
limited vs unlimited stakes, motivational & cognitive activities, roulette players, 15526
merit raise scores in performance appraisal, attitudes toward self behavior & management & organization, employees, 24324
monetary incentive, goal choice & commitment & task performance, high school & college students, 4720
monetary incentive, mail survey responses, adults, 6978
monetary incentives, automatic teller machine use, low frequency users, 31492
Performance Management & Recognition System pay for performance principles, organizational performance, managers in federal government, 24329
productivity gainsharing experiment, productivity, federal government employees, 24328
program designed with vs without union participation, satisfaction & motivation & perceived equitability & responsiveness to problems, data transcribers at federal agency, 27903
quantity of enclosed vs promised cash reward vs contribution to charity vs chance at large cash prize, mailed survey response rate, respondents, 14057
response rate to survey printed on back of commercial check, consumers who had closed accounts with savings & loan company, 17486
Monetary Rewards
dextroamphetamine, time allocation to socializing vs monetary reinforcement, 22–23 yr olds, 25236
interpersonal influence attempt as coping strategy for increasing monetary reward probability, systolic & diastolic BP & heart rate, college students, 18167
level of incentive pay discrimination, predictive power of game theory model, college students, 35065
monetary reward for resistance, ability to voluntarily resist neutral suggestion, hypnotized college students & staff, 38952
quantity of enclosed vs promised cash reward vs contribution to charity vs chance at large cash prize, mailed survey response rate, respondents, 14057
response deadlines & asymmetric monetary payoffs, response latency in line length discrimination task using random-walk binary choice model, college students, 35398
visual patterned stimulus duration & payoff for correct response, feature sensitivity & bias & interdependencies in pattern perception, college students, test of Blobloc model, 7354
Money
acceptance of unfair allotment of money, college students in groups of 6, 15468
age & sex & job experience & education, level of confidence in investment decision making, shareholders & investors & security analysts & college business students, 31406
monetary vs other measures of success, entrepreneurs, conference presentation, 27889
money & commodity bundle value, preferences & conjoint scaling of utility of money, college students, 18971
money management services, outcomes, mentally ill homeless, 1 yr analysis, 37763
psychological importance of & sex differences in views of money & power, conference presentation, 36348
role of psychotherapist in family financial counseling, elderly, 33826
status & intimacy level, suitability of money as gift, college students, UK, 39916
Mongolism [See Downs Syndrome]
Monitoring [See Also Self Monitoring, Vigilance]
anxiety, mothers of infants on home apnea monitors, 1–3 & 3–6 mo followups, 37665
computer based system for simultaneous recording of locomotor activity & body temperature rhythms, applications to circadian biology research, 11078

daily contact log, monitoring form & content of community program implementation, chronically mentally ill clients, 27101
EEG monitoring of ECT, commentary with reply included, 40563
medication monitoring in day treatment program for mentally ill in community mental health center, psychiatric nurses, 9679
monitoring system for ultrasonic vocalization, mice, 28563
movement monitoring using magnetic induction law in study of "handedness", rats, 35620
placebo injections &/vs surveillance of alcohol intake during inpatient alcohol rehabilitation, relapse, 21–59 yr old females, 6564
police radar, speeder slowdown & overall speeds of cars with & without radar detectors, drivers, 13756
problems & methods of monitoring recovery, substance abusing adults, 34417
sleep organization & monitoring techniques, 4.5–7.5 mo olds at risk for sudden infant death syndrome & siblings, 23041
south-north vs west-east vs east-west flight, wrist motor activity & subjective ratings of sleep, 24–54 yr old air crew members, 35645
target vs 2 ear monitoring dichotic listening, 19–33 yr olds, 38813
transtelephonic EKG risk management monitoring system, quality of life, postmyocardial infarction adult outpatients, 9619
validity of computer scoring procedure for continuous monitoring of sleep & wakefulness, 1–5 day olds, 21914
Monoamine Oxidase Inhibitors [See Also Iproniazid, Isocarboxazid, Pargyline, Phenelzine, Tranylcypromine]
cardiovascular side effects of moclobemide overdose, 22 yr old female with postpartum depression, case report, 30526
chronic clorgyline & fenfluramine challenge, food intake & body weight gain & locomotor activity, rats, 14805
clorgyline, circadian components of wheel running activity, hamsters, 2 mo study, 25207
debrisoquin &/vs haloperidol, central vs peripheral plasma HVA concentration, schizophrenic males, implications for dopamine, 34012
diagnostic classification based on response to ECT vs MAO inhibitors vs tricyclic antidepressants, patients with depression, 9293
drug interactions involving neuroleptics & MAO inhibitors, patients with late onset psychosis or mood disorders, 9574
inhibition of MAO-A vs MAO-B, responses under DRL schedule, male rats, 18383
ip RO 15-4513 vs fluoxetine vs desipramine, ethanol & water & food intake, alcohol preferring vs nonpreferring lines of female rats, 18387
L-deprenyl vs tranylcypromine, nondepressed 56–72 yr olds with Alzheimer's disease, 12923
lactate provoked panic attacks or general anxiety disorder or alcohol or benzodiazepine withdrawal, tribulin output, adult patients, 29633
management of hypotensive & hypertensive side effects of MAO inhibitors, 26 yr old female with bipolar illness, 2459
MAO-A inhibitor moclobemide, hospitalized 37–69 yr olds with severe unipolar or bipolar depressive disorders, 2499
MAO inhibitors, depressive symptoms, abstinent alcoholic 25–60 yr olds, 41087
MAO inhibitors, hypertensive reactions, 19 yr old depressed bulimic female & 39 yr old female with major affective disorder, case reports, 6139
MAO inhibitors, pulse & BP 1–4 hrs after administration, psychiatric outpatients, 34051
MAO inhibitors vs tricyclics, anxiety & panic disorders & agoraphobia, conference presentation, 16645
MAO inhibitors with vs without tricyclic antidepressants, 11–18 yr olds with major depression, 23447
MAO type B inhibitor MDL 72394 & carbidopa, urinary MHPG & 3,4-dihydroxyphenylglycol, adult males, implications for affective disorder treatment, 21797
milacemide, MAO inhibitory properties, rats, implications for treatment of epilepsy, 32299
moclobemide, po & iv tyramine induced changes in BP & heart rate, 20–26 yr old healthy males, implications for drug treatment of depression, 39419
moclobemide vs diazepam, patients with atypical depression, 37569
pirlindol, MAO inhibition & 5-HT reuptake & pharmacological profile, patients with depression, 9578
popularity of MAO inhibitors, treatment of depressive & anxiety disorders, 34078
psychopharmacology & indications for MAO therapy, patients with depression or other mental disorders, 23419
switching patients from tricyclic antidepressants to MAO inhibitors, psychiatrists, 34048
termination of MAO inhibitor therapy & resultant side effects resembling withdrawal from chronic psychostimulants & possible psychosis, literature review, 16553
tranylcypromine or 4-fluorotranylcypromine vs clorgyline, brain monoamine metabolism, male rats, 39310
tranylcypromine vs 5-HTP vs nomifensine, 20–65 yr olds with major depression resistant to cyclic antidepressants, 26992
trazodone, MAO inhibitor associated insomnia, 19–69 yr old psychiatric patients, 30490
tribulin output, male combat veterans with PTSD, 26055
tricyclic antidepressant drugs or MAO inhibitors or lithium, weight gain, patients with depression or phobic disorders or bipolar disorder, literature review, recommendations for treatment, 19948
tricyclic antidepressants & MAO inhibitor & benzodiazepines & beta blockers, treatment of panic or phobic disorders, literature review, 26969
urinary output of MAO inhibitor tribulin, adults with generalized anxiety disorder, 15645
Monoamine Oxidases
antidepressant drugs, psychopharmacological mechanisms & selective uptake & MAO transmission, depressed patients, 12842
correlation of impulsivity & aggressivity with platelet MAO activity, 23–42 yr old males, 11102
CSF concentrations of tridecapeptide neurotensin & monoamine metabolites & clinical rating, drug free schizophrenic 18–45 yr olds, 33113
demographic & clinical variables, platelet MAO activity & tardive dyskinesia, psychiatric outpatients maintained on neuroleptics, 19994
EEG frontal midline theta & platelet MAO activity & personality traits, male college students, implications for CNS monoamine functions, 631
EEG sleep & lithium transport & platelet MAO & DST, patients with borderline personality disorder, 15717
imipramine, platelet MAO activity using 5-HT as substrate, 32–64 yr olds with endogenous depression, 2523
kinetics of platelet MAO using tyramine as substrate, adults with panic disorder, 19182
MAO & adenylate cyclase activity in platelet membranes as biological markers for alcoholism, commentary, 1905
MAO & adenylate cyclase activity in platelet membranes, male alcoholic 22–64 yr olds, 1913
MAO activity & EP augmenting/reducing, risk of depression, male college students, 40110
personality & bioelectric level & platelet MAO activity, 18–58 yr old patients with headache vs insomnia vs dystonia, 22878
personality correlates of platelet MAO activity, 17–19 yr old males vs females, 7717
plasma dopamine beta hydroxylase & platelet MAO activity & whole blood 5-HT, male juvenile offenders vs clinic clients with anxiety or depressive disorder, 19316
platelet MAO activity & dexamethasone nonsuppression, depressed patients, 8664
platelet MAO activity & life stress, risk for psychopathology & altered coping abilities, male 25–85 yr olds, 36526

platelet MAO activity & negative vs positive symptoms, male 23–30 yr olds with schizophrenia taking vs not taking neuroleptics, 1671
platelet MAO activity & personality traits, 20–38 yr old males, 28693
platelet MAO activity, hospitalized alcoholic patients, 5508
platelet MAO activity, patients with schizophrenia vs other psychiatric disorders excluding alcoholism, 1588
platelet MAO activity, schizophrenic patients with vs without paranoia or hallucinations, meta analysis, 5370
platelet MAO-B activity, 28–71 yr olds with Parkinson's disease vs Alzheimer's vs multi-infarct dementia, 26468
platelet uptake & content of 5-HT & MAO activity & plasma tryptophan levels, adults females with PMS, 8985
platelet 3H-imipramine binding & MAO activity, elderly outpatients with primary major depression vs depression secondary to medical illness, 19217
platelet 3H-imipramine binding & MAO activity, Alzheimer's disease patients with vs without behavioral symptomatology, 19611
tyramine excretion vs MAO activity, prediction of response to imipramine vs phenelzine, nonmelancholic depressed adults, 20015
utility of platelet MAO activity as biological marker, patients with psychiatric disorders, 8685

Monoamines (Brain) [See Catecholamines]

Monocular Vision

accommodative hysteresis, monocular perception of apparent distance, optometry college students, 38767
age at start & duration of monocular deprivation by suture vs contact lens, visual fields, monkeys, implications for binocular competition model, 39198
aperture size & intervening objects, monocular target detection & visual accommodation, 17–35 yr olds, 24735
binocular vs monocular exposure, lateral dominance & discrimination of straited patterns of different spatial orientation, rabbits, 39088
binocular vs monocular variability, response to 100 Hue Test, adults, 7361
depth information in scene using monocular vs binocular vision, adjustment of zoom lens to match directly viewed object apparent size, adults, 3747
eye movements & masking, monocular rivalry, adults, 17751
handicapping effects of acquired monocular impairment, adults, implications for professionals & rehabilitation programs, 19610
McCollough aftereffects, binocular vs monocular color effects, college students with strabismus or ambylyopia vs normal vision, 37146
model of perception of horizontal illusory movement with vs without monocular cues, 21 & 28 yr old males, 21228
monocular & binocular accommodation RTs, 17–34 yr olds, 38774
monocular adaptation, perceived spatial frequency of vertical grating patterns & subsequent stereoscopic tilt, adults, 257
monocular occlusion, rotary pursuit performance, male college students, 3689
monocular optokinetic nystagmus of covered vs uncovered eye, kittens with unilateral lesion of lateral suprasylvian area, 4287
monocular view of drawings & paintings with fixation alternated between points at different implied distances from O, covered eye vergence movements, 10–43 yr olds, 15065
monocular vs binocular stimulation by 1 vs 2 shadows, visual discrimination, college students, 7328
onset asynchrony & spatial phase of flashed gratings, role of motion detection in monocular vs dichoptic contrast thresholds & forward masking, 21219
planar vs curved surface with contradictory monocular & stereo information, perception of depth & spatial orientation, graduate students, 3764
right then left monocular deprivation & 2-amino-5-phosphonovaleric acid blockade of left visual cortex receptors, neural pathway & ocular dominance of striate cortical neurons, kittens, 39175
size discrimination & constancy, binocular & monocular goldfish, 10888
suppression of blur by monovision contact lenses & ocular dominance, monovison task performance, 44–67 yr olds with presbyopic vision, 34186
vergence state & direction of monocularity induced afterimage or intermittently illuminated object, cyclopean illusion, 14270

Monolingualism

analysis of language samples for acquisition of 10 morphemes, Mexican American monolingual Spanish speaking 2–4.7 yr olds, 36059
metaphor comprehension, monolingual vs bilingual 8 & 11 yr olds, Canada, 15050
normative data for Spanish version of Test for Auditory Comprehension of Language, monolingual vs bilingual Mexican American 4–8.9 yr olds, US, 7192
performance on modified Stroop test, monolingual vs bilingual 6 yr olds, Hungary & Czechoslovakia, 21978

Monozygotic Twins

additive model of genetic dominance, assessment of sibling correlation for extraversion, dizygotic vs monozygotic twins, 590
anxiety & affective disorders, 21 yr old identical twins concordant for attention deficit disorder & somnambulism & discordant for major depression & agoraphobia with panic attacks, 19075
autism & cognitive disorder & perinatal stress, 2–23 yr old monozygotic vs dizygotic twins & triplets with vs without autistic twin members, Denmark & Finland & Iceland & Norway & Sweden, 33189
behavioral deviance, 13 yr old monozygotic & dizygotic twins, England, 22762
cerebral ventricular enlargement & family history & obstetrical complications, monozygotic twins with schizophrenia, conference presentation, 1685
cigarette smoking & alcohol drinking discordance & health condition, 47–87 yr old monozygotic vs dizygotic like-sex pairs of twins reared apart vs together, Japan, 22291
developmental history & differences in behavior & cognitive processes, 2.4 yr old male monozygotic twins with concordant autism & hyperlexia, case report, 19228
early family environment & SES, personality, adult identical twins reared apart, Sweden, longitudinal study, 15146
frequency of engagement in & emotional response to mood related events, adult monozygotic vs same sex dizygotic twins, 38950
frequency of social interactions, personality traits, pairs of adult monozygotic twins, 15545
genetic factors, job satisfaction, monozygotic twins reared apart, implications for heritability of job characteristic preferences, 25020
hand preference for writing, monozygotic vs dizygotic twins with proband suffering from functional psychosis, replication, 26123
handedness & relative birth weight, IQ, monozygotic twin children, implications for role of prenatal pathology, 36086
infantile autism & mild to moderate mental retardation & fragile X syndrome, 7.8 yr old female identical twins, case report, 16089
intelligence, identical female twins concordant vs discordant for handedness, 588
item genetic analysis of Eysenck Personality Questionnaire measuring genetic structure of personality, 18 yr old & older monozygotic vs dizygotic male vs female twins, Australia, 31715
limitations of ratio of concordance rates, monozygotic & dizygotic twins with psychiatric disorders, 33085
loud tones during oral presentation of story, habituation of skin conductance response, 12–61 yr old monozygotic vs dizygotic male vs female twins reared together vs apart, 4125
marital status or marriage-like relationship & genotype, alcohol consumption, female monozygotic vs dizygotic twins, Australia, 29327

personality differences & smoking behavior, adult male monozygotic vs dizygotic twins discordant for smoking vs individual twins, 1337
reading & symbol processing & sequential memory measuring cognitive ability, reading disabled 8–18 yr old monozygotic & dizygotic twins, 5541
regional cerebral glucose metabolism, 24–65 yr old female identical twins, 7643
RT & short & long term memory performance & IQ, 15–57 yr old monozygotic vs dizygotic twins, 35576
sociodemographic & genetic & psychosocial factors, teenage drinking & early vs late drinking onset, female vs male 20–30 yr old monozygotic twins, Australia, 25825
symptoms & premorbid adjustment & onset age, monozygotic twins concordant vs discordant for schizophrenia, implications for genetics, 5193
Moods [See Emotional States]
Moral Development
ability to differentiate social rules, 8th–12th graders, Pakistan, 1134
age & sex & dilemma type differences, relation between C. Gilligan's model of moral orientation & L. Kohlberg's models of oral stages & moral orientations, 5–63 y olds, 2 yr study, 21916
age & sex & religiosity, forgiveness & justice development, predominantly Catholic 9–36 yr olds, 32488
application of moral development theory to therapeutic intervention, adolescent gangs in treatment units, 30712
childrearing practices, moral development, 1129
community based intervention based on model of sociomoral reasoning development, juvenile development, 23788
Confucianism & Taoism & traditional Chinese thoughts on L. Kohlberg's 6 stage model of moral development, 15033
creation & characteristics & solution of fictitious moral dilemma, female vs male gifted 15–16 yr olds, 21998
cross cultural validity & universality of preconventional moral reasoning stage, male 7–30 yr olds, Iceland vs West Germany, test of moral development theory by L. Kohlberg, 25391
cross cultural validity of Kohlberg's Moral Judgment Interview, assessment of universality of social-moral development, 15–80 yr olds, Poland, 14148
curriculum design, critical thinking skills & moral development, high school students, 10088
development of domain specificity & structured knowledge & social & moral judgments, recognition of existence of multiple languages, preschool age children, 35984
developmental model for integrated interventions, males who batter their wives, application of L. Kohlberg's theory of moral development, 2185
domain specific approach to social & moral & cognitive development & cultural influences, children, 21915
English curriculum, moral reasoning development, 10th graders, Canada, 34595
genetic & social learning & other theories, development of aggression & altruism, 8154
holistic theory of values & moral action, 22400
hypnotic age regression with vs without task motivation, moral judgment, adults, 7512
information seeking in moral reasoning, female vs male 14–92 yr olds, 18529
interactional vs individual vs sociocultural perspectives of moral development, behaviorally/emotionally handicapped students, 17287
interdisciplinary approaches to developmental studies of political socialization & morals, children, commentary, 25650
interpersonal understanding & moral judgment & cognitive ability, adolescents with emotional or cognitive or behavioral disorders, conference presentation, 19026
issues in use of psychological models in developmental studies of political socialization & morals, children, 25570
issues in use of psychological models in developmental studies of political socialization & morals, children, commentary, 25620
L. Kohlberg's levels of moral development & Piaget's stages of cognitive & moral development & levels of spiritual development & denominational choice, 11353
level of formal education, moral reasoning, Muslim 18–43 yr olds, UK, 8416
level of moral development, empathy, counselor trainees, 6588
level of moral reasoning, acquittal vs conviction in simulated trial with conventional vs principled closing arguments, college students, 1278
level of religiosity & principled moral judgment, 26–50 yr old Muslims vs Catholics vs Sikhs vs Hindus, India, 18746
maternal vs peer interaction in home environment, moral & conventional transgressions, 2–3 yr old males vs females, 36178
modeling & dialog & practice & confirmation & teacher student & researcher teacher interaction, moral education & students, teachers, 38107
moral development & locus of control & self concept, college students, Nigeria, 6762
moral development & reasoning & refusal to serve, 23–46 yr old reserve soldiers in Lebanon war, Israel, 3461
moral development, evangelical college & seminary students, 27638
moral development research, children, China, 21895
moral discussion group, moral development, behavior disordered children, implications for use in school setting, 33973
moral education program, adult male inmates, 7 mo study, 37953
moral reasoning, moral behavior & delinquent tendencies, 8.3–11.5 yr old males, 15032
moral reasoning scores, males vs females, commentary, 25380
moral reconation therapy, moral reasoning & perceived life purpose & recidivism, 21–65 yr old incarcerated drunk drivers & drug offenders, 34398
mother's academic qualifications, moral concepts, 7th graders, India, 8118
outcome vs morally oriented attributions of emotion to story figures who did vs did not violate moral rule, 4–8 yr olds, 11510
participation in juvenile jazz bands, moral development, young females in working class neighborhood, UK, 25592
principled moral judgment & values & conservatism, high school students, Australia, 18512
race of protagonist in Defining Issues Test, moral judgment, Black vs White college students, 11748
removal of punishment threat, errors in learned eating patterns, rats, implications for moral development theories, 21362
rules of moral conduct in Bible stories paired with pictures, recognition, 3rd vs 5th graders, 15175
SES & academic aptitude & moral reasoning, Israeli vs Oriental vs European male vs female college applicants, Israel, 1483
sex & age & education, moral reasoning, 19–82 yr olds, 21917
sex & life experiences, moral judgment development, young adults originally tested in high school, 10 yr study, 39457
sex, justice & care orientations in reasoning of abstract & interpersonal moral dilemmas, 5th–6th vs 10th–11th graders, 15161
social behavior & moral reasoning & self attributions, teacher & child ratings of peers' sociometric status & prosocial behavior, 47–63 mo olds, reprint, 25580
socialization & empathy & autonomy & locus of control, moral reasoning & development, incarcerated male vs female felons, 15833
sociomoral reasoning & antisocial behaviors, 11.3–14.5 yr olds, 25560
stage score correlations of Defining Issues Test importance ratings of moral issues, 14–24 yr olds, Netherlands, test of hierarchical structural model of moral judgments, 32475
teaching style, moral development, 19–65 yr old inmates in basic education classes, 27379

temporal & spatial distinctions among matters of intellectual convention vs personal preference vs logic vs physical laws, 1st vs 3rd vs 5th graders, implications for schooling process, 4629
universalistic vs culturally oriented theories of moral reasoning & development, Taiwan & other Chinese cultures, conference presentation, 36237
validity of 3 dimensional model of religious orientation, assessment of moral judgment & religiosity, graduate students, 21132
work input & language of outgroup, fairness of intergroup reward distribution, Dutch speaking 1st vs 3rd vs 6th graders, Belgium, 18536

Morale

decline of morale & happiness, married or single females, 1972–87, 29288
development of The Doherty Inventory of Psychological Morale, high school students, implications for teaching & classroom interaction, 3573
family functioning & health & retirement & SES, morale, 60–69 yr old husbands vs wives, 15235
gerontologic studies of life satisfaction & morale & depression & dementia, elderly, implications for service delivery, 36524
morale & adaptation to change, Peace Corps volunteers, implications for treatment & prevention of mental distress, conference presentation, 15533
primary vs team nursing, patient well being & staff morale & costs, registered nurses & nursing assistants & orderlies in long term geriatric treatment facility, 2 yr study, 34340
psychiatric hospital demoralization as psychodynamic process, application of mathematical model, 34301
recognition & incentive awards programs, morale & productivity, employees, 20861
religious activities & attitudes, well being & morale, 55 yr olds & older, 4768
supervisory style & situational favorableness, morale, industrial workers, India, 24395
task uncertainty & design, morale & work performance, workers in work units, 41458
teacher's locus of control & morale, students' reading and language arts achievement, teachers & students, 6741
timing of widowhood & age, morale, White & Black & Hispanic widowed 45–75 yr olds, 4754
visitation program, cognitive functioning & morale, elderly nursing home residents, replication, commentary, 13104
visitation program, morale & cognitive functioning, elderly nursing home residents, commentary reply, 13142

Morality

A. T. Boisen's moral psychology of conscience & Christian perfectionism, implications for pastoral counseling, 9743
affective & moral evaluations, attitudes toward giving blood, graduate & college students & faculty members, 39919
age & academic performance & moral reasoning & traditional sex role attitudes, attitudes toward homosexuals, heterosexual college students, 15387
age & sex & dilemma type differences, relation between C. Gilligan's model of moral orientation & L. Kohlberg's models of oral stages & moral orientations, 5–63 y olds, 2 yr study, 21916
cognitive & demographic factors & levels & patterns of moral judgments, 17–81 yr old college applicants, Israel, implications for cross cultural generalizability, 4570
conservation skills, moral judgment of subjective responsibility, 4–7 yr olds, 8018
counterexamples, causal necessitation vs moral responsibility, 24522
demographic characteristics, judgment in obligatory vs utilitarian morality, 20–70 yr olds, Taiwan, conference presentation, 36240
demographic factors & religious practices & beliefs & political self identification, moral attitudes, 18–60 yr olds, 25715
empathy & socialization & moral reasoning & attitudes toward authority, college students, 29391
ethical judgment scale, increase in sensitivity to ethical problems in ethics education course, college & graduate students, 27547
ethics & moral ramifications of surrogate motherhood through artificial insemination, legal implications, 20044
ethics & morality of & attitudes toward deception, psychological research, 24501
fundamentals of ethics in H. Hartmann's "Psychoanalysis & Moral Values", training implications, 30308
high vs low Machiavellianism, attitudes toward traditional moralism & new left philosophy & revolutionary tactics, college students, 4890
high vs low moral judgment, authoritarian & ethnocentric attitudes, high school & college students, Netherlands, 39989
history & present status of taxonomies of moral insanity, 22452
hypothetical vs actual moral reasoning, refusal to fight in war, 23–46 yr old male reserve soldiers, Israel, 38502
information seeking in moral reasoning, female vs male 14–92 yr olds, 18529
J. Jacob's classification system, assessment of moral justification in genuine vs simulated suicide notes, 22725
lack of leadership training & moral education in gifted curriculum, implications for teaching methods, 34752
management of stigmatizing sexual liaisons by an escort agency, homosexual males, England, 36361
meaning of religion & morality & religiosity, Oriental 50–90 yr old Jewish females, Jerusalem, 32620
moral approval of aggression & sex role identity, military officer trainees vs military service objectors vs females, 22410
moral elements in reforms of secondary urban vs suburban schools, academic achievement & discipline & racial integration & differentiation & intelligibility, school administrators vs teachers, 38050
moral judgment & action, reserve soldiers who refused to serve in Lebanon war & physicians who refused to give medical care to public, Israel, 17457
moral judgment & personality, delinquent vs nondelinquent 15 yr olds, 5398
moral judgments about past child sexual abuse & ethics in historiography, historians, 1789
moral reconation therapy, postrelease recidivism, drivers arrested for DWI, 41071
moral reconation therapy, resistant antisocial & substance abuse & mental health clients, 5963
norms of morality & analytical tools for ethical problem solving & decision making, managers & leaders, implications for conflict resolution, 29373
objective moral judgment, high school vs college vs graduate students, Hong Kong vs China vs England, conference presentation, 4564
perception of causal relationship between sociomoral events & affective reactions of participants, kindergartners & 3rd & 6th graders, 25555
psychoanalytic perspective on moral philosophy, 18
relativistic vs nonrelativistic vs idealistic moral outlook, attitudes about proscribed forms of sexual behavior, college students, 29423
role of emotions & morality & ethnology in health care, Bali, 39751
role of psychological theories & empirical data in ethical inquiry, 14050
rules of moral conduct in Bible stories paired with pictures, recognition, 3rd vs 5th graders, 15175
SES & academic aptitude & moral reasoning, Israeli vs Oriental vs European male vs female college applicants, Israel, 1483
sex & parental status, moral reasoning about hypothetical & personal dilemmas, male vs female 18–24 vs 30–45 vs 60–75 yr olds, 15540
sociomoral factors, motivation to fight against terrorists, Israeli soldiers, Lebanon, 22727

theoretical perspectives explaining popular appeal of Moral Majority conservative political organization & related religious fundamentalism, community residents, 15366
validity & reliability of conventional morality scale, assessment of individual differences in ethical & moral values, college students, 14178
Morals [See Morality]
Mores [See Values]
Morocco
DST response, depressed patients, Morocco vs Kuwait, commentary, 5142
internal & graphic representation of space & movement & village structure, male villager, Morocco, 29204
parental literacy & parental & child attitudes toward reading & learning, reading achievement, 6–7 yr olds & their parents, Morocco, 5 yr study, 20532
Morphemes
age & mean length of utterance of morphemes, 24–50 mo olds with vs without language impairments, 33442
analysis of language samples for acquisition of 10 morphemes, Mexican American monolingual Spanish speaking 2–4.7 yr olds, 36059
language acquisition model, assessment of semantic & syntactic development in mean length of utterance in morphemes, hearing impaired children, instructional implications, 30081
patterns of omissions & substitutions of grammatical morphemes in spontaneous speech, agrammatic & aphasic 21–68 yr olds, 37106
Morphine
acute vs chronic tricyclic antidepressants, antinociception induced by 5-HT vs norepinephrine vs morphine, male rats, 869
age & morphine, development of analgesic tolerance & withdrawal, infant rats, 28847
alcohol & morphine preferences, rats, 18420
alpha flupenthixol & 6-OHDA lesions of visceral cortex, morphine induced taste aversion of saccharin & acquisition of place preference, male rats, 14802
amino acids vs beta casomorphins vs naloxone vs morphine, ultrasound vocalization, rat pups, conference presentation, 21729
amphetamine & morphine & naloxone, visual discrimination, rats, 28795
amphetamine vs morphine into nucleus accumbens, extinguished self administration of heroin, rats, 14942
apomorphine vs morphine dosage with vs without naloxone vs haloperidol, stereotyped gnawing & licking & sniffing, female hamsters, 39389
catecholaminergic drugs, aggression & motor activity & body temperature during morphine withdrawal, mice, 25250
chlordiazepoxide vs pentobarbital vs busipirone vs chlorpromazine vs morphine, stretched attend posture test, mice, 4460
cholecystokinin, potentiation of rate decreasing effects of morphine on schedule controlled behavior, male rats, 14956
chronic icv morphine, body weight & food & water intake & blood glucose, male rats, 14840
chronic morphine induced tolerance, differential cross tolerance to mu & kappa opioid agonists measured by response to FR food presentation schedule, female pigeons, 39272
chronic morphine, sleep & wakefulness & EEG responses, cats, 39275
chronic morphine treatment & withdrawal, adrenergic receptor density & electrophysiological responsiveness to isoproterenol in hippocampus, male rats, 35864
chronic naltrexone, nigrostriatal & mesolimbic dopamine synthesis & morphine induced dopamine stimulation & locomotor activity, male rats, 28799
clonidine, spontaneous morphine withdrawal as measured by daytime vs nighttime locomotor activity patterns, male rats, 14947
codeine vs morphine, excessive grooming, 25 vs 45 day vs 6–7 mo old male rats, 11245
cold swim stress vs morphine, effect of auditory vs visual prestimuli on amplitude of subsequent acoustic startle response, rats, 21649
Compound 48/80, mast cell histamine levels & pain perception & morphine induced analgesia, male rats, 18283
constant morphine infusion, ethanol intake, rats, implications for role of opioidergic ligand in alcohol potentiation, 25239
corticostriatal pathway deafferentation vs intrastriatal N-methyl-D-aspartate, mediation of morphine vs methadone induced catalepsy, frontally decorticated female rats, 7754
CS, control of morphine self administration & withdrawal, rats, 39397
D-1 or D-2 antagonists, effect of morphine on analgesia & motor responses, rats, 39340
dextroamphetamine vs scopolamine vs morphine & role of control activity level, differences in spontaneous motor activity responses, CF-1 vs C57BL/6 vs CD-1 vs DBA/2 male mice, 35914
dopamine uptake blockage with naloxone vs GBR-13069, contraversive circling induced by morphine into ventral tegmental area, male rats, 18339
dosage & volume of ingested placenta & amniotic fluid, morphine induced analgesia measured by tail flick latency, female rats, 28886
dual process drug habituation model using signal & dosage & frequency parameters, morphine analgesic tolerance, male rats, 7840
environmental familiarity & acute vs chronic morphine, activity level & place preference conditioning & drug tolerance, male rats, 35894
ethyl alcohol vs morphine, tolerance to induced pain & pain threshold, 21–30 yr old females, 931
ethyl alcohol vs morphine, tolerance to induced pain & pain threshold, 21–30 yr old females, erratum, 35917
excitatory amino acid analogs, excitatory action of morphine in periaqueductal gray, male rats, 25247
exposure to sweet substances, analgesic rewarding effect of morphine, rats, 39346
glucose induced hypoglycemia, naloxone induced morphine withdrawal, morphine dependent rats, 18280
ICS 205-930 & MDL 72222 5-HT antagonist dosages, amphetamine vs morphine vs nicotine conditioned place preference, rats, 32170
icv morphine, approach & escape responses induced by lateral hypothalamic stimulation, male mice, 18203
icv vs sc administration of naloxone, abstinence syndrome & withdrawal signs, morphine dependent rats, 18289
intranigral morphine injection, nociceptive tail flick reflex & elapsed time before onset of antinociception, pentobarbital anesthetized male rats, 32154
intrathecal or icv or spinal cannulas administered atropine sulfate or phentolamine, neural pathways for analgesic effect of morphine sulfate, unanesthetized restrained rats, 28828
ketamine vs morphine, analgesia & catalepsy & antagonism by naloxone & tolerance, female rats, 4511
lesion of ascending noradrenergic & serotonergic pathways, antinociceptive effect of morphine, male rats, 32138
lithium chloride &/vs morphine, gastrointestinal illness & nausea induced analgesia, male rats, 7946
melanotropin release inhibiting factor as CS, acquisition of conditioned tolerance to antinociceptive properties of morphine, male rats, 28912
methlenedioxymethamphetamine, morphine induced analgesia & brain 5-HT, male rats, 14910
morphine & etonitazene taste preferences, male vs female C57BL/6J vs DBA/2J mice, 11221
morphine &/vs ethanol during putative place conditioning, place preference, male rats, 18384
morphine &/vs naloxone, target location in visual search, pigeons, 28808
morphine &/vs naloxone, vocalizations & other distress behavior following separation from mother & blood ACTH & prolactin & cortisol levels, infant rhesus monkeys, 865

morphine &/vs pimozide dosage to ventral tegmental area, frequency threshold for metencephalic brain stimulation reward, rats, 25293
morphine, aggressive behavior & pup care & pain response & body temperature, lactating mice, 39314
morphine, antinociceptive effects of intrathecal clonidine, male rats, 4345
morphine, delayed suppression of feeding & anorexic effect & reversal by naloxone, rats, implications for anorexia nervosa, 28894
morphine dosage, EEG & physiological & behavioral measures, healthy 20–31 yr old males, 28908
morphine, intake of ethanol vs water, water deprived male rats, 930
morphine into hippocampus, conditioned place preference, rats, 14831
morphine into periaqueductal gray or medial hypothalamus, escape behavior induced by bicuculline infused into same brain sites, male rats, 25248
morphine, naloxone induced opioid withdrawal symptoms & antagonism of respiratory depression & miosis, 28–41 yr old nonaddicted drug users, 4321
morphine, naltrexone induced supersensitivity to discriminate stimulus effects, pigeons, implications for non-opioid antagonistic action, 4359
morphine or capsaicin, glycine or taurine or beta alanine vs acetic acid induced dyskinectic writhing, mice, 39345
morphine preexposure in activity boxes vs home environment, activity following amphetamine, rats, 39414
morphine vs benzodiazepines, ultrasonic distress calls, adult rats, conference presentation, 32301
morphine vs fentanyl vs U-69593, tolerance & cross tolerance effects assessed by place preference conditioning, male rats, 18438
morphine vs naloxone vs opioid agonist U50,488, conditional discriminations, pigeons, 4458
morphine vs other opioid agonists, tolerance & cross tolerance effects on schedule controlled behavior, male mice, implications for opioid receptors, 18447
morphine vs stress induced analgesia, context associative tolerance & cross tolerance, male rats, 25263
morphine, water vs sodium chloride intake, male rats, 4320
morphine with vs without chloramphenicol, self stimulation, male rats, 32177
morphine with vs without methylnaltrexone, conditioned taste aversion to morphine & positive reinforcement effects, rats, 14893
morphine with vs without naloxone, discrimination between blank field & sinewave gratings of varying contrast, pigeons, 28809
naloxone induced morphine withdrawal & electrical stimulation of locus ceruleus, behavioral effects, monkeys, 7854
naloxone vs beta endorphin vs morphine with repeated amphetamine, stereotyped behavior, male rats, 18297
naloxone vs morphine vs enkephalin, sexual behavior, testosterone treated castrated male rats, 18277
opioid antagonists vs morphine, intake of sweetened alcoholic beverage, male rats, 7864
painful administration of dynorphins or morphine or beta endorphins, immobility induced by forced swimming, rats, conference presentation, 914
parenteral vs icv morphine vs beta endorphin, antinociception, male adrenalectomized rats treated vs not treated with corticosterone vs dexamethasone vs RU 28362, 758
PCP or delta-9-tetrahydrocannabinol or ethanol or morphine, intake of water or sweet or salty solutions, rats, 32254
peripheral pretreatment with enkephalinase inhibitor acetorphan, naloxone precipitated opioid withdrawal symptoms & enkephalin induced antinociception, chronic morphine dependent male rats, 4413
peripheral vs central opiate receptor blockade using methylnaloxone dose, motivation measured by place conditioning & aversion, morphine dependent rats, 21748
Phe-Met-Arg-Phe-NH-2 &/vs morphine, locomotor activity, male mice, 39375
pimozide pretreatment & high morphine dosage to ventral tegmental area, cessation of barpressing for brain stimulation reward & reinstatement of dopamine cell firing by muscimol, rats, 25292
pre vs posttraining morphine, retention of inhibitory avoidance, mice, 32172
prenatal stress, morphine vs cold water swim induced analgesia, male vs female rats, 7763
presence vs absence of alcohol cue during acquisition of morphine analgesia, tolerance, rats, 4462
reinforcing properties of morphine vs novel ethanol vs fenfluramine, conditioned taste aversion & taste reactivity test responses, male rats, 14918
repeated morphine, tolerance or sensitization to heart rate effects, male rats, 32281
restraint, morphine analgesia & naloxone induced jumping, male mice, 18214
ritanserin, conditioned place preference induced by dextroamphetamine vs morphine vs diazepam, male rats, 18405
shock intensity & haloperidol vs chlorpromazine vs morphine, 1 way conditioned avoidance procedure, rats, 25150
small doses of morphine, water intake, male rats, 18279
tripelennamine alone vs with morphine or pentazocine, discrimination response rates, male pigeons, 4446
ventral tegmental area microinjections of dynorphin vs morphine, food intake, food satiated rats, 14858
ventral tegmental morphine vs d-Pen,d-Pen enkephalin, contraversive circling, male rats, 11248
3-isobutyl-1-methylxanthine dosage with naloxone vs morphine, FR operant responding & colonic temperature, male rats, 28882
5 vs 20 mg/kg morphine in warm vs cold environment, core temperature & locomotor activity & oxygen consumption, rats, 28876
6-OHDA lesions of nucleus accumbens, iv morphine self administration & food & water intake, male rats, 18262

Morphology
acetylcholinesterase activity & ventricular brain ratio, patients with dementia of Alzheimer's type, 5791
cerebral asymmetries, dyslexic adult males, 19446
competition & physical traits, male choice & mating success, female pinyon jays, 14600
competitive behavior & physical traits, female choice & mating success, male pinyon jays, 14599
computed tomography assessed brain morphology changes, anorexic adults, 12374
enlarged claw, foraging & feeding behavior, male fiddler crabs, 461
frontal shield & other body traits & display, competitor assessment, moorhens, 14612
GM1 ganglioside, behavioral & morphological changes induced by colchicine into dental gyrus, rats, 28985
heritable variation in size of intrapyramidal & infrapyramidal mossy fiber terminal field of hippocampus, water maze learning, highly & partially inbred mice strains, 7683
limb bone adaptations, positional behavior & support uses in climbing mode of quadripedal arboreal locomotion, red howling monkeys, 10893
prenatal gamma radiation, brain morphology & behavior, rats, 18229
social rank, growth & open field performance & morphometric traits & fertility of mated females, male mice, 10987
ventricle brain ratios & plasma cortisol levels, patients with bipolar affective disturbance, 5188

Morphology (Language)
dissociation of & errors in inflectional vs derivational morphology during sentence production & word repetition, 60 yr old male with aphasia after cerebral hematoma, 19575
grammatical morphology, English vs Italian vs German speaking patients with Broca's & Wernicke's aphasia, 26415
Italian grammatical morphology impairment, female congenitally deaf 32 yr old, Italy, 40523

knowledge of derivational morphology & spelling ability, 4th vs 6th vs 8th graders, 11380
morphological analysis of elementary school reading vocabulary, 3rd–4th graders, implications for reading education, 38132
morphological complexity, word recognition, college students, 3844
morphological priming, lexical organization of American Sign Language vs English, deaf college students, 40416
morphology & syntax in written tasks, deaf 11–15 yr olds, Italy, 19633
morphology of nonword stimuli, lexical decision RT & error performance, college students, 3846
prototypical vs nonprototypical vs artificial sentences &/or picture, acquisition of morphological rule in semantic language, college students, Japan, 32324
recognition of stem words vs nonwords, college students, implications for morphologically based word families, 35958
strategies for morphology acquisition, 1–4 yr olds learning Mohawk, 39552
Mortality [See Death and Dying]
Mortality Rate
age & sex & diagnosis & mortality ratio, 10–70 yr old & older psychiatric patients, 1978–83, Israel, 32995
age, mortality rate & causes & risks including suicide, hospitalized patients with chronic schizophrenia, 10 yr followup, conference presentation, 33012
aggression, mortality rates & weight changes & conspicuousness & survivorship, testosterone implanted male lizards, 14892
alcohol ordinances, mortality rates from motor vehicle crashes & liver disease & cirrhosis & suicide & homicide, 25981
availability of psychotropic drugs, suicidal self poisoning mortality, 15 yr olds & older, 1971–84, Belgium, 40296
bereavement, morbidity & mortality, 16214
changes in mortality vs labor force behavior, nonworking life expectancy, 55 yr olds & older, 22082
changes in number & type of alcohol outlets, liver cirrhosis & traffic accident mortality, Australia, 15 yr study, 36893
convergence of social support & organizational contingency theories, explanation of social behavior & effects on mortality rate & causes of death, 29453
death certificate data, examination of geographic variation & time trends of dementia, 1968–78, England & Wales, 16164
deaths from residential fires, 65 yr olds & older, 1984, conference presentation, 37036
deaths from suicide vs natural causes, suicide attempters 10–60 yrs old & older, 8 yr followup, 5407
dementia psychiatric symptoms & limited mobility & mortality rates, 65–94 yr old females, 1 yr followup, 33464
demographic variables & age & activity level & quality of life & other factors, prediction of 5 yr mortality, institutionalized elderly, Canada, 41007
diagnoses & presenting problems & mortality rate & causes of death, 49–63 yr old psychogeriatric patients, 15 yr followup, 40046
diazepam, icv somatostatin induced motor disturbances & mortality & cerebellar Purkinje cell loss, male rats, 14808
disability in instrumental activities of daily living, mortality rate, 65 yr olds & older in urban community, Japan, 1 yr followup, 40440
economic & health service & other factors, relationship between maternal education & health survivorship, children, developing countries, 25980
excess mortality, 15 yr old & older psychiatric patients, 19000
hostility as risk factor for mortality & ischemic heart disease, 40–59 yr old males, Finland, 16133
hostility, coronary heart disease & mortality, male college students, 33 yr followup, 37048
infant mortality rates, mother reared captive chimpanzees, Australia, 3989
interhospital relocation, mortality rate, long stay psychiatric patients, 9797
intervention goals & social programs, prevention of drunk driving & motor vehicle crashes & casualties, adolescents & young adults, conference presentation, 9702
ivermectin dosage during gestation & lactation, mortality rate & cliff avoidance & locomotion & motor development, rat pups, 896
kesambet disorder caused by fright vs soul loss in context of cultural conceptions, child mortality & adult illness, North Bali, 40058
loss of adult sons in war vs automobile accident, mortality rates, parents, Israel, 16147
mandatory seat belt use, traffic accident fatalities, front seat car occupants, 4897
maternal characteristics & family resources & neonatal morbidity, mothers who did vs did not receive prenatal care, 20052
mental disorders & mortality, 65 yr olds & older, longitudinal study, England, 32936
mortality & institutionalization & service needs & daily living activities & hearing & vision, handicapped elderly, Sweden, 5–8 yr followup, 5776
mortality from neuroleptic malignant syndrome, 1959–87, literature review, 19221
mortality, psychiatric inpatients, Nigeria, 15606
mortality rates & causes, patients with primary vs secondary unipolar depression vs bipolar affective disorder, followup study, 1554
mortality rates & traumatic stress, draft eligible vs exempt males of Vietnam War era, 34988
mortality rates, patients wth eating disorders, 1971–81, UK, 26603
mortality rates, schizophrenic patients, Sweden, 10 yr followup, 32997
mortality rates, schizophrenic 23–82 yr olds with vs without tardive dyskinesia, Japan, 10 yr study, 33229
nest habitat availability & mortality rate, California gulls, 28500
occupation & psychosocial factors, disease specific mortality concordance, spouses, 9053
physical illness, mortality rate, depressed elderly patients, 5290
predictive validity of Cornell Medical Index-Health Questionnaire, mortality, males, American Samoa, 6 yr followup, 24585
race vs adolescent pregnancy & poverty related factors, mortality rates, Black vs White infants, 19501
rate of mortality, 15–85 yr old & older psychiatric inpatients, 1982, France, 33026
regional differences in mortality rate, adults who died of dementia or Alzheimer's disease or senile degeneration of brain, Australia, 33555
risk of mortality due to suicide & cardiovascular morbidity, patients with panic disorder, 11933
sex & age & social class & low happiness & social contact, stress of bereavement & mortality, widowed elderly, 6 yr study, 15237
sex, major diseases & health problems & mortality rate, adults, psychological implications, 19028
social & ecological correlates of mortality, baboons, 8 yr study, 21455
social status, health & survival chances of offspring, adult females & their children, Africa & Asia, implications for primary health care policy, 7987
social support system structure, mortality rates, modern vs premodern societies, 4792
spatial autocorrelation of suicide & homicide rates, 33302
subjective health, subsequent mortality rates, suburban elderly, Israel, 5 yr study, 11552
therapeutic components of Ischemic Heart Disease Life Stress Monitoring Program, mortality rates during 1st yr rehabilitation, patients recovering from myocardial infarction, 2872
tribal differences & alcohol related mortality, American Indians vs Blacks vs Whites, 1968–1978, 29752

Type A vs Type B behavior, mortality rate, 39–59 yr old male patients with coronary heart disease, commentary, 1991
Type A vs Type B behavior, mortality rate, 39–59 yr old male patients with coronary heart disease, 2100
validity & reliability of suicide mortality data & certification, 36786
validity of Kendrick Battery for Detection of Dementia for Elderly & measures of organicity & depression, prediction of survival, institutionalized 59–96 yr olds, 18 mo & 6 yr followup, 35136
Mosaicism [See Chromosome Disorders]
Moslems [See Islam]
Mother Absence
maternal employment & absence, social connectedness, male vs female college students, 32685
Mother Child Communication
age & gender differences, degree of coordination in mother infant interaction, 3 & 6 & 9 mo olds & their mothers, 22215
amount & type & function of utterances to 12 mo olds, mothers vs 8–12 yr old maids, Nigeria, 8265
behaviors to initiate & maintain supportive communication & level of specificity of information & personal attitudes, discussions with children about sex, 22–57 yr old mothers, 36287
book familiarity & child's age, interactions during reading, mothers & their 2–5 yr olds, 18567
characteristics of mother infant interaction, language & developmental status, 8–22 mo olds with history of otitis media, 12341
characteristics of speech directed at child, abusive vs neglectful vs adequate mothers & their infants, 22690
child age & intelligence, maternal use of verbal directives, developmentally delayed 2.5–5 yr olds, 22846
closeness of context, information content & syntax of sentences representing mother vs father infant interaction, parents of children under 3 yrs old vs adults without children, Italy, 8249
communication & interactive behavior prior to leave taking for brief separation, mothers & their normal hearing vs hearing impaired 17–46 mo olds, 9012
communication patterns, mothers & their 1–3 yr olds with mental retardation &/or Down's syndrome, 29810
conversational content & timing, mothers of 13–35 wk olds, 15282
conversational style & discontinuity in communication with child, mothers & their 3 yr olds with cleft palate, 29834
depression, duration & intonation contours of mother utterances, mothers & their 3–4 mo olds, 5154
education about calming techniques & encouragement of quiet alert state & resting from stimulation, interaction & communication, mothers & their low birth weight infants, 34195
family systems therapy, disclosure of lesbianism within family of origin, lesbian mothers & daughters, 9403
hypnosis, physical trauma & mother child communication in utero, adult female, case report, 30546
induced maternal emotion via film of normal delivery, fetal heart rate & behavior & eye movement, 19–31 yr old near term pregnant females, 39790
infant's sex & birth order, quantity & length of utterances & imperatives & instruction during teaching situation, mothers vs fathers of 8 mo olds, 11608
interactive situation, type of pronoun used to refer to infant, mothers & their 3 mo olds, France, 7 mo study, 39784
intergenerational familial patterns in information about menstrual cycle & sex & contraception, Black female 13–18 yr olds vs their mothers vs grandmothers, implications for sexual socialization, 39685
intrusions into conversations between mothers & older siblings, 24–36 mo olds, England, 21941
language directed toward mentally retarded vs nonretarded 19.3–65.5 mo olds in free play vs instructional situations, mothers, 26374
level of functioning & verbal/nonverbal status of child, patterns of child directed language, mothers vs fathers of autistic 3.3–12.6 yr olds, 19144
maternal attention directing behavior, joint attention interactions in toy centered play, 12 mo olds with Down's syndrome & motor-age-matched preterm infants & their mothers, 22854
maternal communication style, child vocal & communicative behavior, mentally retarded 1–3 yr olds & their mothers, 1936
maternal role & perception of child & language environment & development, mothers & their language delayed infants & preschoolers, England, 22871
maternal speech & subsequent child language development, 2 yr olds & their mothers, 5 mo followup, 25550
maternal still face period during face to face interaction, visual attention & affect, 3 vs 6 mo olds, 4686
maternal strategies to relate signs to context, language development, deaf 7 & 15 mo olds & their deaf mother, longitudinal study, 40418
mother child interaction & child's psychosocial development, mothers & their deaf infants, 16230
mother daughter communication, anxiety at onset of 1st labor, Black vs White primiparous daughters, 20043
mother infant interaction, rate of language acquisition, mothers & their 15 mo olds, 29093
mother's attributions of communication cues to prelinguistic behavior, mothers & their developmentally delayed vs mentally retarded infants, 8957
mothers' ready understanding of preverbal infants' communicative intents, mothers & their 1–1.6 yr olds, 29216
parent training for use of behavioral techniques, mother child interaction, mother & her language delayed 5 yr old son, 9464
patterns of emotional matching & mismatching, 17 yr old mothers & their developmentally at risk infants, conference presentation, 15589
personality traits & communication & behavior styles, mother son relationship, single mothers, 39792
proactive vs reactive maternal behavior, development of compliant behavior & self regulation, 2 vs 3 yr olds & their mothers, 22189
recognition & posing of emotional expressions, abused vs nonabused 3–7 yr olds & their mothers, 8775
social & dyadic & other mother child interaction & communication, child referential language & pretense play, mothers & their 13 mo olds, 39479
structure & content of utterances, mothers vs fathers & their 2.5–3.5 or 8.5–9.5 mo olds, 4844
style & structure of mother child conversations about past, mothers & their 30–35 yr olds, implications for memory development of child, 25452
verbal communication, minority adolescent mothers, implications for prevention & intervention in communication disorders, 8084
verbal communication patterns, mothers of children with Down's syndrome vs language impairments, 5672
verbal content of interaction with newborn child, Hispanic vs White mothers, 4864
workshop utilizing systemic interactive questions, relations & communication, mothers & daughters 16 yrs old & older, 2375
Mother Child Relations
achievement level & mother child interaction characteristics, elementary school students, 34656
activities & interaction in home, mothers & their 5 mo olds, Japan vs US, 15276
activity & interaction patterns, mothers & their infants, Japan vs US, literature review, 32476
affect & activity level during interaction with mothers vs nondepressed female strangers, 3–6 mo olds of depressed vs nondepressed mothers, 26070
affect attunement & attachment & temperament & zygosity, 10–12 mo old twins & their mothers, 32682

age & gender differences, degree of coordination in mother infant interaction, 3 & 6 & 9 mo olds & their mothers, 22215
age & sex, expressive behavior, 6–18 yr olds & their mothers vs their friends, 29155
analytic therapy, extreme dominance & difficulty, 3 yr old male & his mother, 2310
antecedent consequence conditions of maternal depression & adolescent functioning, mothers & their 11.7–15 yr old children assessed at 1 yr, 5203
approach by mother vs stranger & cardiac vagal tone measured by heart rate variability, facial emotional expressivity, male vs female 5 vs 10 mo olds, 39677
attitudes toward mothering, 13–30 yr old primaparas, implications for parent skills training, 1247
attributions toward developmentally disabled vs able twin, mother of 11 mo old male & female twins, 21 mo study, 29441
authoritative parenting & scaffolding in tutoring of children's learning, task performance, 3 yr olds & their mothers vs fathers, 8045
behavior & interaction between mother infant pairs, 7–24 mo olds from abusing & nonabusing 2 parent families, 33241
behavior toward infant at 2–5 wks postterm reflecting social environment, mothers of premature vs full term infants, 22175
brief psychotherapy, correspondence between maternal behavior & representations of infant, mothers & infants, 5934
characteristics & psychiatric admission with vs without infant, mentally ill postpartum mothers, Canada, 2 yr followup, 30766
child adjustment & maternal perceptions, female psychiatric patients with vs without depression vs medical patients & their 1st–8th grade children, 19150
child characteristics, maternal behavior, mothers & their 3–36 mo old handicapped children, 25986
child noncompliance & oppositional & complaining behavior & parental instruction giving & maternal aversiveness, families of 2.4–7 yr olds with conduct disorders, 33343
closed mother daughter discussion group, relationship, 70–80 yr old mothers & their 44–50 yr old daughters, 4947
communication & interactive behavior prior to leave taking for brief separation, mothers & their normal hearing vs hearing impaired 17–46 mo olds, 9012
concept of mother, 4–5 yr olds, 1954 vs 1986, replication, 39657
concurrent & construct validity & standardization of Parental Stress Inventory, assessment of effect of mother & child characteristics on parental stress, low income Black mothers & their 5–8 yr olds, 21064
construction & reliability & validity of Maternal Separation Anxiety scale, 15–39 yr old mothers of infants, 38627
continuity between home & day care & interactions with mothers & childcare workers, social development, 2.7–4.5 yr olds, 18671
continuity in maternal sensitivity, 12–34 yr old disadvantaged mothers of 1st born children assessed at 6 vs 24 vs 42 mo, 22206
creativity & art in psychotherapy, neurotic patients with narcissistic disturbances from early deprivation of maternal care, implications for projective identification, 33775
day care & maternal separation, attachment & emotional security social adjustment, infants, 25724
day care during 1st yr, infant mother attachment & social development, literature review, 22001
day care, mother infant attachment & social development, commentary on literature review, 22009
day care, mother infant attachment & social development, commentary on literature review, 22055
day care, mother infant attachment & social development, commentary on literature review, 22066
day care, social development & mother infant attachment, commentary on literature review, 22064
deafness, relationship with mother & environment & development of self, infants & young children, psychoanalytic implications, 33658
demographic & SES & cultural differences, infant care, mothers & their infants, Kenya vs Mexico vs Italy vs Sweden vs US, 15307
depressed mood & infant attachment & perceived self efficacy to terminate infant cry, mothers of 5 mo olds, 22177
depression & denial & withdrawal in interactions with seriously ill hospitalized child, mothers, 30100
depression of self &/vs mother, prediction of social & cognitive functioning, 11–14 yr olds, 5202
depressive symptomatology, child behavior, 18–40 yr old mothers of 2–12 yr olds with conduct disorder, 40007
development in infancy as archaic reverse self object for mother, trauma & cohesive vs pathological grandiose self & psychotherapeutic resistance, clients, 5962
disclosure of mother's homosexuality, acting out behavior, female 13 yr old being raised in lesbian family, case report, 26291
display of emotional expressions in response to infant's expressions, mothers & their 5 mo olds, Japan vs US, 36280
disruptions in mother child dyad during infancy, intergenerational shock & trauma, psychotherapy patients, cognitive retraining implications, 19756
disturbed mother child relationship & other factors, life threatening refusal to eat, at risk 3.4 yr old male, 37099
dose of methylphenidate, maternal use of commands & child's compliance, 2.5–4 yr olds with attention deficit hyperactivity disorder & their mothers, 12825
dyadic play styles of 22–44 yr old mothers vs fathers vs 2.3–7.8 yr old siblings, cognitive development, infants assessed from 12–18 mo old, 18622
dyadic vs triadic context, prediction of secure & insecure avoidant infant mother attachment, families with 1st born infants, 15317
E support & informed advice during followup study, mother child interactions, 3 yr olds & their adolescent &/or unmarried mothers, 3 yr followup, 22198
early attachment & later maternal attitudes & adjustment, mothers of preterm vs full term infants, 8252
early infant behavior & maternal interactive style, subsequent attachment quality & social behavior, infants assessed at 3 vs 12 mo old, 39643
early problems in relationship with mother, early pregnancy, females 15 yrs old & younger, 1063
early psychosexual development & relationship with mother, vulnerability to anorexia nervosa & bulimia, females, 12333
early stress & maternal social supports, mother infant functioning, mothers & their high risk premature infants assessed 1 mo posthospital release & at 8 & 12 mo, 5609
eclectic psychotherapy with psychodynamic & behavioral components, psychological & social & childrearing & economic problems, divorced mothers, 12633
education about calming techniques & encouragement of quiet alert state & resting from stimulation, interaction & communication, mothers & their low birth weight infants, 34195
EEG recorded frontal brain asymmetry, prediction of response to maternal separation, 10 mo olds, implications for individual differences in temperament, 29117
emotional exchanges with mother & S characteristics, infants with severe & persistent sleep disorders in 1st 18 mo of life, conference presentation, 9069
environmental stressors, attentional deficiency in relating with child, mothers, literature review, 15314
evaluation of Mother Child Home Program, 24 mo olds, Bermuda, commentary reply, 23582
factors affecting maternal tactile behavior, mothers & their newborns, 8262
family assessment & intervention, promotion & strengthening of parental competencies & family functioning, 21 yr old mother & her 7 mo old daughter, 9731

family relations & social competence & attitudes toward social issues, male vs female 16 yr olds who were unwanted pregnancies, Finland, 14 yr followup, 4713
fantasmatic interactions assessed direct observation & video recordings, mothers & their infants, 4845
folie a deux, 30 yr old mother & her 6 & 8 & 9 yr olds, case report, 29603
formal maternal handling routines, early gross motor development, Jamaican infants, England, 11401
free play interaction, prediction of preschool performance, infants & their mothers, 4 yr study, 6735
habituation & maternal encouragement of attention, prediction of language & play & representational competence development, 5 mo olds, 8 mo followup, 32361
holding therapy, psychopathologies & mother child bond & prenatal & perinatal memories, 9–12 yr olds, 23205
home based infant parent psychotherapy, mother infant relationship, 27 yr old female with severe postpartum depression & her 4 mo old daughter, case report, 2361
home environment & maternal psychiatric symptoms, prevalence of child's behavior problems, 36–48 mo olds & their mothers, Ireland, 11891
hormonal & sensory & experiential factors, onset & maintenance of maternal behavior, humans, application of rat model, literature review, 7698
hospitalization in pediatric ward induced regression to infancy, establishment of emotional mutuality, 6 & 10 yr old females & their mothers, case reports, Japan, conference presentation, 6463
income concerns & approach to problem solving & self concept & social resources, normal vs maltreating mothers receiving aid to families with dependent children, 27153
inconsistent parenting behaviors, conduct problems, 3.0–5.2 yr olds & their mothers, 33273
infant behavioral states & parental feelings & perceptions & behavior during preterm hospital visits, mothers vs fathers & their preterm infants, Israel, 23668
infant care & protective strategies, Gusii mothers & infants, Kenya, longitudinal study, 15297
infant feeding decisions & experiences, 16–24 yr old Cambodian & Chinese & Vietnamese mothers, 11472
infant nutrition, mother child interactions, mothers & their infants, India, 35978
infant physical attractiveness & temperament, prediction of mother infant relationship, 1 yr olds & their mothers, 4721
interaction & egalitarian strategies & compensation mechanisms & adaptation, mothers & their twins followed from birth to 3 yrs, 32667
interaction during problem solving play procedure, behavior disordered 24–54 mo olds with vs without developmental delay & their mothers, 12112
interaction patterns, disabled infants or young children & their mothers, literature review, 9179
interaction with abusive &/vs neglectful mother, development of compliant behavior pattern in infancy, 1–36 mo olds & their 15–38 yr old mothers, 12111
interactions & separations & reunions with mother or stranger, infants with cystic fibrosis, 12387
interactions with infant & physiological & psychological condition, primiparous mothers delivered by caesarean section vs mothers delivered vaginally, 2 mo & 1 yr followups, 9623
interactions with mother & fear of strangers, infants of mothers with nonorganic psychosis observed from 3 weeks to 12 mo of age, 22617
interactions with mother related to written language, attachment security & literary development, 1.5 vs 3.5 vs 5.5 yr olds & their mothers, 11378
interactions with their children, mothers with recurrent unipolar depression vs bipolar disorder vs chronic medical illness, 18999
interactive situation, type of pronoun used to refer to infant, mothers & their 3 mo olds, France, 7 mo study, 39784
interparental conflict & parental marital status & conflict with mother, young adolescents with overt &/vs covert antisocial behavior problems, 1784
intervention to improve interpersonal competence & parenting behavior, relationship with infant during 1st yr, high social risk mothers, 30631
maternal & child & environmental support factors, care giving involvement, mothers of handicapped infants, test of goodness of fit concept, 5787
maternal adolescent interaction & class & ethnicity & sex, continuity of cognitive development following early antipoverty intervention, mothers & their 12–15 yr olds, 10 yr followup, 29055
maternal agitation & child distress & mother child interaction during medical examination, 4–10 yr olds & their mothers, 12966
maternal attachment at 1 yr old, receptivity & obedience to maternal instruction & problem solving performance in Type B vs Type C infants assessed at 23 vs 32 mo of age, 15217
maternal attachment behavior in M. D. Ainsworth's strange situation, infants, Japan, comparison with West German & US data, 36133
maternal attachment classification, dyadic problem solving, developmentally intact vs delayed 24–54 mo olds with behavior problems & their mothers, 11870
maternal attitudes, mother infant interaction, mothers & their 1–5 mo olds, conference presentation, 4825
maternal behavior & child temperament & family structure, sibling relations, families with both 3–6 & 5–10 yr olds, 32538

income concerns & approach to problem solving & self concept & social resources, normal vs maltreating mothers receiving aid to families with dependent children, 27153
induced maternal emotion via film of normal delivery, fetal heart rate & behavior & eye movement, 19–31 yr old near term pregnant females, 39790
infant feeding decisions & experiences, 16–24 yr old Cambodian & Chinese & Vietnamese mothers, 11472
infant temperament & difficulty, mothers with postpartum depression & their 2 mo olds, 40195
informational & supportive intervention, attitudes toward & knowledge about & success of breast feeding, working class primiparous 19–32 yr old females, 8253
initial use of intervention visits, mood & coping & adjustment, mothers of high risk & handicapped infants, 9 mo followup, 2700
intelligence & attitudes toward children & support systems & maternal childhood experiences, child's nutritional status, rural mothers & their 1–5 yr olds, India, 29242
intelligence & personality & mental health, 8–12 yr old children of working mothers, India, 18675
interactions with preterm infants during initial period at home, mothers vs fathers, Israel, 36283
interdisciplinary treatment approach, family relations & school attendance, 8 yr old truant male & schizophrenic mother & other family members, England, case report, 16318

interpersonal aspects of social support, parenting competence, White vs Black families with 6 mo to 15 yr olds & mildly mentally retarded mothers, 40335
issues in surrogate motherhood, 18770
knowledge about child drug & alcohol use & related problems & reactions to this knowledge, 13–21 yr olds & their mothers, 12228
knowledge of infant motor & cognitive & social development & prediction of 1st & 2nd yr abilities, low SES adolescent vs middle class older mothers & their 1st born infants, 22188
language directed toward mentally retarded vs nonretarded 19.3–65.5 mo olds in free play vs instructional situations, mothers, 26374
legal child custody issues in surrogate motherhood arrangements, 18821
legislative & judicial approaches to surrogate motherhood arrangements, 18818
life satisfaction & adjustment, infertile adult females without children vs mothers with subsequent infertility in in vitro fertilization program, 12349
life skills training program, single mothers, 6060
mastery & intimacy & discomfort in seeking social support & support received, emotional distress, mothers of well vs acutely vs chronically ill children, Israel, 16106
maternal attitudes, mother infant interaction, mothers & their 1–5 mo olds, conference presentation, 4825
maternal attitudes of sharing & autonomy & restriction & demand, children's self perceptions, 25–41 yr old mothers from Kibbutz vs urban environments & their 5.8–6.2 yr olds, Israel, 25626
maternal causal beliefs of own & child behavior, 3–6 yr olds who were physically abused vs handicapped & their mothers, 33352
maternal characteristics & child temperament, ratings of child's behavior, mothers & their 39–51 mo old children, 22197
maternal childrearing style & life stress & locus of control & marital status, child school adjustment & self concept & social problem solving, Black lower income mothers & their 3.5–4.8 yr olds, 8235
maternal confidence during toddlerhood, mothers of preterm vs full term 12–36 mo olds, 29218
maternal confiding relations & distress & child's recent stressful life events, anxious or depressed 7–16 yr olds, 15691
maternal control style & sensitivity & childrearing attitudes, attachment security, mothers & their infants observed at 12 & 20 mo old, 1213
maternal depression & anger, reports of child's behavior problems, mothers & their 5–13 yr olds referred for day treatment, 26205
maternal depression, child's behavioral & emotional problems, mothers & their 1st born 4 yr olds followed from pregnancy, 40075
maternal employment & coping & role & child care satisfaction, attachment security & dependency, 18 mo olds, conference presentation, 29177
maternal employment, adjustment & perceptions of child rearing, 7th–12th graders, 22037
maternal employment, behavior & attitudes & self image, adolescents, Ireland, 4712
maternal employment, family members' perceptions of actual vs ideal maternal roles, fathers & mothers & adolescent family members, 25722
maternal employment, family relations & parent child interactions & child outcomes, 2 parent families with preschool age children, 25732
maternal employment, role satisfaction & commitment & involvement & interrole conflict, employed couples with children, 10379
maternal employment status, achievement motivation, college students, India, 10112
maternal everyday & life event stress & depressive symptoms, child behavior problems, mothers & their 5–6 yr olds, 8099
maternal mental health & child behavior problems & social adversity in family, families of 2.5–16 yr olds attending child guidance clinic, 30656
maternal perception of competency & family interaction patterns, self-esteem, mothers & adolescents, implications for use of parental data in research, 29226
maternal perceptions of behavior problems & social skills, 4–16 yr olds with juvenile diabetes vs spina bifida vs hemophilia vs obesity vs rheumatoid arthritis vs cerebral palsy, 5823
maternal perceptual style of child behavior, play behavior, mothers & their 15 mo olds, 1229
maternal personality characteristics, 6–13 yr olds with disruptive behavior disorders & their mothers, 40241
maternal risk for child inadequate development & disturbed parent child interaction, mothers of newborns, Israel, 3 mo & 1 yr followup, 22212
maternal stress, fetal motor activity, pregnant females awaiting amniocentesis, 39471
meaning of motherhood in African American culture, Black mother daughter relationships, implications for role modeling & social learning theory, 32631
mediating role of perception of stress & moderating role of health promoting life style & demographics, maternal role, 17–40 yr old mothers of infants, 29243
medical & demographic characteristics & agreement to participate in & actual return of research questionnaire, mothers & their high risk neonates discharged from intensive care, 40501
mental health vs information & resource utilization models, parenting & depression & social & commentary skills & child's competency, pregnant females with low social support, 3 yr study, 20104
midwives as mediators, initiation & compliance with mental health service, mothers who had previously refused psychiatric services, 6344
mother daughter relationships in works of female African writers, 32338
mother infant interaction during feeding & play, development of secure vs anxious attachment, mothers with nonorganic psychosis & their neonates, 12 mo study, 15757
Mothers' Activity Checklist, assessment of pleasant & unpleasant events in mother child interactions, mothers of 2–12 yr olds from low & middle income group, 25738
mother's depression, mother child relations & child's IQ & expressive language & social adjustment, mothers & their 2–3 yr olds, England, 6 mo followup, 33158
mothers' incarceration, family system, 13270
mother's marital status, report of child's health, Mexican American vs White vs Black 6 mo to 11 yr olds & their parents, 4553
mothers' vs fathers' occupational status, self perceptions & academic achievement, male vs female 10th graders, Australia, 24040
motivations & crime circumstances & victim & offender characteristics, females who killed infant vs older child vs spouse vs other person, Canada, 15888
Munchausen syndrome by proxy, mothers, literature review, 1835
nature & number of lifespan role transitions & psychosocial correlates, 60–95 yr old mothers vs nonmothers, 8190
needs & problems & practical solutions, female psychologists/mothers in private practice, conference presentation, 13436
needs assessment, mothers of mentally retarded 6–26 yr olds, 5550
object constancy in context of establishing separate identity & illusion of constantly available mother, children, 22062
observational vs self report measures of interaction quality, mothers of unattractive & craniofacially deformed infants, 40352
obstetric history, child behavior measured by mother's perceptions vs professional rating scales, 17–43 yr old mothers & their neonates, 36297

opinion on possibility of change & social desirability of kindergartners' vs adolescents' personality traits, mothers vs nonmothers, Japan, 15218
parent training program using verbal instruction & modeling & feedback, affection & responsivity toward child, 22–28 yr old developmentally handicapped mothers, 37411
parental acceptance vs rejection, attitudes toward helping, 25–45 yr old working vs nonworking mothers, India, 22196
parental discipline, coercive & antisocial behavior, male 6–8 yr olds from recently separated single mother families, application of structural model, 15142
parental involvement & personality & social background, 30–34 yr old Black Head Start mothers vs 25–29 yr old mothers from national sample, 25753
parental involvement in regular vs special education, mothers of students in regular education vs those with mild to moderate vs severe to profound disabilities in special education, 31226
parental personal adjustment, perception of children's behavior, mothers vs fathers vs teachers of 3–8 yr olds with conduct problems, 12204
parenting stress & dysphoria & perceived social support, mothers vs fathers of 4.5–19.5 yr olds with autism vs Down's syndrome, 32994
parenting stress, frequency & appropriateness of child health care, mothers of 12 or 18 mo olds, 37592
participation in Child Parent Enrichment Project, well being & prenatal care & birth outcomes & child temperament & welfare, pregnant females at risk for child abuse, 4–6 mo study, 9247
patriarchal & maternal influences, experiences of childbirth, adult females, England, 36293
patterns of interaction with & behavior of infants, biological mothers vs institutional primary caregivers & 3 mo olds, Greece, 8153
perceived child temperament & definition of easiness vs difficultness, mothers vs fathers of male vs female 6 vs 24 mo olds, 39638
perception of infant hunger & of milk supply, breast feeding mothers of infants, 32691
perceptions of family stress & coping methods & marital adjustment, mothers of autistic vs mentally retarded adolescents, 1497
perceptions of ideal female vs male child, employed vs unemployed 25–56 yr old mothers, Philippines vs US, 4850
perceptions of motherhood, unmarried 18–65 yr old male vs female college students vs mothers, Japan, 36265
personal & family adjustment & job satisfaction & child care arrangements & interest & participation in support groups, single mothers in US Air Force, 31480
personal attributes & interpersonal relationships & environmental conditions, receipt of social support, Jewish mothers with ill children, Israel, 1 yr followup, 36525
personality & obstetrical complications & institutional rearing & cerebral ventricular size, children of mothers with schizophrenia vs schizotypal personality disorder, conference presentation, 1696
personality characteristics, social support & risk for depression, working class mothers, 8541
physical home environment, temperament, 12 mo olds & their mothers, 32545
portrayal of mothers in forensic psychiatry narratives, male offenders, 26303
postpartum telephone program in family practice, reassurance & guidance & early intervention, mothers & newborns through 1 mo old, 2650
prediction of 12 yr old son's performance on easy vs average vs difficult exams, 30–50 yr old mothers vs fathers, India, 24257
predictive variables, development of social competence in children, single mothers & their 8–11 yr olds, 29135
prenatal diagnosis, emotional engagement with fetus & child-to-be, pregnant females, 23539
prenatal psychosocial characteristics & interactions with newborns, 13–16 vs 18–35 yr old mothers, longitudinal study, 15279
presentation of full term infants as premature vs full term, perception of physical & behavioral characteristics, mothers of premature infants, 5800
prior reproductive attitudes & expectations for counseling, understanding & interpretation of genetic counseling about child's birth defects, mothers, 40874
priority ratings of maternal & infant postpartum teaching topics, 15–36 yr old mothers during puerperium hospital stay, nursing implications, 13103
projective identification & maternal misperception, psychotic mothers & their infants, longitudinal study, 32999
psychiatric intervention, 4–12 yr olds surviving after father killed mother, case reports, commentary, 40641
psychiatric interviews & emotional support, mothers of emotionally disturbed children, 1574
psychological distress & social support & adjustment, 24–49 yr old mothers vs fathers of 1–13 yr olds with acute lymphocytic leukemia, 16157
psychosocial & SES factors, body composition & nutritional status indices, rural mothers of preschoolers, India, 8271
psychosocial discrimination in child custody proceedings, lesbian mothers, 32701
psychosocial factors & maternal distress during pregnancy, incidence of congenital malformations, offspring of females with history of nonorganic psychosis, 15738
public housing vs suburban environments & crime & danger, parental attitudes & coping behavior, 19–65 yr old mothers, 22178
rational emotive therapy, redefinition & restructuring of relationship with adult children, mothers, 9360
reasoning about cause & treatment of childhood diarrhea, educated vs uneducated 19–65 yr old mothers, Kenya, 16194
recognition of newborn's photographs during early postpartum period, mothers vs fathers, 1219
recognition of photographs of own newborns, primiparous vs multiparous mothers, 25736
reinforcement of mothers for giving improved diets, growth, 12–36 mo olds, Philippines, 23327
relationship experiences & stressful life events & personality traits, abuse of own children, 15–30 yr old single mothers who were abused as children, 5390
respite care provision, maternal coping resources & stress, 18–60 yr olds with developmental disabilities & their mothers, Israel, 34236
response to abuse & aftermath, coping with family problems & relationships, mothers of children sexually abused by their partners or other male relative, 40232
reunion experiences, 27–80 yr old birth mothers & their 1–62 yr old offspring who were placed for adoption at birth, 22214
risk & prevention appraisals of health behavior during pregnancy, perceptions of future childbearing & emotional well being, mothers of infants at risk for developmental disabilities, 1923
role changes & childrearing practices, Greek migrant mothers, West Germany & Greece, 15286
role combinations & perceived stressors, health & coping responses, employed vs nonemployed females with preschool age children, 4829
role in assessment & management of & risks in caring for hospitalized psychiatrically disturbed mothers & their infants, psychiatric nurses, 34290
role of father/husband figure & mothering/parenting experience, development of narcissism, 29154
satisfaction with housework & paid work & dual work role, professionally vs clerically employed married females with children, 32677
self esteem, 25–45 yr old mothers, 5087
sensory information about cesarean delivery, prenatal maternal anxiety & recovery following cesarean section, adult females, 40836
SES & early bottle vs breast feeding, childrearing attitudes, mothers of 7–11 yr olds, Canada, 39763
SES, child temperament ratings, mothers of 36–44 mo olds, 25631

sex, division of parenting & child household tasks, families with 9–11 yr olds, Australia, 36335
sex role orientation & maternal employment status & occupational & self esteem & work & family intentions, male vs female college students, 18842
slides of infant facial expressions of sadness vs anger vs distress, predicted specific caregiving & socializing interventions & affective reactions, 21–38 yr old mothers, 29221
social & dyadic & other mother child interaction & communication, child referential language & pretense play, mothers & their 13 mo olds, 39479
social context, single mothers, Canada, implications for social policy, 4848
social network, choice & duration of breast feeding, mothers of preterm infants, Canada, 39775
social relationships & child's age, satisfaction with child self care arrangements, mothers, 32626
social support & depressive symptoms & developmental expectations & childrearing attitudes, mothers aged 16 yrs old or younger vs 17–19 vs 20–25 yrs old, 39663
social support & mother infant attachment, mothers with vs without handicapped infants, 1 yr study, 40003
social support, adaptation to their high risk infant during transition from hospital to home care, mothers, 5571
social support needs & reception & sources, adjustment, 6–17 yr olds & their single divorced mothers, 29224
sociodemographic & maternal & infant health & environmental stress & social support, perceptions of infant's health, mothers of 12 mo olds, implications for vulnerable child syndrome, 36536
sociodemographic & psychological correlates of depression, 16 yr old & younger vs 17–19 vs 20 yr old & older mothers, 18973
sociodemographic factors in acceptance of child immunization, mothers of children under 5 yrs old, Indonesia, 16759
sources of stigma & stress, single mothers, implications for intervention, 29245
speed & numbers read aloud in mother's vs father's vs stranger's voice, voice discrimination measured by heart rate, 0–5 day olds, 21974
stability & construct & divergent validity of social support networks, mothers of preschoolers with vs without physical handicap, 1 yr study, 26535
stability of & change in divorce adjustment & postdivorce parenting, White custodial mothers & their 6–17 yr olds, 1 yr followup, 15182
stabilty of ratings of their 8–11 yr olds' fears, mothers, 1 yr followup, 29237
stress & anxiety & health, 25–50 yr old working vs nonworking mothers, India, 25814
stress & coping & self esteem & social support & economic hardship, low income single mothers, 1208
stress & locus of control & role satisfaction & behavior of 2–10 yr old children, 20–39 yr old mothers referred to mental health clinic, 5287
stressful life events & social support & family structure & living arrangements, psychological well being, urban Black mothers, 10 yr followup, 32684
stressors of repeated hospitalizations, mothers of physically disabled or multiply handicapped children, 37771
surrogate motherhood, implications for family therapy, 11628
suspicion of twin pregnancy prior to medical confirmation, mothers, US & Canada, implications for diagnosis, 32648
temperament, maternal employment, children, 4705
theories of fatalism & childhood illness & attitudes about & reactions to infant mortality, bereaved mothers & traditional healers, Brazil, 16185
therapeutic mobilization of desire to nurture infant daughter, anorexic female in psychotherapy, case report, 11963
time of day, onset & length of labor & epidural & augmentation administration in labor ward, primiparous vs multiparous female 17–43 yr olds, England, 34145
time of day, pain & stress during childbirth, mothers, 39139
transition to motherhood, information seeking & self definition, adult females, 1210
transition to parenthood & length of marriage, marital relations & strength & satisfaction, 20–34 yr old 1st time mothers vs fathers, 1 yr study, 32653
transition to parenthood, primiparous females over 34 vs under 32 yrs old, 22209
type of father figure, collusion in sexual abuse of own children, mothers of children abused by fathers, 1978–86, 15843
validity & reliability of self vs hospital reports of pregnancy complications, mothers, 23536
visual vs olfactory cues, discrimination of mother's vs stranger's face, neonates, 25429
written & pictorial & verbal instructions in native language, compliance with child's antibiotic treatment, 20–30 yr old Hispanic mothers with children with acute otitis media, 37565

Motion Perception [See Also Apparent Movement, Autokinetic Illusion]
adaptation from 2 vs 3 dimensional stimuli & neural integration of structural information, stereopsis & relative motion, adults, 35623
age & field independence & variance of moving vs stationary objects depicted in pictures, animistic responses, 4–6 yr olds, 11373
background parameters in visual space conditions, judgment of space vehicle approach velocity, adults, 21220
bar velocity & movement distance with vs without static reference, motion sensitivity & preferences, 8–20 wk olds, 32392
bilateral lesions of medial temporal cortical area, visual search for moving items, adult female, 40462
computational theory, perception of coherent visual motion, 7370
computer generated visual masks on stimuli simulating human gait, identification of walker's direction, college students, 17757
contrast of moving grating & visual adaptation, motion aftereffect duration measuring types of direction specific mechanisms, college students, 10731
contrast reversal & visual persistence, perceived bending of moving hourglass, college students, 28266
degraded stimuli, movement related visual EP overlap as index of motor preparation in reaction tasks, commentary reply, 39104
degraded stimuli, P3 & other components of movement related visual EPs in go/no go reaction tasks, commentary, 39119
detection of real vs apparent concomitant rotation in 3 dimensional cube, college students, 7339
detection of stationary flashing & moving luminance gratings, 33 yr old female with left occipital lobe removed because of arteriovenous malformation, 37098
detection thresholds of acceleration vs deceleration of objects along horizontal vs vertical visual axes, 19–25 yr olds, 35275
direction distribution bandwidth & exposure duration & constancy of moving dot's path, direction discrimination of global motion, adults, 28268
discrete chemical lesions of visual cortex, physiological properties of cortical neurons & motion information processing, rhesus monkeys, 14794
dynamic occlusion & motion parallax, perception of 3 dimensional structures, adults, 17783
dynamical event complexity, judgment of object motion, college students, 31797
eccentric stationary edges with vs without central retinal occlusion & stationary vs moving displays, optokinetic nystagmus, adults, 28255
fixed vs randomly varied dot configurations & dot density & spatial displacement & velocity, detection threshold of motion direction, practiced Os, 14257
flight simulator platform motion, performance & skill acquisition, air transport pilots with vs without prior experience, 24383

flow pattern simulation of outdoor setting, motion perception & postural control & perceptual aftereffects, college students, 38769
Fourier transform of temporally sampled impulse response of eye, band of high contrast perceived when viewing rotating striped pattern under stroboscopic illumination, 14711
grating contrast ranges & amplitude of motion, visual EPs, 21–47 yr old emmetropic females, 28618
gravity & visual field pitch & oscillation, perceived eye level & object elevation & size, adults, 28251
history & methodology, discovery of Gestalt transportation principle in speed perception, J. F. Brown & W. Kohler, 35064
horizontal grating inspection duration, linear motion aftereffect duration & decay, adults, 7323
inspection duration, time constant & duration & decay of linear motion aftereffect, college students, 28241
interaction of excitatory & inhibitory motion stimuli, visual sensitivity inferred from landing motor response, flies, 38962
internal & graphic representation of space & movement & village structure, male villager, Morocco, 29204
interstimulus interval & magnitude of 2 dimensional stimulus separation, perception of 3 dimensionality of apparent motion in depth, adult males, 17804
isoluminance & temporal or spatial or spatiotemporal stimuli, RT & perceived velocity, adult males, 7355
left vs right visual stimuli, movement aftereffects, 13–75 yr olds, 24734
luminous rotating spiral image, asymmetry in visual adaptation, adults, replication, 3761
mathematical model of reconstruction of 3 dimensional spatial layouts from perspective projections, judgment of relative direction of objects, Os, 3730
measurement of ability to reason about movement in visual field, adults, 14285
memory for stationary vs moving visual color shape compounds, 4–10 mo olds, 11377
microbalanced & drift balanced random stimuli, non-Fourier motion perception, 24736
minimum frequency cues, duration estimates of rotating spot patterns, college students, 217
monocular optokinetic nystagmus of covered vs uncovered eye, kittens with unilateral lesion of lateral suprasylvian area, 4287
motion angle of sinusoidal line stimulus & resulting local velocities in visual field, motion perception & mathematical model for prediction of sensitivity to motion change, adults, 14299
motion direction & ocular order & asynchrony, perception of depth of occluded objects in natural scenes, adults, 10751
motion perception, anticipatory slow eye movements, male 25–40 yr olds, 17750
motion specific visual EPs, 5–12 yr olds vs adults, 35983
motion stimuli for detection of 3-dimensional structure, rhesus monkeys & humans, 3899
movement in 1 of 2 sinusoidal gratings with same orientation, discrimination of motion direction & velocity, Os, 17769
movement of Mueller Lyer figure in aperture, illusions of time & extent, adults, 14264
moving random dot pattern, eye & head & body movements & slow phase gaze velocity, unrestrained cats, 25091
new class of visual stimuli, study of stroboscopic motion perception along multiple attributes, 21232
nicotine nystagmus, resolution of moving targets under velocity & duration conditions, heavy vs light smokers, 28901
number of moving dots & phase differences between motions, rubber pencil illusion, college students, 7324
object movement along cyclopean & visual axis of each eye, development of vergence eye movements, 4–33 wk olds vs adults, 32419
onset asynchrony & spatial phase of flashed gratings, role of motion detection in monocular vs dichoptic contrast thresholds & forward masking, 21219
optical flow speed & displayed dot density, perception of translational heading, college students, 10754
optical method for producing 2 identical stimuli moving in opposite directions, 14296
orientation & motion directions of superimposed pairs of gratings, pattern specific motion aftereffects, college students, 14316
oriented luminance vs nonoriented chromatic & luminance vs pure chromatic clues, motion perception, adults, 35278
parallel implementations of minimal mapping & structural theories of apparent motion perception, 17766
parallel vs serial visual search for targets defined by single vs conjunctive features, adults, 3746
passive gazing & sinusoidally oscillating optokinetic stimulus & eccentricity of target moving relative to background, suppression of optokinesis, 20–45 yr olds, 17805
pattern contrast & motion, transient & steady state responses of movement sensitive brain intervention vs computer simulated visual system, female blowflies, 25033
pattern of angular velocity in rotating visual scene, standing postural sway responses, 23–34 yr olds, construction of visuomotor interaction model, 17740
pattern size & spatial frequency content, maximum spatial asynchrony & stroboscopic perception, adults with emmotropia, 28231
pattern size, movement perception, college & graduate students, 17797
perceived rigidity of moving 2 dimensional figures with limited range of contour orientations, Os, test of E. C. Hildreth's velocity perception algorithm, 14298
perception of throwing action presented in point light form, 14–15 yr old males vs 18–25 yr olds, 25546
peripheral field movement & target location & velocity & direction, target motion detection, college students, 7337
positive monocular vs binocular adaptation sequences followed by reverse negative sequences, visual movement aftereffects, college students, 245
postadaptation stimuli, short & long term spiral aftereffects, college students, 28252
posterior parietal lobe, visual & eye movement functions, literature review, 28585
projected artificial horizon & angular motion, motion sickness & well being & performance, 20–26 yr olds in tilting room, implications for Navy personnel, 38791
psychological & electrophysiological & anatomical & computational perspectives on motion perception, humans & cats & monkeys, 7342
radial motion of quasi-sinusoidal circular nonuniform pattern designed to fit inhomogeneity of retina, illusion of forward & backward motion in depth, Os, 24749
random trial to trial variations in target disparity, angular & objective velocity vs size discrimination & constancy, adults, 35295
relative movement data for aftereffect of visual movement, literature review, 14303
repeated alcohol intoxication, sensitivity & decisional processes in visual discrimination of movement, 21–39 yr old light vs moderate vs heavy female social drinkers, 32153
residual motion vector magnitude & other motion variables, prediction of rigidity vs nonrigidity in perceived 3 dimensional pattern rotation, 21–28 yr olds, 35306
retinal image motion toward vs away from fovea during ocular pursuit vs fixation, perception of light flash location, 22–25 yr olds, 14293
right vs left vs no hand suppression & presentation of hand movements, reproduction & memory span, right handed college students, 38720
rotating striped pattern & impulse response of eye, band of high contrast seen obliquely across pattern, 14712
salience of angle & velocity information & distal mass ratio of object, heuristic model of judgment of mass of 2 objects involved in collision, adults, 31786
size of field & direction of random dot uniform motion against stationary random dot field, perceived depth of moving field, adults, 17788

size of moving target & uniform vs contour background pattern moving in same vs opposite direction, perceived direction during visual tracking, college students, 7341
skill level & external frame of reference & degradation of environment, number of balls caught & spatial & temporal errors, college students, 35264
slow circular motion of ellipses & circles with eccentric dot, stereokinetic illusion of 3 dimensional cone with defined height, implications for Gestalt theory minimum principle, 21238
spatial & temporal factors, direction selective velocity tuning in striate cortex neurons, cats, 4072
spatial & temporal properties of visual display, depth perception, adults, 38785
spatial frequency & contrast of sinusoidal grating & interstimulus interval, bistable stroboscopic motion perception & persistence, 27–40 yr olds, 21212
spatial frequency of vertical sinusoidal signal grating & low vs high pass visual noise & temporal envelope & stimulus drift direction, spatial frequency tuning & detection, adults, 14280
spectrally identical vs different horizontally moving adaptor & probes, auditory motion aftereffects, 22–35 yr olds, 28274
stabilized retinal image & moving target in dark vs light, motion perception & tracking with smooth pursuit eye movements measuring retinal &/vs extraretinal signal influences, adults, 35302
static & dynamic visual sensitivity, 7–61 yr olds, implications for spatial vision models & performance screening & aging, 17791
stationary &/vs moving adjacent &/vs separated objects, reaching & looking responses, 12–18 & 21–26 wk old infants, 21983
stationary fixations vs pursuit eye movements in computer generated optical flow displays, perception of direction of self motion, adults, 21237
stationary spot set with moving background vs set with real motion vs mediated perceived motion condition, perception of complex motion paths, college students, 3754
stimulus constrast threshold, foveal velocity discrimination, adults, 3755
suprathreshold visual stimulus conditions of simultaneously perceived self motion, thresholds & response times for object motion perception, adult drivers, vehicle guidance applications, 254
symmetry axis & orientation of 2 dots moving in plane, perception & persistence of elastic structure of traced object, college students, 17771
tactile stimulus motion on dorsum of hand in absence vs presence of moving stimulus delivered to another site on arm, direction discrimination, adults, 17721
target & response motion complexity, coincident timing performance measured by target interception, adults, 28200
target speed, successful peck rate, pigeons, 21534
temporal frequency of inducer oscillation, induced motion, 20–25 yr olds, 35303
temporal frequency, speed discrimination for high spatial frequency plaid, adults, 31809
temporal uncertainty & background & target movement, contrast sensitivity & grating acuity & RT, adults, 14276
texture discrimination & motion perception & pattern detection without Lapacian zero crossings, implications for model of early visual image representation, 14262
tilt of line rotated in frontoparallel plane, perceived depth & line length, college students, 17806
type of motor activity/inhibition & timing of response, movement perception in Rorschach testing, 17–18 yr old males, 18598
velocities of flow field relative to O, qualitative & quantitative motion parallax, college students, 10721
velocity discrimination thresholds, ability to detect contrast vs luminance variations, adults, 28262
velocity gradients & segmentation boundaries, perception of 3 dimensional structures from motion of dot patterns, Os, 17786
velocity of random dot patterns, velocity & direction & opposite direction discrimination, adults, 28232
view of navigation area with vs without rotational movement or spatial trajectory visual cues, performance on computer simulated harbor navigation, adults, implications for motion perception, 17730
visual stimulation, perception of voluntary leg movements during walking, adults, 14241
visual stimulation using unpredictable vs predictable object movement, RT for perception vs stimulus adjustment, adults, 10723
visual system neural mechanism for coherent retinal large field motion as induced by self motion & relative motion between objects & their background, flies, 11019
visual target movement with different head or size motion, compensation in motion perception, Os, 7351
3 dimensional interpretation of moving 2 dimensional visual image seen as articulated structure, 24763

Motion Pictures [See Also Motion Pictures (Educational), Motion Pictures (Entertainment)]
characteristics of media portrayals of disability, film characters, 40000
cinematography panning technique for kinematic measurement of human movement, 38732
film as therapeutic metaphor & action ritual, emotional & behavioral problems, 11 yr old male grieving loss of mother through adoption & subsequent suicide, 5928
film montage linearity, comprehension & recall & character perception & aesthetic response, adults, Canada, 21289
films of females engaged in professional vs mud wrestling, mood state & attitudes toward female directed violence, male college students, Canada, 15006
films with vivid images vs descriptions of effects of nuclear explosions, facial EMG & heart rate & attitude change, college students, 28698
verbal style & verb usage in assertiveness training film, therapy implications, 2397

Motion Pictures (Educational)
film series & class discussions, attitudes toward old age, 4th–5th graders, 13488
pedestrian safety film, safe street crossing knowledge & behavior, 9–12 yr olds, 17331
psychotherapy film, personality course instruction, college students, 10079
viewing of antinuclear war film, support for activism & protest against nuclear war, college students, 25672

Motion Pictures (Entertainment)
A. Kurosawa's film "Ikiru" about terminal cancer, death anxiety & attitudes toward death, adult film viewers, 949
accuracy of film & TV portrayals of DSM-III classifications of mental disorders, 8617
affective content of film, political & responsibility & quality of life judgments & expectations of future, adults, 1393
classification & statistical analysis of films noirs, 39451
contemporary media ritual of film "The Wizard of Oz", cultural context & therapeutic rationale of narrative, children vs adults, 29013
demographic characteristics & SES, reasons for attending movies, urban vs rural adults, India, 3492
evaluation of colorized vs original black & white movie, college students, 7971
evolution of feminine character in archetypal & rhetorical forms & changing frontier myth in films "Alien" & "Aliens", 29014
exposure to film with positive homosexual content, homophobia, heterosexual 20–25 yr old males, 22265
exposure to filmed violence, aggression, female vs male college students, Sweden, 1447
exposure to sexually violent erotica, sexual arousal & rape perceptions & subsequent aggressive behavior, commentary reply, 12116
exposure to sexually violent erotica, sexual arousal & rape perceptions & subsequent aggressive behavior, commentary reply, 12154
methodological flaws in studies on effects of exposure to sexually violent erotica, commentary reply, 12161

methodological flaws in studies on effects of sexually violent erotica on sexual arousal & rape perceptions & subsequent aggressive behavior, commentary, 12162
movies, modern attitudes toward socioreligious problems & marriage & females & education, low vs average vs high SES college students, India, 35967
portrayal of racial & sexual otherness in 1934 vs 1959 versions of "Imitation of Life", Black females, 29011
prediction of exposure to & appeal of horror films, 15–45 yr olds, 35945
preferences & reasons for going to movies, college students, 21868
psychodynamic interpretation of preference for film "Purple Rain", adolescents, 1142
rape as entertainment in movies & TV, 25343
research methodology in studies on effects of exposure to sexually violent erotica, commentary, 12166
return to primal scene imagery & negation of sexuality in film "Aliens", 25366
rhetorical impact & dialectical disorientation in film "Agnes of God", 32344
scientific psychology, understanding of artistic representations of behavior & personality in film noir, 35971
sex & personality traits, film induced sadness & crying, male vs female college students in same vs opposite sex pairs, 1427
sexual difference & enunciation in A. Resnais's film "Last Year at Marienbad", 29016
similarities between A. Kurosawa's film "Ikiru" & psychotherapy case, 52 yr old male patient with fatal cancer, 2328
theme of Oedipal crisis in young male & war in films "Hope and Glory" & "Empire of the Sun" & "Radio Days", 29018
TV & movie viewing habits, Black vs White 13–19 yr old pregnant vs nonpregnant females, 22063
TV movie "The Day After", attitudes toward nuclear war & intentions to engage in antinuclear war activities, adults, 29004
use of film "Labyrinth" in psychotherapy, depressed 30 yr old female, case report, 37302
viewing TV film "The Day After", attitudes & cognitions & feelings about threat of nuclear war, college students, 14966
voice & body & representation & gender & power in films "Diva" & "Thriller", 29019

Motion Sickness
anxiety & self vs instructor reported motion sickness following flight, male Air Force pilot trainees, Israel, 6967
cervical spine curvature & personality traits, susceptibility to motion sickness, 26–39 yr old patients & pilots, 12436
cognitive behavioral therapy &/vs desensitization training, visually induced motion sickness, 16–69 yr olds, 26893
factors in & occurrence of airsickness, male 18–30 yr old Air Force parachutists, 41516
hypogravity vs hypergravity & upright vs tilted body position, ocular torsion & counterrolling & motion sickness, males considered motion sickness resistant, 14753
illumination, visually induced motion sickness stimulus generalization, male 18–27 yr olds, 38763
incidence & severity of space motion sickness during 1st vs 2nd Space Shuttle mission & crew position, male vs female astronauts, 17449
projected artificial horizon & angular motion, motion sickness & well being & performance, 20–26 yr olds in tilting room, implications for Navy personnel, 38791
repeated exposure to rotating circular vection drum, symptoms of motion sickness & tachygastria, college students, implications for spaceflight training, 32120
rotation induced motion sickness & conditioned taste aversion & latent inhibition, 18–19 yr olds, Israel, implications for treatment of chemotherapy-induced food aversions, 31751
rotation speed of optokinetic drum, perceived illusory self motion & motion sickness symptoms & gastric myoelectric activity, college students, 28711
susceptibility to motion sickness, prediction of anticipatory nausea, cancer patients receiving chemotherapy, 2500
thermal cauterization of area postrema, motion sickness assessed through conditioned taste aversion & drinking suppression & defecation, rats, 18272
transdermal scopolamine, motion sickness & psychological performance & physiological functioning, literature review, 20003
transdermal scopolamine, psychological performance & visual functioning at sea, 18–40 yr old male naval volunteers, 9558

Motivation [See Also Academic Achievement Motivation, Achievement Motivation, Affiliation Motivation, Animal Motivation, Educational Incentives, Employee Motivation, Extrinsic Motivation, Fear of Success, Hunger, Incentives, Intrinsic Motivation, Monetary Incentives, Procrastination, Sex Drive, Temptation, Thirst]
ability & attitudes & motivation, career intention, Army recruits, 6968
agency explanations of causality & meaning of human actions, 11774
altruistic & social & material reasons for initiating & quitting volunteer work, elderly males vs females, implications for social work, 32579
amotivational syndrome, student athletes who had vs had not regularly used marihuana, 1870
application of content analysis measures of imagery to analysis of achievement & affiliation intimacy & power motives of R. Nixon, 5089
arousal avoidance & serious mindedness & planning orientation as components of motivation, male rugby players, Canada vs Wales vs England vs Australia, 10493
attitudes toward purpose of school & motivation & beliefs about cause of academic success, high achieving 7th–8th graders, 10168
attribution, academic achievement & motivation, Black vs White children, 3186
behaviorist theories of motivation & learning strategies & research on individual differences, students, educational implications, 31153
brain dopamine & reward & motivation, literature review, 25079
causal attributions & emotional reactions, winning or losing bicycle ergometer race, same sex pairs of college students, 8379
central delta opioid receptors, mediation of opioid reinforcement & endogenous reward processes, male rats, 907
Children's Motivation Analysis Test, quantification of sex & motivational structure, 6th graders, Australia, 35078
client depression & lack of motivation & inability to work, ability to be influential, therapists & female 35 yr old client, 40655
client motivation, affective growth in short term psychotherapy, 42 yr old female who felt dominated by her husband, 26759
client motivation, career certainty, college students, implications for school counseling, 41364
cognitive & affective & political dimensions of stakeholder participation & utilization in evaluation of youth employment & day care referral programs, 9686
cognitive & motivational aspects, progression through stages of intentional change in weight loss & control, college students, 17923
cognitive & personality & motivational variables of psychological empowerment, community participation, 16–74 yr olds, 25684
cognitive semantic model of motivation & personality traits, prediction of high dispositions toward anger or anxiety & visual recognition thresholds, 19–23 yr olds, England, 36472
competing alternatives & context & diagnostic information & need for closure & fear of invalidity motivation, hypothesis testing, college students, 7409
comprehension of beliefs vs desires, prediction of behaviors & reasoning & emotions, 3–5 yr olds, 25544

correlations between Eight State Questionnaire & unintegrated & integrated components of Motivation Analysis Test, state trait characteristics, 18–47 yr old student teachers, Australia, 35097
curiosity & mastery motivation during structured tasks & free play, physically handicapped 3.5 yr olds, 1 yr follow-up, 12420
demographic & psychiatric & psychodynamic variables, adult male homicide defendants with vs without motive, 15854
demographic characteristics & motivation & associative & dissociative cognitive strategies, runners 40 yrs old & older, implications for physical activity programing, 3491
demographic characteristics & motives & strategies for chain letter participation as illegal & deviant behavior, males vs females, 15823
design constraints & solutions, structure of human motivation & mechanisms underlying emotional states, intelligent animals or machines, 35366
development & utility of School Motivation Inventory, assessment of learning & motivation, 13–17 yr old students, Hungary, 13699
development & validation of scale, measurement of motives for interpersonal communication, 12–91 yr olds, 14167
dimensionality & antecedents of normative belief-motivation to comply construct & expectancy-value attitude, potential blood donors, 4991
discrepant self guides, motivation & self concept, college students, 5086
distributive justice thinking patterns using equity vs parity based distribution logics & personal values & motives in leadership, 23–61 yr old middle & lower level managers, 38376
dopamine antagonist SCH 23390, eating latency & speed, food deprived rats, implications for motivational aspects of behavior, 18365
drive & ego & object relations & self experience psychologies & psychoanalytic perspectives on motivation & personality organization, 28027
drug use motives & preferences & patterns & psychopathology, 28–58 yr old male drug abuse inpatients, treatment implications, 15941
dynamic motivational traits, mathematics & English achievement, high school students, Australia, 41265
E. E. Lawler's vs other motivation theories, model for guiding occupational therapy practice & research, 34353
educational & motivational components of health promotion competitions, 2589
ego resources & motivation factors on P. Sifneos's evaluation form, selection for short term anxiety provoking psychotherapy, 19–56 yr olds with anxiety or dysthymic or personality disorders, 31560
egoistic vs altruistic motivation of empathic concern vs personal distress & ease of escape, helping behavior, college students, 11788
encouragement vs praise, motivation & productivity, mentally retarded, 22859
expectancy & gratification seeking orientations, intention & exposure levels in TV news viewing, college students, 4517
expectancy valence model & motivation, group task performance, college students, 8355
factor structure of cigarette smoking motives assessed from survey data, males vs females, longitudinal study, 18860
fertility motivation & desires & expectations, 18–27 yr old just married vs just mothered females, 32651
"foot-in-the-door" effect, compliance & motivation to change in counseling, clients, 27177
Freudian drive theory & limitations of object relations model in psychoanalysis, male client, 16389
gains in task performance, attitudes toward rotary pursuit task, elementary to college students, 29037
gaming method survey, assessment of motivations for advocating community growth control, suburban residents, 31474
goal perspectives & competitive sport involvement & behavioral intensity & persistence, male vs female college students participating in intramural team sports, 10486
goal setting, motivation enhancement & sport performance, college students, 13986
highly motivating computer game learning task performance, differential diagnosis of learning disabilities, 9.6–17.9 yr olds, 26367
holographic principle, organization of biological motivations in CNS, animals, 32055
impulsivity vs telic dominance, preference for explosive vs endurance sports, athletes vs leisure time participants, Australia, 27998
incentive & commitment strategies for hospital based safety belt program, safety belt use, hospital employees, 13136
increased efforts to avoid accidents following near disaster due to pilot error, decline in overall flight performance as self fulfilling prophecy, pilots & crew members of national airline, 24323
individual motivations & organizational incentives, involvement in collective action organizations, members, 8391
individual profile analysis & assessment of motivational factors, development & prognosis of individualized weight reduction programs, 22–54 yr olds who were less or more than 15 percent overweight, 23112
innate & motivational factors in development & terminable & interminable analysis, infants, conference presentation, 18511
instrumental vs expressive motivation, continuing education participation, retirees, 41260
integrative perspective of audience motives for exposure & self reflection & report, 21832
intensity of motivation, literature review, 24898
intention & investment, prediction of behavior, college students, Israel, 8392
involvement in & motivations for & effects of viewing daytime soap operas, college students, 935
learning theory & initiation & maintenance of exercise, implications for clinical intervention, 3489
length of noncontingency training, task performance & learned helplessness, college students, model of noncontingency motivation, 38866
life history & cultural boundaries, motivation for healing practices, Rabbi Y. Wazana, Morocco, 4796
limited vs unlimited stakes, motivational & cognitive activities, roulette players, 15526
locus of control & motivation for job searching behavior, implications for policy making & job training, 3364
locus of responsibility for problem & recipient's resolution effort & perceptions of deservedness of fate & reciprocity & helpfulness, social support provision, college students, 5003
management of motivational issues, clients in psychotherapy, 19818
manifest needs & interpersonal/intrapersonal competencies, college students, 11839
maternal attitudes & practices in use of rewards, prosocial motivation, 2nd–5th graders, 36127
media & intrapsychic & group dynamic motivations for terrorism & childhood & adolescent development of terrorists & children in terrorist countries, 22737
message framing, motivation to comply with health recommendations, 13014
mixed motives of communication & accumulation of information, group vs individual goal conflict, centralized vs decentralized communication networks, 4945
modulation of variability in motivation, commentary, 17946
modulation of variability in motivation, commentary reply, 17960
mood state & disturbance & motivations, male vs female triathletes, 13970
motivation & perceived need deficiencies, secondary school teachers vs industrial vs governmental vs retail workers, implications for school system administration policies, 27512
motivation & perception as social bandit, mercenaries, 26279
motivation & psychic defense mechanisms & aviation stress, flight adaptation vs disadaptation, aircrew members, 10323

motivation & quantity of nicotine chewing gum used, success in general practitioner administered smoking cessation program, male vs female adult smokers, 41068
motivation & reinforcing speech attempts, nonverbal autistic 3.3–11.8 yr olds, 16684
motivation by hunger vs satiation, foveal vs parafoveal word recognition RT, college students, 7758
motivation, effectiveness of study skills instruction, students, 27630
motivation for & interaction during & consequences of hand feeding of mountain sheep, tourists, 20984
motivation for caffeine consumption, consumption level & dependence & problems, college students, 4919
motivation for occupational choice & effect of family roles, psychotherapists, 13339
motivation for premature termination of treatment, couples with sexual dysfunction in female partner, 2241
motivation, parental solicitude, animals, application of Darwinian psychology, conference presentation, 39009
motivation, performance on neuropsychological measures, depressed outpatients, 29625
motivation to believe that introversion or extraversion is related to academic success, perceptions of self as introverted vs extraverted, college students, 36411
motivation to practice family planning, married females of reproductive age, Bangladesh, 3 yr study, 36272
motivational control theory, integration of other theories of motivation, 5001
motivational counseling techniques, nonchemical incentives as alternatives to drinking, alcohol dependent veterans, 41061
motivational effects of opioids, male rats, animal model of prolonged inflammatory pain, 21813
motivational factors of response contingencies for low vs high frequency work activities, adult males in residential laboratory, implications for workplace settings & spaceflight operations, 17918
motivational interviewing based Drinker's Check-up, health screening & treatment selection & client self assessment & help seeking, adult problem drinkers, 16979
motivational systems, monogamy, prairie vs montane voles vs human vs other nonhuman species, conference presentation, 39012
motivational theory, work with long term psychiatric patients, psychiatric nurses or nursing students, 34138
motivational vs drive conditions, batting performance, baseball players, verification of drive theory, 10492
motivations & stresses & gratifications of joint custody, families with 14 mo to 5 yr old children, 4 yr study, 29266
motivations for career as physician, Black vs White high achieving high school students, 41307
motives for shoplifting, college students, 12200
need for cognition, comprehension of course material, college students, 27612
need for power vs dominance scale scores & sense of security & power seeking style, male college students, 22385
neutral vs sadness cancelling vs help other event, helping behavior & mood & empathy, female college students, 4976
object relations & drive theory approach in psychoanalysis, male analysand, 16419
patient characteristics & age & referral source, motivation in alcoholism treatment & recovery, Black vs Puerto Rican 19–70 yr old males vs females, 34400
perceived social environment, motivation for political knowledge, adults, 36447
personal computers & other motivating factors, teachers, literature review, 3077
personal incentives & self perception & goals, prediction of present & future exercise behavior, 50–81 yr olds, 8174
personal striving differentiation & affective reactivity, college students, 18951
personality traits & motivation for smoking, adult smokers, 4925
personified metaphors of motivation by F. Nietzsche, mechanisms for coping with "horrors of existence", 7011
phylogenetic regression progression continuum model of human behavior, explanation of rape motivation, 40202
physical & emotional & social factors, motivation for sexual activity & contraceptive use, adolescents, implications for role of nursing, 1066
positive verbal reinforcement, decision making, 13–16 yr olds, Canada, 1140
potential win vs loss & positive affect due to gift, amount willing to pay for lottery ticket vs insurance, college students, 3874
power motivation, evaluation of high vs low status person, male college students, 32804
probability of successful outcome & utility of outcome & costs, motivation to return to work vs retire, persons who experienced mid career disabilities, 41403
progression & treatment & staff behavior, alcoholic vs drug addicted vs other adults admitted to hospital emergency room, Belgium, 2771
psychobiological analysis of urges or drug usage motivations, users of alcohol or opiates or nicotine, 26316
psychosocial & economic & other motivational factors, shoplifting behavior, adults, 29731
reasons for accepting & motivation in treatment, alcoholic adults, replication & extension, 37902
reasons for alcohol or cannabis or cocaine or hard drug usage, male vs female 10th–12th graders, 5506
reasons for joining neighborhood gangs & expectations & experiences, junior high & high school students, 1798
reasons for participation & self reported learning outcomes, Elderhostel students over 60 yrs old, 6747
reasons for returning to school, female 22–45 yr old reentry students, 13600
responsibility for proattitudinal vs counterattitudinal essay with aversive consequences, cognitive dissonance measuring motivational basis without attitudinal discrepancy, college students, 32822
revised interactive model of psychological motives & defensive person perception, 8375
reward vs command situation & experience of extrinsic vs intrinsic motivation, use of discounting principle in social perception task, 5–7 vs 8–10 yr olds, test of social developmental model, 4695
role of family motivation & level of intelligence & creativity, interests, 16–19 yr olds, India, 8112
role of hubristic motivation in transgressive behavior, 1455
role of motivations in psi, conference presentation, 7003
self & other components of power motive in fantasy measure, college students, 36500
self engagement & motivation, task vacillation vs persistence, 15 yr olds & college students, 11486
self esteem in motivation for social identity & intergroup discrimination, 22355
sex & age, task interest following informational vs controlling feedback, 3rd–8th graders, 21956
sex & ethnicity & attitudes toward & reasons for leaving school & post & present activities & academic & general future plans, urban high school dropouts, 20564
sex of partner, performance in Prisoner's Dilemma game simulating corporate managerial decisions with profit based on noncooperative choices, male vs female adults, 11771
sexual gratification vs aggression vs traditional male sex role motivations for rape, males, implications for social learning theory, 26315
situational variables of brand choice in soft drink consumption, college students, implications for stochastic models, 24475
social & biological motivation & social control & attractiveness, initiation of coitus, 11–17 yr olds, 1138
social class & ethnicity, cognitive & learning & motivational style, children & adolescents, 21922
social emancipation theory & phenomenology of desire & narcissism, 15522
sociodemographic characteristics of smoking status, quitting motivation & smoking cessation initiatives, Blacks, 34405
sociomoral factors, motivation to fight against terrorists, Israeli soldiers, Lebanon, 22727

stability of participation in leisure activity & motivation factors, community residents, 5 yr study, 24489
stroke severity & cognitive adaptation & social support, depression & motivation, 24–80 yr old poststroke patients, 30107
task complexity & social praise vs monetary reward, motor task performance, depressed vs nondepressed female college students, 5077
task difficulty & delay & interruption, goal attractiveness, male college students, 24897
task difficulty level, task persistence & task pleasure mastery motivation, 12 vs 24 vs 36 mo olds, 32433
telic dominance & metamotivational state, squash task performance, 18–37 yr old males, 27992
theories of motivation for rape by power & control & violence & domination vs sex, 36787
theory of motivation derived from animal learning literature, psychobiological model of psychiatric disorders, 15572
theory of reasoned action & moral obligation, prediction of intentions to leave profession, nurses, 9971
time correct information provided & motivation & encoding of response, recall hindsight bias, college students, West Germany, 17891
unconscious motivations & penitentiary environment, prisonization & recidivism, offenders, 20325
underestimation or overestimation vs false consensus in social projection & contributions of cognitive & motivational mechanisms, adults, meta analysis, 25880
underlying motives for sexually aggressive behavior, male college students, 8303
validity of Smoking Motivation questionnaire & 2 versions of Reasons for Smoking Test, assessment of smoking motives & patterns, smokers attending smoking cessation clinics, 3631
visualization of factors that could enhance vs impair performance, self efficacy judgment & task persistence, college students, 35393
vocabularies of motive in discussions of marriage failure & legal issues & planning, lawyers & clients, 25793

Motivation Training

development & implementation & evaluation of supervisor training program using expectancy theory of motivation, motivational level & perception of supervisor, subordinate employees, 13818

Motor Coordination

age & sex norms, Purdue Pegboard test of manual dexterity, 40–85 yr olds, 14070
age, overflow movement norms, right vs left vs mixed handed 7–10 yr old females, implications for assessment of cognitive & behavioral & motor disturbances, 30104
bimanual coordination & symmetry vs asymmetry of movement in manipulation of objects, 7–24 mo olds, 39518
cerebellar adenosine, acute ethanol induced motor incoordination & inhibition of motor activity & receptor binding, rats, 7836
chaining mastery baseball batting program, 8.6–11.3 yr old little leaguers, 32360
chronic inhalation dosage of styrene monomer, neurobehavioral changes including activity level & coordination & visual discrimination & nerve conduction, male rats, 28887
compatibility & precue conditions, 4 choice RT task performance, clumsy 6–13 yr olds, 15127
coordinated hand & finger movements, electrical activity of neurons in magnocellular red nucleus forelimb zone, monkeys, conference presentation, 4109
current neuroleptic drug therapy, voluntary control of lip & jaw & tongue movements, schizophrenic patients with vs without tardive dyskinesia, 23364
dimensionless ratios, grip coordination patterns in displacement activity using cubes of varying sizes, 3.2–5.3 vs 18–46 yr olds, 25502
excitatory amino acid antagonists vs GABA agonists vs anticonvulsants, motor coordination impairment, mice, 39297
field dependence, water pouring & balance beam task performance, college students, Venezuela, 8452
focal cerebral ischemia by middle cerebral artery occlusion, motor coordination & neurological deficits & learning behavior, male rats, 11131
hand & head & mouth coordination, newborns, intersensorimotor & intentionality implications, 11347
handedness & bimanual coordination, gorillas, 18092
impaired upper limb motor control & bimanual coordination & "alien hand" symptoms, female 58–75 yr olds with anterior cerebral artery infarction, case reports, 5724
interlimb coordination during 1st 6 mo of walking, infants, 11348
moment of inertia, simple RT & premotor time during initiation of discrete rapid movement, 20–45 yr olds, 35240
motor control deficits of orofacial muscles, adults with cerebral palsy, 9228
pathologic left handed mirror writing & movements during bimanual coordination, 59 yr old male with extensive right anterior ischemic infarction, case report, 1977
planning of motor skill performance, clumsy 6–9 yr olds, 8040
production of unimanual vs bimanual symmetrical vs asymmetrical movements, 21–25 vs 67–75 yr olds, 1046
progression velocity & body mass & gravity, achievement of steady gait, 15–18 mo olds walking independently, 36021
role of task specificity vs constraints in motor skill acquisition, implications for formulation of general action theory of coordination and control, 35257
room painted pink vs red, state anxiety & grip strength & motor precision, college students, 3684
rotary pursuit tracking performance, clumsy school age children, 15582
running practice, running EMG measuring muscle coordination, male mice with cross union of tibial & peroneal nerves & full muscle reinnervation, 39238
stereotypic hindlimb stepping behaviors, development of interlimb coordination & locomotion & neuromuscular patterns assessed by EMG, kittens tested from birth to 60 days old, 454
temporal aspects of respiratory & articulatory & laryngeal coordination during fluent speech, stuttering preschool age children, 16009
timing & center of gravity & phase plane analyses, development of locomotor coordination, children assessed from age 3 to 18 yrs old, 21905
unilateral frontoparietal lesions, stability & tremor in fingers, 29–78 yr olds, 22903
vestibular functioning & motor coordination, 7–12 yr olds with hearing loss vs motor impairment & learning disability, 5105
visual feedback, interhemispheric interaction during bimanual motor coordination task, 10–14 yr old right handed dyslexic males, 22848
visual perceptual motor abilities & clumsiness, 5–8 yr olds with learning disabilities, 40329

Motor Cortex

atropine & chlorpromazine & GABA & serotonin, electrical activity of previously conditioned sensorimotor cortex pyramidal vs nonpyramidal neurons, rabbits, 28829
callosotomy, reinstatement & potentiation of behavioral deficits from left vs right lesions of parietal vs medial frontal vs motor cortex, male rats, 11137
contingent negative variation & stimulus preceding negativity & readiness potentials in motor cortex, motor preparation vs stimulus anticipation, 25027
focal magnetic coil stimulation of motor cortex, movement of paralyzed ischemic arm, normal adults, 25118
hypothalamic self stimulation, neuronal activity in motor cortex, monkeys, 4269
inactivation of corticospinal fibers in crus cerebri vs rubrospinal tract vs red nucleus, motor cortex & other electrical activity & motor RT & trajectory, cats, conference presentation, 4127
mental rotation task, neuronal population vector in motor cortex, monkeys, 28602
motor reaction as CS in classical & instrumental conditioning, changes in excitability of motor cortex, dogs, 17950

neuronal activity in cortical motor areas, ipsilateral & contralateral & bilateral digit movements, Japanese monkeys, 14706
pervasive pneumonia & circumscribed lesion in left precentral gyrus, development of Broca's aphasia, 62 yr old male, case report, 26589
predictable directional vs nondirectional visual stimulus, precue neuronal activity in premotor cortex before limb movement onset, monkeys, 21562
reading vs spelling ability, 72 yr old male with lexical agraphia following discrete lesion of left precentral gyrus, 9174
shift of cortical projection area by stimulation of frontal cortex, conversion from sucking to chewing, neonate guinea pigs, 21518
skilled contralateral forelimb use in reaching for food, rats with unilateral motor cortex lesions vs hemidecortication at birth vs in adulthood, 11174
unilateral deafferentation, elbow flexion in weight lifting, monkeys, 28789
Motor Development [See Also Psychomotor Development, Speech Development]
age & local environments, accelerated physical & motor & mental development, 3–15 yr olds, Poland, 5 yr study, 15103
age & practice, control of forearm movements, 7 & 11 yr olds, 25448
age & sex, spontaneous head positions following E holding of head in lateral & midline positions, 2–12 wk olds, longitudinal study, 996
age vs posture, prehension gesture development, 4–10 mo olds, 4598
bimanual coordination & symmetry vs asymmetry of movement in manipulation of objects, 7–24 mo olds, 39518
birth weight & symptomatic intracranial hemorrhage, motor skills & cognitive performance, 4.5 yr olds born prematurely, longitudinal study, implications for cerebral palsy, 1983
brain stem auditory EP, prediction of motor outcome, neonates at risk for neurodevelopmental sequelae, 2 mo through 1 yr followup, 5718
clinical assessment & standardized measures of sensorimotor & language development & current communication status, nonverbal severely mentally retarded clients, 8953
color of rolling vs bouncing ball, color matched targeting precision in hitting ball, male vs female 6–20 yr olds, France, 4590
complex rearing environment following neonatal frontal decortication, motor performance & cortical development, adult rats, 801
corpus callosum, bimanual motor skill with vs without visual feedback, 5–6 vs 9–11 vs 18–22 yr olds, 21612
development of Early Neuropsychologic Optimality Rating Scale, assessment of tone & posture & movement & developmental delay, infants, 14092
development of motor asymmetries during stepping movements, familially right vs left handed infants assessed between ages 2–3 days & 3 mo, longitudinal study, 1020
development of motor regulation & temporal ordering ability, 5.8–12.3 yr olds, 4555
development of reaching behavior, 9–36 mo olds, 962
development of stereotypic hindlimb scratching & pawshake responses, neuromuscular patterns assessed by EMG, spinalized vs intact 0–60 day old kittens, 792
development of synchronous movement during last 3rd of gestation, rat fetuses observed in vs ex utero, 694
developmental & environmental perspective, aquatic motor skill acquisition, children, 18587
dimensionless ratios, grip coordination patterns in displacement activity using cubes of varying sizes, 3.2–5.3 vs 18–46 yr olds, 25502
direction of tilt, development of lateral equilibrium stance reaction, 9 mo–5 yr olds, 1034
duration of sensorimotor developmental stages & transitions, infants with Down's syndrome, 12281
force of squeezing index finger & thumb, unintended mirror movements in contralateral limb, 6.5–16.5 yr olds, implications for inhibitory control, 1024
formal maternal handling routines, early gross motor development, Jamaican infants, England, 11401
gestational age measuring biological maturity vs duration of extrauterine experience, motor development, preterm infants, 4 mo study, 29087
gymnastics training, development of postural responses to stance disturbances, 7–10 vs 11–16 yr olds, 21882
hand & head & mouth coordination, newborns, intersensorimotor & intentionality implications, 11347
hand preference development, males vs females assessed at ages 18 & 24 & 30 mo, 18544
integration of sensory information in development of manual pointing, 4–12 yr olds, 21989
interlimb coordination during 1st 6 mo of walking, infants, 11348
ivermectin dosage during gestation & lactation, mortality rate & cliff avoidance & locomotion & motor development, rat pups, 896
kinematic aspects of elipse drawing movements, 3–11 vs 21–60 yr olds, 8055
locomotor development patterns, female vervet monkeys observed from birth to 2 mo, 21351
low level prenatal lead exposure, lead levels in blood & child's neurobehavioral & physical development, children observed from birth to 5 yrs old & their mothers at time of birth, Australia, 36998
maternal alcohol consumption during pregnancy, cognitive & motor & behavioral development, infants assessed at ages 6 & 12 mo, conference presentation, 11359
mild cognitive & motor delay, male 59 mo old with chromosome disorder, case report, 19421
modeling & contingent praise of play behavior by mother, generalized imitation in motor responses during play, male 10 mo olds & their mothers, 15102
motor & mental development, high risk 3 mo olds, 5 yr study, 22480
motor & speech & language & intellectual functioning, 2 yr old male who survived near drowning accident, 5 yr study, 12366
motor development & performance, Mexican American vs Black vs White vs American Indian children, literature review, conference presentation, 8036
motor development variations, African vs Caucasian vs American Indian vs Oriental infants, 32385
motor performance, 5–6 yr olds with vs without history of chronic otitis media, implications for occupational therapy, 40524
motor system coordination development, affordances of landmarks & ecology of spatial perception, children, conference presentation, 11410
neuromotor ability, healthy vs sick preterm vs healthy full term infants observed as newborns & from 3 to 12 mo old, 29952
object movement along cyclopean & visual axis of each eye, development of vergence eye movements, 4–33 wk olds vs adults, 32419
perceptual motor & cognitive development & utility of myoelectric arm prostheses, children with congenital upper limb deficiency, 12991
perinatal alcohol exposure, motor development & cerebral cortical morphology, rats born from alcohol vs pair fed mothers, 4442
postnatal sc methylmercury, subsequent motor & posture disorders, 22–24 day old rats, 4445
prelocomotor with vs without walker assisted experience vs hands & knees creeping, spatial search performance, 8.5 mo old, 4616
prenatal & postnatal development of cyclic motility, newborns of insulin dependent diabetic mothers, 12483
prenatal exposure to marihuana & alcohol & cigarettes, home environment & motor & mental & language development, 12 & 24 mo olds, 18514

prenatal stress & pregnancy complications, child's handedness, mothers & their 2 yr old children, 23044
progression velocity & body mass & gravity, achievement of steady gait, 15–18 mo olds walking independently, 36021
quiet-alert vs active-awake vs crying state, spontaneous head orientation after forced midline vs lateral position, 2–12 wk olds, longitudinal study, 997
research in language & motor development & neuropsychological implications, infants, 4626
scores on Peabody Developmental Motor Scales vs Miller Assessment for Preschoolers, assessment of sensorimotor functioning, 34–68 mo olds at risk for developmental disabilities, 31659
sensory function development & performance, 4–18 mo olds with vs without developmental delay or difficult temperament, 32939
sex & maturational status, sex differences in motor activity level, 5–8 yr olds, 39517
sex, right handed reaching preference, 5–12 mo olds, 960
spontaneous head positions, infants assessed between ages 1 & 36 wks, longitudinal study, 976
stereotypic air vs treadmill stepping, hindlimb neuromuscular patterns assessed by EMG, kittens spinalized at birth vs 14 days old, 791
stereotypic hindlimb stepping behaviors, development of interlimb coordination & locomotion & neuromuscular patterns assessed by EMG, kittens tested from birth to 60 days old, 454
supine vs prone body position, head turning & postural behaviors & handedness & gait laterality, low risk preterm neonates, Japan, 3 yr followup, 1022
temperament & sensory motor & learning & social skills, female vs male kindergartners, Taiwan vs US, 4554
timing & center of gravity & phase plane analyses, development of locomotor coordination, children assessed from age 3 to 18 yrs old, 21905
treatment & motor & psychological development & self perception of competence & achievement, 2–8 yr olds with motor delay, followup, 33725
validity & reliability of motion recorders, discrimination of motor activity differences, 5–9.2 wk olds, 14056
visual & oculomotor development, 2 wk to 6 mo olds, 25498
visual field lateral displacement, development of visual motor ability, kittens, 25042
Motor Disorders [See Nervous System Disorders]
Motor Evoked Potentials [See Somatosensory Evoked Potentials]
Motor Neurons
command hypothesis, assessment of synaptic interactions of command neurons & role in abdominal positioning & motor output, crustaceans, 18111
cortico- vs rubromotoneuronal postspike facilitation in wrist & finger movement, neuronal encoding of motor velocity & torque change rate, monkeys, conference presentation, 4086
cranial motor nerve manifestations of amyotrophic lateral sclerosis & neuropathologic sources of speech motor impairments, 1990
individual differences in disinhibition vs extraversion, reflex amplitude recovery & spinal motoneuronal excitability, male vs female 18–30 yr olds, 4204
model of continuous neuronal activity & information processing in motor planning & execution, 25073
neuronal activity in cortical motor areas, ipsilateral & contralateral & bilateral digit movements, Japanese monkeys, 14706
neuronal characteristics, 2 way conditional connections after learning in visual motor & visual & motor hypothalamic coordinations, alert cats, 21383
TRH analog, patients with motorneuron disease, 23427
Motor Pathways [See Efferent Pathways]
Motor Performance [See Also Finger Tapping, Jumping, Running, Walking]
ability & mood state profile, performance prediction, adult male vs female regular training distance runners, 13984
accuracy of observations of elementary school students' motor skill performance, teachers, 27501
achievement goal orientations, precompetitive self confidence & anxiety & figure skating performance, 13–18 yr olds, 22069
acute & subchronic alprazolam vs diazepam, anticonflict & rotarod impairing effects, male rats, 35897
acute alcohol intoxication & subsequent blood alcohol levels, hypothermia & activity & motor performance, female rats, animal model of alcohol hangover, 25328
acute alcohol intoxication, blood alcohol levels & mood state & psychomotor function, socially drinking male vs female 20–35 yr old children of alcoholic fathers, 15960
acute vs subchronic dihydroergocryptine, immobility in constrained swim "despair" test & haloperidol induced catalepsy & motor performance & coordination, aged male rats, 11209
age & handedness & hand function & slow speech development & family dysgraphia history, 5.6–15.1 yr olds with motor vs spelling dysgraphia & academic underachievement, 37115
age & practice, control of forearm movements, 7 & 11 yr olds, 25448
age & sex & education & lateral preference, preferred vs nonpreferred hand performance on neuropsychological motor tasks, adults, 669
age, motor preparation & RT on aiming task, 21–76 yr olds, 39530
alcohol, skilled soccer performance, male college students & staff, 32206
amphetamine vs pimozide, response rates & motor capacity in VI reinforcement, male rats, 28993
arousal & relevant vs irrelevant imagery rehearsal, postrest warmup decrement & batting performance, female softball players, 3484
automated performance measurement using common models & control manipulation & energy management, simulated air combat maneuvers, military aircrews, 6969
birth weight differences of 25 percent or more, fine motor performance & coordination & visuomotor perception & risk of minimal brain dysfunction, infant twins, 23080
caffeine withdrawal, signalled RT in motor performance & heart rate, heavy caffeine users vs nonusers, 4467
catch trial occurrence & foreperiod variation to minimize expectancy, RT & movement time, 1st–5th graders, 39557
causal orientation & perceived competence, expectation & persistence & performance of balancing task & attribution of causal dimension, college students, 35405
cerebellar adenosine, acute ethanol induced motor incoordination & inhibition of motor activity & receptor binding, rats, 7836
chlordiazepoxide vs pentobarbital vs busipirone vs chlorpromazine vs morphine, stretched attend posture test, mice, 4460
cognitive affective stress management training, affect & cognition & performance, 16–18 yr old volleyball players, Canada, 23318
cognitive function & motor performance assessed by RT & movement time, parkinsonian patients, 9060
competing left hand task, sequence initiation in right hand finger tapping to visual display, stuttering 20–40 yr olds, implications for interhemispheric communication, 29839
deficit in lateral spatial position coding, adult male with stroke induced left hemisphere temporal-parietal damage & constructional apraxia, 12480
degree of aphasia in postacute stage, severity of motor deficits, adult patients with ischemic stroke in left carotid artery, 14–122 mo followup, 19591
delayed response reactions during motor performance program, activity of medial wall neurons in frontal cortex, rats, 21539
depression & disability, patients with Parkinson's disease, 5592
depression & mood fluctuations & on-off motor phenomenon, 67 yr old male with idiopathic Parkinson's disease, case report, 26490

development of kinesthetic acuity & motor performance, 3.9–11.8 yr olds, implications for interpretive validity & threshold estimation, 4595
development of motor performance methods, assessment of pain felt in wrist or elbow or arm or shoulder, healthy 20–27 yr olds with occupational cervicobrachial disorder or related diseases, Japan, 33637
dual tasks, manual response programing & execution, college students, 198
EMG signals with vs without explanation of biofeedback purpose, RT & arm movement time, male college students, 4205
ethanol vs benzodiazepine antagonist RO 15-4513, light/dark test & motor performance, mice, 4431
evolution of red nucleus & rubrospinal tract, connectivity complexity & relation to cerebellum & motor performance, terrestrial vertebrates, conference presentation, 4159
eye color & motor task performance, male vs female 6–12 yr olds, 39488
eye color & sex, accuracy in archery, 7th–8th graders vs adults, 36015
eye color, ball throwing accuracy, 1st–6th graders, 32373
eye color, success at horseshoe pitching, adult males, 31753
feedback & target response of 5 vs 10 kg peak force, prediction of force time curve & time to peak force, female college students, 3715
feedback following motor performance, self confidence, high vs low confidence college females, sports implications, 13990
feedback processing & motor output variability & cerebral dominance, task superiority of preferred hand, 35583
fetal spinal cord homografts, hindlimb performance, rats with 3rd cervical spinal cord segment lesions, 35748
focal magnetic coil stimulation of motor cortex, movement of paralyzed ischemic arm, normal adults, 25118
force output & preparatory set, premotor time of simultaneous bilateral responses, 18–22 yr old males, 35252
formation of motor schemata by movement practice vs contextual interference from practice with variations, retention & transfer in motor performance, college students, 21207
genetic variations in physical fitness & motor training, development of individual differences in motor performance, young & adult animals, 14648
handedness & manual specialization during experimental tasks, male baboons, 21422
helmet design & bowling speed, performance related anxiety, cricket players, England, 38533
hyperbaric chamber dive to pressure equivalent to 36 meters of seawater, memory & judgment & manual dexterity, male 18–37 yr old diving students, 31747
hypnotic suggestion vs active or passive participation in motions, imagery generation & involuntariness, highly hypnotic susceptible college students, 7508
imagery & pre-performance exposure to audio template, motor performance, skilled 10–14 yr old males, 7993
imipramine dosage, neuropsychological & motor performance, children with attention deficit disorder & hyperactivity, 12865
inhibition vs consolidation theories of spaced practice, psychomotor performance on rotary pursuit task, college students, 3687
integration of cognitive & motor performance & reasons for individual differences, motor skill learning, 28345
isometric force production characteristics using arm, 49–73 yr olds with Parkinson's disease, 5798
Kinesthetic Sensitivity Test, diagnosis of poor kinesthetic function using kinesthesis & motor performance, clumsy school age children, 112
low vs high doses of risperidone vs haloperidol, vertical & horizontal & stationary motor movements, male rats, 14900
maximum possible vs comfortable angular displacement of thumb, male vs female 21–64 yr olds, implications for instrument control design, 17724
model of hierarchical schema integration within gestalt theoretic framework, assessment of acquisition & control of skilled motor action, 10717
mood & pleasant vs unpleasant information feedback, performance on rotary pursuit task, female college students, 7488
motivational vs drive conditions, batting performance, baseball players, verification of drive theory, 10492
motor & intellectual functioning, female 2.5–23 yr olds with Rett syndrome, 22924
motor activity & environmental interactions in natural play environment, blind vs partially vs fully sighted children, 40495
motor development & performance, Mexican American vs Black vs White vs American Indian children, literature review, conference presentation, 8036
motor performance, male vs female detoxified alcoholic 29–49 yr olds, 5530
motor performance standards & difficulties & satisfaction, social comparison with arthritis patients vs healthy adults & role in adjustment, female 18 yr olds & older with rheumatoid arthritis, 33476
motor performance, 48–69 mo olds in mental health programs vs non-mental health Project Head Start program, 34220
multiple regression analysis, racquetball skills, players, 27997
multivariate approach, prediction of dental motor skill performance, 1st yr dental students, 27476
objective measurement of endogenous pain during motor performance, college students & 27.8 yr old female with cervicobrachial pain, 5806
oculomotor RT & motor performance & injuries & rehabilitation, members of professional football vs college vs high school football vs basketball teams, 41576
posthypnotic suggestion with vs without relaxation, competitive anxiety & performance, fencers, 10500
practice in darkness & other visual information conditions, luminous ball catching performance using 1 vs both hands, graduate students, 21202
practice level, response to directional probability changes in complex motor task, Down's syndrome patients, 2035
practiced forehand stroke movement patterns, reduction in RTs, adults, 3706
preparatory intervals, EMG RTs of right biceps brachii muscle for elbow flexion & forearm supination, adults, 7295
previous experience & self efficacy & heart rate, approach/avoidance behavior in modified back dive performance, females vs males, 13981
problems of one & multiple joint movement control, implications for equilibrium point hypothesis, 21187
proximity to sugar, grip strength, 18–44 yr olds, replication, 31756
Psychiatric Movement Assessment Scale, assessment of patterns of developmental behavior, 12 yr old White female with pervasive developmental disorder & 4 yr old mildly retarded Black male, 8956
psychological induced physiological arousal, motor performance & RT, literature review, 14248
relaxation &/vs imagery techniques, basketball free throw shooting performance, 10.2–12.4 yr old male athletes, 39590
removal of AGm region on dorsomedial shoulder of frontal cortex, visual conditioned motor performance & spatial delayed alternation, male rats, 11158
response acquisition, changes in energy expended & work performed per food reinforcement, rats, 28403
same & different hand finger pairings, 2 choice RT, college students, 21200
scopolamine vs methylscopolamine vs mecamylamine pretreatment, mortality & incidence of transient behavioral suppression & apnea & heart rate & BP following fluid percussion brain injury, male rats, 7882
self concept & self perception & motor performance, hearing impaired 10–14 yr olds, 19532
self efficacy cognitions, attributions for performance in competitive motor task, 9–12 yr olds, 25619

self regulation & goal setting & activation control & imagery & attention control, motor performance & sports, 38536
sex & handedness, mirror tracing random forms, adults, 652
sex & presentation of motor RT task with instructions to indicate sex association, success estimations & performance, 3rd vs 7th graders, 15031
sex, motor performance & shyness & disobedience, 6 yr olds born of risk pregnancies or deliveries, conference presentation, 5807
size & height & orientation of electrical connector & grip type & glove use, maximum hand grip torque, male vs female adults, implications for aircraft maintenance, 17716
skilled contralateral forelimb use in reaching for food, rats with unilateral motor cortex lesions vs hemidecortication at birth vs in adulthood, 11174
snow sled type, steering ability on downhill course measuring age appropriateness & safety, 6–12 yr olds, implications for design, 39563
stress coping training program, early coping & mastery of parachuting experience, adult males, 13982
subliminal oedipal vs nonoedipal competitive stimuli, dart throwing performance, males, replication, 17742
suggestibility & self vs E imposed vs absence of achievement standards, motor performance, college students, 14483
talking about choking, subsequent basketball freethrow performance, male physical education college students, 13988
telic dominance & metamotivational state, squash task performance, 18–37 yr old males, 27992
testosterone vs estradiol, distraction during runway performance, chicks, 14829
tone pitch difference, integrated vs parallel motor organization measured by polyrhythmic finger tapping intervals using both hands, musically trained college students, 28211
training in unimanual motor task, contralateral overflow, children & adult males, 4558
transcranial magnetic stimulation, motor & cognitive performance & serum prolactin, 19–52 yr olds, 32125
triazolam, psychomotor performance & sleep, 18–34 yr old males, implications for commercial air travel insomnia, 32260
ultraviolet radiation in conjunction with fluorescent lighting, RT & work capacity & academic performance, 6th–7th graders, 3210
unexpected outcome in competitive motor task, causal attributions & affective consequences, college students participating in bicycle ergometer task, 38719
visual acuity & motor speed & dexterity, performance on Trail Making Test-Part B & performance subtests of WAIS, 21–73 yr old male neuropsychiatric patients, 29472
visual feedback vs subjective feedback from past performances, repetition precision of force generation between index finger & thumb, 20–35 yr olds, 17739
warning standard & target paired auditory stimuli, contingent negative variation, right handed male college students, 630
worry & emotionality, throwing &/or timing tasks, male physical education students with low vs moderate vs high state anxiety, 35391

Motor Processes [See Also Activity Level, Animal Locomotion, Exercise, Finger Tapping, Jumping, Licking, Motor Coordination, Motor Performance, Motor Skills, Physical Agility, Physical Dexterity, Running, Sucking, Swallowing, Swimming, Tonic Immobility, Walking, Yawning]

acquistion & performance & extinction of conditioned forelimb movement, Purkinje cell spike activity, decerebrated ferrets, 4123
active vs passive limb movement vs flash vs click stimulation, single unit activity in pulvinar nucleus, monkeys, 4126
active vs passive smoking, RT & movement time, college students, Australia, 35777
activity meter, assessment of motor activity & development, nicotine treated rat pups, 7047
acute vs chronic ethanol, behavior & electrophysiology, crayfish, 14850
acute vs chronic midazolam with vs without Ro 15-1788, withdrawal & discriminative motor control, male rats, 18454
acute vs chronic SCH 23390 with vs without cyproheptadine, quipazine induced head twitches, male rats, 39250
acute vs chronic unilateral GABA infusion into nucleus basalis, maze turning behavior & brain gliosis & acetylcholinesterase activity, rats, 4510
adjustment & readjustment of relative timing of motor pattern, 14–38 yr olds, support for continuity hypothesis, 18574
adrenal medullary cell suspensions into caudate nucleus, metamphetamine induced circling & cell growth & morphology, female rats, 7771
age & motor response production vs inhibition to visually presented instructions, EPs, 20–85 yr olds, 4137
age, postural muscle activation preceding arm movements in RT task, 19–33 vs 64–76 yr olds, conference presentation, 11551
age, wrist movements over 9 days & sleep duration, male 21–83 yr olds, 965
aimed arm reaching movements, electrical activity in extracellular unit recording of pulvinar lateral posterior complex, monkeys, 35585
amitriptyline or mianserin or nomifensine or citalopram & ethanol, spontaneous locomotor behavior & rotarod performance, NMRI vs C57BL/6 mice, 25314
amphetamine induced motor processes, neostriatal single neuron activity, male rats, 39315
amplitude & duration of movement cycles in hand operation of joystick in continuous to-and-fro motion, college students, 3697
anogenital stimulation & thoracic spinal transection, leg extension response, 20-day old rat fetus, 11168
anticonvulsants, barrel rotations & clonic forepaw movements induced by intrastriatal quinolinic acid, male rats, implications for treatment of Huntington's disease, 25260
antipsychotic drugs, hippocampus & striatum dopamine receptor binding & antagonism of apomorphine induced climbing, male rats & mice, implications for extrapyramidal side effects, 11184
anxiety & field dependence, individual differences in frequency of body focused irrelevant hand movements during tasks, 5th graders, implications for information processing, 39464
apomorphine dosage with vs without cesium chloride withdrawal, climbing as index of pre- & postsynaptic extrapyramidal dopaminergic function, mice, 28952
apomorphine infusion vs 6-OHDA lesions of ascending catecholaminergic systems ipsilateral vs contralateral to preference & practice, lateral preferences during various motor tasks, male rats, 21687
apomorphine injections to caudate nucleus, motor pattern sequences, cats, 864
apomorphine vs caffeine, contralateral rotational behavior, male rats with unilateral lesions of nigrostriatal pathway, 35696
apomorphine vs caffeine vs theophylline vs theobromine & antagonism by dopamine antagonists vs diazepam, contralateral rotation, selectively denervated rats, 28710
arm ergometry training, physiological & perceptual responses at ventilatory threshold & peak exercise capacity, females, 35244
arm position, hand pinch grips in standing & sitting positions, 20–26 yr old males, implications for dentist working conditions, 41485
articulatory suppression or movement to spatial targets or body movements, memory for visually presented body movement patterns or words or spatial positions, college students, England, 14476
attention to tones with vs without motor response to deviant tones, auditory EPs, 17–43 yr olds with Tourette's syndrome, 23069
automatic prompting instrument, task related responding in locomotor activities, 10.1–18.8 yr olds with severe mental retardation & sensory handicaps, Netherlands, 33970

behavioral preservation in spatial head orientations for water seeking, water deprived male rats with unilateral vs bilateral anteromedial cortex lesions, 4301
behavioral science research on normal thinking & emotional expression & motor functioning in schizophrenia, 22557
behavioral treatment, ambulation, elderly wheelchair dependent clients of adult day care center, 34282
benztropine vs physostigmine, ketamine induced linguopharyngeal motor activity, female rats, 25259
biodynamic basis for perceived heights for sitting & stair climbing, college students, 210
body movements during sleep, healthy vs neurologically damaged infants, 1 wk & 1 & 3 mo followups, 9046
body postural adustment necessitated by food presentation on land vs water, hand preference in reaching for food, ruffed lemurs, 477
bromocriptine, motor effects, animals, literature review, 14866
callosotomy, reinstatement & potentiation of behavioral deficits from left vs right lesions of parietal vs medial frontal vs motor cortex, male rats, 11137
carbachol vs GABA vs muscimol with vs without bicuculline vs atropine in caudate nucleus, apomorphine induced stereotyped rearing behavior, rats, 4341
cerebral displacement during flight, wind evoked activity of postsynaptic interneurons, male cockroaches, 625
change in spatial location of target, correction of velocity components of visually guided reaching, cats, 398
changes in sleep stages & body movement, 5–12 yr olds with idiopathic nocturnal enuresis, 26527
chewing behavior & oral form discrimination, 5–8 yr olds, 15075
cholecystokinin octapeptide into cerebral ventricles vs nucleus accumbens, d-amphetamine induced hyperlocomotion & stereotypy, male rats, 18468
cholinergic agonist RS-86, motor abilities & eye movements & cognition, 60–74 yr olds with progressive supranuclear palsy, 23385
cholinergic agonists vs antagonists, mediation of pilocarpine induced chewing behavior, male rats, 32289
chronic haloperidol vs fluphenzine followed by withdrawal, oral movements, rats, animal model of tardive dyskinesia, 4481
chronic physostigmine vs oxotremorine, water maze performance & motor habituation & learning & retention, male rats with basal forebrain lesions, 28922
cinematography panning technique for kinematic measurement of human movement, 38732
closed skill fine vs open skill gross motor activities, heart rate, profoundly retarded multiply handicapped 7–10 yr old males, 26401
closing of finger & thumb in object grasping behavior, acollosal right handed 22 yr old female, 5677
cognitive & motor performance & depression, patients with multiple sclerosis, 2055
cognitive styles of categorization & conceptualization & motor system differentiation, 29–39 mo olds, 11428
command concept as neurobehavioral & neuroethological dynamic, motor control theories & initiation of behavior, 7646
command hypothesis, assessment of synaptic interactions of command neurons & role in abdominal positioning & motor output, crustaceans, 18111
compatibility & precue conditions, 4 choice RT task performance, clumsy 6–13 yr olds, 15127
components & transfer of intrapersonal & interpersonal biosignal processing system, retraining of neuromuscular responses through EMG feedback, humans, 4218
conditioned responding with auditory go vs no go signal & red nucleus cooling, electrical activity measuring triggering & setting of motor responses, cats, conference presentation, 4150
constant stimuli & footshock, jump thresholds during sexual receptivity vs nonreceptivity, female rats, 7790
construction & reliability of Louvain Observation Scales for Objectives in Psychomotor Therapy, psychiatric clients, 31553
contact placing reaction evoked by tactile stimulation of dorsum of forepaw, activity of biceps brachii & lateral head of triceps brachii, cats, 14713
content of articles published in "Journal of Motor Behavior", 1969–71 vs 1985–86, 10709
contingent negative variation & stimulus preceding negativity & readiness potentials in motor cortex, motor preparation vs stimulus anticipation, 25027
cortico- vs rubromotoneuronal postspike facilitation in wrist & finger movement, neuronal encoding of motor velocity & torque change rate, monkeys, conference presentation, 4086
culture, repetitive movement patterns of everyday behavior, Europeans vs Trobriand Islanders vs Yanomami Indians vs Kalahari Bushmen, 4812
D-1 or D-2 antagonists, effect of morphine on analgesia & motor responses, rats, 39340
degraded stimuli, movement related visual EP overlap as index of motor preparation in reaction tasks, commentary reply, 39104
delayed auditory feedback, articulator movement of lip & jaw & prolonged vs repetitive speech, 25–35 yr olds, 32335
dementia psychiatric symptoms & limited mobility & mortality rates, 65–94 yr old females, 1 yr followup, 33464
destruction of nigrostriatal dopamine system by 1-methyl-4-phenyl-1,2,3,6-tetrahydropyridine, initiation & execution of arm movements, monkeys, 32139
development & practice of dance/movement & creative arts in special education, Israel, 38189
diazepam &/or exposure to colored marbles, motor activity & marble burying, mice, 4312
diazepam, icv somatostatin induced motor disturbances & mortality & cerebellar Purkinje cell loss, male rats, 14808
dihydroergosine, immobility & plasma corticosterone, female rats forced to swim in restricted space, implications for potential antidepressant properties, 35850
directional bias in conditioned circling, striatal & nucleus accumbens & olfactory tubercle dopamine metabolism, rats, 39115
d,l-homocysteic acid into subtentorial midbrain periaquiductal gray, hindlimb movement & vasodilation measuring coordination somatic & autonomic changes, decerebrate cats, 32098
domperidone vs 6-ATN stimulation of dopamine receptors inside vs outside blood brain barrier, apomorphine induced limb flicks, male cats, 11308
dopamine injected into caudate nucleus & nucleus accumbens, nigrostriatal & mesolimbic dopaminergic systems control of voluntary motor reactions in instrumental avoidance responding, dogs, 21810
dopamine uptake blockage with naloxone vs GBR-13069, contraversive circling induced by morphine into ventral tegmental area, male rats, 18339
dopaminergic grafts in nucleus accumbens, behavioral effects of 6-OHDA lesions of nucleus accumbens vs A10 dopaminergic neurons, male rats, 11144
dorsal vs ventral ibotenic acid striatal lesions & apomorphine vs dextroamphetamine, rotational behavior, male rats, 4245
dorsal vs ventral striatal muscimol vs picrotoxin with vs without dextroamphetamine pretreatment, rotational activity, male rats, 4390
dosage of clonidine & age, locomotor activity & wall climbing & catalepsy & rectal temperature, 10–42 day old rats exposed prenatally to ethanol, 28865
dual task methodology, measurement of sex differences in intrahemispheric organization for language vs praxic functions, college students, 28612
dynamic patterns in complex motor systems, summary of conference presentations, 4065
D1 & D2 dopamine agonists, rotational behavior, mice with unilateral 6-OHDA induced corpus striatum lesions, 7785

D1 agonist SK&F 38393 vs D2 agonist LY171555 with vs without chronic haloperidol or fluphenazine pretreatment, oral movements, female rats, 18324
EEG activity in motor vs somatosensory vs parietal vs premotor vs frontal cortex during anticipation vs execution of movement vs feedback reception, 17–37 yr olds, 4081
elation vs depression inducing imagery, facial muscle activity & growth & carryover of mood states, adult females, 720
electric shock, vocalization & flinch reaction, hypertensive rats, animal model of depression, 4271
electrical brain stimulation, hypothalamus electrode locations for induced attack vs social grooming vs teeth chattering, male rats, 7788
electrical stimulation of discrete regions of caudate nucleus, contraversive head turning, cats, 7796
electrical stimulation of internal capsule & substantia nigra, refractory period & conduction velocity & contraversive circling, rats, implications for connective continuous axon bundle, 4158
EMG changes in muscle after finger or wrist flexing as indication of unconscious cerebral initiation in voluntary actions, commentary with reply included, 32052
EMG techniques, study & treatment of motor control disorders, humans, 9192
estimation of future position of moving visual target during tracking task, monkeys, 430
ethanol, movement & response & premotor & contractile time, 26–48 yr olds, 28802
ethanol, skilled motor functions & related EPs, male social drinkers, 28957
exposure to microwave peak power simulator vs Gypsy virtual cathode oscillator, avoidance & water drinking & rotarod performance, male rats, 4228
exposure to pretest stressful situation, anti-immobility effect of antidepressants in forced swimming test, male rats, 32096
feedback processing & motor output variability & cerebral dominance, task superiority of preferred hand, 35583
fine motor skills & visual & visuospatial performance, right vs left vs mixed handed 54–76 mo olds, 32444
fluctuations in mood & motor ability, Parkinson's disease patients with "on-off" motor swings, 5746
food reinforced keypecking, conjunctive differentiation of gape, pigeons, 14525
force of squeezing index finger & thumb, unintended mirror movements in contralateral limb, 6.5–16.5 yr olds, implications for inhibitory control, 1024
forced revision & trigger distance, motor system adaptation in fast typing, highly skilled typists, 14251
foreperiod duration & labeled motor programing & parameterization & initiation stages, choice RT & movement velocity on line drawing task, right handed writers, 35256
form & communicative function of motor mimicry, Os & others in face to face condition, 4943
free running circadian period for wheel running activity, inbred strains of mice, 595
frequency & intensity of octave band noises & high vs low heart rate variability, accelerative vs decelerative cardiac responses & leg movements, 37–40 wk old fetuses, 29035
fundamental frequency of laterally presented auditory stimuli, recovery of head turning, newborns, 25543
goal directed continuous elbow movements in motor task, adaptive programing with use & peak & average velocity increases, monkeys, 21358
grip type & hand preference in prehension, capuchins vs squirrel monkeys, 10940
hair stimulation of unsupported paw, red nucleus & spinal activation of biceps & paw contact placing, cats, conference presentation, 4069
haloperidol, cognitive shifting & motor task performance, adults with idiopathic spasmodic torticollis, 37480
haloperidol with vs without apomorphine into caudate nucleus, switching motor patterns, male cats, 11225
handgrip strength, 12–58 yr olds with unilateral frontal or temporal lobe excisions, 9126
hands as motors in series forming kinematic chain, model of favored intermanual division of labor for skilled activities, 7292
head movement & spatial position of target, ability to localize in auditory head up display, 21–39 yr olds, implications for aircraft pilots, 38483
hemidecortication vs unilteral lesions of parietal cortex, simultaneous extinction of bracelet removal from ipsilateral vs contralateral paw, male rats, 18261
hemispheric specialization & motor function, children with right vs left hemispheric cerebral palsy, literature review, 2133
hemispheric specialization & movement laterality, implications for occupational therapy, 35611
heritability of conditioning of proboscis extension reflex, honeybees, 587
history & contributions & future roles of occupational therapy & motor control fields, 37836
homeomorphic mathematical modeling & computer simulation, neurological control of human movements, 28220
hypnotherapy, recovery of left arm function, female 66 yr old stroke patient, 40818
icv microinjections of sulfated octapeptide, contraversive circling, rats, 889
imagery, electrical recording of eye movements & covert lip & preferred arm response & EEG, right handed 22–40 yr old females, implications for neuromuscular model of information processing, 39157
imidazobenzodiazepine Ro15-4513, ethanol motor stimulant activities, rats, 39333
in-place jogging in darkened room while fixated on single light source, involuntary movement & misinterpretation of visual distance cues, adults, 3700
inactivation of corticospinal fibers in crus cerebri vs rubrospinal tract vs red nucleus, motor cortex & other electrical activity & motor RT & trajectory, cats, conference presentation, 4127
inactivation of right vs left hemisphere, food getting & investigative activity & spatiomotor asymmetry, female rats, 32059
independent shoulder movement measuring hemispheric dominance for motor activation or intention, 35–80 yr olds with left vs right hemisphere infarcts, 29898
instruction to move dot on screen, preferred control & motion of movement assessed using written test, 20–60 yr olds, China vs Western nations, 202
interaction of excitatory & inhibitory motion stimuli, visual sensitivity inferred from landing motor response, flies, 38962
interaction of nicotine with dopaminergic mechanisms, drug discrimination & rotational behavior, rats, 11289
intercaudate injections of haloperidol & apomorphine, motor expressions characteristic of substantia nigra reticulata &/or superior colliculus, cats, 848
intracarotid amytal test measuring speech & motor function lateralization, epileptic 12–41 yr olds with medically intractable facial seizures, 5767
intranigral dynorphin & substance P, dopamine metabolism & circling behavior, male rats, 4492
intranigral mu vs delta vs kappa opioid agonists, rotational behavior, male rats, 14895
intraoral infusion of lemon, ontogeny of facial wiping, rat fetuses & pups, 28733
intrathecal vasopressin, antinociception vs motor effects assessed through pain tests, male rats, 18456
irregular mouthing & nonnutritive sucking & oral exploration & familiarization, visual preference & recognization of nubby vs plain rubber nipple, 1 & 2 mo olds, 4633
ischemic nerve block applied to feet, stabilization of standing posture during voluntary & vibration induced body sway, healthy 21–31 yr old males, 685
isolation, penile erection & stretching & yawning induced by dopaminergic agonists propylnorapomorphine vs B-HT 920, male rats, 11218

kainic acid lesions & fetal striatum transplants, striatal muscarinic receptor development & locomotor activity & T maze alternation, female rats, 21635
ketamine hydrochloride with vs without xylazine hydrochloride & yohimbine hydrochloride, immobilization & sitting, Japanese monkeys, 28868
kind of sport & sex differences & handedness & complexity of exercise & direction of turns during physical exercise, child & adult athletes, Poland, 20996
kinematic parameters of forearm movements in horizontal plane, right handed 5–7 yr old males, 11446
language & motor & sensory perceptual & receptive abilities, normal 65–75 yr olds, Australia, 1152
lateral neglect in head movement water seeking task, water deprived male rats with unilateral vs bilateral superior colliculus lesions, 4302
laterality of motor & verbal & spatial deficits as neuropsychological symptom pattern in early stages, patients with left vs right sided Parkinson's disease, 29870
learned ball pushing & transfer to pulling to clear obstructed alleyway for goal box access as measure of behavioral flexibility, decorticate rats, 39236
left hemisphere & concurrent articulatory activity, motor decision making, college students, 18140
left hemisphere mechanisms, organization of complex motor behavior, 18096
left vs right hemispace closed loop movement RTs using left vs right arm, males with left vs right hemisphere cerebrovascular accidents, 29956
length of metal rod or path delimited by apparatus & speed of finger movement, perceived length, blindfolded adults, 7293
lesions & electrical stimulation of superior colliculus & thalamic motor nuclei & reticular formation pathways from neostriatum & substantia nigra, turning behavior, cats, 25137
lesions of median raphe nucleus & chronic desipramine administration, serotonin & motor behavior, male rats given intrahippocampal clonidine injection, 11160
lesions of rostrolateral vs dorsolateral vs ventrolateral striatum, motor processes, male rats, implications for somatotopic organization of striatum, 809
levallorphan vs dynorphin vs naloxone, neurological impairment & motor function tested by inclined plane method, gerbils with unilateral carotid occlusion, 7857
level of spring vs inertial load, triphasic vs coactivation pattern of limb stiffness regulation during rapid arm movements, college students, 25092
leverpressing with right forepaw, left vs right sensorimotor forelimb surface-to-depth EEG, male rats, 4163
lithium vs sodium chloride, taste reactivity vs measure of formation of conditioned taste aversion, rats, 28437
load & controlled temporal conditions, force & force variability in rapid reversal responses with horizontal lever, male college students, 21203
location of target in double step tracking paradigm, corrective RT of mixed mode control process, 19–37 yr olds, 38723
lofepramine vs other antidepressants, information processing & motor responses & psychodynamic effects & toxicity, patients, conference presentation, 30456
MacKinnon splint, grasp skills, 2.5 & 4.5 & 7.5 yr olds with cerebral palsy & spastic hemiplegia, 20049
manipulative motor behavior during prey paralysis & ingestion, cuttlefish, 14568
mental load during constant motor activity, Bereitschaftspotential, 22–35 yr old males, 18093
method for digitalizing videotaped positions of moving points, conference presentation, 35242
methodology of articulation data collection & importance of motor processes, aphasic patients, commentary, 22960
microcomputer video digitizers, monitoring of spontaneous locomotion & moving appendages, animals, 17941
microinjection of GABA antagonists into dorsal periaqueductal gray matter vs medial hypothalamus, flight behavior, detelencephalated male rats, 18245
model of continuous neuronal activity & information processing in motor planning & execution, 25073
model of error measurement & use in motor learning research, 24675
model of hierarchical schema integration within gestalt theoretic framework, assessment of acquisition & control of skilled motor action, 10717
models of psychophysical capacity, job design & reduction of overexertion injuries, workers performing manual materials handling, 3419
moment of inertia, simple RT & premotor time during initiation of discrete rapid movement, 20–45 yr olds, 35240
motor & neuropsychological impairment, 44–86 yr olds with idiopathic Parkinson's disease, 16148
motor behavior research types, special populations, 25998
motor behaviors & morphology of body & brain, mutant shaker short tail mice, 592
motor dominance & volumetric asymmetry of globus pallidus in normal brains, postmortem 26 wks gestation through 86 yr olds, 4113
motor reaction as CS in classical & instrumental conditioning, changes in excitability of motor cortex, dogs, 17950
motor speech & apraxia assessed by verbal RT & facial EMG, aphasic female 68–72 yr olds with anterior vs posterior left hemisphere damage, 19638
motor vs EEG seizure duration in ECT, depressed inpatients, 5883
motor vs imaginal encoding of attributive vs prepositional action phrases, free vs cued recall, college students, West Germany, 21292
mouth opening, intercisor bite force discrimination, adults, 3717
movement monitoring using magnetic induction law in study of "handedness", rats, 35620
movement of jaw relative to skull, sound in ear canal, adults, 17819
movement of visual target with vs without coupling to arm movement intention, smooth pursuit eye movement latency, monkeys vs adults, 28598
movement related cortical EPs, early communication between neural stimulus evaluation & response systems, humans, 25029
moving random dot pattern, eye & head & body movements & slow phase gaze velocity, unrestrained cats, 25091
music & movement & dance curriculum, physical responses, 46–69 mo olds with Down's syndrome vs mentally handicapped 45–79 mo olds, Hong Kong, 24196
neuroleptic induced marching in place, psychiatric patients, 34028
neuroleptics, apomorphine induced activity & stereotyped behavior & quipazine induced head twitches, implications for involvement of striatal dopaminergic supersensitivity, 32179
neuroleptics vs nondopaminergic vs dopaminergic antagonists, grooming & sniffing & locomotor & rearing responses to D1 dopamine receptor agonist, male rats, 28923
neurology of motor learning in vestibulo-ocular reflex, monkeys & humans, 4121
neuromotor & sensory facilitation techniques, tongue thrusting & tonic bite reflex, profoundly mentally retarded 8 yr old female with cerebral palsy, 20236
neuronal activity in cortical motor areas, ipsilateral & contralateral & bilateral digit movements, Japanese monkeys, 14706
neurophysiological mechanisms of paradoxical sleep without atonia, animals, 14685
object size & tolerance for grasping error & movement speed, finger-thumb aperture & wrist velocity in prehensile movement, male 19–25 yr olds, 21205
olfaction, forelimb reaching & locating food, male rats following bulbectomy with vs without visual occlusion, 28746
onset latency for audiogenic seizures, asymmetry of running & falling seizure components, mice, 14769
partial movement restraint, alteration in pattern of locomotion, mongrel puppies, animal model of plasticity of motor system, 35691

passive elbow motions, EMG RT for elbow flexion & extension, 29–51 yr olds, 28208
passive whole body vs active head oscillation, mental influence in vestibulo-ocular reflex, male 12–39 yr olds, 10703
paw test model, discrimination of classical vs atypical neuroleptic drugs using RT of forelimb & hindlimb withdrawal, rats, 4348
PCP vs MK 801 & interaction with nifedipine, rotarod ability & hyperactivity & convulsive activity, male mice, 39367
perception of throwing action presented in point light form, 14–15 yr old males vs 18–25 yr olds, 25546
periodic sleep movements during sleep as similar to Babinski response, 21–67 yr olds with sleep disorders, 30090
peripheral nalmefene dosages, head shaking & arousal, hens, 14933
physical vs nominal matching task RTs, learning disabled elementary school students vs normally achieving 2nd–7th graders & college students, 26380
pimozide dosages, RT in food vs water reinforced discriminated lever release task performance, rats, 18443
pimozide, motor activity & operant behavior on random interval reinforcement schedule, rats, 32269
planning voluntary finger movement, event related desynchronization in EEG, 23–24 yr olds, 32044
point light computer simulation of arm movement & timing, action identification & movement reproduction, male 12 yr olds, 39588
postnatal depletion of brain dopamine by icv 6-OHDA, fluid intake & motor function, rat pups, 28988
practice with beanbags, learning juggling, 10–12 yr olds, 25471
precuing of elbow flexion & forearm supination, EMG & RT, 20–37 yr olds, 3703
predictable directional vs nondirectional visual stimulus, precue neuronal activity in premotor cortex before limb movement onset, monkeys, 21562
premeal chewing, ruminative behavior, institutionalized mentally retarded females, 8948
prenatal vs paternal inhalation exposure to ethanol, brain neurotransmitter concentrations & motor processes & operant learning & activity level, rats, 4440
preprogrammed signals, head & arm movements, monkeys, 7567
presence of food stimulus, withdrawal of oral veil from tactile stimulus & rolling over & other locomotor behavior, hungry vs sated molluscs, 550
preshot routine, free throw shooting, male high school basketball players, 32398
priming of hand shape, judged feasibility & consequences of manual interaction with objects, college students, 28213
printing & drawing shapes with vs without sight of hand & writing trace, motor patterns, adults, England, 38747
prior information about direction & extent of forthcoming movement, changes of single cell activity in primary motor & premotor cortex, monkeys, 32050
progressive muscle relaxation vs visual imagery training, motor & physiological functioning, 3rd–6th graders with test anxiety, conference presentation, 19878
psychophysical method of constants applied to 2 handed lifting, male 20–30 yr olds, 20886
radio frequency lesions of dorsolateral or ventromedial regions of substantia nigra, rotational behavior & direction of locomotion, male rats, 21695
radiological screening of unstable & symptomatic Atlantoaxial joints, 20–66 yr olds with Down's syndrome, implications for prevention of sports injuries, 19419
rank order binding affinities & potencies of SKF-10047 vs PCP vs PCP analogs, drug discrimination & maze perseveration, male rats, 35854
rapid elbow extension movements, temporal pattern of agonist-antagonist EMG activity, adult males, 4196
rapid vs slow rocking, cardiac & behavioral responses, 1 vs 3 mo olds, 4621
rate of force development, fractionated RT, female adolescents, implications for motor programing, 15113
reach training, dendritic branching of pyramidal cells in layers II & III in motor somatosensory forelimb cortex, rats, 28637
recall of falling & risk factors, ambulatory 60 yr olds & older, 11539
recognition of emotions depicted as photographed tracks vs videotaped movement of points of light in dynamic displays, college students, 377
reexposure to environment previously associated with apomorphine injection, rotational behavior, male rats with unilateral denervation of nigrostriatal pathways, implications for drug addiction, 32099
relationship among yawning & sleeping & stretching, college students, implications for contagious yawning, 693
reliability & validity of psychophysical approach, determination of maximum acceptable workloads for lifting tasks, draymen & warehouse workers & office employees, conference presentation, 10392
reliability & validity of rating scale, assessment of cognitive & behavioral ability in occupational therapy setting, elderly patients, England, 7137
removal of right frontal meningioma, motor & visuospatial neglect, 60 yr old female, case report, 12996
repeated exposure to novel environment allowing seizure habituation, development of ambulation & rearing behaviors, seizure prone gerbils, implications for arousal, 24950
response element similarity & length in 2 choice motor task, response planning & choice, college students, test of hierarchical editor model, 10711
right vs left hand preferences in joy stick manipulation & RT, monkeys & chimpanzees, 21514
role of volition in action & nature of free will & responsibility, implications for philosophy of mind, 38725
rotational behavior induced by apomorphine or amphetamine, rats with unilateral nigrostriatal pathway lesions, 11109
rotational bias following peripheral amphetamine, sensitization to amphetamine & stress responsivity, rats, animal model of psychosis, 28890
RT task, heart rate & systolic BP changes, 19–26 yr old males, test of motor preparation hypotheses, 18198
sc administration of NK-3 tachykinin receptor agonist senketide, yawning & sexual arousal & chewing mouth movements, male rats, 14943
scopolamine, footshock & clonidine induced wall climbing & its ontogenetic decline, infant to adult rats, 11265
scopolamine pretreatment, neurological & behavioral deficits following concussive brain injury, male rats, implications for human head injury, 11118
scopolamine vs benzhexol vs secoverine vs methylscopolamine, pilocarpine vs physostigmine induced purposeless chewing, rats, 18451
scopolamine vs dextroamphetamine vs apomorphine, spontaneous alternation & position bias, mice, 39358
selection & analysis of appropriate dependent error measure & use of trial profiles, short term motor memory research, 21197
selective opioid agonists, behavior depression & hyperactivity & wall climbing & locomotion, neonatal rats, 32215
self efficacy & pain response expectancies, movement limitations & functioning, adults with low back pain, 29899
sensory inattention & directional motor deficits & suppression of inappropriate eye movements to visual stimuli, 63 yr old male with left side visual neglect following right frontal infarct, case report, 9001
sex & hand preference, simultaneous vs consecutive discrimination of lifted weight, left vs right handed college students, 4079
sex & handedness, tongue rolling ability, college students, 25036
sex role & hand preferences, book carrying style, male vs female 17–24 yr olds, 11674
simple lateralized visual warning stimulus, decision & movement time, 20–32 yr old medical students, 35367

simple vs closed RT condition, EMG activity of biceps brachii muscle in elbow flexion & forearm supination, 30–46 yr old males, 28687
single unit activity in fastigial vs interpositive vs dentate nuclei induced by arm reacting movements, macaques, 647
single vs variable vs identical goal movement task, transfer of timing skill, college students, implications for contextual interference hypothesis, 35246
SKF38393 & quinpirole & apomorphine & D1 & D2 receptor activation, stereotyped climbing behavior, mice, 28926
starting position, reproduction of kinesthetic location & distance, college students, Japan, 35250
stereospecific actions of racemic baclofen, sexual behavior & locomotor activity & motor execution, male rats, 32262
stimulus luminance & spatial stimulus response compatibility in blocked trials, P300 latency & manual RT, college students, Japan, 11026
success oriented reading & motor program, self concept, 7–12 yr olds referred for learning disabilities, 27733
suggestion with vs without instruction to resist, motor reactions, high school students, 25463
task short term memory load & stimulus encoding difficulty, EPs & continuous performance, college students with physical anhedonia or perceptual aberrations, 12502
technique for monitoring & analyzing angular displacement of human torso, implications for health care studies & job ergonomics, 41490
technique for recording intracellular electrical activity from spinal motoneurons during treadmill walking, cats, 4101
technology for measuring oral sensation & oral form discrimination, 5–8 yr olds, commentary, 15055
thiamine injection, motor & habituation deficits induced by chronic dietary thiamine deficiency & ip purithiamine, rats, implications for animal models of Wernicke Korsakoff syndrome, 750
thiopental induced anesthesia, fetal movements, pregnant 17–36 yr olds in 1st trimester, 12975
time in test environment & time between amphetamine injections, environment dependent sensitization to amphetamine induced circling, female rats, 32184
time of grasp & contact & adjustment of hand opening to target size during approach, 5–6 vs 9–13 mo olds vs adults, 11447
topography & measurement of & snout contact & progression & turning variables in psychoactive drug induced stereotyped behavior, animals, 11310
TRH derivative YM-14673 vs TRH, reserpine induced behavior & EEG, cats & male mice, 11324
turning away from side of lesion, 39–96 yr old males with frontal or inferior parietal lobe strokes, implications for delayed striatal dopaminergic hyperactivity after anterolateral cortical lesions, 26451
type of motor activity/inhibition & timing of response, movement perception in Rorschach testing, 17–18 yr old males, 18598
typing transcription of prose texts vs random words, interstroke intervals measuring language processing at perceptual vs motor level, professional typists, US vs Netherlands, 7400
ultradian rhythms in mobility, 20–22 yr olds, 25085
utility of advance specification vs programing interactions hypotheses as models of choice RT, commentary reply, 14240
utility of advance specification vs programing interactions hypotheses as models of choice RT, commentary, 14249
validity of one-third power law & conformity to relation between tangential velocity & radius of curvature in movement, 20–40 yr olds, 10716
variations in mental processing tendencies assessed by K-ABC, circle drawing directionality, right vs left handed 5–12.5 yr olds, 1019
ventral tegmental morphine vs d-Pen,d-Pen enkephalin, contraversive circling, male rats, 11248
vestibulospinal reflexes in corrections for head & body instability, implications for occupational therapy, 35654
video demonstration of motion with vs without form, modeling of throwing movement, 18–25 yr olds, 31774
visual & auditory absolute thresholds, motor RT measuring nervous system strength, adults, test of partiality phenomenon hypotheses, 31771
visual stimulation using unpredictable vs predictable object movement, RT for perception vs stimulus adjustment, adults, 10723
visual target movement with different head or size motion, compensation in motion perception, Os, 7351
visual vs vibratory cued wrist flexion vs extension, premovement firing rates for primary somatosensory cortical neurons, male rhesus monkeys, 35624
visuospatial information processing, amplitude transition function in rapid manual & oculomotor movements in double step target tracking, 10694
voluntary movement dysfunction, schizophrenic males vs inpatients in drug abuse & gambling treatment programs, 29479
voluntary thumb movement, long latency auditory EP amplitudes, college students, 668
2 stage cortical ablation, hopping response, rabbits, 25168
24 vs 48 hrs of food deprivation, activity of dopaminergic neurons in prefrontal cortex & amphetamine induced rotational behavior, rats, 11108
3-amino-1,2,4-triazole, ethanol induced open field activity, male rats, 32146
6-OHDA denervation of nigrostriatal pathway, apomorphine induced rotational behavior & striatal dopamine & metabolite concentrations, male rats, 25172
6-OHDA induced unilateral dopamine depletion in striatum & ipsilateral mesolimbic system, amphetamine induced rotation & neurochemical reorganization, male rats, 28718
6-OHDA unilateral lesions of dopamine nigrostriatal neurons, EEDQ inhibition of D1 & D2 dopamine agonist induced rotational behavior, male mice, 18216
8-hydroxy-DPAT, rotational behavior, 6-OHDA lesioned rats, 28856
Motor Skill Learning [See Perceptual Motor Learning]
Motor Skills
abnormal & immature spinal interneuronal circuits, spastic cerebral palsy, implications for segmental response & long term training for motor control, 29964
accuracy & self efficacy & incentive & skill level, performance on visual discrimination task that simulated sport officiating behavior, male baseball umpires & nonumpires, 3494
accuracy of observations of elementary school students' motor skill performance, teachers, 27501
age & hearing loss in decibels & balance proficiency, development of ball catching, male vs female deaf 3–14 yr olds, 12346
alcohol, skilled soccer performance, male college students & staff, 32206
body posture & motor patterns, 4 day old healthy full term neonates, Italy, 32386
central & peripheral processes of motor control & invariant relative timing, commentary reply, 10699
central & peripheral processes of motor control & invariant relative timing, commentary, 10702
closed skill fine vs open skill gross motor activities, heart rate, profoundly retarded multiply handicapped 7–10 yr old males, 26401
competitive vs cooperative vs mastery goals with vs without feedback, basketball shooting & skill performance, male college recreational basketball players, 24480
computer program & IBM XT microcomputer interface, examination of sequential ordering of simple movement patterns, 7289
consciousness & attention & intention & control & automaticity in motor skills, implications for speech, 10713
construction & reliability & validity of Stunt Movement Confidence Inventory, high vs low confidence 9–11 yr olds, 28095

construction & validity & reliability of functional assessment instrument, systematic individualized care planning, 30–96 yr old stroke patients, Sweden, 1 yr study, 38637
disease severity, motor & intellectual impairment & depression, 37–77 yr olds with Parkinson's disease, 12415
EEG during functional bioregulation of motor skills, 5–14 yr olds with motor pathology secondary to infantile cerebral paralysis, USSR, 12775
enhanced instruction with cues & participation & reinforcement & feedback & correctives, motor skill learning, preschool through high school students, Israel, meta analysis, 41255
hand preference & skill & performance on Raven Progressive Matrices & other standardized intelligence measures, male vs female 5.1–11.9 yr olds, England, 39455
knowledge of bandwidth results, learning & performance of rapid elbow flexion movement, college students, 7301
lateral foot preferences & motor skill competence, 4 yr olds, 36039
maladaptive achievement patterns associated with learned helplessness & attributional style, highly vs lesser skilled 11–25 yr old tennis players, 21903
mathematics achievement & static balance & synkinetic finger movements, deaf Arab & Jewish 10 yr olds vs hearing Arab 6 yr olds, Israel, 6780
model using relative hand proficiency, prediction of probability for hand preference, 39129
motor performance, 5–6 yr olds with vs without history of chronic otitis media, implications for occupational therapy, 40524
motor problems, 6 yr olds with very low birth weight, implications for occupational therapy, 37131
motor proficiency & neuropsychological functioning, depressed 12–18 yr olds, 26086
multiple regression analysis, racquetball skills, players, 27997
multivariate approach, prediction of dental motor skill performance, 1st yr dental students, 27476
perception of driving abilities & motor skills & actual driving performance, male 65–95 yr old drivers, 39699
planning of motor skill performance, clumsy 6–9 yr olds, 8040
prismatic visual inversion, drawing & walking & other motor tasks, male college student, 24760
sequential finger tapping, laterality differences in speed & control, right handed adults, conference presentation, 28622
single vs variable vs identical goal movement task, transfer of timing skill, college students, implications for contextual interference hypothesis, 35246
skill level & external frame of reference & degradation of environment, number of balls caught & spatial & temporal errors, college students, 35264
Special Olympics participation, perceived physical competence & social acceptance, mentally retarded 9–13 yr olds, 27688
speed & required accuracy of forearm flexion task, modification in triphasic EMG pattern, 20–38 yr olds, 24720
visual perceptual vs visual motor abilities, 72–81 mo olds, South Africa, conference presentation, 25486
visuomotor behavior, 18–28 yr old table tennis players, France, 38541

Motor Traffic Accidents
alcohol consumption & blood alcohol levels, automotive & bicycle & motorcycle & pedestrian injuries, 16–21 yr old hospital patients, 33385
alcohol related traffic fatalities & per capita consumption of alcohol, 1957–83, Canada, 15942
change in state law on DUI to increase penalties & prohibit plea bargaining & elevate blood alcohol level to presumptive evidence, fatal accident rate, 15362
changes in number & type of alcohol outlets, liver cirrhosis & traffic accident mortality, Australia, 15 yr study, 36893
clinical psychiatric symptoms, industrial or motor vehicle accident victims referred for evaluation by attorneys, 1511
difficulties in identification of PTSD, victims of motor traffic accidents, treatment implications, 33022
drinking & driving behavior & job & leisure satisfaction & conflicting communications, adult males with prior traffic accidents vs no accidents, 19378
driver improvement programs, traffic violations & crashes, drivers, 38327
driving behavior & incidence of accidents, patients with dementia or Alzheimer's disease, legal implications, 26568
economic conditions & alcohol consumption & vehicle miles traveled, rates per population of fatal crashes, 1976–85, US, 40312
fatal crash involvement & risk during night driving, drivers 65 yrs old & older, conference presentation, 38325
flexible hours for sale of alcoholic beverages in hotels, traffic accidents, Australia, 3347
frequency of use of barbiturates & cocaine & PCP & opiates & marihuana & ethanol, fatally injured drivers, 36819
hypnosis during acute phase of posttraumatic adjustment, 27 yr old male who accidently killed pedestrian, 23478
introduction of Sunday alcohol sales, traffic accidents, 3 yr period, Australia, 31335
involvement in fatal & severe traffic crashes, elderly drivers, 22078
license suspension vs personal interview, accidents & convictions for violations, novice drivers, prevention implications, conference presentation, 24282
lifestyle correlates of risky driving & accident involvement, 9th–11th graders, Canada, conference presentation, 25561
low blood alcohol concentration law, drinking & driving behavior & traffic crash involvement, 16–19 yr olds, conference presentation, 36840
mandatory seat belt use, traffic accident fatalities, front seat car occupants, 4897
marihuana, driving & accidents & safety, 8793
motorcycle safety course, violation & accident rate & cost of injury treatment & vehicle damage, motorcyclists, 17330
motorcycle training, accident rate, 16–60 yr old males, 1979–84, 38323
nonconsecutive sleeper berth use & other risk factors, tractor trailer crashes associated with driver fatality & property damage, truck drivers, 17328
personality traits, industrial & traffic accidents, literature review, 20722
positive vs negative brain or blood alcohol concentrations, motor vehicle accident fatalities, alcoholic vs nonalcoholic drivers, 1979–85, 1874
prior friendship vs exposure to catastrophic school bus accident related stressors, stress reactions, 7th graders assessed at 1 wk vs 9 mo following trauma, Israel, disaster intervention implications, 33131
psychiatric disease & treatment, driving behavior & accidents, patients with organic vs functional psychoses vs anxiety vs personality disorders vs substance abuse, Denmark, 11898
psychiatric morbidity, primary school children who survived train-schoolbus crash, Egypt, 32975
role of prescription & over-the-counter & illicit drugs in traffic violations & accidents, proposal for coordinated study & intervention, Australia, 12268
seasonal patterns of completed suicides & deaths related to traffic accidents, France, 9 yr study, 12192
severity of disorder, automobile accident rates, patients with sleep apnea, 37024
similarities & differences in symptoms & treatment experiences, 40 yr old male Vietnam veteran with PTSD vs 40 yr old female with accident induced PTSD, 11925
sleepiness & circadian rhythms, motor vehicle accidents, literature review, 13760
traffic fatalities & alcohol consumption associated with homicide & suicide rates, 26258
vehicles with centrally mounted auxiliary stoplights, rear end accident reduction & repair costs, drivers, New Zealand, 13921

Motor Vehicles [See Also Automobiles]
behavioral techniques, seat belt use & other protective behaviors, motor vehicle passengers, 19913

glare & age related vision differences & sign visibility, ergonomics of motor vehicle headlighting, 10430
motorcycle safety course, violation & accident rate & cost of injury treatment & vehicle damage, motorcyclists, 17330
small vs large urban communities, choice of front or back seat, female vs male solo taxi passengers, Australia, 15555
socioeconomic & attitudinal factors, choice of travel mode, bus vs solo vs carpool auto commuters, 27824
territorial behavior & interpersonal distance strategies, bus passengers, Sweden, 22343
traffic, space appropriation as sense of belonging, females living on quiet vs busy streets, conference presentation, 20915
Motorcycles [See Motor Vehicles]
Mourning [See Grief]
Mouse Killing [See Muricide]
Mouth (Anatomy)
age differences, oral form discrimination, 5–8 yr olds, implications for eating assessment, 15074
amphetamine microinjections into striatum subregions, oral perseverative stereotyped behavior, rats, 14876
articulatory functions & subphonemic patterns of speech production, adult males following partial glossectomy for oral carcinoma, 6235
chewing behavior & oral form discrimination, 5–8 yr olds, 15075
chronic haloperidol vs fluphenzine followed by withdrawal, oral movements, rats, animal model of tardive dyskinesia, 4481
D1 agonist SK&F 38393 vs D2 agonist LY171555 with vs without chronic haloperidol or fluphenazine pretreatment, oral movements, female rats, 18324
inhalation through nose vs mouth, EEG activity, adults, implications for undetected odors, 18115
irregular mouthing & nonnutritive sucking & oral exploration & familiarization, visual preference & recognization of nubby vs plain rubber nipple, 1 & 2 mo olds, 4633
lithium vs sodium chloride, taste reactivity vs measure of formation of conditioned taste aversion, rats, 28437
mouth opening, intercisor bite force discrimination, adults, 3717
oral sensation & drooling, 5–21 yr olds with cerebral palsy, Canada, implications for occupational therapy, 33666
psychiatric symptoms of Behcet's syndrome, 33 yr old female, case report, 12476
technology for measuring oral sensation & oral form discrimination, 5–8 yr olds, commentary, 15055
Movement Disorders [See Also Apraxia, Ataxia, Catalepsy, Cataplexy, Chorea, Dyskinesia, Myasthenia Gravis, Myoclonia, Paralysis, Spasms, Tics, Torticollis, Tremor]
antipsychotic withdrawal vs induced akathisia, adult chronic schizophrenic patients, implications for existence of tardive akathisia, 23375
beta adrenoceptor antagonists, anxiety disorders & schizophrenia & aggressive behavior & akathisia, literature review, 12874
bradykinesia, pinch grip force, untreated 47 & 59 yr olds with Parkinson's disease, 5832
buspirone, akathisia type syndrome, 54 yr old male with anxiety, case report, 16613
development & reliability & validity of scale for rating drug induced akathisia, 32–65 yr old chronic inpatients receiving antipsychotic medication, 38588
dopamine & movement disorders & psychosis, aged patients, 8514
drug therapy & other treatment, male 72 yr old with intractable insomnia & restless leg syndrome & nocturnal myoclonus, Scotland, case report, 40578
DST, schizophrenic 23–64 yr olds with movement disorders with vs without tardive dyskinesia, 26015
familial syndrome of infantile optic atrophy & movement disorder & spastic paraplegia, children & adolescents & adults, 2–19 yr followup, 37002
iminodipropionitrile, movement disorders accompanied by arousal damage & reversal by vitamin E, male rats, animal model of hyperkinetic movement disorders in humans, 32233
interrater reliability of Abnormal Involuntary Movement Scale, adult patients, 8994
involuntary movements associated with mianserin therapy, depressed mentally retarded 30 yr old female, Japan, case report, 26995
lithium induced akathisia, 59 yr old male with manic behavior, case report, 23438
long term neuroleptic treatment, involuntary orofacial movements, mentally handicapped or epileptic 16–90 yr old inpatients, 12932
mental health problems & life satisfaction, 20–52 yr olds with severe mobility impairment, Sweden, 26647
pemoline, development of abnormal involuntary movements, hyperactive 6–12 yr old males, 34096
postnatal sc methylmercury, subsequent motor & posture disorders, 22–24 day old rats, 4445
prevalence of dyskinesia & related movement disorders, developmentally disabled 1–98 yr olds, 22488
propranolol, neuroleptic induced akathisia, schizophrenic 21–57 yr olds, 30459
sleep wake complaints & periodic movements during sleep, adults with insomnia or daytime sleepiness, 30077
specialized course in management of extrapyramidal syndromes, prescription of neuroleptic doses & diagnoses, psychiatric residents, conference presentation, 20354
tardive dystonia alternating with mania, 44 yr old bipolar disordered male, case report, 5259
tetrabenazine, patients with tardive dyskinesia or Huntington's disease or Tourette's syndrome or other movement disorders, 6152
Movement Perception [See Motion Perception]
Movies [See Motion Pictures (Entertainment)]
Mozambique
social continuity of spirit possessions & trances in families & personal & social identity, Malagasy speaking families, Mayotte, 22139
Mueller Lyer Illusion
cerebral hemispheric involvement, Mueller Lyer illusion & finger tapping task performance, male vs female college students, 10705
intershaft wing removal, judgment of Mueller-Lyer illusion line length using comparison vs independent judgment procedure, college students, 38780
introversion vs extraversion & knowledge of results, reduction of Mueller Lyer illusion, 12–15 yr olds, 11505
movement of Mueller Lyer figure in aperture, illusions of time & extent, adults, 14264
Mueller-Lyer illusion standard vs dot form with intermittent light stimulation, illusion strength & lateral inhibition, college students, 7317
use of signal detection theory, quantification of Mueller Lyer illusion, college students, 24756
wings in intershaft space, Mueller Lyer illusion, college students, 28247
Multicultural Education
curricula on human diversity in mainstreamed day care centers, stereotyped attitudes & interaction, 3.9–5.5 yr olds with Down's syndrome or language delays or developmental disabilities, 20647
information regarding deaf as oppressed cultural & linguistic group in multicultural education programs, deaf & hearing students, 24182
model of racial identity consciousness development, White counselor trainees in multicultural learning environment, 20395
model training program in intercultural history & etiquette, business relations with South Korea, American executives, 3392
multicultural education & counseling in public school system, elementary school students from diverse backgrounds, 38076
problems with & suggestions for multicultural education, conference presentation, 3151

transferability of multicultural education from training to practice, teachers in continuing education course, 23943
types of cross cultural experiences, knowledge & understanding of ethnic minority group, graduate students in counseling psychology program, 27438
Multidimensional Scaling
categorization, apparent dimensionality inferred from principal components vs exploratory maximum likelihood vs LISREL factor analysis, 28154
Cognitive Differentiation Analysis, measurement of correspondence of individual or composite vector of descriptor ratings to matrix of pairwise dissimilarity judgments with ordinal sets, 14218
components analysis vs multidimensional scaling of self report items from attitude measures, college students, 24676
function measurement approach to self estimation in multiattribute evaluation, 31696
multidimensional compensatory vs noncompensatory item response theory models, estimation of unidimensional ability, 38686
multidimensional rotation & scaling of configurations to optimal agreement in subspaces of varying dimensionalities, 3671
multidimensional scaling & cluster analysis of restricted vs unrestricted sorting of fragrance categories & ambiguous odors, adults, 38737
multidimensional scaling analysis of simulated air combat maneuvering performance data, expert vs novice Air Force pilots, 24447
multidimensional scaling, evaluation of social cognitive structures & self & spousal change needs, married couples in vs not in counseling, 12737
multidimensional scaling of intensity & affect scales of B. Tursky's pain profile, 17–50 yr olds with vs without headache, 35165
multidimensional scaling of pain perceptions, cancer patients, 36994
multidimensional scaling techniques & relevant applications to organization development research, 10687
multidimensional studies of Munsell color solid perception, 10730
multiple discriminant analysis vs multidimensional scaling, measurement of corporate image, 21156
probabilistic multidimensional analysis of preference ratio judgments, 195
probabilistic multidimensional scaling model & analysis of distance judgments, 38705
program for alternating least squares algorithm with optimal scaling features, epidemiological survey data, 3679
utility of multidimensional scaling, vocational & family & group counseling practice & training, 27395
validity of multidimensional scaling, construction of structured conceptualizations using manual & computer maps, adults, 28163
1 dimensional nonmetric scaling of hierarchical tree structure, 7220
2 parameter probabilistic model extension of conjunctive model, 192
Multidisciplinary Research [See Interdisciplinary Research]
Multidisciplinary Treatment Approach [See Interdisciplinary Treatment Approach]
Multilingualism [See Also Bilingualism]
cerebral dominance in representation of multiple languages, bilingual or multilingual adults, 25081
ingroup social identity & vitality of language, intergroup categorization, Castilian speaking college students who speak Catalan vs Basque vs Galician vs Valencian, Spain, 15477
language recovery with alternating antagonism between languages, trilingual aphasic 49 yr old male, Iran, case report, 26592
removal of cyst in right prerolandic area, selective crossed aphasia & reciprocal language antagonism during recovery, trilingual 25 yr old male, Canada, case report, 27074
Multiple Births [See Also Heterozygotic Twins, Monozygotic Twins, Triplets, Twins]
concordance for schizophrenia & discordance for severity of disorder, monozygotic female quadruplets, implications of followup study, 29600
multifetal death in multiple pregnancy, grief & self esteem & ambivalence, mothers, implications for counseling, 32673
psychosocial support agency & telephone service, coping with stress & family welfare, parents of multiple birth children, 34224
sociobiological factors & continuum of reproductive strategies in dizygotic & monozygotic multiple birthing, humans, 7633
Multiple Choice (Testing Method)
alternatives per choice point & self rating Likert scale stability, 35169
attitudes toward & use of writtem justifications for multiple choice test answers, college students, 20680
completion time & performance on multiple choice vs essay tests, college students, 31260
computerized practice tests with separate vs combined feedback, multiple choice exam performance, psychology college students, conference presentation, 38283
confidence about performance on multiple choice tests of reading comprehension, college students, 13737
correction for guessing instructions & formula vs number right scoring, multiple choice test taking strategies, college students, 10554
distractors, 2nd response conditional probability model of multiple choice test decision making in spatial perception, adults, 17709
format & context of questions on multiple choice vs modified essay question test, test scores, medical students, 30926
inappropriate omissions under conventional formula scoring instructions for multiple choice tests, simulated examinees, 34808
inclusion vs exclusion vs correction for guessing scoring procedures, reliability & validity indices & grade categories for multiple choice test items, graduate students, 10275
methodology for development of multiple choice critical thinking tests, controlling for background beliefs affecting test validity & fairness, 17620
microcomputer based evaluation & redesign of multiple choice test instrument, college students, 13731
models of decision making processes in multiple choice test responding, 10318
multiple choice test items, assessment of memorization & interpretation & problem solving cognitive domains derived by J. J. Guilbert, medical students, Canada, 13701
reward vs penalty directions & anxiety level, guessing behavior on multiple choice tests, 5th graders, 31259
stem orientation & completeness, multiple choice test item difficulty & discrimination in assessment of academic achievement, college students, 31325
utility of Rasch model, equating errors in multiple choice tests, commentary, 34815
Multiple Personality
art therapy, 23 yr old female with multiple personality disorder who was sexually abused as child, case report, 5902
autohypnotic techniques, reintegration & prevention of relapse, female patient with multiple personality disorder, case report, 23471
childhood fantasy proneness, development of multiple personality, commentary, 22587
childhood sexual & physical abuse & suicidal tendencies & number & type of personalities, patients with multiple personality disorder, 40170
clinical history & neurological & EEG & intelligence & psychiatric data, patients with multiple personality disorder, 8574
clinical psychiatric & psychological perspective on multiple personality disorder, 8622
cognitive behavioral approach to hypnosis, female with multiple personality disorder, 23470
definition & phenomenology of splitting vs dissociation in multiple personality disorder, conference presentation, 12012

diagnosis & hypnotic treatment by general practitioner A. Despine, child with multiple personality disorders, 1836, France, 16662
diagnosis & inpatient treatment, patients with multiple personality disorder, 2839
diagnosis of multiple personality disorder, literature review, 26067
differential diagnosis, patients with multiple personality disorders vs complex partial seizures, 22484
dissociative symptoms & epileptic phenomena, 25–40 yr olds with multiple personality disorder or epileptic patients, 40006
etiology & diagnosis & treatment of multiple personality disorder, children, literature review, 19253
etiology & transactional analysis approach, females with multiple personality disorder, 16401
F. S. Perls' theory of personality integration as treatment for dualistic personality, 40645
factors in failure to diagnose multiple personality disorder, malpractice liability, psychiatrists, 20373
forensic hypnosis misuse of suggestive interrogative technique, apparent secondary personality with false confession to shooting children & disallowance in court, adult female charged with crime, 1251
group therapy & occupational therapy interventions, patients with multiple personality disorder, 2890
memory & awareness across personalities, 45 yr old female with multiple personality disorder, case report, 15750
multiple personality as symptom of psychiatric disorder, 31 yr old female with history of polyneurotic disturbance & personality problems, case report, 26068
psychotherapeutic issues based on B. J. Mathis's splitting vs dissociation theory, multiple personality clients, conference presentation, 12674
S. W. Mitchell's fictional description of multiple personality, 1891–1900, 21867
sex differences, patients with multiple personality disorder, 29627
similarities & differences between mediumship & multiple personality disorder in terms of dissociation vs survival intrusion hypotheses, 22515
skepticism about multiple personality disorder & transference effects, psychiatrists & psychologists & therapists, commentary, 10006
skepticism about multiple personality disorder, psychiatrists & psychologists & therapists, commentary, 9928
skepticism about multiple personality disorder, psychiatrists & psychologists & therapists, commentary reply, 9939
skepticism about multiple personality disorder, psychiatrists & psychologists & therapists, 9940
skepticism about multiple personality disorder, psychiatrists & psychologists & therapists, commentary, 9960
somatization disorder or somatic symptoms, patients with multiple personality disorder vs schizophrenia vs panic vs eating disorders, 29469
techniques used in hypnotherapy, 60–72 yr olds with multiple personality disorder, 6216
utility of Schneiderian 1st rank symptoms, differentiation of multiple personality disorder & schizophrenia, commentary, 5175

Multiple Regression

cross validity of Bayes & empirical Bayes shrinkage estimation of regression coefficients, 7252
least squares regression method, assessment of convergent & discriminant validity, 24687
limits of dummy & nonsense coding of categorical variables as predictors in multiple regression, implications for parameter & significance estimates, 180
multiple regression model, estimation of change, 3 wave data for individual, 17673
multivariate multiple regression vs canonical correlation vs redundancy analysis, behavioral analysis, 175
predictive value of "suicidogenous" factors, suicide prediction, suicide patients, 26213
quadratic assignment procedure vs ordinary least squares, hypothesis testing in simple & multiple regression analysis based on dyadic data, 28169

Multiple Sclerosis

ACTH vs prednisone, hypomanic & manic reactions, 20–60 yr old patients with multiple sclerosis, 19989
age & duration & severity of disability, cognitive ability & reasoning & memory, patients with multiple sclerosis, 2017
age, cluster analysis of health & psychosocial functioning, adult male vs female multiple sclerosis outpatients, 12540
anorexia nervosa, 29 yr old female with multiple sclerosis, case report, 30109
anterograde & retrograde amnesia, multiple sclerosis patients, 8991
anxiety & depression & immune function, patients with multiple sclerosis, 9054
assessment & augmentative & alternative communication intervention, 35 yr old male with advanced multiple sclerosis, case report, 41046
atypical depression, patients with Parkinson's disease vs multiple sclerosis, 1529
atypical picture of Korsakoff's psychosis, 50 yr old male with multiple sclerosis, case report, 37023
chronic atypical psychosis without neuropathology, 24 & 42 yr olds with multiple sclerosis, case reports, 5693
clinical course & age of onset & geographical distribution & etiology & immunological responses, patients with schizophrenia vs multiple sclerosis, 15598
cognitive & motor performance & depression, patients with multiple sclerosis, 2055
cognitive loss, 27–49 yr olds with multiple sclerosis, 29937
correlation between schizophrenia & multiple sclerosis rates, Italy, 19030
correlation of magnetic resonance imaging with neuropsychological test performance, 27–61 yr olds with multiple sclerosis, 23033
cortical-subcortical contrasts in dementia, 20–50 yr olds with multiple sclerosis vs patients with Alzheimer's disease, 29933
deletion of items related to multiple sclerosis on MMPI, test scores, multiple sclerosis patients, implications for MMPI interpretation, conference presentation, 24628
diagnostic utility of magnetic resonance imaging vs computer tomography, female 43 yr old with multiple sclerosis presenting as major depression, case report, 19607
family history & HLA-DR antigens, possible genetic link between multiple sclerosis & affective disorders, multiple sclerosis patients with vs without bipolar vs unipolar disorder, 23042
fatigue & depressive symptomatology & daily living activities, patients with multiple sclerosis, 5698
hyperbaric oxygen therapy outcome assessed by subjective measures, 24–60 yr olds with multiple sclerosis, 30603
impaired working memory system, multiple sclerosis patients, conference presentation, 9132
information processing RT, patients with multiple sclerosis, conference presentation, 40484
interhemispheric disconnection, dichotic listening & name & face learning, adults with multiple sclerosis, 22987
intrapersonal & interpersonal pressures, sexual difficulties, adults with multiple sclerosis, 29861
misdiagnosis of psychiatric disorder, multiple sclerosis patients, 19621
neuropsychological assessment, diagnosis of multiple sclerosis, literature review, 40428
neuropsychological screening battery & brain magnetic resonance imaging, patients with chronic progressive multiple sclerosis, 22925
obsessive compulsive symptoms, female 31 yr old with multiple sclerosis, case report, 33527
olfactory function, patients with Parkinson's vs multiple sclerosis vs Alzheimer's disease, 16127
onset of initial multiple sclerosis symptoms & first psychiatric admission, adult multiple sclerosis patients, 16234
personal & institutional adjustment to disability & handicap, 24–67 yr olds with multiple sclerosis, 40491

prevalence of bipolar & other affective disorders, 20–71 yr olds with multiple sclerosis, 26536
problems of sexual dysfunction, adults with multiple sclerosis, 29862
psychological symptoms, cerebral lesions, multiple sclerosis inpatients, 19602
retention of orienting reaction habituation, 16–66 yr olds wth multiple sclerosis, 33631
self esteem, physical restriction & adjustment, patients with multiple sclerosis, 2154
social networks & disability level & life & marital satisfaction, adults with multiple sclerosis & their spouses, 30136
sodium valproate, organic & affective symptoms, 29 & 43 & 50 yr old female patients with multiple sclerosis or systemic lupus erythematosus, case reports, 2488
specificity in diagnosis & treatment of orgasm phase dysfunction, 28–64 yr old males with multiple sclerosis referred for erectile dysfunction, 37144
stressful life events prior to disease onset, patients with early multiple sclerosis, 29953
validity of MMPI, patients with multiple sclerosis, 7150
Wechsler Memory Scale, assessment of memory deficits, patients with multiple sclerosis, 12386
Multiple Therapy [See Cotherapy]
Multiply Handicapped
ability profiles & basic care needs, profoundly mentally retarded & multiply handicapped children & adolescents, Sweden, 12970
attitudes toward integration into regular public school program, parents of severely intellectually or multiply handicapped 5–21 yr olds in special school, 10213
automatic prompting instrument, task related responding in locomotor activities, 10.1–18.8 yr olds with severe mental retardation & sensory handicaps, Netherlands, 33970
behavior modification, self feeding, deaf & blind & multihandicapped 6 & 10 yr old males, 26907
behavioral assessment of reinforcer preferences, development & outcome of treatment for self injurious behavior, severely multiply handicapped & moderately mentally retarded 4 & 8 yr old males, 30395
biobehavioral state measures, education & treatment, 1.8–19 yr old students with severe or profound or multiply handicapping conditions, 20606
classical vs operant conditioning procedure, hearing assessment, 3.8–20.3 yr olds with multiple handicaps & mental retardation, 29451
classroom positive reinforcement programs, aggressive & noncompliant behavior, visually impaired multiply handicapped male 11 & 18 yr old special education students, 6782
classroom social skills training, maintenance & generalization of social skills, blind 9.1–12.5 yr olds with mental retardation &/or other handicaps, 6 mo followup, 27731
closed skill fine vs open skill gross motor activities, heart rate, profoundly retarded multiply handicapped 7–10 yr old males, 26401
computer aided program, performance of unsupervised activities, multihandicapped adolescents, commentary, 6062
computer aided program, performance of unsupervised activities, multihandicapped adolescents, commentary reply, 6089
computer aided program, performance of unsupervised activities, multihandicapped adolescents, educational applications, commentary, 6097
computerized symbol processor system, receptive & expressive language skills, nonspeaking 5–23 yr olds with mental retardation or multiple disabilities, 6786
curricular infusion, integration in regular middle school science & social studies classes, 6–19 yr olds with severe disabilities, 27692
curriculum & habitation, profoundly & multiply handicapped students, commentary, 3268
dance treatment program, mildly mentally retarded female 12 yr old with cerebral palsy & emotional problems, implications for school counseling, 30174
early diagnosis & needs & special problems including poor mother child bonding & overprotection & learning difficulties, deaf & blind children, 36967
graduated guidance & reinforcement procedure, self dressing skills, multihandicapped & moderately to severely mentally retarded 5 & 9 yr old males, 20262
guidelines for emotional assessment, children with multiple disabilities & their parents, 30017
identification & enhancement of nonsymbolic communication, children with severe multiple disabilities, 37841
increasing assistance vs graduated guidance instructional prompt fading procedures, teaching leisure skills, 40–58 yr olds with severe handicaps, 27264
instruction in use of modified battery powered leisure equipment, independent leisure activity, profoundly multiply handicapped 13–42 yr olds, 6493
language intervention in natural environment, students with moderate & severe handicaps, 27674
method of displaying information about disabilities using mental handicap register, mentally handicapped, 22861
methods of assessment & identification & programing, teachers of hearing impaired & learning disabled students, 24143
methods of needs assessment & intervention monitoring, clients with profound retardation & multiple handicaps & their parents & caregivers, 16315
microcomputer aided head movement control device & training program to operate power wheel chair, mentally retarded nonvocal quadraplegic 34 & 36 yr olds, 34374
microswitch training, expression of toy preferences & activities requests, multiply handicapped 13–20 yr old special education students, 20654
Parent & Toddler Training Project early intervention program, blind & multihandicapped infants & toddlers & their families, 6054
parental involvement in regular vs special education, mothers of students in regular education vs those with mild to moderate vs severe to profound disabilities in special education, 31226
passive vs active objectives in individualized education programs, severely or profoundly handicapped 3–20 yr old students with multiple disabilities, 20588
pediatrician's role in gynecologic care, institutionalized disabled adolescent females, 37783
peer & adult social networks & frequency of contact, 3 vs 6 yr olds with Down's syndrome or multiple handicaps or developmental delays, 11884
prompting & social reinforcement & food preference & environment design, 91–96 yr old female patients with multiple medical problems and severe cognitive impairment in nursing homes, 40727
ratings of acceptability & intrusiveness & efficacy of punishment procedures, public school special educators of severely &/or multiply handicapped elementary or secondary school students, 20613
reversal of stimulus color in survival vocabulary, acquisition of vocabulary, 12.2–17.8 yr olds with cerebral palsy or mental retardation or multiple handicaps, 24122
role of psychologist in long term care geriatric rehabilitation milieu, elderly with multiple chronic impairments, 34373
sexual difficulties & literature parallels, multiply handicapped male & severely retarded female adolescents, 26006
spontaneous communication instruction through interrupted behavior chains, severely mentally retarded or autistic or multiply handicapped students, 16492
stressors of repeated hospitalizations, mothers of physically disabled or multiply handicapped children, 37771
tactile prompts, task performance & generalization to novel tasks, deaf & blind & moderately to severely mentally retarded 19 yr old female, 30371
teacher wait time & intertrial interval durations, task performance, multiply handicapped 5–11 yr olds with mild mental retardation, implications for classroom instruction, 30398

transdisciplinary therapy model & visual training, visual function, 19 yr old male with visual defects & cerebral palsy, case report, 2181
tripartite behavior modification, maladaptive stereotypic & disruptive behaviors, multiply handicapped 4 yr olds, 16520
volunteer social support for family & infant stimulation, college student volunteers & parents with severely multiply handicapped infant with genetic defects, 2718
water mist punishment, reduction of head hitting, 10 yr old multiply handicapped visually impaired male, 40719
whole task training & graduated guidance, acquisition & expansion of independent dressing skills, multiply handicapped moderately mentally retarded 4 & 4.9 yr old males, 19918
Multivariate Analysis [See Also Factor Analysis, Multiple Regression]
application of model selection criteria to cluster & factor analysis & other multivariate assessments, 17697
canonical correlation analysis & interpretation using canonical variate weights, identification of relationships between linear composites of variables, 31714
canonical correlation between Verbal & Performance subtests of WAIS-R, adults, 7147
DATASIM software for simulated data in experimental & multivariate & contingency table designs, conference presentation, 35213
dichotomous & continuous variables in robust classification of univariate or multivariate observation, 7201
expansion of J. Cohen's kappa agreement measure, assessment of ordinal & interval data with multiple raters, 17662
facet analysis interpretation of multitrait multirater method of analyzing job performance evaluation data, soldiers, Israel, 34993
factor analysis & canonical correlation of WISC-R & Wide Range Achievement Test & SRA Achievement series, 9–12 yr olds, 7195
formulation of multivariate techniques as eigenvalue problems & sensitivity analysis method, application to conditional ordinal data, 7271
genetic vs environmental transmission of cognitive abilities, adopted vs nonadopted 4 yr olds & their biological & adoptive parents, test of conditional path model of assortative mating, 36079
hypotheses agglutination, deductive testing of logically formulated hypotheses with vs without missing deductive rules using multivariate data, 194
large sample multivariate methods, estimation & comparison of effect sizes, independent samples, 17684
linear multivariate hypothesis, determination of most significant parametric function & linear combinations of dependent variables responsible for hypothesis rejection, 35227
logistic models for analysis of multivariate paired comparison experiments with & without ties, illustration from consumer preference studies, 7208
MANOVA vs multiple ANOVAs, control of Type I error, 21163
multiple group structural modeling with non-normal continuous variables, 31733
multistage discriminant analysis, assessment & separation of effects of group profile elevation & scatter & shape, 17701
multivariate analysis of activity & exploration & emotionality & spatial preference, hooded rats, 14501
multivariate model of absenteeism, Department of Defense civilian employees, 41418
multivariate multiple regression vs canonical correlation vs redundancy analysis, behavioral analysis, 175
nonparametric 2-way ANOVA as extension of Kruskal Wallis 1-way ANOVA, 38698
primacy of multivariate statistical methods & relation between univariate vs multivariate methods, 17668
random utility models expressed in terms of multivariate Weibull distributions, closed form representations of predicted choice probabilities & RTs, 31727
set correlation methods, assessment of 2 way contingency tables, 24674
structural equation models vs MANOVA or MANCOVA in experimental designs, 38689
theoretical development of psychophysiology & multicomponent model for analysis of activation processes, 706
use & interpretation of canonical discriminant function analysis, exploratory dimension reduction & typological hypothesis testing, 21153
2nd order confirmatory factor analysis of multitrait multimethod analyses, 7244
3-dimensional computer generated graphics, multivariate analysis of psychological data, conference presentation, 7277
Munchausen Syndrome [See Factitious Disorders]
Murder [See Homicide]
Muricide
bicuculline vs muscimol injections into septum vs dorsal & median raphe nuclei, muricide, male rats, 11285
chronic imipramine, locomotor activity & predatory behavior toward mice, killer vs nonkiller cats, 4515
dihydroergosine, mouse killing measuring aggressiveness & raphe nuclei & hypothalamus 5-HT & olfactory bulb GABA, male rats, 35849
lesions of cerebellar vermis, ventromedial hypothalamus lesion induced hyperdefensiveness & spontaneous mouse killing & freezing responses, male rats, 812
mouse sedation vs nonsedation, muricide, rats, 31961
muricide & intraspecific aggression & shock induced fighting, hypertensive vs normotensive male Wistar Kyoto rats, 28748
Muscarinic Drugs [See Cholinergic Drugs]
Muscimol [See Gamma Aminobutyric Acid Agonists]
Muscle Contraction Headache
amitriptyline, muscle contraction headache, 41–70 yr olds with Parkinson's disease, 23401
assessment & behavioral & drug treatment, migraine & tension headaches, children & adolescents, 23144
assessment of psychological aspects of personality before & after biofeedback treatment, 15–26 yr old tension headache patients, 12788
contingent relaxation training, chronic tension headaches, 23–52 yr olds, 16473
factor analysis of Pain Behavior Questionnaire & headache activity & psychopathology, patients with chronic migraine vs tension vs combined headaches, replication, 5575
headache symptoms & characteristics, adult muscle contraction &/vs migraine headache patients, 9207
postural variation, EMG & temporal artery vasomotor activity, adult patients with tension &/vs migraine headaches, 16018
prevalence of migraine & muscle tension headache, depressed 19–90 yr olds, 26127
psychological & stress related factors & assessment & treatment of muscle contraction headache, children, literature review, implications for relaxation & biofeedback training, 16142
psychosocial & health behavior, 16–18 yr olds with recurrent tension & migraine headache, 22979
psychotherapy or biofeedback of stress management programs as adjunctive treatments, emotional problems, patients with chronic headaches, 37251
relaxation training, 14–18 yr olds with tension or migraine headache, 19893
Type A behavior pattern, 18–66 yr olds with migraine vs tension headache, 5765
Type A behavior, 20–67 yr olds with chronic migraine vs mixed vs tension headaches, 5670
yoga therapy, symptoms & medicine intake & perceived stress, 16–55 yr olds with migraine & tension headaches, 2201
Muscle Contractions
contraction of muscles with limb flexed, afferent discharge & perception of limb position, cats & adult humans, 7651
EMG assessed facial tension, respiratory resistance, male college students, 18156
muscimol microinjection to substantia nigra pars reticulata, eye movements & neck muscle activity, male rats, 28962

preparatory intervals, EMG RTs of right biceps brachii muscle for elbow flexion & forearm supination, adults, 7295
rapid elbow extension movements, temporal pattern of agonist-antagonist EMG activity, adult males, 4196
sex, automatic analysis of surface EMG during maximal voluntary & evoked muscle contractions, adults, 18084
signalled vs unsignalled tailshock, gastric contractility & lesions, rats, 21678
Muscle Cramps [See Muscular Disorders]
Muscle Relaxation
auditory signal for jaw muscle relaxation, muscle tension response to signal during sleep, college students, 7739
effort & attention during repeated tense-release muscle sequences, EMG & self reported muscle tension, college students, 18160
environmental cue enhancement, adherence to & benefit from relaxation & exercise gymnastics, adult females with acute neck & shoulder pain, 9281
humorous vs nonhumorous cartoons, muscle relaxation training, college students, 6099
imagery with vs without emotional judgment vs deep muscle relaxation as mnemonic techniques, memory, elderly, conference presentation, 40738
positive vs negative relaxation & auditory frontal EMG biofeedback delay, frontal activity & subjective relaxation, college students, 23338
Muscle Relaxation Therapy [See Relaxation Therapy]
Muscle Relaxing Drugs [See Also Diazepam, Mephenesin, Meprobamate, Papaverine, Theophylline]
baclofen &/vs scopolamine, 8 arm radial maze performance, male rats, 18440
baclofen vs oxazepam vs diazepam vs haloperidol treatment, benzodiazepine receptor binding & extinction of conflict behavior, male rats, 4393
baclofen, withdrawal symptoms & mania, 38 yr old male & 70 yr old female with tardive dyskinesia, case report, 20024
methocarbamol vs lorazepam, ratings of drug effect & liking & behavioral & side effects, 18–44 yr old males with history of recreational sedative & hypnotic abuse, 36878
stereospecific actions of racemic baclofen, sexual behavior & locomotor activity & motor execution, male rats, 32262
Muscle Spasms
conversion reaction & writer's cramp, 12 yr old deaf female, case report, 5646
habit reversal training, adults with writer's cramp, 3 mo followup, 12819
REM density & muscle twitches & sawtooth EEG waves, 25–70 yr olds with narcolepsy & cataplexy, 2010
Muscle Tone
frontalis tension level, RT & discrimination task accuracy, 17–41 yr olds, 25109
Kegal exercises & biofeedback, management of urinary incontinence, 60 yr olds & older, 6 mo & 1 yr followup, 37415
violence during sleep resulting from absence of atonia during REM sleep, commentary, 40249
Muscles [See Also Facial Muscles, Masticatory Muscles, Oculomotor Muscles]
articular receptors, proprioception in muscles & joint movement in fingers, monkeys & adult males, 25028
contact placing reaction evoked by tactile stimulation of dorsum of forepaw, activity of biceps brachii & lateral head of triceps brachii, cats, 14713
contraction of muscles with limb flexed, afferent discharge & perception of limb position, cats & adult humans, 7651
excision of bulbospongiosus muscles or midthoracic spinal transection, copulatory behavior & fertility & penile reflexes, male mice, 21689
neurophysiology & muscle weakness, patients with hemiparesis following stroke, implications for occupational therapy, 36975
simple vs closed RT condition, EMG activity of biceps brachii muscle in elbow flexion & forearm supination, 30–46 yr old males, 28687
single vs multiple doses of lithium carbonate, lithium levels in skeletal muscles & brain, healthy 26 & 31 yr old males, 899
warning time & task symmetry in catching falling weights, EMG activity in trunk muscles, 20–32 yr old males, 25051
Muscular Atrophy
memory & IQ, male 12–20 yr olds with progressive Duchenne muscular dystrophy vs spinal muscular atrophy, 26596
motor neuron disease & degeneration of thalamus, 46 yr old right handed female with progressive dementia & amyotrophy, case report, 26473
psychological adjustment & cognitive & neuropsychological impairments, patients with amyotrophic lateral sclerosis, 9152
support group, families of amyotrophic lateral sclerosis patients, implications for treatment, 9392
Muscular Disorders [See Also Cataplexy, Muscle Contraction Headache, Muscular Atrophy, Muscular Dystrophy, Myasthenia Gravis, Myoclonia, Myotonia, Torticollis]
acute dystonia as extrapyramidal side effect, schizophrenic vs manic males under 45 yrs old taking neuroleptics, 16607
daseinsanalytic interpretation of dreams in psychoanalysis, 26 yr old male with compulsive personality & neurotic sexual inhibition & writer's cramps, case report, conference presentation, 12640
E. Fromm's view on neurosis expressed as writer's cramp, 26 yr old male, commentary, conference presentation, 12708
im benztropine, neuroleptic malignant syndrome with delirium & dystonia & autonomic changes, 24 yr old male with paranoid schizophrenia, case report, 23374
interpersonal object relations in psychoanalysis, neurosis expressed as writer's cramp, 26 yr old male, commentary, conference presentation, 12652
neuroleptic drugs with vs without concomitant anticholinergic agents, patients with induced acute dystonia, 2444
performance anxiety & muscle overuse syndrome, instrumental musicians, implications for behavioral medicine, 32932
personality & bioelectric level & platelet MAO activity, 18–58 yr old patients with headache vs insomnia vs dystonia, 22878
quinine administered in tonic water, haloperidol induced muscle stiffness & dystonia, 24 yr old male, case report, 34062
reversible acute dystonia following high dose fluperlapine, schizophrenic 21 yr old male, case report, 12912
selective D-1 dopamine receptor agonist SKF 39393, motor & cognitive processes, 24–77 yr olds with Huntington's disease or Tourette's syndrome or tardive dyskinesia or torsion dystonia, 33477
state dependent tardive dyskinesia & dystonia, 41 yr old female with bipolar disorder, case report, 22676
stress & myofascial pain syndrome, treatment implications, 37026
tetrabenazine, 38 yr old Chinese female with 10 yr history of Pisa syndrome, case report, 34009
tranylcypromine, dystonic reaction, depressed 65 yr old female, case report, 34081
Muscular Dystrophy
age, verbal & performance IQ, male with Duchenne muscular dystrophy, 12375
genetics, downward IQ shift similarity, 7–20 yr old male siblings with Duchenne progressive muscular dystrophy, 26597
memory & IQ, male 12–20 yr olds with progressive Duchenne muscular dystrophy vs spinal muscular atrophy, 26596
recall of serial positions of pictorial stimuli & WISC-R IQ, 6.5–16.1 yr old males with Duchenne muscular dystrophy, 12327
Musculocutaneous Nerve [See Spinal Nerves]
Musculoskeletal Disorders [See Also Arthritis, Bone Disorders, Cataplexy, Joint Disorders, Muscle Contraction Headache, Muscular Atrophy, Muscular Disorders, Muscular Dystrophy, Myasthenia Gravis, Myoclonia, Myotonia, Rheumatoid Arthritis, Torticollis]

development & validation of empirically derived classification system, patients with temporomandibular disorder, 33634
Lieber-De Carli liquid diet model for chronic ethanol consumption, assessment of skeletal myopathy, rats, commentary, 7773
Musculoskeletal System [See Arm (Anatomy), Bones, Elbow (Anatomy), Facial Muscles, Feet (Anatomy), Fingers (Anatomy), Hand (Anatomy), Hips, Jaw, Joints (Anatomy), Leg (Anatomy), Masticatory Muscles, Muscles, Oculomotor Muscles, Shoulder (Anatomy), Spinal Column, Thorax, Thumb, Wrist]
Music [See Also Musical Instruments]
ability to verbalize understanding & affective meaning in music, 4–6 yr vs 18–24 yr olds, 25437
acoustic speech vs music patterns, perception of phonetic coherence, adults, 28271
age & music experience, storage & retrieval of melody, 9–10 yr olds vs college students, 21312
age & music training, figural & metric understanding & rhythm, 7–12 yr olds, 11443
age, intensity preferences in music, active or passive 18–90 yr old music participants, 36091
age, preference for popular music from different developmental stages, 16–86 yr olds, 39637
association of pitch with color, trained 29–45 yr old musicians with absolute pitch, 284
attitudes about careers & music & retirement, 57–90 yr old retired symphony orchestra musicians, 22105
aurally presented violation vs fulfillment of melodic expectancy, melodic perception, college trained musicians, 10770
background music, performance on Numerical Ability & Space Relations & Verbal Reasoning subtests of Differential Aptitude Tests & reading comprehension test, college students, 35318
background music, work related behavior, adults with moderate mental handicaps, 23716
background rock music, academic achievement, college students, 6740
cerebral dominance, matching of melodies to rhythm sequences tapped in right vs left palms, right handed male college students, 11042
cognitive operations in aesthetic appreciation & emotional experience of music, conference presentation, 31829
comparative psychology of pitch relations & music perception, humans vs songbirds, 14500
computer applications for graphical & statistical analysis of variations in music performance, conference presentation, 35261
computer program presenting transcribed music, listening durations to assess preferences, 9–13 yr olds vs college music vs elementary education majors, 947
connectionist framework, music cognition & perceptual facilitation, 3778
constructivist theory of emotion & autonomic arousal & schema & discrepancy evaluation theories, emotional response to music, 35397
content analysis of Hispanic cultural themes in lyrics of popular salsa music, 21865
diagnostic & counseling issues, musically gifted children, implications for educational policy & school counseling, conference presentation, 24162
dichotic listening task with vs without music, selective attention & latency & amplitude of EPs, 20–27 yr old females, 25030
dichotic presentation of melodies varying in tonality & melodiousness paired with noise, laterality in recognition of transposed melody, trained vs untrained adults, 35628
different styles of background music, eye hand coordination problems, college students, 24722
ear of presentation, emotional responses to words vs music during dichotic listening, graduate students, implications for cognitive affective vs independence models, 17916
early research & current trends in study of prenatal & postnatal response to music stimuli, 32440
EEG parameters during music perception, college students, 25069
enhanced higher frequencies, musical preference, elderly, 11561
erotic & violent content of rock videos, attitudes toward violence against females, male college students, 32343
experiences during G. Mahler's Ninth Symphony & comprehension of composer's existential crises, college students, implications for A. S. Schopenhauer's theory of music, 18500
explicit demand characteristics & music mood induction, behavior & self reported mood, college students, 3535
exposure frequency, familiarity & likability of popular music, college students, 952
familiar vs unfamiliar music, listening time & ratings of liking & quality & familiarity, 14–73 yr olds, 14328
formalized performance rule system for judgment of musical quality of computer performances, musically trained listeners, Sweden, 35976
frustration & sedative vs stimulative music, performance & mood, college students, Israel, 28351
functional theory & time dependent context & pitch content of sets & perceptual cues, tonality perception, college music students, 7372
group singing, trust & cooperation, 22–41 yr old males, Israel, 22318
guidelines for composition of music for use in therapy, music therapists, 12573
hardware & software system, direct to disc quantization of musical bandwidth signals for psychomusical research, conference presentation, 7378
hemispheric asymmetry of EPs to tone pips, musically sophisticated vs unsophisticated females, Italy, 615
high vs low intensity exercise accompanied by music vs metronome, mood, female medical students, 14772
historical background & plot & psychoanalytic interpretation of R. Strauss's opera "Electra", implications for therapy, 29009
hypnotizability & exposure to music varying in imaginativeness, degree of description in music & imagery elaboration, college students, 28380
image of males & sex roles in popular music, Brazil, conference presentation, 18499
individual differences & aesthetic attributes in last works, classical composers, 25638
length of series & presentation rate of & temperament system used to tune distractor tones, musical pitch memory, college music students, 7373
mapping of musical thought, sounded performance, pianists, 31746
medical problems & stress performance anxiety & self administered beta adrenergic blocking agents, performance, professional musicians, 26564
melodic &/vs verbal cues & musical ability, reproduction of rhythms, preschoolers, 25462
memory scanning paradigm using digits vs musical notes vs auditory detection task, EPs, 18–45 yr olds, 35630
model of tonal pitch space in music, 7379
monaural music, affective responses, right vs left handed college students, 35317
monoaural presentation of music, learning of tactual maze with ipsilateral vs contralateral hand, male college students, 14462
multiple situation comparison by regression techniques, reanalysis of data on commitment level as predictor of musical participation, 14207
music & imagery, analogued labor pain & physiological reactions, 18–30 yr old nulliparous females, 30585
music & loudness preferences, college students, 31810
music & movement & dance curriculum, physical responses, 46–69 mo olds with Down's syndrome vs mentally handicapped 45–79 mo olds, Hong Kong, 24196
music &/vs paintings, mood changes, college students, 35407
music appreciation, openness to absorbing & self altering experiences, college students, 11844

music as activator of symbolic process & functional similarity to myth, implications for psychology, 25374
music as field of forces installing individuals in continuous present, 25379
music as teaching aid in cross age training in special education setting, disruptive 4th–5th graders with learning &/or behavior disorders & kindergartners low in social & academic skills, 24164
music auditory discrimination tasks, waveform amplitude & latency & shape of P3 EPs, 21–42 yr old trained musicians vs nonmusicians, conference presentation, 32032
music based vs verbal life review, life satisfaction & ego integrity, elderly females, 30365
music distraction, coping with dental treatment, outpatients, conference presentation, 20099
music, intelligence & cognitive development, infants, 29048
music perception as behavioral phenomenon, 10767
music style preference, heterosexual attraction & perception of behavior & personality characteristics, college students, 36455
music therapy & psychology of music, 12553
musical experience & interval size & sensory consonance, adjustment of successive vs simultaneous intervals of complex tones, college students, 271
musical hallucinations & depression & acquired hearing loss, 70 & 65 yr old females, case reports, implications for treatment, 5091
musical hallucinations & hearing problems & treatment, 61–88 yr olds with major depression or schizophrenia or dementia, 29674
musical perception & identity of whole person, implications for music therapy, 37193
musical phrasing, physical movements, preschoolers vs 1st–3rd graders vs preservice teachers, music education implications, 24023
musical preferences assessed by Tellegen Absorption Scale, commentary, 25939
musical selection duration & context, psychophysics of retrospective vs prospective timing judgments, college students, 17815
musical soundtracks, attitudes toward animated geometric figures in animated film, college students, 21242
musical structures & surface harmonies, music perception, college students, 39453
musical task performance with ambiguous stimuli, auditory EPs, adults, 18125
neurophysiology & music cognition & perception, adults with Alzheimer's dementia, conference presentation, 33664
neurophysiology of music cognition, conference presentation, 32033
occurrence of tritone paradox phenomenon, nonmusically trained listeners, 3779
organizational structure & cognition, jazz musician ensemble, 39454
participation in juvenile jazz bands, moral development, young females in working class neighborhood, UK, 25592
perceived vs imagined fast vs slow tempos of familiar songs, college students, 24784
perception of own & peer musical preferences, 15–16 yr olds, Finland, 1081
perception of timbre & rhythm, 18–49 yr old expert musicians vs nonmusicians, 17825
perception of tone hierarchies & mirror forms in 12 tone serial music, experienced listeners, 3782
perceptual motor performance & hearing impairment, orchestral musicians, 9238
performance anxiety & muscle overuse syndrome, instrumental musicians, implications for behavioral medicine, 32932
pitch & temporal intervals of folk music tune fragments, music grouping structure, 17–32 yr old musicians vs nonmusicians, 38811
pitch class of tone pairs in varying spectral envelopes within octaves, perception of tone heights, listeners, implications for principle of equivalence under transposition, 24780
popular song lyrics in illustration of psychological concepts, college students in adolescent psychology course, 13497
preferences in rock music & attitudes toward lyrics that promote murder & suicide & satanism, 12–19 yr olds, 25654
presentation order of scalar & slightly altered nonscalar melodies, asymmetric similarity perception, experienced vs nonexperienced college music students, 7371
psychological research in music & music education, 954
psychophysiology & music cognition & perception, conference presentation, 32083
receptive vs expressive emotional vs linguistic prosody & emotional facial stimuli & musical pitch & tonal memory processing, patients with left vs right hemiparkinsonism, 29869
recognition of emotions in music, 5–6 vs 9–11 yr olds vs adults, 29174
reproduction of temporally varied simple tone sequences, amateur keyboard musicians, 17828
rock music lyrics & videos, lyric comprehension & imagination, 4th–12th graders & college students, 1010
rule based expert system for music perception, conference presentation, 7377
sex & genre, music preference structure, college students, 36462
sex & race & school environment & parental marital status, preferences for music with homicidal or suicidal or satanic lyrics, 9th–12th graders, 39690
sex role stereotypes in rock music videos, appraisal of male female interaction in job interview, college students, 25806
shared information & communication & attention, jazz performance without rehearsal or sheet music, musicians, implications for organizational innovation, 35966
similarity of cues & probes, generation & use of tone vs chord images, college students, 14333
single exposure to product paired with pleasant vs unpleasant music, classical conditioning of product preference, college students, 41544
soundtrack & use of musical tones & synthetic speech in computer interface, blind users, 40391
stress management through imagery, eye problems resulting from stress & asymmetric postures, professional symphony musicians, 23328
temporal variation of rare interval tones, identification of key of tonal music piece, college music majors & graduate music students, 10757
tonic triad vs scale prime followed by single note, RT in perception of note's position in tonal hierarchy, college students, 24785
unattended vocal vs instrumental music vs noise vs speech vs quiet, serial recall of visually presented digits, college students & trained male 25–40 yr olds, 38927
unfamiliar music during concurrent finger tapping, cerebral lateralization, left handed college students, 32037
validity & reliability of Instrument Timbre Preference Test, music college & graduate students & faculty, 21133
varied uncertainty & intensity in artificial vs actual melodies, preferences, college students, test of D. E. Berlyne's theory of aesthetic preference, 39449
words recited vs sung to matched vs inappropriate musical accompaniment, short & long term verbatim recall, 5 vs 7 yr olds, 1 wk followup, 11392

Music Education

arts education, US vs People's Republic of China, 27577
computer & electronic musical instruments in elective classes vs music therapy services, social behavior & skills, behaviorally disordered 12–18 yr old students, 10281
demographic & job related factors, burnout, 22–66 yr old music educators, 3079
importance of developing teaching strategies for creative activity in music classrooms, 6674
instruction using psychomotor activities, music tempo & rhythm & meter learning, field dependent vs independent 4th graders, 3161
movement based instruction, music listening skill achievement, 1st–2nd graders, 24003
music education & therapy, elderly, literature review, 9264

musical phrasing, physical movements, preschoolers vs 1st–3rd graders vs preservice teachers, music education implications, 24023
"preconducting" motor skill training using repetitive movements & motivation & practice & handedness, conducting achievement, male vs female 10–17 yr old music students, 41241
preference for modality, learning of musical rhythm patterns, 3rd graders, 31071
psychological research in music & music education, 954
school musical experiences, pitch discrimination ability, deaf 6–9 vs 11–12 yr olds, 9055
Music Therapy
analysis of articles in "Music Therapy Perspectives" & "Music Therapy" & "The Arts in Psychotherapy", 9309
analytically oriented music therapy, 31 yr old male violist with anxiety neurosis, case report, 12625
attitudes toward music therapy for exceptional students, teachers, 31209
attribution & learned helplessness theories, skill generalization, implications for music therapy, 12588
clinical & other factors of addiction, music therapy in alcohol rehabilitation, alcoholic clients, 9879
computer & electronic musical instruments in elective classes vs music therapy services, social behavior & skills, behaviorally disordered 12–18 yr old students, 10281
contingent music with vs without bell pad, enuresis, severely mentally retarded 21 yr old female, 12577
coordination of movement & art & music therapies assessment method, groups of clients, 9296
cost effectiveness of music therapy program, hearing impaired children, 9262
dream analysis & Guided Imagery & Music & Mandala Card Test, 35 yr old depressed female, case report, 19670
effectiveness of music therapy, elderly nursing home residents, 6424
English handbells, geriatric nursing home residents, 6379
ethics & goals of music therapy, AIDS patients, 9284
group music activities, increased expressive language skills, developmentally delayed & mentally retarded 2–5 yr olds, 12587
group music therapy research project, adult recidivist offenders, 13273
group music therapy technique, severely mentally ill prisoners, 13279
guided imagery & music, females with uterine fibroid tumors, case reports, 2221
guided imagery & music psychotherapy, depression & emotional ability, female brain damaged 41 yr old, case report, 9333
guidelines for composition of music for use in therapy, music therapists, 12573
improvised musical play intervention technique, social play, developmentally delayed & nondelayed 3–5.5 yr olds in mainstreamed settings, 31208
Indian & Indonesian & African ethnic music & multicultural music therapy applications, 9286
individualized music therapy, elderly nursing home residents wih severely impaired cognitive & physical functioning, 6425
instrumental vs movement activities vs music listening, ability to follow directions, trainable mentally retarded 16–40 yr olds, 9302
major models of improvisational music therapy, 12552
model of rhythmic auditory-motor integration, rhythmic intervention techniques in music therapy with gross motor dysfunctions, 12624
music & occupational & recreation therapy, chemical dependency, 37900
music based rehabilitation model, head trauma patients, 13207
music education & therapy, elderly, literature review, 9264
music enhanced exercise programs, geriatric nursing home residents, 6462
music in relaxation & art groups, institutionalized elderly, 6429
music listening, psychological & physiological responses to stress & stress reduction, implications for music therapy, 19685
music therapy & biofeedback, chronic pain patients, 12613
music therapy & holistic & shamanic tradition of healing, 26727
music therapy & performing arts medicine & neuromusicology, conference presentation, 33749
music therapy & psychology of music, 12553
music therapy assessment, literature review, 23119
music therapy assessment, 12 yr old male with oppositional & borderline personality disorder, 9307
music therapy, dying & bereaved clients, 5884
music therapy, elderly hospice patients, 6229
music therapy goals & techniques, female 6.2 & 15.3 yr olds with Rett syndrome, 9266
music therapy goals, alcoholic clients, 9880
music therapy in changing health care settings, 9611
music therapy in mental health, 40 yr old manic depressive female, UK, 12602
music therapy, language development & communication related concerns, hearing impaired children, 30161
music therapy, locus of control, adolescents in rehabilitation program for chemical dependency, 30831
music therapy, performance anxiety & muscle fatigue, 34 yr old female cellist, 12610
music therapy services, behaviorally disturbed or profoundly physically & mentally handicapped clients or young children referred to special services, 12629
music therapy theory & practice themes in "Journal of Music Therapy", 1964–84, 2183
music therapy, verbal & nonverbal communication, withdrawn & depressed Black 91 yr old female, case report, 9297
musical perception & identity of whole person, implications for music therapy, 37193
normative data for Self Monitoring Scale, standardized assessment in music therapy settings, chemically dependent 13–17 yr olds, 10604
phenomenological theory of music therapy based on concepts of Gestalt & transitional objects, 2169
positive peer culture program & role of music therapy, rehabilitation, delinquent youth, 13195
practicum experiences, music therapy students, 9957
professional qualifications & ethics & objectives & data collection, clinical assessment in creative arts therapy, 9253
ranking of satisfaction & curative factors in music vs verbal inpatient group psychotherapy, short term adult inpatients, 20176
shamanism & creative arts therapies, commentary, 26723
shamanism & music & other creative arts therapies, commentary reply, 26728
skills in verbal expression of emotions, music therapy applications, 9248
songwriting as therapeutic approach, chemically dependent patients, 13243
status of music therapy education & training, 34500
therapeutic reminiscence in group & individual settings, geriatric nursing home residents, 6417
traditional vs music & dance based reality orientation therapies, geriatric patients with mild to severe confusion & disorientation & memory loss, 6386
use of superimposed rhythm without melody, decreased rate of speech, 18 yr old female with brain damage & Kluver-Bucy Syndrome, 12560
utility of guided imagery & music psychotherapeutic approach, 9343
verbalization & action & fantasy & content skills, selection of expressive therapy, clients, 9275
Musical Ability
analysis of improvised tone sequences, autistic 8 yr olds & older vs normal 5th graders vs severely mentally retarded adults, 15600
cognitive style & musical training, left vs right ear judgment of number of notes in musical chord, male college vs music students vs professional musicians, England, 39081

creative thinking behavior, music aptitude & achievement, implications for child development, conference presentation, 32364
development of visual spatial ability & musical talent, male vs female adolescents, 3 yr study, 1013
dichotically presented melody, recognition task performance & dominant ear, musician vs nonmusician female college students, Japan, 7383
emotional & physiological concerns including stress & performance anxiety & burnout & coping & personality style, college & graduate music students, 36465
environment &/vs heredity, interest in music profession & performance in or out of school & receiving honors for music, young adult twins, 35564
formalized performance rule system for judgment of musical quality of computer performances, musically trained listeners, Sweden, 35976
general intelligence, musical accuracy test performance, 9–11 yr olds, 25489
genetic factors, music ability, conference presentation, 32899
intelligence & music aptitude, mentally retarded adults vs advantaged vs disadvantaged 1st–3rd graders, 26370
medical model of physical health & music development, conference presentation, 32355
melodic &/vs verbal cues & musical ability, reproduction of rhythms, preschoolers, 25462
movement based instruction, music listening skill achievement, 1st–2nd graders, 24003
musical & spatial & verbal abilities & dichotic & dichaptic performance, right vs left handed 9–14 yr old males vs females, West Germany, 4 yr study, 18571
musical composition computer software, development of musical skills & abilities, children & adults, 25519
musical expertise, use & judgment of mouthpiece force in trumpet performance, trumpet players, 35247
pitch & temporal intervals of folk music tune fragments, music grouping structure, 17–32 yr old musicians vs nonmusicians, 38811
progressive muscle relaxation & cognitive therapy & temperature biofeedback training, musical performance anxiety, college music students, 37447
retention of skill in music theory & piano, 81 yr old female with severe dementia & memory loss & other cognitive disorders, case report, 16023
sensory perceptual & neuropsychological & musical abilities, 17 yr old male with colored hearing synesthesia, 39565
singing ability, right vs left sided brain damaged 47–84 yr olds, 26545
sources of stress & performance anxiety & personality traits, 22–62 yr old popular male professional musicians, Great Britian, 38398
stress sources & coping with stage fright in musical performances, professional orchestra musicians & advanced music students, 35975
tone pitch difference, integrated vs parallel motor organization measured by polyrhythmic finger tapping intervals using both hands, musically trained college students, 28211
Musical Instruments
computer & electronic musical instruments in elective classes vs music therapy services, social behavior & skills, behaviorally disordered 12–18 yr old students, 10281
musical expertise, use & judgment of mouthpiece force in trumpet performance, trumpet players, 35247
retention of skill in music theory & piano, 81 yr old female with severe dementia & memory loss & other cognitive disorders, case report, 16023
stuttering like behavior while playing flute in competitive situation, stuttering adult female, case report, 26426
Muslims [See Islam]
Mutations
dorsal striatum dopamine depletion & striatal dopamine receptor binding & uptake sites, mice with homozygous weaver mutation, 28623
engineering genetic mutations, learning & storage in memory, drosophila, 4060
exploration & habituation, Purkinje cell degeneration mutant mice, 25050
genetic derangement of optic ganglia at disconnected locus, circadian rhythms, Drosophila melanogaster, 35566
genotype of parents &/vs littermates, preferences for odor cues of males without deleterious t mutations, wild female house mice, 35569
learning performance, myelin deficient mutant shiverer vs mld mice, 18219
motor behaviors & morphology of body & brain, mutant shaker short tail mice, 592
spatially oriented behaviors, normal vs cerebellar mutant lurcher mice, 14788
Mutilation (Self) [See Self Mutilation]
Mutism [See Also Elective Mutism]
divergent thinking ability & scholastic achievement, deaf & mute students, India, 19626
medroxyprogesterone acetate, reduction of sexually aggressive behavior, 35 yr old deaf mute aphasic male, 37489
methylphenidate, mutism, male 29 yr old with catatonic schizophrenia, case report, 37500
microcomputer leisure preference assessment, nonspeaking 10–12 yr olds with Down's syndrome or severe mental retardation, 1926
prevalence of nonspeaking, 5–21 yr olds, implications for educational services, 38195
selection of elective vs progressive mutism label & therapeutic goals & parents' expectations, treatment outcomes, 23140
severe multimodal neglect syndrome & mutism & apraxia for right hand, 55 yr old male with right hemisphere stroke, case report, 26444
type of symbols representing objects, transparency, nonspeaking 3.9–20.8 yr olds with autism & mild to severe intellectual handicaps, 32965
Myasthenia Gravis
central cholinergic effects, memory dysfunction, patients with myasthenia gravis, 16248
life events, improved vs unchanged or worsened outcome, 18–38 yr olds with myasthenia gravis, 1 yr study, 37097
prevalence of psychiatric disturbances, 18–84 yr olds with myasthenia gravis, 9134
Myelin Sheath
development of myelination, precocial spiny mice vs altricial rats, 18137
learning performance, myelin deficient mutant shiverer vs mld mice, 18219
trichloroethylene exposure in utero, myelinated fibers in stratum lacunosum moleculare, rat pups, 39325
Myelitis [See Poliomyelitis]
Myers Briggs Type Indicator
field dependence & Myers Briggs Type Indicator personality dimensions, college & graduate students, 29420
Group Embedded Figures Test & Myers-Briggs Type Indicator scores & demographic characteristics, business students, 10143
integration of scores from Myers Briggs Type Indicator with J. Holland's person environment career typology, implications for career guidance, 31548
Intuitive Problem Solving Scale & Psychoepistemological Profile & Myers Briggs Type Indicator scores, correlation with measures of intuition traits & inference, college students, 303
Jung's theory of psychological types & 5 factor model of personality, evaluation & interpretation of Myers Briggs Type Indicator, 19–93 yr olds, 31636
Myers-Briggs Type Indicator, assessment of personality types in terms of job performance & environments, 30–62 yr olds, 20774
Myers Briggs Type Indicator personality traits, foreign language majors vs other college students, 27620
Myers Briggs Type Indicator scores & advising style preferences, college students, 31253
reliability & validity of Myers Briggs Type Indicator in clinical & counseling settings, 24579

routine use of Myers Briggs Type Indicator in counseling vs experimental settings, commentary with reply included, 27163

Myocardial Infarctions

adjustment to stress syndrome triggered by myocardial infarction, Type A cardiac patients under age 60 yrs, conference presentation, 19649
assessment of emotional upset, myocardial infarction patients, conference presentation, 17548
behavioral & personality characteristics, sportsmen with coronary heart disease & myocardial infarction, conference presentation, 2119
bromazepam, anxiety & stress hormone response & clinical course of illness, 36–65 yr olds with acute myocardial infarction, 26996
cardiac rehabilitation, sleep & arousal & relaxation & breathing methods & rest, patients with myocardial infarction, implications for occupational therapy, Great Britain, 30795
causal attribution, conflicts, cancer vs myocardial infarction patients, 19635
cognitive & affective & medical & social factors, short vs long term changes in smoking behavior, myocardial infarction patients, 5 yr study, 29965
coronary prone behavior & hostility & other risk factors, acute myocardial infarction patients, 19653
denial & overcompensation defense mechanisms & alexithymic traits, 29–65 yr olds with 1st myocardial infarction & their partners, 2145
exercise training, smoking cessation after acute myocardial infarction, adult males, 23777
expectations of consequences & knowledge of illness, patients with myocardial infarction, rehabilitation implications, 9077
health cognitions & marital factors & anxiety & depression & social support adaptations, middle aged males with myocardial infarction & their wives, 3 yr study, 16258
initial myocardial infarction or unstable angina, well being & functional status & body confidence & emotional response, adult cardiac patients, 33494
lifestyle & Type A behavior & vital exhaustion vs sleep complaints prior to myocardial infarction, 35–69 yr olds vs other hospitalized patients, 29930
mental stress, induction of silent myocardial ischemia, 39–84 yr old patients with coronary artery disease, 9184
myocardial infarction, drug abusing 17 yr old White male, case report, 40275
neuroticism & extraversion, 41–60 yr olds with acute myocardial infarction, India, 37074
personality style, time to seek medical attention at onset of symptoms & coping style after coronary event, 37–75 yr old 1st myocardial infarction patients, 29990
post myocardial infarction education program, knowledge level, hospitalized coronary heart disease patients & spouses, 9763
preventive health behavior advice given by physician, myocardial infarction patients 40–59 yrs old vs 60 yrs old & older, 2662
PTSD, patients with myocardial infarction, 9117
reliability of semantic differential & role of age & knowledge level, measurement of perception of clinical concepts, male 33–55 vs 56–70 yr olds with myocardial infarction, 24654
salivary cortisol & anxiety & personality traits & adherence to cardiac rehabilitation program, males under 60 yrs old with myocardial infarction, 37845
self evaluated maximal physical ability & global health, patients assessed before vs after myocardial infarction, 9155
sleep complaints, prediction of myocardial infarction, 39–65 yr old males, 4.2 yr followup, 5576
social support, adjustment to coronary heart disease, myocardial infarction patients, 16211
surgery for prolonged circulatory arrest with hypothermia & barbiturate protection, neuropsychological functioning, 66 yr old female, case report, 40853
therapeutic components of Ischemic Heart Disease Life Stress Monitoring Program, mortality rates during 1st yr rehabilitation, patients recovering from myocardial infarction, 2872
transtelephonic EKG risk management monitoring system, quality of life, postmyocardial infarction adult outpatients, 9619
Type A behavior, coping with affectogenic family situations, 25–52 yr old coronary heart disease patients, conference presentation, 5836
Type A behavior pattern, patients with myocardial infarction vs peptic ulcer vs cardiological problems vs circulatory disturbances vs digestive disorders, 9240
Type A vs Type B behavior style & relaxation therapy, psychosocial adjustment, 35–74 yr old males following myocardial infarction, 16505
uncertainty & coping behaviors, emotional distress & recovery, 30–86 yr olds discharged from hospital following myocardial infarction, 5601
verbal denial, medical & social & psychological outcome, myocardial infarction patients, 3–5 yr followup, 12408

Myoclonia

buspirone & chlorimipramine vs desipramine vs maprotiline vs mianserin, myoclonic seizures, rats, 7846
buspirone induced acute myoclonus & dystonias & akathisia, 62 yr old female hospitalized with severe medical problems, case report, 12905
grand mal seizures & myoclonic jerking & ataxia, post mortem 18 yr old mentally retarded female with fragile site on chromosomes 2q13, case report, 22865
LSD & related hallucinogens, myoclonic jumping behavior, male guinea pigs, 35785
symptomatic variability in & myoclonus & EEG abnormalities & fluent aphasia in Creutzfeldt-Jakob disease, 61 yr old right handed male, case report, 26573
symptoms & outcomes of hysterical blepharospasm & myoclonus & parkinsonism, 22 & 57 yr old females & 64 yr old male, case report, 12080
tricyclic antidepressant & lithium treatment, development of myoclonus, 43 yr old female with unipolar psychotic depression & 70 yr old female with bipolar disorder, case reports, 23372

Myopia

behavioral training, visual acuity & refractive error, myopic adults, 16507
fading & feedback &/vs incentives, visual performance & search & facial expression identification, myopic adults, 16515
fading & feedback training, visual acuity, myopic vs emmetropic college students, 16481
training for volitional control of ocular accommodation responses, focus on visual targets moved progressively outward & transfer to binocular vision, myopic 13–25 yr olds, 16512

Myotonia

neuropsychological correlates of intellectual impairment & magnetic resonance imaging, 17–64 yr olds with myotonic dystrophy, 40424
psychiatric evaluations of presence & severity of anxio-depressive symptomatology, myotonic dystrophy patients, Canada, 9021

Mysticism

alprazolam & phenelzine, mystical trance states associated with depression & panic attacks, 26 yr old male, case report, 6194
characteristics of mystical experiences portrayed in W. James's "The Varieties of Religious Experience" & in sermons of Bernard of Clairvaux, 36251
concept of creativity embodied in J. L. Moreno's metapraxie & mystical tradition, psychotherapeutic implications, 3510
factor analysis of R. W. Hood's mysticism scale, college students, Australia, 3561
introversion & neuroticism & psychoticism & lie scores, mystical experience, college students, 1426
methodologies in empirical studies of mystical experiences, literature review, 32614

mystical & diabolical experience & absorption & hypnotizability & psychopathology, 17–66 yr old female college students, Canada, 4814
Myths
anthropological theories of myth & ritual & family therapy application, 30 yr old male who attempted suicide & his family, 33945
approaches based on human sexuality & symbolic & narrative content, analysis of Norse mythology, 35970
belief about human nature, 17–28 yr old students, 1945 vs 1956 vs 1988, England, replication, 39958
belief in Zilbergeld's myths, sexual dysfunction, 22–65 yr old males, 29854
contemporary media ritual of film "The Wizard of Oz", cultural context & therapeutic rationale of narrative, children vs adults, 29013
Eastern vs Western culture, rate of recall of Grimms' vs Japanese fairy tales & comments, 17 yr olds, Japan, 968
ethnographic analysis of ideology & myth, interests of staff in relation to organization, public relations personnel in state bureaucracy, 24374
evolution of feminine character in archetypal & rhetorical forms & changing frontier myth in films "Alien" & "Aliens", 29014
fairy tales about transpersonal mid-life development, 956
family myths & mate selection & premarital behavior, implications for marital & family therapy, 33947
family myths & therapeutic use of metaphor, families in therapy, 33882
family myths, bibliography, 32679
"group dream" expressing group mythology & development & shared feelings & social context, 22–60 yr olds in dream group in research vs school vs church setting, conference presentation, 10869
mediatory myths, mitigation of ideological contradictions & explanation of complex reality in outpatient commitment, community mental health centers, 9718
music as activator of symbolic process & functional similarity to myth, implications for psychology, 25374
mythmaking & family therapy, professional couple with 3 & 6 yr old sons, case report, 33935
mythological birth of hero through brutal childrearing practices & society disasters, 7975
myths & advertising, 10465
myths & rituals of well known unspecific cultural periods that make up universal cultural unconscious, conference presentation, commentary included, 22137
myths of destruction & cultural context & family therapy, 14 yr old male with behavior problems & his parents, case report, 33939
personal & conjugal & family myths, implications for marital & family therapy, 33884
personal & family & cultural myths & therapeutic model, 31 yr old female with symptoms of anxiety, implications for family therapy, 33898
popular mythology vs personal responsibility for lifestyle criminality, criminal justice experts vs college students vs prisoners, 15895
psychoanalytic interpretation, mythical musical contest between Apollo and Marsyas as creative conflict, 4542
psychoanalytic interpretation of myth of Narcissus & human nature & narcissism, 38557
psychoanalytic interpretation of myth of Orpheus, 29012
psychodynamic & developmental functions of fairy tales & use in psychotherapeutic setting, children, 37321
psychohistory of female loyalty & coping behavior, females who were raped or witnessed rape during fall of Berlin during WWII, Germany, conference presentation, 22715
sanctuary of Aesclepius as model for health maintenance, 2615
secondary themes of oedipal legend in historical & contemporary stories, 15004
separation of myth from reality concerning influence of Cartesian mind body dualism in psychosomatic literature, 40369
trickster as mythic figure with polarized traits of eroticism & innovative cultural achievement, 8225
5 stage model of evolution of personal mythology in psychotherapy, attitudinal & behavioral change, middle aged male, 19754
Myxedema [See Hypothyroidism]
Nabilone [See Cannabinoids]
NAch [See Achievement Motivation]
Nail Biting
age & sex & race & birth order, nail biting, 6–11 yr olds, 36120
explanation & hypnotic treatment of nail biting, 58 yr old female, case report, 12936
frequency & intensity of nail biting & oral aggression & trait anxiety & intro- vs extrapunitive hostility, college students, Turkey, implications for oral personality, 11810
Naloxone
addition of naloxone to pentazocine, continued iv abuse of pentazocine combined with tripelennamine, 28–38 yr old males, case reports, 1882
amino acids vs beta casomorphins vs naloxone vs morphine, ultrasound vocalization, rat pups, conference presentation, 21729
amphetamine & morphine & naloxone, visual discrimination, rats, 28795
buprenorphine vs methadone vs naloxone, acquisition & rate of keypecking, pigeons, 21725
buprenorphine with vs without naloxone, subjective & physiological & behavioral & withdrawal effects, 27–43 yr old opioid dependent males, 5513
captopril vs enalapril vs naloxone, food & water intake following food vs water deprivation vs 2-deoxyglucose, male rats, 4343
chronic pain, caudally directed biting & scratching induced by intrathecal substance P with vs without naloxone vs fluoxetine vs phentolamine, mice, 4403
chronic saccharin consumption, increase in potency & aversive property of naloxone, rats, 21826
clonidine infusion into locus ceruleus, behavioral & neurochemical changes induced by naloxone precipitated morphine withdrawal & hippocampal MHPG levels, male rats, 18455
concurrent intra-amygdala injection of propranol, blocking of memory enhancement by intra-amygdala naloxone after avoidance & discrimination training, male rats, 25243
development & validity & reliability of naloxone rating scale, assessment of opioid dependence, opiate abusing patients, 127
dopamine uptake blockage with naloxone vs GBR-13069, contraversive circling induced by morphine into ventral tegmental area, male rats, 18339
dynorphin A (1–13) dosage to preoptic area with vs without naloxone, water & food intake, male rats, 39393
GABAergic mechanisms, effects of naloxone & naltrexone on memory consolidation, mice, 39260
gamma-butyrolactone with vs without dextroamphetamine or naloxone, low rates of leverpressing & drug discrimination & discriminative properties, rats, 7891
glucose induced hypoglycemia, naloxone induced morphine withdrawal, morphine dependent rats, 18280
icv enkephalins & naloxone, learning & memory, chicks, 28950
icv vs sc administration of naloxone, abstinence syndrome & withdrawal signs, morphine dependent rats, 18289
ketamine or naloxone or physostigmine, superior colliculus flash EPs & body temperature, rats, 39319
ketamine vs morphine, analgesia & catalepsy & antagonism by naloxone & tolerance, female rats, 4511
large dosages of naloxone, plasma prolactin & psychopharmacology, 21–35 yr old male opiate & hallucinogenic drug abusers, 19367
levallorphan vs dynorphin vs naloxone, neurological impairment & motor function tested by inclined plane method, gerbils with unilateral carotid occlusion, 7857
morphine &/vs naloxone, target location in visual search, pigeons, 28808

morphine &/vs naloxone, vocalizations & other distress behavior following separation from mother & blood ACTH & prolactin & cortisol levels, infant rhesus monkeys, 865
morphine, naloxone induced opioid withdrawal symptoms & antagonism of respiratory depression & miosis, 28–41 yr old nonaddicted drug users, 4321
morphine vs naloxone vs opioid agonist U50,488, conditional discriminations, pigeons, 4458
morphine with vs without naloxone, discrimination between blank field & sinewave gratings of varying contrast, pigeons, 28809
nalorphin & naloxone, aversive & appetitive learning & memory, rats, conference presentation, 892
naloxone & noise burst, startle & hot plate induced paw lick latency measuring analgesia, male rats, 4339
naloxone & sucrose concentration, sucrose sham feeding, gastric fistulated rats, implications for role of oropharyngeal stimulation, conference presentation, 25129
naloxone &/or adrenaline, retention & memory, rats, 28839
naloxone, affective defense & quiet biting attack behavior induced by electrical midbrain periaqueductal gray stimulation, cats, 32115
naloxone, autoshaped learning & performance, male vs female rats, 25270
naloxone, BP responses to arithmetic vs orthostatic stress, male college students with high vs low casual BP, 884
naloxone, chlordiazepoxide induced locomotor activity, male mice, implications for opioid mechanisms, 28966
naloxone, cognitive ability & involuntary movements, 23–57 yr old tardive dyskinesia patients, 23423
naloxone, detection & pain thresholds & tolerance for electrical vs thermal stimulation, healthy 19–33 yr olds, 18449
naloxone dosage & timing, affective defense behavior & biting latency & thresholds elicited by hypothalamus electrical stimulation, cats, 39254
naloxone dosage, behavior & cognitive processes, normal 44–74 yr olds, implications for Alzheimer's disease, 919
naloxone, effects of systematic densensitization, phobic patients, implications for role of endorphins in fear responses, 6084
naloxone, food deprivation induced hyperphagia, broiler chicks, 11295
naloxone, nociception, mice with streptozotocin induced hyperglycemia, 32273
naloxone, offensive or defensive aggression against male vs female conspecific intruders, primaparous lactating female mice, 11282
naloxone, prolactin stimulation induced by buprenorphine, 18–39 yr old males, implications for reduction of abuse potential by buprenorphine, 32250
naloxone sensitivity, sensitivity to diprenorphine & rates of responding, squirrel monkeys, 14916
naloxone, time course of suppression of sham feeding, gastric fistulated male rats, 18360
naloxone, visual recognition in matching to sample task, monkeys, 28792
naloxone vs benzodiazepine antagonist Ro 15-1788 vs diazepam, male scent induced analgesia, male deer mice, 867
naloxone vs beta endorphin in central amygdala, cold restraint induced gastric pathology, male rats, 4259
naloxone vs beta endorphin vs morphine with repeated amphetamine, stereotyped behavior, male rats, 18297
naloxone vs morphine vs enkephalin, sexual behavior, testosterone treated castrated male rats, 18277
naloxone vs naloxonazine, antagonism of morphine vs ethylketocyclazocine vs dynorphin vs enkephalin induced hyperphagia, rats, 4419
naloxone vs naloxonazine, food intake & body weight, rats, 7884
naloxone vs naltrexone, paradoxical analgesia, rats, 18340
naloxone vs naltrexone, self injurious behavior, male severely mentally retarded 18 yr old, 2447
naloxone vs naltrexone, self injury, autistic & mentally retarded 12 yr old female, 22 mo followup, 33993
naloxone vs picrotoxin, hyperphagia induced by diazepam or pentobarbital, male rats, 32257
naloxone vs Tyr-MIF-1, ethanol intake, high vs low ethanol preferring rats, 25289
naloxone, water intake, water deprived male rats, 4219
naloxone with vs without melatonin, tardive dyskinesia, pinealectomized male rats injected with haloperidol, 32278
naloxone, withdrawal symptoms, heroin addicted inpatients, 9898
opioid agonists or naloxone & 5-HTP, feeding behavior, food deprived male rats, 4353
peripheral vs central opiate receptor blockade using methylnaloxone dose, motivation measured by place conditioning & aversion, morphine dependent rats, 21748
posttraining microinjection of naloxone vs beta endorphines into medial septal area, acquisition of radial maze task in new spatial environments, rats, 7828
posttraining naloxone in amygdaloid complex with vs without beta noradrenergic antagonist propranolol, retention of inhibitory avoidance & discrimination response, male rats, 7889
psychodiagnostic profiles & drug & personal histories & social support & use of pentazocine-naloxone compound, adult Black male abusers of pentazocine with tripelennamine, 5525
repeated naloxone, symptoms, schizophrenic patients, 30495
restraint, morphine analgesia & naloxone induced jumping, male mice, 18214
sc betaendorphin &/vs naloxone, ethanol preference, male rats, 32277
sc naloxone, fluid intake & consumption of & preference for ethanol, male rats, 4473
single dose naloxone, food intake & subjective hunger & food related thoughts, obese 27–43 yr olds, 16655
time of day & training test interval, effect of pretest ip ACTH with vs without naloxone on retention of inhibitory avoidance learning, female rats, 7841
time of testing & level of stress & training, naloxone sensitivity of opioid conditioned stress induced analgesia, rats, 28708
yohimbine & naloxone, vocal behavior, squirrel monkeys, 25234
3-isobutyl-1-methylxanthine dosage with naloxone vs morphine, FR operant responding & colonic temperature, male rats, 28882

Naltrexone

apomorphine dosage, potentiation of naltrexone induced hypodipsia & locomotor activity mediated by presynaptic dopamine autoreceptors, male rats, 11313
chronic naltrexone, nigrostriatal & mesolimbic dopamine synthesis & morphine induced dopamine stimulation & locomotor activity, male rats, 28799
chronic standard vs high dose naltrexone, bulimic adults, 12870
clonidine & naltrexone & diazepam, withdrawal time & dropout, patients addicted to heroin or other opiates, 20277
clonidine doses & immobilization stress, hypoactivity, male rats pretreated with naltrexone, implications for alpha 2 adrenoceptor reactivity, 25196
GABAergic mechanisms, effects of naloxone & naltrexone on memory consolidation, mice, 39260
intraoral milk with vs without naltrexone pretreatment, opioid mediated ultrasonic vocalizations & latency for paw removal from hot plate, rat pups, 4221
low dose naltrexone & intragastric glucose load, allesthesia & sucrose solution preference & ingestion & hunger, 20–25 yr olds, 35858
methadone vs naltrexone vs buprenorphine maintenance, concurrent iv cocaine abuse, opioid dependent patients after 1–6 mo in treatment programs, 34394
microinjection of methyl naltrexone into nucleus accumbens or periaqueductal gray, heroin self administration, male rats, 18311
morphine, delayed suppression of feeding & anorexic effect & reversal by naloxone, rats, implications for anorexia nervosa, 28894

morphine, naltrexone induced supersensitivity to discriminate stimulus effects, pigeons, implications for non-opioid antagonistic action, 4359
morphine vs cyclazocine vs pentazocine vs PCP vs other opioids & antagonism by naltrexone, FR discrimination task performance, male rats, 4432
morphine with vs without methylnaltrexone, conditioned taste aversion to morphine & positive reinforcement effects, rats, 14893
naloxone vs naltrexone, paradoxical analgesia, rats, 18340
naloxone vs naltrexone, self injurious behavior, male severely mentally retarded 18 yr old, 2447
naloxone vs naltrexone, self injury, autistic & mentally retarded 12 yr old female, 22 mo followup, 33993
naltrexone &/vs dextroamphetamine, accuracy & choice latency & food directed behavior, male rats, 18341
naltrexone, binging & purging, 19–29 yr old bulimic patients who were unresponsive to antidepressant treatment, 2487
naltrexone, discrimination of alpha- vs beta-cyclazocine stereoisomers vs PCP, male rats, 4485
naltrexone dosage, electrical self stimulation of nucleus accumbens vs lateral hypothalamus vs ventral tegmental area, male rats, 18470
naltrexone dosages, hospitalized autistic 3.4–6.5 yr olds, 34004
naltrexone, enhancement of recall of well known facts & events vs recognition of famous faces following novel experiences, 18–50 yr olds, 4333
naltrexone, food choice & bingeing, females with bulimia nervosa, 34107
naltrexone, morning & spontaneous erection & coitus, male 25–50 yr olds with nonorganic idiopathic impotence, implications for endorphin stimulation, 40759
naltrexone, narcotic addicted patients, 34385
naltrexone, normal weight bulimic females, 34073
naltrexone, opiate dependent & abusing clients, Spain, 37502
naltrexone, plasma cortisol, Alzheimer's disease patients, 6182
naltrexone, preference for water vs saccharin solution, opioid receptor deficient CXBK vs C57BL/6BY-C57 female mice, 933
naltrexone, responding under shock postponement vs FI shock vs FR food vs FR stimulus-shock termination measuring environmental influenced drug sensitivity, male monkeys, 28986
naltrexone, reversible pain suppression & attack behavior, fighting pairs of isolated mice, 21814
naltrexone, self injurious behavior, profoundly retarded institutionalized 21 yr old female & 29 yr old male, case reports, 27015
naltrexone with vs without amphetamine, locomotor activity & aggressive & social & agonistic behavior, squirrel monkeys & mice, 25327
neonatal naltrexone, copulatory & exploratory behavior, rats, 25271
nicotine & heroin vs mecamylamine vs naltrexone, food reinforced FI response, male rats, 18310
peripheral vs icv quaternary naltrexone, classically conditioned freezing & response to shock, female rats, 4351
prenatal stress with vs without naltrexone, emotional behavior during infancy & adulthood, mice, 4229
rapid clonidine-naltrexone detoxification, opioid abusers, 13266
sc ACTH 4-10 with vs without naltrexone pretreatment, stress induced hypokinesia, male rats, 4513
SCH 23390 vs sulpiride with vs without apomorphine, naltrexone induced hypodipsia, water deprived male rats, 39410
shock duration & number with vs without pentobarbital anesthesia, naltrexone sensitivity of hypoalgesia in shock chamber vs novel environment, male rats, 21651
Names [See Also Brand Names]
access to occupations & names of familiar people, college staff & students, 17915
Cyrillic vs Roman letters in name letter preference, 19–31 yr old students who learned Cyrillic alphabet 1st, Bulgaria, implications for attachment to self, 21850
divided attention, familiarity with vs conscious recollection of names, college students, 31906
first name, perceived physical attractiveness & personality attributes of female targets, adults, 1395
first vs last name use in psychiatric ward & milieu characteristics & relation to therapeutic community model, hospitalized psychiatric patients & staff members, 6383
focus on inconsistent name vs other aspect of sentence, illusion in verification of sentence accuracy, college students, 14971
inability to name child, depressed 31 yr old female, case report, 36697
item quantity & frequency in male vs female name classification task, saccade related EPs, adults, 32039
knowledge & attractiveness of political candidates' names &/vs platforms, voter preferences, college students, 15352
male vs female proper name &/vs appearance change, constancy in perceived gender of pictured child, preschoolers vs 2nd graders, 36014
memory for nouns in sentences with self vs other generated names, college students, 31842
name desirability, influence of attractiveness on social judgment, college students, 29367
new noun for objects with familiar names, incorporation of word meaning & semantic relations & formation of language hierarchies, 1.6–2.7 yr olds, 32453
nonsense pictures with names emphasizing semantic aspects, storage vs retrieval problems & memory trace structure in recall task, school age learning disabled vs skilled readers, 19463
proper names for vs descriptions of character, control of textual discourse focus, college students, 18495
recallable unique famous individuals' and geographic names & study context, recognition & recall, college students, 7470
retrieval cues, recall of names of famous faces, college students, England, 17890
retrieval strategies & effort, recall of name in tip of tongue states, 59–81 yr olds, 39705
selective inability to generate proper names, brain injured 62 yr old male, 26634
spatial location, association of face & name, teachers & college students, 365
Naming
age of word acquisition & number of name alternatives, picture naming latencies for category vs single instance pictures, college students, 18580
amnestic color blindness as sensory aphasia for color names, 50 yr old male with possible left occipital lobe damage, 40385
artwork titling, meaning for viewers & artists, contemporary artists, 14994
associative & grammatical priming, lexical decision & naming tasks with words & pseudowords in Serbo Croatian, high school seniors & college students, Yugoslavia, 7390
color naming of violence related words using special version of Stroop Color Word Test, Irish vs English college students, England vs Northern Ireland, implications for coping with political violence, 29189
confrontation object naming & rate of "automatic speech", verbal fluency, adults with Parkinson's disease, 37039
convergent & divergent validity of Wechsler Memory Scale vs Information subtest of WAIS-R vs Boston Naming Test, college students, clinical applications, 3629
cross domain semantic priming, name & face recognition, normal adults & brain injured male adult, 16266
cultural factors, primary vs derived color terms & naming, Japanese 12–15 yr olds, Japan vs West Germany, implications for neurobiological basis of color vision, 29101
dementia severity & auditory comprehension & speech fluency, semantic vs phonemic cues in naming of object drawings, probable Alzheimer's disease patients, 5743

descriptional knowledge & expression denoting individual objects, 32313
digit naming speed, reading of irregularly spelled words & pronounceable nonsense words & comprehension, 1st–10th graders, 18620
emergence of social vs cognitive relational words vs names, 12–24 mo olds, 1 yr study, 18568
factor analysis of spontaneous speech measures & naming test performance, adults with aphasia, 30119
famous face photographs vs caricatures presented to left vs right visual field, RT & errors in name-face verification task measuring cerebral laterality, adults, 28624
grammatical class & contextual factors, naming task performance, 69 yr old male with pure anomia, case report, 16270
identification of position cued critical letter in words vs nonwords, intrusion & location errors, college students, 17866
intelligence & creative thinking ability & computer assisted training, response latency & error rates in color naming, college students, South Africa, 35334
interference in searching naming tasks in different languages, Hungarian Slovak bilingual 15–16 yr olds, Czechoslovakia & Hungary, 21920
interhemispheric disconnection, dichotic listening & name & face learning, adults with multiple sclerosis, 22987
IQ & verbal short term memory & naming speed for digits & colors, reading performance, 8–11 yr old poor readers with vs without severe reading disability, 12276
knowledge of E's interest in handedness & familial sinistrality, dichotic syllable perception & bilateral object naming task performance, college students, implications for experimental design, 11055
lateral tachistoscopic word-picture vs nonverbal shape matching performance, 50–74 yr olds with left vs right hemisphere stroke, 12481
letter naming speed, reading achievement, kindergartners vs 2nd graders, 13556
logographic vs phonetic symbols, Stroop effect in word comprehension & naming in Japanese vs English, 20–35 yr old native Japanese readers vs American college students, 14990
meaningful vs neutral sentence context, naming of abstract vs concrete words & their use as meaningful sentence completions, college students, 21277
mixed letter case & stimulus degradation, word naming, college students, 24819
name agreement & familiarity & visual complexity ratings of line drawings from PPVT & J. Snodgrass & M. Vanderwart's picture set, 2nd–4th graders vs college students, implications for research, 39489
neurodevelopmental differences, performance on Boston Naming Test, normal vs brain damaged vs developmentally dyslexic 6–12 yr olds, 15982
neuropsychological impairment in naming & semantic memory & neuroanatomical changes, 23 & 47 yr olds with herpes simplex encephalitis, 23024
nonnative language proficiency & age, oral reading & picture naming & word translation, proficient vs beginning adults vs beginning 2nd & 4th graders, implications for lexical access, 25432
object naming abilities, dyslexic 7.8–11.9 yr olds, 19460
object operativity, picture naming, French speaking aphasic 25–74 yr olds, 5636
odor naming with label training vs assignment of adjective attributes or odor familiarity, odor learning & discrimination, college students & 20–30 yr olds, 21198
orientation of familiar vs unfamiliar common object pictures, mental rotation & naming & identification of top, college students, 3816
paraphasic naming errors during spontaneous speech, aphasic children, 9225
phonemic cues, retrieval of picture name vs 1st letter of name, aphasic adults, 5593
phonologically ambiguous vs nonambiguous Serbo Croatian alphabet letter strings, lexical decisions & rapid naming, high school vs college students, Yugoslavia, 39546
physical vs nominal matching task RTs, learning disabled elementary school students vs normally achieving 2nd–7th graders & college students, 26380
pictoral &/vs verbal presentation of compound word parts to left &/vs right visual field, interhemispheric integration in word naming, adults, Switzerland, 24731
pictures of objects from same semantic category, errors in auditory comprehension & naming & semantic paraphasias, aphasic 36–72 yr olds, 23027
productive naming & verbal recall, elderly with Alzheimer's type dementia vs major depression, implications for differential diagnosis, 22457
progressive defect of naming & auditory verbal comprehension without dementia, 73 yr old male, case report, 22886
progressive time delay between task request & extrastimulus prompt, verbal picture naming, autistic 7–9 yr olds, 19917
progressive time delay vs system of least prompts reinforcers, effectiveness & efficiency in learning to identify functional objects, 8.3–16 yr old trainable mentally retarded students, 27689
reciprocity & other correlates, naming & imagery RT, college students, 31861
semantically related primes & target word definitions, word naming RT measuring semantic inhibition, young adults vs elderly, implications for decision making, 38871
sentence context, target word naming time, college students, 38881
severity of dementia & verbal fluency & semantic memory & naming, aged patients with multi-infarct dementia vs Alzheimer's disease, 22920
single word semantically associated primes, word naming & lexical decision, elderly with Alzheimer's disease, 30039
stimulus orientation, object naming vs left right decision performance, college students, 21225
strategy use & memory performance, learning disabled 7.5–8.5 yr olds with good vs poor naming abilities, conference presentation, 33402
strength of prime word & target picture, picture naming task performance, college students, 14394
Stroop priming task presentation duration above vs below conscious threshold, naming of subsequently presented color patches, college students & 19–29 yr olds, 3722
study processing, free recall of picture names & generalization in picture identification, college students, implications for concept formation & memory systems theories, 24878
syntactic & conceptual constraints, learning meaning of words that name solid materials, 3 vs 4 vs 5 yr olds, 8009
task relevance & perceptual similarity & context, interference in picture word version of Stroop task, adults, 14384
therapy in Catalan, differential language recovery in naming & pointing & translation tasks, bilingual Catalan & Spanish speaking 33–79 yr olds with aphasia, 27036
traditional stimulation therapy vs Promoting Aphasics Communicative Effectiveness, naming, female 66 yr old with conduction aphasia, 16686
training in face perception & discrimination & naming, 11.6 yr old female with acquired prosopagnosia, 3 yr study, 23712
validation & standardization of Boston Naming Test, assessment of word finding skills, K–6th graders, 38268
visual vs tactile object naming & error types measuring lexical semantic ability, hospitalized 67–91 yr olds with Alzheimer's disease, 30091
word finding difficulty in confrontation naming functionally located after semantic processing & before phonological processing, male 25 yr old with left temporal lobe hemorrhage, 37051
word frequency & neighborhood size, lexical decision & word naming & delayed naming tasks, college students, 38864
word naming task & reading ability, lateral temporal vs parietal EPs, 5.1–6.2 yr olds, Netherlands, 4 yr study, 4120

word naming time & memory span & story recall, 5th grade good vs poor readers, 29053
Narcissism
affluent lifestyle, narcissism & multigenerational family disorder & individual vs family therapy, adolescents, 6028
birth order & sex, narcissism, adults, 39966
causal modeling, empirical validation of H. Kohut's vs O. Kernberg's models of narcissism, 8603
construct validity of Narcissistic Personality Inventory & narcissism scales, adult employees, 10623
creativity & art in psychotherapy, neurotic patients with narcissistic disturbances from early deprivation of maternal care, implications for projective identification, 33775
cultural factors, development of cults of young male body & homosexual love, ancient Greece, 32735
definition of self centeredness & psychoanalytic perspective of narcissism, adult male perpetrators of child sexual abuse, implications for treatment & prevention, 29708
etiology & narcissistic investment in pathological traits, psychoanalytic treatment process, depressed female & male analysands, 33813
factorial validity of O'Brien Multiphasic Narcissism Inventory, outpatients with narcissistic personality disorder, 10627
feminist critiques of narcissistic personality of post industrial Western culture & psychoanalysis, commentary, 25679
Freud's concept of narcissism of minor differences in psychoanalytic organizations & treatment, 14051
group dependence as narcissistic reinforcement in long term group crisis management, alcoholic & drug dependent patients, 27303
intercorrelations between Narcissism-Projective vs Narcissistic Personality Measures, college students, 14174
mother complex & narcissistic patterns of psychological development of H. Hesse, 4550
narcissism & preoedipal development vs Oedipus conflict as basis of original sin, commentary reply, 36233
narcissism & sex role orientation, female vs male body builders vs athletes vs psychology students, 41569
narcissism, members of Mensa society, 8411
narcissism, signature embellishments, male vs female college students, 5030
Narcissistic Personality Inventory & MMPI subscale intercorrelations & profiles, college students, 21046
narcissistic rage & individual dynamics & group process, leaders, 15431
narcissistic vulnerability of public mental hospital, 37787
original sin as manifestation of preoedipal drive toward omnipotence arising from primary narcissism vs Jesus as anti-Oedipus, commentary, 36234
personal pronoun usage in 5 min monolog, assessment of narcissism, college students, 15542
power & narcissism & control, spouse abuse, 33316
primary narcissism vs developmental stages & oedipal motivation as basis of original sin, commentary reply, 36257
psychoanalytic interpretation of myth of Narcissus & human nature & narcissism, 38557
psychoanalytic interpretation of narcissistic elements in Augustine's "Confessions", 7970
psychoanalytic theory of narcissism & oedipal structure & sexual desire, 14021
psychoanalytic transference & countertransference issues, clients with narcissistic resistances, 37282
psychodynamic & cognitive & family systems perspectives of narcissistic vulnerability, adolescents, conference presentation, 15148
psychostatic framework of mental states relating to nature of narcissism & trauma & repression, implications for psychoanalysis, 23198
role of father/husband figure & mothering/parenting experience, development of narcissism, 29154
role of narcissism in healthy vs pathological love relationships, female analysands, 19829
scores on Famous Sayings Test & Social Interest scale & Narcissism Personality Inventory, male vs female college students, 39967
self psychology perspective of narcissistic vulnerabilities & injuries, couples with marital difficulties, implications for therapy, 26873
shame & guilt & narcissism & depression, male vs female college students, 36504
social emancipation theory & phenomenology of desire & narcissism, 15522
Narcissistic Personality
brief dynamic therapy, narcissistic regression & PTSD following traumatic experience, 34 yr old male, 33816
daseinsanalytic approach, patients with narcissistic neurosis, 16374
development & reliability of Narcissism Projective test, assessment of narcissistic personality disorder, college students, 3632
development of narcissistic personality during adolescence, murderer J. W. Hardin, 1821
DSM-III vs diagnostic system of S. Akhtar & J. A. Thompson vs O. F. Kernberg, diagnosis of narcissistic personality disorder, 19206
ego & self psychology therapy framework, cognitive defense & narcissistic vulnerability & resistance, client with borderline or narcissistic personality disorders, 33815
factorial validity of O'Brien Multiphasic Narcissism Inventory, outpatients with narcissistic personality disorder, 10627
incorporation of "good enough" model in partial hospitalization programs, clients with borderline or narcissistic personality, 40980
individual & intergenerational dynamics & resulting instrumental vs focal child syndromes, narcissistic parents & their children, 12078
interpersonal relations, clients with narcissistic personality, 40184
levels of adaptation & narcissistic psychopathology, 36716
maturational processes & affective dimension of patient analyst interchanges, narcissistic patients, 12686
narcissistic counterpart as selfobject, patients with narcissistic personality disorder, conference presentation, 33174
narcissistic personality features & self reported anger, female vs male college students, implications for DSM-III-R criteria for narcissistic personality disorder, 32883
nonverbal & symbolic communications in psychoanalysis, narcissistic patients, 12691
pathological narcissism & treatment failure, adolescents with depression, 2287
psychoanalytic interpretation & dynamics of psychotherapy, 25 yr old male with narcissistic personality disorder, case report, 23245
psychoanalytic interpretation of Oedipus' shame as narcissistic personality disturbance in Sophocle's "Oedipus the King" & "Oedipus at Colonnus", 21861
psychoanalytic interpretation of "two woman phenomenon" as manifestation of narcissistic pathology & role of analyst bias in treatment, 37290
psychoanalytic treatment, 5.5 yr old male with omnipotent fantasies & narcissistic personality disturbance, case report, 16425
self psychology model, narcissistic psychopathology, cocaine addicted patients, treatment implications, 19399
sex, prevalence & manifestation of narcissistic personality traits & depression & self esteem, medical students, 22625
Shakespeare's character Othello as depiction of narcissistic & anaclitic personality types, 25373
theories of narcissism since Freud, 33182
TV & threat of nuclear war & AIDS & change in social values & family structures, narcissistic disturbance & development, children & adolescents, implications for psychoanalytic treatment, 29678
Narcoanalysis
narcoanalysis using amobarbital & methylphenidate, chronic conversion symptoms, 34–61 yr old patients, 6151
Narcoanalytic Drugs [See Amobarbital, Thiopental]

Narcolepsy
central adrenoceptor subtypes, narcolepsy cataplexy REM sleep disorder, implications for noradrenaline in sleep regulation, 40465
long term propranolol with vs without tricyclics or stimulants, daytime vigilance & sleep profile changes, adults with narcolepsy-cataplexy, 30478
perception of sleep wake states, patients with obstructive sleep apnea vs narcolepsy, 8998
prazosin, exacerbation of cataplexy, 48 yr old female with narcolepsy beginning treatment for hypertension, case report, 40740
protriptyline, vigilance & memory & response latency on short term memory task performance, narcoleptic patients, 9521
reliability & validity of multiple sleep latency test, assessment of narcolepsy, 16–79 yr olds with excessive daytime somnolence, 28053
REM density & muscle twitches & sawtooth EEG waves, 25–70 yr olds with narcolepsy & cataplexy, 2010
symptoms & diagnosis & treatment of narcolepsy, 5734
Narcosis
age & halothane narcosis vs neuroleptanalgesia vs halothane/fentanyl anesthesia, postoperative EEG sleep patterns, medical patients undergoing minor surgery, 2202
hyperbaric air & ethyl alcohol vs dextroamphetamine, nitrogen narcosis & serial choice RT, 20–33 yr old divers, 35822
Narcotic Agonists
buprenorphine & temazepam use, drug abusing clients, Scotland, 36885
buprenorphine &/vs pethidine, respiration & pain perception, healthy 37–50 yr old males, 18464
buprenorphine abuse, opiate addicted adults, 19381
buprenorphine detoxification, opioid dependent patients, 2923
buprenorphine, opiate addicted vs nonaddicted patients with borderline personality disorder, conference presentation, 13258
buprenorphine, sensitivity to brain stimulation reward to medial forebrain bundle/lateral hypothalamus, rats, 7866
buprenorphine tolerance, FR schedule controlled behavior & analgesia, male rats, 4319
buprenorphine vs methadone vs naloxone, acquisition & rate of keypecking, pigeons, 21725
buprenorphine with vs without naloxone, subjective & physiological & behavioral & withdrawal effects, 27–43 yr old opioid dependent males, 5513
chronic morphine induced tolerance, differential cross tolerance to mu & kappa opioid agonists measured by response to FR food presentation schedule, female pigeons, 39272
codeine doses, stimulus effects & generalization to pentazocine vs buprenorphine vs tilidine in self administration vs 2-lever discrimination task, monkeys, 4380
D-Ala-2,Leu-5,Cys-6 enkephalin, short term agonist vs long term antagonist effects at delta opioid receptors, female rats, 39256
discrimination of ditolylguanidine, generalization to PCP & opioid agonists & cross generalization to ditolylguanidine, rats, 35828
discrimination of full vs partial mu vs kappa opioid agonists, pigeons, 39371
intranigral mu vs delta vs kappa opioid agonists, rotational behavior, male rats, 14895
kappa opioid agonists, forward locomotion & rearing & grooming in open field, rats, 28873
kappa opioid receptor agonist, food intake, food deprived spontaneously hypertensive male rats, 28805
kappa receptor agonist U-50, 488H, methamphetamine vs apomorphine elicited ipsilateral circling behavior, rats with unilateral nigral lesions, 32108
ketocyclazocine, diurnal pattern & regulation of food intake, mice treated neonatally with monosodium glutamate, 4418
linear regression analysis, progressive ratio performance maintained by buprenorphine vs heroin vs methadone, male Macaque monkeys, 14902
methadone vs naltrexone vs buprenorphine maintenance, concurrent iv cocaine abuse, opioid dependent patients after 1–6 mo in treatment programs, 34394
morphine vs naloxone vs opioid agonist U50,488, conditional discriminations, pigeons, 4458
morphine vs other opioid agonists, tolerance & cross tolerance effects on schedule controlled behavior, male mice, implications for opioid receptors, 18447
mu & kappa opioid agonists with vs without quadazocine, analgesia during shock titration procedure, male squirrel monkeys, 18323
nalbuphine vs naloxone vs hydromorphone, subjective & physiologic & behavioral effects & withdrawal syndromes, male methadone dependent narcotic abusers, 36877
naloxone, prolactin stimulation induced by buprenorphine, 18–39 yr old males, implications for reduction of abuse potential by buprenorphine, 32250
opiate receptor agonists & partial agonists, drug discrimination & dependence & self administration & analgesia, rhesus monkeys, 932
opioid agonists or naloxone & 5-HTP, feeding behavior, food deprived male rats, 4353
opioid receptor agonist in nucleus raphe dorsalis, apomorphine induced aggression, male rats, 39305
opioid receptor agonist U-50,488 &/vs lesions of amygdaloid complex, retention of previously acquired passive avoidance, mice, 18301
oxycodone detoxification, development of organic delusional syndrome, 59 yr old female with chronic back pain, case report, 23384
PCP vs pentazocine receptor site discrimination, psychotomimetic behaviors, rats, 32288
pentazocine vs buprenorphine alone vs with tripelennamine, pentazocine induced hyperactivity, male mice, 11296
peripheral opiate agonists vs antagonists, aggression & subsequent analgesia & activity & feeding, male mice tested in resident-intruder paradigm, 25317
pretreatment with ketanserin or prazosin or mitanserin or methysergide or parachloro-phenylalanine, kappa opioid agonist induced sedation, mice, 32230
receptor selective opioid agonists administered icv &/vs intrathecally, antinociception, male mice, 39381
role of N-allylnormetazocine vs PCP receptors, discriminative stimulus properties of N-allylnormetazocine measuring substitution & antagonism, male rats trained in drug discrimination, 39246
sc buprenorphine vs diprenorphine vs heroin, tolerance development to induced suppression of food maintained responding, male macaques, 18378
selective kappa agonist PD-117302, hyperphagia & food intake, obese vs lean male rats, implications for endogenous kappa opioid system, 28893
selective opioid agonists, behavior depression & hyperactivity & wall climbing & locomotion, neonatal rats, 32215
streptozotocin induced diabetes & mu vs delta vs kappa opioid receptor agonists, food intake, male rats, 39306
tripelennamine alone vs with morphine or pentazocine, discrimination response rates, male pigeons, 4446
U50,488 vs bremazocine vs Mr2266 vs morphine, responding under multiple FR-FI schedules of food presentation or stimulus shock termination, squirrel monkeys, 35778
16-Me cyprenorphine, conditional analgesia & antinociception on formalin test, rats, 39287
Narcotic Antagonists [See Also Naloxone, Naltrexone]
buprenorphine, sensitivity to brain stimulation reward to medial forebrain bundle/lateral hypothalamus, rats, 7866
D-Ala-2,Leu-5,Cys-6 enkephalin, short term agonist vs long term antagonist effects at delta opioid receptors, female rats, 39256
doses & time related effects of cyclazocine & enantiomers, EEG & psychotomimeticlike behaviors, rats, 7833
ip vs icv opioid antagonist MR2266, pain sensitivity & conditioned freezing response & saccharin glucose solution intake, rats, 39288
MIF-1, tailpinch stress induced eating, rats, animal model of hyperphagia, 39374

molluscan FMRFamide & related peptides, cardiovascular functioning & behavior & memory, mammals, literature review, 18415
mu & kappa opioid agonists with vs without quadazocine, analgesia during shock titration procedure, male squirrel monkeys, 18323
nalbuphine vs naloxone vs hydromorphone, subjective & physiologic & behavioral effects & withdrawal syndromes, male methadone dependent narcotic abusers, 36877
nalorphin & naloxone, aversive & appetitive learning & memory, rats, conference presentation, 892
naloxone sensitivity, sensitivity to diprenorphine & rates of responding, squirrel monkeys, 14916
naloxone vs naloxonazine, antagonism of morphine vs ethylketocyclazocine vs dynorphin vs enkephalin induced hyperphagia, rats, 4419
naloxone vs naloxonazine, food intake & body weight, rats, 7884
naloxone vs Tyr-MIF-1, ethanol intake, high vs low ethanol preferring rats, 25289
opiate antagonist MR2266, water & saline intake, male mice, 18463
opiate antagonists, analgesia & defensive behavior, attacked mice, conference presentation, 32199
opiate antagonists, brain stimulation reward, literature review, 7912
opioid antagonists vs morphine, intake of sweetened alcoholic beverage, male rats, 7864
pentazocine vs buprenorphine alone vs with tripelennamine, pentazocine induced hyperactivity, male mice, 11296
peripheral nalmefene dosages, head shaking & arousal, hens, 14933
peripheral opiate agonists vs antagonists, aggression & subsequent analgesia & activity & feeding, male mice tested in resident-intruder paradigm, 25317
risperidone, LSD agonist & antagonist effects, male rats, implications for treatment of schizophrenia, 32248
sc buprenorphine vs diprenorphine vs heroin, tolerance development to induced suppression of food maintained responding, male macaques, 18378
U50,488 vs bremazocine vs Mr2266 vs morphine, responding under multiple FR-FI schedules of food presentation or stimulus shock termination, squirrel monkeys, 35778
16-Me cyprenorphine, conditional analgesia & antinociception on formalin test, rats, 39287
Narcotic Drugs [See Also Apomorphine, Atropine, Codeine, Heroin, Methadone, Morphine, Opiates]
attitudes toward narcotic addiction & treatment, clients & staff of drug treatment clinics, 20304
characteristics of & ethnic differences in narcotics addiction, adult Mexican American vs Anglo clients in methadone maintenance, 1978, literature review, 5478
ethnic & sex differenes, narcotics addiction patterns, Chicano vs Anglo adults, 29738
neuropsychological & behavioral functioning, 6–15 yr olds exposed to narcotics in utero, 12221
Nasal Mucosa [See Also Olfactory Mucosa]
mucosal surface temperature reduction prior to & rise following ejaculation, heat exchange & ventral brain temperature modulation, male rats, 11065
nasopharyngeal EEG assessment of information processing disorders of limbic structures, schizophrenic patients, 29635
Nationalism
global status of youth & national development & relationship between age composition & economic & political & social & educational opportunities, 1980s, conference presentation, 39458
multidimensionality of patriotic & nationalistic attitudes, nuclear policy opinions, high school & college students & building contractors, 39826
patriotism, choice of domestic vs foreign products, consumers, 3471
products' country of origin & "Made in the USA" campaign, consumer decision making, college students, 13960
racial biology & social psychology in early post-WWI psychohistory & military analyses of German national character & psychology, Germany, 4795
Native Americans [See American Indians]
Natural Disasters
cognitive behavioral program for coping skills education, prevention of school absenteeism following major flood, students & teachers, 38259
dormitory seismic rating, perception of & coping strategies for impending earthquake, college students, 3457
earthquake severity, emotional distress, primary health care clinic patients, Ecuador, implications for primary mental health care, 34222
exposure to bushfire disaster, distress & adversity & mental disorder, firefighters, 5281
factors predictive of long term mental distress or recovery after untimely death of loved one, survivors of Mount Saint Helens disaster victims, 3 yr followup, 5121
flood experience, trait anxiety, community residents, 17 yr followup, 41512
life events following survival of natural disaster, emotional & behavioral problems, 5–12 yr olds, Australia, 8 vs 26 mo followup, 15732
mythological birth of hero through brutal childrearing practices & society disasters, 7975
natural disasters, life change & adaptation to stressful events, victims 55 yrs old & older, 18723
natural vs human made disasters, psychological components of survival experience & PTSD & bereavement, victims, implications for community mental health programs, 40113
panic symptoms associated with slight earthquake, 44 yr old female with agoraphobia with panic attacks, case report, 29659
personality & demographic characteristics & previously experienced damage & safety/support resources, perceived probability & potential damage of earthquake vs flood, adults in high risk area, 17441
personality factors & mental health history & disaster characteristics, posttraumatic morbidity, firefighters exposed to bushfire disaster, Australia, 29596
planning & problems associated with hurricane evacuation, nursing home patients, 37802
prior traumatic experience & flood exposure, anxiety symptoms from flood, 55 yr olds & older, 27977
psychodiagnostic interview, assessment of psychopathological consequences of severe flooding disaster & family relations & symptom reporting, 6–17 yr olds & their parents, 11944
race & SES & family size, psychosocial recovery from environmental stressors, White vs Black elderly victims of tornado, 1149
reactions to earthquake in Soviet Armenia, Armenian American 15–18 yr olds, 39694
roles & activities & stresses & physical & psychological well being, urban vs rural ministers providing disaster relief after flood, 37747
screening for emotional distress, victims of volcanic eruption, Colombia, 7 mo followup, 1643
self efficacy & social support, mediation of disaster stress, adult natural disaster victims, 1 & 3 yr followups, 33726
vulnerability & risk perception & behavior & social psychological effects of natural vs technological disasters, literature review, implications for research, 10436
Natural Family [See Biological Family]
Nausea
anxiety & nausea & vomiting & taste & odor sensation before & during & after chemotherapy, cancer patients, 6196
eating habits & spousal & physician communication & life events & stress, vomiting & nausea, pregnant females in 1st trimester, Greece, 33549
prevalence & etiology & treatment of anticipatory nausea & vomiting, cancer patients undergoing chemotherapy, literature review, 9549
psychological factors, etiology of nausea & vomiting, pregnant females, literature review, 33586

reliability & concurrent validity of Morrow Assessment of Nausea and Emesis with continuous self monitoring, chemotherapy outpatients, 16546
repeated apomorphine, sensitization or tolerance shown by yawning & growth hormone release & nausea & hyperthermia, healthy males, implications for indices of dopaminergic function in schizophrenia, 7922
susceptibility to motion sickness, prediction of anticipatory nausea, cancer patients receiving chemotherapy, 2500
Navigators (Aircraft) [See Aerospace Personnel]
Navy Personnel
age & job experience level, perceptual & cognitive & sonar task performance, 21–50 yr old Navy sonarmen, 38501
application of medical anthropology to understanding & improving health & adaptation, winter-over Navy personnel, Antarctica, 31485
attitude & symptom questionnaires & supervisor ratings & sociometric testing, performance & adjustment, development of selection criteria, wintering Navy personnel, Antarctica, conference presentation, 31483
behavior modeling & rehearsal vs standard training, knowledge & confidence & expectations of survival in contaminated warfare environment, male Navy recruits, 20927
behavioral & psychological & demographic factors, physical fitness, adult males in US Navy, 10439
cognitive & perceptual & personality traits, experienced Navy sonar instructors vs trainees, implications for personnel selection, 6970
demographic & health background, prediction of upper respiratory infection, 16–35 yr old Navy recruits in basic training, 34997
education vs no smoking vs health risk appraisal feedback, smoking behavior & perceptions & knowledge, incoming Navy recruits, 9872
factors affecting career retention, Navy pilots & radar intercept officers, 20924
flight simulation training, subsequent weapon training course performance, student aviators in US Navy, 24754
health risks measured by hospitalization rates & diagnosis type, Navy submarine vs surface ship personnel, 1490
instructional processes strategies in team training, Naval Gunfire Support Department, implications & recommendations for future applications, 31482
interrater reliability ratings for workload & technical effectiveness, Navy pilots, implications for defining & measuring aircraft operability, 31479
lifestyle & dietary habits, physical fitness, 18–51 yr old Navy shipboard males, 24449
mental disorder hospitalization rates, Navy submarine vs surface-ship personnel, 30717
mental health outpatient morbidity reports, US Navy submarine personnel, 1972–83, 8582
model of teamwork evolution & measurement & enhancement of team performance in training, Navy personnel, 17452
paygrade levels for active duty & previous psychotic condition, hospitalized 17–52 yr old enlisted Navy personnel with functional vs organic psychotic diagnoses, 34305
perceived quality of life & health related variables, male 18–50 yr old Navy personnel stationed on ships, 34984
physical fitness & demographic characteristics, currently vs formerly smoking shipboard Navy males, 22287
preenlistment nonpsychotic condition & paygrade, diagnosis, 17–60 yr old enlisted Navy personnel hospitalized for personality or other mental disorder, implications for screening during recruitment, 33088
psychosocial & personality correlates, susceptibility to upper respiratory illness, 16–33 yr old Navy recruits in basic training, 37179
psychotic vs nonpsychotic diagnosis & recency of hospitalization & type of admission, prediction of length of hospital stay, 17–60 yr old enlisted Navy personnel, replication, 37792
severity of psychiatric diagnosis & length of service, prediction of medical discharge disposition, Navy personnel, replication & extension, 33089
Spatial Memory & Rotation Task using imagery & attention skills, discrimination of sonar experience level, Navy personnel, implications for personnel screening, 10444
specialized cognitive function, military pilot selection, student naval aviators, 10441
Near Death Experiences
atheistic-materialistic vs theistic-sovereign vs theistic-consoling perspectives on tragedy & suffering & relevance of near death experience research, 4802
belief that one was dead or near death, report of near death experiences, 11–76 yr old patients with vs without life threatening illnesses, implications for accuracy of self report vs medical records, 40052
death experience, consciousness transformation, 11860
development & reliability & validity & factor structure of near death phenomena knowledge & attitudes questionnaire, registered nurses, implications for health care delivery, 24658
history & research on near death experiences, 24507
ketamine & reproduction of near death experience, commentary, 38552
model of near death experiences as altered states, 24510
near death experience with positive & negative facets, 50 yr old female, 28008
near death experience with tunnel variant following near drowning, 8 yr old male, 39473
near death experience, 18 yr old, 28012
near death experiences induced by deliberate drug overdose, female adult, 12258
near death experiences, literature review, 24511
need for nonjudgmental concern in dealing with patients who have had near death experiences, health care professionals, educational implications, 27469
procedure for research on veridical perception during near death out-of-body experiences in hospital setting, 30738
prophetic visions, literature review, 28011
subjective religious experiences & parapsychological parallels of crisis apparitions & near death experience, 35032
telepathic clairvoyant vs precognitive vs postmortem experiences & geomagnetic activity, adults, 38555
unidentified flying object vs near death experience, attitudes toward self & others & life & religious or spiritual orientation & psychic abilities & beliefs, adults, 24506
Nearsightedness [See Myopia]
Neck (Anatomy)
muscimol microinjection to substantia nigra pars reticulata, eye movements & neck muscle activity, male rats, 28962
predisposing factors & consequences, incidence of acute confusional state, 65–96 yr old patients after femoral neck fracture surgery, 12969
relaxation gymnastics, psychological stress & prevention of shoulder & neck pain, adult female, 2424
Need Achievement [See Achievement Motivation]
Need for Affiliation [See Affiliation Motivation]
Need Satisfaction
age & experience & tenure & work history & number of dependents, job involvement & attitudes toward needs satisfaction, supervisors vs workers in private sector, India, 10376
design of activity room, satisfaction of recreational & emotional & developmental needs, hospitalized 12–16 yr olds, 9772
evolution of hospice care, needs satisfaction, gay males dying of AIDS, 16691
instrumental vs expressive motivation, continuing education participation, retirees, 41260
intrinsic vs extrinsic rewards & need for security vs need for self expression & higher vs lower level needs, career change, 22–65 yr old managers vs former managers, Canada, 38418
job characteristics, need satisfaction, junior managers, India, 38374
organizational structure & authoritarianism, perceived need satisfaction in security & self esteem & autonomy & self actualization, college students, 1469

role as primary care therapist, meeting of substance abuse patients' needs, clinicians, conference presentation, 16971
simulated organizational structure & size & management level within hierarchy, perceived need satisfaction, male college students, India, 20868
use of & gratification with home video cassette recorder vs other media, 4th–10th graders, Israel, 39502

Needs

academic & career needs, international college students, 31167
age & sex & number of other children & child care experience, perceived informational & emotional & judgment-developmental needs, adoptive vs biologic parents, 1211
appetite approach to interpersonal needs in context of Gestalt theory & practice, 21021
assessment model & role of mental health personnel, delivery of mental health services, prisoners, 23800
behavioral needs, welfare, animals, 35431
behavioral theory of social structure as commitment to behaviorism vs basic needs & their explanation by event regularities, commentary, 36229
behavioral theory of social structure using needs to generate social interaction & change, commentary, 36224
brain structure & physiology research, faith as basic need, 35588
Bridge Over Troubled Waters agency, methods for street survival & assistance with effects of street life, homeless & runaway adolescents & those involved in prostitution, 27134
changes in hospital administration & care, characteristics & needs of patients & families in acute care hospital, social work practice implications, 9805
characteristics & needs, vocationally talented high school students, 34677
chemotherapy & limb salvage surgery & treatment needs, sarcoma patients, 30592
child care vs academic needs, children in university campus child care centers, 31063
components of human development, effective international development project planning & design & implementation, 36220
concerns about patient needs & psychiatric hospitalization & discharge, family members of hospitalized patients, 13152
counseling needs, couples attending infertility clinic, 1975–85, 27160
design & evaluation of continuing education program on needs & concerns of elderly, business & professional service providers, 41411
early diagnosis & needs & special problems including poor mother child bonding & overprotection & learning difficulties, deaf & blind children, 36967
economic & organizational characteristics of general hospitals vs patient needs, establishment of inpatient psychiatric units in teaching vs nonteaching hospitals, 30718
educational experiences & needs & interests, mentally retarded 35 yr olds & older, 27669
emotional needs & principles of care, HIV or AIDS patients & their families, 40514
expressed vs wanted inclusion & control & affection needs, schizophrenic adults, 36631
expression of behavioral needs, cattle & sheep & pigs, 10890
factor analysis of work & leisure & psychophysical & social value systems & relation to A. H. Maslow's hierarchy of needs, delinquent 14–18 yr old males, 33235
factor structure of Personality Research Form & NEO Personality Inventory, classification of Murray needs, 22–90 yr olds, 1431
fear of failure & growth need, preferences for job characteristics, college students, 41450
financial need & estimated effectiveness of aid & political alignment of target nations, judgment of foreign aid deservingness, college students, Japan vs US vs Netherlands, 25678
group dynamics intervention, self esteem & group cohesion & problem solving skills, gifted & talented 14–17 yr olds & retired 60 yr olds & older in summer program, 34801
health needs & social reproduction, females, East Africa, implications for delivery of health care services, 32601
health needs & status & long term community health care, Hispanic elderly, 37697
manifest needs & interpersonal/intrapersonal competencies, college students, 11839
McClelland's distinction between needs & values, commentary, 8463
medical & social & economic needs & adaptation, adults with AIDS or ARC, 40380
mental health service needs & components of care, schizophrenic patients, Canada, 37740
model of behavioral need & positive feedback & motivation, animals, 10908
motivation & perceived need deficiencies, secondary school teachers vs industrial vs governmental vs retail workers, implications for school system administration policies, 27512
need & predisposing & enabling factors, specialty vs general mental health care services utilization, community residents, 2694
need for affiliation & achievement & power & aggression & security, orphaned or delinquent or physically handicapped 13–16 yr olds, 8523
need for community support system, chronically mentally ill & their aging caretakers, public policy implications, 16746
need for hospitalization, 15–24 vs 25 yr old & older psychiatric patients, Denmark, 10 yr study, 16872
need for interpersonal resources in developmental stages, high school vs college students vs 39–47 yr olds, Israel, 11526
need informational approach to study of psyche & behavior, psychological concepts & interdisciplinary communication, 28003
need situations of others, empathy & sadness & distress, female college students, 15458
needs & role of student services, subpopulations of male college students, 13564
needs & treatment issues, spouses of depressed patients, 37212
needs for & availability of mental health & social services, long term mentally ill adults in psychiatric day care, England, 12950
needs for power & spouse specific assertiveness, wife assaultive vs maritally conflicted but nonassaultive vs satisfactorily married males, 5388
needs in administration priority areas, vocational rehabilitation facilities, 20229
nonsexual needs, sex drive & psychosexual behavior, adolescents, implications for parenting & teaching & therapy, 18654
patterns of need importance & involvement levels in work vs family contexts, adults, India vs Canada, 15294
perceived health & social service needs & use of services, urban Black vs White Protestant vs Irish Catholic vs Italian Catholic vs Jewish adults, 30572
perceptions of family needs & coping strengths & satisfaction with services & activities, families with psychiatrically disabled members & mental health professionals, 12068
personnel & training needs in geriatric social work, 9986
physical & psychological & emotional needs, pediatric hospital environment & design, children, 20187
physical & psychological characteristics & treatment needs, alcoholic females with disabilities, 40442
psychiatric hospital support program targeting specific needs, families of mentally ill patients, 13095
psychological needs & personality patterns, drug abuse treatment program completers vs dropouts, 2903
psychosocial needs & concerns about family functioning & interaction with health care delivery system, cancer patients & their spouses, 26666
psychosocial needs & state based care systems, orphan children residing in boarding institutions, USSR, 30657
psychotherapeutic needs, clients who claim UFO abduction experiences, implications for hypnotherapy & research, 30539

range & type of psychosocial problems & social service & support needs, lesbian & gay 15–21 yr olds, 39649
reassessing profiles & needs of clients at Battered Women's Advocacy Clinic, Canada, 27118
reconsideration of condemnation of homosexuality & finding meaning & sensitivity to needs of AIDS patients, pastoral counselors in hospital setting, 27155
role of parents in development of independence & language & play & other social behavior, visually impaired children, Scotland, implications for starting school, conference presentation, 31232
social needs & abilities & interests & academic ability & social career choice, female 18–25 yr old college students, implications for career guidance, 13768
special needs & management concerns, long term inmates, 20339
summary of report on needs & model of multidisciplinary short & long term health care delivery, AIDS patients, Canada, 27090
theory of work adjustment & pattern of reinforcers of homemaker occupation & psychological needs & job satisfaction, married females, 25756
therapeutic summer camp, psychosocial needs & adjustment demands, children with cancer & nursing staff members, 16321
unmet needs & barriers to service delivery, blind & visually impaired elderly, 30565
vocational needs & occupational reinforcers, decision to seek future employment in residence life, student affairs graduate students in & supervisors of residence hall live in positions, 10150

Needs Assessment
ability profiles & basic care needs, profoundly mentally retarded & multiply handicapped children & adolescents, Sweden, 12970
application of diagnostic & needs assessment framework to patient education planning, children & adolescents & adults with cystic fibrosis & their parents, 23487
approach to design of systematic needs assessment in human service programs, 27107
assessment of job hunter self information needs, counselors & human services personnel, 3355
assessment of psychological strengths & weaknesses, elite field hockey players & their coaches, 24483
assessment of training needs, nursing home personnel, 6607
availability & accessibility of medical care & health status & health care needs, Hispanics, implications for social workers, 37613
basic needs, homeless adults, implications for health services, 30600
career anchors & team perceptions, diagnosis of team building needs, managers, 6890
case management approach & long term home health care, Black 60–95 yr olds, 37607
case mix model based on needs for care or resource use, health care delivery, nursing home residents, 30705
characteristics & mental health needs, 50 yr old or older male mentally ill county jail prisoners, 37956
clinical & social problems & care provided, psychiatric patients making quarterly visits to psychiatric ward or day hospital, 9764
clinical utility of Pete's Pathogram, quantification of basic needs profile used in reality therapy, college educational psychology students vs teachers, 24637
construction & validation of Community Health Intensity Rating Scale, classification of patients based on nursing care requirements, nurses, 14155
daily living needs assessment, 18–65 yr olds leaving residential treatment settings, implications for advocacy in psychosocial rehabilitation, 9843
design & sampling procedures & assessment procedures in Camberwell High Contact Survey, needs assessment & service provision, long term users of psychiatric day care, England, 12952
development & reliability & validity of Transition to Parenthood Concerns Scale, assessment of learning needs & concerns, expectant parents in last trimester, 24602
development of business & industry needs assessment questionnaire, hospital vs poultry processing plant vs financial corporation employees, implications for EAP planning, 31602
development of Maslowian Assessment Survey & need gratification & importance & salience & self concept subscales, assessment of safety & belonging & esteem, college students, 38683
DRG based classification into resource utilization groups, nursing care needs assessment, elderly nursing home residents, implications for reimbursement, 30730
Education Reform Act & preparation for evaluation of educational psychology services & assessment of need, UK, 31292
evaluation of approaches to assessment of mental health needs in rural communities, implications for nurses, 23554
FIRO-B, understanding & treating difficult nursing home patients, 56 yr old with end stage liver disease, case report, 34336
framework for assessment of training & staff development needs, community mental health professionals, 34455
hierarchy of needs model to define quality of life, elderly in board & care homes, 9770
hospice caregiver assessment inventory, needs assessment, 39–86 yr old family caregivers of dying patients, 28085
"Hospitalization Week" program at university medical school, understanding needs & problems of hospitalized patients, medical students, Israel, 13303
identification of important health care provider behaviors, families of terminally ill cancer patients, 37640
importance of self assessment & career decision making skills during job hunting, employed & unemployed workers & college students & high school seniors, 3358
internal consistency of Manifest Needs Questionnaire, assessment of needs for achievement & affiliation & autonomy & dominance, management & nonmanagement personnel, 31573
justification of need for legislative policy mandating educational programs for gifted & talented children, 27729
mental health needs & current federal programs & policies & treatment delivery systems & development of cost effective treatment & prevention, children, 9693
methodology for empirical procedure to identify priority geographic locations for parent child services, families with elementary school students with education related needs, Hawaii, 31273
methods of needs assessment & intervention monitoring, clients with profound retardation & multiple handicaps & their parents & caregivers, 16315
model of human occupation, assessment & treatment, 60 yr old female with dementia of Alzheimer's type, 13214
mortality & institutionalization & service needs & daily living activities & hearing & vision, handicapped elderly, Sweden, 5–8 yr followup, 5776
needs assessment in career development & job seeking, White vs minority counselors, 41372
needs assessment in curriculum development, special education secondary school students, UK, 3264
needs assessment in planning chemical dependency treatment programs, 13255
needs assessment in vocational evaluation & client & job characteristics, job placement, rehabilitation clients, 16922
needs assessment, mothers of mentally retarded 6–26 yr olds, 5550
needs assessment of family wellness at employee wellness program, employees, 17400
needs assessment surveys, measurement of use of counseling center group & workshop services, college students, 27749
overemphasis on least restrictive environment & need for more thorough assessment of educational needs & placement, visually impaired students, 27768

perception of career education needs & skills being taught to children & youth with handicaps, special education teachers vs administrators, 27513
perception of unmet needs & church based aging programs, clergy, 13057
perceptions of families' needs, intensive care nurses vs families with hospitalized relative, 13107
personality needs, delinquent 13–18 yr old males, India, 33297
perspectives on housing & vocational & employment & financial & social-recreational & medical needs & implementation of adequate aftercare services, day hospital psychiatric patients, Canada, 9804
procedure for assessment of treatment & care needs using decision rules & specified interventions, long term mentally ill patients, 6291
program of support services, elderly & their caregivers, 30645
psychiatric & medical & social needs, 45 yr old & older psychiatric patients in day hospital, Wales, 16892
psychological needs assessment, opiate & cocaine 1st admittees vs recidivists in drug abuse treatment, 20280
qualitative research, assessment of needs of consumers of community mental health services, chronically mentally ill, Canada, 6321
rehabilitation needs, clients in treatment for alcohol abuse, 41093
risk factors & needs assessment for EAP, state university employees, 41474
secondary school guidance needs assessment, 10th–12th graders & teachers, 31312
self & teacher & parent perceived independent living skill needs, severely disabled high school students, implications for social & vocational skills & parent training, 25979
social service needs assessment, families residing in US military housing project, South Korea, 32681
social survey of elderly home care needs as educational tool, college students in gerontology program, Australia, 31102
taxonomy of educational & psychosocial characteristics, identification of needs & behaviors & attitudes & home & school support, gifted & talented students, 27670
teachers' perceptions of parents' needs vs use of & requests for services, parents of children with learning disabilities or behavior disorders & special education teachers, implications for training, 17283
topics & guidelines & priorities, community based prevention research, mental health & public health & policy investigators, 33712
training needs assessment, management training, 3397
treatment needs, pregnant females with drinking problems, implications for prevention of fetal alcohol syndrome, 34376
typology of relationships between formal home health & personal care services & informal kin caregivers, frail elderly, 34174
use of feedback survey in physician education program, approaches to treatment, physicians treating hypertensive patients, 6581
usefulness of Life Long Leisure Graph in leisure counseling, graduate career counseling students, 38334
values framework, selection & implementation of interventions, families with handicapped children, 23271
worker characteristics & training needs, 27–48 yr old juvenile probation staff members & supervisors, implications for juvenile criminal rehabilitation, 34877

Negative Reinforcement
birth order & positive vs negative reinforcement type, conditioning of verbal abusive behavior, 13–16 yr olds, India, 11406
contract with positive &/vs negative contingencies based on performance, completion & accuracy in daily math assignments, 3rd & 6th graders, 20472
negative CS, stimulus selection in appetitive & aversive conditioning & short term retention, adult & infant rats, conference presentation, 28436
positive &/vs negative reinforcement, visual discrimination learning, mice, 434
positive reinforcement vs negative feedback, perceived reinforcement & confidence & problem solving ability, high vs low self monitoring 10th graders, Hong Kong, 18633
punishment vs negative reinforcement of response omission, response rate reductions, pigeons, 402
signal for absence of reinforcement, observing responses, female pigeons, 38988

Negative Transfer
line editor vs screen editor text editing software, negative vs positive skill transfer, female 18–30 yr old secretarial students, 10847

Negativism
analyst's response to pervasive negativism, literary analogy with H. M. Melville's "Bartleby the Scrivener", 48 yr old male, 30267
automatic negative thoughts, development of dysphoric mood, female college students, 33191
cognitive mediation & negative attitudes, adults with psychiatric disorders, verification of cognitive content-specificity hypothesis, 33030

Negotiation [See Also Bargaining]
category system for analysis of conformity & creativity in negotiations between Israel & Egypt, conference presentation, 8202
community intervention & training program, negotiation skills & influence & self esteem & risk taking & autonomy, neighborhood residents & school board members, 2679
developmental level & interpersonal negotiation & social problem solving skills, engagement in problem & delinquent behaviors, 13.8–18.6 yr olds, 29718
disputant & situational characteristics, perceived likelihood of successful conflict negotiation, labor relations vs nonlabor mediators & arbitrators, 17369
negotiation support system, dealing with terrorists in hostage taking situation, police negotiators, 18827
personality & situational variables, effects of group discussion on risk acceptance & probability estimation & negotiation positions, adults, conference presentation, 11745
possibility of 3rd party punishments vs rewards & coercive power & negotiator limits, negotiator concessions & perceptions of 3rd party, college students in simulated organizational dispute, 29339
reality therapy & control theory & negotiation concepts in counseling, married couple, 26851
retail buyer seller negotiations, businesswomen vs businessmen, 31429
sequential vs package agenda & majority vs unanimous decision rule & power balance, negotiation outcomes, college students in 3 person groups, 32789
value of discourse in labor management negotiation processes, 31367

Negroes [See Blacks]

Neighborhoods
demographic & neighborhood physical & social & crime characteristics & security measures & management effectiveness & previous victimization, fear of crime, residents of public housing project, 15877
demographic & social psychological & cost benefit factors, participation in voluntary neighborhood organizations, adults, US vs Israel, 1173
development & validity & reliability of community cohesion instrument, neighborhood residents, 24574
interpersonal communication & media use, attitude toward & commitment to community, neighborhood vs large metropolitan area residents, 36409
neighborhood & school & peer & family influences, drug involvement, 9–18 yr olds, 2 yr study, 25566
neighborhood & socioeconomic indicators of psychological & physical health, adults, New Zealand, 5025
neighborhood helping system based on social group work, suburban families, 9705
neighborhood satisfaction, residents of conventional homes vs mobile homes vs apartments, 4997

neighboring patterns & interpersonal relationships, religious vs nonreligious Jewish middle class adults, Israel, 32621
previous residential crowding experience, reactivity to noise & crowding in laboratory setting, high school students, India, 18677
recall & recognition estimates of social network size for neighborhoods & relatives, adults, 15448
satisfaction with housing & perceptions of ease of meeting neighbors & neighbor recognition, satisfaction with neighbors, spouses in married student housing, conference presentation, 20540
traffic, space appropriation as sense of belonging, females living on quiet vs busy streets, conference presentation, 20915
Nembutal [See Pentobarbital]
Neonatal Development
academic attainment & reading & spelling & math ability, 1st graders classed as at risk during neonatal period, 8958
acoustic reflex development & reflex threshold for tones & noise, 24–48 hr old & 38–45 day old infants, 970
alcohol vs tobacco vs marihuana vs other drug usage during pregnancy, neonatal behavior, 18–42 yr old mothers & their full term neonates, 40303
assessment of acoustic & tactile sensory processing capabilities using glabellar reflex & reflex modification procedures, term vs preterm neonates, 32369
auditory brain stem response & early brain maturity, irritability & consolability & cuddliness & self quieting, 0–5 day olds, Japan, 15030
breast feeding vs nonbreast feeding at 1 mo postpartum, behavior responses, vaginally delivered full term newborns, 36050
correlation between Infant Behavior Questionnaire & interview & global rating, ratings of daily activities of newborns, mothers of 2 wk olds, 151
EEGs, developmental changes, newborn infants of occasional or moderate or binge drinking or alcoholic vs abstaining mothers, 29764
environmental & developmental neonatology, psychological & biobehavioral well being, preterm infants, 30772
examiner effects on reliability of Neonatal Behavioral Assessment Scale, neonates & psychologists, 38608
family history & obstetrical complications & neonatal health & increased cerebral ventricular size in infancy & adulthood, schizophrenic 16–49 yr olds, conference presentation, 1641
gestational age at birth, behavioral functioning, premature vs full term newborns, 15015
hand & head & mouth coordination, newborns, intersensorimotor & intentionality implications, 11347
incidence of mental retardation & impaired behavioral development, newborn infants with perinatal risk, conference presentation, 5128
initial behavioral state & biological risk level, responsiveness to speech &/vs gentle stroking of limbs, very low birth weight premature newborns prior to term age, 15588
low level prebirth lead exposure, gestation age & ability to self quiet, neonates born to 15–38 yr olds, Mexico, 37138
maternal characteristics & family resources & neonatal morbidity, mothers who did vs did not receive prenatal care, 20052
maternal perceptions of neonatal behavior & later temperament & behavior & stability, infants assessed during 1st 6 mo, England, 18652
maturation, short latency somatosensory EPs infants at 1 wk & 2–3 mo & 6–7 mo of age, 4562
neonatal androgens & estradiol & progesterone, feminine sexual behavior & sexual orientation, castrated male rats, 21782
neonatal auditory brain stem EPs, delayed or impaired development, high vs low risk infants evaluated at 3 & 6 & 9 mo old, 25995
neonatal risk factors, neurodevelopmental outcome, infants, 9 yr followup, 22986
neonatal vasopressin antagonist treatment, lordosis response & hypothalamic vasopressin, female rats, 21786
parameters of prenatal & perinatal psychology from research perspective, literature review, 32363
PCP exposure in utero, characteristics & development, infants, 1 yr study, 29787
perinatal risk factors, spontaneous vocalizations & language development & motor performance, infants assessed at 6 vs 8 vs 11 vs 12 vs 14 mo, 8961
sensory stimulation & other environmental factors in intensive care nurseries, developmental & physiological outcomes, premature infants, 20201
simulated illuminant & reflectance changes, color constancy, 9 & 20 wk old infants, 21939
size for gestational age, temperament, full term vs premature 1–19 day old same sex twins, 19021
sleep wakefulness patterns & establishment of diurnal cyclicity, neonates, 5 mo study, 39475
state stability & cyclicity of sleep, 2–5 wk olds, 36003
stimulation, stability of adrenocortical response measures of salivary & plasma cortisol & behavior state, healthy neonates, 32351
validity of Assessment of Preterm Infant's Behavior, assessment of functional competence, premature vs full term newborns, 14087
Neonatal Disorders [See Also Cleft Palate, Downs Syndrome, Klinefelters Syndrome, Phenylketonuria, Turners Syndrome]
IQ & academic performance & emotional disturbance, 5.5–9.2 yr olds with very low birth weight with vs without major neonatal illness, 5710
legal issues in withdrawal of treatment, severely damaged neonates, UK, 33732
long term prognosis & characteristics, 4–15 yr olds who had had neonatal tetanus, Turkey, 29847
maternal alcohol consumption during pregnancy & birth abnormalities, mothers & their offspring, Scotland, 5757
self report vs hospital chart recording of perinatal complications, prediction of 1 vs 5 min Apgar Composite scores, 15–36 yr old mothers & their newborns, 5654
severity & classification of neonatal dysfunction, prediction of behavior & school achievement, children with abnormal vs mildly abnormal neurological dysfunction assessed at birth vs 9 yrs of age, 19523
Neonates (Animal) [See Infants (Animal)]
Neonaticide [See Infanticide]
Neophobia
acquisition of conditioned taste aversion & attenuation of neophobia to food, REM sleep deprived male rats, 4266
amygdala & insular cortex lesions by ibotenic acid, conditioned taste aversion & passive avoidance & neophobia, rats, 11141
aversion conditioning to vinegar with vs without sucrose distractor, habituation of neophobia, male rats, 3931
d-amphetamine vs neophobia vs mild shock, chlordiazepoxide induced water drinking, water deprived male rats, 28971
initial neophobia & latency to enter unfamiliar alley from home cage, rats, 14636
lesions of dorsal & ventral noradrenergic ascending bundle, consumption of novel or familiar foods & neophobia, male rats, 28758
lofepramine vs desipramine with vs without clonidine, neophobia & exploratory behavior, olfactory bulbectomized rats, 4444
novel visual or taste CS paired with lithium chloride or saline injection, transfer of aversion effects, chicks, 35450
occurrence & chemical basis of taste neophobia & apomorphine induced learned aversions to apple juice, rabbits, 10901
similarity & presentation of distractor flavor before vs after target flavor, habituation of neophobia to novel flavors, rats, 3932
water treated vs orange oil treated mash, food neophobia & olfaction, domestic chicks, 7539
Neoplasms [See Also Brain Neoplasms, Breast Neoplasms, Endocrine Neoplasms, Leukemias, Nervous System Neoplasms, Terminal Cancer]

abbreviated version of Miller Behavioral Style Scale, assessment of coping behavior in threatening situations, patients with metastatic cancer, 31676
adjustment & development, adolescent survivors of childhood cancer, 22927
adjuvant psychological therapy using cognitive behavioral techniques of A. T. Beck, depression & anxiety & development of fighting spirit, distressed 32 & 34 yr old cancer patients, 40642
age at diagnosis & psychological symptoms & good vs poor treatment adjustment, identification of need for psychotherapy, young adult survivors of Hodgkin's disease, 9005
age, use of rating scale to quantify somatic symptoms, healthy 6–11 yr olds vs 5–18 yr olds with cancer vs adults, 5835
ammonia released by tumor tissue, development of anorexia & neurochemical correlates, male rats with experimentally induced cancer, 35697
antidepressant drug treatment, depression & subjective quality of life, adult cancer patients, 1997
antihormal therapy combining antiandrogen flutamide with medical vs surgical castration, sexuality, male prostate cancer patients, implications for sex offender treatment, 6187
anxiety & depression & mental exhaustion, glycosylated hemoglobin level, 21–72 yr old relatives of cancer patients, Sweden, 9212
anxiety & depression & perception of seriousness of their cancer, survival, adults undergoing radiation therapy, 3 yr followup, 9125
anxiety & nausea & vomiting & taste & odor sensation before & during & after chemotherapy, cancer patients, 6196
anxiety in medical situations, males vs females, 23535
areas of frequent UFO reports, incidence of cancer & depression, adults, 29463
attitudes about & practices in cancer patients' quality of life assessments, physicians, 17081
behavioral & psychosocial factors in cancer incidence & primary & secondary cancer prevention, 26489
behavioral assessment method, 53–75 yr old lung cancer patients treated with alpha-interferon, 16609
behavioral risk factors & primary health promotion interventions, risk reduction for various types of cancer, conference presentation, 37676
biobehavioral factors, cancer pain experience, literature review, 9022
biofeedback training, stress & coping behavior & emotional expression, cancer patients, 9473
caffeine consumption, anxiety & hypertension & cancer & other health problems, implications for health promotion programs, 8329
cancer amputation during adolescence or early adulthood, long term psychosocial outcome, 17–38 yr old survivors, 9664
cancer diagnosis, psychiatric morbidity, patients, 2013
case management approach to education & counseling, psychological distress, patients with cancer vs other chronic illnesses, literature review, 27057
catatonia induced by paraneoplastic encephalopathy, diabetic 58 yr old female with anaplastic lung carcinoma, case report, 5805
causal attribution, conflicts, cancer vs myocardial infarction patients, 19635
chemotherapy & limb salvage surgery & treatment needs, sarcoma patients, 30592
chemotherapy &/or radiation therapy, neuropsychological functioning, childhood cancer patients, 2174
chemotherapy related nausea & vomiting & behavioral distress, 3–19 yr olds with cancer, 37494
chronic stress in cancer care including patient death, burnout & poor quality of care & coping strategies & support, health care professionals, literature review, 17030
cognitive appraisals, adjustment to illness, adult cancer patients, 5678
communication issues, cancer patients & their family members & health professionals, literature review, 9162
communication with medical staff, anxiety & pain & anticipatory & postchemotherapy nausea & vomiting, cancer patients, Sweden, 5843
community based health education program about cancer risk, knowledge & beliefs & self reported behaviors, 60 yr olds & older, 12976
concept of stillpoint in counseling process, cancer patients & their families, 9742
concepts & assessment of depression, cancer patients, 9201
conceptual model using crisis theory & adaptive tasks in interpersonal context, coping with psychosocial stresses of oncology care, health care professionals, implications for social support, 27457
concern & emotional distress & social support & symptoms, functioning following radiotherapy, breast or lung cancer patients, 9625
construction & validity & reliability of cognitive orientation questionnaire, prediction of decision to go for medical examination for cancer, 20–74 yr old females, 31685
construction of brief negative & positive affect scales from Profile of Mood States, assessment of psychological adjustment, cancer patients, 35127
construction of Mental Adjustment to Cancer scale, cancer patients, 3649
coping & dysphoric or dispositional vulnerability & effectiveness of interview as assessment method, cancer patients, 26675
coping style, emotional & behavioral responses to side effects of chemotherapy, repressor vs low vs high distress cancer patients, 26749
coping styles, newly diagnosed patients with breast cancer or Hodgkin's or non-Hodgkin's lymphoma, 9000
current status of & future directions for family focused cancer care & coping interventions, 27093
cyberphysiologic or self regulatory skills using biofeedback or imagery, immune system & white cell functioning & pain during treatment, children with migraine or cancer or hemophilia, 26914
death of child from cancer, family environment & surviving sibling behavior, families with 6–16 yr olds, US & Canada, 16060
death of parent during childhood or marital disruption or traumatic WWII experience as risk factors, adult females with cancer, West Germany, 9189
demographic & physiological & psychological characteristics, survival upon new admission to nursing home, adults with late stage cancer, 37824
denial as positive coping strategy, cancer patients, 9139
development & reliability & validity of self esteem questionnaire, 19–68 yr old cancer patients, 9 mo followup, 10592
diagnosis & management, 35 yr old female with Down's syndrome & insulinoma & anorexia, case report, 29457
diagnosis & treatment of delirium & depression, physicians treating cancer patients with apparent psychosocial side effects from treatment or disease, 26500
differentiation of depression from functional impairment, 7–15 yr old oncology patients referred for psychiatric consultation, 22947
difficulties in provision of support & care in chronic illness, husband caring for wife with cancer, 33667
Edmonton staging system, prognosis of pain, adult cancer patients, 40371
effectiveness of measures assessing quality of life, children with cancer, literature review, 35167
emotional expression, cancer onset & progression, literature review, 33535
etiology & management of depression & psychological distress, pancreatic cancer patients, 23045
etiology & treatment of nausea & vomiting & dysphoria & other psychological side effects of chemotherapy, cancer patients, 12835
evaluation & detection of & intervention with body image problems, patients who had surgical treatment of breast or colon or rectal cancer, conference presentation, 16723

factor analysis of brief pain inventory, assessment of pain severity & pain interference items, cancer patients, US vs Vietnam, 3566
frequency of Alzheimer's & other CNS diseases in relatives, patients with multiple myeloma, 37035
group counseling, cancer patients, 40710
group themes & dynamics & therapist's role, couples in which one member of each couple has cancer, 23274
guided imagery & music, females with uterine fibroid tumors, case reports, 2221
guidelines for psychosocial assessment & intervention using hope balanced with reality, physicians treating cancer patients & their families, 27044
hopefulness, 12.4–18.9 yr olds in substance abuse treatment vs with cancer, 5104
hospital bereavement support program, survivors of spouses who died of cancer, Canada, 41005
hypnotherapy, chemotherapy side effects, 9–64 yr old cancer patients, 12938
hypnotherapy, symptoms & coping, hospitalized cancer patients & families, 20029
illness attitudes & coping & formation of community cancer support group, cancer patients, 16772
imagery as coping & healing method, cancer patients, 23106
incidence of cancer, schizophrenic patients, 1957–84, Denmark, 29602
informational intervention prior to treatment, coping with radiation therapy, 50–85 yr old males with prostate cancer, 30590
intracranial mass lesions, late onset psychosis & depression, 9057
issues in continuing care pain management, cancer patients, 30193
knowledge of & attitudes toward diagnosis & prognosis, 15–76 yr old cancer patients, Greece, 29999
learning center providing for extensive &/or high technology health related activities for postdischarge functioning, oncology patients & their families & primary caregivers, 41008
low dose amitriptyline, visual hallucinations, 62 yr old female cancer patient, case report, 12907
management of depression & anxiety & suicide & suicidal ideation & delerium, cancer patients, 37710
marriage & family planning decisions, adult survivors of childhood cancer, 9209
melatonin, regulation of prolactin circadian secretory rhythm, 18–41 yr olds with vs without pineal tumor, 33591
methodological problems in studies of stress & cancer, 16051
methodological shortcomings & bias in research, smoking & health & cancer, 9231
model intervention package, school & social reintegration, 5–17 yr olds newly diagnosed with cancer, 8 mo followup, 38279
mood & stress & cognitive style & perceived social support, immune function & etiology & progression of cancer, implications for intervention, 2054
multidimensional scaling of pain perceptions, cancer patients, 36994
norepinephrine vs carbachol, feeding response prior to vs following development of anorexia, methylcholanthrene sarcoma bearing male rats, 25199
occupational therapy, functioning & quality of life, elderly cancer patients & their families, 34357
parent adolescent concordance, compliance with cancer chemotherapy, 9–19 yr old oncology patients & their parents, 9665
pathological self containment of emotions & etiology of cancer, female patients, 33478
patient characteristics, prediction & completeness of symptom reporting, 18–85 yr old colorectal cancer patients, 22929
patient's sex & diagnosis of cancer or heart attack, perceptions of seriously ill patients, college students, 22941
perceptions of accessibility of diagnosis & treatment & rehabilitation services for cancer patients & their families, Hispanic vs Chinese vs Vietnamese 50 yr olds & older, 37621
personality & cigarette smoking, cancer & coronary heart disease, adults, 9047
personality & stress & smoking & other variables & behavior therapy as prevention tool, patients with cancer or coronary heart disease, 40718
personality traits & psychosocial adjustment, 11–25 yr old survivors of childhood cancer, 9006
personality type & stress & smoking habit, cancer & coronary heart disease, adults, West Germany vs Yugoslavia, 9067
personality variables & stress, cancer & cardiovascular disease, adults, Yugoslavia & West Germany, 10 yr follow up, 5630
physician's role, anxiety about sexual activity following surgery or chemotherapy, cancer patients & their spouses, 16207
posttreatment use of relaxation training, 18–64 yr old cancer patients, 16478
preferences for information & participation in decision making with oncologists, hospitalized adult cancer patients, 16697
preferences for roles in treatment decision making & control, adults with cancer, 23101
preparatory information interventions, coping with radiation treatments, prostate cancer patients, comparison of theoretical explanations, 16725
prevalence & etiology & treatment of anticipatory nausea & vomiting, cancer patients undergoing chemotherapy, literature review, 9549
prevalence & severity & variability of cancer related pain & mood disturbance, 15–89 yr old cancer patients, Ireland, implications for interdisciplinary treatment, 19589
prevalence of & ability of doctors & nurses & screening instrument to detect psychiatric morbidity, patients in medical oncology unit, 40417
preventive behavior therapy, personality & behavior correlates of cancer & cardiovascular disease, adults, 6073
proactive side effect management information, self care, chemotherapy patients, 12846
problems & needs & changes & adjustment, families with 2 or more cancer patients, 37001
problems & social aspects of coping with chemotherapy side effects, 38–79 yr old outpatients with cancer & their relatives & nurses, 26991
prolonged survival of terminally ill patients, psychotherapy, 22 yr old female with cancer, 9336
psychiatric consultation, oncology hospital patients & their families, Canada, 13141
psychiatric liaison program, consultation rates & detection & treatment of minor psychiatric disorders, patients in gynecologic oncology unit, conference presentation, 37804
psychiatric symptoms, 25–72 yr olds with cervical cancer, 37084
psychologic distress & group psychotherapy, 15–25 yr olds with cancer, 26835
psychological & psychosocial distress, cancer patients, 9080
psychological adaptation & coping, cancer patients & spouse vs nonspouse significant others, 22916
psychological adaptation, 35 yr old & older breast or colorectal or lung cancer patients & their significant others, 29922
psychological aspects of childhood cancer, literature review, 9226
psychological response & prognosis, newly diagnosed patients with breast cancer or Hodgkin's or non-Hodgkin's lymphoma, 3 & 12 mo followups, 9168
psychological states & etiology & progression & survival of cancer, psychoneuroimmunology & psycho-oncology, 1993
psychological support, children with malignant diseases & their families, 16797
psychological well being & communication styles, mothers vs fathers of pediatric cancer patients, 9193
psychophysical principles, approaches to dyspnea, cancer patients, 40398

psychosocial adjustment to illness, adult cancer patients who dropped out of vs completed chemotherapy, Israel, 23391
psychosocial aspects of & attitudes toward stigma of cancer, college students & cancer patients & their spouses, application of social psychological model of victimization, 37162
psychosocial differences & effectiveness of intensive psychiatric intervention program, mood disturbance, high vs low pain cancer patients, 2 yr study, 37736
psychosocial factors, employment adjustment & employers' practices, cancer survivors, literature review, 9144
psychosocial functioning 2 or more yrs following treatment, 7–21 yr old survivors of childhood cancer & their families, 12392
psychosocial needs & concerns about family functioning & interaction with health care delivery system, cancer patients & their spouses, 26666
psychosocial problems & needs, 20–70 yr olds with cancer & their families, US vs Sweden, 36996
psychosocial risk factors for maladjustment in childhood cancer, survivors & their families, implications for preventive intervention, 8989
psychosocial sequelae of treatment, 18–60 yr old survivors of testicular cancer, 37222
psychosocial services provision, 35 yr olds & older of different sociocultural status with breast or colorectal or lung cancer, 37615
psychosocial stress & coping style, females at risk for cervical carcinogenesis, 8983
psychosomatic symptoms after death of child with cancer, parents, 2 yr followup, 5738
quality of death, terminally ill hospice vs nonhospice cancer patients, 2655
quality of life & psychosocial outcomes, survivors of childhood cancer, treatment implications, literature review, 9063
radiation therapy, neuropsychological functioning, 30–65 yr olds with nasopharyngeal carcinoma, 37642
radiotherapy &/vs surgery, sexual functioning, 26–65 yr old female cervix carcinoma patients, Hong Kong, 23522
reading preparatory booklet on radiation therapy, treatment worries & satisfaction with information, cancer patients, 9615
referral for psychiatric assessment, 42 yr old male with insulinoma, case report, implications for differential diagnosis, 30097
relationships with coworkers, cancer patients who continued to work during or returned to work following treatment, implications for social work, 5795
relaxation & guided imagery, immune system & psychological changes, patients with metastatic cancer, 23326
reliability & validity of modified symptom distress scale, cancer patients, 31611
reliability & validity of "rationality & antiemotionality" scale, assessment of trait related to emotional control, healthy adults vs oncology patients, implications for cancer risk, 38678
religiosity & locus of control, 10–23 yr old cancer patients, 2137
secondary emotional reactions to disease, 20–72 yr olds with oral or cervical or breast cancer, India, 37161
self hypnosis & cue controlled relaxation & guided imagery, chemotherapy associated nausea & emesis, 11 yr old cancer patient, 40724
self sustaining process & hopefulness, 12.4–18.9 yr olds with cancer, 26517
serum chemistry, 15–27 yr olds with anorexia nervosa vs digestive tract surgery vs cancer, 5815
severity of depression symptoms, cancer patients, 26608
sex, psychosocial adjustment, 74 yr old & younger couples with colon cancer, 22884
social support during life threatening health crisis, support satisfaction & adjustment & distress & depression, 18–83 yr old cancer patients in radiation therapy, 2 mo followup, 26529
social work agency outpatient interventions, client utilization characteristics, 6–87 yr old cancer patients & their families, 30701
standardized instruction in hypnosis vs active cognitive strategy, procedurally induced pain & anxiety, 5–18 yr old oncology patients, 30194
stress & cognitive & behavioral coping strategies, 7–11 yr old siblings of child cancer patients, 16256
stressful life events in yr following diagnosis, psychiatric symptoms, 18–75 yr old cancer patients, 26505
stressful life experiences & external locus of control & emotional repression, cancer etiology, 25–75 yr olds with cancer, England, 12517
support group for discussion of psychosocial issues including treatment & dying & emotional demands on therapist, AIDS patients with Kaposi's sarcoma, 26837
susceptibility to motion sickness, prediction of anticipatory nausea, cancer patients receiving chemotherapy, 2500
symptom pattern & education & social support & credible authority, model of uncertainty in illness, females with gynecological cancer, 5731
systemic with vs without CNS chemotherapy, cognitive function & fine motor coordination & visuospatial & tactual perception, 6–16 yr olds with leukemia vs sarcomas, 1 yr followup, 6130
systems theory & biofeedback, treatment of cancer, children, 9456
temporal pattern of predischarge vs postdischarge stress, surgically treated cancer patients with vs without ostomies & their spouses, 12470
therapeutic approaches, patient coping & therapist's anxiety induced regression of ego functions, therapists working with 26–60 yr old cancer patients & their families, 9368
therapeutic summer camp, psychosocial needs & adjustment demands, children with cancer & nursing staff members, 16321
treatment, work experiences, 18–46 yr old male long term survivors of Hodgkin's disease vs testicular cancer, 37198
Type C cancer prone pattern of coping behavior, psychological & physical consequences, conference presentation, 19480
validity of next of kin's estimations of pain, 25–79 yr old cancer patients & their 28–85 yr old next of kin, 23014
verbal rating scale vs visual analogue scale vs McGill Pain Questionnaire, assessment of pain, cancer patients, 77
written information on vs lecture & self examination technique for testicular cancer, knowledge level & self exam, 16–32 yr olds, 12 wk followup, 40833
yoga & meditation & imagery & health education in residential Commonweal Cancer Help Program, cancer patients, 2622
Neopsychoanalytic School [See Individual Psychology, Jungian Psychology]
Neostigmine
prenatal ethanol exposure, effect of physostigmine & neostigmine on activity level, rats, 4323
Nerve (Acoustic) [See Acoustic Nerve]
Nerve (Facial) [See Facial Nerve]
Nerve Cells [See Neurons]
Nerve Endings [See Baroreceptors, Chemoreceptors, Mechanoreceptors, Neural Receptors, Photoreceptors, Proprioceptors, Synapses]
Nerve Tissues [See Myelin Sheath]
Nerves (Adrenergic) [See Adrenergic Nerves]
Nerves (Cholinergic) [See Cholinergic Nerves]
Nerves (Peripheral) [See Peripheral Nerves]
Nerves (Spinal) [See Spinal Nerves]
Nervous Breakdown [See Mental Disorders]
Nervous System [See Also Acoustic Nerve, Adrenergic Nerves, Amygdaloid Body, Auditory Cortex, Auditory Neurons, Autonomic Nervous System, Baroreceptors, Basal Ganglia, Brain, Brain Stem, Caudate Nucleus, Central Nervous System, Cerebellum, Cerebral Cortex, Cerebral Ventricles, Chemoreceptors, Cholinergic Nerves, Cones (Eye), Corpus Callosum, Dendrites, Diencephalon, Dorsal Roots, Extrapyramidal Tracts, Facial Nerve, Frontal Lobe, Gan-

glia, Geniculate Bodies (Thalamus), Globus Pallidus, Gyrus Cinguli, Hippocampus, Hypothalamo Hypophyseal System, Hypothalamus, Inferior Colliculus, Limbic System, Lumbar Spinal Cord, Mechanoreceptors, Medulla Oblongata, Mesencephalon, Motor Cortex, Motor Neurons, Myelin Sheath, Neural Receptors, Neurons, Occipital Lobe, Olfactory Nerve, Optic Chiasm, Optic Lobe, Optic Nerve, Parasympathetic Nervous System, Parietal Lobe, Peripheral Nerves, Photoreceptors, Pons, Proprioceptors, Pyramidal Tracts, Receptive Fields, Reticular Formation, Rods (Eye), Sensory Neurons, Somatosensory Cortex, Spinal Cord, Spinal Nerves, Superior Colliculus, Sympathetic Nervous System, Synapses, Telencephalon, Temporal Lobe, Thalamic Nuclei, Thalamus, Trigeminal Nerve, Vagus Nerve, Visual Cortex]
associative learning in classical conditioning, phototactic behavior, hermissenda, 3915
extraversion vs introversion, nervous system properties, literature review, 18201
nervous system & nerve cells, contiguity detection in classical conditioning, aplysia & drosophila, 3900
Nervous System Disorders [See Also Acalculia, Agraphia, Alcoholic Hallucinosis, Alcoholic Psychosis, Alzheimers Disease, Ataxia, Bacterial Meningitis, Brain Concussion, Brain Damage, Brain Disorders, Brain Neoplasms, Cataplexy, Central Nervous System Disorders, Cerebral Palsy, Cerebrovascular Accidents, Chorea, Convulsions, Delirium Tremens, Dyskinesia, Encephalitis, Epilepsy, Epileptic Seizures, Gilles de la Tourette Disorder, Hemiplegia, Huntingtons Chorea, Hydrocephaly, Hyperkinesis, Korsakoffs Psychosis, Meningitis, Microcephaly, Minimal Brain Disorders, Movement Disorders, Multiple Sclerosis, Muscular Dystrophy, Myasthenia Gravis, Nervous System Neoplasms, Neuralgia, Neuromuscular Disorders, Neurosyphilis, Organic Brain Syndromes, Paralysis, Paraplegia, Parkinsons Disease, Peripheral Nerve Disorders, Picks Disease, Poliomyelitis, Presenile Dementia, Quadriplegia, Sclerosis (Nervous System), Senile Dementia, Toxic Psychoses]
application of molecular genetics to neuropsychiatric disorders, literature review, 37101
artificial retinal image stabilization using eye movement information, oscillopsia & visual acuity, 22–82 yr olds with nystagmus due to neurologic disease, 2050
assessment & treatment of neuropathic pain, patients with nonmalignant pain, 37119
background & disorder variables, neuropsychological aspects of simultaneous processing in posterior lobe & successive processing in anterior lobe, neurological vs brain damaged patients vs elderly, 8987
behavior problems & school achievement, 13 yr olds with deficits in attention &/or motor control & perception, Sweden, 3 & 6 yr followup, 30444
biofeedback training, fecal incontinence & anorectal functions, 7–21 yr olds with myelomeningocele, 30382
body movements during sleep, healthy vs neurologically damaged infants, 1 wk & 1 & 3 mo followups, 9046
brain & CSF somotostatin & drug effects, patients with depression vs schizophrenia vs Alzheimer's vs Huntington's vs Parkinson's disease vs multiple sclerosis, literature review, 26010
chronic methylmercuric chloride, brain somatostatin & CNS glutamic acid decarboxylase & spastic/dyskinetic syndrome & visual deficits, rats, 14915
clinical neurological classification using medical model in context of learning disorders, childhood dysgraphia, 29817
cognitive ability & neuropsychological impairment, 18–50 yr olds with Wilson's disease, 9141
computed tomography, 60–90 yr olds with delirium vs neurological disorders, 29992
concurrent organic pathology, patients with conversion symptoms, 8638
congenital genital hypoplasia & central &/or peripheral CNS & learning impairments, female neonates, case reports, long term followup, 5736
cranial sonography, diagnosis of Joubert's syndrome, Black 2 & 7 mo olds, case reports, 22915
CSF choline, neurologically disturbed 1 mo to 17.5 yr olds, 26488
current diagnostic criteria, Rett syndrome, literature review, 22895
development & validation & reliability of High Sensitivity Cognitive Screen, bedside identification of cognitive dysfunction, 15–69 yr old psychiatric & neurological patients, 17576
differential diagnosis & drug therapy or ECT treatment recommendations, depression, elderly with or without common neurological disorders, 26111
EEG & characteristics of neuropsychological development, neonate through 18 mo olds with hyperexcitability syndrome, USSR, 12541
EEG during functional bioregulation of motor skills, 5–14 yr olds with motor pathology secondary to infantile cerebral paralysis, USSR, 12775
enzyme deficient activity & excess of sulphatide in urine & tissues, diagnosis of metachromatic leukodystrophy, chronic hospitalized psychiatric & schizophrenic patients, 33046
eosinophil induced neurotoxicity characterized by axonal neuropathy & dementia & cerebral infarction, 41 yr old male & 52 yr old female with hypereosinophilic syndrome, case reports, 2155
epidemiology & mortality of Creutzfeldt-Jakob disease, 46–73 yr olds, 1974–84, Finland, 16135
factorial validity of McCarron Dial Work Evaluation System, neuropsychologically disabled 16–54 yr olds, 10570
family therapy techniques, compliance with medical treatment, 61 yr old female with deteriorating neurologic function & 40 yr old hypertensive male, 6038
functional assessment in special education, young children with neurological impairments, 31270
giant somatosensory EPs, neurologically impaired 5–14 yr olds without myoclonic epileptic seizures, 26588
immunoreactive theory, selective affliction with neurodevelopmental & psychiatric disorders, males, commentary, 22446
immunotherapy using dialyzable leucocyte extract transfer factor, patients with Alzheimer's disease or autism or retinitis pigmentosa or other neurological disorders, 37619
induction of pattern reversal visual EPs using digital filters, 3–13 & 21–50 yr olds with vs without neurological disorder, implications for assessment of patients with attentional problems, 5647
legal & financial planning educational program, 24–81 yr old family members of neurologically impaired elderly, 37658
lithium & neuroleptic therapy, neurologic complications, 26–43 yr old manic patients, 23411
low level lead exposure & absorption & medical risk factors, neurological deficits measured by motor & psychological test performance, 1st graders, Denmark, 30011
metoclopramide induced akathisia side effects, 46 yr old male with gastrointestinal reflux, case report, 2479
model of rhythmic auditory-motor integration, rhythmic intervention techniques in music therapy with gross motor dysfunctions, 12624
motor neuron disease & degeneration of thalamus, 46 yr old right handed female with progressive dementia & amyotrophy, case report, 26473
motor perseveration symptoms at onset, 62 yr old female & 59 yr old males with progressive supranuclear palsy, case reports, 26593
need for common perspectives, development & use of animal models of age related neurodegeneration & memory loss, literature review, 21486
neurodevelopmental profiles, 13 yr olds with deficits in attention &/or motor control & perception, Sweden, 6 yr followup, 29443
neurologic symptoms & family history, psychiatric hospitalization for depression & deteriorating function, male 33 yr old with Hallervorden-Spatz disease, case report, 30031
neuropsychiatric disorders, hospitalized 17–88 yr olds with cobalamin deficiency, 12441

neuropsychological assessment & cognitive testing, bipolar patients with vs without antecedent neurologic factors, 8614
neuropsychological theory, clinical assessment & retraining of neuropsychological impairments, conference presentation, 30058
neurotransmitter abnormalities & hyperactivity & aggression, 4–6 wk old male rats, animal model of acute phase of Borna disease, 26562
nutritional support methods, development of oral feeding skills & satisfaction & parental bonding, 4 mo old female with dysphagia & infantile cortical hyperostosis, case report, 5784
physical therapy evaluation, adults with acquired neurological insult, 13191
prediction & evaluation of everyday memory performance, 23–69 yr old neurological patients with vs without history of memory loss, 12395
preferential looking paradigm, assessment of noun & verb comprehension, 2.7–6.8 yr olds with cerebral palsy or other motor impairments & low receptive language skills, 36987
prevalence & treatment of drug induced akathisia, medical & surgical patients, Canada, literature review, 9494
prevalence of akathisia, mentally handicapped 25–77 yr olds receiving neuroleptics, 40767
prevalence of definite psychiatric disorder & illness behavior, female neurological inpatients, 23003
prevalence of obsessive compulsive symptoms, 6–15 yr olds at onset of Sydenham's chorea vs 7–15 yr olds at onset of rheumatic fever, 23058
prognostic value of blink response, neonates with neurologic abnormalities, 30103
progressive dementia & neural degeneration, patients with diffuse Lewy body disease, 19490
progressive supranuclear palsy, 69 yr old female who initially presented with paranoid delusions, case report, 15593
protriptyline, development of peripheral neuropathy, male 14 yr old with hypothalamic disorder & depression, case report, 12919
psychogenic vs organic sensory loss, 26–77 yr old psychiatric patients with hemifield numbness, 16215
psychological distress & neuropsychological complications of HIV infection & AIDS, 12519
psychopathology, patients with Wilson's disease with vs without neurological impairment, 30020
relationship between neurology & psychiatry & neurological aspects of psychiatric disorders, 1726
resolution vs confirmation of neurological symptoms & birth weight & early physical therapy, high risk infants assessed at 12 vs 24 mo, 5756
robots in group therapy, patients with neuropsychological disorders, 34362
serum & CSF levels of microglobulin, neurologically symptomatic vs symptom free 20–55 yr olds with HIV infection, 26480
severity & classification of neonatal dysfunction, prediction of behavior & school achievement, children with abnormal vs mildly abnormal neurological dysfunction assessed at birth vs 9 yrs of age, 19523
single photon emission computed tomography brain imaging, prediction of language & neurologic recovery, 51–70 yr olds with ischemic cerebral infarction, 40373
spontaneous mutation vs genetic engineering & animal models of muscular dystrophy & other neurogenetic disorders, mice, 5660
symptomatic variability in & myoclonus & EEG abnormalities & fluent aphasia in Creutzfeldt-Jakob disease, 61 yr old right handed male, case report, 26573
tactile perception of scratch direction measuring posterior column dysfunction, 14–83 yr olds with spinal cord vs functional neurological disorders, 33540
thiamine deficiency recovery & associated neuropathological & neurochemical conditions, visual & spatial discrimination learning & spatial delayed nonmatch to sample task performance, rats, 751
thiopentone, 12–57 yr old patients with nonorganic locomotor disorders, 6–9 yr followups, 9590
training using 2 types of apparatus, concentration, neurological rehabilitation center patients with attention deficits, conference presentation, 20264
TRH analog, patients with motorneuron disease, 23427
validity of Luria Nebraska Neuropsychological Battery, measurement of cognitive deficits caused by neurological disorder or brain damage, literature review, 14145
vestibular functioning & motor coordination, 7–12 yr olds with hearing loss vs motor impairment & learning disability, 5105
visual guidance & somaesthetic sensory imput, control of postural & kinetic tremor, patients with cerebellar system disorders, 16223
Nervous System Neoplasms [See Also Brain Neoplasms]
anatomical & functional neurologic problems, patients with neurofibromatosis, 5769
Nervousness
Morita therapy, dogmatic self containment, anxious & nervous clients, 33804
Nest Building
antisocial & social behavior & nesting & breeding, male & female adolescent yellow rumped caciques, 18038
dumped nesting & group life & mutual nest protection, predation, red winged blackbirds, 541
genotypic similarity, communal nesting & home range overlap, female vs male house mice, 4067
inner & outer dimensions of nest boxes, exploratory behavior & nest establishment, male mice, 35489
lead acetate exposure, nesting behavior & food & fluid intake induced by environmental temperature change, 60–365 day old male mice, 35797
learning strategies, host location & exploitation in nest excavation & provisioning, ground nesting wasps, 14617
mate access & photostimulation & nest box presentation, LH levels & reproductive behavior, cockatiel pairs, 28732
molding with body & feet vs manipulating with beak in building nest & preference for preformed nest, hens, 28471
natal & breeding dispersal, yearling & adult house wrens, 14583
nest & egg deprivation, plasma prolactin & LH & readiness to renest, ring doves, 39142
nest building behavior in preformed nest, domestic hens, 28497
nest predation & use of nest groups as food finding information centers & spatial variation in nest hole quality, nest distribution, Pigeon Guillemot, 39015
nest site choice & quality & nest materials used, sows & farrowings, 31989
nest site selection & temporal patterns in habitat use, roseate vs common terns, 14563
nest site selection in different geographic habitats, American Oystercatchers, 39038
nest site selection, roseate vs common terns, 7585
nesting phenology, nest site competition, Red headed vs Red bellied woodpeckers vs European starlings, 39031
photoperiod & cold exposure melatonin, thermoregulatory nesting & burrowing activity, hamsters, 757
plasma progesterone & nest building, pregnant female mice, 7711
prior experience, nest site selection, pinyon jays, 524
progesterone, nesting behavior, female mice housed individually vs in pairs, 4461
rare or never occurring tree hole circumstances, cavity vs shallow terrestrial scrape nesting & breeding, 3 species of parrots, 28502
social behavior & solitary play & aggression & nest building & grooming, hand vs mother reared gorillas, 35529
Netherlands
behavior in foot-in-the-door compliance induction procedure, adults, France vs West Germany vs Netherlands, implications for self perception theory, 32869
beliefs & attitudes & intentions toward nuclear energy 2 mo before vs 1 vs 6 mo after Chernobyl accident, 19–65 yr olds, Netherlands, 41514

community case register, evaluation of new services & continuity & patterns of care & deinstitutionalization, child & adult psychiatric patients, Netherlands, 20146
concept of person & place of individual in society, relations in multinational impersonal institutionalized interactions, Netherlands, 39749
cultural factors & instructional content, responses to ambiguous questionnaire, college students, Netherlands, replication, 21033
development & current status of partial psychiatric hospitalization programs, Netherlands, 2842
development of consultation liaison psychiatry, US vs Netherlands, 23116
diagnosis & health care, Vietnamese & Latin American refugees, Netherlands, 34159
diagnostic & treatment issues in provision of community mental health services, mentally retarded, Netherlands, 16789
ethical & legal considerations & proposed law allowing euthanasia in defined circumstances, AIDS patients, Netherlands, 26623
family background & self concept & friendships, homeless 13–20 yr olds, Netherlands, prevention implications, 25651
helping system & publicity campaign & prophylactic distribution & exchange program, controlled needle sharing & AIDS prevention, iv drug users, Netherlands, 2901
homosexual clubs, college students, 19th century, Netherlands, 29314
job satisfaction & perceived health & stress, nurses in various departments of general vs psychiatric hospitals, Netherlands, 9970
locus of semantic context effect in spoken word processing, native speakers of Dutch, Netherlands, 38863
management of drug abuse & problems, Netherlands, 32699
mental health services usage, 15 yr olds & older, Italy vs Netherlands, longitudinal study, 34244
methadone, opiate addicted patients, Netherlands, 23780
model of informational campaigns, public misconceptions about rape, adults, Netherlands, 5473
multiple discrepancies theory, measurement of demographic characteristics & life satisfaction & happiness & well being, 18–55 yr olds, Netherlands, 36502
organizational characteristics of forensic psychiatric hospitals & predictions of dangerous behavior, male mentally disturbed offenders, Netherlands, 37940
patterns of mental health care, 15 yr olds & older, 1976–79, West Germany vs Netherlands, 24 mo study, 9305
persecution & prosecution & sentencing of & attitudes toward sodomy, 18th century, Netherlands, 29320
persecution of sodomy, 1730–32, Netherlands, 29282
persecution of sodomy, 18th century, Netherlands, 29291
prevalence of transsexualism, males vs females undergoing cross gender hormonal treatment, 1976–86, Netherlands, 9042
prevention & treatment programs & modifications in government policy, heroin abuse, Netherlands, 2955
psychosocial rehabilitation in mental health care, Netherlands, 23735
reliability & validity of Addiction Severity Index, drug addicts, Netherlands, 31607
reliability & validity of authoritarianism concepts & instruments by T. W. Adorno et al, assessment of political racism & ethnocentrism, high school students, Netherlands, 21115
self esteem & perceived evaluations of family members vs friends vs teachers vs neighbors vs strangers, 13–16 yr old minority group immigrants, Netherlands, 18701
self reported fears, college students, UK vs Netherlands vs US, 15490
setting & programs & goals & characteristics of group home, autistic adolescents, Netherlands, 30741
social discrimination among vs against ethnic groups, 16–46 yr olds, Netherlands, 36239
social history of drug use, Netherlands, 8920
sodomy as secondary crime & rise of subcultures, 1600–1725, Dutch Republic, 29302
structural & temporal parameters of lexical development, Turkish 6 yr olds, Netherlands, 2 yr study, 39581
structure of secondary education & proposed changes in curriculum & dual secondary school examinations, high school students, Netherlands, conference presentation, 27792
teaching behavior, 8th grade mathematics teachers, Netherlands, 34698
validity & reliability of Dutch translation of Fear Questionnaire, 18–65 yr old phobic outpatients, Netherlands, 24662

Neural Development

assumptions of hemispheric equipotentiality & asymmetrical neural development in brain in S. de Schoen & E. Mathivet's model of hemispheric lateralization of face recognition, infants, commentary, 36084
asymmetrical neural maturation in brain, mechanisms & hemispheric lateralization of face recognition, infants, commentary, 36069
asynchronous development of brain regions & hemispheric specialization in face recognition, infants, commentary, 36041
auditory brain stem response & early brain maturity, irritability & consolability & cuddliness & self quieting, 0–5 day olds, Japan, 15030
bilateral lesions as intact hippocampal formation, A not B & object retrieval performance & memory, monkeys, implications for cognitive development, 39212
binocular competitive interactions, layer formation in lateral geniculate nucleus, 7642
birth weight differences of 25 percent or more, fine motor performance & coordination & visuomotor perception & risk of minimal brain dysfunction, infant twins, 23080
blocking of N-methyl-D-aspartate neural receptors, behavioral preferences & learned responses in olfactory preference training, rat pups, implications for neural development, 7667
brain neuroendocrine events & sexual differentiation of CNS structures, social play, juvenile animals & children, 4130
brain ultrasound appearance, prediction of neurodevelopmental impairment, preterm infants assessed at age 4, 29906
complex rearing environment following neonatal frontal decortication, motor performance & cortical development, adult rats, 801
cross species neural transplantation of cells from domestic chicken or quail mesencephalon & diencephalon, development of chimera system & crowing behavior, quails vs chicks, 14781
definition & rating of neonatal status, long term neurological & hearing impairments & mental ability, very low birth weight infants, 4 yr study, 23040
development of hippocampal glucocorticoid & mineralocorticoid receptor binding, rat pups, 18132
development of myelination, precocial spiny mice vs altricial rats, 18137
development of neurons within word motor pathway during song learning, male zebra finches assessed from 20–40 days of age, 11041
developmental plasticity of visual & auditory representations in superior colliculus, 4112
dexamethasone, glucocorticoid receptors & brain development, 7 day old rats, 14 mo followup, 28804
differential growth rates of cerebral hemispheres, lateralization of face recognition, infants, commentary, 36025
differential neural maturation rates in brains & hemispheric specialization in face recognition, infants, commentary, 36066
dosage of physostigmine in amygdaloid nucleus, passive avoidance learning & development of acetylcholinesterase, 7–20 day old rats, 14843
early experience & neural systems & physiological stress, etiology of fears & phobias, commentary, 15735
early postnatal propranolol, sleep wake & open field & other behaviors & alcohol drinking & regional brain amine development, newborn rats, 21754

functional properties of visual cortical areas & neural maturation, hemispheric specialization of face recognition, infants, commentary, 36037
handling during infancy, hippocampus concentration of glucocorticoid receptors & adrenocortical axis & developmental effects, male rats, 4131
hemidecortication during infancy vs adulthood, spatial navigation & cerebral anatomy in adulthood, rats, 11150
hemispheric specialization & face recognition & perception of facial expressions of affect, infants, commentary, 36068
in utero ethanol, density of synaptic formation in frontal cortex, neonatal rats, implications for fetal alcohol syndrome, 861
innate preference for facelike patterns & plasticity of cortical functions, development of face recognition, infants, commentary, 36035
interaction of corpus callosum & visual system during development, cats, 18089
levels of functioning & negative influences in ontogeny & relation to reward schedule effects & psychobiological development, 4552
levels of testosterone & FSH in midgestation amniotic fluid, sexual differentiation of brain, fetuses of female 35–40 yr olds, implications for study of postnatal development, 25385
low level prenatal lead exposure, lead levels in blood & child's neurobehavioral & physical development, children observed from birth to 5 yrs old & their mothers at time of birth, Australia, 36998
maternal stress during different gestational periods, 5-HT-2 cortical binding sites & 5-HT syndrome, adult rat offspring, 32109
maturation of forebrain cholinergic system, suppression of transport response intensity, 23–30 day old rat pups, 32061
maturation, short latency somatosensory EPs infants at 1 wk & 2–3 mo & 6–7 mo of age, 4562
maturity of neural pathway & body size & social interaction, jamming avoidance response, weakly electric fish, 7653
model of maturational changes in auditory & somatosensory & visual EP latencies, 18087
modularity & development of face processing, neonates, commentary, 36024
morphology & distributions of GABA & neuropeptide immunoreactive cell populations in visual cortex, fetal monkeys assessed from 110–155 days postconception, 18102
motor behaviors & morphology of body & brain, mutant shaker short tail mice, 592
multivariate statistical summary of synaptic plasticity measures of occipital cortical synaptic & cellural & vascular morphology, rats raised in complex vs social vs individual environments, 4152
neural development & experiential factors, hemispheric specialization in face recognition, infants, commentary, 36064
neural development & visual perception & experiential factors, hemispheric specialization in face recognition, infants, commentary, 36046
neural factors, postnatal development of visual acuity, monkeys, 14679
neural maturation & early experience, hemispheric lateralization in face recogntion, infants, commentary, 36087
neural maturation & experiences & other factors, hemispheric lateralization of face recognition & other functions, infants, reply to 20 commentaries, 36030
neural maturation & experiential factors, hemispheric specialization in face recognition, infants, commentary, 36023
neural maturation & experiential factors, hemispheric specialization in face recognition, infants, commentary, 36022
neural maturation & parent child interaction, hemispheric lateralization of face recognition, infants, commentary, 36070
neurodevelopment models of congenital risk for schizophrenia, 36637
neurodevelopmental etiology of schizophrenia, implications for impact of social class & marriage & fertility, 33170
neurodevelopmental patterns & outcomes, 6.3 yr olds with congenital vs acquired brain injury, 2 yr followup, 29852
neuromotor ability, healthy vs sick preterm vs healthy full term infants observed as newborns & from 3 to 12 mo old, 29952
neuronal maturation in postmortem cerebral cortex tissue, 19.5–24.5 wk old fetuses with vs without Down's syndrome, 33400
occurrence & etiology & neurological aspects, prognosis of learning disabilities, 33399
opportunity to nipple shift during suckling, weight & volume of hippocampus, rat pups, 14668
orientation & structure of dendrites in barrels of somatosensory cortex, mice assessed from 10 to 30 days of age, 18098
parcellation as process in ontogeny of neural circuits, commentary & reply included, 21520
postnatal aspirin, alcohol induced microencephaly & brain weight & growth, neonatal rats, model of 3rd trimester of human brain development, 35779
prenatal influences on development of hemispheric specialization, face recognition, infants, commentary, 36098
protein kinase C, membrane potential following neurotransmission & differentiation & memory, 28593
qualitative & quantitative hemispheric asymmetries & cerebral lateraliztion of face recognition, infants, commentary, 36029
regional neural metabolic activity during dehydration & ingestion behavior, 6 day old rats, 28605
resolution vs confirmation of neurological symptoms & birth weight & early physical therapy, high risk infants assessed at 12 vs 24 mo, 5756
retinohypothalamic tract lesions, circadian entrainment to light dark cycle & neural plasticity, male hamsters, 18263
role of "gating" principles of intrinsic motivation in genesis & self regulation of cerebral asymmetry, hemispheric lateralization of face recognition, infants, commentary, 36096
role of neuroevolution in characterology & personality development, 15511
sexual differentiation in sexually dimorphic nucleus of preoptic area, postmortem brains of males & females from fetal week 22 through 93 yrs old, implications for etiology of male homosexuality, 21556
shift of cortical projection area by stimulation of frontal cortex, conversion from sucking to chewing, neonate guinea pigs, 21518
skilled contralateral forelimb use in reaching for food, rats with unilateral motor cortex lesions vs hemidecortication at birth vs in adulthood, 11174
spiroperidol with vs without haloperidol, ontogenetic changes in 3H-spiroperidol binding sites in brain, 1–16 day old chicks, 35855
stress in infancy, distribution of physical diseases over age & CNS reorganization, 3–7 yr olds with psychiatric disorders or developmental retardation or somatic problems, 40042
stress induced reduction of maternal food & water intake during pregnancy, neurobehavioral defects, mouse pups, 28745
studies of prosopagnosia in brain damaged patients as support for S. de Schonen & E. Mathivet's theory of hemispheric specialization in face recognition, infants, commentary, 37041
temporal relationship between neuronal maturation & experiential factors, hemispheric specialization in face recognition, infants, 36031
transplantation of neocortical tissue to hypoplastic posterior neocortex, morphology & open field activity & maze learning, micrencephalic infant rats, 25132
treatment program & quality & level of hand & eye movements & role of mother, neuromaturation & developmental changes, autistic 25 mo old female & her mother, 30186
ultrasound brain scanning & neurological examination, prediction of neural development, at risk infants born at less than 33 wks gestation, 1 yr followup, 5801
unilateral olfactory deprivation induced by surgical occlusion of right naris, olfactory bulb cell development, rat pups, 18209

visual system plasticity, adults, literature review, therapeutic implications, 645
Neural Lesions
combined cholinergic & serotonergic denervation of forebrain, spatial learning, female rats, 28775
Neural Pathways [See Also Afferent Pathways, Corpus Callosum, Efferent Pathways, Fornix, Limbic System, Medial Forebrain Bundle, Optic Chiasm, Optic Tract, Reticular Formation]
ablation of giant interneuron pathway, short latency escape responses, cockroaches, 7806
adaptation from 2 vs 3 dimensional stimuli & neural integration of structural information, stereopsis & relative motion, adults, 35623
adaptive neural model, representation of target positions in brain invariant to retinal registration & eye posture, 11031
apomorphine infusion vs 6-OHDA lesions of ascending catecholaminergic systems ipsilateral vs contralateral to preference & practice, lateral preferences during various motor tasks, male rats, 21687
apomorphine vs caffeine, contralateral rotational behavior, male rats with unilateral lesions of nigrostriatal pathway, 35696
associative learning vs satiation vs sustained lip stimulation, feeding behaviors & neural pathways, Aplysia, 11127
brain as complex hierarchical system, consciousness, implications for neuroscientific research, 14697
conceptual framework for concurrent cognitive processing streams in visual cortex, monkeys, 7645
continuous presence of pups, development of maternal behavior, inexperienced male vs female rats with lesion between preoptic area & septum, 25171
corticostriatal pathway deafferentation vs intrastriatal N-methyl-D-aspartate, mediation of morphine vs methadone induced catalepsy, frontally decorticated female rats, 7754
CSF dynorphin A immunoreactivity in striatal fibers projecting to globus pallidus, patients with Tourette's syndrome, 22982
development of neurons within word motor pathway during song learning, male zebra finches assessed from 20–40 days of age, 11041
direct sensorimotor coupling through superficial sensory layers mapping directly onto underlying motor layer in vagal lobe, oropharyngeal reflexes, goldfish & carp, 621
electrical stimulation of internal capsule & substantia nigra, refractory period & conduction velocity & contraversive circling, rats, implications for connective continuous axon bundle, 4158
electrical stimulation of visuomotor neural pathways, lateral turning responses, rats, 25163
fetal antiserum to LH releasing hormone vs transection of nervus terminalis or medial olfactory peduncle, preferences for home nest, rat pups, 761
flash visual EPs, intraoperative monitoring of N2/P2/N3 components, patients undergoing craniotomy vs visual pathway vs noncranial surgery with anesthesia, 6228
functional logic of segregation & integration in visual cortex neural pathways, primates, 18146
iminodipropionitrile induced persistent spasmodic dyskinesia, regional cerebral glucose utilization & role of nigrotecto reticulospinal pathways, male rats, 35783
intrathecal or icv or spinal cannulas administered atropine sulfate or phentolamine, neural pathways for analgesic effect of morphine sulfate, unanesthetized restrained rats, 28828
laterally presented stimuli, validity of simple manual RT as measurement of interhemispheric transmission time for crossed vs uncrossed neural pathways, literature review, 14675
lesion of ascending noradrenergic & serotonergic pathways, antinociceptive effect of morphine, male rats, 32138
lesions vs postsynaptic blockade of 5-HT nerves vs receptors, analgesia induced by electrical stimulation of spinal 5-HT neurons near ventrolateral surface of medulla oblongata, rats, 7791
mapping of relative fiber density & brain stimulation reward sites in anterior hypothalamus at level of stria medullaris, male rats, implications for neural pathways, 32124
maturity of neural pathway & body size & social interaction, jamming avoidance response, weakly electric fish, 7653
model of continuous neuronal activity & information processing in motor planning & execution, 25073
neuronal misconnections, maladaptive behavior & psychiatric disorders, 33060
neuronal projection between optic tectum & motor pattern generating circuitry, orienting behaviors & saccade control, frogs & mammals, 627
noradrenergic pathway from locus coeruleus to limbic system, tardive dyskinesia & akathisia & pseudoparkinsonism, literature review, 23076
organization of peptidergic projections between parabrachia nuclear complex & central nucleus of amygdala, male rats, 39078
paired pulse electrical stimulation of lateral hypothalamic medial forebrain bundle, fiber refractory period distributions for brain stimulation reward & stimulation induced feeding, male rats, 778
parcellation as process in ontogeny of neural circuits, commentary & reply included, 21520
projections from auditory telencephalic areas to rostromedial archistriatum, possible involvement in learning & vocal motor control, budgerigars, 21492
reserpine, exploration/locomotion activity & neural processes, male rats, 39302
running practice, running EMG measuring muscle coordination, male mice with cross union of tibial & peroneal nerves & full muscle reinnervation, 39238
transection of nucleus parvocellularis in pontine reticular formation, salivary secretion, rats, 35759
uniform field flicker masking, artifact of synchrony with luminance in assessment of visual neural channels & contrast sensitivity, college students, 7309
unilateral primary visual cortex lesion, thalamus & pretectum retinofugal projections to lateral posterior nucleus & rostral pretectal areas & behavior, rabbits, 806
vestibulo-ocular reflex learning, activity of brain stem neurons in modified pathways, monkeys, 21527
visuotopic sectors of area V2 including prestriate & striate cortex, neural visual projections to & organization of pulvinar visual maps, macaques, 11027
Neural Receptors [See Also Baroreceptors, Chemoreceptors, Mechanoreceptors, Nociceptors, Photoreceptors, Proprioceptors]
activation of 5-HT like & GABA receptors in dorsal raphe nucleus, social interaction & punished responding, rats, 18349
acute vs long term methamphetamine, substance P concentrations & receptor numbers in brain regions, rats, implications for psychosis & schizophrenia, 28982
adrenergic receptor function in brain, changes in arousal & mood & memory, elderly, literature review, 1164
antidepressant drugs with vs without methysergide, DRL responding, male rats, implications for 5-HT receptors, 4421
B-HT 920 & SKF383933, postsynaptic D2 dopamine receptors & stereotyped behavior, rats, 11249
benzodiazepine receptor densities, postmortem brains from alcoholic patients, 19348
benzodiazepine receptor partial inverse agonists beta-CCE & FG 7142, anxiogenic properties & behavioral effects, humans & animals, literature review, 4495
blocking of N-methyl-D-aspartate neural receptors, behavioral preferences & learned responses in olfactory preference training, rat pups, implications for neural development, 7667
brain neurotensin levels & receptor characteristics & mediated behaviors, LS vs SS mice, conference presentation, 39089
central delta opioid receptors, mediation of opioid reinforcement & endogenous reward processes, male rats, 907

central histamine receptors, swimming despair, mice, animal model of depression, 7671
central noradrenergic receptors controlling cyclic adenosine monophosphate formation, stress adaptation & antidepressant drug action, literature review, 665
chronic aluminum sulfate, cognitive consolidation & extinction of passive avoidance task & hippocampal muscarinic receptor quantity, male rats, 28833
chronic antidepressant drugs with vs without forced swim, neural adaptation of beta adrenergic & 5-HT/2 receptors, male rats, 18231
chronic D-amphetamine withdrawal, apomorphine sensitivity of dopamine terminal autoreceptors in striatum & olfactory tubercule, male rats, 32228
chronic ECS, neurotransmitter & behavioral changes, animals, literature review, 32126
chronic haloperidol, density of D2 dopamine receptors in medial prefrontal cortex, rats, implications for schizophrenia, 11267
chronic haloperidol vs SCH 23390, role of D1 vs D2 receptors in extrapyramidal syndrome, male monkeys, 39266
chronic morphine treatment & withdrawal, adrenergic receptor density & electrophysiological responsiveness to isoproterenol in hippocampus, male rats, 35864
clonidine, central adrenoceptor sensitivity, 19–51 yr olds with panic disorder, 22610
concurrent benztropine & haloperidol, behavioral hypersensitivity & dopamine metabolism & receptor proliferation, male rats, 7834
cortical serotonin receptors, severity of depression, patients with right vs left hemisphere strokes, 2065
cyclic vs stable exposure to ethanol during postnatal brain growth spurt, activity level & responsiveness to bethanechol measuring hippocampal muscarinic cholinergic receptors, rats, 39337
daily estradiol, repeated desipramine vs ECS induced reduction in alpha-2 & beta adrenoceptor function, female rats, implications for efficacy of antidepressants, 28709
density & distribution of brain D1 vs D2 dopamine receptors, Buffalo vs Fischer rats, 18105
density & distribution of muscarinic cholinergic receptors & pyramidal cells in hippocampus, patients with Alzheimer's disease, 12474
desipramine, phospholipid metabolism & beta adrenoreceptor density & drug uptake & release, human fibroblast cultures, 11242
domperidone vs 6-ATN stimulation of dopamine receptors inside vs outside blood brain barrier, apomorphine induced limb flicks, male cats, 11308
dopamine antagonist raclopride, safety & tolerability & antipsychotic effects & prolactin response & plasma HVA & dopamine receptor occupancy, acute schizophrenic 18–40 yr olds, 30434
dopamine receptor agonists & role of dopamine D-1 & D-2 receptor subtypes, food & fluid intake, male rats, 21779
dopamine receptor subtypes, amphetamine discrimination, male rats, 35895
dopamine receptors & neurotransmission & effect of neuroleptic drugs, patients with schizophrenia, implications for role of stress, 8648
dopaminergic D1 with vs without D2 receptor antagonists, catalepsy, male mice, 4397
dopaminergic grafts in nucleus accumbens, behavioral effects of 6-OHDA lesions of nucleus accumbens vs A10 dopaminergic neurons, male rats, 11144
dorsal striatum dopamine depletion & striatal dopamine receptor binding & uptake sites, mice with homozygous weaver mutation, 28623
drugs acting on 5-HT-1 vs 5-HT-2 receptors, habituation of tactile startle responses, rats, 32203
drugs antagonistic to N-methyl-D-aspartate, PCP appropriate behavior as indicator of role of receptors in production of PCP discriminative stimulus effect, male rats, 18357
D1 agonist SKF 38393, D2 receptor agonist quinpirole induced stereotyped behaviors, male rats, 7937
D1 vs D2 agonists following pretreatment with D1 vs D2 antagonists, motility & grooming & stereotyped behavior, male rats, 18334
D2 receptors, reinforcing effects of dopamine agonists in conditioned place preference, male rats, conference presentation, 7862
ECT, presynaptic & postsynaptic serotonergic receptors, rabbits, 4278
enantiomers of alpha ionone & carvone, odor response thresholds, 18–60 yr olds, implications for chiral selectivity of odor receptors, 28219
enkephalins, learning & memory for positive & negative conditioning & opioid receptor & enzymatic action site outside blood-brain barrier, rats & mice, literature review, 4422
epinephrine & footshock, adrenergic receptor mediation of blood glucose, male rats, conference presentation, 7824
estradiol & progesterone, age at development of induced lordosis & origin of reduction in mediobasal hypothalamus progestin receptors, ovariectomized female guinea pigs, 35874
estradiol benzoate & progesterone, sexual receptivity & nuclear estrogen & cytosolic progestin receptor concentrations in hypothalamus preoptic area, female hamsters, 39394
excitatory amino acid receptor types & pharmacology, mediation of CNS neuronal transmission & synaptic plasticity & early learning, 35622
food deprivation, circulating glucose levels & paraventricular nucleus alpha 2 noradrenergic receptor sites, rats, conference presentation, 25127
forward vs backward CS-UCS pairing, olfactory bulb single unit neural responses & odor preferences, rat pups, 32056
glutamate receptor activity, schizophrenic patients, 12018
haloperidol vs SCH 23390 vs N-ethylcarboxamidoadenosine, caffeine with haloperidol vs carbamazepine induced stereotypy measuring role of purinergic system & dopamine receptors, male rabbits, 35882
imipramine or tyrosine, alpha-2-adrenergic receptor sensitivity & clonidine induced hypotension, 25–60 yr olds with major depression, 30534
immunoreactivity of nerve growth factor receptors in cell body & dendrites of cholinergic nuclei, aged rats, implications for etiology of Alzheimer's disease, 25040
inescapable shock, mu opiate receptor binding & long term hypoalgesia, male rats, implications for role of endogenous opiates in learned helplessness, 25162
interactions between steroids & GABA receptors, genesis of personality traits & cognitive ability & mood & neuronal & affective disorders, rats & humans, 880
interleukin-2 receptor levels, schizophrenic adults, 26155
intermittent ethanol, voluntary intake & muscarinic binding sites in striatum, male rats, 21825
intraaccumbens d-glutamylaminomethylsulphonate, amino-3-hydroxy-5-methylisoxazole-4-propionate vs quisqualic acid induced locomotor activity, male rats, 18439
iv antidepressants, dose dependent down regulation of beta adrenergic receptors, female rats, 18435
kainic acid lesions & fetal striatal transplants, dopamine receptor characteristics & activity & recovery of function, female rats, 21634
kainic acid lesions & fetal striatum transplants, striatal muscarinic receptor development & locomotor activity & T maze alternation, female rats, 21635
lipid mixture AL721, modulation of neural receptor function by fluidization of cell membranes, literature review, implications for serotonin receptors & AIDS & drug withdrawal, 820
lithium, 5-HT-2 receptor sensitivity assessed by slow wave sleep & other sleep parameters, male 25–37 yr olds, 39298
long term vs short term nicotine, amphetamine vs apomorphine induced locomotor activity & striatal dopamine formation & receptor binding sites, male rats, 35816
m-chlorophenyl-piperazine, blood drug & cortisol levels indicating serotonin receptor hypersensitivity, patients with panic disorder vs major depression, 22568

m-chlorophenylpiperazine, serotonin receptor hypersensitivity assessed through behavioral response, patients with panic disorder vs major depression, 16579
methylatropine vs pirenzepine, central oxotremorine antagonist properties in leverpressing responses, male rats, 7944
mianserin treatment & withdrawal, pupil dilation as measure of alpha-1-adrenoceptor sensitivity, 21–64 yr olds with major depression, longitudinal study, 34077
mild unpredictable stressors with vs without desmethylimipramine and/or apomorphine, dopamine autoreceptor sensitivity assessed through sucrose preference, male rats, animal model of depression, 4254
molecular approaches for identification of receptors & biomedical mechanisms of olfactory perception, 25076
molecular mechanisms in signal transduction at & behavioral expression of modulation of glutamate & N-methyl-D-aspartate & other excitatory amino acid receptors, 35639
naltrexone, preference for water vs saccharin solution, opioid receptor deficient CXBK vs C57BL/6BY-C57 female mice, 933
neurobiological abnormalities & putative targets of psychotropic drugs as elements in 2nd messenger transmitter/receptor systems, 7657
neuroleptic receptor binding in corpus striatum, 21–82 yr old psychiatric patients treated with neuroleptic drugs, 2455
neuroleptic treatment, D-1 & D-2 dopamine receptor density, postmortem brains from patients with schizophrenia vs Alzheimer's vs Parkinson's vs Huntington's diseases, 34098
neurotransmitters & receptor types regulating sexual behaviors, male rats, literature review, 827
neurotransmitters & receptors & neuropeptides in postmortem brains, chronic schizophrenic 30–75 yr olds, 19244
nicotine applied to tongue with vs without mecamylamine pretreatment, intensity of burning sensation measuring existence of cholinergic receptors, 20–35 yr old nonsmokers, 11247
noradrenergic & serotonergic receptor system function, patients with panic disorder vs major depression, 19127
norepinephrine, alpha-2-adrenergic receptor function, schizophrenic or depressive patients, 5237
number of serotonin recognition sites in frontal & temporal & parietal lobes, postmortem brains of 50–87 yr olds with Alzheimer's disease, 26612
opioid receptor agonist in nucleus raphe dorsalis, apomorphine induced aggression, male rats, 39305
parenteral vs icv morphine vs beta endorphin, antinociception, male adrenalectomized rats treated vs not treated with corticosterone vs dexamethasone vs RU 28362, 758
peripheral vs central opiate receptor blockade using methylnaloxone dose, motivation measured by place conditioning & aversion, morphine dependent rats, 21748
platelet serotonin receptor responsiveness, 17–53 yr old female inpatients with unipolar or bipolar depression, 29507
positron emission tomography imaging of neurotransmitter receptors, understanding of pathophysiology & role of dopamine & neuroleptic treatment, schizophrenic patients, 36710
potencies of N-methyl-D-aspartate antagonism & PCP receptor activation in binding & behavioral studies, frog spinal cords & rat brains, 28904
psychiatric implications of phylogenetic benzodiazepine receptor studies, mammals & avians, conference presentation, 632
quantitative autoradiographic methods, peripheral beta-adrenoceptors in blood lymphocytes, healthy males, 4115
receptor selective opioid agonists administered icv &/vs intrathecally, antinociception, male mice, 39381
repeated swimming stress, regional brain benzodiazepine receptor binding measured in vivo vs in vitro, mice, 39121
right then left monocular deprivation & 2-amino-5-phosphonovaleric acid blockade of left visual cortex receptors, neural pathway & ocular dominance of striate cortical neurons, kittens, 39175
role of GABA-benzodiazepine receptor complex in anxiety, 8591
role of N-allylnormetazocine vs PCP receptors, discriminative stimulus properties of N-allylnormetazocine measuring substitution & antagonism, male rats trained in drug discrimination, 39246
Ro05-4864 vs Ro05-5115 vs PK11195 vs PK14067, neuronal vs non-neuronal benzodiazepine site activity in nonopioid response to social defeat, male mice, 18419
RU 38486, neural progestin receptor levels & progesterone facilitation & inhibition of estrous behavior, female rats, 28983
serotonin receptor antagonists, behavioral effects of periaqueductal gray aversive brain stimulation, male rats, implications for anxiety & depression, 35708
serum levels of interleukin-2 receptors, adults with schizophrenia vs cerebral palsy, 25982
sigma receptor agonists cyclazocine with vs without N-allylnormetazocine, conditioned suppression of motility, male mice, 4438
SKF38393 & quinpirole & apomorphine & D1 & D2 receptor activation, stereotyped climbing behavior, mice, 28926
SOM-1122 activation of beta adrenergic receptors, locomotor activity & response rate under DRL & multiple FI-FR schedules, male rats, 14914
somatostatinlike immunoreactivity & receptors in postmortem cerebral cortex, depressed adults, 11930
stress, D2 dopamine receptor density & binding in medial prefrontal cortex vs striatum vs nucleus accumbens, male rats, 25056
stress, opiate receptor binding in brain, male rats, 7780
striatal D/1 vs D/2 receptor densities following amphetamine vs apomorphine induced circling behavior, rats, 14852
supersensitivity of alpha 2-adrenoceptors, endogenous depression, conference presentation, 40103
treatment mechanisms of beta carbolines with antagonist or partial inverse agonist properties at GABA benzodiazepine receptors, patients with senile dementia, 2528
unilateral opioid peptide injections into amygdala central nucleus vs medial hypothalamus, opioid receptor involvement in food intake, male rats, 4370
voltage vs current clamp recordings of taste cell receptor responses to sucrose vs sodium chloride, mice, 7688
yohimbine, antagonism of LSD by alpha-2-adrenergic receptor blockade during operant conditioning, male rats, 28844
yohimbine with vs without clonidine vs apomorphine, anxiogenic action in elevated plus maze & evidence for noradrenergic vs dopaminergic receptor involvement, male rats, 35834
5-HT agonists, role of 5-HT receptors in drug induced hypophagia, male rats, 18359
5-HT receptor agonists vs antagonists, modulation of acoustic startle reflex, male rats, 35870
5-HT-2 binding sites in frontal cortex, 20–87 yr olds who committed violent vs nonviolent suicide, 33237
6-OHDA & brief monocular deprivation, suppression of ocular dominance shift & visual cortex binocular cells & role of noradrenergic receptor system, dark reared cats, 39192
6-OHDA unilateral lesions of dopamine nigrostriatal neurons, EEDQ inhibition of D1 & D2 dopamine agonist induced rotational behavior, male mice, 18216
Neural Regeneration [See Neural Development]
Neural Transplantation
amphetamine vs physostigmine, maze performance, female rats with lesions of medial fimbria vs dorsal fornix & with vs without intrahippocampal fetal septal cell transplants, 18206
apomorphine before vs after implantation with fetal striatal tissue, rotation rate & topography, male rats with unilateral kainic acid induced striatal lesions, 4256
cortical homotopic or heterotopic grafts, disrupted taste aversion due to gustatory neocortex lesions, rats, 28763
cross species neural transplantation of cells from domestic chicken or quail mesencephalon & diencephalon, development of chimera system & crowing behavior, quails vs chicks, 14781

dopaminergic grafts in nucleus accumbens, behavioral effects of 6-OHDA lesions of nucleus accumbens vs A10 dopaminergic neurons, male rats, 11144
embryonal amygdala transplantation, impairment of spatial working memory by kainate induced amygdaloid damage, male rats, 35751
embryonal olfactory bulb vs substantia nigra grafts, spatial & working memory & olfaction guided food retrieval, bulbectomized adult rats, 21684
embryonic hippocampus vs astrocyte transplants, recovery from forced choice alteration task deficits produced by kainate lesions of CA3 pyramidal cells, male rats, 11149
fetal spinal cord homografts, hindlimb performance, rats with 3rd cervical spinal cord segment lesions, 35748
fetal striatal transplants, learning & locomotor & sensory motor performance & neuroanatomical correlates, rats with excitotoxin lesioned striatum, 35757
frontal cortex tissue implants, immediate vs delayed recovery assessed through water maze task performance & forepaw use & grooming, male rats, 18265
intracerebral grafts &/vs enriched environment, maze learning, rats with fimbria fornix lesions, 11146
kainic acid lesions & fetal striatal transplants, dopamine receptor characteristics & activity & recovery of function, female rats, 21634
kainic acid lesions & fetal striatum transplants, striatal muscarinic receptor development & locomotor activity & T maze alternation, female rats, 21635
neural tissue transplants following hippocampal or cerebral cortex injuries, behavioral recovery, rats, 14792
transplant of embryonic entorhinal tissues, spatial memory, rats with bilateral lesions of entorhinal connections, 795
transplantation of embryonic ventral forebrain grafts to neocortex, spatial memory deficits induced by bilateral lesions of nucleus basalis magnocellularis, male rats, 18274
transplantation of fetal brain tissue, restoration of neurotoxin induced behavioral dysfunction, rats & monkeys, implications for Parkinson's disease, 21705
transplantation of fetal cortical tissue, locomotor activity, male rats with frontal cortex focal suction lesions, 39225
transplantation of fetal noradrenergic locus ceruleus neurons into 3rd ventricle, inhibitory avoidance retention performance, aged rats, 7805
transplantation of fetal septal tissue in hippocampus, reversal of phenobarbital induced behavioral birth defects, mice, 21706
transplantation of neocortical tissue to hypoplastic posterior neocortex, morphology & open field activity & maze learning, micrencephalic infant rats, 25132
young vs old cerebellar grafts, norepinephrine responsivity, young vs old rats, 21629

Neuralgia

hypnosis, 27–62 yr olds with postherpetic neuralgia, case reports, 23466

Neurasthenic Neurosis

perception & word recall, adults with neurasthenia, USSR, 19155

Neuroanatomy

age, asymmetries in regional cerebral blood flow, male 19–68 yr olds, 39096
aging & neuroanatomic & neurochemical changes in brain, response to psychotropic drugs, literature review, 14905
anatomical organization of mammalian superior colliculus, ability to access orienting vs defensive responses to novel stimuli, rodents, literature review, 35586
anxiety induced by anticipation of painful electric shock, regional blood flow & neuronal activity, healthy adults, implications for pathological anxiety, 32049
autotomy after sciatic nerve section, formation of terminal neuroma, automutilating rats, 28586
brain morphology, schizophrenic 17–59 yr olds, 12053
brain neuronal restructuring from embryonic development through adulthood, memory, humans, 4104
brain structure & physiology research, faith as basic need, 35588
central noradrenergic influences & anatomical & neurochemical characteristics, olfactory bulb & processing of olfactory cues, mammals, literature review, 3699
cerebral asymmetries, dyslexic adult males, 19446
cerebral hemisphere mapping system for studies of functional asymmetry, 21568
cerebral hemispheres as parts of whole & role of corpus callosum, 32060
chronic haloperidol, reversible perforated postsynaptic densities in caudate nucleus vs nucleus accumbens, male rats, implications for drug tolerance & drug therapy, 39361
computer simulation & neural network model of adaptive visual motor coordination of multijoint arm for single postures & topographic sensory inputs, 4114
cranial size & anatomy & endocrine & metabolic parameters, 15–30 yr olds with anorexia nervosa, 5696
diencephalic amnesia & anatomico-behavioral relations, literature review, 30016
direct sensorimotor coupling through superficial sensory layers mapping directly onto underlying motor layer in vagal lobe, oropharyngeal reflexes, goldfish & carp, 621
fetal striatal transplants, learning & locomotor & sensory motor performance & neuroanatomical correlates, rats with excitotoxin lesioned striatum, 35757
fixation distance & nose protrusion, rationale for adaptive location of optic discs in retina, 7635
FORTRAN neural network simulator for supercomputers, backpropagation method of changing weights in connectionist models, conference presentation, 35618
functional organization & linkage between sensory & motor maps in superior colliculus, orienting responses, mammals, 663
functional specialization of brain structures in behavior, 21551
general framework & properties & neuroanatomical & neurochemical properties of memory, conference presentation, 25078
intermediate & medial part of hyperstriatum ventrale, memory, chicks, 28609
location of brain lesion, appetitively & aversively motivated learning, male rats, implications for C. Spearman's 2 factor intelligence theory & animal model of mental retardation, 813
magnetic resonance brain images, schizophrenic 18–44 yr olds, 8583
multivariate genetic analysis of variation in hippocampal structure & open field exploration of novel stimuli, male inbred mouse strains, 28595
neural network design based on principles of associative learning & competition & opponent processing, behavior modeling architectures, conference presentation, 35615
neural network organization & activity in cerebral cortex & motor CR, cats, 21507
neural response properties & topographic organization of ectosylvian auditory cortex, ferrets, 4139
neuroanatomical & neurophysiological correlates of minimal brain dysfunction, children, annotated bibliography, 19543
neuroanatomical model of panic disorder, 22550
neuroanatomy & neuropathology of primary & secondary affective disorders, literature review, 19138
nonparametric statistical analysis of fuzzy set data from neuronal networks, conference presentation, 35582
organization & function & distribution of metabolic enzyme cytochrome oxidase in visual cortex, primates, 14684
prenatal ethanol, cerebral metabolism & morphology of thalamic & callosal connections & corticospinal projection neurons, rats, implications for fetal alcohol syndrome, 21788
prenatal ethanol exposure, behavioral & neuroanatomical asymmetries, 3 day old male vs female rats, 39428
reach training, dendritic branching of pyramidal cells in layers II & III in motor somatosensory forelimb cortex, rats, 28637
research methods for analysis of neural substrates of anxiety, 12044

sex & complex vs isolated rearing environment, dendritic structure of hippocampal CA3 neurons, rats, 25044
structural brain abnormalities, male vs female schizophrenic 20–45 yr olds, 33166
taxometric analysis of cognitive & neuromotor variables, 7–12 yr olds of schizophrenic or depressed parents, 40097
univariate genetic analysis of variation in hippocampal structure & open field exploration of novel stimuli, inbred mouse strains, 28596
visuotopic sectors of area V2 including prestriate & striate cortex, neural visual projections to & organization of pulvinar visual maps, macaques, 11027

Neurobiology
aging, spatial learning deficits & underlying neurobiological mechanisms, rats, literature review, 21506
alcohol consumption & central neurotransmission, animals & humans, literature review, 25066
associative & relational landmark spatial perception & neurobiological maturation, rats, conference presentation, 11039
dysfunction of muscarinic cholinergic systems or abnormalities of cholinergic monoaminergic interaction & pharmacological perturbation, affective disorders, 29526
hippocampal neurobiological mechanisms, age related memory dysfunction, rats, literature review, 21525
integration of psycholinguistic & neurological & psychological approaches, research in syntactic processing, 35340
multidisciplinary approach to behavioral & neurobiological ethology, prey catching, toads, includes 22 commentaries & reply, 619
neurobehavioral aspects of bipolar disorder & other affective disorders, literature review, 26057
neurobiological & psychosocial factors, prediction of suicide risk, 1518
neurobiological correlates of aging vs depression, elderly, commentary, implications for developmental risk factors, 1663
neurobiological disruption of body schema, conference presentation, 16056
neurobiological function of oxytocin in CNS, literature review, implications for role in neuropsychiatric illness, 35587
neurobiology of learning & memory, animals, literature review, 25058
neurobiology of stress, clinical & biochemical manifestations of major depressive disorder, literature review, treatment implications, 15686
recent neurobiological research in alcoholism & other chemical dependencies, clinical applications, conference presentation, 26359
temporal lobe symmetry & frontosylvian cortical anomalies, developmental disorders including dyslexia, children, 36914

Neurochemistry [See Also Neuroendocrinology, Receptor Binding]
abnormalities in monoamine receptor systems, patients with anxiety disorders, 11975
active avoidance training, postacquisition synchronized vs paradoxical sleep parameters & brain DNA synthesis, female rats, 11007
acute vs chronic daily stress, norepinephrine levels in brain stem & hypothalamus, male borderline hypertensive rats, 35621
acute vs daily cocaine, behavioral & neurochemical effects, rats, 11252
adrenergic mechanism, steroid dependent lordosis response, female guinea pigs, 28849
age, effect of intermittent ethanol injection on neurochemical parameters & voluntary ethanol intake, male rats, 14950
aging & neuroanatomic & neurochemical changes in brain, response to psychotropic drugs, literature review, 14905
aging related changes in astrocytes or pericytes or neurons, blood brain barrier transport, elderly, commentary, implications for etiology of Alzheimer's disease, 2091
alterations in postsynaptic events, behavioral sensitivity to dopamine agonists, hypothyroid rats, 18313
ammonia released by tumor tissue, development of anorexia & neurochemical correlates, male rats with experimentally induced cancer, 35697
androgen accumulation in hyperstriatum ventralis pars caudalis, androgen responsiveness in other song system areas, male zebra finches, 39114
angiotensin II &/vs sinoaortic baroreceptor denervation, drinking & glucose utilization in subfornical organ & pituitary neural lobe, male rats, 35709
animal models of depression, assessment of biochemical changes & drug therapy prospects, 9557
antibrain antibody titers, autistic adolescents vs nonautistic mentally retarded vs depressed children, 5348
antidepressants & neuroleptics, choline uptake in human erythrocytes, 25191
antipsychotic drugs, frontal cortex dopamine metabolism, male rats, 25265
antistroke candidate MK-801, alterations in regional brain metabolism & comparison with PCP effects, male rats, 25287
anxiolytic drugs, punished responding & dopamine vs norepinephrine vs serotonin metabolites in CSF, pigeons, 14891
application of positron emission tomography to study of regional brain function & glucose metabolism, schizophrenic patients, 8752
arecoline, metabolic activity in pontine regions of brain, rats, 28974
arylcyclohexylamines including PCP, inhibition of PCP binding & dopamine synaptosomal uptake, rats, 39262
behavior differences & brain serotonin levels, 2 way shuttlebox avoidance conditioning, Fawnhooded vs Long Evans vs Wistar male vs female rats, 11048
behavioral vs neurochemical profiles of benzamide derivatives vs classical neuroleptics, rats, 11306
benzodiazepine receptor inverse agonist S-135, glucose utilization in brain areas with memory & arousal functions, rats, 21780
blood brain barrier deficit, etiology of aging related cognitive deterioration & Alzheimer's & other neurodegenerative diseases of CNS, commentary, 1986
blood brain barrier function, etiology of aging related disorders & dementia, commentary, 2018
blood brain barrier function, etiology of Alzheimer's disease, commentary, 2064
blood platelet 5-HT uptake & impulsivity & anger, 18–47 yr old males with episodic aggression, 29690
brain acetylcholinesterase activity, patients with dominantly inherited olivopontocerebellar atrophy, 9109
brain ganglioside concentrations, 56–78 yr olds with dementia of Alzheimer type, conference presentation, 37005
brain neuroendocrine & neurochemical factors, maternal behavior, mammals, literature review, 7661
caffeine dose & plasma & brain concentrations of caffeine & its metabolites, uptake of benzodiazepine receptor ligand & locomotor activity, mice, 35836
catecholamine innervation of cerebral cortex & neural projections, control of attention & related behaviors, animals & humans, literature review, 610
cell assembly theory, hippocampal amnesia for recent vs older memories, 30029
central dopamine neurotransmission & receptor binding, postmortem brain samples, schizophrenic patients, 8687
central noradrenergic influences & anatomical & neurochemical characteristics, olfactory bulb & processing of olfactory cues, mammals, literature review, 3699
cerebral edema & biological correlates, chronic alcoholic adult inpatients assessed during abstinence, 8819
cerebral glucose metabolic rates, nondepressed 23–61 yr olds with obsessive compulsive disorder, 15626
choline acetylcholinesterase & guanylate & adenylate cyclase & muscarinic receptors in brain regions, 70–81 yr olds with Alzheimer's disease at autopsy, 9023
chronic exposure to white noise, central cholinergic activity, rats, 748

chronic naltrexone, nigrostriatal & mesolimbic dopamine synthesis & morphine induced dopamine stimulation & locomotor activity, male rats, 28799
classical conditioning of light CS to shock UCS onset, brain extracellular fluid levels of ependymin, goldfish, 35662
classical conditioning of nictitating response, dorsal cochlear nucleus uptake of radioactive glucose, rabbits, 7654
clinical & neurochemical correlates, 7–45 yr old patients with Gilles de la Tourette Disorder, 2105
clonidine infusion into locus ceruleus, behavioral & neurochemical changes induced by naloxone precipitated morphine withdrawal & hippocampal MHPG levels, male rats, 18455
CNS actions of atrial natriuretic factors, conference presentation, 14700
cocaine, cerebral glucose utilization, rats, 32267
cognitive & sensorimotor test performance, sleep & neurochemistry, aged rats, 35619
concentration & distribution of thioridazine & its metabolites in post mortem brain tissue, schizophrenia patients, 5341
continuous cocaine infusion, operant responding & motor activity & stereotyped behavior & neurochemical processes, rats & monkeys, conference presentation, 11258
cortical microvascular neuropathology, blood brain barrier changes, patients with Alzheimer's disease, 2116
cranial size & anatomy & endocrine & metabolic parameters, 15–30 yr olds with anorexia nervosa, 5696
CSF levels of neuron specific enolase, 54–81 yr old patients with Alzheimer's disease vs multi-infarct dementia, 9206
CSF neurochemistry, schizophrenic inpatients with vs without tardive dyskinesia, Taiwan, 33115
CSF neuropeptide Y, hospitalized patients with fluphenazine treated vs unmedicated schizophrenia vs major depression, 33008
cyano derivatives of dosulepin, antidepressant action & serotonin vs noradrenaline uptake, mice & rats, conference presentation, 924
density & distribution of brain D1 vs D2 dopamine receptors, Buffalo vs Fischer rats, 18105
detection of & electrophysiological & biochemical responses to terrestrial magnetic fields, rodents, 654
developments in understanding & treatment & neurochemical correlates including serotonin, affective disorders, 26048
diagnosis & treatment & protein metabolism & precursor loading effects & neuropsychological & neurochemical findings, 73–87 yr olds at early stage of late onset Alzheimer's disease, 40402
dietary tryptophan vs tyrosine vs choline vs other nutrients, brain serotonin & neurotransmission, rats, implications for drug therapy & appetitive symptoms, 773
dihydroergosine, mouse killing measuring aggressiveness & raphe nuclei & hypothalamus 5-HT & olfactory bulb GABA, male rats, 35849
directional bias in conditioned circling, striatal & nucleus accumbens & olfactory tubercle dopamine metabolism, rats, 39115
discrete chemical lesions of visual cortex, physiological properties of cortical neurons & motion information processing, rhesus monkeys, 14794
dopamine & cocaine physiology & abuse, treatment implications, 19400
dopamine &/or norepinephrine uptake, discriminative stimulus properties of dextroamphetamine, rhesus monkeys, 35835
dopamine receptors & neurotransmission & effect of neuroleptic drugs, patients with schizophrenia, implications for role of stress, 8648
dorsal fornix or neurotoxic lesions with vs without clonidine, memory & behavior, rats, animal model of Alzheimer's disease, conference presentation, 39233
dosulepin isomers, inhibited serotonin uptake & imipramine binding & noradrenaline uptake & desipramine binding, male albino rats, conference presentation, 841
droperidol & clonidine, role of dopamine & norepinephrine in orienting & switching of attention, male 18–30 yr olds, 32174
drug alteraction of serotonin neurotransmission, excitability & photoresponses of Type B photoreceptors during associative conditioning, mollusks, 35820
drugs as research tools in neuropsychobiology, 7911
ECS, apomorphine induced stereotypy & 3-H-spiroperidol binding in corpus striatum & 3-H-dopamine accumulation in brain & blood brain barrier permeability, rats, 779
enantiomers of tranylcypromine, aggressive behavior & monoamine uptake & release, male rats, 25311
endogenous hormonal & neuromodulatory systems activated by posttraining, retention & memory, literature review, 28686
environmental cues with vs without naloxone or morphine, defensive behavior, infant rhesus monkeys exposed to humans, 32218
ethanol, plasma corticosterone & noradrenaline metabolism in amygdala & locus ceruleus, stressed vs nonstressed rats, 14939
excitatory amino acid receptor types & pharmacology, mediation of CNS neuronal transmission & synaptic plasticity & early learning, 35622
exposure to stressful white noise levels vs relative silence, local cerebral glucose utilization, male rats with bilateral 6-OHDA lesions of locus coeruleus, 39224
expression of aggression during stress, norepinephine turnover in brain, male rats, 21560
fibria fornix transection, neurofilament phosphorylation & choline acetyltransferase in medial septal nucleus, male rats, implications for development of Alzheimer's disease, 32134
functional vs nosological interpretations of serotonin disturbances, patients with psychiatric disorders, 26195
Gaussian derivative model, assessment of retinal receptive field mechanisms for spatial vision, animals & humans, 18145
general framework & properties & neuroanatomical & neurochemical properties of memory, conference presentation, 25078
genetic linkage analysis of catecholamines through tyrosine hydroxylase activity, patients with manic depression, conference presentation, 1650
genetic predisposition & temperament & neurochemistry & neuropsychological effects & defenses, relapse, alcoholic patients, 26344
glucose metabolism & neuropsychological assessment, dementia, 47 yr old male with Down's syndrome, 8950
haloperidol, CNS cholinergic marker enzymes acetylcholinesterase & choline acetyltransferase, rats, implications for pathophysiology & treatment of schizophrenia, 7883
heroin conditioned auditory stimuli, cerebral functional activity, male rats trained to self administer vs receive yoked infusions of heroin, 18461
heroin vs cocaine self administration, plasma & pituitary & brain beta endorphin as neurochemical correlate of drug dependency, male rats, 32291
hippocampal & neocortical synapses, critical period for long term potentiation, rat pups, 28632
histological & physiological changes associated with aging related disorders, blood brain barrier function, literature review, 2075
icv aluminum vs sodium tartrate, open field behavior acquisition & retention of shock avoidance & EEGs & glucose uptake, male rats, 4410
idebenone enhancement of cerebral metabolism, memory impairment induced by 4-vessel occlusion & cerebral embolization, male rats, animal models of cerebrovascular disturbance, 39425
idebenone, levels of acetylcholine & choline & free fatty acids & energy metabolites in brain & protection against amnesia, male rats with cerebral ischemia, 39334
iminodipropionitrile induced persistent spasmodic dyskinesia, regional cerebral glucose utilization & role of nigrotecto reticulospinal pathways, male rats, 35783

inescapable shock, motor behavior mediated by brain neurotransmitter systems, rats, implications for endogenous depression, 14777
injection of carbachol into basal forebrain, acetylcholine turnover rate in cerebral cortex & working memory in radial maze, rats, 4468
ion transport across lingual epithelium & electrophysiological measures from taste nerves, male rats, 4151
IQ & brain energy metabolism & short term memory capacity, 8th & 9th harmonic of EEG waves, 35638
isolation time & motor activity & arousal induced changes in forebrain deoxyglucose uptake, male zebra finches, 7639
language fluency & comprehension & cerebral glucose metabolism, patients with Broca's vs Wernicke's vs conduction aphasia, 26586
laterality & frontality measures of cerebral blood flow & cerebral metabolic rate, symptom specificity, schizophrenic adults, 36600
lateralization of temporal lobe glucose metabolic rate, patients with chronic schizophrenia, 36577
lesions of nucleus basalis magnocellularis, cortical choline acetyltransferase activity & passive avoidance performance, male rats, 4281
local cerebral glucose metabolism, 53 yr old male with pure alexia secondary to acute cerebral infarction, case report, 9196
locomotor behavior & activity & central serotonergic function, male mice infected with Venezuelan equine encephalomyelitis virus, 11116
long term flurazepam, brain GABA metabolism, male rats, 14865
lordosis inducing flank stimuli, 2 deoxyglucose uptake reflecting neural responses, female hamsters, 39090
maintenance clonidine, salivary amylase concentration & total amylase & salivary volume, 7–13 yr olds with Tourette's syndrome vs attention deficit disorder, 6127
maternal alcohol consumption, GABA levels in various brain regions, rat pups, 4405
mean cortical gray matter & regional cerebral metabolic rates for glucose, adults with childhood onset obsessive compulsive disorder, 36702
metabolic abnormalities & direction of asymmetries, patients with Alzheimer's disease vs multiple infarctions with cognitive disorder, 30010
middle prefrontal cortex metabolism, auditory discrimination, schizophrenic patients, implications for pathophysiology, 15647
molecular mechanisms in signal transduction at & behavioral expression of modulation of glutamate & N-methyl-D-aspartate & other excitatory amino acid receptors, 35639
morphine, naltrexone induced supersensitivity to discriminate stimulus effects, pigeons, implications for non-opioid antagonistic action, 4359
movement & novelty of visual display, 2-deoxyglucose uptake in visual cortex, male rats, 28615
multiple doses of physostigmine vs tacrine vs metrifonate, acetylcholine metabolism, rats, implications for treatment of Alzheimer's disease, 35821
murine trisomy 16 & abnormal cytoskeletal interactions, mice fetus, animal model of Down's syndrome, 35629
N-methyl-d-aspartate amino acid receptor class, Hebb-type synaptic plasticity associated with development & learning, 4090
neonatal vs adult dopaminergic neuron lesions using 6-OHDA, functional interaction between purines & dopamine, adult rats, implications for Lesch-Nyhan syndrome, 4284
neurochemical & behavioral changes in memory processes, mice, animal model of memory disorders, conference presentation, 39101
neurochemical & neurophysiological factors associated with inheritance, family members with schizophrenia, conference presentation, 1579
neurochemical & pharmacological mechanisms of satietins & other endogenous anorectic agents, implications for obesity treatment, literature review, 7662
neurochemical etiology & treatment, eating disorders, literature review, 2076
neurochemical findings in postmortem suicide studies, literature review, 36804
neurochemical imbalance as basis for alcoholism as neuropsychogenetic disease, 22777
neurochemistry & immunochemistry of serotonin in CNS, nudibranch mollusks, implications for associative conditioning, 35577
neurochemistry of cocaine dependence, implications for pharmacotherapy in cocaine abuse treatment, conference presentation, 6522
neuroendocrinological & neurochemical activity, patients with Alzheimer's disease vs senile dementia of Alzheimer type vs multi-infarction dementia, 9064
neuroleptic actions, calcium activated potassium conductances, rats, clinical implications for schizophrenia, 18318
neuropathology & neurochemistry, schizophrenic patients, 15711
neuropeptide Y CNS distribution & effects, literature review, implications for neurological & psychiatric disorders, 35637
neurotoxin induced cerebral norepinephrine depletion, acquisition & retention of conditioned avoidance responding, Sprague-Dawley vs Fischer male rats, 7886
neurotransmitter amino acids in postmortem caudate nucleus & nucleus accumbens & frontal cortex & amygdala & hypothalamus, chronic schizophrenic patients, 1632
neurotransmitter metabolism in alcoholism, 29770
normal vs decreased EEG alpha background, parietal lobe function & glucose metabolism, 50–70 yr olds with Alzheimer's disease, 9194
nucleus basalis bilateral lesions using colchicine, food reinforced working memory & radial arm maze learning & neocortex neurochemistry, male rats, implications for Alzheimer's disease, 814
ocular fixation with vs without patterned visual stimulation to left vs right hemifield, left vs right visual cortex metabolism, male 18–30 yr olds, 643
organization & function & distribution of metabolic enzyme cytochrome oxidase in visual cortex, primates, 14684
osmotic simulation vs induced hypotension vs metoclopramide, plasma vasopressin response, patients with Alzheimer's disease, 16189
oubain vs ethnacrynic acid vs diphenylhydantoin, cerebral cellular sodium transport & dehydrational water drinking, rats, 35908
PCP, regional brain glucose metabolism in diencephalic & telencephalic regions, implications for animal model of schizophrenia, 11283
PCP vs MK 801 & interaction with nifedipine, rotarod ability & hyperactivity & convulsive activity, male mice, 39367
pentobarbital, eyestalk withdrawal & cheliped closing response & depressed facilitated transmitter release & synaptic plasticities, crayfish, 21830
persistent infection with lymphocytic choriomeningitis virus, regional brain choline acetyltransferase activity, mice, 7948
phylogenetic development of neural systems of learning ability, animals, conference presentation, 589
physostigmine, metabolism & blood flow in neocortex, male rats, implications for memory in Alzheimer's disease, 32282
plasma & CSF levels of immunoreactive delta sleep inducing peptide, patients with major depression or schizophrenia, 8552
platelet serotonin uptake, patients with panic disorder vs major depression, 33154
po self administration of dextroamphetamine, brain norepinephrine & development of aversive behavior, male rats, 25252
positron emission tomography, neurochemical effects of cocaine abuse, humans, treatment implications, conference presentation, 5480
postmortem brain concentrations of free amino acids, schizophrenic vs normal adults, 36632

postmortem dopamine beta hydroxylase activity in locus ceruleus, brains of 26–75 yr olds with paranoid schizophrenia, 29540
postmortem neurochemical correlates of neuronal disturbance vs prior drug treatment effects, schizophrenia, 26158
preclinical studies of fluoxetine as 5-HT uptake inhibitor, side effects & neurochemistry, rats, implications for depression treatment, conference presentation, 18432
prefrontal cortex glucose metabolism, 20–74 yr olds with unipolar vs bipolar vs bipolar manic depression vs obsessive compulsive disorder with vs without depression, 26021
prenatal ethanol, cerebral metabolism & morphology of thalamic & callosal connections & corticospinal projection neurons, rats, implications for fetal alcohol syndrome, 21788
prenatal methylmercury, physical development & reflexes & locomotor & perceptual performance & brain morpholcgy & neurochemistry, rats, implications for teratological assessment techniques, 11213
prenatal phenobarbital, birth weight & sensory motor development & neurotransmitter uptake & hyperactivity, C57BL/6J (C57) vs CBA mice pups, 28969
prenatal vs paternal inhalation exposure to ethanol, brain neurotransmitter concentrations & motor processes & operant learning & activity level, rats, 4440
properties & molecular mechanisms of long term synaptic potentiation hypothesis & significance for learning theories, 21494
protein abnormalities, Alzheimer's disease, 9027
psychological trauma or PTSD, neurochemical changes in catecholamine system of brain & long term medical morbidity & autonomic nervous system activity, literature review, 12050
punishment, turnover rates of norepinephrine & dopamine & 5-HT in discrete brain regions, male rats, 11122
quantum mechanics of EEG & neurochemical correlates of short term memory, 672
regional brain & CSF arginine vasotocin, sexual behaviors & hydromineral balance, male rough skinned newts, 4169
regional brain glucose metabolism, drug free schizophrenic patients, 1741
regional brain glucose metabolism, schizophrenic patients, 1740
regional cerebral blood flow & metabolism, 52–71 yr olds with transient global amnesia vs cerebral transient ischemic attacks, 33524
regional cerebral blood flow vs positron emission tomography procedure, controversy of cerebral metabolic hypofrontality in schizophrenia, 15809
regional cerebral glucose metabolism & integrity of cerebral structure, 19–23 yr old identical twin sets with psychotic episodes, 33029
regional cerebral glucose metabolism & memory & attention & abstract reasoning, 45–77 yr olds with mild dementia of the Alzheimer's type, longitudinal study, 9065
regional cerebral glucose metabolism, 24–65 yr old female identical twins, 7643
regional neural metabolic activity during dehydration & ingestion behavior, 6 day old rats, 28605
repeated fenfluramine, central 5-HT depletion & tolerance to neurochemical & anorectic effects of acute fenfluramine, male rats, 18361
research in neurochemistry & neuropharmacology, neurobiology of schizophrenia, 22541
research methods for analysis of neural substrates of anxiety, 12044
resting vs active conditions, regional brain interactions, 22–41 yr olds with chronic schizophrenia & decreased frontal & increased subcortical metabolism, 33210
role of medial preoptic area, neurochemical regulation of maternal behavior, rats, literature review, 7672
role of 5-HT in aggressive & suicidal behavior & depression & anxiety & personality disorders, 19033
saccharin, brain deoxyglucose uptake, diet induced obesity prone vs resistant male rats, 39347
sc nicotine, local cerebral glucose utilization, rats, 4414
seasonal variations in platelet serotonin uptake, 23–84 yr olds with endogenous depression, 29594
serotonergic nervous system, learning & memory, literature review, 21483
serotonin reuptake inhibitors, transport of 3-H-serotonin into synaptosomal fractions, rat brains, implications for depression, conference presentation, 18371
sexual refractoriness & locomotion, 5-HT & 5-HIAA & dopamine & DOPAC & norepinephrine levels in brain, male rats, 636
shock aversive conditioning vs conditioned fear, regional cerebral glucose utilization, male rats, 4082
sibutramine hydrochloride as antidepressant, noradrenergic down regulation, rats, 18294
signaled vs unsignaled shock, brain noradrenaline metabolism & plasma corticosterone, rats, 39117
square wave gratings vs diffuse light stimulation, glucose metabolism, rats, 4191
sulpiride vs chlorpromazine, regional cerebral glucose metabolism, 19–41 yr olds with acute schizophrenia, 34123
symptoms & biological markers & similarity to depressive disorders, patients with chronic pain syndromes, 9230
systems theory approach, assessment of neuronal & molecular mechanisms of memory & behavior, animals, conference presentation, 18119
thiamine deficiency recovery & associated neuropathological & neurochemical conditions, visual & spatial discrimination learning & spatial delayed nonmatch to sample task performance, rats, 751
thioridazine enantiomers, dopamine & norepinephrine & muscarinic receptor binding in brain & catalepsy, male rats, 28977
TRH analog, hippocampal cholinergic activity & memory deficit, male medial septal lesioned rats, animal model of Alzheimer's disease, 35705
TRH stimulation test, sensitivity & specificity of TSH response, 13–17 yr olds with major depression vs other psychiatric disorders, 15577
utility of clonidine-growth hormone test as biological marker, patients with depression or panic disorder or obsessive compulsive disorder, literature review, 8587
utility of platelet MAO activity as biological marker, patients with psychiatric disorders, 8685
verbal fluency task induced activation, regional cerebral glucose metabolism, 26–77 yr olds, 7674
5-HT & depression, conference presentation, 19078
5-HT receptor agonist RU-24969, brain synthesis of 5-HT & dopamine & assessment of potential anxiolytic & antidepressant properties, rats, 4329
6-OHDA induced unilateral dopamine depletion in striatum & ipsilateral mesolimbic system, amphetamine induced rotation & neurochemical reorganization, male rats, 28718

Neurodermatitis

cutis verticis gyrata, chronic schizophrenic 21–55 yr olds, Taiwan, 29515
incidence of migraine headaches & neurodermatitis, 28 & 33 yr olds with multiple affective episodes, case reports, 5205

Neuroendocrinology

abnormalities of hypothalamic pituitary thyroid & hypothalamic pituitary adrenal axis in affective disorders, conference presentation, 40155
administration & withdrawal of psychotropic medication, hypothalamic pituitary adrenal regulation, psychiatric patients, 9547
aging, neuroendocrine & CNS functioning & risk of depression, elderly, commentary, 1616
aging related changes in CNS & neuroendocrine functioning, risk of major depression, elderly, literature review, 1729
amineptine, depressive & obsessive compulsive symptomatology & cortisol periodicity & dexamethasone inhibition & beta endorphin & lipotropin response to clonidine, obese 13–53 yr olds, 9493
animal model of stress, neuroendocrinology, females with functional hypothalamic amenorrhea, 33474

baseline neuroendocrine function & diagnostic stability, patients with nonmanic psychosis, 15649
behavioral & neuroendocrine & physiological effects of m-chlorophenylpiperazine, patients with Alzheimer's disease, implications for serotonergic studies of aging, 33579
brain neuroendocrine & neurochemical factors, maternal behavior, mammals, literature review, 7661
brain neuroendocrine events & sexual differentiation of CNS structures, social play, juvenile animals & children, 4130
cigarette smoke & nicotine exposure, neuroendocrinology & immune system, animals, literature review, medical implications for humans, 39300
cold stress, metabolic rate & temperature & TSH & thyroxine & triiodothyronine & growth hormone & prolactin & cortisol responses, 19–50 yr olds with endogenous depression, 1550
DST measurement of hypothalamic pituitary adrenal axis activity, patients with depression & other psychiatric disorders, 19054
endocrinologic abnormalities, patients with Huntington's or Parkinson's disease or tardive dyskinesia, 9107
estrogen & androgen level during brain differentiation & estrogen feedback, neuroendocrine responses & sexual orientation & sex role behavior, heterosexuals vs homosexuals vs transsexuals, 4093
etiologic hypotheses of impaired hormonal homeostasis, female with premenstrual changes in mood & behavior, 9071
exposure therapy & conditioning procedures, neuroendocrine effects response prevention, animals & phobic humans, 30397
fenfluramine, neuroendocrine & mood responses, schizophrenic adults, 34061
fentanyl, neuroendocrine & behavioral responses & plasma cortisol level, healthy males, 21757
hyperventilation related symptoms & Type A behavior, mental stress induced anxiety & acute psychosomatic complaints & plasma catecholamines & ACTH & cortisol & prolactin, healthy 20–29 yr old males, 14740
hypothalamic pituitary adrenal activation of corticotropin releasing hormone system, patients with panic disorder, 11962
hypothalamic pituitary adrenal axis activity, patients with panic disorder vs experiencing external stress, 11987
hypothalamic pituitary adrenocortical axis activity, patients with major depression, 8730
iv L-tryptophan, 5-HT function & serum prolactin level & mood responses, 3,4-methylenedioxymethamphetamine using 22–47 yr olds, 19386
iv tryptophan before vs during lithium treatment, neuroendocrine & mood responses, 24–63 yr old patients with affective disorders, 20005
limbic hypothalamic pituitary adrenocortical function, neurobiology of depression, 19120
lumbar puncture stress, plasma levels of ACTH & cortisol & growth hormone & CSF norepinephrine levels, depressed or schizophrenic adults, 19063
menstrual cycle, growth hormone & prolactin & cortisol & noradrenaline & mood & behavioral responses to opiate receptor agonist fentanyl, female 21–36 yr olds, 18352
multiple endocrine disturbances, patients with anorexia nervosa &/or bulimia, 9161
neural & endocrine mechanisms, parental care & mating reflexes & courtship, vertebrates, 4111
neuroendocrine & behavioral processes, pregnancy & pseudopregnancy, rats, literature review, 7714
neuroendocrine activity, patients who attempted suicide, 8861
neuroendocrine activity, patients with anxiety disorders, 8580
neuroendocrine changes assessed through DST, affectively ill children & adolescents, 8746
neuroendocrine correlates of Type A behavior pattern, literature review, 707
neuroendocrine function & sleep physiology & abnormalities, patients with panic disorder, literature review, 5319
neuroendocrine response to oral dextroamphetamine, 17–31 yr old males, 39328
neuroendocrine responses to strenuous exercise, Type A vs Type B adults, 35676
neuroendocrine tests, assessment of brain noradrenaline & 5-HT function & influence of drugs, patients with anxiety or panic disorder or depression, literature review, 1666
neuroendocrinological & neurochemical activity, patients with Alzheimer's disease vs senile dementia of Alzheimer type vs multi-infarction dementia, 9064
neuroleptic & antipsychotic drugs, dopamine antagonistic properties & neuroendocrine function, humans & animals, literature review, 9518
neurophysiology & endocrine correlates of trances, 12–50 yr old participants in Thaipusam festival, Malaysia, 21610
nocturnal cortisol secretion, inpatients with Alzheimer's disease, 9025
pharmacologic interventions, neuroendocrine disorders following traumatic brain injury, 16574
pituitary thyroid axis & hypothalmic activity, 22–71 yr olds with primary endogenous depression, 1692
prolactin suppression with vs without progesterone replacement, thermally regulated maternal behavior, intact vs adrenalectomized female rats, literature review, 7715
propranolol vs diazepam, cardiovascular & neuroendocrine responses to mental arithmetic, male Type A 18–25 yr olds, 32303
psychoendocrinology, anorexia nervosa, 33665
psychopathological & neuroendocrinological characteristics, patients with borderline personality disorder vs major depression vs schizophrenia, 1629
stimuli of renin angiotensin aldosterone system, water intake & sodium appetite, mice, 28959
symptomatology vs diagnostic subtypes vs neuroendocrinology, prediction of amitriptyline response, patients with major depression, 6188
synthetic human corticotropin releasing hormone, plasma growth hormone release, adults with major depression, West Germany, implications for neuroendocrine systems responses, 8643
utility of neuroendocrine challenge tests, patients with schizophrenia, 8597
Neuroinfections [See Infectious Disorders, Nervous System Disorders]
Neuroleptic Drugs [See Also Chlorpromazine, Fluphenazine, Perphenazine, Phenothiazine Derivatives, Promazine, Reserpine, Sulpiride, Tetrabenazine, Trifluoperazine]
acute dystonia as extrapyramidal side effect, schizophrenic vs manic males under 45 yrs old taking neuroleptics, 16607
administration & therapeutic & side effects of zuclopenthixol, inpatients with schizophrenia or manic phase manic depressive psychosis, 34022
administration of Abnormal Involuntary Movement Scale, screening for tardive dyskinesia, patients on neuroleptics, 19996
adverse reactions to neuroleptic therapy, length of psychiatric hospitalization, schizophrenic patients with depressed vs schizophrenic parent, 23387
alpha flupentixol, response latency & extinction of pretrained place or cue spatial navigation swimming tasks, decorticate vs hippocampectomized female rats, 35915
alprazolam & stable doses of neuroleptics, reduction in positive & negative symptoms, schizophrenic 28–64 yr olds, 23373
amphetaminil vs methylphenidate vs clorotepin, motor activity & attention, hyperkinetic children, conference presentation, 2560
antidepressants & neuroleptics, choline uptake in human erythrocytes, 25191
antipsychotic & antimuscarinic potency of antipsychotics & tolerance to benztropine withdrawal, 15–65 yr old psychiatric inpatients, implications for prediction of side effects of antipsychotics, 26984
antipsychotic drug exposure, prevalence of dyskinesia, developmentally disabled 1–98 yr olds, 6200

antipsychotic drug therapy, EEG spectral characteristics & auditory EPs, schizophrenic 26–46 yr olds, 5 yr study, 12003
antipsychotic drug withdrawal symptoms, literature review, 9504
antipsychotic drugs, frontal cortex dopamine metabolism, male rats, 25265
antipsychotic drugs, hippocampus & striatum dopamine receptor binding & antagonism of apomorphine induced climbing, male rats & mice, implications for extrapyramidal side effects, 11184
antipsychotic drugs, serum prolactin, psychotic patients, 9516
antipsychotic therapy, tardive dyskinesia, 20–70 yr old psychiatric outpatients, 16548
antipsychotic withdrawal symptoms, 28 & 48 & 52 yr old females with affective disorders, commentary, 34020
antipsychotic withdrawal vs induced akathisia, adult chronic schizophrenic patients, implications for existence of tardive akathisia, 23375
antipsychotics & D-1 & D-2 dopamine antagonists, prolactin release, male rats, 28878
antipsychotics, neuropsychological test results & cognitive functioning, schizophrenic patients, literature review, 16601
antipsychotics vs benzodiazepines in rapid tranquilization, conference presentation, 26951
asymmetry of visual EPs & lateralized occurrence of neuroleptic induced parkinsonism or tardive dyskinesia, psychiatric patients, 2551
atypical neuroleptics clozapine or sulpiride or remoxipride or raclopride, schizophrenic psychoses, literature review, 9503
behavioral toxicity of benzodiazepines vs long acting neuroleptics vs lithium carbonate vs antidepressants, psychiatric patients, 6134
behavioral vs neurochemical profiles of benzamide derivatives vs classical neuroleptics, rats, 11306
benzamide dopamine agonist, pharmacological study of antipsychotic function assessed by antagonism of drug induced activity & neurochemistry & EEG, mice & rats, 4326
benztropine with vs without propranolol, neuroleptic induced akathisia, schizophrenic 22–53 yr olds, 23416
beta adrenergic antagonists, neuroleptic induced akathisia, psychotic patients, meta analysis, 23424
BMY 14802, apomorphine induced electrophysiological changes in substantia nigra & ventral tegmental area dopamine neurons, male rats, implications for antipsychotic effects, 4505
bovine parathyroid hormone & arginine vasopressin, urinary cyclic adenosine monophosphate response & concentrating ability, schizophrenic 24–67 yr olds on long term neuroleptics, 2563
bromocriptine, neuroleptic induced galactorrhea & plasma prolactin levels, 38 yr old female with schizoaffective disorder, case report, 2477
buspirone, neuroleptic induced akathisia, 28 & 31 & 60 yr olds with schizophrenia or bipolar mania with psychosis, case reports, 34018
cerebellar vermis brain ratio, neuroleptic response, male schizophrenic patients, 20018
ceruletide, tardive dyskinesia, psychotic adults with long term exposure to neuroleptics, 12882
ceruletide with neuroleptics, EEG & symptoms, schizophrenic 23–44 yr olds, 12886
challenge dose of apomorphine vs neuroleptic before vs after 3 wk neuroleptic drug therapy, plasma & urine HVA, schizophrenic 30–46 yr olds, 23368
chlorpromazine or thioridazine or trifluoperazine induced hypotension, 27 & 30 & 33 yr olds with postpartum psychosis, case reports, 26932
cis-flupenthixol to forebrain dopamine terminals, medial forebrain bundle self stimulation & motor performance, rats with 6-OHDA dopamine lesions, implications for nucleus accumbens, 25146
classification of neuroleptic drugs, positive vs negative symptoms, schizophrenic patients, 12839
clinical features & levodopa treatment, 21–79 yr olds with neuroleptic induced Parkinson's syndrome, 12866
clinical utility of decreased vs increased neuroleptic dosages, chronic psychotic patients, 30422
clozapine discrimination learning, cholinergic mediation of discriminative stimulus properties, male rats, 28943
clozapine, drug induced psychotic symptoms, 61–77 yr olds with Parkinson's disease, 23436
clozapine induced agranulocytosis, 25–38 yr olds with schizophrenia or schizoaffective disorder, case reports, 16589
clozapine vs chlorpromazine, treatment resistant schizophrenic patients, 9533
clozapine vs chlorpromazine, 25–44 yr olds with haloperidol refractory schizophrenia, 34039
clozapine vs haloperidol, dopamine transmission in amygdaloid complex, rats, 819
clozapine vs loxapine vs haloperidol vs molindone vs thioridazeine, rates of fixed consecutive number responding, male rats, 14922
clozapine vs thiothixene vs sulpiride vs chlorpromazine vs loxapine, delayed matching to sample performance, pigeons, 32265
current neuroleptic drug therapy, voluntary control of lip & jaw & tongue movements, schizophrenic patients with vs without tardive dyskinesia, 23364
cyproheptadine, mood & sleep & tardive dyskinesia & akathisia, males with movement disorders secondary to neuroleptics, 30406
development & reliability & validity of scale for rating drug induced akathisia, 32–65 yr old chronic inpatients receiving antipsychotic medication, 38588
dextrofenfluramine, neuroleptic induced obesity, schizophrenic 20–65 yr olds, 16570
diagnostic & clinical & biological & pharmacological predictors, response to antipsychotic drugs, schizophrenic patients, literature review, 12879
differentiation of stereotypies from neuroleptic related dyskinesia, autistic 2.5–7.8 yr olds, 34069
dipropylacetamide, patients with bipolar maniomelacholic psychosis, 2554
discontinuation of neuroleptic medication, return of psychotic symptoms, 34 yr old female, case report, 37516
disinhibitory effect of neuroleptic drugs, negative symptoms, 12876
dopamine receptors & neurotransmission & effect of neuroleptic drugs, patients with schizophrenia, implications for role of stress, 8648
dosage of high vs low potency neuroleptic drugs & length of hospitalization, schizophrenic inpatients, 1973 vs 1982, 34092
dosage of repeated oral remoxipride, pharmacological effects & pharmacokinetics, males, 11216
dose & plasma levels of clozapine, psychiatric patients, 30451
doses & assessment tools, measurement of clinical activity of neuroleptic drugs, schizophrenic patients, 12830
drug dose & plasma level & competition in neuroleptic drug for binding sites in striatal tissue, schizophrenic patients, 6197
drug interactions involving neuroleptics & MAO inhibitors, patients with late onset psychosis or mood disorders, 9574
DST before vs after neuroleptic treatment & positive vs negative symptoms, schizophrenic 20–45 yr olds, conference presentation, 34116
duration of clozapine trial, neuroleptic resistant schizophrenic patients, 40785
early morning neuroleptic dose, midday plasma HVA & cortisol, 18–45 yr olds with chronic or subchronic schizophrenia, 34013
effect of long term clozapine treatment, schizophrenic or schizoaffective patients, Sweden, 12878
essential fatty acid supplementation, adult patients with schizophrenia or bipolar affective disorder or personality disorder & tardive dyskinesia & history of exposure to neuroleptic drugs, 37572

etiology & evidence for existence of tardive psychosis, schizophrenic patients treated with neuroleptic drugs, 30492
examination & clozapine treatment of sleep related painful erections & associated insomnia & depression, 33 yr old male, case report, 40804
extrapyramidal side effects of neuroleptic therapy, differential diagnosis & treatment, patients with AIDS, 40805
family attitude & low vs standard dose neuroleptic treatment, social adjustment & family response & relapse, schizophrenic 17–60 yr olds, 1 yr study, conference presentation, 9540
family disposition & obstetrical complications & ventricle brain ratio, antipsychotic drug response, schizophrenic inpatients, 19998
fenfluramine side effects, schizophrenic 24–52 yr olds with limited response to neuroleptics, 34068
fluoxetine & tricyclic antidepressants, elevated plasma level & toxic side effects of antidepressant, depressed female 31 & 42 yr olds, case reports, 16650
flupenthixol decanoate, craving following withdrawal, crack cocaine addicted 22–37 yr old outpatients, 30826
fluperlapine, EEG patterns, 22–59 yr olds with acute schizophrenia, 2472
fluspirilene vs bromazepam, neuroleptanxiolytic action, patients with anxiety & psychoreactive disorders & psychovegetative symptoms, 16571
formalized informing process concerning risks & benefits of neuroleptic medication, knowledge level & treatment compliance, stable schizophrenic outpatients, 6 mo followup, 37521
gas chromatographic mass spectrometry, assessment of plasma clozapine & metabolite, chronic schizophrenic 21–44 yr olds, implications for evaluation of pharmacokinetic properties in treatment, 16542
gradual decrease in maintenance dosage of antipsychotic drugs, stereotyped & collateral behaviors, 12–37 yr old profoundly mentally retarded institutionalized males, 26986
haloperidol vs clozapine, hypothermia associated with amelioration, schizophrenic patients, 34038
haloperidol vs clozapine vs thioridazine, dextroamphetamine induced stereotyped behavior, male rats, 32300
haloperidol vs perphenazine at neuroleptic steady state, plasma HUA & MHPG & treatment response, psychotic 16–65 yr olds, 33997
haloperidol vs pipothiazine palmitate, 18–45 yr olds with acute schizophrenia, Brazil, 6117
high vs low potency neuroleptics, violent behavior, male schizophrenic inpatients, 9522
hisdidyl-proline diketopiperazine CHP, reversal of dopaminergic supersensitivity induced by chronic neuroleptic administration, male rats, implications for tardive dyskinesia, 32270
history & treatment & other aspects of neuroleptic induced akathisia, literature review, implications for treatment with beta blockers, 30402
history of neuroleptics & introduction of chlorpromazine & related research on tardive dyskinesia, conference presentation, 37491
hypothesis regarding antipsychotic effects of neuroleptic drugs, implications for treatment, 35814
indications for use & dosages prescribed for neuroleptic medication, geriatric nursing home patients, 40957
injection of 12 antipsychotic drugs, dose response curves of HVA in prefrontal cortex & caudate, rats, 14827
integrated treatment of secondary depression, 26 yr old schizophrenic female on neuroleptic medication, case report, 2475
isofloxythepin vs haloperidol, acute attack of schizophrenic psychoses & paranoid states, psychiatric patients, conference presentation, 2539
isofloxythepin vs haloperidol, adults with schizophrenia or paraphrenia or schizoaffective psychosis, conference presentation, 2545
isofloxythepin vs pimozide vs penfluridol, remission rates, schizophrenic patients, 1 yr study, conference presentation, 2538
isofloxythepine, prolactin response & nonstimulated growth hormone levels, adult schizophrenic patients, conference presentation, 2501
justification of neuroleptic drug treatment, psychiatric inpatients, 37543
lithium & droperidol induced neuroleptic malignant syndrome, schizophrenic 40 yr old female, case report, 19924
lithium & neuroleptic therapy, neurologic complications, 26–43 yr old manic patients, 23411
lithium & neuroleptic treatment, extrapyramidal symptoms, 18–59 yr old psychiatric inpatients, conference presentation, 16531
lithium with vs without haloperidol or chlorpromazine, lithium transport & BP & weight, bipolar 20–72 yr olds, 40769
lofepramine, development of hyponatremia, manic depressive 74 yr old female, case report, 34125
long term neuroleptic treatment, involuntary orofacial movements, mentally handicapped or epileptic 16–90 yr old inpatients, 12932
long term neuroleptic treatment, tardive dyskinesia, adult psychiatric patients, 5 yr study, Australia, 37479
long term treatment with cis(z)-flupenthixol decanoate, schizophrenic adults, 2503
lorazepam adjunctive to neuroleptic drug therapy, 20–52 yr olds with chronic schizophrenia, 2460
lorazepam or diazepam with vs without flupentixol, psychomotor performance, adults, 14896
low dosage neuroleptics, 21 & 29 yr old females suffering from psychotic depression, 40780
low vs high doses of risperidone vs haloperidol, vertical & horizontal & stationary motor movements, male rats, 14900
maintenance treatment with depot injections of zuclopenthixol decanoate, chronic psychotic 21–67 yr olds, 30469
maladaptive behaviors, maintenance on neuroleptic drugs, institutionalized mentally retared adults, 34006
neuroleptic & antipsychotic drugs, dopamine antagonistic properties & neuroendocrine function, humans & animals, literature review, 9518
neuroleptic actions, calcium activated potassium conductances, rats, clinical implications for schizophrenia, 18318
neuroleptic affinity for acetylcholine & noradrenaline & histamine receptors, therapeutic effects, conference presentation, 2557
neuroleptic anticholinergic effect & positive vs negative symptoms, electrodermal responses to mild vs task relevant tones vs loud white noise, hospitalized schizophrenic patients, 36594
neuroleptic drugs & behavior problems & quality of care, residents of rest homes & units in nursing homes, implications for policy, 27184
neuroleptic drugs & ECS, met5-enkephalin-arg6-gly7-leu8 immunoreactivity in CSF, schizophrenia patients & rats, 23117
neuroleptic drugs &/vs lithium, manic patients, conference presentation, 23408
neuroleptic drugs, basal plasma immunoreactive beta endorphin levels, 9–27 yr olds with autism vs schizophrenia, 2565
neuroleptic drugs, dementia, 34114
neuroleptic drugs, negative symptoms of schizophrenia, literature review, 30487
neuroleptic drugs, priapism, commentary, 34026
neuroleptic drugs, visual attention asymmetries, hospitalized psychotic patients, 37570
neuroleptic drugs with low vs high anticholinergic properties, electrodermal response to soft tones vs loud noise, schizophrenic adults, 9517
neuroleptic drugs with vs without concomitant anticholinergic agents, patients with induced acute dystonia, 2444
neuroleptic failure due to akathisia & subsequent response to lithium, schizophrenic patients, 2530

neuroleptic induced marching in place, psychiatric patients, 34028
neuroleptic induced Parkinsonian side effects, severe to borderline mentally handicapped inpatients, 23429
neuroleptic or anxiolytic or antidepressant drug therapy, psychopathological side effects, 6176
neuroleptic plasma levels & dopamine receptor occupancy, commentary with reply included, 34124
neuroleptic receptor binding in corpus striatum, 21–82 yr old psychiatric patients treated with neuroleptic drugs, 2455
neuroleptic response, psychotic 15–24 yr olds, case reports, 23362
neuroleptic side effects, emotional defecation, rats, animal model of neuroleptic induced dysphoria & anxiety, commentary, 25302
neuroleptic therapy, nonpsychotic anxiety, 6125
neuroleptic treatment, EEG during text vs design copying task, 25–67 yr olds with schizophrenia vs affective disorders, 34070
neuroleptic withdrawal, agitation level & dyskinetic movements & cognitive ability, elderly dementia patients, conference presentation, 12904
neuroleptics & alprazolam vs diazepam, schizophrenic outpatients, 2465
neuroleptics & tardive dyskinesia, smooth pursuit eye movement, schizophrenic adults, conference presentation, 9582
neuroleptics, apomorphine induced activity & stereotyped behavior & quipazine induced head twitches, implications for involvement of striatal dopaminergic supersensitivity, 32179
neuroleptics, Capgras syndrome, 24 yr old Mexican born female, case report, 2533
neuroleptics, creative kinase elevation, 30 & 28 yr old males with paranoid schizophrenia or borderline personality disorder, case reports, 2517
neuroleptics, distress call behavior in isolation, male chicks, conference presentation, implications for animal model of depression, 32229
neuroleptics, dysfunction in prefrontal cortex metabolism during performance of auditory discrimination, schizophrenic inpatients, 16549
neurotensin analog or alpha flupenthixol, amphetamine induced hyperactivity, rats, 35888
nicotine & cannabinoids, enhancement of neuroleptic drug therapy, patients with Tourette's syndrome or dystonia or other motor disorders, literature review, 40788
pathophysiology including dopamine & GABA & cholecystokinin & opioid correlates & treatment, neuroleptic malignant syndrome & neuroleptic induced tardive dyskinesia, 30432
paw test model, discrimination of classical vs atypical neuroleptic drugs using RT of forelimb & hindlimb withdrawal, rats, 4348
penfluridol & thioridazine induced prolactinoma, 24 yr old schizophrenic female, Jordan, case report, 6132
perazine, plasma concentration of drug & its metabolite, psychotic adults, 16543
pharmacology & accepted indications & use of antipsychotic drugs, brain injured patients, 9496
pharmacology of antipsychotic drugs and drug interactions, medical patients, literature review, 27012
platelet aggregation response to neuroleptic agonists, schizophrenic male 18–50 yr olds taking vs not taking neuroleptics, 6136
platelet MAO activity & negative vs positive symptoms, male 23–30 yr olds with schizophrenia taking vs not taking neuroleptics, 1671
positron emission tomography, identification of biological markers & studies of neuroleptic drug effects on neural receptors, psychotic patients, literature review, 12058
positron emission tomography imaging of neurotransmitter receptors, understanding of pathophysiology & role of dopamine & neuroleptic treatment, schizophrenic patients, 36710
prenatal exposure to neuroleptic drugs, height & weight, children of parents with history of psychiatric treatment followed from birth to 7 yrs old, 34085
presenting complaints & preadmission diagnoses & use of psychotropic medication, 65–94 yr old psychiatric patients, implications for appropriate prescription of psychotropics, 16532
prevalence of akathisia, mentally handicapped 25–77 yr olds receiving neuroleptics, 40767
prevalence of depot neuroleptic treatment, UK vs West Indian vs Asian born 16–59 yr olds, England, 23393
prevalence of obesity, schizophrenic patients receiving depot neuroleptic drugs, 16636
prevalence of tardive dyskinesia &/or pseudoparkinsonism, chronic psychiatric inpatients who received neuroleptics for 2 yrs or more, 23462
psychopharmacology of risperidone vs ritanserin vs haloperidol, rats & dogs, implications for schizophrenia therapy, 4386
psychotherapy & pharmacotherapy with neuroleptic drugs, group dynamics, groups of schizophrenic patients, 23124
rechallenge with zuclopenthixol, neuroleptic malignant syndrome, 33 yr old female with reaction to haloperidol & trifluoperazine, Netherlands, case report, 37518
reduction in dose or withdrawal of antipsychotic drugs with or without concurrent withdrawal of antimuscarinic antiparkinsonian agents, literature review, 26949
relapse due to neuroleptic induced supersensitivity psychosis, 25–63 yr old schizophrenic or schizoaffective patients, 16576
remoxipride with or without diazepam or ethanol, objective performance & subjective assessment, 21–28 yr olds, 32240
research on dopamine & clozapine & other atypical antipsychotic drugs, dopamine hypothesis of schizophrenia, commentary, 33128
reserpine with neuroleptics, psychopathology & agitation & hyperactivity, male patients with neuroleptic refractory chronic schizophrenia, 34084
response of neuroleptic drugs as means of classifying schizophrenia, 33019
response to neuroleptics, 19–61 yr old siblings with schizophrenia or schizoaffective disorder, 34014
reversible acute dystonia following high dose fluperlapine, schizophrenic 21 yr old male, case report, 12912
risk factors for & prevention of neuroleptic induced tardive dyskinesia, conference presentation, 16586
role of antipsychotic drugs & exercise & stress or other etiology, sudden death & cardiovascular effects, psychiatric patients, 1957–80, literature review, 12840
role of serotonin & modulation by neuroleptic drug clozapine, tardive dyskinesia, literature review, 40174
serum concentrations during treatment with zuclopenthixol vs flupentixol, selection & value of monitoring drug levels, psychiatric patients, 26968
serum neuroleptic activities, inhibition of relapse, schizophrenic 16–73 yr olds, 20010
serum neuroleptic levels, relapse rate, 19–63 yr olds with schizophrenia or schizoaffective disorder treated with fluphenazine with vs without other neuroleptics or antiparkinson agents, 4 yr followup, 12831
short vs medium vs long term neuroleptic therapy, peripheral opioid secretion, schizophrenic adults, 9492
single doses of levomepromazine, psychomotor skills & memory tasks, healthy volunteers, 7933
specialized course in management of extrapyramidal syndromes, prescription of neuroleptic doses & diagnoses, psychiatric residents, conference presentation, 20354
spiperone vs chlorpromazine vs clozapine vs haloperidol vs sulpiridex, reversal of effects of phenethylamine hallucinogenic in locus coeruleus, rats, 32274
spiroperidol with vs without haloperidol, ontogenetic changes in 3H-spiroperidol binding sites in brain, 1–16 day old chicks, 35855
stereoisomers of butaclamol, regional brain neurotensin, male rats, implications for therapeutic effects of antipsychotic drugs, 32157

successive increasing neuroleptic dosage vs cholinolytic coma vs pimozide, 6–18 yr olds with form of Tourette's syndrome, 27000
symptomatology & antipsychotic drugs, perceptual asymmetry, patients with acute psychotic schizophrenia, 26038
therapeutic efficacy of zuclopenthixol, schizophrenic &/or manic 18–65 yr olds, 2448
time dependent dopaminergic model of neuroleptic action, implications for pharmacotherapy of schizophrenia, 16616
timiperone vs sulpiride dosage, relapse prevention, schizophrenic outpatients in remission, 37538
Tourette-like symptoms following neuroleptic withdrawal, autistic 5.5 yr old male, case report, 26998
use of different neuroleptic drugs, recovery from neuroleptic malignant syndrome, 18 yr old male with schizophrenia, case report, 34079
utility & side effects of & prevention of relapse with neuroleptics, schizophrenic patients in psychosocial rehabilitation program, 6137
valproic acid & neuroleptics combination, 39 & 40 & 47 yr olds with neuroleptic resistant psychotic symptoms, case reports, 30530
withdrawal from neuroleptic treatment, plasma HVA & MHPG levels, chronic schizophrenic 18–41 yr olds, 19965
withdrawal from perphenazine, lingual dyskinesia presenting as tongue pain, female 79 yr old, case report, 34041
zotepine, schizophrenic 28–55 yr olds, 12845
5-HT class receptor agonists vs antagonists, haloperidol induced dyskinesias, male squirrel monkeys, 35845
50 percent neuroleptic dose reduction, relapse, 28–66 yr old schizophrenic outpatients, 3 yr followup, 19944
50 percent reduction of flupenthixol, chronically schizophrenic adults on high dose regime, 2461
50 vs 100 mg amisulpride vs placebo, negative syndrome, nondepressed nonpsychotic outpatients, implications for schizophrenic patients, 19975
Neuroleptic Malignant Syndrome
benztropine following bromocriptine treatment, muscle rigidity due to neuroleptic malignant syndrome, 33 yr old male, case report, 16631
clinical differentiation of lethal catatonia vs neuroleptic malignant syndrome, psychiatric patients, 26039
concomitant bromocriptine & thioridazine treatment, psychotic 28 & 32 yr old males with neuroleptic malignant syndrome, case reports, 26957
ECT vs drug therapy, neuroleptic malignant syndrome, commentary, 2166
escalated dosage of haloperidol, development of neuroleptic malignant syndrome & subsequent death, 84 yr old male with agitation & dementia, case report, 23435
fatal neuroleptic malignant syndrome, paranoid schizophrenic 36 yr old male, case report, 8659
haloperidol induced neuroleptic malignant syndrome & its recurrence after amantadine withdrawal, 75 yr old male with senile dementia & delusions & aggressive behavior, case report, 37512
im benztropine, neuroleptic malignant syndrome with delirium & dystonia & autonomic changes, 24 yr old male with paranoid schizophrenia, case report, 23374
lithium & droperidol induced neuroleptic malignant syndrome, schizophrenic 40 yr old female, case report, 19924
long term outcome of neuroleptic malignant syndrome, 26–48 yr olds, 2–11 yr followup, case reports, 5266
mortality from neuroleptic malignant syndrome, 1959–87, literature review, 19221
neuroleptic malignant syndrome & high fever, neuropathology including cerebellar degeneration, 32 yr old male with chronic schizophrenia & Klinefelter's syndrome, case report, 32956
neuroleptic malignant syndrome & pneumomediastinum, 32 yr old male with minimal brain damage & acute psychotic episode, England, case report, 37508
neuroleptic malignant syndrome & prolonged fever, schizophrenic 42 yr old male, case report, 34052
neuroleptic malignant syndrome as complication of levodopa withdrawal in striatonigral degeneration, 65 yr old female with Parkinson's disease, case report, 16567
neuroleptic malignant syndrome, elderly patients, 30401
neuroleptic malignant syndrome, male mildly mentally retarded 37 yr old with hypomania & recent hepatitis B infection, case report, 40337
neuroleptic malignant syndrome, mentally retarded 23 yr old male, case report, 19985
neuroleptic malignant syndrome, 17–68 yr olds, Finland, 4 case reports, 23414
neuroleptic malignant syndrome, 33 yr old male with AIDS, case report, 34003
nonneuroleptics or low doses of low potency antipsychotics, rehospitalized psychiatric patients with history of neuroleptic malignant syndrome, implications for prevention, 40768
oral diazepam, neuroleptic malignant syndrome, schizophrenic male 24 yr old, 23413
pathophysiology including dopamine & GABA & cholecystokinin & opioid correlates & treatment, neuroleptic malignant syndrome & neuroleptic induced tardive dyskinesia, 30432
prevalence of neuroleptic malignant syndrome, 1963–86, 5686
prospective analysis of neuroleptic malignant syndrome, 17–92 yr old hospitalized psychiatric patients, 34094
rechallenge with zuclopenthixol, neuroleptic malignant syndrome, 33 yr old female with reaction to haloperidol & trifluoperazine, Netherlands, case report, 37518
risk & incidence of malignant hyperthermia, 15–71 yr olds & their 1st degree relatives with history of ECT & drug therapy & neuroleptic malignant syndrome, 16572
spectrum concept of neuroleptic malignant syndrome, 26 & 22 yr old schizophrenic females & 65 yr old female with bipolar disorder, case reports, 11901
trimipramine, neuroleptic malignant syndrome with polydipsia, female 47 yr old with obsessive compulsive disorder & major depression, case report, 37525
use of different neuroleptic drugs, recovery from neuroleptic malignant syndrome, 18 yr old male with schizophrenia, case report, 34079
Neurolinguistic Programing
eye movements in neurolinguistic programing, nonfluent aphasic adults, 26475
neurolinguistic programing approaches to counseling & psychotherapy, 2336
neurolinguistic programing, self esteem, elementary school students, implications for school counseling, 31251
neurolinguistic programing training, listening skills, collegiate peer counselors, 30982
neurolinguistic programing within Ericksonian psychotherapy, phobic patients, 12646
question type & eye movements & hypnotic response, college students, failure to support neurolinguistic programing theory, 35420
Neurological Disorders [See Nervous System Disorders]
Neurologists
accuracy of neuropathological diagnosis of demented 30–91 yr olds, neurologists, 26449
Neurology
chronic inhalation dosage of styrene monomer, neurobehavioral changes including activity level & coordination & visual discrimination & nerve conduction, male rats, 28887
clinically relevant neurological features of visual system, literature review, implications for head injured patients with visual deficits & their treatment, 40525
command concept as neurobehavioral & neuroethological dynamic, motor control theories & initiation of behavior, 7646
computerized tomography head scans, 64–89 yr old psychiatric patients, implications for treatment & prognosis, 40048
construction & reliability & validity of Neurological Evaluation Scale, assessment of neurological impairment, schizophrenic adults, 35101

diazepam vs suriclone, neurologic effects, normal adult males, 14936
evolutionary aspects of neural mechanisms, neuroethology of functional brain states & behaviors, humans, 4141
factors in collection & outcome of traditional neurotoxicologic data, assessment of neurobehavioral dysfunction, animals, conference presentation, 664
focal cerebral ischemia by middle cerebral artery occlusion, motor coordination & neurological deficits & learning behavior, male rats, 11131
future interfaces between child neurology & child psychiatry, 40547
future trends & clinical issues in neuropsychopharmacology, 19932
hypotheses for connectionist vs traditional approach, cognitive modeling & relation to neuroscience, commentaries & reply included, 21024
interrelationships between immune & endocrine & nervous system & elements of neuroimmunologic feedback loops, neurobehavioral assessment of neurotoxicity, animals & humans, conference presentation, 657
neural basis of duplex auditory perception, college students & 22 yr old male with commissurotomy & 33 yr old female with left pontine lesion, 29902
neurologic & developmental prognosis, infants with cystic intracranial lesions assessed from 6 to 24 mo, 37045
neurologic symptoms, 17–27 yr old sisters with Type 3 GM/1 gangliosidosis presenting as infanto-chorea-athetotic dementia, 9068
neurological development, children with HIV or AIDS, educational implications, 33484
neurological impairment, 10 yr olds with learning disabilities, 15 yr followup, implications for treatment, 40333
neurology of motor learning in vestibulo-ocular reflex, monkeys & humans, 4121
neuronal components of vestibulo-ocular reflex learning, monkeys, 21526
neuropathology & neurological & cognitive & affective functioning, right hemisphere stroke patients, 9040
neuropharmacology of attention deficit hyperactivity disorder, children vs adults, 37581
neuropsychological impairment & neurological functions, Air Force personnel infected with HIV, 29951
nontraditional neurologic & neuropsychological services, school psychologists practicing in department of neurology, 2596
personality variables, neurological & psychiatric symptoms, 18–70 yr olds with idiopathic spasmodic torticollis, 9157
prevalence of neurological soft signs & positive & negative symptoms & severity of psychopathology & cognitive function, schizophrenic adults, 15623
pseudoneurological symptoms, 6–14 yr olds with masked depression, 12010
relationship between neurology & psychiatry & neurological aspects of psychiatric disorders, 1726
reliability & sensitivity & validity of behavioral & neurological tests, assessment of neurotoxicity, animals, conference presentation, 671
scopolamine pretreatment, neurological & behavioral deficits following concussive brain injury, male rats, implications for human head injury, 11118
systems theory & neurological positivism, research implications, 35636
Neuromuscular Blocking Drugs [See Muscle Relaxing Drugs]
Neuromuscular Disorders [See Also Cataplexy, Cerebral Palsy, Gilles de la Tourette Disorder, Hemiplegia, Muscular Dystrophy, Myasthenia Gravis, Paralysis, Paraplegia, Parkinsons Disease, Quadriplegia]
choreoathetoid dyskinesia & spastic dysphonia associated with signs of muscle denervation, psychotic 23 yr old male, case report, 26124
hematological & neuromuscular complications, patients with anorexia nervosa, 12499
medical problems & stress performance anxiety & self administered beta adrenergic blocking agents, performance, professional musicians, 26564
prepartum & postpartum bilateral plexopathy, 32 yr old, 3 mo followup, case report, 37125
Neurons [See Also Auditory Neurons, Cones (Eye), Dendrites, Ganglion Cells (Retina), Motor Neurons, Rods (Eye), Sensory Neurons]
adenosine triphosphate & dynamic synaptic changes, tracing circuit of neurons for descriptive memory, humans, 35608
aging related changes in astrocytes or pericytes or neurons, blood brain barrier transport, elderly, commentary, implications for etiology of Alzheimer's disease, 2091
alimentary electrical skin stimulation, conditioned defensive reflex & command neuronal activity in parietal ganglia, edible snails, 21682
amphetamine induced motor processes, neostriatal single neuron activity, male rats, 39315
attention & stimulus interaction, visual responses of inferior temporal neurons, macaques, 14701
behavioral recovery after dopamine depletion of striatum, spontaneous firing of Type I vs Type II neurons, rats, 21792
bicuculline injection to principal prefrontal cortex, delayed response task performance & neuronal activity, monkeys, 25303
cerebral displacement during flight, wind evoked activity of postsynaptic interneurons, male cockroaches, 625
chemostimulation of lip, responses of neurons, satiated vs hungry grape snails, 32029
classically conditioned forelimb flexation, formation of corticorubral synapses to red nucleus neurons, cats, conference presentation, 4132
delayed response reactions during motor performance program, activity of medial wall neurons in frontal cortex, rats, 21539
delayed visual matching & conditional position discrimination, single unit neuron activity & distribution in dorsolateral cortex, male monkeys, 21546
dendrite spines on apical dendrites of cortical pyramidal neurons, brain biopsies from patients with forms of dementia, 5599
dextroamphetamine, neostriatal neuron response, rats, implications for stereotyped behavior, 21739
discrete chemical lesions of visual cortex, physiological properties of cortical neurons & motion information processing, rhesus monkeys, 14794
dopamine vs dopamine agonist microinjections to nucleus accumbens vs picrotoxin vs naloxone, subcommissural ventral palladium neuron firing rate, rats, implications for Parkinson's disease, 39427
excitability properties of medial forebrain bundle axons of A9 & A10 dopamine cells, rats, 11060
expression of 70-kD serum fragment of neural cell adhesion molecule, Type I vs Type II schizophrenic patients, 5269
facial expression & identity, independent encoding of face responsive neurons, macaque monkeys, 39097
frequency discharge patterns of individual neuron populations during verbal-mnemic activity, adults, 21509
hypothalamic & preoptic neuron discharge during sleep waking changes, cats, conference presentation, 14688
hypothesis of patterns of neural connectivity in cortico-hippocampal interaction in mammalian brains, implications for theta rhythm & learning & memory, 39108
long term potentiation between neurons as possible brain associative memory mechanism, animals, 28584
mapping of & processes in information coding by complex spike neurons in hippocampus, animals, 18088
mental rotation task, neuronal population vector in motor cortex, monkeys, 28602
monocular transmission delay induced by filtering input, responses of disparity selective neurons in visual cortex, cats, comparison to Pulfrich effect in humans, 28592
moving light bars spatially oriented to visual cortex cells, synchronization of oscillatory responses & firing patterns, cats, implications for visual pattern recognition, 32035
nervous system & nerve cells, contiguity detection in classical conditioning, aplysia & drosophila, 3900

neural network organization & activity in cerebral cortex & motor CR, cats, 21507
neuronal activity in medial preoptic area, sexual behavior, monkeys, conference presentation, 14689
neuronal misconnections, maladaptive behavior & psychiatric disorders, 33060
orientation of light bars, neural responses & connectivity in infragranular striate cortex layers, monkeys, 25049
paradoxical sleep deprivation, neuronal excitability measured by EPs in CA1 region & fascia dentata, male rats, 25126
pattern contrast & motion, transient & steady state responses of movement sensitive brain intervention vs computer simulated visual system, female blowflies, 25033
pheromone plume, antennal neuron firing rates, male moths, conference presentation, 39076
predictable directional vs nondirectional visual stimulus, precue neuronal activity in premotor cortex before limb movement onset, monkeys, 21562
progesterone with vs without estradiol pretreatment, sexual behavior & structure of rough endoplasmic reticulum in hypothalamic neurons, ovariectomized female rats, 18390
role of cholinergic vs GABAergic neuronal systems, cycloheximide dosage induced amnesia for passive avoidance training, male mice, 28938
role of lateral hypothalamic glucose sensitive & insensitive neurons in internal & external information processing during barpress feeding, monkeys, conference presentation, 14687
saccades from fixation point to visual periphery stimuli, activity of periprincipal prefrontal cortex neurons, rhesus monkeys, 39079
site of tactile stimulation, warned auditory vs visual RT & sensory vs motor nerve impulse speed & synaptic activity, 14.5–20 yr old normal Ss or male lacquer thinner sniffers, Thailand, 5484
stimulus significance in visual discrimination task with color response cues, neuronal unit activity in prefrontal cortex, male monkeys, 21573
temporal structure of conjugated discharges of visual sensorimotor neuronal pairs during calm alertness, rabbits, 32043
water vs other taste solutions & cue tone, neural activity in lateral hypothalamic area, rats, 32063
word perception & symbolic & semantic processing, development of methodology for determining brain neuron electrophysiology & spatiotemporal organization, adults, 18095
Neuropathologists [See Neurologists]
Neuropathology
age & duration of alcohol consumption, brain morphology changes & cognitive performance, alcoholic males, 5511
aluminum chloride vs hydrochloric acid, acquisition of nictitating membrane response & neurofibrillary pathology, rabbits, 7902
Alzheimer type neuropathology & age associated dementia including motor skill & IQ deficits & problem behaviors, postmortem brains of aged mentally retarded patients, 26368
astrocyte density in caudate vs periventricular nucleus, postmortem brains of schizophrenic vs Huntington's chorea patients, 19027
asymmetrical auditory EP, differential diagnosis of functional vs organic posttraumatic syndrome, 16 yr old male with head trauma, case report, 19723
atypical psychosis & alexithymia & fronto-temporal arachonoid cyst, 40 yr old male presenting with starvation & hyponatremic coma, case report & commentaries, 1555
biochemistry & symptoms & neuropathology & drug therapy, Tourette's syndrome, literature review, 30024
brain neuroimaging & neuropathology, schizophrenia research, 22666
brain neuropathology & clinical characteristics, elderly patients with primary dementia with vs without depression, 23085
cardiopulmonary arrest & resulting stagnant hypoxia, neuropsychological status & visual integrative deficits, adult female, 16232
cell count of cholinergic subcortical nuclei & dorsal raphe nucleus & locus ceruleus, 51–91 yr olds with Alzheimer's disease or senile dementia of Alzheimer's type, 12534
central adrenoceptor subtypes, narcolepsy cataplexy REM sleep disorder, implications for noradrenaline in sleep regulation, 40465
cerebellar vestibular basis of fears & phobias, learning disabled 7–50 yr olds with anxiety symptoms, 33415
cerebellar vestibular dysfunction, 19–50 yr olds with anxiety symptoms, 33107
cerebellum vestibular determined neurological & electronystagmographic parameters, learning disabled 7–50 yr olds, 29808
cerebral changes & residual morbidity, elderly with late paraphrenia, 3–7 yr followup, 29561
cerebral disorganization at intraneuronal or synaptic level, patients with schizophrenia or affective disorders, 1681
cervical spine curvature & personality traits, susceptibility to motion sickness, 26–39 yr old patients & pilots, 12436
chronic atypical psychosis without neuropathology, 24 & 42 yr olds with multiple sclerosis, case reports, 5693
chronicity stage & neuropathological syndrome, attentional disorders, 16–62 yr olds with traumatic brain injuries, 26660
CL 218-872 pretreatment or intervention, kainic acid induced convulsions & neuropathology, rats, 11178
cognitive function & neuropathology, 19–55 yr olds with anoxic brain injury, 22890
computerized tomographic brain scans, severe vs less severe chronic schizophrenic male adults, 5336
computerized tomography assessed structure & cerebral blood flow, males incarcerated in psychiatric facility for sexually molesting children or adolescents, 5410
computerized tomography vs magnetic resonance imaging, brain diagnosis & use in experiments, psychotic 16–55 yr olds, 5603
continuous unilateral caudate nucleus infusion of pyridine compound, permanent hemiparkinsonism, monkeys, implications for neuronal damage in Parkinson's disease, 21760
cortical & caudate atrophy & ventricle brain ratio, schizophrenic patients with tardive dyskinesia, 23458
cortical atrophy & ventricular enlargement, schizophrenic patients, 11918
cybernetic model of drug effects, identification of core pathophysiology of psychiatric illnesses, 19967
demographic & historical & EEG & neurological & neuropsychological variables, schizophrenic inpatients with histories of high vs low vs no violence, 36627
development of neuropsychological & neuropathological symptoms of Alzheimer's disease, 85 yr old male clinically healthy at age 82, case report, 2078
entities associated with neurotransmitter disturbances, development of tics & other Tourette syndrome symptoms, 12330
frontal lobe & limbic system dysfunction & temporal lobe epilepsy, atypical rape, adolescent & adult males, 29730
frontal lobe dysfunction measured by test performance, 7 yr olds & older with attention deficit hyperactivity disorder, 36974
immunoreactivity & synaptic terminal density in hippocampal complex & entorhinal cortex in postmortem tissue, 70–93 yr olds with Alzheimer's disease, 33539
in situ examination of pathogenic mechanisms, post mortem brain sections from 40–46 yr olds with AIDS dementia, 33663
inconsistencies among neuroimaging & electrophysiological & postmortem evidence for neurological basis of dyslexia, implications for cognitive measures, 26386
indomethacin induced visual hallucinations, 22 yr old male with brachial neuritis following influenza like illness, case report, 2451
lateral ventriculomegaly, schizophrenia, meta analysis, implications for choice of controls in research design, 8702
learning performance, myelin deficient mutant shiverer vs mld mice, 18219

magnetic resonance imaging, study of structural or functional brain changes, patients with dementia or schizophrenia or epilepsy or alcoholism or affective disorders, 1492
middle prefrontal cortex metabolism, auditory discrimination, schizophrenic patients, implications for pathophysiology, 15647
midsagittal area & 4th ventricle measured with magnetic resonance imaging, autistic 5–19 yr olds, 29538
midsagittal magnetic resonance imaging, autistic 5–22 yr olds, 1590
model of neurological & behavioral effects of lead toxicity, children, literature review, 30076
neuroanatomy & neuropathology of primary & secondary affective disorders, literature review, 19138
neurodevelopmental evidence for basis of dyslexia, commentary, implications for consistency of laboratory methods, 26402
neurodiagnostic approach, schizophrenia, 19073
neurofibrillary tangles & senile plaques & astrocytic gliosis in visual cortex, 41–98 yr old Alzheimer's disease vs control patients, implications for visual deficit, 22888
neuroleptic malignant syndrome & high fever, neuropathology including cerebellar degeneration, 32 yr old male with chronic schizophrenia & Klinefelter's syndrome, case report, 32956
neurological & neuropsychological findings, 25–60 yr olds with leukoaraiosis, 26614
neurological & psychosocial & demographic correlates, interictal hypergraphia, epilepsy patients, 5665
neurological basis of learning disabilities, educational programs, commentary, 31229
neuropathologic diagnostic criteria, postmortem 59–94 yr olds with Alzheimer's disease, 5811
neuropathological changes in schizophrenia, 8729
neuropathological correlates of incomplete white matter infarctions, patients with Alzheimer's disease, 33515
neuropathological underpinnings of learning disabilities, implications for clinical & educational assessment & intervention, 22850
neuropathology & genetic features & etiology & treatment of Alzheimer's disease & clinical & neuropathological differences from Pick's disease, literature review, 22970
neuropathology & neurochemistry, schizophrenic patients, 15711
neuropathology & neurological & cognitive & affective functioning, right hemisphere stroke patients, 9040
neuropathology & psychopathology including dementia & cognitive impairment & depression, Parkinson's disease patients, literature review, 5692
neuropathology assessed postmortem, 61–92 yr olds with clinical diagnosis of vascular dementia, 16072
neuropathology of corticotropin releasing hormone, patients with depression or affective disorders or panic disorder or alcoholism, 36553
neuropathology of dyslexia, commentary, 26376
neuropathology of Korsakoff's syndrome & other amnesic disorders, conference presentation, 40009
neuropsychological & neuropathological findings, 64 & 75 yr old male Korsakoff amnesia patients, 19373
neuropsychological aspects & magnetic resonance imaging of limbic system pathology, 27 yr old male with Kluever Bucy syndrome & amnesia secondary to herpes encephalitis, case report, 19496
neuropsychological findings vs postmortem neuropathological evidence of Alzheimer's disease, 75–85 yr olds with vs without clinical dementia, 6–28 mo study, 22908
pathology of substantia nigra & ventral tegmental area, 37–89 yr olds with Alzheimer's disease or Down's syndrome, 29442
perinatal alcohol exposure, motor development & cerebral cortical morphology, rats born from alcohol vs pair fed mothers, 4442
positron emission tomography & verification of brain pathology in violent behavior, adult males, implications for law & public policy, 8853
positron emission tomography of cerebellum, autistic 19–36 yr olds, 22553
posterior cerebral artery occlusion, hippocampal damage & visual recognition performance, monkeys, 28752
postmortem neurochemical correlates of neuronal disturbance vs prior drug treatment effects, schizophrenia, 26158
prefrontal cortex dysfunction, cognitive deficits & social role performance & impaired judgment & emotional flattening in schizophrenia, literature review, 12081
presence of periodic sharp wave complexes & myoclonus & pathologic EEG & topographical features, patients with Creutzfeldt-Jakob disease who died between ages of 48 & 75 yrs, 9242
prevalence of cerebrocortical microdysgenesis, brains from 3–87 yr old males vs previously studied males with developmental dyslexia, 22962
progression of ventricular enlargement & increased cortical markings assessed by tomography, chronic schizophrenic patients, 8 yr followup, 5228
progressive dementia & neural degeneration, patients with diffuse Lewy body disease, 19490
psychological symptoms, cerebral lesions, multiple sclerosis inpatients, 19602
psychology, amelioration of neurological impairments in psychological functioning, conference presentation, 30180
reduplicative paramnesia, 30–76 yr old alcoholic inpatients with right vs left brain lesions, 12403
regional blood flow & physiologic dysfunction of dorsolateral prefrontal cortex, patients with chronic schizophrenia, implications for etiology, 1553
regional blood flow & physiologic dysfunction of dorsolateral prefrontal cortex, patients with chronic schizophrenia, implications for etiology, replication, 1735
relative response based vs neuropathologic diagnosis of Alzheimer's disease vs other dementia, relatives of autopsy confirmed dementia cases, 40444
size of 3rd & 4th cerebral ventricles & ventricular brain ratio & neuropsychological performance, chronic schizophrenic male patients, 8708
subcortical abnormalities assessed by computerized tomography, autistic male adults, 5229
subcortical structural damage assessed by computed & positron emission tomography fluency & sequential commands, 37–73 yr olds with aphasia due to left hemisphere cerebral infarct or hemorrhage, 23004
sulcal & ventricular enlargement, schizophrenic patients, 1675
surgical extracranial shunting of CSF, cognitive functioning & tomographically assessed brain morphology & visual EPs, 37–82 yr olds with hydrocephalus, 23540
swollen choline acetyltransferase profiles in neocortex appearing as single axon enlargement of clusters of immunoreactivity, 6 vs 24–27 mo old rats, implications for Alzheimer's disease, 7636
symptoms & neuropathology & neurotransmitter deficits & genetics & EEG of Alzheimer's & Pick's disease, 12513
technical methods of studying brain degeneration vs subjective & social relations & life history context, research in etiology of dementia, 22967
validity of Hutt Adaptation of Bender-Gestalt Test & Bender-Gestalt Test for Young Children, psychodiagnosis, emotionally disturbed 12–16 yr olds with vs without mental retardation or neuropathology, 31562
ventral tegmental area histopathology, Parkinsonism & progressive dementia & behavior disturbance symptoms, 56–91 yr olds with dementia, 9214
ventricle-brain ratios & 3rd ventrical size & frontal atrophy, 18–42 yr olds with borderline personality disorder, 33116
volume & number of neurons & glial cells in postmortem entorhinal region, schizophrenic adults, implications for neural development, 11949
volume & symmetry of caudate nucleus & other brain structures assessed using quantitative X-ray computed tomography, male 17–24 yr olds with severe obsessive compulsive disorder, 5715

volume of grey & white matter in temporal lobe & prefrontal region, schizophrenic inpatients, conference presentation, 29656
volumes of ventricles & hemispheres & cortex & central grey matter, brains of postmortem schizophrenic patients, 1672
Neuropathy [See Nervous System Disorders]
Neurophysiology [See Also Neuroendocrinology, Receptor Binding]
adaptation to ethanol intoxication at molecular level in CNS, alcohol tolerance & dependence, 36852
aging in neural circuitry, classical conditioning, rabbits & humans, literature review, 21571
aging, spatial memory & hippocampal formation, rodents & humans, literature review, 21485
alcohol reinforcement & beta endorphin genetics, implications for etiology of alcoholism, literature review, 7926
aspects of physiology derived from electrode implantation studies, 607
behavioral quantal theory of brain function, 32058
central auditory processing model using specific brain area functions, diagnosis & treatment of central auditory processing disorder, children, application of A. Luria's theory, 5635
changes in aging brain, memory decline, monkeys, literature review, 21565
changes in cation transport across cell membranes, patients with affective illness or mania or depression, literature review, implications for treatment, 1743
changes in theories of neurophysiology of hypnotic analgesia & reflex inhibition, conference presentation, 28606
classically conditioned forelimb flexation, formation of corticorubral synapses to red nucleus neurons, cats, conference presentation, 4132
cognitive & affective & hormonal & physiological components of human sexual desire, 11089
components & transfer of intrapersonal & interpersonal biosignal processing system, retraining of neuromuscular responses through EMG feedback, humans, 4218
computer simulated boundary & feature contour system model of neural network interactions, 1 & 2 dimensional brightness perception, 628
confluence of neuroscience & psychology, understanding of brain physiology at molecular & neural & global levels, 18077
context of stimulus presentation, learning induced plasticity of auditory cortex neurons, cats, implications for Functional Mosaic Model, 39084
contribution of H. Maturana's biology & neurophysiology to Milan school approach to family therapy, 16447
cortico- vs rubromotoneuronal postspike facilitation in wrist & finger movement, neuronal encoding of motor velocity & torque change rate, monkeys, conference presentation, 4086
dendritic correlates of cortical functioning, adults, 14702
dental office chemicals, neurophysiological dysfunctions, 26–57 yr old dentists & dental assistants, 34505
developmental & neurophysiological manifestations of nonverbal learning disabilities, conference presentation, 29819
diffuse noxious inhibitory controls of neuronal activity, sensory discriminative dimension of pain perception, 19–37 yr olds, 28631
early work of Freud & goals of neurophysiology of mind & sociobiology, commentary, 599
early work of Freud & goals of neurophysiology of mind & sociobiology, commentary reply, 594
early work of Freud & goals of neurophysiology of mind & sociobiology, commentary, 600
evolutionary & ontogenetic & neurophysiological viewpoints, development of empathy, humans vs primates, 18065
frequency analysis of EMG activity during silent phoneme reading, right handed school age children, 29026
frequency coding of pulsed pheromonal stimuli by central olfactory neurons, male moths, 4088
frequency discharge patterns of individual neuron populations during verbal-mnemic activity, adults, 21509
functional state of brain as systemic neurophysiological mechanism & conditioned reflex, 35607
hair stimulation of unsupported paw, red nucleus & spinal activation of biceps & paw contact placing, cats, conference presentation, 4069
hypotheses of functional role of red nucleus & automatization & learning capacity of cerebellar microcomplex, conference presentation, 4129
imipramine or chlorpromazine or haloperidol, sodium & calcium & potassium ion channel currents in cultured neuroblastoma cells, mice, 25279
location of partial midbrain lesion, neurophysiology of water wave localization, clawed frogs, 11143
long vs short term habituation of acoustic startle reflex, metabolic activity of auditory system, male rats, 39094
mapping of & processes in information coding by complex spike neurons in hippocampus, animals, 18088
methimazole induced congenital hypothyroidism, neurophysiological development, rats observed as pups & adults, conference presentation, 35764
movement of visual target with vs without coupling to arm movement intention, smooth pursuit eye movement latency, monkeys vs adults, 28598
N-methyl-D-aspartate receptors in hippocampus & neocortex, errors in maze retention, rats, 39122
neural & neurobiochemical & endocrine components of neurophysiological typology of behavior, 11022
neural mechanisms, detection & discrimination of spatial patterns, cats, implications for understanding human spatial vision, 4075
neural rate coding model, discrimination of simple tones in presence of noise, 11021
neural response properties & topographic organization of ectosylvian auditory cortex, ferrets, 4139
neural theory of binocular rivalry, 14663
neuroanatomical & neurophysiological correlates of minimal brain dysfunction, children, annotated bibliography, 19543
neurobehavioral aspects of bipolar disorder & other affective disorders, literature review, 26057
neurobiological abnormalities & putative targets of psychotropic drugs as elements in 2nd messenger transmitter/receptor systems, 7657
neurochemical & neurophysiological factors associated with inheritance, family members with schizophrenia, conference presentation, 1579
neuromuscular speech patterns in processing of specific phonemes, right handed school age children, 29039
neuronal misconnections, maladaptive behavior & psychiatric disorders, 33060
neurophysical & cognitive & personality changes, patients with closed head injury, 23007
neurophysiological & cognitive aspects of theory of depression, 22655
neurophysiological events, 18–61 yr olds with posttraumatic amnesia, 16221
neurophysiological mechanisms of paradoxical sleep without atonia, animals, 14685
neurophysiology & muscle weakness, patients with hemiparesis following stroke, implications for occupational therapy, 36975
neurophysiology & music cognition & perception, adults with Alzheimer's dementia, conference presentation, 33664
neurophysiology of acute vs chronic pain, 37054
neurophysiology of attention & reaching & grasping, animals, 21570
neurophysiology of music cognition, conference presentation, 32033
neuropsychologic & age & sex & school achievement & ethnic factors, Bannatyne system recategorized WISC-R scores, Black 12–13.9 yr olds, 38246
overview of research on comparative visual psychophysics & neurophysiology, Brazil, 38762
pain, behavioral & brain responsivity, pain sensitive vs tolerant male 20–40 yr olds, 38727

perceptual & motor schemas, visual perception & hand dexterity & computational modeling of neural circuitry, humans & frogs, 17 commentaries and reply included, 605
pharmokinetics & cardiovascular & peripheral cholinergic & central neurotransmission effects of lofepramine vs desipramine, animals & humans, animal model of depression, conference presentation, 30470
physiology of higher nervous activity & neuronal networks & application to psychophysiology, 21552
principle of frontal lobe function, perception & memory & sensory phenomena sharing processing characteristics, 21554
regional brain lesions, neurophysiology of water wave localizations, clawed frogs, 11142
regional cerebral blood flow patterns, adults with chronic auditory hallucinations, 33601
relationship of reciprocal interaction model for sleep cycle oscillation to attentional model of hippocampal function, animals, 14677
resting computerized EEG, medication free patients with chronic schizophrenia, 15704
role of visual cortex in visual perception, commentary, 32054
tonal contour, auditory cortex neuron sensitivity, waking cats, implications for neurophysiology of music perception, 14708
visual system plasticity, adults, literature review, therapeutic implications, 645
volumes of ventricles & hemispheres & cortex & central grey matter, brains of postmortem schizophrenic patients, 1672
word perception & symbolic & semantic processing, development of methodology for determining brain neuron electrophysiology & spatiotemporal organization, adults, 18095
Neuropsychiatrists [See Psychiatrists]
Neuropsychiatry
application of molecular genetics to neuropsychiatric disorders, literature review, 37101
bismuth intoxication, development of neuropsychiatric symptoms, male 41 yr old with previously healed duodenal ulcer, case report, 30531
identification of alcoholic beverage constituents responsible for disease promotion & physiological changes & neuropsychiatric disorders, 5491
neurobiological function of oxytocin in CNS, literature review, implications for role in neuropsychiatric illness, 35587
neurological "soft" signs, prevalence of tardive dyskinesia, schizophrenic patients, Nigeria, 1603
neuropsychiatry of PTSD, 5161
obstructive sleep apnea & neuropsychiatric disorders, 37063
psychiatry, assessment & management, AIDS patients, 9289
psychosocial & neuropsychiatric aspects of HIV infection, literature review, 9004
validity of neuropsychological dysfunction scores from Halstead Reitan Neuropsychological Test Battery, 18–40 vs 41–75 yr old male neuropsychiatric patients, 135
WAIS subtests vs IQ, prediction of Halstead Reitan Neuropsychological Test Battery performance, adult neuropsychiatric inpatients, 7061
Neuropsychological Assessment [See Also Wechsler Memory Scale]
abstract designs & verbal paired associates tests, differentiation of memory ability, unilateral temporal lobectomy patients, 27059
accuracy of geriatric functional score scale, assessment of physical & cognitive & motivational functioning, 68–98 yr olds, Canada, 10614
adaption & standardization of Fuld Object Memory Evaluation, 35–55 yr olds, 21079
age & educational level, factor structure of Wechsler Memory Scale-Revised, adult neuropsychological patients, 28155
age & IQ & educational level & sex, Trail Making Test performance, nonclinical White 10–15 yr olds, South Africa, 36081
age differences, assessment of frontally mediated executive functions, children, literature review, 17552
assessment & treatment, prisoners with brain dysfunction, 23796
assessment of cognitive communicative impairment, 35 yr old male with severe closed head injury, implications for cognitive rehabilitation, 23052
clinical & psychological assessment & computer tomography, detection of cerebral ventricular enlargement & cognitive dysfunction, elderly patients with late paraphrenia, England, 12028
cluster analysis of neuropsychological assessment batteries, identification of patient subgroups & relation to diagnostic & case history variables, neuropsychiatric patients, conference presentation, 12057
cognitive & brain imaging measures, diagnosis of Alzheimer's disease, commentary, 1984
cognitive & neuropsychological test scores, achievement, 10–12 yr olds referred for school learning problems, 20639
cognitive deficit assessed by Luria Nebraska Neuropsychological Battery, limbic epileptic outpatients, 2079
cognitive function measures & brain imaging by positron emission tomography, diagnosis of Alzheimer's disease, literature review, 2106
cognitive information integration model & assessment system, children with learning & neurological problems, 15984
computer assisted neuropsychological assessment, 3540
computer program for analysis & interpretation of Halstead-Reitan Neuropsychological Battery, 28047
computerized Automated Psychological Test system for psychopharmacological research, patients with cognitive impairment, 5116
concurrent & predictive validity & interobserver reliability of Canadian Neurological Scale, elderly acute cerebrovascular accident patients, 35109
concurrent validity of short form of Luria Nebraska Neuropsychological Battery, adults with brain damage or psychiatric disorders, 21094
construct validity of Halstead Reitan Neuropsychological Test Battery for Children, learning disabled 6.2–8.7 yr olds, 21088
construct validity of Luria-Nebraska Neuropsychological Battery Form I with WAIS-R subtests, intelligence assessment, adults with neuropsychiatric disorders, 31642
construction & validation of Short Form Impairment Index, measurement of age related cognitive differences & impairment, patients with psychiatric & neurological disorders, 99
contingent negative variation as neuropsychological index of cognitive dysfunction, 45–88 yr old cerebrovascular patients with vs without dementia, 26549
conventional neuropsychological cutoff scores, classification as normal vs brain damaged, 55–70 yr olds with vs without cerebral damage, 1966
convergent & divergent validity of Halstead Reitan vs Luria Nebraska neuropsychological tests vs short & long term memory measures, college students, 128
correlations of Trail Making Test vs Symbol Digit Modalities Test vs Hooper Visual Organization Test, inpatients from substance abuse treatment facility, 9887
cross time stability of computer based version of Austin Maze, neuropsychological assessment, male college students, Australia, 2 yr study, 14144
cross validation of discriminant equation, assessment of neuropsychological abnormality, 9–16 yr old psychiatric patients, 60
development of Early Neuropsychologic Optimality Rating Scale, assessment of tone & posture & movement & developmental delay, infants, 14092
development of Kahn Test of Symbol Arrangement, specific learning disabilities symptoms, learning disabled vs organic damaged vs emotionally disturbed adults, 3648
diagnostic utility of Luria Nebraska Neuropsychological Battery, learning disabled 8th–10th graders, 10284
dichotic serial & free recall vs visual half field vs intracarotid sodium amytal memory tests, neuropsychological measure-

ment of memory lateralization, preoperative epileptic patients, 19586
differential diagnostic utility of color form sorting task & organic integrity test, mildly vs moderately vs severely demented vs depressed elderly, 11875
discriminate validity of Brazelton Neonatal Assessment Scale, measurement of neurobehavioral organization & diagnosis, respiratory distressed vs seizure disordered neonates, 28084
discriminative utility of Luria Nebraska Neuropsychological Battery-Children's Revision, 8–12 yr old learning disabled vs slow learner students, 3542
EPs & RT & movement time & neuropsychological tests measuring cognitive performance, patients with idiopathic Parkinson's disease during on vs off phase, 33650
fabricated history & test results & knowledge of potential fabrication of data, detection of malingering in adolescent clients, neuropsychologists, 9946
factor analysis of Halstead Category Test & other measures in Halstead Reitan Neuropsychological Test Battery, paraplegic vs brain damaged 16–68 yr olds, 7073
factor analysis of Halstead Reitan Neuropsychological Test Battery & relation to cognitive status & psychiatric diagnosis, adult patients referred for evaluation, 14117
factor analysis of neuropsychological tests & construction of dementia battery, assessment deficit patterns & disease characteristics, patients with Alzheimer's or multi-infarct or other dementias, 14150
factor structure of Benton Visual Retention Test & tests for visual construction & discrimination & Rey Auditory Verbal Learning Test & Digit Span subtest of WAIS-R, psychiatric vs neurologic patients, 28177
factor structure of Halstead Reitan Neuropsychological Test Battery including WAIS vs WAIS-R, neuropsychiatric patients, 84
factorial construct overlap of WISC-R vs Halstead Reitan Neuropsychological Battery, diagnosis of learning problems, 8–16 yr olds, 7090
faking believable deficits on neuropsychological tests, 9–12 yr olds, implications for forensic assessment, 5633
frontal lobe impairment, criminal behavior, implications for forensic neuropsychological testimony, 1265
glucose metabolism & neuropsychological assessment, dementia, 47 yr old male with Down's syndrome, 8950
guidelines for social security disability evaluation & roles of clinical neuropsychologists & impact of malingering, adults with general & organic brain syndromes, 2099
guidelines for use of nondoctoral personnel in clinical neuropsychological assessment, 34441
Halstead Reitan Neuropsychological Test performance, non-brain-damaged adults, meta analysis, 47
Halstead Reitan Neuropsychological Test Battery & Average Impairment Rating test performance, hypertensive 48–63 yr olds, 10 yr study, 29921
Halstead Reitan Neuropsychological Test Battery & REHABIT, retraining neuropsychological abilities, children & adults with cognitive impairment, 13217
Halstead Reitan Neuropsychological Test Battery, neuropsychological assessment, 42 yr old male with head injuries, 5716
identification of cognitive or neuropsychological deficits, 13 yr old males with attention deficit disorder &/or reading disability, New Zealand, 26581
integrity of right temporal lobe, Seashore Rhythm Test scores, patients with right vs left vs generalized cerebral lesions, 33623
intercorrelation of clinical tests of verbal memory, patients with known or suspected cerebral dysfunction, 7059
interdisciplinary neurodevelopmental team assessment model & planning for early childhood treatment, brain injured 33 mo old female, 13173
intracarotid amobarbital sodium procedure, false positive errors during recognition memory assessment, patients under evaluation for epilepsy surgery, 26565
intracarotid amytal test, determination of speech & memory lateralization, preoperative epileptic 13–51 yr olds, 19617
left frontotemporal damage assessed by computer tomography & magnetic resonance imaging, 48 yr old male with behavioral & memory & language disorder, 22460
levodopa, neuropsychological performance & cognitive abilities, 22–77 yr old inpatients with idiopathic Parkinson's disease, 30054
line midpoint identification, 54 & 63 yr old males with left visual neglect consequent to cerebral infarctions, 12406
Luria Nebraska Neuropsychological Battery short form, discrimination between dementia & depression, 60–85 yr olds with probable Alzheimer's disease or major depression, 30018
Luria Nebraska Neuropsychological Battery, assessment of higher cognitive & associated motor & sensory deficits, brain injured patients, 12398
mini mental status exams as part of Aviation Medical Exam, neuropsychological screening of cognitive ability, pilots, literature review, 27821
Minnesota Percepto-Diagnostic Test vs Bender Visual Motor Gestalt Test, diagnosis, brain damaged vs non-brain-damaged 12–17 yr old patients, 7102
misleading interpretation of assessment of accuracy of educational intervention, reading disabled 1st graders, commentary, 17258
need for improved models of Alzheimer's disease & measurement techniques, clinical utility of neuropsychological & brain imaging measures, commentary, 2108
neurobehavioral approach to cognitive rehabilitation planning, brain injured patients, 30807
neurobehavioral systems approach to assessment & treatment of cognitive communicative impairments, closed head injury patients, 13223
neurodevelopmental exam, prediction of neuropediatric & motor & psycholinguistic & cognitive & school achievement problems, neonatally at risk children assessed at birth & 7 & 9 yrs, 29809
neuropsychological & psychiatric examination before surgery, assessment of lobectomy outcome & possible side effects, epileptic patients, 20048
neuropsychological assessment & behavior therapy, head trauma rehabilitation, 38 & 40 yr old males with head injuries, implications for behavioral neuropsychology model, 6480
neuropsychological assessment & disability documentation & report writing for Social Security benefits qualification, psychologists & neuropsychologists & 51 yr old patient with brain trauma, 6612
neuropsychological assessment & psychotherapy, patient & family interpersonal psychosocial adjustment, patients with brain injuries, 5975
neuropsychological assessment & rehabilitation, adults with severe psychiatric disability, 13187
neuropsychological assessment, diagnosis of multiple sclerosis, literature review, 40428
neuropsychological assessment, mildly head injured adults, 7167
neuropsychological assessment of neurological status, 612
neuropsychological assessment of severity of brain injury, head injured patients, 12337
neuropsychological assessment, rehabilitation planning, patients with traumatic brain injuries, 6473
neuropsychological evaluation of cognitive ability, vocational rehabilitation, adults with head injuries, 6483
neuropsychological performance after detoxification treatment, adult heroin addicts, 5494
neuropsychological performance, patients with obsessive compulsive disorder vs schizophrenia, 29500
neuropsychological screening battery & brain magnetic resonance imaging, patients with chronic progressive multiple sclerosis, 22925
neuropsychological test results, interdisciplinary cognitive rehabilitation, adults with head injuries, 6499
neuropsychological testing, learning disabled children, literature review, 12312
norms for verbal Selective Reminding Test, assessment of memory, healthy 65–75 yr old males vs females, 11537

performance on Luria Nebraska Neuropsychological Battery Children's Revision, 8–12 yr olds with attention deficit disorder with vs without hyperactivity, implications for clinical utility of test, 26630
performance on Luria Nebraska Neuropsychological Battery-Children's Revision & relation to IQ, learning disabled 8–12 yr olds, conference presentation, 22860
power of Hidden Figures Test, assessment of selective attention for visuoperceptual cues, 51–78 yr olds with Alzheimer type dementia, 21072
predictive validity & reliability of sensorimotor vs recognition memory tests, neurodevelopmental assessment, normal & high risk infants, theoretical & clinical implications, 28067
predictive validity of Mini Mental State & other cognitive screening tests, diagnosis of organic mental disorders, 22–75 yr old psychiatric hospital patients, 14105
propranolol, endocrine & psychiatric & neuropsychological assessment, Graves' disease patients, 6 mo study, 6202
relationship between Luria Nebraska Neuropsychological Battery-Children's Revision & WISC-R, diagnosis, learning disabled 7–12 yr olds, 3617
reliability & validity of Kew Test of intellectual impairment & correlation with Mini-Mental State Examination, 48–94 yr old patients, 7188
reliability & validity of Lowenstein Occupational Therapy Cognitive Assessment battery, 20–70 yr olds with traumatic head injuries or cerebrovascular accidents, 31618
reliability of abbreviated version of psychometric battery, assessment of brain damage, adults with diffuse or focal cerebral lesions with vs without dementia vs Korsakoff's syndrome, 67
reliability of scale measuring patient collaboration in neuropsychological assessment, 15–76 yr old psychiatric vs neurology/neurosurgery patients, 31556
revised & extended Finnish version of A. R. Luria's clinical investigation, assessment of neural processes underlying cognitive & perceptual abilities, 4–8 yr olds, Finland, 28102
Sandoz Clinical Assessment-Geriatric vs Brief Cognitive Rating Scale, assessment of pharmacological treatment, demented 40–85 yr olds, 14135
scores on Trail Making Test, healthy 10–15 yr olds, Spain, 35152
scoring criteria revision of Rey Osterrieth Complex Figure Test, right hemisphere recall, patients with partial complex seizures from temporal lobe & subsequent unilateral temporal lobectomy, 14136
screening test, evaluation of perceptual functions & deficits of brain damaged patients, occupational therapists, conference presentation, 19578
sensitivity of Bender Gestalt Test, screening for neurological impairment, 55–85 yr olds with dementia or pseudodementia, 38642
sensitivity of WAIS vs modified Halstead Reitan Neuropsychological Test Battery, diagnostic & classification accuracy for brain dysfunction severity, mildly vs moderately impaired epilepsy patients, 108
solvent exposure & presumed toxic encephalopathy, neuropsychological assessment originally indicating impairment, 25–62 yr old workers, data reanalysis, 24277
standard vs printed stimulus card formats of PPVT, assessment of neurological symptoms, learning disabled 9–16 yr olds, 38673
statistical issues in assessment of reliability of dichotomous diagnostic instruments, neuropsychologists, 7082
systemic with vs without CNS chemotherapy, cognitive function & fine motor coordination & visuospatial & tactual perception, 6–16 yr olds with leukemia vs sarcomas, 1 yr followup, 6130
Test of Motor Impairment vs Aston Index vs Southern California Sensory Integration Tests, assessment of motor learning problems, children with minimal cerebral dysfunction in occupational therapy, 37843
Trail Making Test performance, brain damaged children, literature review, implications for age & educational level & IQ, 37135
ultrasound brain scanning & neurological examination, prediction of neural development, at risk infants born at less than 33 wks gestation, 1 yr followup, 5801
use of neuropsychological evaluation in vocational rehabilitation, brain injured patients, 41025
usefulness of Southern California Sensory Integration Tests, assessment of neurological impairment, psychiatric outpatients, 10584
utility & feasibility of neuropsychiatric assessment, severely impaired epileptic 5–18 yr olds, 9076
utility of Halstead Reitan Neuropsychological Battery, differential diagnosis, elderly patients with depression or Alzheimer's dementia or brain damage, 1501
utility of neurobehavioral tests, setting of limits for exposure to industrial solvents with neurotoxic properties, literature review, 5617
utility of overlapping cell norm tables, maximization of clinical usefulness of normative neuropsychological test data, 19–71 yr olds, 14081
utility of Pediatric Early Education Exam, neurodevelopmental assessment, inner city males with behavioral disorders, 26255
utility of Satz-Mogel short forms of Luria Nebraska Neuropsychological Battery, differential diagnosis, organic vs psychiatric patients, 10600
validity & reliability of summary measures of Luria Nebraska Neuropsychological Battery Form I, 28116
validity of Biber Figure Learning Test, assessment of impairments in long term visual memory, brain damaged vs amnesic patients vs healthy 40–79 yr olds, 35123
validity of Continuous Performance Test, diagnosis of or screening for attention deficit disorder and/or impulsivity, 5.6–14.5 yr olds, 14179
validity of Halstead-Reitan Test Battery & Luria-Nebraska Neuropsychological Battery & WAIS, diagnosis of brain damage, commentary reply, 38632
validity of Kendrick Battery for Detection of Dementia for Elderly & measures of organicity & depression, prediction of survival, institutionalized 59–96 yr olds, 18 mo & 6 yr followup, 35136
validity of Luria Nebraska Neuropsychological Battery, assessment of neurologic cognitive deficit parameters, 1978–86, literature review, 121
validity of Luria Nebraska Neuropsychological Battery, measurement of cognitive deficits caused by neurological disorder or brain damage, literature review, 14145
validity of Mini-Mental State vs cognitive capacity screening examination vs tachistoscopic test, detection of organic mental disorders, medical surgical patients, 141
validity of Pathognomonic Scale of Luria Nebraska Neuropsychological Battery-Children's Revision, prediction of academic achievement, 8–12 yr olds referred for behavioral or emotional problems, 10289
validity of Pediatric Examination of Educational Readiness at Middle Childhood, assessment of neurodevelopmental functioning, 9–14 yr olds referred for school problems, 3324
validity of psychometric assessment, patients with head injuries, India, 33567
validity of revised Halstead Category Test vs Category Test, male patients with brain damage, commentary reply, 24644
validity of revised Halstead Category Test vs Category Test, male patients with brain damage, commentary, 24661
validity of short form of Category Test, assessment of neuropsychological impairment, 15–34 yr olds with head injuries or other disorders, 10651
validity of Token Test short vs regular form, assessment of auditory verbal comprehension & effects of perseveration, 46–89 yr olds with probable Alzheimer's disease, 38675
validity of Trail Making & Tactual Performance subtests of Halstead-Reitan Neuropsychological Test Battery, screening for learning disabilities, 9–14 yr olds, 31581

visual acuity & motor speed & dexterity, performance on Trail Making Test-Part B & performance subtests of WAIS, 21–73 yr old male neuropsychiatric patients, 29472
W. C. Halstead's clinical data base describing brain lesion types & location & confidence in diagnosis & relation to psychometrics of Halstead Neuropsychological Test Battery, 37016
WAIS subtests vs IQ, prediction of Halstead Reitan Neuropsychological Test Battery performance, adult neuropsychiatric inpatients, 7061
Neuropsychology
age & sex & education & lateral preference, preferred vs nonpreferred hand performance on neuropsychological motor tasks, adults, 669
age & sex, performance on neuropsychological tests sensitive to hippocampal damage, alcoholic adults, 1921
aging of brain, twins, implications for Alzheimer's disease, 21955
agreement between clinical diagnosis & neuropsychological performance on verbal memory test, 59–86 yr olds with Alzheimer's disease, 29989
anxiety, performance on neuropsychological assessment tests, college students, 28685
aspects of physiology derived from electrode implantation studies, 607
assessment & treatment considerations & rehabilitation utilizing computer assisted cognitive training, neuropsychologically impaired alcoholic 30–65 yr olds, 13246
assessment of mental status & daily living skills, cognitively impaired elderly patients in own homes, 5238
azidothymidine, affective & neuropsychological outcome, patients with AIDS or AIDS Related Complex, 16630
background & disorder variables, neuropsychological aspects of simultaneous processing in posterior lobe & successive processing in anterior lobe, neurological vs brain damaged patients vs elderly, 8987
background training & experience & judgment accuracy, clinical neuropsychologists, 9945
behavior changes & cognitive deficits, 13 yr old female with frontal syndrome secondary to partial complex seizures, case report, 8996
behavioral & socioemotional & neuropsychological characteristics & risk of depression & suicide, adolescents or adults with nonverbal learning disability, conference presentation, 22863
behavioral quantal theory of brain function, 32058
biological implications of differential-Hebbian learning rule, erratum, 32034
brain autografting of adrenal medullary tissue, neuropsychological functioning, 34–59 yr olds with Parkinson's disease, 20078
brain behavior functioning & academic level, 16–39 yr old chronic psychiatric patients, 36717
cardiopulmonary arrest & resulting stagnant hypoxia, neuropsychological status & visual integrative deficits, adult female, 16232
case law concerning admissibility of testimony about neurological status of personal injury litigants, clinical neuropsychologists, 1291
caudate nuclei lesions, behavioral & personality changes & neuropsychological performance, 38–84 yr olds, 33597
central processing time & neuropsychological performance, older adults with supranuclear palsy vs Parkinson's disease, 22913
cerebral ventricular size & neuropsychological test performance, male 26–55 yr olds with AIDS, 26532
chemotherapy &/or radiation therapy, neuropsychological functioning, childhood cancer patients, 2174
cluster analysis, validity of neuropsychological syndromes, 21–80 yr old right hemisphere stroke patients, 19507
cognitive ability & neuropsychological impairment, 18–50 yr olds with Wilson's disease, 9141
cognitive gradient concept, macroscopic lateral neocortical brain behavioral analysis, 39093
cognitive impairment & striatal degeneration, 22–62 yr olds with Huntington's disease, 40351
cognitive rehabilitation & neuropsychological counseling in private practice, patients with mild to moderate cognitive impairments, 2171
computer generated 3-dimensional graphics, analysis of EEG data in neuropsychological hypothesis testing, conference presentation, 7693
computerized tomography & psychometric findings, patients with Pick's disease aged 48–65 yrs at onset vs 48–64 yr olds with Alzheimer's disease, implications for early diagnosis, 33569
correlation of magnetic resonance imaging with neuropsychological test performance, 27–61 yr olds with multiple sclerosis, 23033
cortical vs subcortical atrophy & neuropsychological deficits, adults with Huntington's disease, 23054
demographic & clinical & treatment & neuropsychological variables & orofacial & limb truncal dyskinesias, schizophrenic patients, 26087
demographic & family factors & illness severity, neuropsychologic & academic functioning, Black school age children with sickle cell anemia, 2006
demographic & historical & EEG & neurological & neuropsychological variables, schizophrenic inpatients with histories of high vs low vs no violence, 36627
development of mania & neuropsychological findings, 19 & 55 yr old males with head injuries, case reports, 16188
development of neuropsychological & neuropathological symptoms of Alzheimer's disease, 85 yr old male clinically healthy at age 82, case report, 2078
diagnosis & treatment & protein metabolism & precursor loading effects & neuropsychological & neurochemical findings, 73–87 yr olds at early stage of late onset Alzheimer's disease, 40402
diagnosis of attention deficit disorder & neuropsychological deficits, delinquent 13 yr olds, 12160
dichotic listening test performance during & neuropsychological correlates of menstrual mood changes, 18–45 yr old females, 39148
differential diagnosis of neuropsychological syndromes, patients with Alzheimer's vs Pick's disease vs vascular dementia, 2097
dosage of cranial radiotherapy in & age at time of CNS prophylaxis, intellectual ability & neuropsychological functioning, surviving children with acute lymphoblastic leukemia, 27077
dynamics of mental processes during aging, elderly, 1160
educational level, neuropsychological test performance, 55–70 yr olds, 15236
EEG & characteristics of neuropsychological development, neonate through 18 mo olds with hyperexcitability syndrome, USSR, 12541
EEG & neuropsychological & clinical correlates of brain abnormalities assessed by computed tomography, bipolar 8–38 yr olds, 15665
electrophysiological abnormalities in alpha rhythm & cognitive function, schizophrenic adults, 33082
fabricated history & test results & knowledge of potential fabrication of data, detection of malingering in adolescent clients, neuropsychologists, 9946
family history of alcoholism & affective symptomatology, alcohol consumption & neuropsychological test performance, alcoholic males vs females, 36890
frontal lobe dysfunction measured by test performance, 7 yr olds & older with attention deficit hyperactivity disorder, 36974
genetic predisposition & temperament & neurochemistry & neuropsychological effects & defenses, relapse, alcoholic patients, 26344
goals & interaction of experimental & clinical neuropsychology, implications for diagnosis & treatment of mental disorders, 40040
group vs single case studies of disordered populations, theories of normal cognition & neuropsychology & pathophysiology, commentary, 25975
guidelines & rationale for employment in clinical settings, neuropsychological technicians, 34460

guidelines for continuing education in clinical neuropsychology, 2988
Halstead Reitan Neuropsychological Test Battery & Average Impairment Rating test performance, hypertensive 48–63 yr olds, 10 yr study, 29921
health status & memory & neuropsychological test performance, 65–79 yr olds, 15254
hemodynamic & electrophysiological & neuropsychological parameters, middle aged & elderly patients with clinical symptoms of incipient atherosclerotic encephalopathy, 2074
HIV encephalopathy & neuropsychologic abnormalities, patients with HIV infection, 12338
holographic principle, organization of biological motivations in CNS, animals, 32055
holonomic vs structural determinants, configural vs cognitive inputs to perception, 31770
homeomorphic mathematical modeling & computer simulation, neurological control of human movements, 28220
individual differences in development of neurobehavioral maturity, preterm infants from 32 wks conceptional age to fullterm, replication, 21894
intellectual & academic & personality & neurologic status after surgical resection & irradiation, 5.7–15.5 yr old patients with temporal lobe astrocytoma, 2–7 yr followup, 2634
intellectual impairment, acute psychotic adolescents vs chronic schizophrenic adults, 15688
interaction between neuropsychology & occupational therapy, functional living skills rehabilitation, patients with traumatic brain injuries, 6490
isocapnic hypoxemia, neuropsychological performance, college students, 28286
lead in blood & hair & teeth, neuropsychological functioning, 7–8.5 yr olds in lead polluted industrial area, Italy, 40357
left hemisphere dysfunction & arousal with vs without chlorpromazine, chronic schizophrenic patients, 9543
left vs right carotid reconstruction, motor speed & vigilance & verbal memory & intellectual functioning, adults, 12968
Luria Nebraska neuropsychological assessment of lateralized hemispheric functional characteristics of functional CNS disorders, 16–71 yr olds with schizophrenia vs affective disorder, 19053
mathematics of holonomic theory of sensorimotor perception & neuropsychology of brain, 28604
memory & cognitive abilities & neuropsychological assessment, 26–49 yr old members of Mount Everest expedition studied before vs after climb, 21644
memory performance during neuropsychological testing, 29 & 31 yr olds with subclinical hippocampal seizures, 40368
migration of reliability/validity of psychological assessment to courtroom & need for understanding of clinical neuropsychology, psychologists testifying as expert witnesses, conference presentation, 45
model of learning disabilities & emotional disorders & neurological dysfunction interaction, learning disabled 10 yr olds, 15 yr followup, conference presentation, 19461
modular & explicit information processing theory of cognition, inferences about normal cognitive processing & neuropsychology from cognitive deficit research, commentary, 26012
monoamine metabolite CSF levels & neuropsychological test performance, 51–78 yr olds with Alzheimer's dementia, 2084
motor & sensory abilities & academic readiness screening, normal vs at risk kindergartners, 16001
motor & speech & language & intellectual functioning, 2 yr old male who survived near drowning accident, 5 yr study, 12366
motor proficiency & neuropsychological functioning, depressed 12–18 yr olds, 26086
need for attention to scientific standards in clinical neuropsychological research, 8975
need for integration of neuropsychology & psychopathology in assessment of psychiatric disorders, 1596
need for recognition & compliance with standards for training for legitimate provision of neuropsychological services, clinical psychologists, 9921
negative symptoms including attentional impairment & neuropsychological performance, schizophrenic 17–45 yr old inpatients, 1667
neurobehavioral assessment & classification & evaluation, mild head injury, children vs elderly, 9127
neurobehavioral sequelae, head injured patients with persistent vs prior alcohol abuse, 16220
neurocognitive profile, high vs low vs possible risk sons & their alcoholic vs nonalcoholic fathers with vs without alcoholic relatives, 8925
neurological dissociability of visual vs spatial components of mental imagery, brain damaged 36 yr old male, implications for cognitive theories, 9048
neurological functioning, head injured 15–45 yr olds, 6 yr study, 26655
neurological parameters, chronic schizophrenic adults, 11961
neurophysiological & hormonal influences in cognitive development & differentiation, spatial ability & language representation & brain lateralization, males & females, 35363
neuropsychodynamic model, assessment of ego autonomy & creativity & cognitive style, implications for psychopathology, 18969
neuropsychological & behavioral functioning, 6–15 yr olds exposed to narcotics in utero, 12221
neuropsychological & neuropathological findings, 64 & 75 yr old male Korsakoff amnesia patients, 19373
neuropsychological & psychomotor performance measuring genetic predisposition for alcoholism, male 18–25 yr olds with alcoholic fathers, 33391
neuropsychological analysis of learning & memory performance, aged rats, 21569
neuropsychological analysis of reading & verbal memory impairment, 51 yr old male with deep dyslexia & Broca's aphasia, case report, 30115
neuropsychological assessment of temporohippocampal & frontohippocampal dysfunctions & learning & memory deficits, patients with remitting schizophrenia vs affective disorders, conference presentation, 1601
neuropsychological assessment, patients with frontal lobe damage, 16027
neuropsychological assessment, 56–74 yr olds studied during vs after episodes of transient global amnesia, implications for bilateral medial temporal or diencephalic structures, 22972
neuropsychological characteristics & predisposition toward suicide, 12.8 & 15.8 & 23 yr old males with nonverbal learning disabilities, commentary, 22836
neuropsychological cognitive impairment assessed by short term memory test, 25–85 yr olds with PTSD, 40098
neuropsychological correlates of attention deficit & conduct & anxiety disorder & depression, 13 yr olds, New Zealand, 40015
neuropsychological correlates of intellectual impairment & magnetic resonance imaging, 17–64 yr olds with myotonic dystrophy, 40424
neuropsychological deficits, asymptomatic adults at risk for Huntington's disease, 16116
neuropsychological evaluation, adults over vs under 35 yrs old with Down's syndrome, implications for Alzheimer's disease, 36921
neuropsychological findings, patients with acute confusional states induced by toxic encephalopathies vs focal right hemisphere disease, 16145
neuropsychological findings vs postmortem neuropathological evidence of Alzheimer's disease, 75–85 yr olds with vs without clinical dementia, 6–28 mo study, 22908
neuropsychological function, patients with deficit vs nondeficit forms of schizophrenia, 1732
neuropsychological functioning, adult psychiatric patients in hospital sheltered workshop vs industrial therapy vs vocational rehabilitation programs, 6470
neuropsychological health, 38 yr old male exposed to carbon monoxide poisoning, 11 yr followup, 1969

neuropsychological impairment & neurological functions, Air Force personnel infected with HIV, 29951
neuropsychological impairment, patients with sleep apnea vs other disorders of excessive somnolence, 22937
neuropsychological impairments & clinical features, 10–30 yr olds with congenital agenesis of corpus callosum, 8995
neuropsychological model for classification of entopic phenomena & iconic hallucinations in Upper Paleolithic art, with 16 commentaries & reply, 7973
neuropsychological model of visuoconstructive abilities & disabilities including drawing & copying & hand gestures, brain injured patients, 40519
neuropsychological performance & cerebral perfusion, 42–65 yr olds with unilateral subcortical vascular lesions recovering from aphasia & neglect, 23064
neuropsychological performance & memory & CSF vasopressin & HVA & 5-HIAA & MHPG, 61–85 yr olds with Alzheimer's disease, 40431
neuropsychological performance, nondrinking vs social drinking vs alcoholic 23–42 yr old males sober for less vs more than 30 days, 22787
neuropsychological performance, patients with Alzheimer's multi-infarct dementia, 2057
neuropsychological performance, 42–93 yr olds with mild or moderate Alzheimer's disease vs fluent & nonfluent stroke induced aphasia, 29856
neuropsychological processes & hemispheric specialization of mental imagery, 14682
neuropsychological research on & model of delinquency, 15867
neuropsychological test performance, alcoholic vs nonalcoholic males with cirrhosis, 22489
neuropsychological theory, clinical assessment & retraining of neuropsychological impairments, conference presentation, 30058
neuropsychologically assessed cerebral organization, left handed 51 yr old with left middle cerebral artery infarct, case report, 2148
neuropsychology & differential diagnosis, late life psychosis, 8579
neuropsychology of schizophrenia, commentary, 36587
neuropsychology of schizophrenia, implications for underlying psychological processes related to brain systems, 19099
neuropsychology, 34 yr old male with Asperger's syndrome & emotional & social disabilities & outstanding math ability, 1911
neuropsychology, 39 yr old female with choreoacanthocytosis, case report, 40463
neuropsychosocial theory of persistent criminality, forensic patients, implications for assessment & treatment, 22773
neurpsychological correlates of episodic violent behavior, neuropsychiatric patients, 5741
occupational exposure to lead vs mercury, neuropsychological change, adults, 10435
occupational exposure to organic solvent mixtures, neurobehavioral functioning & cognitive ability & cacosmia, male blue collar workers, 17413
occupational lead vs carbon disulphide vs organic solvent intoxication, neurobehavioral syndromes, 20–60 yr olds, conference presentation, 22943
opportunities for entry into clinical neuropsychology, college & graduate students & professionals, 2987
otitis media history, neuropsychological & information processing functions, learning disabled 5.8–16.6 yr olds, 19452
parallel models of associative memory as basis for study of neuropsychological functioning, commentary, 4145
partial vs total corpus callosotomy, neurological & neuropsychological outcomes, 12–39 yr olds with uncontrolled epilepsy, 2644
penicillamine, 30 yr old female with advanced Wilson's disease & dementia, case report, commentary, 40779
performance on Luria Nebraska Neuropsychological Battery, schizophrenic adults, 19185
phenylalanine restricted diet, neuropsychological deficit, 11–18 yr olds with phenylketonuria, 5849
physiology of higher nervous activity & neuronal networks & application to psychophysiology, 21552
postconcussive syndrome vs PTSD as neurobehavioral sequelae, patients with minor head injury, implications for rehabilitation, 9024
practice vs left vs right endarterectomy for symptomatic atheroma of ipsilateral carotid artery, neuropsychological improvement, patients with transient ischemic attacks, 40830
prenatal & early preschool lead exposure, intelligence & neuropsychological functioning, 4.8 yr olds, 37018
problems with psychometric test scores adjusted for age & other variables, diagnosis of intellectual impairment & neuropsychological aspects of aging, 21071
psychiatric & neuropsychological symptoms, patients with untreated Grave's disease, 2146
psychobiological & neuropsychological theories of PTSD, 33096
psychological & physiological cognitive performance, patients with presenile dementia Alzheimer type or alcoholic Korsakoff syndrome, 1 yr study, 5129
psychological adjustment & cognitive & neuropsychological impairments, patients with amyotrophic lateral sclerosis, 9152
psychological dysfunction & subcortical dementias, patients with Parkinson's vs Huntington's vs Alzhiemer's diseases, literature review, 9019
psychology, amelioration of neurological impairments in psychological functioning, conference presentation, 30180
psychoneurological development, children at high risk for endogenous mental disorders assessed from age 18 mo through 2 yrs, 11995
psychosocial & neuropsychological & developmental consequences, patients with severe epilepsy, 19484
pulse coded reformulation of A. H. Klopf's formal real time model of classical conditioning, neuronal capabilities, 18094
putative anterior vs posterior cerebral asymmetry, neuropsychological measures & personality & behavioral characteristics, 7–12 yr olds referred for learning problems, 8943
radiation therapy, neuropsychological functioning, 30–65 yr olds with nasopharyngeal carcinoma, 37642
recovery from neuropsychological impairment, 10 yr old female with severe carbon monoxide poisoning, 16093
repeated exposure to extreme altitude, cognitive functioning, 21660
research paradigm utilizing endogeneous components of EPs, study of cognitive processing, 25038
school based neuropsychological services & need for interdisciplinary research, learning disabled & neurologically disordered children, India, 24181
sedative or hypnotic abuse, neuropsychological impairment & field dependence & clinical course, 25–67 yr olds, 4–6 yr followup, 40271
sensory & memory & feelings based consciousness modes as outlets of functionally & physiologically distinct minds, 38951
sensory perceptual & neuropsychological & musical abilities, 17 yr old male with colored hearing synesthesia, 39565
sex & medication status & laterality, neuropsychological functioning, 18–65 yr olds with major depression vs schizophrenia, 29537
sex, neuropsychological skill & strategy, left vs right handed 17–20 yr olds, 39543
single neuron function drive reinforcement neuronal model of classical conditioning, animals, 11030
single patient studies of acquired cognitive disorders, validity of inferences about normal cognitive processing structure & neuropsychology, 25976
size of 3rd & 4th cerebral ventricles & ventricular brain ratio & neuropsychological performance, chronic schizophrenic male patients, 8708
strategy for understanding spatial information processing in early vision, locust visual cells, 14690
structured memory remediation, head injured adults with mild to moderate neuropsychological impairments, 9858

surgery for prolonged circulatory arrest with hypothermia & barbiturate protection, neuropsychological functioning, 66 yr old female, case report, 40853
surgery vs radiotherapy, pretherapy vs posttherapy neuropsychological test performance, 56–196 mo old brain tumor patients, 2587
symptoms & neuropsychological findings & diagnosis of primary intraventricular hemorrhage, 25–79 yr olds, 1985
target elicited saccadic eye movements, parallel computation in neural networks & coding of spatial position, 14671
theoretical framework & research paradigm for classification research in neuropsychology, 9154
theoretical framework for hypotheses on social intelligence from neuropsychosocial perspective, 32057
theoretical model of brain mechanisms of innate imitative behavior, learning simple & complex motor tasks, human neonates & infants & animals, literature review, 18634
trichromatic vs opponent process theories of color vision, commentary, 21538
unawareness of language & memory & perception & motor function deficits, brain damaged patients with neuropsychological syndromes, literature review, 30019
utility of structural equation models in neuropsychological theory & practice, 7226
verbal fluency task induced activation, regional cerebral glucose metabolism, 26–77 yr olds, 7674
visuospatial processing, chronic alcoholic adults, 36848
WAIS & Wechsler Memory Scale performance & brain atrophy & ventricular enlargement, 39–93 yr olds with presenile vs senile dementia, 2082
Neurosciences [See Also Neuroanatomy, Neurobiology, Neurochemistry, Neurology, Neuropathology, Neurophysiology, Neuropsychiatry, Neuropsychology]
brain as complex hierarchical system, consciousness, implications for neuroscientific research, 14697
ketamine & reproduction of near death experience, commentary, 38552
neuroscience & psychiatry, commentaries included, 37254
research strategies & techniques in cognitive neuroscience, 21499
significance of neuroscience for philosophy, 10510
Neurosis [See Also Affective Disturbances, Anxiety Neurosis, Dissociative Neurosis, Experimental Neurosis, Hysterical Paralysis, Hysterical Vision Disturbances, Neurasthenic Neurosis, Neurotic Depressive Reaction, Psychosomatic Disorders]
A. Terruwe's Thomistic psychology & Catholic moral theological approach to neuroses, 29494
age & sex & marital status & educational level, rural vs urban depressive neurotic patients, India, 19251
age & sex, psychiatric hospital admission for alcoholism vs neuroses vs schizophrenia, rural vs urban 16–74 yr olds & older, Ireland, 9786
AGECAT computerized diagnosis procedure, detection of dementia & depression & neurosis, elderly males vs females in urban communities, US vs England, 15566
application of E. Erikson's stages of development to work produced in art therapy sessions, adult neurotic day hospital patients, Great Britain, 30769
application of ego psychology theories during classical analysis, identification of preverbal determinants of obstacles to oedipal resolution, obsessional neurotic male, 2318
application of semantic differential, neurotic 17–46 yr olds in psychoanalytic psychotherapy, 37283
brain stem auditory EPs, successful treatment with nortriptyline, male 22 yr old with manifestations of catatonic schizophrenia & neurosis, case report, conference presentation, 2492
central fatigue, attention change as measured by eye movement capacity to track optokinetic stimuli, neurotic adults, conference presentation, 19264
central fatigue, optokinetic response limit, healthy vs neurotic adults, conference presentation, 5367
circaseptanary sleep biorhythms, patients with neurosis vs sleep disturbances vs drug withdrawal, conference presentation, 19034
class & ethnicity & sex, cause & meaning of "nerva", female 28 & 29 & 44 yr old Greek immigrants, Canada, 40095
classification of disturbances in reality awareness, neurotic adults with negative hallucinations, 40199
client characteristics, psychiatrist's offer of continued treatment, neurotic patients, 5852
clinical presentations of "nervios", El Salvadoran refugee mental health center clients, 11970
clinical utility of California Test of Personality, assessment of adjustment, neurotic or alcoholic 18–43 yr olds, India, implications for treatment planning, 35195
clonidine, growth hormone response, 18–50 yr olds with neurotic vs endogenous major depressive episode, 19061
CM6912 vs diazepam, therapeutic efficacy, neurotic inpatients & outpatients, 37535
creativity & art in psychotherapy, neurotic patients with narcissistic disturbances from early deprivation of maternal care, implications for projective identification, 33775
Crown Crisp Experiential Index, discrimination of neurotic subgroups, psychiatric patients, England, 26029
cultural interpretation of "attacks of nerves", Hispanic adults, 40109
cultural interpretation of "nerves", fishing community, Canada, 40089
culture specific concept of nerves or "nervios", interpretation of schizophrenic family members, Mexican American vs Anglo American adults, 11983
demographic & clinical characteristics, patients with obsessive compulsive vs depressive vs manic depressive disorder vs anxiety neurosis, 19107
development & validity of computerized measure, assessment of neurotic symptoms, 18–85 yr old patients, 17612
dominance of left hemisphere logical thinking over image thinking, symptoms & pathogenesis of neurotic & psychosomatic disturbances, implications for psychotherapy, conference presentation, 19210
DSM-III-R differential diagnosis of compensation neurosis, 1614
EEG & self reported neurotic symptoms, 23–29 yr old medical students vs 51–64 yr old cardiologic patients, implications for validity of self ratings, 9138
efficacy of clinical tests, assessment & differentiation, schizophrenic vs neurotic 17–50 yr olds, India, 19234
ego psychology, descriptive developmental diagnosis, underachieving 35 yr old male with neurotic & borderline personality features, 2257
Eysenck Personality Questionnaire assessment, neurotic vs psychotic vs depressive inpatients, Bangladesh, 8699
family & individual background & neurotic & antisocial traits, 12–20 yr old male heroin addicts vs their siblings & parents, India, 19363
fluoxetine vs nomifensine, 16–72 yr olds with neurotic or reactive depressive disorder, 30522
Freud's & W. Niederland's & P. E. Flechsig's & G. Weber's interpretations of neurotic patient D. P. Schreber, 40637
gender ideologies, history of etiology & diagnosis & treatment of nervous disorders, females, 11929
historical & medical concepts of neurasthenia, nervous complaints, residents of fishing village, Newfoundland, 11937
historical context & cultural selection & meaning of "nerves" as expression of distress, ethnic groups, medical implications, commentary, 40135
holding function of therapist during crisis in therapy, neurotic vs borderline females, 37343
K. Horney's concept of alienation from self, psychoanalytic interpretation of "Jewel in the Crown" TV series & India's role in British Empire, 12046
Lancanian perspective on Freud's distinction of neurosis & psychosis & concept of father, nearly psychotic male analysand, 37329
life history & experiences, neurotic pathology, 40–49 yr old females in rural community, Great Britain, 8551
marital intimacy & personality traits, psychiatric help seeking, adults with neurotic symptoms, Canada, marital therapy implications, 30633

mental load & psychic factors, masticatory EMG activity, neurotic psychosomatic patients, conference presentation, 19024
mental load vs rest, heart rate & psychasthenia & emotional strain, neurotic adults, conference presentation, 19105
microclimatic therapy, CNS activity, patients with occupationally induced information neurosis & experimentally neurotic dogs, 5874
modulation of level of attention during RT task & skin conductance, acute schizophrenic patients vs neurotic outpatients, 22544
nature of overinclusive thinking, schizophrenic vs neurotic adults, 5179
neurotic symptoms & homophobia & transference, homosexual patients & therapists, 12639
neuroticism & extraversion & other personality characteristics & sexual behavior, 16–45 yr old married neurotic males vs females, India, 36630
object relations & Oedipal complex differences & clinical interpretation, client characteristics & conformance to Freud's neurotic model, analysands, 16339
perseverative response sequences, 23–71 yr olds with schizophrenia vs neurosis vs schizoid personality vs affective disorder, 26126
play in psychotherapy, autistic 5 yr old female & neurotic 9 yr old male, 2288
positivist or hermeneutic or critical paradigms in study of "nerves" as popular illness term, 14–18 yr olds, Appalachia, 40192
presentation of "nerves" as anxiety & depression, medical patients, 12029
psychic disturbances & REM sleep structure & dream recall, adults with vs without neurosis, USSR, 5315
psychoanalysis, 32 yr old neurotic female with fear of pregnancy & childbirth, case report, conference presentation, 16413
psychoanalytic theory & method, reconstruction of past & clarification of unconscious wishes, neurotic patients, 9376
psychosomatic complaints, 14–80 yr olds with ear or nose or throat complaints vs neuroses, Nigeria, 40010
psychotherapy, self containment as neurosis vs structural personality deficit, clients, 33751
psychotherapy using imagery & symbolic desensitization, neurotic symptoms, 20–39 yr olds with depression or borderline symptoms or phobia or psychosomatic disease, 2268
REM sleep physiology & dreams, patients with neuroses & psychosomatic disorders, implications for etiology, 5127
right temporal lobe function, smell matching, 15–45 yr olds with affective disorders or schizophrenia or neurosis, India, 36695
salivary prostaglandin, adults with major vs minor depression vs neurotic disorders, 5296
self esteem & locus of control & thoughtfulness & gregariousness, hysteric vs neurotic adults, 22663
self vs objectively rated empathy as social perception of feelings & personality, group psychotherapy patients with neurosis vs borderline disorders vs psychosis, 12746
short term dynamic psychotherapy, outpatients with neurosis or personality disorder, commentary, 16398
sociodemographic characteristics, length of psychiatric hospital stay, patients with neuroses vs psychoses, West Germany, 9790
somatosensory & visual & auditory EPs, 21–49 yr olds at risk for Huntington's disease vs hospitalized neurotic patients, 19003
specific images, subjective emotional responses, neurotic patients, 5257
strenuous mental work & informational overload, neurotic 15–49 yr old patients, 5173
traditional vs Kohutian approach to psychoanalytic theory & technique, application to psychoanalysis & neurosis & narcissism, 19779
use of Willoughby Personality Questionnaire & Fear Survey Schedule as diagnostic aids for neurosis, clinical psychologists, implications for behavior therapy, 12087
validity of Crown-Crisp Experiential Index, measurement of neurotic pathology, 40–49 yr old community vs psychiatric inpatient females, 17563

Neurosurgeons [See Surgeons]

Neurosurgery [See Also Commissurotomy, Decerebration, Decortication (Brain), Hemispherectomy, Psychosurgery, Tractotomy, Vagotomy]
abstract designs & verbal paired associates tests, differentiation of memory ability, unilateral temporal lobectomy patients, 27059
brain autografting of adrenal medullary tissue, neuropsychological functioning, 34–59 yr olds with Parkinson's disease, 20078
cortical stimulation & pitch, tonotypical cortical representation in pitch perception, 39 yr old male undergoing temporal lobectomy for complex seizures, implications for auditory parakoniocortex, 40360
deficit in memory for semantic information, 57 yr old male patient with anterograde amnesia following bilateral medial temporal lobe excision, case report, 12393
dichotic word memory tests measuring hemispheric memory functions, epileptic patients with complex partial seizures & left vs right temporal lobectomy, Sweden, 3 yr study, 36992
directional cue, visual target localization by finger tapping measuring choice RT, epileptic 14–55 yr olds with left vs right frontal vs temporal lobectomy, 36965
ECT 3 mo after craniotomy, 26 yr old male with undifferentiated schizophrenia & depressive symptoms, case report, 26736
flash visual EPs, intraoperative monitoring of N2/P2/N3 components, patients undergoing craniotomy vs visual pathway vs noncranial surgery with anesthesia, 6228
global stereopsis, adults with unilateral right vs left temporal vs right frontal lobe surgical lesions for intractable epilepsy, Canada, 9649
intracarotid amobarbital sodium procedure, false positive errors during recognition memory assessment, patients under evaluation for epilepsy surgery, 26565
judgment of results after neurosurgery, patients vs doctors, 8–24 mo followup, 30571
left temporal lobectomy, male 7 yr old & female 28 yr old with acquired verbal auditory agnosia & epileptic discharges & mutism, case reports, 2594
musical hallucinations following removal of right frontal meningioma, 43 yr old male, case report, 23508
neuropsychological & psychiatric examination before surgery, assessment of lobectomy outcome & possible side effects, epileptic patients, 20048
neurosurgery, rehabilitation outcome, epileptic patients, 20050
neurosurgical stereotactic treatment, 5–11 yr olds with Gilles de la Tourette syndrome, conference presentation, 30570
removal of right frontal meningioma, motor & visuospatial neglect, 60 yr old female, case report, 12996
risk & epidemiology of psychopathology or personality disorders, surgically treated 16–50 yr olds with refractory presentation, 23510
surgery & intensive radiation therapy, cognitive functioning, 8 yr old females with pineocytoma, 7 wk & 9 & 14 mo followup, 30564
surgery, anxiety & coping strategies & regional cerebral blood flow, 26–66 yr olds with low vs highly malignant vs nonmalignant brain tumors, 23513
surgical extracranial shunting of CSF, cognitive functioning & tomographically assessed brain morphology & visual EPs, 37–82 yr olds with hydrocephalus, 23540
unilateral anterior temporal lobectomy, visual attention & pattern recognition, epileptic patients, 20092

Neurosyphilis
drug therapy for neurosyphilis, AIDS dementia with cognitive & memory impairment, HIV positive 29–42 yr old males with negative syphilis tests, case reports, 12833

Neurotensin
behavioral pharmacology of neurotensin & brain dopamine systems, literature review, 35592

brain neurotensin levels & receptor characteristics & mediated behaviors, LS vs SS mice, conference presentation, 39089
CSF concentrations of tridecapeptide neurotensin & monoamine metabolites & clinical rating, drug free schizophrenic 18–45 yr olds, 33113
ethanol & neurotensin, thermoregulation & locomotor activity, long vs short sleep male mice, 32192
icv neurotensin into mammillary body vs central amygdaloid nucleus vs other brain nuclei, passive avoidance behavior, male rats, 4483
neurotensin analog or alpha flupenthixol, amphetamine induced hyperactivity, rats, 35888
neurotensin injections in nucleus accumbens, antagonization of arousal & excitement produced by mesolimbic dopamine, rats, 32191
neurotensin into lateral cerebral ventricle, water intake, water deprived male rats, 39316
neurotensin vs substance P vs neurokinin vs enkephalin in ventral tegmental area, operant responding for food reward, male rats, 32220
stereoisomers of butaclamol, regional brain neurotensin, male rats, implications for therapeutic effects of antipsychotic drugs, 32157

Neurotic Depressive Reaction

clinical features & symptoms, outcome, patients with neurotic depression, 6 & 20 wk followups, 5298
dysthymic states & neurotic depressive & anxiety syndromes, patients with psychogenic physical conditions, 2058
family history & incidence of primary vs secondary depression, patients with neurotic depression, conference presentation, 1742
nonlinear mathematical model for computerized analysis of mood curves, schizophrenic vs endogenous vs neurotic depressive inpatients, 7248
personality traits including dependency & introversion & limited communication skills, neurotic depressive outpatients, West Germany, 5261

Neuroticism

age, changes in psychoticism & extraversion & neuroticism, humans across life span, 29122
attitudes toward Christianity & neuroticism & extraversion & lie scores on Eysenck Personality Questionnaire, 11–16 yr old males vs females, implications for correlation between religiosity & maturity, 15167
correlation of love styles with neuroticism & extraversion scores on Eysenck Personality Inventory, college students, 11828
correlations among Dutch self report measures of anxiety & depression & neuroticism, 19–74 yr olds, Netherlands, 31726
discriminant validity of Life Orientation Test & correlations with measures of optimism & neuroticism & coping & symptom reports, college students, 24651
external locus of control, 18–65 yr old agoraphobic or panic disordered vs nonagoraphobic neurotic patients, Netherlands, 26194
extraversion & neuroticism & individual differences, EP responses to tone pips elicited during meaningful vs meaningless speech passages, adults, 8425
extraversion & neuroticism & Type A behavior, self monitoring, adults, 25915
extraversion & neuroticism, alcoholic males 20–50 yrs old & older, India, 36845
extraversion & neuroticism, experimental & clinical pain & illness behavior, adults with myofascial pain dysfunction, 29963
extraversion & neuroticism, life satisfaction, 16–18 yr olds, Australia, 36136
extraversion & neuroticism, math factual recall & computation & understanding & application, female vs male 10–11 yr olds, 38157
extraversion & psychoticism & neuroticism & time of day, lemon juice induced salivation, 21–23 yr olds, Scotland, 18151
extraversion & social relationships & neuroticism, subjective well being, college students, 39964
extraversion vs neuroticism vs emotional control, heart rate recovery following stress, college students, 11100
extraversion vs neuroticism vs psychoticism, CRs to weak vs strong appetitive vs aversive stimuli, 18–36 yr old males, 5063
extraversion vs psychoticism vs neuroticism, pupil size response to light & dark as measure of autonomic system balance, college students, 32878
extreme scores on Extraversion-Introversion & Neuroticism-Stability scales of Eysenck Personality Inventory, college students, 8421
Framingham Type A Scale vs Jenkins Activity Survey vs Structured Interview, neuroticism & chest pain symptoms & Type A behavior, male college students, 35191
genetic & environmental factors, neuroticism & extraversion & impulsivity & monotony avoidance, monozygotic or dizygotic twins reared apart vs together, 15203
genetic determinants of symptoms of panic vs neuroticism, same sex twins, Australia, 15729
hardiness as cognitive style & neuroticism, cognitive & BP & heart rate & finger pulse volume responses to evaluative threat, male college students, 18936
impulsivity & anxiety & extraversion & neuroticism, Type A behavior pattern, college students, Spain, 8442
links between Eysenck Personality Inventory neuroticism & extroversion & lie scale scores & expressed emotion, mothers & fathers of schizophrenic children, 15755
living & dealing with neurotic males, females, implications for rational emotive therapy principles, 8427
locus of control & neuroticism, job satisfaction, nurses, India, 30925
negative affectivity & neuroticism component in self report measures of stress & health, university employees, 25966
neuroticism & extraversion & level of aspiration, science vs arts college students, 13594
neuroticism & extraversion & other personality characteristics & sexual behavior, 16–45 yr old married neurotic males vs females, India, 36630
neuroticism & extraversion, 41–60 yr olds with acute myocardial infarction, India, 37074
neuroticism & interpersonal warmth & gregariousness, determinants of subjective well being, adults, 8446
neuroticism & other personality traits & alcohol dependency & related disabilities, upper gastrointestinal disease, male soldiers in endoscopy clinic vs hospital alcohol treatment unit, UK, 23078
neuroticism & religiosity, college students, India, 36461
neuroticism & superego interaction or Furneaux Factor, academic achievement, college students in independent study program, England, followup, 38151
neuroticism & task difficulty, visual discrimination, 13–17 yr old males, 25539
neuroticism, depression, males vs females, meta analysis, 1619
object relations theory applied to psychoanalytic technique, patient with neurotic personality organization, 9312
perception & expectations of self disclosure reciprocity in dyadic interaction with stranger, neurotic vs normal college students, 25860
R. D. Laing's concept of ontological insecurity, extraversion & neuroticism scores on Eysenck Personality Inventory, college students, 11829
scores on hardiness measure, Eysenck Personality Inventory extraversion & neuroticism scores, adults, 11836
sex & extraversion & neuroticism & body & facial self image, ability to correct distorted mirror image of own face, 15–55 yr olds, 22424
shyness & introversion & neuroticism, college students, 15494
suicidal preoccupation & psychoticism & neuroticism & introversion, college students, replication, 1815
treatments for trait anxiety & neuroticism, meta analysis, 33710

Neurotoxins
Agent Orange component 2,4-D-n-butyl-ester, ataxia, rats, 4479
behavioral & neurotoxic effects of drug "ecstasy", recreational users, 22301
chronic low level formaldehyde exposure, cognitive & emotional functioning, adults, 1982
chronic sulfuryl fluoride, weight gain & grooming & physiological sequelae & CFF & flash & auditory & somatosensory EPs, rats, conference presentation, 11270
colchicine in dentate gyrus with vs without gangliosides GM1 or AGF2, working vs reference memory impairment, male rats, 32189
cross-tolerance to physostigmine or n-butyl after development of tolerance to Agent Orange component 2,4-dichlorophenoxyacetic acid-n-butyl, rats, 4480
delay & delay behavior & intertrial interval & trimethyltin, choice accuracy & retention & working memory in spatial delayed response task, male rats, 829
depression & fatigue & malaise induced by consumption of neurotoxin ciguatera in tropical water fish, 52 yr old male, case report, 30007
desglycinamide-8-arginine vasopressin, organometal neurotoxin trimethyltin induced deficits in operant responding, rats, 910
DSPH 48 hrs after birth, inhibitory avoidance & Y maze discrimination reversal task performance as adults, rats, 4338
DSP4 injections, attraction to conspecific odors, male rats, 11199
DSP4 lesions of CNS noradrenergic endings & forced attention vs event expectancy situation, attentive behavior & sensorimotor & parietal cortex EEG & locus ceruleus immunoreactivity, cats, 39211
EEG correlates, neurotoxicity, conference presentation, 21732
electric vs ibotenic acid bilateral lesions of anterior vs posterior cingulate cortex, maze learning, male mice, 4293
eosinophil induced neurotoxicity characterized by axonal neuropathy & dementia & cerebral infarction, 41 yr old male & 52 yr old female with hypereosinophilic syndrome, case reports, 2155
factors in collection & outcome of traditional neurotoxicologic data, assessment of neurobehavioral dysfunction, animals, conference presentation, 664
ibotenic acid induced basal forebrain lesions, learning & reversal of T-maze 2 choice spatial discrimination, male rats, 4296
iminodipropionitrile induced persistent spasmodic dyskinesia, regional cerebral glucose utilization & role of nigrotecto reticulospinal pathways, male rats, 35783
iminodipropionitrile, movement disorders accompanied by arousal damage & reversal by vitamin E, male rats, animal model of hyperkinetic movement disorders in humans, 32233
intrahippocampal colchicine, incentive contrast & radial maze performance, rats, 28764
ivermectin dosage during gestation & lactation, mortality rate & cliff avoidance & locomotion & motor development, rat pups, 896
kynurenic acid, effects of quinolic acid injections into nucleus basalis magnocellularis on radial maze choice accuracy & feeding & locomotor activity & cortical choline acetyltransferase, rats, 21831
low level lead acetate during gestation vs ibotenic acid induced neuronal lesions in dorsal hippocampus, radial arm maze performance, rats, 754
methimazole induced congenital hypothyroidism, neurophysiological development, rats observed as pups & adults, conference presentation, 35764
neurotoxin DSP4, testosterone induced sexual behavior, castrated male Japanese quail, 14809
neurotoxin induced norepinephrine depletion, gating of auditory EPs, male rats, implications for sensory processing in schizophrenia, 7817
noradrenaline neurotoxin DSP4, steady state operant behavior evaluated with Herrnstein's equation & noradrenaline & dopamine levels, female rats, 25273
nucleus basalis bilateral lesions using colchicine, food reinforced working memory & radial arm maze learning & neocortex neurochemistry, male rats, implications for Alzheimer's disease, 814
occupational neurotoxin exposure, MMPI profiles, adults, 32925
para-chloroamphetamine, passive avoidance conditioning & frontal cortex 5-HT & 5-HIAA, male vs female rats, 28869
phenytoin or diazepam or clonazepam or Ro 5-4864 lindane toxicity, rats, implications for treatment of insecticide poisoning, 39311
postnatal anoxia or injected cholinergic neurotoxin, passive & active avoidance & amphetamine induced stereotypy, rat pups, 11307
posttraining ethylcholine aziridinium, working memory of radial arm maze vs simple discrimination task, male rats, implications for septohippocampal cholinergic function, 18306
quisqualic acid, grayanotoxin-III induced suppression of locomotor activity, male mice, 18407
reliability & sensitivity & validity of behavioral & neurological tests, assessment of neurotoxicity, animals, conference presentation, 671
sensory EPs, assessment of neurotoxicity, rats, conference presentation, 21781
transplantation of fetal brain tissue, restoration of neurotoxin induced behavioral dysfunction, rats & monkeys, implications for Parkinson's disease, 21705
trimethyltin, delay conditioning deficits in learning or memory, male rats, 35877
types & interpretation of neurobehavioral tests, assessment of chemical neurotoxicity, animals, conference presentation, 670
utility of neurobehavioral tests, setting of limits for exposure to industrial solvents with neurotoxic properties, literature review, 5617

Neurotransmitters [See Also Acetylcholine, Aspartic Acid, Catecholamines, Cholecystokinin, Endorphins, Gamma Aminobutyric Acid, Glutamic Acid, Glycine, Histamine, Neurotensin, Serotonin, Substance P]
binding potencies at monoaminergic uptake & neurotransmitter receptor sites, reinforcing properties of amphetamine & related phenylethylamines vs cocaine, implications for abuse, 35885
chronic ECS, neurotransmitter & behavioral changes, animals, literature review, 32126
CSF neurotransmitters & amines & their metabolites & peptides & diagnostic classification, depressed patients, literature review, 29542
estrous cycle vs late pregnancy vs early postpartum period, brain norepinephrine & dopamine & serotonin & their metabolites, female rats, 14669
inescapable shock, motor behavior mediated by brain neurotransmitter systems, rats, implications for endogenous depression, 14777
infusion of excitatory amino acid transmitters into ventral nucleus of lateral lemniscus, acoustic startle, rats, 4488
light & age & season of year & depression & antidepressant drugs, neurotransmitter control of melatonin synthesis & secretion, literature review, 7696
lumbar CSF concentrations of neurotransmitter amines & amine metabolites, patients with endogenous vs nonendogenous depression, 22546
maturation of forebrain cholinergic system, suppression of transport response intensity, 23–30 day old rat pups, 32061
MK-801 dosage, haloperidol induced catalepsy, male rats, implications for drug therapy of Parkinson's disease, 39388
molecular mechanisms in signal transduction at & behavioral expression of modulation of glutamate & N-methyl-D-aspartate & other excitatory amino acid receptors, 35639
N-methyl-d-aspartate amino acid receptor class, Hebb-type synaptic plasticity associated with development & learning, 4090

neurobiological abnormalities & putative targets of psychotropic drugs as elements in 2nd messenger transmitter/receptor systems, 7657
neuroleptic affinity for acetylcholine & noradrenaline & histamine receptors, therapeutic effects, conference presentation, 2557
neuromodulator responses to stress, implications for etiological model of mental illness integrating psychodynamic & biological perspectives, 15684
neuropeptide Y & epinephrine & norepinephrine in paraventricular nucleus, stimulation of feeding & release of corticosterone & vasopressin & glucose, male rats, 28891
neurotransmitter abnormalities & hyperactivity & aggression, 4–6 wk old male rats, animal model of acute phase of Borna disease, 26562
neurotransmitter amino acids in postmortem caudate nucleus & nucleus accumbens & frontal cortex & amygdala & hypothalamus, chronic schizophrenic patients, 1632
neurotransmitter basis for H. J. Eysenck's theory of personality, 32877
neurotransmitters & receptor types regulating sexual behaviors, male rats, literature review, 827
neurotransmitters & receptors & neuropeptides in postmortem brains, chronic schizophrenic 30–75 yr olds, 19244
nutritional supplement SAAVE for neurotransmitter restoration, rehabilitation, alcoholic inpatients, 23746
personality variables & monoamine turnover indicators, 18–61 yr olds with psychosomatic disorders vs 18–56 yr olds, 29849
psychopharmacology, neurotransmitter receptors & synaptic transmission, treatment implications, 11243
role of brain neurotransmitters in etiology of anorexia, elderly, commentary, 2049
serotonergic & cholinergic neurotransmitter disturbances in subcortical & cortical grey matter, postmortem brains of 73–92 yr olds with severe vascular dementia, 40526
temporal & spatial coordinating of neural circuits, control of behavior, crustaceans & insects, 25083
5-HT vs parachlorophenylalanine vs vasoactive intestinal polypeptide vs arginine vasotocin, circadian patterns of activity level & sleep appetitive behavior, cleaner wrasses, 878
New Guinea [See Papua New Guinea]
New Zealand
analysis of causes of criminal offenses & definitions of mental illness in bicultural setting, Maori offenders, New Zealand, 12138
attitudes toward nuclear weapons & war & power, school age children & adolescents, New Zealand, literature review, 32518
bicultural perspective & Maori dimension, postgraduate training in clinical & educational & community psychology, New Zealand, 6579
characteristics of social welfare programs & community based treatment, sexually abused children, New Zealand, 6355
choice of & interactions with significant others, 12–14 yr olds, New Zealand vs Philippines, 8163
cigarette advertising, cigarette consumption, 1973–85, New Zealand, 8316
clinical & educational psychology professional training programs, client treatment in bicultural Aotearoa, psychologists, New Zealand, 30892
clinician's accuracy in estimating treatment requests, psychiatric patients, US vs New Zealand, 2177
construction & psychometrics of questionnaire, measurement of Maori language & cultural knowledge, Maori vs Pakeha children & college students, New Zealand, 28139
demographic profile, market research interviewers, US vs New Zealand, 10452
development & training & practice of psychodrama, 1971 to present, Australia & New Zealand, 19747
Eysenck Personality Questionnaire, college students, New Zealand, 10620
family therapy, rural Maori, New Zealand, 12753
history & policies & attitudes toward mental health services, New Zealand, 34246
intensive introduction to Maori culture & Marae protocol, counselor trainees, New Zealand, 13079
job related stress, teachers, New Zealand, 31000
job stress factors, air traffic controllers, New Zealand vs Canada, 13892
knowledge of AIDS transmission & symptoms & risk groups & public information sources, community residents 16 yrs old & older, New Zealand, 33463
mainstreaming & need for professional support services & organizational change in schools, special education students, New Zealand, implications for policy making, 34714
marital & motherhood status, psychiatric morbidity, 18 yr old & older females, New Zealand, implications for role of sociocultural factors, 26160
mental health reform & access to justice in bicultural society, Maori & Pakeha, New Zealand, 13034
mothers' interactive behavior, self concept & cognitive & language development, Maori & Pakeha 3 yr olds & their mothers, New Zealand, 29088
need for increased community participation & responsibility, health education & promotion & prevention models, New Zealand, 34213
neighborhood & socioeconomic indicators of psychological & physical health, adults, New Zealand, 5025
private & public psychiatric health care systems, Australia vs New Zealand, conference presentation, 37194
psychiatric training, 1950s–80s, Australia & New Zealand vs US & UK, 23842
psychological consequences of unemployment, New Zealand, literature review, conference presentation, 6868
rates & interrelationships of psychiatric & behavior disorders, mentally handicapped adults with dual diagnoses, New Zealand, 18998
reliability & factor analysis & norms of Milton Life Stress Questionnaire, assessment of Type A behaviors, adults, New Zealand, 28071
social & psychological impact of rural development, New Zealand, 6959
traditional group meetings in culture center, cross cultural interaction with & discrimination against indigenous Maori people, counselor trainess, New Zealand, 20358
under reporting bias in psychosocial factors & unintentional injuries data, 7–11 yr olds, 4 yr study, New Zealand, 5704
Newsletters (Professional) [See Scientific Communication]
Newspapers
characteristics of matrimonial newspaper advertisements, adults seeking vs offering immigration to & residence in North America, India, 1203
content & reader predisposition, information search & processing in newspaper advertisements, readers, 17464
content analysis of health related information in popular vs quality newspapers & SES of target audience, social inequities in health, Great Britain, 23511
demands for adherence to caste system, newspaper advertisements for marriage partners, adults, India, 8215
economic news release reports by "CBS Evening News" vs "The Wall Street Journal" vs "Washington Post", economic expectations, college students, 25336
education & age & newspaper & TV use, environmental knowledge & concerns & behaviors, citizens 16 yrs old & older, 6964
intimate content of valentine messages in newspapers, 14962
libelous newspaper articles, perception of writer's intention & effects on other readers, college students, implications for libel law & communication theory, 14961
naturalistic contexts, verbatim recognition & recall & accuracy of quotations, newspaper reporters & writers, implications for memory for prose, 38905
newspaper coverage of community issues, public concern & evaluations of local government services, 15 yr olds & older, 36325
newspaper coverage of psychology in Rocky Mountain region, 934

newspaper reports, outbreak & relapse of mass hysteria, elementary & junior high school students, conference presentation, 5330
newspaper's political orientation, coverage of politically conflictual issues & compliance & political ideology, journalists, Hong Kong, 39803
price & locational signaling in local vs national TV commercials & newspaper advertisements, 38516
roles portrayed in & placement of newspaper photographs, adult males vs females, 1984–85, implications for stereotyping, 39873
semantics of winning & losing language in newspaper sports headlines, 32328
SES & exposure to newspaper vs TV, identification of social problems as important, adults, Venezuela, validation of nominal agenda diversity model, 35924
televised vs radio vs newspaper presentation of well known politician, attitude change, college students, Netherlands, 39432
use & evaluation of newspapers, White vs Black vs Hispanic adults, 24457
Niacin [See Nicotinic Acid]
Niacinamide [See Nicotinamide]
Nicaragua
attitudes toward & awareness of mental illness, communities, Nicaragua, 15592
community structure & transcultural psychiatric rehabilitation, Nicaragua, 9713
establishment of day psychiatric hospital, Nicaragua, 9802
organization & delivery & quality of psychiatric services, 1986, Nicaragua, 2692
psychosocial consequences of war & considerations in planning therapeutic interventions, children, Nicaragua & Guatemala & El Salvador, 29467
Nicotinamide
megadoses of nicotinamide, 19 yr old autistic White male, 17 mo study, 2482
Nicotine
across treatment changes in cumulative puff duration, prediction of treatment outcome in nicotine fading, adult smokers, 30818
activity meter, assessment of motor activity & development, nicotine treated rat pups, 7047
age & sex, use of & exposure to & attitudes toward tobacco, rural Anglo American vs Hispanic vs Native American 8–14 yr olds, implications for health education curriculum, 11484
alcohol vs caffeine vs nicotine vs combinations, state dependent learning & retrieval, college students, 4416
analgesic effect of acute tobacco smoke or nicotine exposure, development of tolerance & pain sensitivity, male rats, 28930
apparatus for controlling puff volume & consistent tar & nicotine values in cigarette smoking research, 38574
attitudes toward alcohol & nicotine & soft & hard drug use disorders & drug dependent clients, nurses, educational & treatment implications, 12249
automated system for administration of quantified doses of tobacco smoke, plasma nicotine concentrations, male 21–47 yr olds, 31538
background & prevalence & psychosocial correlates & physiological effects & systemic & oral health problems of smokeless tobacco usage, literature review, 29325
behavioral smoking cessation with transdermal nicotine substitution, adult smokers, 37883
bright artificial light during regular photoperiod, nicotine induced hypothermia, male rats, implications for pathophysiology of depression, 14754
bright artificial vs standard fluorescent light, hypothermic response to nicotine, rats, implications for treatment of seasonal affective disorder, 732
central cholinergic stimulation through iv nicotine, cognitive ability & physiological & behavioral measures, 58–80 yr olds with Alzheimer's disease, conference presentation, 12889
characteristics of 1st opportunities to use cigarettes or smokeless tobacco, 10th graders, 32483
chronic ethanol vs dextrin liquid diet vs nicotine infusion, cross tolerance, female mice, 14823
chronic lithium, sensitivity to nicotine, male rats, 32182
chronic voluntary nicotine drinking, nicotine preference, rats, 28853
cigarette smoke & nicotine exposure, neuroendocrinology & immune system, animals, literature review, medical implications for humans, 39300
cigarette smoking, resting EEG & visual EPs & photic driving & heart rate, adult habitual cigarette smokers, 4918
clinic program based on nicotine polacrilex with vs without behavioral self management & relapse prevention techniques, male smokers over 50 yrs old, 23749
demographic characteristics, smokeless tobacco using junior high & high school students, Canada, 29102
ethanol & nicotine, tolerance & cross tolerance to effects on body temperature & open field activity & heart rate, female mice, 4335
Fagerstrom Tolerance Questionnaire, assessment of nicotine dependence, adult smokers, 36831
fixed vs ad lib nicotine gum schedule with group behavioral treatment vs education, abstinence, smokers, 20290
FR vs VI reinforcement, nicotine vs amphetamine discrimination, male rats, 28975
group counseling & 2 vs 4 mg of nicotine chewing gum, smoking cessation, adult smokers, 22 mo followup, 2954
gum containing 0 vs 2 vs 4 mg nicotine following 12 hr cigarette deprivation, performance on computerized cognitive performance tasks, 27–50 yr old healthy male smokers, 28973
hexamethonium during & after chronic nicotine, feeding & rearing & grooming & resting behavior, female rats, 21770
ICS 205-930 & MDL 72222 5-HT antagonist dosages, amphetamine vs morphine vs nicotine conditioned place preference, rats, 32170
interaction of nicotine with dopaminergic mechanisms, drug discrimination & rotational behavior, rats, 11289
iv nicotine, reinforcement of rates of responding, rats & monkeys & humans, literature review, conference presentation, 7853
iv nicotine vs saline, differential response & discrimination stimulus effects, squirrel monkeys, conference presentation, 7923
long term nicotine, activity level & exploration & maze spatial memory & body weight & water intake, young vs old female rats, 21829
long term vs short term nicotine, amphetamine vs apomorphine induced locomotor activity & striatal dopamine formation & receptor binding sites, male rats, 35816
low to middle tar/medium nicotine cigarette, smoking behavior & uptake of tar & nicotine, 19–45 yr old smokers of middle tar cigarettes, 25822
media manipulation of message convincingness & probability of suffering adverse effects, personal level judgments regarding consequences of smokeless tobacco use, high vs low SES 10th graders, 37930
motivation & quantity of nicotine chewing gum used, success in general practitioner administered smoking cessation program, male vs female adult smokers, 41068
nicotine & cannabinoids, enhancement of neuroleptic drug therapy, patients with Tourette's syndrome or dystonia or other motor disorders, literature review, 40788
nicotine & environment, learning & tolerance to antinociceptive effects, rats, 32190
nicotine & heroin vs mecamylamine vs naltrexone, food reinforced FI response, male rats, 18310
nicotine & related compounds, schedule controlled behavior & discrimination, male rats, 32207
nicotine, acquisition of autoshaped lever touch response, rats, 28934
nicotine addiction, treatment complications, psychiatric inpatients, 9774

nicotine administration & withdrawal, determinants of tobacco ingestion & dependence, conference presentation, 7860
nicotine applied to tongue with vs without mecamylamine pretreatment, intensity of burning sensation measuring existence of cholinergic receptors, 20–35 yr old nonsmokers, 11247
nicotine, attention & information processing & short term memory, elderly with Alzheimer's disease, 40799
nicotine, body weight & eating behavior in presence of sweet & salty foods, rats, 4239
nicotine chewing gum & group counseling, smoking cessation, adults, 2953
nicotine, conditioned taste aversion, Roman High vs Low Avoidance rat strains, 4346
nicotine, discriminative stimulus & conditioned taste aversion effects, rats, literature review, conference presentation, 7920
nicotine dosage by chewing gum vs cigarettes, nicotine blood levels & avoidance responding, adult male smokers, implications for smoking cessation, 39263
nicotine gum & self help manuals, smoking cessation, 18–76 yr olds, 1 yr followup, 23760
nicotine gum with vs without behavioral self help booklet, smoking cessation & relapse, adults, 6 mo followup, 6532
nicotine, locomotor activity, rats, implications for role of Pavlovian conditioning, 28864
nicotine nystagmus, resolution of moving targets under velocity & duration conditions, heavy vs light smokers, 28901
nicotine replacement through gum use, postcessation weight gain, 18–70 yr old smokers attending smoking cessation clinic, 27314
nicotine solution, preference for & plasma levels of nicotine & development of behavioral dependence, rats with vs without portacaval anastomosis, 32104
nicotine stereoisomer type, FI & FR responding & physiological effects, male dogs, implications for tobacco smoking, 4466
nicotine vs scopolamine, radial maze acquisition, rats, 7895
nicotine with vs without caffeine, operant response rate, male rats, 4509
nicotine with vs without diazepam, rate of responding on FI schedule of liquid food reinforcement, rats, 39418
nicotine with vs without mecacylamine vs hexamethonium, recall in delayed matching task, monkeys, implications for memory impairment model & neural receptors, 11212
nicotine yield of cigarette brand, smoke exposure & smoking behavior, adults, 15411
parental rules against & use of smokeless tobacco, usage intentions & expected parental response, male 10–16 yr olds, 4666
personality & sociodemographic factors, success of suggestion therapy by faith healer, nicotine withdrawal, heavy smokers, Switzerland, 12 yr followup, 2913
personality characteristics, male college students who dip snuff &/vs chew tobacco, 4917
physostigimine pretreatment, discrimination of & generalization to arecoline vs nicotine, male rats, 4430
physostigmine vs pilocarpine vs RS-86 vs nicotine, discriminative cues & self stimulation produced by electrical stimulation of ventral tegmental area, male rats, 32100
po nicotine vs yohimbine vs benzodiazepines vs clonidine vs serotoninergic vs other drugs, self administered nicotine intake, tree shrews, implications for human smoking behavior, 14917
po vs sc vs ip vs transdermal nicotine cue, time & trials to discrimination from saline, female rats, 21727
potential nicotine consumption, definition of smokeless tobacco use, 18–85 yr old males, conference presentation, 22303
predictive variables, smokeless tobacco use, 7th & 10th graders, prevention implications, 11496
predictors of chewing tobacco & cigarette use, Black vs Mexican American vs Oriental vs White 6th–7th graders, 8092
preference for 2 vs 4 mg nicotine chewing gum, smokers clinic clients, 20293
prenatal &/vs postnatal nicotine, sexual behavior & plasma testosterone, adult male rats, implications for development of brain sexual differentiation, 28970
prenatal vs postnatal nicotine tartrate, motor behavior & plasma adrenocorticotrophic hormone, rat pups, conference presentation, 14878
quantity & time & duration of dip & interdip interval & saliva cotinine, 18–30 yr old smokeless tobacco users, 22290
rate of chewing nicotine gum, plasma nicotine levels & behavior, cigarette deprived adults, 28939
REM sleep deprivation, cholinomimetic drug induced tremors & nicotine induced convulsions, male rats, 4262
risk for & prevention of cigarette smoking & smokeless tobacco use & substance abuse, American Indian youth, 33390
sc implantable glass reservoir for sustained release of nicotine, mice, 31535
sc nicotine, local cerebral glucose utilization, rats, 4414
short term smokeless tobacco deprivation, choice RT vigilance task performance & craving & mood & withdrawal symptoms & heart rate, male smokeless tobacco chewers, 39336
sites of high affinity receptor binding by radioactive nicotine & inhibition by nicotine analogs, behavior, male rats, 4463
skin surface sampling, identification of nicotine, smokers, 32757
smokeless tobacco consumption, college students, 27650
smokeless tobacco, motor distal latency of median nerve, 18–32 yr old males, 25828
smokeless tobacco research, US, literature review, implications for drug education, 36375
smoking & tobacco use, military personnel, health status implications, 36372
smoking topography, nicotine blood levels, adult smokers, 1330
social image of smokeless tobacco use & cigarette smoking, adolescent athletes vs cowboys vs other high school students, implications for prevention, 1070
tobacco smoking & smokeless tobacco use & motivation, physical fitness test performance, Army soldiers, 10437
transdermal nicotine patch, cigarette consumption, moderate smokers, 27317
use of smokeless tobacco & possible nicotine dependency, major league baseball players, implications for cessation program, 8317
2 vs 4 mg nicotine chewing gum vs cigarette smoking, vigilance & heart rate, male 18–26 yr old smokers, 32263

Nicotinic Acid

nicotinic acid, sleeping time induced by ethanol or pentobarbital, female rats, 824

Nicotinic Acid Amide [See Nicotinamide]

Nictitating Membrane

aluminum chloride vs hydrochloric acid, acquisition of nictitating membrane response & neurofibrillary pathology, rabbits, 7902
classical conditioning of nictitating response, dorsal cochlear nucleus uptake of radioactive glucose, rabbits, 7654
compound vs component stimuli under mixed CS–US intervals, acquisition of nictitating membrane response, rabbits, 28428
computer model of hippocampal lesions using aggregate prediction hypothesis, classically conditioned nictitating membrane response, rabbits, 4299
electrical stimulation of spatial trigeminal nucleus, acquisition & extinction & differential conditioning of nictitating membrane response, rabbits, 11134
GABA antagonists into magnocellular red nucleus, classical conditioning of nictitating membrane response, male rabbits, 11231
hippocampal manipulations, simulations by attentional associative model of classically conditioned nictitating membrane response, rabbits, 39234

kindling of hippocampal perforant path dentate projection, discrimination reversed conditioning of nictitating membrane response, rabbits, 28435
LSD, classical conditioning of nictitating membrane reflex as function of interstimulus interval, rabbits, 18347
photoresistive Polaroid transistor & ball joint coupler, measurement of nictitating membrane response, rabbits, 396
Nigeria
absence of official integration policy & Western medicine, role adaptation, traditional practitioners, Nigeria, 40856
age & school location, attitudes toward alcohol use, secondary school principals, Nigeria, 13442
aims of drug & alcohol education program, children & adolescents, Nigeria, 41077
anorexia nervosa, 24 & 26 yr old females, Nigeria, case reports, 16073
attitudes toward & use of drugs, college students, Nigeria, 36378
attitudes toward female education, rural vs urban parents with school age daughters, Nigeria, 39744
attitudes toward knowledge claims of diviners, 20 yr old & older civil servants, Nigeria, implications for social change, 32618
behavioral disorders reported by mothers, 3–15 yr olds, Sudan vs Nigeria vs Sweden, conference presentation, 22688
belief system & characteristics of personality, Ibo, Nigeria, 15488
child abuse & neglect, Nigeria, 12178
clinical & demographic characteristics, initial misdiagnosis due to somatic & psychoneurotic symptoms, 11–75 yr olds with masked vs unmasked depression, Nigeria, 1649
clinical manifestations of anxiety, 13–65 yr old anxiety outpatients, Nigeria, 15618
contribution of traditional community & Western missionaries & government to education, blind students, Nigeria, 24174
demographic characteristics & predisposing life events & response to drug therapy, 18–34 yr olds with panic disorder, Nigeria, 1670
diagnosis & belief in medical vs psychosocial vs supernatural cause of illness, psychiatric outpatients, Nigeria, 19135
drug therapy with vs without education & counseling & social support, treatment compliance, tribal patients with onchocerciasis river blindness, Nigeria, 37541
future telling ability of & attributions of causality to dreams & influence on behavior, college students, Nigeria, 7513
gender differentiation & bias, student expectations & academic outcome & classroom participation, elementary school students, Nigeria, 27599
imbalance in bilingual stuttering, English & Igbo speaking 16–40 yr olds, Nigeria, 8966
Introductory Science Teacher Education program, acquisition of science related attitudes & competence in lesson preparation, preservice science teachers, Nigeria, 3072
language attitudes & stereotypes, acquisition of outgroup language, Yoruba vs Ibo 16–60 yr olds, Nigeria, 14985
life event history, onset of schizophrenia, patients, Nigeria, 19120
mortality, psychiatric inpatients, Nigeria, 15606
parental & traditional factors, occupational preferences, high school seniors, Nigeria, 3219
perceived role in medical education, social scientists, Nigeria, 13393
psychotherapy &/or drug therapy &/or ECT, depressed 13–80 yr olds, Nigeria, 2207
resolution of conflicting psychoanalytic vs gender vs social solidarity interpretations of initiation rites, Afikpo males, Nigeria, 18755
self vs client perception of competence & acceptance of expanded role in primary health care delivery, nurses & clients, Nigeria, 34175
sociocultural factors & drug usage & alcohol drinking, male vs female high school students, Nigeria, 4931
sociodemographic & clinical characteristics, 60 yr old & older psychiatric patients, Nigeria, 36611
status, disabled clients, Nigeria, 8481
strategic research design dealing with cognitive vs behavioral data & network boundaries & complexity & data adequacy, analysis of politicized interorganizational network, Nigeria, 1172
undergraduate guidance & counseling training program, teachers, Nigeria, 23927
use of traditional & modern or Western mental health practices, Yoruba, Nigeria, 13031
word association patterns, 1st vs 3rd vs 6th graders, Nigeria, 39523
Night Terrors [See Sleep Disorders]
Nightmares
depression & nightmares measured by self rating scale, Army Vietnam veterans attending outpatient psychiatry clinic, 1577
dream content, college students or white or blue collar or unemployed 17–47 yr old Czechoslovakian refugees, Switzerland, 7506
etiology & diagnosis & treatment of nightmares, 5628
in vivo desensitization, 20 yr old female with recurrent nightmares & fear of snakes, Canada, 33957
nightmare recall & flashbacks, male Vietnam veterans with PTSD, conference presentation, 5333
postescape stressful events, recurrent escape nightmares, Czechoslovak refugees, 8566
psychodynamic psychotherapy & paradoxical re-experiences & posthypnotic suggestions & self help techniques, depressed 57 yr old widow with obsessional worries & insomnia & nightmares, case report, 30239
reported characteristics of nightmares & other unpleasant dreams & emotional reactions & stress, college students with frequent nightmares, conference presentation, 10870
time elapsed since escape from homeland, escape nightmares, 24–71 yr old Czechoslovakian refugees, Switzerland, 3883
Nitrazepam
brotizolam vs nitrazepam, 20–73 yr olds with insomnia, 27026
butoctamide hydrogen succinate vs nitrazepam, psychomotor performance & EEG & standing steadiness, male 19–32 yr olds, 32294
zipiclone vs nitrazepma, arousal level & muscle strength & psychomotor performance & memory tested 1 day after dosage, male college students, 887
Nitrogen
hyperbaric air & ethyl alcohol vs dextroamphetamine, nitrogen narcosis & serial choice RT, 20–33 yr old divers, 35822
induced nitrogen narcosis with vs without lithium carbonate pretreatment, cognitive & psychomotor performance, adult divers, 14762
Nociceptors
electrical stimulation of ventral midbrain, suppression of tailflick reflex in response to heat, rats, 35735
evolutionary & comparative development of nociception, rodents, conference presentation, 28578
low grade activity in nociceptors caused by protruding fiber ends creating pressure on skin, prickle sensation, rabbits & adult humans, 7649
Nocturnal Behavior (Animal) [See Animal Nocturnal Behavior]
Nocturnal Emission
age & educational level, masturbation & nocturnal emission frequency, males, 19th vs 20th centuries, 11678
Nocturnal Teeth Grinding
massed negative practice, nocturnal bruxism, 22 yr old female, case report, 26923
Noise (Sound) [See Auditory Stimulation]
Noise (Visual) [See Figure Ground Discrimination, Visual Stimulation]
Noise Effects
age & noise vs quiet vs reverberation, vowel identification, 22–80 yr olds with normal hearing vs mild vs moderate hearing loss, 16182
amphetamine vs apomorphine vs white noise, response switching, rats, 32101

auditory brainstem EPs, assessment of retrocochlear involvement, 25–51 yr old males with permanent noise induced hearing loss, 8979
broadband noise with vs without pauses vs industrial noise, adaptation of acoustic reflex, 20–32 yr old college staff & students, 21247
chronic exposure to white noise, central cholinergic activity, rats, 748
concrete vs abstract word learned in silence vs noise, memory performance tested by unexpected recognition vs recall tests, college students, implications for automatic process, 14439
continuous free flowing traffic noise, sleep cycle assessed by EEG, 20–56 yr olds, 21601
continuous vs intermittent regular vs irregular noise, annoyance ratings, 29–43 yr old college students, 31813
controllable vs uncontrollable noise, time on insoluble puzzles & frustration tolerance, high vs low dependency college students, India, 39942
culture & noise level & attitudes toward & sensitivity to noise, reaction to noise, communities, Europe & Australia & US, 17443
development of questionnaire, assessment of psychosocial disadvantages from occupational noise induced hearing loss, metal products factory workers & their families, implications for rehabilitation, 19553
ear protectors & background noise, speech discrimination, 18–24 yr olds, Finland, conference presentation, 28276
elevated subway train noise over time, visual vigilance performance, Black lower SES kindergartners, 15081
energy of simulated impact noise for 1.5–24 hrs, hearing damage measured by permanent threshold shifts, female guinea pigs, implications for equal energy theory of M. Eldred, 21642
environmental overload & noise, helping behavior, urban 20–45 yr olds, 15440
exposure to stressful white noise levels vs relative silence, local cerebral glucose utilization, male rats with bilateral 6-OHDA lesions of locus coeruleus, 39224
exposure to tone pulses throughout night, EEG vs subjective reports of sleep disturbances, male college students, 21655
impulse noise effects, cochlear microphonics & EPs from inferior colliculus & medical geniculate nucleus, rabbits, conference presentation, 18090
individual differences in heart rate responses to intermittent noise, sensitive vs moderately vs poorly sensitive females, 11080
interaural time delay vs level differences, speech intelligibility in noise, 19–33 yr olds, 14320
internal noise, hypothesis of masking level differences & overall masker level, literature review, 14351
level or frequency of inducing noise, tinnitus, normal hearing 18–35 yr olds with vs without ongoing tinnitus, 33528
Lombard effect, speech articulation & intensity, esophageal talkers vs artificial larynx users, 8972
loudness of continuous vs pulsed white noise, detection of low vs high intensity foveal vs peripheral stimuli measuring visual attention & arousal, college students, 38759
masking noise, speech production & perception of produced speech, college students, 17827
neural rate coding model, discrimination of simple tones in presence of noise, 11021
noise & length of residence in noisy areas, mental attention & cognitive tasks performance, male vs female college students, 32119
noise & stimulus response compatibility, simple RT vs controlled movement speed using dominant vs nondominant hand, college students, England, 28223
noise, auditory nerve firing patterns in speech recognition, 4099
noise, Bourdon test performance, college students, conference presentation, 18220
noise induced hearing loss, acoustic reflex amplitudes, adults, New Zealand, 9083
noise, inhibition of covert sustained attention & orienting & alertness in spatial task measured by expected vs unexpected visual target RT, adults, 35309
noise, interhemispheric asymmetry in auditory EPs, 18–43 yr olds, 18107
noise, multiplication task efficiency & skin resistance, postgraduate students, India, 21605
occupational exposure to noise & carbon disulfide, hearing loss & balance, 18–60 yr old rayon factory workers, Brazil, 41393
permanent hearing loss induced by intense tone, time constants of evoked response forward masking functions, chinchillas, 32093
personality & noise sensitivity & attitudes, annoyance & heart rate after noise exposure, college students, 18192
presence of others & loud noise, arousal & performance on memory vigilance tasks, college students, 332
previous residential crowding experience, reactivity to noise & crowding in laboratory setting, high school students, India, 18677
sex, effects of noise & night shift on performance, college students, 3377
short term repeated noise stress, plasma adrenaline & noradrenaline & corticosterone adaptation, male rats, 21633
signal to broadband noise ratio, interlist equivalence of Word Intelligibility by Picture Identification Test, 6.6–9.1 yr olds, 21933
situational vs perceived vs no control conditions & internal vs external locus of control, physiological vs proofreading performance vs self rated reactions to noise stressor, college students, 4209
smoking, psychophysiological reactivity to noise stress, high vs low carbon monoxide absorbing smokers, 18227
smoking with vs without noise, attention in rapid information processing & EEG & plasma cortisol & prolactin & growth hormone levels, 19–37 yr old females, 39176
speech recognition ability in noise, normal hearing 18–70 yr olds vs hearing impaired 55–70 yr olds, 16086
statistical model, noise exposure & prevalence of annoyance in community, 27975
task with noise, plasma catecholamines & cardiovascular changes & performance efficiency, college age vs 65–75 yr old males, 18519
white noise, heart rate, macaques raised with mothers & peers vs in isolation, 4186
white vs verbal noise vs quiet during story reading, judgment of protagonist's personality & future behavior, high school students, 1076
whole body vibration with vs without noise, vibration perception assessed through cross modality matching, males, 17734
Noise Levels (Work Areas)
ambient noise in open plan offices, personnel, 17404
noise level on job, mental health & symptomatic effects, blue collar workers, 34950
Nomenclature (Psychological) [See Psychological Terminology]
Nomifensine
fluoxetine vs nomifensine, 16–72 yr olds with neurotic or reactive depressive disorder, 30522
low alcohol dose & neonatal desipramine or imipramine or nomifensine, behavioral despair, male rat pups, 35809
nomifensine maleate, 18–44 yr olds with attention deficit disorder, 34101
nomifensine, obstructive sleep apnea, obese male patients, 23390
plasma hormone levels & platelet 5-HT uptake & adrenoreceptor density before vs after nomifensine, females with postpartum depression, 2453
tranylcypromine vs 5-HTP vs nomifensine, 20–65 yr olds with major depression resistant to cyclic antidepressants, 26992

Nonconformity (Personality)
coercive persuasion & deviance production, conflict management of grievances & nonconformity, members of Christian sect, 22143
Noncontingent Reinforcement
noncontingent intertrial interval reinforcement, discrimination of light duration, male rats, 21396
noncontingent reinforcement, interference or facilitation effect on learned helplessness in appetitive situation, male rats, 21378
Nondirective Therapy [See Client Centered Therapy]
Nonlinear Regression
function approximation for incompletely specified regression models, 7209
Nonmetallic Elements [See Also Chloride Ions, Helium, Hydrogen, Nitrogen, Oxygen]
ammonium chloride with vs without charcoal, reduction of PCP intoxication, male rats, 18379
Nonparametric Statistical Tests [See Also Chi Square Test, Mann Whitney U Test]
BASIC program, computation of Kruskal-Wallis H statistic, 7214
bootstrap method, estimation of standard error & confidence intervals for correlation coefficient, 163
conventional ANOVA vs epsilon correction vs nonparametric vs parametric univariate tests, Type I error rate & power in groups by trials analysis under violated assumptions, 31737
FORTRAN 77 program, M. J. Mokken's nonparametric item response theory model, 17681
MOKSCAL program in Fortran 77 using nonparametric item response model, unidimensional Mokken scale analysis, 38711
nonparametric statistical analysis of fuzzy set data from neuronal networks, conference presentation, 35582
nonparametric test for reward distribution strategies in minimal group paradigm, 31708
nonparametric 2-way ANOVA as extension of Kruskal Wallis 1-way ANOVA, 38698
one bootstrap methods, estimation of confidence interval for correlation coefficient & Type I error, 187
parametric & nonparametric analysis of groups by trials design under variance-covariance in homogeneity, 31736
parametric correlation coefficient vs bootstrap method, type I error & confidence interval estimation, commentary, 183
simple nonparametric statistical tests, facilitation of accurate description of single case time series data, 32 yr old mildly mentally handicapped female, 28176
test of nonparametric ANCOVA hypothesis, 168
Nonprofessional Personnel [See Also Related Terms]
confidence in perceptions of dangerousness & mental illness & treatability & criminal responsibility of accused criminals, lay vs professional personnel, expert testimony implications, 11653
guidelines for caller support & crisis evaluation & intervention, nonprofessionals receiving suicidal phone calls, 6307
home care industry & roles & job problems & satisfaction & relationships with clients & families, nonprofessional health care employees of frail elderly, 37608
Nonprofit Organizations
ethics of & need for profit generation in not for profit mental health centers, 9714
scientific & financial & moral support of Pavlov by Rockefeller Foundation & Institute for Medical Research, 1920s & 1930s, 17959
voluntary compliance in donation of time or money to public & nonprofit human service agencies, compliers vs noncompliers, implications for agency effectiveness, 27122
Nonprojective Personality Measures [See Also Beck Depression Inventory, Bem Sex Role Inventory, California F Scale, California Psychological Inventory, California Test of Personality, Childrens Personality Questionnaire, Edwards Personal Preference Schedule, Edwards Social Desirability Scale, Embedded Figures Testing, Eysenck Personality Inventory, Fear Survey Schedule, Fund Interper Rela Orientat Beh Ques, Gough Adjective Check List, Marlowe Crowne Soc Desirabil Scale, Millon Clinical Multiaxial Inventory, Minn Multiphasic Personality Inven, Myers Briggs Type Indicator, Personal Orientation Inventory, Psychological Screening Inventory, Rod and Frame Test, Rotter Intern Extern Locus Cont Scal, Sensation Seeking Scale, Sixteen Personality Factors Question, State Trait Anxiety Inventory, Tennessee Self Concept Scale, Zungs Self Rating Depression Scale]
factor structure of Edwards Social Desirability Scale vs Marlowe-Crowne Social Desirability Scale vs Personality Research Form, college students, 38628
intake interview before vs after personality assessment battery, anxiety & depression, 16–66 yr olds at college counseling clinic, 31279
Nonrapid Eye Movement Sleep [See NREM Sleep]
NonREM Sleep [See NREM Sleep]
Nonstandard English
acquisition of Pig Latin & development of basic language skills, male 5 yr old, 1 yr study, 39507
euphemism & jargon & bureaucratese inflated language types of double speak in political & social settings, implications for communication, 942
pragmatic aspects of language & speech, Black children speaking Black English, 8032
teacher's knowledge of Black & Nonstandard English, interactions with students during reading instruction, Black & Hispanic 2nd grade speakers of nonstandard English & their teachers, 38183
Nontraditional Careers
adjustment to military role, female soldiers, Israel, 34985
androgyny, supervisory & technical responsibility & salary & job satisfaction, male vs female engineers, 3424
Cardiff Women's Training Roadshow in nontraditional careers, occupational stereotypes & choice, 12–18 yr old females, implications for career guidance, Wales, 38301
expectancy theory model for assessment & intervention, motivation for nontraditional career & lifestyle options, females, 20730
factors in job satisfaction, females in nontraditional business occupations, 38457
family background & motivational factors, career choice & nontraditional careers, high achieving female college students, 34681
female vs male dominated occupation, personal performance expectations in private vs public conditions, female vs male college students, 6862
formation of sex role constructs about nontraditional vocations, Anglo & Hispanic K–5th graders, 11509
job performance strategies, female guards in men's prisons, 41422
locus of control & perceptions of future life roles, female college seniors in traditional vs nontraditional majors, 13565
male female ratio in work environment, resistance & visibility & informed contacts & stress & sex role stereotyping, 24–59 yr old policewomen vs male nurses, 38432
occupational choice & gender role beliefs & background characteristics, work involvement plans, female college students in traditional vs nontraditional fields, 41401
personality traits & child interactions, traditionally vs nontraditionally employed vs nonworking mothers, India, 1243
personality traits & motives, female college students pursuing traditionally vs nontraditionally feminine careers, India, 10336
role in promotion of sex equity & nontraditional careers for females, employment counselors, 20739
selection criteria for male vs female applicant for male sex typed job, college students, replication, 10342
self efficacy & assertiveness, willingness to engage in traditional vs nontraditional occupations, female college students, 6871
sex, occupational aspirations, 9th vs 12th graders, Finland, 1111
sex role & job competence, females in sex typed vs reversed jobs, 18836

sex stereotyped attitudes, reassignment & performance evaluations of females in sex atypical jobs, blue collar supervisors, 20770
socioeconomic background & race & demographic & employment characteristics, males in female vs male concentrated occupations, 38339
stereotyped attitudes toward male vs female computer scientists, college students, 11698
Nontraditional Education
accelerated education options, bored & disinterested gifted students, 20640
alternative school with individual & family therapy & positive peer culture, 15–24 yr old high school dropouts, 31066
demographic & personal & personality factors, persisters vs nonpersisters in graduate level nontraditional liberal education program, 6756
magnet school plan using primarily voluntary transfers vs mandatory reassignment, school desegregation & White flight, 31074
nontraditional approach to graduate management training, 27882
profiling & comprehensive methods of recording academic achievement & counseling, attitudes & personal development, students, England, 24215
reasons for choice of home schooling, 18 mo study, 6716
self esteem & internal external locus of control & family relations & social behavior, alternative vs regular high school students, 3231
student needs & technological methods for provision of counseling & support services, college students enrolled in "open" distant universities, Canada & England & Australia, 6832
use of term "acceleration" for educational intervention, bored gifted students, commentary & replies included, 20591
Nonverbal Ability [See Also Artistic Ability, Mathematical Ability, Motor Skills, Spatial Ability]
age, strategy use on figural fluency test, 1st–8th graders, 15130
cerebral laterality as reflected by visuospatial vs verbosequential skills, reading & language & mathematics achievement, 9–12 yr olds, 20513
concurrent validity & interpretation of verbal & nonverbal measures on WISC-R & Matrix Analogies Test-Expanded Form & PPVT-R & subtests, 1st–12th graders referred for academic difficulties, 27796
development of motor regulation & temporal ordering ability, 5.8–12.3 yr olds, 4555
development of nonverbal cognitive ability & receptive language, mildly & moderately mentally retarded school age children, 26366
developmental & neurophysiological manifestations of nonverbal learning disabilities, conference presentation, 29819
large verbal nonverbal ability differences, reading &/or mathematics underachievement, 11 yr olds, UK, 10137
left hemispheric interference, right hemispheric nonverbal performance, aphasic 47–76 yr old patients & data from split brain studies, 22945
nonverbal ability measures, prediction of academic achievement, deaf & hearing impaired students, 24170
phonological memory ability, vocabulary & reading skills & nonverbal intelligence, 4–5 yr olds, 1 yr followup, 39525
scores on Profile of Nonverbal Sensitivity, assessment of nonverbal decoding ability, 4th vs 6th yr medical students vs normative sample, Australia, 13326
simultaneous vs successive verbal vs nonverbal processing, 16–67 yr olds with left vs right anterior vs posterior brain damage, 8988
test retest reliability of Matrix Analogies Test—Expanded Form, measurement of nonverbal ability, 6–13 yr old students referred for academic difficulties, 27819
verbal vs nonverbal problem solving involving color & size judgments, language impaired 3.5–5.8 yr olds, 26422
Nonverbal Communication [See Also Body Language, Eye Contact, Facial Expressions, Gestures, Smiles]
accommodation index for nonverbal behavior, prediction of conversation solidarity ratings, Engish speaking Australian vs British vs Italian born 35–42 yr olds, 25351
binary communication, validity of information, nonvocal mentally retarded severely palsied quadriplegic 32–47 yr olds, 36546
biologically based spontaneous & socially based symbolic aspects of verbal & nonverbal communication, 937
camouflaging of artificially constructed mixed messages with naturally occurring consistent messages, nonverbal dominance effect in social perception of affect, college students, 11790
Caucasian vs Native Indian vs East Indian counselor, perception of nonverbal behavior & effectiveness, 11th & 12th graders, Canada, 40667
cognitive representational & affective functions of affect vocalization, humans, 29003
communicative behaviors, autistic vs language delayed 36–155 mo olds, 15578
dominance & affiliation as nonverbal communication functions, satisfaction with health care & perceptions of physician interaction patterns, 17–72 yr old patients & 28–35 yr old family physicians, 27087
ethological methods, assessment of nonverbal behavior & change during treatment, depressed patients, 12005
extension of meaning of visual graphic symbols, nonspeaking 18.9 & 19.4 yr old females with severe mental retardation, case report, 40255
extraversion, decoding of nonverbal communication, college students, 22317
eye contact &/vs physical immediacy, short term word & number recall, college students, 21300
form & communicative function of motor mimicry, Os & others in face to face condition, 4943
hostility of nonverbal communication, peer judged popularity, 5th–6th graders, 25624
intentional vs forced close vs normal seating distance, nonverbal immediacy behavior, male college students, test of social cognition approach & arousal labeling & discrepancy arousal models, 29345
interpersonal coordinated movement & rapport in teacher student interactions, high school juniors & seniors in teaching dyads, 41285
interrater reliability of measurement & classification of nonverbal communication behaviors, literature review, 24549
intrahemispheric locus of lesion, defective pantomime recognition, right handed & left hemisphere damaged aphasic patients, 26430
kinesic & vocalic nonverbal behaviors & role of contextual familiarity & stress, interaction partners' evaluations, college students with communication reticence, 18874
male vs female prosecuters' dominant nonverbal communication techniques while questioning male defendant, jury responses, 19–54 yr old college students as juror, 15354
masculine vs feminine topic discussion, power displays, adult males vs females in mixed sex dyads, 4953
maternal behavior type & infant attention, tempo of spontaneous temporally patterned nonverbal stimulation, mothers interacting with their 3 mo olds, 36281
metacommunication techniques in oral employee references, personnel administrators, 27848
mothers' ready understanding of preverbal infants' communicative intents, mothers & their 1–1.6 yr olds, 29216
music therapy, verbal & nonverbal communication, withdrawn & depressed Black 91 yr old female, case report, 9297
nonverbal & symbolic communications in psychoanalysis, narcissistic patients, 12691
nonverbal behavior changes within or across group meetings, college students, 36413
nonverbal communication, aphasic stroke patients, 5789
nonverbal communication concepts, teachers of hearing impaired students, 38211
nonverbal cues to deception in intimate relationship vs friendship vs with strangers, college students, 25348

nonverbal expressions of anxiety during consultation with family medicine physician, patients, 23538
nonverbal expressiveness & self monitoring & extraversion, ratings of likability & physical attractiveness, college students, 8428
nonverbal psychoanalytic psychotherapy, withdrawal & attachment problems, 7–21 mo olds & their parents, 2267
nonverbal training for psychotherapy, 37992
observation of nonverbal communication & body movements, verbally oriented psychotherapy, 5920
patients' age & sex & education & anxiety level, nonverbal communication patterns, 17–72 yr old patients & their family practice physicians, 23541
perception of nonverbal displays & political leadership in political candidates, adults, France vs US, replication, 39834
prenatal & postnatal crying as communication of pain, infants, 39499
reactions to & perceptions of prosocial vs hostile nonverbal behaviors with teacher vs nonteacher label, 9–17 yr old students, implications for teaching behavior, 31172
school & social status factors, leadership & nonverbal behaviors, male vs female Hispanic vs Anglo 3rd & 6th graders, 13589
settings & time of informal conversations, consistency of verbal & nonverbal component behaviors of social skills & competency ratings, 16–59 yr old participants vs confederate psychology students, 36423
sex & romantic vs nonromantic films, perceptions of female's friendly vs seductive nonverbal behavior, college students, 39882
sex typed nonverbal behavior of male vs female counseling client, impression formation, male vs female college students, 37340
susceptibility to bias, channel controllability in nonverbal & verbal communication of positive vs negative affect, preschool & elementary school teachers, Israel, 17102
symbol representativeness & conceptual concreteness, interpretation of meaning of Blissymbols, college students, implications for communicative rehabilitation, 4541
Transcendental Meditation-Sidhi technique, state-trait anxiety & pulse rate of non-meditating Ss in close proximity, meditators, 21335
unarticulated experience of client & need for countertransference understanding, psychoanalysts, 19826
use of verbal-nonverbal consistency principle to judge truthfulness & lying, 5–9 yr olds, 21976
use of verbal vs nonverbal cues in judgment of competency vs trustworthiness vs attractiveness, counselors vs clients, 2741
utility of Luria's regulatory concept in verbal-nonverbal correspondence training, children, 9460
validity of distraction vs situational familiarity hypothesis, assessment of verbal vs nonverbal cues in judgments of veracity, college students, 25889
verbal & nonverbal hand & speech behaviors during simulated doctor patient interaction involving conveyance of distressing information, medical students & residents & general practitioners, 13384
videotape of mime presenting concepts of Adler, concept identification, male vs female college students, 7305

Nonverbal Learning
drawing from descriptions vs copying vs viewing objects or scenes, picture recall indicating generalization of generation effect to nonverbal domain, college students, 38917
linguistic variables vs nonverbal features of discourse, foreign language learning performance, female college students in English program, Jordan, 14416
social science text graphic vs verbal displays & learning, college students, Israel, 24043

Nonverbal Meaning
nonverbal cues to deception in intimate relationship vs friendship vs with strangers, college students, 25348

Noradrenaline [See Norepinephrine]

Norepinephrine
active avoidance training & drugs activating noradrenergic & dopaminergic & serotonergic systems, forgetting, mice, 7907
acute footshock, plasma epinephrine & norepinephrine & blood glucose, alloxan or streptozotocin diabetic rats, 35737
acute vs chronic daily stress, norepinephrine levels in brain stem & hypothalamus, male borderline hypertensive rats, 35621
acute vs chronic tricyclic antidepressants, antinociception induced by 5-HT vs norepinephrine vs morphine, male rats, 869
adrenergic mechanism, steroid dependent lordosis response, female guinea pigs, 28849
adrenoreceptor antagonist idazoxan, noradrenergic activity & memory retrieval, rats, 35890
amphetamine injected into lateral hypothalamus, dopamine & norepinephrine & serotonin release & reuptake, rats, conference presentation, 25281
antidepressant drugs, binding sites & serotonin & noradrenaline transporters, humans, clinical implications, conference presentation, 7876
bilateral lesions of dorsal noradrenergic bundle, conditioned suppression to CS & contextual background stimulus, rats, 28787
body weight & decrease in norepinephrine levels during 1st 3 wks of hospitalization, patients with anorexia nervosa, 30745
caffeine with vs without other drugs, role of adenosine vs benzodiazepine vs noradrenergic receptors in anxiety, male rats, 35773
central noradrenergic receptors controlling cyclic adenosine monophosphate formation, stress adaptation & antidepressant drug action, literature review, 665
chronic intermittent stress, plasma epinephrine & norepinephrine, rats, 35712
chronic mianserin or 8-hydroxymianserin or desmethylmianserin, open field behavior & brain noradrenaline metabolism, olfactory bulbectomized rats, 7878
clonidine, central adrenoceptor sensitivity, 19–51 yr olds with panic disorder, 22610
cortisol suppression, norepinephrine & metabolites in CSF & plasma & urine, depressed patients, 8712
CSF & plasma & urinary indices of noradrenergic functioning, depressed patients who had vs had not attempted suicide, 26161
cyano derivatives of dosulepin, antidepressant action & serotonin vs noradrenaline uptake, mice & rats, conference presentation, 924
desipramine vs clomipramine, inhibition of 5-HT or noradrenaline reuptake & acquisition of conditioned avoidance response, rats, 21709
diazepam, plasma norepinephrine appearance rate & physiological correlates, adults, 18422
dopamine & norepinephrine levels in thalamus, postmortem brains of schizophrenic patients, 5297
dopamine &/or norepinephrine uptake, discriminative stimulus properties of dextroamphetamine, rhesus monkeys, 35835
droperidol & clonidine, role of dopamine & norepinephrine in orienting & switching of attention, male 18–30 yr olds, 32174
estradiol, BP & pressor responses to norepinephrine & food & water intake & body weight, guinea pigs, 35853
ethanol, plasma corticosterone & noradrenaline metabolism in amygdala & locus ceruleus, stressed vs nonstressed rats, 14939
ethanol pretreatment & restraint stress, plasma norepinephrine & epinephrine, male vs female rats, support for tension reduction hypothesis of alcoholism, 4250
exercise, plasma norepinephrine, anorexic vs bulimic female patients, 33157
expression of aggression during stress, norepinephine turnover in brain, male rats, 21560

food deprivation, circulating glucose levels & paraventricular nucleus alpha 2 noradrenergic receptor sites, rats, conference presentation, 25127
frontal cortex & hippocampal norepinephrine depletion, acquisition & reversal of taste & tactile discrimination, rats, 28771
genetic hyperactivity &/vs hypertension, footshock induced elevation of plasma epinephrine & norepinephrine, rats from 4 related inbred strains, 21582
haloperidol withdrawal, CSF norepinephrine & relapse, schizophrenic males, 40810
inescapable tailshock pretreatment or bilateral 6-OHDA lesions of dorsal tegmental bundle & forebrain norepinephrine depletion, choice escape maze learning, rats, 11121
intrabulbar 6-OHDA depletion of norepinephrine & ethyl acetate concentration, odor detection, castrated vs intact male rats, 4235
isolation induced fighting, utilization of norepinephrine & dopamine & serotonin in brain regions, mice, 25086
isoproterenol vs norepinephrine, hemodynamic & electrophysiologic & neuroendocrine responses, 18–29 yr old Type A vs Type B males, conference presentation, 35867
iv infusion of norepinephrine & isoproterenol, forearm & total body norepinephrine pharmacokinetics assessed during video game or cognitive task, adults, 851
late flexion reflexes & locomotion, rats with noradrenergic grafted spinal cord, 35763
lesions of central noradrenergic projection to olfactory bulbs during vs after pregnancy, maternal behavior & cannibalism, female mice, 11138
levels of plasma norepinephrine & free MHPG & cortisol, 14–19 yr olds with major depressive disorders, diagnosis implications, 33035
mood & orthostatic norepinephrine response, anorexic females, 9119
neuropeptide Y & epinephrine & norepinephrine in paraventricular nucleus, stimulation of feeding & release of corticosterone & vasopressin & glucose, male rats, 28891
neurotoxin induced cerebral norepinephrine depletion, acquisition & retention of conditioned avoidance responding, Sprague-Dawley vs Fischer male rats, 7886
neurotoxin induced norepinephrine depletion, gating of auditory EPs, male rats, implications for sensory processing in schizophrenia, 7817
nisoxetine following amphetamine discrimination training, generalization, male rats, 18430
noradrenaline neurotoxin DSP4, steady state operant behavior evaluated with Herrnstein's equation & noradrenaline & dopamine levels, female rats, 25273
noradrenergic & serotonergic receptor system function, patients with panic disorder vs major depression, 19127
noradrenergic pathway from locus coeruleus to limbic system, tardive dyskinesia & akathisia & pseudoparkinsonism, literature review, 23076
noradrenergic vs serotonergic depletions in brain & spinal cord, brief shock induced analgesia, rats, 28774
norepinephrine & circulating hormones & nutrients, food intake & medication by neural receptors in hypothalamus & energy homeostasis, rats, literature review, 14884
norepinephrine, alpha-2-adrenergic receptor function, schizophrenic or depressive patients, 5237
norepinephrine binding to lymphocyte beta adrenergic receptors & plasma concentrations, adults with unipolar vs bipolar depression, 15639
norepinephrine infused into paraventricular nucleus of hypothalamus, energy expenditure, male rats, 39396
norepinephrine vs carbachol, feeding response prior to vs following development of anorexia, methylcholanthrene sarcoma bearing male rats, 25199
norepinephrine vs 5-HT, firing rate of hippocampal pyramidal neurons, 3–30 mo old male rats, 7825
orthostasis & mental stress, noradrenaline & dihydroxyphenylethyleneglycol levels, adults, application of assay method to measurement of plasma levels, 7724
oxaprotiline vs CGP 12103A, behavioral response to peer separation, rhesus monkeys, failure to support norepinephrine hypothesis of depression, 32246
plasma norepinephrine & MHPG & platelet alpha 2 adrenoreceptor binding, 20–65 yr olds with generalized anxiety disorder on unipolar major depression, 26170
po self administration of dextroamphetamine, brain norepinephrine & development of aversive behavior, male rats, 25252
prazosin, hormonally induced & hormonally independent lordosis, female guinea pigs, 39404
predictable vs unpredictable shock, concentrations of 5-HT & 5-HIAA & tryptophan & noradrenaline in brain, rats, 14775
pretraining scopolamine, passive avoidance & place conditioning & retention in water maze, norepinephrine depleted male mice, 25205
punishment, turnover rates of norepinephrine & dopamine & 5-HT in discrete brain regions, male rats, 11122
restraint stress, synthesis of norepinephrine & dopamine in hippocampus & striatum, 3 vs 27 mo old male rats, 7634
role of norepinephrine & drug withdrawal in exacerbation of symptoms, psychiatric patients with vs without tardive dyskinesia, 40106
short term repeated noise stress, plasma adrenaline & noradrenaline & corticosterone adaptation, male rats, 21633
short vs long term clonidine, noradrenergic function, 23–58 yr olds with panic disorder, treatment implications, 22657
sibutramine hydrochloride as antidepressant, noradrenergic down regulation, rats, 18294
signaled vs unsignaled shock, brain noradrenaline metabolism & plasma corticosterone, rats, 39117
song learning, acetylcholine & dopamine & noradrenaline in song control nuclei & magnocellular & caudal & robust nuclei, 30–90 day old male zebra finches, 39190
systemic vs intrahypothalamic noradrenaline vs clonidine, food intake & eating time with vs without propranolol pretreatment, male rats, 35905
thalamic dopamine to norepinephrine ratios, schizophrenic patients, commentary, implications for chemical etiology of schizophrenia, 26107
transplantation of fetal noradrenergic locus ceruleus neurons into 3rd ventricle, inhibitory avoidance retention performance, aged rats, 7805
urinary free cortisol & relation to norepinephrine & metabolites, depressed patients, 5318
urinary MHPG sulfate as marker of central norepinephrine turnover, depressed vs normal 23–63 yr olds, 19095
urinary norepinephrine to cortisol ratio, differential diagnosis, male inpatients with PTSD vs endogenous depression vs bipolar disorder vs paranoid vs undifferentiated schizophrenia, 5278
yohimbine with vs without clonidine vs apomorphine, anxiogenic action in elevated plus maze & evidence for noradrenergic vs dopaminergic receptor involvement, male rats, 35834
young vs old cerebellar grafts, norepinephrine responsivity, young vs old rats, 21629
24 hr urinary dopamine & norepinephrine & epinephrine & their major metabolites, healthy & alcohol dependent adults, 1886
6-OHDA & brief monocular deprivation, suppression of ocular dominance shift & visual cortex binocular cells & role of noradrenergic receptor system, dark reared cats, 39192
6-OHDA induced lesions of dorsal noradrenergic bundle, plasma corticosterone & spatial alternation learning & extinction & habituation to novelty, male rats, 18269
6-OHDA lesion of dorsal noradrenergic ascending pathway, locomotor deficits induced by lesion of ventral mesencephalic tegmentum, male rats, implications for Parkinson's disease & Tourette's syndrome, 4303
6-OHDA lesions of dorsal noradrenergic bundle, disinhibition by propranolol vs chlordiazepoxide of nonrewarded leverpressing, male rats, 35721

6-OHDA to ventral lamina terminalis, angiotensin-II vs carbachol induced drinking & brain catecholamine & norepinephrine, male rats, 28836
Norepinephrine Metabolites
age or pubertal status, CSF HVA & 5-HIAA & MHPG, 6.5–17.3 yr olds with obsessive compulsive vs conduct &/or attention deficit disorder, 11883
alpha adrenergic antagonist yohimbine, plasma MHPG & BP & subjective feelings & somatic symptoms, adult inpatients with major depression, 1607
chronic dexamethasone, MHPG & HVA & 5-HIAA concentrations in ventricular CSF, 5–72 yr old hydrocephalic patients, 16628
clinical & neurochemical correlates, 7–45 yr old patients with Gilles de la Tourette Disorder, 2105
cortisol suppression, norepinephrine & metabolites in CSF & plasma & urine, depressed patients, 8712
CSF 5-HIAA & MHPG concentrations, lifetime history of suicide attempts, male violent offenders vs impulsive arsonists, Finland, 3 yr followup, 40263
CSF 5-HIAA & MHPG, suicide attempts, arsonists, reanalysis of data presented by M. Virkkunen et al, 33306
dl-threo-3,4-dihydroxyphenylserine, memory, male 52–68 yr olds with Korsakoff's disease, 12875
DST & TRH stimulation test responses & urinary MHPG content, depressed 13–17 yr old inpatients, 1624
ECT, HVA & MHPG & 5-HIAA concentrations, schizophrenic adults, 5850
haloperidol vs perphenazine at neuroleptic steady state, plasma HUA & MHPG & treatment response, psychotic 16–65 yr olds, 33997
levels of plasma norepinephrine & free MHPG & cortisol, 14–19 yr olds with major depressive disorders, diagnosis implications, 33035
MAO type B inhibitor MDL 72394 & carbidopa, urinary MHPG & 3,4-dihydroxyphenylglycol, adult males, implications for affective disorder treatment, 21797
met-enkephalin & time since exposure to stress, MHPG in brain regions, male rats, 39401
post-DST serum cortisol & urinary MHPG, depressed adults, 11959
presence vs absence of dysphoric mania, prior course of affective illness & CSF norepinephrine & serotonin metabolites, bipolar manic inpatients, 29618
psychotic state & schizophrenia subtype, plasma MHPG levels, schizophrenic 23–45 yr olds, 8629
sex & age & diagnostic categories, plasma 3,4-dihydroxyphenylethyleneglycol & MHPG, depressed 21–81 yr olds vs healthy 22–53 yr olds, 40066
stability of urinary MHPG levels during depressive episodes, adults with major depression, 8572
temporal stability of plasma MHPG levels, 7–46 yr olds with Tourette's syndrome, 16210
time of day & diet & activity & BP & mood, measurement of plasma dopamine & norepinephrine metabolites, 24–43 yr olds, implications for research with psychiatric patients, 4171
urinary free cortisol & relation to norepinephrine & metabolites, depressed patients, 5318
urinary MHPG circadian rhythms, depressed 26–66 yr olds, 22659
urinary MHPG, differential diagnosis, patients with unipolar vs bipolar depression, conference presentation, 29586
urinary MHPG sulfate as marker of central norepinephrine turnover, depressed vs normal 23–63 yr olds, 19095
withdrawal from neuroleptic treatment, plasma HVA & MHPG levels, chronic schizophrenic 18–41 yr olds, 19965
Normal Distribution
control of Type I errors & power, normal approximation to binomial test with vs without continuity correction, 3672
correction of correlation coefficients for restriction of range from truncation of normal population distribution, 14201
distribution characteristics, large samples of achievement & psychometric measures, implications for normality assuming statistics, 14214
prevalence of severe reading underachievement beyond expectations from normal continuum, 9–10 yr olds, Wales, commentary, 19411
sampling distributions of entropy in visual scanning, implications for use of parametric statistical tests, 38799
Normalization (Test) [See Test Standardization]
Norms (Social) [See Social Norms]
Norms (Statistical) [See Statistical Norms]
Norms (Test) [See Test Norms]
North America [See Also Canada, Mexico, United States]
home gardens, experience of natural environment & time, North America & Great Britain vs Japan, conference presentation, 20921
incidence of suicide, 70 member states of World Health Organization, 1972–84, 8767
outcome of schizophrenia, North America, literature review of followup studies, 29597
psychosocial factors, religious conversion & cult membership, North America, literature review, 11596
North Vietnam [See Vietnam]
Northern Ireland
acquisition of ethnic categorization ability, British college students, Northern Ireland, 11598
believed religion of noncontingent opponent, exploitive & competitive behavior in computerized prisoner's dilemma & chicken games, Catholic vs Protestant college students, Northern Ireland, 22335
changes in political attitudes toward conflict, political activists, 1973–83, Northern Ireland, 15332
color naming of violence related words using special version of Stroop Color Word Test, Irish vs English college students, England vs Northern Ireland, implications for coping with political violence, 29189
development of conservatism or authoritarianism, 8–14 yr olds attending Catholic schools, England vs Northern Ireland, 4714
differentiation of nervous shock vs PTSD, adult victims of violence, Northern Ireland, 5152
occupational stress, social workers, Northern Ireland, 41122
perception of political violence, coping strategies & trait neuroticism, 18 yr olds & older, Northern Ireland, 40209
political violence, mental health, children & adults, Northern Ireland, 40208
psychological impact of violence & terrorism, 1969–87, Northern Ireland, 19278
PTSD & associated features, 16 yr old & older victims of civil & terrorist violence, Northern Ireland, 19158
trends in accidental & undetermined & suicide deaths, 1960–86, Northern Ireland, 19277
Nortriptyline [See Antidepressant Drugs]
Norway
complaint procedures of Control Commissions concerning involuntary psychiatric hospitalization, Norway, 9779
development of written language skills, 3–6 yr old kindergartners, Norway, 1 yr study, 17196
factor analysis of societal risk perceptions, college students, Norway vs Hungary vs US, replications, 32622
genetic vs environmental factors, general & technical comprehension & arithmetic skills abilities, 18–19 yr old male twins Army recruits, 1950–54, Norway, 13955
grounds for involuntary psychiatric hospitalization, psychiatrists, Norway, 27212
group cognition & belief systems & policy preference, thinking & decision making in oil policy game, government officials, Norway, 22226
health complaints & perceived work environment & psychological defense strategies & immunology, male shift workers in process industry, Norway, 10419
history of school psychological services, children & adolescents, Norway, 41387
history of school psychology, Norway, 24213
psychosocial rehabilitation, refugees, Norway, 23711
rehabilitation programs & recidivism, sexual offenders, Norway, 20338

relative frequency of organizational conflict patterns & need for cultural sensitivity in intervention, model of conflict resolution & mediation, Norway vs US, 20866
role in securing public caregiving services or providing home care for parents 70 yrs old & older, adult offspring, Norway, 34165
seasonal variations in climate & light & darkness, parasuicidal snow-wandering, 28–46 yr olds, Arctic northern Norway, 8828
sensation seeking scores, legal & illegal drug use, 16–19 yr olds, Norway, 36874
strategies for interprofessional coordination of services, alcohol & drug abuse treatment & prevention, Norway, conference presentation, 6558
strategies for prevention of psychosocial problems in work/organizational settings, Norway, conference presentation, 5854
systematic training of study skills, passing psychology part of college entrance exam, foreign students vs adults with minimum of formal education, Norway, 17202
Nose [See Also Nasal Mucosa, Olfactory Mucosa]
fixation distance & nose protrusion, rationale for adaptive location of optic discs in retina, 7635
inhalation through nose vs mouth, EEG activity, adults, implications for undetected odors, 18115
Nouns
ability to generate synonyms & sentences for sets of nouns & verbs, aphasic 40–80 yr olds, 37082
bizarreness effect, free recall of nouns, college students, 3848
correction of over regularized plural nouns & past tense verbs, 4.9–6.8 yr olds, 25435
grammatical category shifts of lambic vs trochaic nouns vs verbs, college students, 14981
instruction to integrate noun & verb pairs, cued recall test, college students, commentary on replication, 38882
instruction to integrate noun & verb pairs, cued recall test, college students, replication, 38896
interstimulus interval in presentation of same concrete noun to left vs right visual field, recognition memory, college students, implications for cerebral dominance, 4089
length of concrete vs abstract nouns presented to left vs right visual hemifield, recognition & lexical decision latency, adults, implications for letter string processing model, 21504
new noun for objects with familiar names, incorporation of word meaning & semantic relations & formation of language hierarchies, 1.6–2.7 yr olds, 32453
priming context, interpretation of unambiguous nouns during lexical access, adults, 7427
probability & frequency of presentation of abstract nouns vs random forms, differential hemispheric activation, college students, 18129
repeated dichotic testing with monosyllabic nouns, recall & change in hemispheric dominance of speech functions, 20–40 yr olds, 18138
rhythmic alternation in stress patterns in pronunciation of disyllabic nouns vs verbs, adults, 25354
self esteem, self referential use of sex specific common nouns, male vs female psychiatric patients, 8726
Novel Stimuli [See Stimulus Novelty]
Novelty Seeking [See Sensation Seeking]
Novocaine [See Procaine]
NREM Sleep
active avoidance training, EEG analysis of postacquisition synchronized vs paradoxical sleep parameters, female rats, 11006
active avoidance training, postacquisition synchronized vs paradoxical sleep parameters & brain DNA synthesis, female rats, 11007
age & sex & time of night, delta & REM sleep, healthy 6–16 yr olds, 25383
changes in sleep stages & body movement, 5–12 yr olds with idiopathic nocturnal enuresis, 26527
cyclic alternating pattern of EEG during NREM sleep, 20–30 yr olds, 28667
lithium, 5-HT-2 receptor sensitivity assessed by slow wave sleep & other sleep parameters, male 25–37 yr olds, 39298
naps at 5 hr intervals, time course of process S sleep measured by slow wave sleep & EEG power density, adults, 18083
nocturnal infusion of delta sleep inducing & muramyl & uridine peptides, sleep wake dynamics & slow wave & REM sleep, male rats, 872
NREM sleep, elderly patients with depression vs Alzheimer's dementia, 29466
NREM sleep with low voltage EEG, male rats, 21574
periodicity of delta activity or elapsed sleep time, NREM sleep reappearance, college students, 28647
processing of memories & knowledge in REM & NREM dreams, adult males, 35410
red blood cell plasma choline, REM & NREM sleep alterations, geriatric patients with major depression vs Alzheimer's disease vs mixed depression-dementia, 9269
reduced prior wakefulness & resulting deficiency in Process S sleep, REM latency & slow wave sleep, 18–25 yr olds, implications for endogenous depression sleep abnormality, 10864
REM vs NREM sleep, thematic continuity of mental experience, 20–26 yr old males, 17929
restricted nocturnal sleep with vs without nap, recovery & homeostatic changes in NREM sleep, female adults, 25147
sleep stage & body position, apnea duration & frequency, obese adults with severe sleep apnea, 22931
statistical properties of standard sleep variables, 16–71 yr olds, 28656
TRH stimulation test results & REM latency & NREM sleep, male 20–56 yr olds with major depression, 19188
Nuclear Family
applications of circumplex model to integration of nuclear & extended family systems, extended ethnic families, implications for family therapy, 32688
race & family & parental marital status, stereotyped perceptions of nuclear vs stepfamilies, Black vs White college students, 15277
sex, cerebral laterality in process of using symbols, 5–7 yr olds from nuclear families vs orphans, 36012
Nuclear Technology
attitudes toward & emotional reactions to nuclear arms race & war & political activity, activism in political campaigns for candidates opposed to arms buildup, college students, 4898
attitudes toward nuclear war & power & food irradiation, 16–18 yr olds, New Zealand, 11525
attitudes toward nuclear weapons & war & power, school age children & adolescents, New Zealand, literature review, 32518
beliefs & attitudes & intentions toward nuclear energy 2 mo before vs 1 vs 6 mo after Chernobyl accident, 19–65 yr olds, Netherlands, 41514
beliefs & attitudes about & emotional responses to nuclear arms & disarmament, weapons policy preferences, adults, 4872
Chernobyl nuclear accident, change in attitudes toward nuclear power vs oil vs other industrial development, adult community residents, England, 32597
Chernobyl nuclear accident, drawings & descriptions & explanations of radioactivity, 9–12 yr olds, Italy, 21949
Chernobyl nuclear power accident, short term perception of risks of nuclear power, college students & community adults, 24436
communication of decision & risk analysis information, reactor safety decisions, senior managers of Nuclear Regulatory Commission, 17356
different mobilization processes in political activism after Three Mile Island nuclear power plant accident, activists from community protest organizations, 8336
extreme vs moderate attitudes on nuclear related issue, perceived prevalence of extreme attitudes, college students, 25887

interpersonal relations reflected in transactive statements during dyadic discussion of nuclear disarmament, 15–17 vs 29–42 yr olds, 15184
multidimensional rating scale technique, evaluation of CRT formats for display of safety parameters, 26–44 yr old nuclear power plant operators, 6940
need for cognition, rated probability of nuclear accident before vs after Chernobyl disaster demonstrating individual differences in reverse hindsight bias, adults, Netherlands, 31867
nuclear attitudes, attribution of influence by pronuclear vs antinuclear groups in location decision for nuclear power plant, residents of chosen vs unchosen communities, 32592
nuclear fallout, criminal violence, 15–24 yr olds, 1940–85, biogenic predisposition implications, 15874
nuclear plant accident & restart, psychological symptoms, nearby residents, 31477
nuclear power plant, maintenance task model, identification of root causes in human error, 41394
perceived deficit in national security & social differentiation, economic allocation for more security simulating nuclear arms race, college students, 25876
perceptions of & knowledge about nuclear war & weapons, 14–18 yr olds, 22061
perceptions of Three Mile Island accident, attitudes toward local nuclear power plant, rural adults, 5 yr followup, 4881
prediction of nuclear related political activism, adults, 22255
proximity, attitudes & perception of positive & negative impact of new & existing nuclear & oil sites, residents of Dorset county, UK, 24431
public support for mutual & verifiable nuclear freeze, adult residents, 15372
trust in authorities & perceived harm & danger, psychological distress, adult residents of Three Mile Island, 3 yr followup, implications for life event/distress process research, 29444
trust in officials & knowledge of & emotions toward nuclear power, 18–21 yr olds, 22236
utilities investment in nuclear technology & prior earnings growth, prediction of plant operating safety & management & violations, 17368
Nuclear War
ability to delay gratification & impulsivity & venturesomeness & locus of control, concern over threat of nuclear war, adolescents, Canada, 15215
adherence to social Darwinism world view, preferred nuclear defense policy & political activity, adults, Australia, 32696
age & sex & drug use & emotionality, worries about nuclear war, 8th & 12th graders, 29132
age & sex & time spent in USSR, beliefs about nuclear war, adolescent Jewish Soviet immigrants, US, 15029
attitudes toward future & nuclear war, 11–18 yr olds, US vs USSR, 15156
attitudes toward nuclear war & activism, female college students vs elderly enrolled in hostel program, 8188
attitudes toward nuclear war & power & food irradiation, 16–18 yr olds, New Zealand, 11525
attitudes toward nuclear war, male vs female 26–80 yr old APA psychologists, 17068
behavioral perspective on military deterrence vs nonviolent alternatives to prevention of war, 29192
concern about nuclear war, 9–17 yr olds, USSR vs US, 15027
coping & defense mechanisms, response to nuclear threat, adolescents, 32498
demographic & personality & psychosocial factors, nuclear anxiety, 19–24 yr olds, 8451
demographic characteristics & ego development & nuclear attitudes & anger imagery about nuclear war consequences, 24–70 yr old industrial research employees, 29190
development & quantity & types of fears including nuclear war, 4–19 yr olds, Australia, 36177
extent of news media exposure, information about nuclear issues, 12–18 yr olds, US vs USSR, 36107
extreme vs moderate attitudes on nuclear related issue, perceived prevalence of extreme attitudes, college students, 25887
films with vivid images vs descriptions of effects of nuclear explosions, facial EMG & heart rate & attitude change, college students, 28698
G. Vico's concepts of barbarism of reflection & ideal eternal history & "sensus communis" & nuclear arms race, implications for humanistic psychology, 32593
high vs low anchor value vividness of nuclear war image, likelihood estimate of nuclear war, college students, 22116
individual & group intervention, fear of nuclear war, children, 19837
liberal vs fundamentalist Christian eschatologies, identity & motivation in nuclear context, 11602
life values, nuclear war related thoughts & feelings & behavior, college students, 32594
living in nuclear age, development, 15–16 yr old females, Finland, 2 yr followup, 32534
media, expectations of nuclear risk & pacifism & personal & global worries & optimism, 11–18 yr olds, USSR vs US, 36170
medical or coping strategies paradigms, research on response to nuclear threat, adolescents, 32539
perceptions of & knowledge about nuclear war & weapons, 14–18 yr olds, 22061
political self responsibility in nuclear age, 18737
psychology of human survival, 32596
psychometric & theoretical & interpretive issues in measurement of nuclear war attitudes, adults, 8445
public opposition to current nuclear arms policy & psychological factors of arms control inactivity, implications for promoting arms control activism, 8277
rational emotive therapy vs other therapies & nuclear war, commentary, 23246
reactions & attitude changes to threat of nuclear war, 17–19 yr olds, 2.5–3.5 yr followup, 32542
reliability & validity of Modified World Affairs Questionnaire, college students, 21107
responses to nuclear threat, 11–20 yr olds, Scotland vs Norway vs Canada vs Israel vs Australia vs US, 11524
role of psychology, reduction of risk of nuclear war, 11568
sex & issue salience & perceived efficacy & risk, antinuclear activism, college students, 39720
social change & media, images of & attitudes toward death, individuals born before vs after advent of nuclear age, 8201
stress responses & coping strategies & personality traits & anxiety & nuclear war-related attitudes, mental health, college students with high vs low nuclear anxiety, 25673
TV movie "The Day After", attitudes toward nuclear war & intentions to engage in antinuclear war activities, adults, 29004
unconscious conflicts that pave way for nuclear warfare & model for intrapsychic world-as-a-group conflict, 36222
viewing of antinuclear war film, support for activism & protest against nuclear war, college students, 25672
viewing TV film "The Day After", attitudes & cognitions & feelings about threat of nuclear war, college students, 14966
world view & attitude toward nuclear war, elderly, 4773
Nucleic Acids [See Also Adenosine, Cyclic Adenosine Monophosphate, Deoxyribonucleic Acid, Nucleotides, Ribonucleic Acid]
paired delivery of odor cues & polyinosine polycytidylic acid, conditioned drug compensatory hypothermic response to cued placebo injection, mice, 39286
Nucleotides [See Also Cyclic Adenosine Monophosphate]
magnesium &/vs adenosine triphosphate, recovery, male rats with fluid percussion brain injury, 32106
Nucleus Accumbens
amphetamine pretreatment, endogenous dopamine release from nucleus accumbens & striatum & locomotor activity & stereotyped behavior, rats, 28883
amphetamine vs morphine into nucleus accumbens, extinguished self administration of heroin, rats, 14942

bilateral injection of TRH into nucleus accumbens, affective aggression & dominance, male rats, 11287
bombesin in nucleus tractus solitarius vs nucleus accumbens, dopamine mediation & neurochemical & neuroanatomical correlates of induced locomotion & grooming, male rats, conference presentation, 14870
bombesin in nucleus tractus solitarius vs nucleus accumbens, dopamine mediation & neurochemical & neuroanatomical correlates of induced grooming & satiety, male rats, conference presentation, 14871
cannulae aimed at nucleus accumbens & injections of d-amphetamine vs distilled water, ability to switch to cue directed forced swimming behaviors, male rats, 39411
cholecystokinin antagonist in nucleus accumbens, dark induced hyperlocomotion, rats, 21728
cholecystokinin octapeptide into cerebral ventricles vs nucleus accumbens, d-amphetamine induced hyperlocomotion & stereotypy, male rats, 18468
chronic haloperidol, reversible perforated postsynaptic densities in caudate nucleus vs nucleus accumbens, male rats, implications for drug tolerance & drug therapy, 39361
dopamine activity in nucleus accumbens & prefrontal cortex & amphetamine induced changes in motor activity, rats with bilateral lesions of dopamine innervation of amygdala, 7779
dopamine receptor antagonist raclopride into nucleus accumbens, spontaneous vs dextroamphetamine induced motility & locomotion & rearing, rats, 14946
dopaminergic grafts in nucleus accumbens, behavioral effects of 6-OHDA lesions of nucleus accumbens vs A10 dopaminergic neurons, male rats, 11144
electrical stimulation of nucleus accumbens & neostriatum & mesolimbic & nigrostriatal dopamine systems modulation of amphetamine, locomotor & stereotypic activity, male rats, 28714
enkephalin inhibitor kelatorphan icv vs into nucleus accumbens, intracranial self stimulation, male rats, conference presentation, 7859
escalating amphetamine doses, dopamine release in ventral striatum & circadian patterns of motor activity, female rats, animal model of amphetamine psychosis, 18418
food vs electrical self stimulation of lateral hypothalamus vs amphetamine or cocaine reward, extracellular dopamine in nucleus accumbens, male rats, 4241
frontal cortical &/vs nucleus accumbens lesions, motor activity & dopaminergic turnover, male rats, 25183
GABAergic transmission in nucleus accumbens mediated by excitatory amino acids or picrotoxin, locomotor activity, rats, 25309
injection of dopamine antagonists into nucleus accumbens vs caudate putamen complex, barpressing for electrical stimulation of ventral tegmental area, male rats, 7874
intraaccumbens d-glutamylaminomethylsulphonate, amino-3-hydroxy-5-methylisoxazole-4-propionate vs quisqualic acid induced locomotor activity, male rats, 18439
intrastriatal vs intraaccumbens cysteamine, motor response to dopaminergic agonists, male rats, 11263
lesions of septal nuclei vs amygdala vs cingulate cortex vs accumbens nucleus vs fornix, shock induced conditioning of emotional defecation, male rats, 815
microinjection of methyl naltrexone into nucleus accumbens or periaqueductal gray, heroin self administration, male rats, 18311
naltrexone dosage, electrical self stimulation of nucleus accumbens vs lateral hypothalamus vs ventral tegmental area, male rats, 18470
nucleus accumbens amphetamine administration, frequency of lateral hypothalamic stimulation required to sustain low response rates, male rats, 18308
nucleus accumbens dextroamphetamine, latency to initiate & complete feeding, food deprived rats, 39422
nucleus accumbens lesions, maze learning & extinction, rats, 28751
opioid peptide enkephalins vs kelatorphan into nucleus accumbens vs caudate nucleus, locomotor activity, male rats, 21730
preparatory vs consummatory feeding behaviors, DOPAC vs HVA to dopamine ratios in nucleus accumbens & striatum, rats, 21489
R-levo-N-n-propylnorapomorphine dosage to striatal regions vs nucleus accumbens, stereotyped sniffing & oral activity, male rats, 39252
systematic vs direct administration of apomorphine into nucleus accumbens/ventral striatum, feeding, male rats, 18459
TRH injection to nucleus accumbens septi, maintenance of tolerance to ethanol induced hypothermia, male rats, 898
5,7-dihydroxytryptamine induced lesions of nucleus accumbens, d-amphetamine vs morphine vs diazepam induced place preference, male rats, 11169
6-OHDA induced bilateral lesions & apomorphine into nucleus accumbens, dopamine & its metabolites & motor activity, male rats, 28778
6-OHDA lesions of nucleus accumbens, apomorphine self administration on progressive ratio schedule of reinforcement, male rats, 35719
6-OHDA lesions of nucleus accumbens, iv morphine self administration & food & water intake, male rats, 18262

Nudity
characteristics & factors inducing incidents of streaking on college & university campuses, support for emergent norm framework of collective behavior of fads, 18911
parental attitudes toward sexuality & sleeping in parental bed & seeing others nude during childhood, sexual functioning & adjustment, college students, 15389
sexual attitudes, sexual vs nonsexual anatomical features & length & width measurements in nude human figures drawing, college students, 5071
sexual experiences & guilt & desires measuring sexually permissive behaviors, adult social nudists, 36365
traumatic roots of repetitive manifest dream involving embarrassment at being naked, 27 yr old female & 28 & 37 yr old male psychoanalytic patients, 30277

Null Hypothesis Testing
ranking procedures & computation of exact distributive under null hypothesis for trend tests in 2 way layouts, 28157

Number Comprehension
class & collection labels, cardinality & class inclusion & number conservation performance, 3–5.4 yr olds & kindergartners & 1st graders, 11400
development of & cognitive processes used in analog & digital clock display reading, 1st–5th graders, 21947
Dial-A-Phone instructional package with vs without least intrusive prompt hierarchy, male 36 yr old with developmental disabilities & 44 yr old with Down's syndrome & severe developmental disabilities, 34355
differentiation between & performance on how many vs compare sets counting tasks, 3 vs 4 yr olds, 1044
errors in & comprehension of instruction in decimal fractions, 4th–6th graders, US vs Israel vs France, 27626
language characteristics, cognitive representation of number, 65–96 mo olds, US vs Japan & Korea & of China, 25499
list of random walk model of digit comparison, RT & probability for error, 35–47 yr old females, 38709
measuring procedures, quantitative understanding, 3–10 yr olds, 36065
relative numerousness judgments on subitizing or estimation or counting, processes in numerical competence, animals, 25 commentaries & reply included, 24938

Number Systems
physical embodiment of 1st 4 places of base 10 system & symbolic multi digit addition & subtraction, 1st–2nd graders, 31048
structural regularity of number name system, acquisition of counting, 3–9 yr olds, Korea, 15118
Western vs Chinese numerals, search functions, 24–38 yr old Chinese speakers who could read & write English, England, 35279

Numbers (Numerals)
archetypal meaning & imagistic role of number 2 in E. Dickinson's poem "My Life Closed Twice", 21859

color vs blinking vs reverse highlighting on CRT, visual search for target digit, college students, 24538
CRT digit visibility & interstimulus intervals, estimation of sums, college students, 28265
development of curiosity & number & time concepts, 4–6 yr old males, 8039
development of number knowledge, preschool age children & infants, educational implications, 25509
duration & masking & orientation of familiar alphanumeric characters & offset duration, detection of change, college students, 17785
frequency analysis of 1st & 2nd digits in random number guessing, college students in calculus course, application of 1st digit phenomenon or Benford's law, 10790
grade & digit list type, awareness of mnemonic utility & use of digit list organization in serial recall, 2nd–5th graders with good vs poor reading ability, 20508
lexical & syntactic errors & level of representation in written vs spoken verbal number production, brain damaged adult male, case report, 12509
lexical processing & dyslexia in reading & writing of arabic numbers vs numeral, 11 yr old male with developmental dyscalculia, case report, 40334
lexical structure of primitives in backward counting task, multidigit number omission errors in speeded performance, Walloon French speaking college students, 21278
magnitude of distance & congruity of numbers, RT in classification vs selection tasks of numerical comparison, 18–30 yr olds, 38824
memory scanning paradigm using digits vs musical notes vs auditory detection task, EPs, 18–45 yr olds, 35630
modular functional architecture & internal numerical representation, model of cognitive number processing & calculation system, commentary reply, 24849
numbers presented as words vs digits vs dot patterns to left vs right visual field, manual response odd-even judgment RT & accuracy, college students, 11029
numerical language characteristics, cognitive representation of number & understanding of place value & mathematics performance, 1st graders, Japan vs US, 29080
sex & race, color & number preferences, White vs Black college students, 5078
spoken digit recognition rate by electronic system, string length for digit repetition & verification minimizing recognition time, adults, 13905
structural regularity of number name system, acquisition of counting, 3–9 yr olds, Korea, 15118
successively presented digits & interstimulus interval, learning period & subsequent RT to 1st vs each additional digit, Ss, 10718
use of numbering already present when counting, 4 vs 5 yr olds, 32401
use of past item average vs temporal pattern information, generation vs forecasting of number sequence patterned by 1st order autoregressive algorithm, college students, 31844
visual field processing superiority for words vs dots & digits, commentary, 11010
visual field processing superiority for words vs dots & digits, commentary reply, 11028
Numerical Ability [See Mathematical Ability]
Numerosity Perception
adaptive psychophysical step method vs maximum likelihood estimation technique vs constant stimuli, discrimination of dot number, adults, 38795
cognitive representations of space & time & number, animals, literature review, 24943
color & form & size & category of constant number stimulus, discrimination of relative numerosity, pigeons, 35456
constant time delay vs system of least prompts, numeral identification teaching, autistic male 8.3–8.4 yr old students, 17247
constant vs variable pattern condition of small dots & numerosity, pattern recognition vs subitizing, college students, 14317
development of ability to share sets of blocks equally & to infer equivalence of cardinal value of 2 shared sets, 3.9–6.1 yr olds, England, 29057
differentiation between & performance on how many vs compare sets counting tasks, 3 vs 4 yr olds, 1044
dot size, estimation of numerosity, college students, 24743
inferences about set correspondence based on numerosity information, 3.5–4.8 yr olds, 11435
number of targets, judgment of target numerosity in subitizing range, college students, 17841
numerical counting & summation, chimpanzee, 21357
numerosity model for perceptual clustering of dots using relative proximity, illusion of filled area, college students, 24769
observations of serial enumeration & categorical flexibility & adjustment to shift conditions in series of reward events, male rats, 21359
relative numerousness judgments on subitizing or estimation or counting, processes in numerical competence, animals, 25 commentaries & reply included, 24938
repetition of abstract letter identities or digits, visual letter perception, college students, 31794
scores on sensation seeking scale, estimates of numerosity, college students, 3807
tactile stimulation of body or vibrissae, numerical discrimination, rats, 21363
visual cluster continuum & measurement in pattern & numerosity discrimination, college students, 14275
weight & color & numerosity of imagined vs perceived objects & familiarity, mental manipulation, college students, 24822
Nuns
multidimensional scaling analysis, concept of happiness, 19–90 yr olds vs 26–89 yr old Catholic nuns, 18981
Nurse Patient Interaction [See Therapeutic Processes]
Nursery School Students
difficulties in transferring nursery school records to primary school, maintenance of continuous environment, implications for elementary school personnel, 27600
educational TV, learning & cognitive development, nursery & primary school students, Great Britain, conference presentation, 6676
gender differences in classroom interaction, 4–7 yr olds, 6760
home & parental & school factors, academic achievement, infant school students, 31113
interaction with social & physical environment in mainstreamed nursery school, blind 2–3 yr olds, Sweden, 5 yr study, conference presentation, 31218
mainstreamed nursery program, opportunity for social interaction & home play with mother, nonambulatory 3.5 yr old female twin with cerebral palsy, 38218
quantity & form & function of clarification requests in teacher child interaction, 10–17 vs 21–26 vs 28–37 mo olds & their nursery school teachers, 31149
Nursery Schools
diagnosis & therapeutic nursery school environment & involvement of mother in analytic treatment, 2.5 yr old male with severe temper tantrums & head banging behavior, case report, 16393
mainstreamed nursery program, opportunity for social interaction & home play with mother, nonambulatory 3.5 yr old female twin with cerebral palsy, 38218
Nurses [See Also Psychiatric Nurses]
alcohol related knowledge & beliefs & attitudes, physicians vs nurses vs clerical employees, 27443
antecedents & types & consequences & absolute vs base rates of nurse directed assaults, geriatric vs nongeriatric psychiatric inpatients, 40960
assessment of disability & prognosis of physiotherapy & occupational therapy inpatients, physiotherapists vs occupational therapists vs nurses, 20239
attitudes toward & knowledge about sexuality, medical nurses & nursing students, 13429
attitudes toward & knowledge of psychotropic drugs, 19–70 yr old gerontological nurses, New Zealand, 20369

attitudes toward alcohol & nicotine & soft & hard drug use disorders & drug dependent clients, nurses, educational & treatment implications, 12249
attitudes toward behavior problems of geriatric residents in long term care facilities, registered & licensed practical geriatric nurses, 30716
attitudes toward patients with combined medical & psychiatric problems & treatment recommendations, nurses, 2818
attitudes toward specific parental stressors, nurses vs parents of children in intensive care, 23507
behavior on long stay ward for profoundly mentally handicapped children, nurses, 30710
biophysical approach to treatment in long term care facility, elderly & social workers & nurses, Canada, 2794
burnout variables, absenteeism due to illness & job turnover, nursing staff, Great Britain, 2 yr study, 27410
case management & followup, chemically dependent 26 yr old female nurse, case report, 41157
communication styles & competence, nursing relationships, nurses in public & city & private hospitals, 20183
concept mapping, structured conceptualization of nursing care, nurses vs patients vs nurse researchers, implications for caring theory development, 30622
control & job stress, job satisfaction, nurses, Canada, 23871
death education, doctors & nurses, 23906
depression & attitudes about eating & patients & job satisfaction, primary care nurses in eating disorders program, 13 mo study, 3050
determinants of smoking & cigarette use, nurses, 3043
development & utility of questionnaire, assessment of psychosocial stressors in work environment, nurses, conference presentation, 7117
different hospital wards, occupational stress, nurses, New Zealand, 6592
differential role models & perceptions 1 mo prior to graduation vs after 3 mo of work, nurses, 17040
diurnal & personality traits & age & shiftwork experience & physical strength & fitness & social factors, shiftwork fatigue tolerance, 20–49 yr old female nurses & nursing aides, Finland, 27419
education regarding dying process & death & care of terminally ill, death anxiety, hospice vs other nurses, 17065
ego defensiveness & demographic variables, attitudes towards older people, registered nurses, 38005
empathy & sex & profession, burnout, 23–80 yr old nurses or social workers or teachers, 41177
empirical model of occupational stress & mental health, nurse managers, England, 6590
ethical dilemmas & behavior in situations of informed consent, nurses, 34458
evaluation of emergency medicine residents' performance, nurses, 34536
factors associated with chemical dependency & substance abuse, nurse anesthetists, 6619
fieldwork relationships on hospital AIDS ward, researcher & staff nurses & patients, 16880
gender ideology & patterns of domestic labor, attitudes toward militancy & unionism, registered nurses, 37981
group norms & values concerning psychosocial nursing, nurses, 9991
group therapy, divorced or separated females & nurse leaders, 40676
holistic & noncausal model of occupational stress & perceived supportive behaviors, nurses, 2981
incidence of & risk factors associated with & staff reactions to patient assault, hospitalized psychiatric patients & assaulted nurses, 23665
injuries from inpatient violence, nursing vs professional staff, 1 yr study, 27188
inservice training program emphasizing needs of elderly residents, attitudes & patient care, nursing home nurses & nurses aides, 34478
interactions with child life interns & nurses & parents, psychosocial adjustment, hospitalized 1.3–15.5 yr olds, 20174
interpersonal & intrapersonal & situational factors, burnout, professional & paraprofessional nurses, 9958
interpersonal environment & positive & negative contacts on job, burnout & organizational commitment, nurses & support staff in private hospital, 9972
job satisfaction & perceived health & stress, nurses in various departments of general vs psychiatric hospitals, Netherlands, 9970
learning resource package, assessment & intervention for elderly clients with drug treatment compliance difficulties, community health nurses, 23361
level of arousal sensitive performance during 2 shift systems, assessment of alertness during night shift work, 18–24 yr old female trainee nurses, 34550
level of responsibility & type of care facility, perceptions of disruptive behavior in elderly, nurses in acute care hospitals, 34328
life events, absenteeism, nurses, 34473
locus of control & neuroticism, job satisfaction, nurses, India, 30925
low vs high exposure to patients with poor prognosis in acute vs long term care facilities, burnout, professional vs paraprofessional nurses, 9959
male female ratio in work environment, resistance & visibility & informed contacts & stress & sex role stereotyping, 24–59 yr old policewomen vs male nurses, 38432
meaning & measurement of occupational image, nurses, 37964
nurses' perceptions of & adjustment, 64–81 yr old difficult patients, 6400
nurses' strike, functioning, 20–60 yr olds with schizophrenia or other chronic mental illness, Israel, 37822
nursing staff training in care for dying, quality of life, terminally ill nursing home patients, 1 & 3 mo followup, 40983
occupational perspective, interactions with patients, nurses vs physician assistants in HMO, 23493
occupational stress & intention to leave profession, nurses, 9947
operation of & attitudes toward psychiatric intensive care vs admission unit, nurses, Canada, 37808
organizational climate & supervisor & work group relations, prediction of perceived role ambiguity & occupational stress, hospital nurses, 23887
organizational commitment & burnout & social support & work setting aspects, unionized nurses, Canada, 17053
paternalism & maternalism & shared decision making concepts, interactional styles & influence on patients' decision making, physicians & nurses, 30617
patient affective responses to & nurse attitudes toward physical restraint, 60–81 yr olds in tertiary care hospital & their primary nurses, 9819
patient contact, attitudes toward psychiatric patients, nurses, Israel, 20416
perceived communication quality from supervisors vs coworkers vs subordinates & job satisfaction, managerial nurses with low vs high job involvement, 13333
perceived goal difficulty & locus of control, self vs supervisors' ratings of performance, registered nurses, 27391
perceived sex role stereotyping & role strain in contact with community vs colleagues vs patients, 22–79 yr old male nurses, 13323
perception of work environment, sources of stress & job dissatisfaction, hospital nurses, 37986
perceptions & preferences of resident participation in health care decisions, nursing home residents vs primary nurse caregivers, 13164
perceptions about intrusions of hospital territory & personal space & touching, 20–65 yr old male vs female surgical patients vs female registered nurses, 34164
perceptions of autonomy & job satisfaction relative to role performance during physician strike vs normal work conditions, nurses, 13304
perceptions of discharge prospects for mentally handicapped hospital patients, nurses, 9820
perceptions of families' needs, intensive care nurses vs families with hospitalized relative, 13107

perceptions of work & coping strategies, nurses on infant intensive care unit, implications for psychiatric consultation, 37965
person environment congruence, perception of social climate of work environment, staff vs managerial nurses, 30902
personality hardiness, occupational stress & burnout, 23–59 yr old critical care nurses, 41162
physicians' strike, professional autonomy & self image & job satisfaction, primary care & hospital head nurses, Israel, 34525
psychiatric patient suicide, therapeutic milieu, hospital nursing staff, 20189
psychological morbidity & personality & hypochondriasis & illness behavior & drug & alcohol use, psychiatric vs general nursing trainees, 30881
psychosocial working conditions & work load & social networks & health & physiological stress reactions, 25–60 yr old nurses, Sweden, 30879
PTSD, Vietnam era female military nurses, 8682
research in social support networks, nurses, 1978–86, literature review, 41158
role in advocacy with battered females & knowledge of family violence, emergency room nurses, 13412
scale construction, measurement of attitudes toward obesity & obese patients, female 21–55 yr old hospital nurses, 38587
scholastic variables, prediction of GPA & success on licensure examination, nursing students, 34467
scope & nature of sexual harassment & victim & perpetrator characteristics, male vs female nurses, 37983
selection & training & development, medical psychiatry unit nursing staff, 30873
self vs client perception of competence & acceptance of expanded role in primary health care delivery, nurses & clients, Nigeria, 34175
sex role behavior, subordinates' perception of leadership style & skills, nursing supervisors, 2992
sexual abuse & negative outcomes of sexual experiences & homosexuality, nurses recovering from chemical dependency vs nondependent nurses, 23902
shared values & hospital type, job satisfaction & productivity, staff & head nurses & top managers & clinical experts, 37993
stress & coping, nurses working in intensive care units vs other settings, 17042
subordinates' self monitoring & perception of task & relationship oriented leadership behavior, job performance, female staff nurses, 30864
suspected case of Munchausen's syndrome by proxy in hospitalized infant, emotional reactions & attitudes toward parents of other patients, pediatric hospital nurses, 27392
theoretical & methodological factors in research on form & magnitude of relationship between age & job satisfaction, 21–61 yr old female nurses, 27943
theory of reasoned action & moral obligation, prediction of intentions to leave profession, nurses, 9971
therapist's pregnancy, transference & countertransference, nurse psychotherapists & their clients, 40610
time limited microskills training, nurses who did vs did not volunteer for training, 37994
uncertainty coping & nonsubstitutability & centrality, intraorganizational power dynamics, physicians vs nurses vs administrative personnel in medical centers, 20363
verbalization of cognitive processes, performance on computer assisted clinical simulation, pediatric nurses, 41129
work related stress & anxiety & cognitive defense strategies, plasma levels of immunoglobulins & complement components, nurses, Norway, 3002
worksite self help smoking cessation program, abstinence, registered nurses, 23845

Nursing

assessment of pain in pediatric nursing, children, 23532
behavioral analysis of labor cost, management of independent vs dependent continent vs incontinent nursing home patients aged 65 yrs old & older, nursing staff, 16893
characteristics & reliability & validity of health measures in nursing research, 10641
communication styles & competence, nursing relationships, nurses in public & city & private hospitals, 20183
concept mapping, structured conceptualization of nursing care, nurses vs patients vs nurse researchers, implications for caring theory development, 30622
construct validity in instrument development & modification for studies on nursing practice & research & theory associations, 10640
construct validity of adaptive potential assessment model, assessment of potential to mobilize coping resources, male college students under stress, verification of nursing theory, 34139
contribution of nursing research & practice to spiritual care research in hospice, 23483
diagnosis of insulin dependent diabetes mellitus, grief & crisis reactions, pediatric clients & their families, nursing implications, 2601
diagnostic criteria & symptoms of dysthymic disorder, implications for nursing, 19088
early identification & clinical characteristics, children with sensory integration dysfunction, implications for nursing, 37669
establishing interrater reliability for instruments in nursing research, 7190
ethical implications of nursing theorizing, 34513
factors in & objectives for specialty status of addiction nursing, 12994
group norms & values concerning psychosocial nursing, nurses, 9991
health problems concomitant to mental illness, deinstitutionalized & chronic psychiatric patients, implications for nursing & health delivery, 27145
historical perspective & standards & credentialing policies of American Nursing Association, nursing & mental health care, elderly, 40845
integrity promoting nursing, psychological & biological changes, 72–101 yr old nursing home patients with dementia, 40953
issues of substituted judgment in pediatric health care setting, parents vs health care professionals, implications for nursing, 37606
major affective disorders, implications for nursing diagnosis & intervention, 19142
medical model, health care delivery in nursing, 6221
model of scientific inquiry in nursing, 6230
motivational theory, work with long term psychiatric patients, psychiatric nurses or nursing students, 34138
nursing care, coping during admission for myringotomy & polyethylene tube insertion during same day surgery, male 4 yr old, 2592
nursing interim care program, transition from inpatient milieu to outpatient followup clinic, elderly psychiatric patients, 30672
nursing intervention program, external competencies & internal perceptions & interaction with child, socially at risk mothers & their infants, conference presentation, 9609
nursing interventions, emotional responses, 9–15 yr olds undergoing peritoneal &/or hemodialysis, 2635
nursing research on expectant fatherhood, literature review, 2620
pediatric clinical nursing, adjustment & physical & emotional development, siblings of children with chronic illnesses, 16763
physical limitations & consent forms & availability of test instruments & other methodological issues, gerontological nursing research, 37627
primary vs team nursing, patient well being & staff morale & costs, registered nurses & nursing assistants & orderlies in long term geriatric treatment facility, 2 yr study, 34340
problems & interventions & training & clinical experience with alcoholic patients, medical surgical nurses, 2895
psychosocial concerns, 17–27 yr olds with advanced cystic fibrosis in nurse home visiting program, 3 yr study, 6225

role in assessment & management of & risks in caring for hospitalized psychiatrically disturbed mothers & their infants, psychiatric nurses, 34290
role of nursing in crisis intervention, adolescent rape victims, 16707
sensory integration & brain development, infants, implications for nursing or parental interventions, 37668
sucking patterns, assessment of neurobehavioral status, full term & healthy preterm neonates, nursing implications, 37649
theoretical nursing model, prediction of violent behavior, hospitalized psychiatric patients, 30750
theories of nursing ethics, 41119
unitizing vs interpretive reliability in category coding systems, rating of nurse physician interactions, implications for nursing research, 6601

Nursing Education

alcohol use patterns, nurse educators, implications for professional impairment, 13338
courses in death & dying & bereavement, liberal arts college vs nursing & other health related professional schools, Canada, 34607
education in treatment of long term mental illness, psychiatric nurses, 27411
educational priorities for psychiatry & psychiatric nursing & social work university programs assessed using Q-sort, consumers vs educators, 3010
interracial contact during integrated training program, attitude toward integration & other racial group's personality & work ability, White vs Indian vs African nurses, South Africa, 20361
microcounseling training, probe & reflection skills, obstetrical nursing students, 13421
nursing perspective, behavioral medicine training, 3034
nursing program for assessment & treatment of family violence, graduate students, 6623
status & content & extent of death education, medical & nursing & social work programs, 23833

Nursing Homes

accountability & other factors, decision making & defensive work in evaluation & treatment of acute illness, nursing home staff, 20417
admission agreements, autonomy in health care decisions & personal choices, nursing home residents, 13090
applicability of Importance-Performance Scale, evaluation & marketing of activity programs in geriatric settings, 34295
assessment of training needs, nursing home personnel, 6607
attitudes toward behavior problems of geriatric residents in long term care facilities, registered & licensed practical geriatric nurses, 30716
attitudes toward elderly & their care, social service vs nursing home employees, Sweden, 30865
autonomy & responsibilities, nursing home residents, 13118
autonomy enhancing programs, mentally impaired nursing home residents, 13114
bedtime routines, nocturnal sleep patterns, institutionalized vs noninstitutionalized elderly females, 9782
benefits of & guidelines for moderate use of alcoholic beverages, elderly nursing home or community residents, 15244
benefits of Project Pup pet facilitated therapy program, nursing home residents & volunteers & staff, 13168
Bingo as suitable recreational activity, nursing home residents, 23680
case mix model based on needs for care or resource use, health care delivery, nursing home residents, 30705
client & setting characteristics, person environment fit, elderly mentally retarded in community based settings vs nursing homes, 27080
communication apprehension & perceived loneliness & demographic characteristics, nursing home vs community residents 50 yrs old & older, 23648
demographic & physiological & psychological characteristics, survival upon new admission to nursing home, adults with late stage cancer, 37824
demographic characteristics & interpersonal relationships, 60–120 yr olds in nursing home vs psychiatric hospital vs outpatient treatment, Kuwait, 9283
dependency & behavioral problems & mental impairment, residents of psychogeriatric hospital & nursing home, UK, 34307
development of measure of quality of life in continuing hospital care or nursing homes, nursing staff, 38649
diagnostic accuracy of Mini-Mental State Examination & Geriatric Depression Scale vs standardized psychiatric interview, screening for depression & dementia, 65 yr olds & older in nursing home, 27213
discharge status, iatrogenesis, "temporary" residents discharged from nursing home, conference presentation, 2834
effectiveness of music therapy, elderly nursing home residents, 6424
emotional & socialization tasks and group work, adjustment to placement of relative, families of nursing home residents, conference presentation, 34257
English handbells, geriatric nursing home residents, 6379
epidemiology of depression & cognitive impairment, aged nursing home vs institutional congregate apartment residents, 29462
establishment of geropsychiatry unit in long term care nursing home, psychiatric patients, 6408
ethical conduct of dementia research & need for consent auditor, aged nursing home patients, 6580
ethical conflict over autonomy in long term care, frail elderly, 13100
evaluation of decisions regarding Do Not Resuscitate policy, 44–100 yr old nursing home residents or their surrogates, 40969
factor analysis of types & timing of agitated behaviors, 70–99 yr old nursing home residents, 40959
factors in quality of care & quality of life in nursing homes, elderly, 23654
family based care system to enhance nursing home care, quality of life, relatives of elderly patients with Alzheimer's disease or other dementias, 23670
FIRO-B, understanding & treating difficult nursing home patients, 56 yr old with end stage liver disease, case report, 34336
frequency of use of restraints in chronic care hospitals & nursing homes, 65 yr olds & older, Canada, 40996
full time care vs community based waiting list & respite care, psychological health & symptoms, demented patients admitted to nursing home unit & their family caregivers, 2719
functional status & mobility & social status, 57–95 yr old preadmission vs postadmission blind nursing home residents, 23685
group discussion, expression of feelings about suicide, elderly nursing home residents, 27238
health care & hospital utilization patterns, aged nursing home vs community dwelling residents assessed 4 yrs before death, 9796
hierarchy of needs model to define quality of life, elderly in board & care homes, 9770
holistic treatment in nursing homes & day care settings by activity directors, patients with Alzheimer's disease, 34339
inconsistent intervention & failed treatment in nursing home, 58 yr old chronic schizophrenic male, case report, 30763
indications for use & dosages prescribed for neuroleptic medication, geriatric nursing home patients, 40957
individualized music therapy, elderly nursing home residents wih severely impaired cognitive & physical functioning, 6425
informed vs negotiated consent & autonomy in long term care, elderly, 13132
inservice training program emphasizing needs of elderly residents, attitudes & patient care, nursing home nurses & nurses aides, 34478
institutional & client characteristics, psychotropic drug administration patterns, 45–74 yr old nursing home residents, 12832

institutional culture & personal life, quality of care in nursing homes, nurse's aides, 37825
integrity promoting care program, psychomotor functioning & CSF somatostatin concentrations, 72–101 yr olds with dementia in nursing homes, 34338
interdisciplinary behavioral geriatrics in long term care, treatment compliance, severely disabled 64 yr old male with aphasia, case report, 34320
interprofessional agreement of ratings on self care skills & mental health status & social interaction, elderly Black nursing home residents & nurses & social workers, 6464
introduction of dog to nursing home, perceptions & social interactions, 57–94 yr old residents & staff members, Australia, 22 wk study, 37830
involvement in & perceptions of nursing home care, relatives of elderly nursing home residents, 9758
job characteristics model of work motivation, assessment of need for nursing home job redesign, administrators & aides & licensed practical nurses, 9760
leading of programs & activities on nursing home dementia unit where relative lives, family members, 13113
level & type of participation, elderly in human service organizations & old age homes, several countries, 23662
level of cognitive functioning, level of agitation, elderly nursing home residents, 30721
life satisfaction, 65 yr olds & older living in high vs low self-determination nursing homes vs regular vs government subsidized low cost community housing, Canada, 41009
maltreatment in nursing homes, patients, literature review, 20203
meaningful life experiences & purpose, institutionalized vs noninstitutionalized 70–96 yr olds, conference presentation, 27185
mental health characteristics & dysfunction, nursing care, nursing home residents, implications for long term health care classification systems, 30757
mental health training program, understanding of behavior of mentally impaired & development of intervention skills, nursing home staff trainees, 13307
model Modest Proposal Nursing Home, recognition of humanization, nursing home residents, 2758
music enhanced exercise programs, geriatric nursing home residents, 6462
need for affectionate touch & "Hugging Week" program, nursing home residents & family & staff, 34337
negative attitudes, poor care in nursing homes, staff, 23703
nursing home day program using continuum of care & chronic vs terminal illness approach to health & social services, AIDS patients, 27224
nursing home research in 3 psychiatric journals, 1966–85, literature review, 40981
nursing staff training in care for dying, quality of life, terminally ill nursing home patients, 1 & 3 mo followup, 40983
peer counseling & counselor training program, social support & competence, elderly nursing home residents, 13147
perceptions & preferences of resident participation in health care decisions, nursing home residents vs primary nurse caregivers, 13164
planning & problems associated with hurricane evacuation, nursing home patients, 37802
plush animals, health self concept & life satisfaction & well being & psychosocial & mental function & depression, 57–96 yr old male inpatients of VA nursing home, 13111
policy issues in use of restraints & alternate care & management techniques, geriatric patients in hospitals & nursing homes, 16890
policy making recommendations, improvement in quality of care & life in nursing homes, elderly, 23652
power, abuse by children & in hospitals & nursing homes, elderly, 34285
preferences for policies & services in group living facilities, staff vs elderly residents in nursing home or residential care or congregate apartment facilities, 27186
preparation for transition to nursing homes, elderly with & without dementia, implications for occupational therapy, 37827
prevalence of mental disorders & clinical & demographic & treatment characteristics, nursing home residents, implications for mental health care delivery, conference presentation, 27187
previous mental illness & exposure to stress & leisure habits, aggressive vs physically nonaggressive vs verbally agitated behavior, 70–99 yr old nursing home residents, 40958
psychotropic drug prescription practices, 65 yr olds & older in nursing home, 37769
quality of care & client rights & costs & other issues in private sector care, chronic mentally ill patients in nursing homes or board & care homes, 41001
quality of care in nursing homes, 30762
quality of life, nursing home vs community residents 65 yrs old & older, 23681
reality orientation & behavioral treatment programs, cognitive function & self feeding, 43–88 yr old nursing home residents, 27231
reasons for & concerns about joining continuing care retirement community, early vs recent vs future joiners under vs over 75 yrs old, 18714
reduced stimulation unit in nursing home, care, 81–94 yr olds with Alzheimer's disease or related disorders, 13098
reliability & validity & comprehensiveness of Sickness Impact Profile, assessment of health status & well being, elderly nursing home residents, conference presentation, 35183
relocation to new facility, physical & cognitive & psychosocial functioning, 48–98 yr old nursing home residents, 40952
resident choice & control, adjustment & well being & service use & community integration, elderly in nursing homes vs residential care facilities vs congregate apartments, 34333
residents' newsletter as therapeutic tool in nursing home facility, elderly, 34300
self report data on incidence of elderly patient abuse, nursing home staff, 37814
social anxiety & social competence & depression, socially active vs isolated 55–99 yr old nursing home residents, 34284
socioeconomic factors, institutionalization in nursing home, elderly, 1938–75, Sweden, 20211
special units, nursing home patients with senile dementia of Alzheimer's type, 23679
staff as volunteer visitor & friend, nursing home residents, 9798
structured exercise & recreation, nursing home patients with Alzheimer's disease with propensity to wander, 20192
teleconferencing to provide college coursework in nursing home, self esteem & adjustment to new environment, 74–89 yr olds, 9815
therapeutic community, elderly residents & staff, Finland, 16870
therapeutic recreation activities in nursing home setting, isolated residents, 34293
therapeutic reminiscence in group & individual settings, geriatric nursing home residents, 6417
validity & reliability of person environment fit scales, assessment of congruence with activities & physical setting & interpersonal interactions in nursing home, 65–100 yr old residents, 21070
views on problems of confusion & depression & wanting to return home, nursing home staff vs elderly residents, 37772
visitation program, cognitive functioning & morale, elderly nursing home residents, replication, commentary, 13104
visitation program, morale & cognitive functioning, elderly nursing home residents, commentary reply, 13142
yoga health promotion program, nursing home residents, 20181

Nursing Students

alcohol & caffeine & tobacco & marihuana & other drug usage, 1st vs final yr nursing students, Scotland, 6596
alcohol drinking practices & depression symptoms, college nursing students, 11711

college GPA & math & verbal SAT & sociocultural factors, prediction of performance on National Council Examination, Black baccalaureate nursing school graduates, 23892
communication style, nursing students, 20375
death education, long & short term death anxiety, nursing students, 1 yr followup, conference presentation, 38001
development & validation of Nurse Patient Interaction Tool, female nursing students, 24613
evaluations of teaching effectiveness in multi-instructor human anatomy course, nursing vs dental hygiene vs pharmacy vs physical education students, 9990
history of paternal alcoholism, alcohol consumption & depressive symptoms, nursing students, 12230
knowledge of pregnant client's marital status, perceptions of client attributions of group stereotype & predicted client behavior & data sought & verbal responses to client, nursing students, 20367
medical vs everyday language use in hospital environment, physicians & student nurses & hospital patients, 30714
microcounseling training, probe & reflection skills, obstetrical nursing students, 13421
personal values, vocational choice, medical vs nursing vs psychology students, 6600
psychological morbidity & personality & hypochondriasis & illness behavior & drug & alcohol use, psychiatric vs general nursing trainees, 30881
social & preoccupational characteristics & occupational differences, smoking, 17–19 yr old student nurses & teachers vs nurses & teachers, 6594
social support & attribution style & yr in school, burnout & depressive symptoms & alcohol consumption, nursing students, 2 yr study, 6605
testing skills intervention, performance on Nursing State Board Examination, Black nursing students, 27414
therapeutic group leadership, student nurses working with hospitalized psychiatric patients, Canada, 9761
work discussion group, student psychiatric nurses, 3012

Nurturance
adolescent self esteem & appraisal of parental nurturance & authority, college students vs their parents, 29111
development of nurturance & interactions with infants in free play vs caretaking situations, preschool males vs females, 4710
nurturing in care of farm & pet animals & gardens, emotional & psychological health & intimate interactions, conference presentation, 11818
self nurturance, disordered eating, bulimic vs dieting restrainer vs nonrestrainer females, treatment implications, 26558

Nutrition
alterations of mother pup relations vs growth & development effects, consequences of early malnutrition, rats, 768
approach to nutrition concerns & questions & perceived barriers & help wanted, 14–16 yr olds, application of sense making theory in audience assessment, 39600
attitudes toward nutrition & exercise & physical fitness & relation to mental health recommendations to clients, psychologists practicing psychotherapy, 23819
caloric restriction & litter size during suckling period, long term behavioral & physiologic effects, low vs high growth rat pups, 21640
calorie & nutrient intake, 19–35 vs 65–94 yr olds, 22113
classroom &/vs home based nutrition education program for hypertension prevention, participation rate & knowledge & use of salt, 3rd graders, conference presentation, 38100
completion vs noncompletion of comprehensive nutrition curriculum, nutrition counseling practices, family physicians, Canada, 34173
cultural factors, health & malnutrition & body size & food intake & eating behaviors, comments on D. Seckler's "small but healthy" hypothesis, 32615
decreased nutrient availability due to increased litter size, behavioral development, mouse pups, 28744
development of weight control program utilizing cognitive behavioral & nutritional approaches, adults at risk for obesity, 6087
early nutritional supplementation, intellectual development, male children with vs without Kwashiorkor, India, 19619
focused intervention, feeding practices, 20–29 yr old mothers & their 11–18 mo olds with failure to thrive, 33707
food, brain function & cognitive performance & mood & hyperactivity related behavior & effects of dietary fiber, children, 15575
high starch vs protein vs fat vs sucrose vs mixed content preloads, hunger & satiety & food preferences, normal weight nondieting females, 11084
infant nutrition, mother child interactions, mothers & their infants, India, 35978
intelligence & attitudes toward children & support systems & maternal childhood experiences, child's nutritional status, rural mothers & their 1–5 yr olds, India, 29242
introductory nutrition course, changes in food habits including meal patterns & cooking experience & food buying & vitamin/mineral supplementation, male vs female college students, 41229
living arrangements & eating behaviors, 55–98 yr olds, 8171
meal composition & estimated stomach contents & intermeal intervals & size & subjective hunger, adults, implications for satiating property of protein, 11067
need for sociologically meaningful analysis of nutrition, elderly, 22083
nutrient intake & food sensitivities, behavior problems, preschool age hyperactive males, 33557
nutrition & deinstitutionalization, independent psychiatric patients, 6336
nutrition concerns & attitudes toward eating & food, 14–16 yr olds, implications for education, 32346
nutrition education in supermarkets & elements of successful in-store programs, 37644
nutrition education, patients in alcoholism treatment program, 6561
nutrition, food sampling behavior, male cockroaches, 481
nutritional assessment, institutionalized developmentally disabled 8–20 yr olds, 23682
nutritional counseling, binge eating & vomiting & laxative abuse, bulimic patients, 20076
nutritional intervention, acid/alkaline biochemistry balance & psychophysiological function, 5–90 yr olds with psychogenic disturbances, 16325
nutritional knowledge, patients with anorexia or bulimia vs atypical eating disorders, 2045
nutritional status, discriminative learning abilities, malnourished horses, 38984
nutritional status, feather growth bars, Downy Woodpeckers, 38961
nutritional status, mental ability, healthy Chinese 60 yr olds & older, Hong Kong, 29188
nutritional support methods, development of oral feeding skills & satisfaction & parental bonding, 4 mo old female with dysphagia & infantile cortical hyperostosis, case report, 5784
psychometric evaluation of food attributes & preferences, male vs female 21–59 yr olds, India, 22393
psychosocial & SES factors, body composition & nutritional status indices, rural mothers of preschoolers, India, 8271
SAAVE amino acid nutritional supplement, neurotransmitter facilitation of adjustment & recovery, detoxified alcohol vs polydrug abusing inpatients, 30814
social behavior & nutritional assessment of colony, honey bee foragers & food storers, 35547
social support & stressors & related factors, nutritional health & appetite & dietary intake, elderly, 29183
time of testing & nutritional level, Stroop Color Word Test performance, male vs female 2nd–6th graders, 8042
vitamin & mineral supplements, intelligence & behavior, school children, 11431

Nutritional Deficiencies [See Also Kwashiorkor, Starvation, Vitamin Deficiency Disorders, Wernickes Syndrome]
acute withdrawal related nutritional needs & use of carbohydrate & electrolyte supplements, alcoholic or opiate or stimulant addicted clients of residential treatment facilities, 23785

anthropological perspectives on biocultural adaptation to short stature due to childhood mild to moderate malnutrition, comments on D. Seckler's hypothesis, 33612
biological & social adaptation to low dietary protein & amino acid intakes, 33640
dietary restrictions, participation in Passover meal or reception of Communion, 5–71 yr olds with Celiac-Sprue disease with different religious affiliations, 1961
early life malnutrition, position & brightness & pattern discrimination, 20–40 vs 70–77 day old rats, 25120
early malnutrition, behavior at home & school, 9–15 yr olds, followup study, 33525
early under nutrition, dietary self selection & carbohydrate vs protein conditioned odor preferences, rats, 14526
factors in & developmental significance of nutritional problems, infants & children, implications for prevention, 26567
hypomagnesemia, eating disorder patients 13 yrs old & older, conference presentation, 12405
hypothesis of malnutrition etiology of Alzheimer's disease, 8973
magnesium deficiency, depression, female 76 yr old, 37124
malnutrition & adverse effects of foods & food additives, behavior & cognitive function, children, 22491
nutrition & etiology of anorexia, elderly, commentary, 2165
nutritional deficiencies, development of Wernicke-Korsakoff-like amnesic syndrome, 39 yr old White female with anorexia & vomiting, 1 yr study, case report, 33468
nutritional status as reflected in height, mentally retarded children, India, 19458
orthomolecular genetic family background of nutritional or allergic pathology, etiology & treatment & prevention of physical & mental disorders, 11896
perinatal protein deprivation, operant behavior & reactivity to anticonflict effect of diazepam, female rats, 21630
protein energy malnutrition in infancy, conservation task performance, 9–15 yr olds, Barbados, 5641
psychosocial stress & protein sparing modified fast & weight loss program, chewing & spitting behaviors, 28 yr old female with bipolar disorder, case report, implications for bulimic variant, 29647
pyridoxine &/vs magnesium deprivation, spontaneous seizures, male gerbils, 4240
role of ethanol induced enkephalin deficiencies in uncontrollable drinking & effectiveness of nutritional supplement SAAVE treatment, alcoholic patients, 23745
salt intake & plasma angiotensin & aldosterone during vs after long term recovery from sodium depletion, male vs female rats, 21662
soil & diet with low selenium & calcium & high memory content & industrialization & low sunshine exposure, geographical distribution of schizophrenia, 11951
subclinical undernutrition, psychological development, Black preschoolers, South Africa, 16099
undernourishment, conditional spatial discrimination task, 23–90 day old rats, 39170
undernutrition during suckling vs inhibitory avoidance training, hypothalamic beta endorphin levels, infant vs adult rats, 18248
unhealthy consequences of small body size due to childhood malnutrition & growth retardation, developing countries, comments on D. Seckler's hypothesis, 33593
use & interpretation of anthropometric measures in study of adaptation to childhood malnutrition, comments on D. Seckler's "small but healthy" hypothesis, 33467
zinc deficiency vs replenishment, intake of zinc deficient diet, rats, implications for conditioned aversion interpretation of decreased food intake, 4225
Nymphomania [See Hypersexuality]
Nystagmus
artificial retinal image stabilization using eye movement information, oscillopsia & visual acuity, 22–82 yr olds with nystagmus due to neurologic disease, 2050
central fatigue, optokinetic response limit, healthy vs neurotic adults, conference presentation, 5367
congenital nystagmus induced when following objects toward left side, male 32 & 62 yr olds, 33563
eccentric stationary edges with vs without central retinal occlusion & stationary vs moving displays, optokinetic nystagmus, adults, 28255
fine vs gross motor activity level, duration scores on Southern California Postrotary Nystagmus Test, preschool age children with vs without mental health diagnoses, 25990
habituation of vestibular nystagmus, 19–21 yr old military student pilots, 38793
lack of vision & occipital lobectomy & head rotation, nystagmus & vestibular compensation following unilateral labyrinthectomy, juvenile rhesus monkeys, 733
lithium carbonate induced downbeat nystagmus, manic depressive 39 & 54 yr old females, case reports, 9591
monocular optokinetic nystagmus of covered vs uncovered eye, kittens with unilateral lesion of lateral suprasylvian area, 4287
neuronal responses of cingulate cortex during vestibular & optokinetic nystagmus, rabbits, 4193
nicotine nystagmus, resolution of moving targets under velocity & duration conditions, heavy vs light smokers, 28901
passive gazing & sinusoidally oscillating optokinetic stimulus & eccentricity of target moving relative to background, suppression of optokinesis, 20–45 yr olds, 17805
prolonged optokinetic stimulation, optokinetic afternystagmus & induced illusory motion, adults, 14279
visual cortex lesions, vertical optokinetic nystagmus, cats, 14786
waveform velocities & duration of retinal slip velocities, vocabulary saccades & visual performance, 12–48 yr olds with congenital nystagmus, 29840
Obedience
inhibitory vs disinhibitory effects of role models conforming to vs deviating from prohibition not to open toy box, female 1st–2nd graders, 25655
potential self harm upon request compliance, obedience to request of authority figure, college students, 11787
sex role, consistency of aggressive & assertive & submissive behavior, 15–17 yr old males, 25616
submission to authority measured by California F Scale, religious vs intellectual vs bureaucratic vs political leaders, India, 1438
training & selection procedures & binding factors to authority, learning mechanisms & behavior change of torturers, ex-military police, Greece, 17454
Obesity
access to heated environment vs food, body temperature & weight & food intake, lean vs genetically obese mice, 4173
age & sex & average vs overweight body shape, attitudes & perceptions & practices toward obesity, 5–12 yr olds, Canada, 22981
amineptine, depressive & obsessive compulsive symptomatology & cortisol periodicity & dexamethasone inhibition & beta endorphin & lipotropin response to clonidine, obese 13–53 yr olds, 9493
anorexia & bulimia & obesity & related topics, 1987, bibliography, 1955
anxiety & depression, obese 30–50 yr old females, 2158
aspartame, body weight set point hypothesis assessed through energy intake, obese vs nonobese adults, conference presentation, 18247
attitudes about obese individuals & body weight & self perception & dieting behavior, female vs male college students, Australia vs US, 5084
balanced deficit diet with vs without aspartame, compliance & weight loss, obese males vs females, conference presentation, 19695
ballet company's selection process, incidence of eating disorders & familial obesity, 16–36 yr old female ballet dancers, US vs China, 26511
behavioral group treatment, obesity, 29–72 yr olds, Australia, conference presentation, 16488

behavioral strategies with diet planning & nutrition education & physical exercise, obese 8–18 yr olds in residential summer camp, 19900
beliefs & experiences & attitudes, families with child with celiac disease vs obesity, 5690
body image & fat, 19–57 yr old females, 19488
body image distortion, obese vs normal adults, 19512
body mass index vs cognitive factors, cumulative food intake, obese vs normal weight females, 26678
body size in video presentation, judgment of image as accurate vs heavy vs thin & adjustment of image to perceived size, obese vs normal weight adults, 5643
brain enhanced chemical delivery system of estradiol, body weight & food intake, lean vs obese rats, conference presentation, 25310
causes of dietary hyperphagia & obesity, animals, 32111
cognitive behavioral treatment, obese patients, conference presentation, 30209
cognitive behavioral treatment, obese 30–60 yr old females, conference presentation, 19889
conditioned olfactory stimulus prior to & during eating, plasma insulin, obese vs lean mice, animal model of non-insulin-dependent diabetes mellitus, 25088
corpulence category, daily energy consumption & distribution of food intake, obese vs nonobese 7–12 yr olds, France, 26443
degree of obesity, binge eating, obese 23–65 yr olds, 2138
development of weight control program utilizing cognitive behavioral & nutritional approaches, adults at risk for obesity, 6087
dextrofenfluramine, neuroleptic induced obesity, schizophrenic 20–65 yr olds, 16570
dietary restraint & obesity, dietary intake, female college students, 2156
diethylpropion hydrochloride induced psychosis, obese 33 & 40 yr old females, case reports, 6122
dieting relapse crises & coping strategies, obese 27–66 yr olds with Type II diabetes, 40411
difficult temperament characteristics, rapid weight for height percentile gains, obese 6–12 yr olds, longitudinal study, 1973
dose of peptide cholecystokinin, high vs normal fat vs fat fortified intake of chow, obese rats, 14890
emotions, eating patterns, obese clients, literature review, 37030
emotive vs food vs neutral stimuli, GSR & EMG & heart rate, obese adults, 5642
exercise program & diet & nutrition counseling, obese prepubertal children, 16491
factor structure of Eating Inventory & relationship of emotional eating to dietary restraint & disinhibition & perceived hunger, adult females, implications for obesity research, 17583
food deprivation, brain levels of monoamines & their metabolites, lean vs genetically obese rats, conference presentation, 25148
food deprivation, glucose utilization in central amygdala & hypothalamus, lean vs fatty male rats, 25149
food related stimuli & eating, arousal, obese 19–63 yr olds, 29942
Garren-Edwards Behavior Modification Program & group therapy, morbidly obese patients, 19728
gastric distension by balloon & gastric capacity, food intake, lean & obese 19–49 yr olds, implications for obesity treatment, conference presentation, 26494
gastric implant, body weight & gastrointestinal hormones, chow vs cafeteria fed male rats, animal model of dietary obesity, 35717
genetic obesity, circadian patterns of feeding & drinking, male mice, 14652
high dosage testosterone propionate, copulatory behavior, obese male rats, 11234
high protein vs fat vs chow diet, food intake & weight loss maintenance, obese rats, 7702
hypnosis & behavioral self management, weight control, obese females with high vs low hypnotizability, 3 mo followup, implications for experimental methodology, 37196
hypnotic eating awareness training, weight control without restrained eating, obese patients, 27029
icv corticotropin releasing factor, food intake & guanosine binding to brown adipose tissue, genetically obese vs lean rats, 35767
increased adiposity, food intake, male weanling rats, 35650
individual profile analysis & assessment of motivational factors, development & prognosis of individualized weight reduction programs, 22–54 yr olds who were less or more than 15 percent overweight, 23112
interaction, families with obese children, 29988
length of behavior therapy for obesity, weight loss, 21–60 yr olds, 30388
lesions to medial hypothalamus vs paraventricular nucleus with vs without cuts to ventrolateral pons & medulla, food intake & hyperphagia & body weight, female rats, 7811
lifestyle change program including behavior modification & nutrition education & exercise, weight management, obese minority adults, 18–24 mo followup, conference presentation, 12806
long term regulation of energy intake & expenditure, obesity, conference presentation, 29943
macronutrient self selection diet vs chow & sucrose, hyperphagia & obesity, female rats, 21625
medial hypothalamic lesions or icv 6-OHDA, food intake & obesity & self stimulation, rats, 28769
melatonin secretion & circadian rhythms, 14–57 yr olds with anorexia nervosa or obesity, 8997
new diagnostic criteria & treatment for obesity hypoventilation, 4–13.5 yr olds, 19485
noninsulin dependent diabetes mellitus & obesity & dietary therapy, 63 yr old former Japanese prisoner of war, case report, 19545
obesity, sleep apnea syndrome, literature review, treatment implications, 16113
object representation, moderately obese females, support for structural deficit & external regulation hypothesis of addiction, 33621
personality characteristics, severely obese adults who dropped out of vs persisted in long term behavioral treatment program, 37433
personality correlates of eating behavior & weight loss, severely obese patients in behavior modification program, 2.5 yr followup, 37432
phenylpropanolamine dosages, subjective stimulant or euphorigenic effects, 18–55 yr olds with varying degrees of obesity, 28928
physical & psychobiological factors, etiology & treatment of obesity, 26560
posttreatment programs, long term maintenance of weight loss, mildly or moderately obese adults, 18 mo followup, 6098
presurgical psychiatric diagnoses, postsurgical psychosocial adjustment & complications, obese bariatric surgery patients, 12998
prevalence of obesity, schizophrenic patients receiving depot neuroleptic drugs, 16636
psychodynamics & psychoanalysis, 47 yr old obese female, 33790
psychological & social & cultural influences on eating behavior & obesity, implications for behavioral treatment, 2425
psychopathology & depression, female bulimic binge purgers vs bulimic binge eaters vs nonbulimic treated vs untreated female college students, 5760
psychosocial correlates of gastric stapling surgery, morbidly obese patients awaiting or after surgery, 12955
psychosocial factors, compliance with behaviorally oriented weight control program, obese 10–16 yr olds & their parents, 16527
psychotherapy, incorporation of body into self system, obese female in mid 30s, case report, 33846

resumes with vs without pictures of obese vs nonobese female job applicants matched in physical attractiveness, stereotyped attitudes, college students, 5774
risk factors for & approaches to primary & secondary prevention of anorexia & bulimia & obesity, conference presentation, 2175
role in prevention & treatment of childhood obesity, preschool teachers, 3132
saccharin, brain deoxyglucose uptake, diet induced obesity prone vs resistant male rats, 39347
scale construction, measurement of attitudes toward obesity & obese patients, female 21–55 yr old hospital nurses, 38587
selective kappa agonist PD-117302, hyperphagia & food intake, obese vs lean male rats, implications for endogenous kappa opioid system, 28893
SES & social attitudes & obesity, male vs female adults vs children, developing vs developed countries, literature review, 23051
single dose naloxone, food intake & subjective hunger & food related thoughts, obese 27–43 yr olds, 16655
sleep stage & body position, apnea duration & frequency, obese adults with severe sleep apnea, 22931
social factors & characteristics of intensity controlled dance exercise class, exercise adherence, moderately overweight 35–58 yr old females, 5864
standard vs intensive supervised vs minimal contact short term behavioral intervention, moderately obese female 18–20 yr olds, 23316
stress, time perception, obese adults, 29931
Type A behavior & cardiovascular risk factors with potential to respond to environmental & lifestyle changes, 6–11 yr old monozygotic & dizygotic twin pairs, 26584
validity of Forbidden Food Survey, assessment of food related fears, 15–46 yr old obese vs bulimic binge-purger vs binge eater females, 10645
ventrolateral pontine cuts & damage to paraventricular efferent fibers, hyperphagia, female rats, 7812
ventromedial hypothalamus lesions & glucocorticoids, hyperphagia & obesity, rats, literature review, 7762
very low calorie diet &/vs behavior therapy, obese adults, 3 yr followup, 12626
videofeedback vs behavior modification program, weight loss & body image, obese females, 16501
weight control program, body weight loss, obese 29–68 yr olds with normal weight vs obese partners, 3 mo followup, implications for cost effectiveness & public health, 40716
worksite behavioral weight loss program, obese mentally retarded adult employees of community sheltered workshop, 9458
5-HT, carbohydrate craving & PMS & seasonal affective disorder & obesity, conference presentation, 19037

Object Permanence

ability to respond to shadowed information & recognize & manipulate own shadow, 13–42 mo olds, 32381
development of object permanence skills, visually impaired 4–25 mo olds, 9180
development of object permanence, 28–150 day old kittens, 31917
familiarization with transparent occluders apparatus, errors in Piagetian Stage IV search task, 9 mo olds, 32465
invisible displacement object permanence tasks, assessment of sensorimotor intelligence, cats & dogs, 10916
prelocomotor with vs without walker assisted experience vs hands & knees creeping, spatial search performance, 8.5 mo old, 4616
tall vs short rabbit in impossible vs possible event conditions, representation of height & belief in continued existence of rabbit, 5–6 mo olds, 974

Object Relations

ability of representation & symbolization assessed by Object Relations Technique, patients with psoriasis vs schizophrenia, 15581
adaptation by J. Bagby of Object Relations Technique, 16415
aggressiveness & aesthetic rigidity & chaos & discovery & violent representation in art & object relations, 9–11 yr olds, 5887
analyst's rediscovery & reconstruction of object relationship throughout psychoanalytic process, analysands, 16370
application of M. Klein's theory to object relations treatment perspective, psychotherapy, 31 yr old lesbian patient, 12637
attachment theory, intergenerational transmission of maltreatment, literature review, 36813
case management & play therapy based on D. Winnicott's concepts of relatedness, 10 yr old antisocial male, 37289
classical vs deficit metapsychological models, analysis of W. R. Fairbairn's concept of basic endopsychic situation in object relations theory, 14037
clinical significance of M. S. Mahler's theory of symbiosis & separation individuation & preoedipal object relations, 35 & 40 yr old males in psychoanalysis, 16380
cognitive object representations of family & treatment team members & friends & symptomatology, 15–23 yr old long term psychiatric inpatients, 29620
constructive inclusion of adolescent children in marital & family therapy, 2 way identification & object relations & family change, wife & husband Holocaust survivor with marital & family problems, 37402
correlations between Loevinger Sentence Completion Test as measure of ego development & object relations scale, assessment of cognitive & social functioning, 9–12 yr olds, 21874
cultural & object relations theory perspectives on borderline personality disorder & negative possession trance, 30 yr old female, 5301
current popularity of object relations theory in psychoanalytic practice, 16355
descriptions of liked vs unliked child & adult & self, assessment of internal object relations, 105–136 mo olds with conduct disorder, Netherlands, 33319
development in infancy as archaic reverse self object for mother, trauma & cohesive vs pathological grandiose self & psychotherapeutic resistance, clients, 5962
development of relationship to self & objects, 2–16 yr olds adopted vs restored to their birth parents, longitudinal study, 32502
developmental object relations theory, 11
developmental object relations theory, clinical implications, 29158
developmental object relations theory, resistantlike behavior in psychotherapy, 29 yr old female, case report, 2329
developmental origins of oneness fantasies & role of pathology in everyday life, commentary, 36633
ego psychology & object relations perspective, termination process in psychoanalysis & psychotherapy, neurotic or borderline clients, 16332
failed self/selfobject relationship as central theme in W. Shakespeare's "Macbeth", 15002
form of heterosexuality with fluid object relations & underlying structure resembling perversions, male & female adults in psychoanalysis, conference presentation, 30246
Freudian drive theory & limitations of object relations model in psychoanalysis, male client, 16389
Freudian vs object relations theories, "working through" concept in psychoanalysis, 19750
functioning of primitive defense mechanisms assessed by Object Relations Technique, borderline patients, 15661
H. Kohut's self psychology model vs drive conflict model vs object relations theory & contributions of D. Stern, infant development, implications for therapy, 33823
internal object relations & family interactions, manic depressive 26–73 yr olds & their families, Finland, implications for family therapy, 26031
interpersonal object relations in psychoanalysis, neurosis expressed as writer's cramp, 26 yr old male, commentary, conference presentation, 12652
interpersonal perspective vs D. Feinsilver's Kleinian & object relations perspective on therapeutic action of psychoanalysis & psychoanalytic psychotherapy, 23236

interpretation & internalization & therapeutic action of psychoanalysis, 24 yr old female, case report, commentary, 19814
J. Lacan's theory on mother child relations & role of object, mother & her infant, clinical implications, 39597
multisensory experiences & memories as building blocks to object loss during Holocaust, child survivors, 26760
mutual influence in interaction structures, infant's self & object representations, 3–4 mo olds & their mothers, 15144
normative sociocultural variation in transitional object attachments, infants & children, 36109
object constancy in context of establishing separate identity & illusion of constantly available mother, children, 22062
object relations & defensive operations & cognitive & behavioral styles, psychopathic criminals, 26237
object relations & drive theory approach in psychoanalysis, male analysand, 16419
object relations & family systems theory, conceptualization of bulimia, 26525
object relations deficits, differential diagnosis, patients with borderline personality vs affective vs schizoaffective disorders vs schizophrenia, 1552
object relations perspective, psychoanalytic setting & process, analysand & analyst, 16392
Object Relations Technique, assessment of suitability for treatment, patients with phobias or obsessions or bereavement or break up of love affair, 16377
Object Relations Technique, industrial selection, males considered for employment, 17348
Object Relations Technique, male with severe agoraphobia, 16400
object relations theory & concept of autistic-contiguous position as more primitive personality state than paranoid-schizoid position, 32890
object relations theory & sexual decision making, male vs female college students, 25816
object relations theory applied to psychoanalytic technique, patient with neurotic personality organization, 9312
object relations therapy framework & transference issues, violently abused 7 yr old female, 37351
object representation, moderately obese females, support for structural deficit & external regulation hypothesis of addiction, 33621
pathological internal object relationship & inability to recognize one's internal state, analysands, 16395
Piagetian vs motivationally based constructivist perspective on subject object relationship in development of knowledge, infants, 29077
play behavior requiring object transformations of toys vs objects, language impaired 37–49 mo olds, 16016
play material in ability integrated classroom, social & object related interactions, 22–26 mo olds with vs without Down's syndrome, 17261
preoedipal object relations & developmental needs, resistant-like behavior in psychotherapy, young male physiotherapist, case report, 2325
projective identification & object choice, marital therapy, couple, 16431
projective identification & therapist's selfobject function, psychotherapeutic change, female 22 yr old client, case report, 30200
psychic reparation of inner objects & self in group psychoanalysis, neurotic patients, 19857
psychoanalysis, sense of self & masochism, female psychotic 19 yr old, case report, 30310
psychoanalytic & object relations approach to marital therapy, 16435
psychoanalytic explanation for role of impersonal objects in morbid jealousy, 5067
psychoanalytic interpretation of "nothing" vs "everything" in "King Lear", 29015
psychoanalytic techniques derived from object relations theory, transference & interpretation & countertransference, clients, 16375
quality of thought disturbance & object relations, male 5–13 yr olds with separation anxiety disorder, 33057
repetitive & selfobject aspects of transference, resolution of delusional merger with dead brother, chronically suicidal female analysand, 37357
Rorschach & object relations test scores before vs after psychoanalytic therapy, 21–51 yr old psychiatric patients, 33767
Rorschach orality levels, internalized self representations, male vs female college students, 11801
scoring systems for Object Relations Technique, adult & adolescent psychiatric patients, 15570
self as experience of autonomy vs other as experience of authority in psychoanalysis, 40623
self esteem & desire for positive sense of self vs drive defense or repetition of early object relations, etiology of envy & need to avoid conscious awareness, 11798
self psychology as superego psychology, self regulatory & self evaluative functions of mind and object relations, 23195
spatial & temporal object relations constructs & projective processes, 39951
spatial vs affective object relations, mental development through fusion vs psychoanalytic dialog vs projective vs introjective identification, analysand, conference presentation, 12693
theoretical conceptualization & object relations during psychoanalytic treatment, anorexic 23 yr old female, 33760
therapeutic dynamics & interventions, early object loss & subsequent object rejection syndrome, patients prone to self containment, 33854
therapist as constant object, borderline patients, 40609
trauma in psychoanalysis & metapsychological constructs & object relations approach to treatment, 28 & 31 yr old female analysands, 33847
validity of Mutuality of Autonomy Scale, assessment of object relations phenomena in Rorschach responses, nonclinical 6–13 yr olds, 35198
Objective Referenced Tests [See Criterion Referenced Tests]
Objectives [See Goals]
Objectives (Organizational) [See Organizational Objectives]
Objectivity
assessment of subjective & objective memory impairment, 39–79 yr old stroke victims & their relatives & friends, 30004
objectivity in consensual domain & symmetry & irreversibility in family therapy, chronically mentally ill clients, 37389
phenomenology of subjectivity, 7017
Oblique Rotation
orthogonal vs oblique rotation in rating scales, analysis of teacher effectiveness, college students, 27777
orthogonally & obliquely transformed component analysis, analysis of sociometric test data, junior high school students, 10683
Obscenity
fetishistic use of speech, 23 yr old male analysand with obscene telephone perversion, 36809
lack of concomitant exhibitionism or other sexually deviant behaviors, 23–29 yr old males charged with making obscene telephone calls, 8778
social distance & taboo, animal names in verbal abuse & linguistic determination of food value & animal edibility, 32319
taboo, animal names in verbal obscenities & linguistic determination of food values & animal edibility, 32321
Observation Methods
accuracy of observational method, special education research & practice, 10222
accuracy of observations of elementary school students' motor skill performance, teachers, 27501
barcode technology using data menu, automated data collection of events & observation time for transfer to personal computer, implications for behavioral monitoring, 28037
bias in observation of marital & family interactions, raters, 32687
clinical utility & completeness of existing O-rated multidimensional functional assessment instruments, geropsychiatric patients, 7060

coding units for segmenting interactions, spouses & families, 32637
conceptual & statistical approaches to agreement & reliability & accuracy & validity in direct observation methodology, commentary, 24559
congruence of self reports & observation of dominant & apprehensive communication style, teacher trainees, 35935
construction of coding instrument, observation of caretaker infant interactions in institutional settings, 31
covert reliability checks & interrater reliability for videotape child development observational data, literature review, implications for research methodology, 4566
design of observational study of seat belt use, 3530
development of observation scale, assessment of pain behavior, hospitalized back pain patients, conference presentation, 17653
examiner observations of test behavior vs teacher ratings of classroom behavior vs scores on measure of attention, learning disabled or emotionally disturbed 6–12 yr olds, diagnostic implications, 40018
FI momentary sampling observation method, assessment of behaviors induced by dopamine agonists, rats, 18296
framework for observational evaluation of mental functioning, elderly, 26537
incidence & detection of side effects coincident with baseline behavioral observations of clinic & nonclinic children, investigators, 21029
infant observation, training, child psychotherapists, conference presentation, 27450
interval coding vs continuous time strategies, statistical analysis & representation of parallel streams of continuously recorded social behaviors, 28166
issues in behavioral observation of couples, 32625
lag method of systematic observation of behaviors & environmental events, 24535
method for observation of peer social comparisons in naturalistic settings, young children, conference presentation, 15155
methodological & ethical considerations in participant observation of illicit drug abuse research, 19385
methodological advances in observational study & standardization of behavioral assessment, children, 20th century, 39481
methodological issues, observation of interaction, spouses & families, 32657
methodology for coding spontaneous causal attributions verbalized during marital problem resolution discussions, distressed vs happily married couples, implications for marital therapy, 25734
naturalistic observation of mice, psychology education, college students, 31055
observation & intervention, condition related reactivity in peer praising, 4.4–5.1 yr olds, 18656
observation method, rate of swearing, students in residential school, 6707
observation of animal behavior, Spanish pioneers in America, 16th & 17th centuries, 28388
observation of communication apprehension, 16–20 yr old secretarial students, 18655
observation of lecture to appraise performance vs learning content, immediate & delayed performance appraisal & recognition memory, college students, 31856
observational data collection & evaluation of 1–53 yr old handicapped students, instructional decision making & rules, special education teachers, 38202
passive infrared detector & hand held computer monitoring of locomotor activities, male-female pairs of tamarins & male tree shrews, 21441
process in action approach, measurement of self concept construction through social interaction & comparison, preschool age children, teaching implications, 18642
psychoanalytic psychotherapy group vs inservice training seminar for infant observation, clinical training & practice, mental health students, 5992
psychological test observations & teacher ratings on Stanford Binet Observation Schedule, kindergartners, 13707
reliability & convergent validity of Scheme for Observing Activity Level, preschoolers, 7099
reliability & quality of classroom observational data, 34832
reliability of observation system, assessment of group supervision problem solving & other skills, counseling & psychology trainees, 13360
S. Braude's 1979 critique of observational theories in parapsychology, commentary reply, 38550
S. Braude's 1979 critique of observational theories in parapsychology, commentary, 38554
SAS & BASIC computer programs, tabulation of durations & frequencies of behaviors & data analysis system, animals, 21346
software monitoring systems vs participant observation or thinking aloud methodologies, assessment of computer use behavior, office workers, 3537
statistical test for random behavior in observational studies, 173
structure & reliability & utility of test session observations, assessment of test taking behavior, 7.5–14.3 yr old students, 34812
SYMLOG multiple level observation method, diagnosis of group & member characteristics & dynamics, small work groups, 18894
systems for classification of behavior types & relation to explicit behavior units, implications for formal notation systems, 3534
taped vs live observations, coding of child's behavior & reactions & reactor, 19–31 yr old Os & 18–36 mo olds, 25584
teacher estimates vs direct observation, estimation of spontaneous language performance, developmentally delayed 2–5 yr olds, 41337
validity & reliability of direct observations vs ratings of parent child interaction in neonatal intensive care unit, families of hospitalized infants, 2763
validity of Profile of Mood States vs Visual Analogue Scale vs O's scale, detection of acute effects of amphetamine, depressed inpatients, implications for research, 30473
validity of Rapid Couples Interaction Scoring System, assessment of marital satisfaction, blue vs white collar spouses, 31546
visual analysis of student data vs characteristics vs classroom conditions, evaluation of educational intervention for mentally retarded students, special education teachers, 38209
1 way mirror vs audio vs video recording observation methods, interactional behavior & self consciousness & anxiety, 20–38 yr old married couples, 11610

Observational Learning

delayed imitation of observed object manipulative behaviors, 14 mo olds, 1028
empirical evidence, cognitive representation & conditional reasoning performance on concrete task, college students, 14393
focused sampling & feedback, learning, adults, 28318
maternal hyperphenylalaninemia, latent & observational learning, mature rats, 14930
modeling with vicarious vs direct reinforcement, observational learning & imitation & maintenance of buttonpressing, 4.7–5.5 yr olds, Japan, 15063
observation & instruction, emotional socialization, disturbed 3–5 yr old therapeutic school students, 34770
observation of trained female opening food door to right vs left, problem solving speed & direction of door opening, male vs female mice, 408
observational & enactive learning, development of aggressive behavior in early childhood, conference presentation, 8109
observational learning & spatial memory, storage & recovery of seeds, black capped chickadees, 14559
passive observations vs enactive vs delayed mediation of modeled throwing action, accuracy of movement production, male 12 yr olds, 4656
theoretical & design validity analysis of modeling & imitation & observational learning procedures in remediation studies, autistic or learning disabled or mentally retarded children, 1979–88, 41342

visual guidance, cognitive representations & observational learning & modeled actions, college students, 200
Observers
behavior descriptions vs causal attributions of actors vs Os, college students, 32820
Os expectations, correspondence bias in attitude attribution, college students, 29372
Os, group discussions, adults, implications for marketing research, 4973
outside evaluation of social & personal role function in suicide victims' families, college students, conference presentation, 36808
social deprivation & presence of observing audience, categorical organization & retention of words, male college students, India, 21285
subordinate social category membership, observation time & rating accuracy, college students, implications for employee performance evaluations, 41416
taped vs live observations, coding of child's behavior & reactions & reactor, 19–31 yr old Os & 18–36 mo olds, 25584
Obsessions
aggression & hostility & depression & obsessionality, patients with Gilles de la Tourette syndrome, 5771
form & content of obsessions, outpatients with obsessive compulsive neurosis, India, 15706
guilt & trait anxiety & intrusive thoughts & impulses & self rated dysphoria, college students, 32889
homosexual erotomania, 22–23 yr old females, case reports, 26060
issues & problems in analytical approach, heavily defended obsessional thought patterns, male 28 yr old with travel phobia & 26 yr old with sexual problems, 40624
maintenance & development of crossgenerational coalition organized around exclusivity, obsessions & phobic responses & interventions, couples, 16462
obsessions about having AIDS as expression of conflict or self punishment, low risk heterosexual depressed 20–34 yr olds, case reports, 8560
perceptions of obsessive beliefs, response to clomipramine & live exposure, 18–60 yr olds with compulsive rituals, 19704
previously untranslated lecture by Freud on mechanisms of obsessional ideas & phobias, 33184
processes of self control, overcoming compulsions & addictions & resisting temptations, implications for treatment, 37434
Obsessive Compulsive Disorder [See Obsessive Compulsive Neurosis]
Obsessive Compulsive Neurosis
age & ethnicity & sex & marital & employment status & comorbidity, prevalence of obsessive compulsive disorder, adult community residents, 19140
anxiety provoking vs novel verbal stimuli, short latency cardiac & electrodermal responses, 18–45 yr old obsessional patients with cognitive rituals, 33040
apotrepic therapy, 42 yr old male with obsessive compulsive disorder, 26910
assessment of dimension of panic independent of general anxiety, patients with anxiety or obsessive compulsive disorder, 33015
behavior & drug therapies & psychosurgery, patients with obsessive compulsive disorder, 2220
behavioral exposure, obsessive compulsive symptoms, patients with agoraphobia with panic attacks, 6074
behavioral psychology vs general psychiatry, conception & treatment of obsessive compulsive disorder, 40550
behavioral treatment of obsessive compulsive disorder, children, literature review, 12820
benzodiazepine withdrawal, obsessive compulsive disorder, 32 yr old female, case report, 16555
biographical reassessment in psychoanalysis, hysterical & obsessive patients, conference presentation, 37320
biological abnormalities, patients with obsessive compulsive disorder, 19143
biological aspects of anxiety & panic & obsessive compulsive disorders, literature review, 26203
brief auditory tones vs ritual evoking object, habituation of skin conductance & arousal & anxiety, patients with obsessive compulsive ritualization, 5264
brief vs prolonged neutral vs aversive stimuli, urinary cortisol & subjective anxiety, obsessive compulsive adult ritualizers, 5242
buspirone, obsessive compulsive disorder, adult patients, implications for serotonergic etiology, 9529
buspirone, obsessive compulsive disorder, 35 yr old male with fear of pesticides, case report, 16653
cerebral glucose metabolic rates, nondepressed 23–61 yr olds with obsessive compulsive disorder, 15626
characteristics & clinical symptoms, children & adolescents with obsessive compulsive disorder, 29657
childhood parental death or separation or divorce, development of agoraphobia or other phobias or panic or anxiety or obsessive compulsive disorder, 18–65 yr olds & older, 40190
client biography & story of biblical Samson, adult male with obsessive behavioral disorder in psychotherapy, 40632
clinical features & phenomenological heterogeneity of obsessive compulsive disorder, 29623
clomipramine & anti-exposure vs self exposure vs therapist aided exposure, obsessive compulsive rituals, obsessive compulsive disorder patients, 9285
clomipramine & self &/vs therapist aided exposure therapy, mood & ritual behavior, 18–60 yr old obsessive compulsive ritualizers, 2 yr followup, 23126
clomipramine dosage & exposure therapy, plasma level & side effects & outcome, patients with obsessive compulsive ritualization, 9274
clomipramine, nondepressed patients with obsessive compulsive disorder, 30427
clomipramine or fluoxetine, self mutilation, 29 yr old male & 20 yr old female with obsessive compulsive disorder, case reports, 2520
combined cognitive behavioral & insight oriented psychotherapy, 11 yr old male with recent onset obsessive compulsive disorder, case report, 12 & 18 mo followups, 5997
comorbidity of obsessive compulsive disorder, patients with diagnosis of alcohol dependence or abuse, 36828
daseinsanalytic interpretation of dreams in psychoanalysis, 26 yr old male with compulsive personality & neurotic sexual inhibition & writer's cramps, case report, couference presentation, 12640
demographic & clinical characteristics, patients with obsessive compulsive vs depressive vs manic depressive disorder vs anxiety neurosis, 19107
demographic & psychological variables, treatment success, obsessive compulsive neurotic patients, Netherlands, 9268
diagnosis & combined behavioral & clomipramine treatment, obsessive compulsive disorder, 5369
discontinuation of clomipramine, return of symptoms, obsessive compulsive patients, 16612
disorder duration & biographical data & family & social context, patients with obsessive compulsive disorder in support group, Australia, 26089
drug therapy & psychological treatments, agoraphobia & panic & obsessive compulsive disorders, literature review, 26719
DST as marker for depression, obsessive compulsive outpatients, 29520
E. Fromm's view on neurosis expressed as writer's cramp, 26 yr old male, commentary, conference presentation, 12708
EEG hemispheric patterns, patients with obsessive compulsive disorder vs schizophrenia, 8565
epidemiology of obsessive compulsive disorder, 9th–12th graders, 22539
evidence for biological components to obsessive compulsive disorder, 29557
evidence for frontal lobe dysfunction, obsessive compulsive disorder, literature review, 11990
exposure & habituation training, 22–32 yr olds with obsessional ruminations-590 14, 26917
exposure & response prevention, adults with obsessive compulsive neurosis, 9449

extinction procedure, reassurance seeking behavior, 11 yr old male with obsessive compulsive disorder, case report, 23325
fluoxetine, patients with obsessive compulsive disorder, 37515
fluoxetine vs flooding & response prevention, frequency & duration of obsessional thoughts & rituals, obsessive compulsive patients, 19726
fluoxetine, 21–49 yr old treatment resistant outpatients with obsessive compulsive disorder, 12–20 mo study, 30438
fluvoxamine, obsessive compulsive disorder, 30447
fluvoxamine, patients with obsessive compulsive disorder with vs without concurrent major depression, 19950
focal striatal abnormalities, 24 yr old male with obsessive compulsive disorder, case report, 29672
form & content of obsessions, outpatients with obsessive compulsive neurosis, India, 15706
functions & common role of perceived resistance & restraint, patients with bulimia vs obsessive compulsive disorder vs problem drinking & abstinence violation effect, 40033
high vs low alexithymia, electrodermal activity, patients with anxiety or phobias or obsessional disorders, 8698
home based massed vs spaced & therapist vs self controlled exposure, obsessive compulsive 17–68 yr olds, 19886
in vivo exposure & clomipramine & psychotherapy, hospitalized adolescents with obsessive compulsive disorder, 23633
incidence of positive & negative life events in year prior to onset, patients with obsessive compulsive disorder, India, 26110
interpersonal object relations in psychoanalysis, neurosis expressed as writer's cramp, 26 yr old male, commentary, conference presentation, 12652
intraoperative electrical stimulation of brain, patients with obsessive compulsive neurosis, 16730
lateral middle latency auditory & visual EPs, patients with obsessive compulsive disorder, 36624
lithium augmentation of clomipramine, treatment resistant 25 yr old male with depressive & obsessive & panic symptoms, case report, 23378
m-chlorophenylpiperazine vs fenfluramine vs clonidine, exacerbation of symptoms, 19–46 yr old obsessive compulsive male patients, conference presentation, 2481
major depression in DST nonsuppressor status, 15–66 yr old patients with obsessive compulsive disorder, 19249
mean cortical gray matter & regional cerebral metabolic rates for glucose, adults with childhood onset obsessive compulsive disorder, 36702
metergoline after clomipramine treatment, 25–60 yr olds with obsessive compulsive disorder, 19927
mood dependent obsessive compulsive disorder, 62 yr old male with bipolar affective disorder, case report, implications for role of serotonergic system, 1597
neuropsychological performance, patients with obsessive compulsive disorder vs schizophrenia, 29500
noncompliance with exposure therapy & homework practice, 27 yr old female with persistent obsessive compulsive rituals, case report, 26882
norms for Leyton Obsessional Inventory used in epidemiological study, assessment of obsessive compulsive symptoms, 9th–12th graders, 21065
obsessive compulsive disorder & symptoms, 8–13 yr olds with Tourette's disorder, 5653
obsessive compulsive disorder, children vs adults, 33087
obsessive compulsive neurosis, 26 yr old male with head injury, case report, 26476
obsessive compulsive symptoms, female 31 yr old with multiple sclerosis, case report, 33527
outcome, 12.5–18.4 yr olds with obsessive compulsive disorder, England, 10 yr followup, 40062
parental rearing practices, development of obsessive compulsive neurosis, Greek & Italian & Anglo Australian college students, Australia, conference presentation, 22529
perceptions of obsessive beliefs, response to clomipramine & live exposure, 18–60 yr olds with compulsive rituals, 19704
personality traits & disorders, adults with primary obsessive compulsive disorder vs major depression, 5232
physical growth rate, 9th–12th grade males with obsessive compulsive disorder, 29547
portable computer program, behavioral treatment of obsessive compulsive disorder, 58 yr old female, case report, 23313
predictors of long term outcome, adults with obsessive compulsive disorder, England, followup, conference presentation, 40069
pregnancy induced depression & exacerbation of fear of rat germs & ritualistic cleansing, 26 yr old female with obsessive compulsive disorder, case report, 1559
preparedness ratings & severity & age of onset of fear & treatment outcome, 16–77 yr old obsessional or phobic patients, 15741
prevalence of obsessive compulsive symptoms, 6–15 yr olds at onset of Sydenham's chorea vs 7–15 yr olds at onset of rheumatic fever, 23058
prevalence of ritual based forms of obsessive compulsive disorder, adults, 8611
pseudocholinesterase levels & anxiety & depression, patients with obsessive compulsive disorder, 29485
psychoanalytic & behaviors & multigenerational & structural/strategic systems theories of psychotherapy, married couple with husband with penile obsession & hypersexuality, 37297
psychoanalytic technique & countertransference in Freud's analysis of Rat Man, 19768
rating scales for evaluation of obsessive compulsive disorder symptoms, 29570
regional cerebral glucose metabolism during auditory discrimination, nondepressed patients with obsessive compulsive disorder, 36667
relaxation or imaginal flooding or in vivo exposure, anxiety & physiological arousal & regional cerebral blood flow, obsessive compulsive 23–47 yr olds, 36720
routine medical examination as trigger for obsessive compulsive disorder, female in mid 20s with guilt from 3 previous abortions, case report, 33124
self inflicted left frontal lobe damage, 19 yr old obsessive male, case report, 1709
serotonin reuptake inhibitors, treatment of obsessive compulsive disorder, literature review, 12871
serum vitamin B12 & folic acid, patients with obsessive compulsive disorder vs chronic schizophrenia, implications for pathophysiology, 15697
severe temporal lobe injury, onset of obsessive compulsive disorder, 17 yr old male, case report, 22563
sex & demographic & clinical severity & psychophysiologic variables, prediction of outcome with chlomipramine & exposure therapy, 18–60 yr old obsessive compulsive patients, 23089
sexual history & attitudes & functioning, obsessive compulsive 19–52 yr olds, 40101
sleep deprivation &/or methylphenidate, mood & behavior ratings, adults with obsessive compulsive disorder, conference presentation, 9303
social adjustment, adults with obsessive compulsive disorder, India, 15707
spatial ability & cognitive set shifting, 21–53 yr olds with obsessive compulsive disorder, England, 36603
stereotypies & compulsive & repetitive behaviors, mild to profoundly mentally retarded 11–62 yr olds, 29824
stimulus control & self punishment & rewards, severity & duration of obsessive compulsive behavior, adults, 2418
theory & practice of behavior therapy for obsessive compulsive disorder, 9455
therapeutic relationship, prediction of treatment outcome, patients with obsessive compulsive neurosis, 33800
thyroid functioning, patients with obsessive compulsive vs depressive disorder, 22566
total sleep deprivation, obsessive compulsive patients, 9273
trazodone & L-tryptophan, 15–63 yr olds with obsessive compulsive disorder, 26983
trimipramine, neuroleptic malignant syndrome with polydipsia, female 47 yr old with obsessive compulsive disorder & major depression, case report, 37525

verapamil or nifedipine, 17 yr old female & 48 yr old male with obsessive compulsive disorder, case report, 16562
volume & symmetry of caudate nucleus & other brain structures assessed using quantitative X-ray computed tomography, male 17–24 yr olds with severe obsessive compulsive disorder, 5715
5-HT reuptake inhibitors, obsessive compulsive disorder, conference presentation, 20026
Obsessive Compulsive Personality
obsessive compulsive component, rehabilitation, criminals, 2972
obsessive compulsive disorder & symptoms, 8–13 yr olds with Tourette's disorder, 5653
Obsessive Neurosis [See Obsessive Compulsive Neurosis]
Obstetrical Complications
birth complications & disrupted sleep patterns in infancy, subsequent sleep difficulties in adulthood, college students, 29895
birth complications & size of brain limbic structures, families with at least 2 schizophrenic siblings, 15662
family history & obstetrical complications & neonatal health & increased cerebral ventricular size in infancy & adulthood, schizophrenic 16–49 yr olds, conference presentation, 1641
high risk pregnancy, perceptions of their 3 mo old & social support, mothers, 18797
history of obstetric complications & tomographic evidence of neuropathology, schizophrenic 16–50 yr olds, England, 12036
home environment, cognitive & social & emotional development, 4.9–5.7 yr olds born with medical complications, longitudinal study, 12414
hypnotic relaxation to induce labor, females with postterm pregnancies, Israel, 2576
life stress & social support & anxiety & substance use, pregnancy outcomes & complications, Hispanic vs Black vs White low income 18–39 yr old females, 40475
medical complications & length of hospitalization, intellectual & communication & motor development, low birth weight infants, 12980
obstetric history, child behavior measured by mother's perceptions vs professional rating scales, 17–43 yr old mothers & their neonates, 36297
obstetrical records for psychoeducational evaluation, autistic 2–16.4 yr olds vs nonautistic 2.8–13 yr olds, 1974–86, 17316
obstetrical suboptimality, 6–13 yr olds with autism, 1564
perinatal asphyxia & intrapartum obstetric care, chronic neurodevelopmental handicaps, 20075
perinatal complications & adverse early conditions, physical & cognitive & psychosocial development & likelihood of crime & divorce & coping strategies in later life, infants, 30 yr study, Hawaii, 8859
perinatal complications, low vs middle SES preschoolers, 19517
pregnancy or birth complications & cerebral ventricular enlargement, etiology of schizophrenia, 11968
prenatal exposure to medroxyprogesterone acetate vs synthetic progestogens &/vs estrogens vs pregnancy complications, sex dimorphic play behavior, 8–14 yr old males vs females, 19574
prenatal stress & pregnancy complications, child's handedness, mothers & their 2 yr old children, 23044
psychopathology & life events & attitudes toward pregnancy, females with postterm pregnancies, Israel, 2086
self report vs hospital chart recording of perinatal complications, prediction of 1 vs 5 min Apgar Composite scores, 15–36 yr old mothers & their newborns, 5654
sex, motor performance & shyness & disobedience, 6 yr olds born of risk pregnancies or deliveries, conference presentation, 5807
state & trait anxiety at 3rd vs 6th vs 9th mo of pregnancy vs postdelivery & social support & coping, obstetrical birth complications, 17–40 yr old pregnant females, Italy, 33626
stress, family functioning, high risk hospitalized vs low risk pregnant females & their partners, 19573
structural brain damage & obstetric complications, schizophrenic inpatients with vs without family history of disorder, 15749
type & frequency & duration of leisure physical activity during 1st 20 wks of pregnancy, risk of hypertension, adult females with pre-eclampsia or gestational diabetes, 40457
validity & reliability of self vs hospital reports of pregnancy complications, mothers, 23536
Obstetrics [See Also Midwifery]
AIDS education workshop, knowledge & attitudes & anxieties in relation to AIDS in obstetrics, health care workers on obstetrics/gynecology teams, 27455
development & audit of psychiatric obstetric liaison service, outpatients, UK, 34235
interview schedules & self rated scales, measurement of depression, obstetric & gynecological patients, 6238
participation in experiment assessing effects of access & holding own obstetric records, feelings of involvement, females, 30579
psychiatric consultation liaison services to hospital obstetrics & gynecology department, Canada, 13156
Obturator Nerve [See Spinal Nerves]
Occipital Lobe [See Also Visual Cortex]
amnestic color blindness as sensory aphasia for color names, 50 yr old male with possible left occipital lobe damage, 40385
anodal vs cathodal polarization of occipital vs frontal cortex, flash brightness discrimination, adults, 17774
cross modality transfer training using noise cues, recovery of preoperatively learned avoidance task using light cues, male rats with bilateral occipital lesions, 14784
detection of stationary flashing & moving luminance gratings, 33 yr old female with left occipital lobe removed because of arteriovenous malformation, 37098
flash brightness discrimination, errors & time course of slow electrical activity in occipital vs frontal lobe, adults, 18104
lack of vision & occipital lobectomy & head rotation, nystagmus & vestibular compensation following unilateral labyrinthectomy, juvenile rhesus monkeys, 733
neuronal RNA in frontal & occipital areas, postmortem patients with Pick's vs Alzheimer's disease, 29913
pure alexia without hemianopia or color anomia, male 69 yr old with occipital lobe hematoma, case report, 26557
visual fixation & attention & saccadic eye movements during visual pursuit, monkeys with parietooccipital cortex lesions, 25173
Occultism
assessment & intervention, 15 yr old males involved in satanism, 23161
diagnosis & belief in medical vs psychosocial vs supernatural cause of illness, psychiatric outpatients, Nigeria, 19135
mystical & diabolical experience & absorption & hypnotizability & psychopathology, 17–66 yr old female college students, Canada, 4814
prevalence of preoccupation with satanism & impairment in social adjustment, adolescent psychiatric patients, Canada, 8556
santeria religious system belief in spirit possession, diagnosis & treatment, mentally ill Cuban American 32–70 yr olds, 19044
variation in behavior, psychics, 5 yr study, 24504
Occupation (Parental) [See Parental Occupation]
Occupational Adjustment
age of onset, psychopathology & socio-occupational readjustment, 15–45 yr old patients with paranoid schizophrenia, Romania, 3 yr followup, 15759
apprenticeship, transition from school to work, adolescents, US & West Germany, 38089
career guidance, transition to occupational world, high school students, 24270
career relevant internship, subsequent vocational self concept & work values & job satisfaction & performance & employability, college students, longitudinal study, 3366
changes in self care & home management & work & leisure occupational role performance, 18–55 yr olds with severe burn injuries in occupational therapy, 1 yr followup, 27260

consideration of adjustment problems to military life & personality traits, diagnosis & treatment of traumatic reflex sympathetic dystrophy, 20–23 yr old Army personnel, 19530
decentralization of psychiatric services, role response, psychiatric nurses, Italy, 13438
demographic & motivational factors, adaptation to military life, Air Force personnel, implications for recruiting practices, 13953
depression & attitudes about eating & patients & job satisfaction, primary care nurses in eating disorders program, 13 mo study, 3050
development & implementation & expansion of Vocational Evaluation Upgrade Program, 13228
drug use, transition from school to work & subsequent occupational achievement, 10th–11th graders, 1971–72, 8 & 12 yr followup, 22801
effective communication with & understanding of deaf blind clients, vocational evaluators & work adjustment specialists, implications for inservice training, 13215
expectations regarding 1st job, college graduates, implications for college level career counseling, 17308
factors in work adjustment & facilitation of client directed vocational planning, head injured adults, 13216
holistic cognitive & interpersonal & vocational neuropsychological rehabilitation program, employment & vocational adjustment, head injured 18–55 yr olds, 3 yr followup, 9832
home & social & emotional & health & occupational adjustment, 25–35 yr olds with orthopedic handicaps, 37073
imipramine vs placebo, social & vocational impairment, adults with chronic depression, 2491
interagency agreements in vocational education programs, transition from school to work, handicapped youth, 17245
major depression & antisocial personality & familial alcoholism & treatment history & onset, severity of alcohol dependence & social & occupational problems, alcoholic 20–59 yr olds, 22796
personal adjustment & long term survival, adults with spinal cord injury, 11 yr followup, implications for psychological rehabilitation, 2041
professional socialization, social work vs social science students, Israel, 1 yr followup, applications of marginal man theory, 27408
program evaluation of intensive work adjustment program utilizing operant conditioning, skill development, disabled clients, 16909
Project Network, interagency collaboration in transition to employment with school based vocational training & job placement & on the job training, disabled adolescents & adults, 23710
social & vocational problems, learning disabled adults, literature review, 26407
support from parents & family, transition from school to work, special needs students, 34774
theory of work adjustment & pattern of reinforcers of homemaker occupation & psychological needs & job satisfaction, married females, 25756
type & perceived cause of applicant's disability, predicted work adjustment, business administration college students, implications for employer bias, 16034
vocational & social reintegration, maintenance of abstinence, alcohol rehabilitation clients, 18 mo followup, conference presentation, 20319
vocational & transition oriented services, 7th–12th grade special education students, 24144
vocational appraisal as integral component of supported employment, 41035
vocational rehabilitation & family orientation to school to employment transition, visually handicapped students in residential rehabilitation center & their parents, 2877
vocational training & employment & continuing education & adjustment to work & community living, mentally handicapped young adults, Canada, followup study, 34372

Occupational Aspirations

academic ability & sex & SES & race, development of career preferences, 11 yr olds followed through age 17, 36141
academic identity & race, formation of educational & occupational aspirations, male vs female White vs Black high school students, 8077
career aspirations, married vs divorced vs single female reentry college students, 13583
career development & attitudes & family characteristics, willingness to accept mobility opportunities, adult employees, 6872
career orientations, satisfaction & well being & occupational stress, police officers, Canada, 10384
course selections during summer intervention program & career plans, talented minority 10th & 11th graders considering careers in medicine, 31099
current & past experiences of work & work alternatives & aspirations & needs, 16–25 yr olds with impairments & disabilities, 8512
desire for international career, graduating MBAs from domestic vs international programs, US vs Canada vs France, 24074
developmental vs historical effects, longitudinal differences in career development & aspirations, female college students, 1968 & 1981 & 1983, 41398
educational & occupational expectations, legally blind vs sighted 9th–13th graders, Canada, 10179
evolution of preference for social occupations, lower SES Black 14–17 yr olds, 25621
family social status & parental achievement orientation, cognitive performance & perceived family environment & educational & occupational aspirations, 11 yr olds, Australia, 5 yr followup, 11412
future aspirations & vocational goals & attitudes toward marriage & recreation, blind & partially sighted 16–18 yr olds, 26659
individual & family & psychosocial & educational factors, plans for professional career, Black high school students graduating in 1972, 7 yr study, 36118
introversion & intraversion & anxiousness & adjustment, ability & aspirations, 12 yr olds, Australia, 8129
job & personal characteristics, attractiveness of & interest in sacrifice for promotion, federal agency employees & 1st line supervisors, 17382
life & career satisfaction & goals & emotional support & career decision making style, married vs separated or divorced females over 25 yrs old with vs without children, 6930
locus of control, summer work aspirations & expectations & information preferences, college students, 13568
marriage & childbearing & career & work & family role expectations, 18–25 yr old unmarried college students, 22166
masculine & feminine & androgynous self perceptions, changes in occupational interests & competencies & preferences, gifted & talented females assessed in 10th & 11th grades, counseling implications, 27695
motivations for career as pnysician, Black vs White high achieving high school students, 41307
perception of possibilities for attainment of work values, importance of work, high school & college students & adult workers, Yugoslavia, 27846
performance & social self esteem, career aspirations, Black college females, 1300
personality types & career aspirations, medical vs dental students, 17011
physical attractiveness & sex role characteristics, perceived aspiration & likelihood of success for male vs female target in occupations varying in prestige & sex role orientation, college students, 41397
positive & negative personal work goals, taxonomy of work outcomes, adult employees, implications for organizational behavior theory, 41473
predictive validity of Bem Sex Role Inventory in terms of gender role, career plans & life orientations, male vs female college students, Canada, 7173

self concept & esteem, vocational self estimates, Cree & Salteaux Indian high school students, Canada, implications for vocational guidance, 27787
SES & grades & age & sex role attitudes & marriage/family commitment, career commitment & occupational & educational aspirations & vocational certainty, female 8th–12th graders, Canada, 22028
sex & age & locus of control, career aspirations & expectations agreement in occupational field, 8th–12th graders, Canada, 10160
sex & race & class, personal & occupational aspirations, junior high school students, 7 yr study, 17217
sex, occupational aspirations, 9th vs 12th graders, Finland, 1111
sex role orientation & maternal employment status & occupational & self esteem & work & family intentions, male vs female college students, 18842
social status & family environment, educational & occupational aspirations & attainments, students surveyed at 11 & 16 & 21 yrs old, Australia, 6736
structured conceptualization method using California Q-Set data, adult females with focused vs unfocused career goals in university reentry program, 28069
vocational aspirations, graduate students in counseling psychology, 13328
vocational barriers, male vs female Black 14–17 yr olds of lower SES, 8137

Occupational Attitudes

acquisition & integration of professional values, 20–45 yr old occupational therapy students & faculty & staff, 20352
attitudes about careers & music & retirement, 57–90 yr old retired symphony orchestra musicians, 22105
attitudes about stereotypically feminine vs masculine occupations encountered in real life vs on TV, 5th–6th graders, 1146
attitudes toward career & family choices, females training part time for medical professions, 13399
attitudes toward performance standards, staff social workers vs supervisors, 17041
attitudes toward sex typed & gender neutral occupations, 5th vs 8th vs 11th grade males vs females, 22019
bias in evaluation of sex stereotyped vs neutral jobs, college students, 3356
career length & role stress, attitudes toward function of incarceration, deputies in county jails, 17005
career orientation, psychological burnout & work outcomes, teachers & school administrators, 23929
career relevant internship, subsequent vocational self concept & work values & job satisfaction & performance & employability, college students, longitudinal study, 3366
computerized fuzzy graphic rating scale using semantic differential, individual differences in imprecise ratings of occupation prestige & sex type, 18–45 yr olds, 10549
current & pre-employment job expectations, burnout, state agency rehabilitation counselors, 9929
direct &/vs indirect measures of job factor utilities, prediction of job choice behavior, college students, 31552
disputant & situational characteristics, perceived likelihood of successful conflict negotiation, labor relations vs nonlabor mediators & arbitrators, 17369
expectations about job related difficulties, preservice teachers, implications for teacher education, 6668
factors affecting decision to remain in police work, female police officers, 24399
formal questionnaires vs semistructured discussion, assessment of job attitudes, personnel, implications for job redesign, 3446
gender, expectations of starting salaries & perceptions of equity in pay, college business students, 10337
graduation yr & level of work experience & monetary incentives & multiple mailouts, response patterns on mailed survey about professional issues, former college students, 3351
importance of specific characteristics of entry level broadcasting positions, college students in broadcasting classes vs station managers, 1978 vs 1983, 20545
job change characteristics, perceived career change & attitudes toward new job, 27–47 yr old unemployed professionals, 38346
job knowledge, reliability of conceptual similarity schema for job dimensions, college students, 34865
mass media exposure & social participation & village development level, attitudes toward change, farmers, India, 20740
meaning & measurement of occupational image, nurses, 37964
mood state vs job appraisal, organizational citizenship behavior, hospital employees, 20392
need for educational & professional practices designed to create positive attitudes toward clinical research, occupational therapists, 9989
occupational attitude changes, dentists evaluated before vs during dental school vs 8 yrs after graduation, Israel, longitudinal study, 20356
occupational status & prestige distributions based on differences in standard deviations vs means, male vs female employees or housewives, 10339
occupational values, male vs female college students, sex role implications, 41395
perceived importance of various instructional & performance technology competencies, members of National Society for Perfomance & Instruction, 17349
perceived importance of various occupations, 15.2–18.4 yr olds with vs without learning disabilities, 19442
perceptions of characteristics of successful consultants, management vs academic consultants, 20802
perceptions of primary activities of parents & own interests & abilities & family dynamics, attitudes toward career & family, 4.5–5.5 yr olds, 4724
perspectives on history & current status of & influence of US on development of field, francophone vs anglophone community psychologists, Canada, 13067
primary organizational identification & perceived organizational climate, general vs special education high school teachers, 13451
psychiatric clerkship, interest in & perception of clinical psychiatry, 3rd yr medical students, Canada, 23829
reactions to occupational physical danger, police patrol officers vs investigators vs clerical/support workers, 24379
self efficacy & assertiveness, willingness to engage in traditional vs nontraditional occupations, female college students, 6871
SES & age related experience, work values & paths of occupational mobility, 9th & 12th grade & college students & adults, Israel, 27840
sex & performance & gender linked occupation, sex role stereotyping, college students, 18841
sex, self disclosure toward vocations, 12–18 yr olds, India, 4741
social background & sentencing objectives, sentencing behavior, magistrates, England, 15338
social work values & attitudes toward working in private sector EAPs, male vs female Black vs White college vs graduate social work students, 41114
stereotyped personality correlates of occupational roles, 15–71 yr olds, 22035
teaching level & rural vs urban school location, attitudes toward teaching as profession, public school teachers, 13465
teaching related anxiety & attitudes & concerns & confidence, education students assessed at outset of training vs prior to vs following student teaching experience, longitudinal study, 3089
TV distortion of social reality, perceptions about sex stereotyping of occupations, high school & college students & rail commuters, 6869

Occupational Choice

ability & attitudes & motivation, career intention, Army recruits, 6968
anxiety & inadequate identity formation, career indecision, implications for career counseling, 24304

aspects & consequences of specialization & despecialization in discipline of psychology, 41142
aspiration level & value preferences, occupational decisions, rural vs urban vs non-Gujarati secondary & college teachers, India, 13462
attitudes toward career in psychiatry, residents, 13315
Cardiff Women's Training Roadshow in nontraditional careers, occupational stereotypes & choice, 12–18 yr old females, implications for career guidance, Wales, 38301
career choice & cognitive style & personality, foreign language learning strategies, male vs female adult language students, 17885
career choice & learning style, residents, 13350
career exploration & beliefs, vocational choice commitment, college students, 31337
career indecision & locus of control, college & graduate students & college graduates, 34857
career indecision & trait anxiety & identity confusion, adult children of alcoholics, 12267
career maturity & scholastic aptitude & ability to make career choices for self vs others, Black vs White male vs female 9th graders, 17241
career reevaluation & counseling, 29 yr old White male, 34861
causal attributions & success expectancies & sex, level of persistence in premed programs, college students, 27643
client motivation, career certainty, college students, implications for school counseling, 41364
cognitive structure, vocational behavior, application of G. Kelly's personal construct theory, 17337
cognitive style & vocational orientation in framework of Holland's theory of career choice & Witkin's theory of psychological differentiation, 10th–12th graders & college students, Canada vs Pakistan, 21995
computer assisted career guidance system, career indecision, 19–55 yr old physically disabled college students, 31236
consistency of J. L. Holland's individual interest & chosen occupational environment codes & persistence in college major, college students, 34686
construct type & sex role socialization, sex differences in vocational structure, college students, 31343
counseling approaches using identity development model, career indecision, 13764
demographic variables & sex role identity & attitudes & locus of control & achievement orientation & career choice reasons, female 17–25 yr old secretarial vs management students, Canada, 41405
demographics & values, choice of administrative vs clinical role, occupational therapists, 20344
direct &/vs indirect measures of job factor utilities, prediction of job choice behavior, college students, 31552
factor structure & construct validity of Career Decision Scale & My Vocational Situation & Vocational Rating Scales & Decisional Rating Scale, college students, 17648
factors affecting decision to remain in police work, female police officers, 24399
factors affecting specialty choice in occupational therapy, 22–53 yr old graduates of occupational therapy schools, 37975
family background & motivational factors, career choice & nontraditional careers, high achieving female college students, 34681
fear of failure & career reevaluation & counseling, 29 yr old White male, commentary, 34863
flexible design & specialized interviewing & analytical experiments & consultative relationship recognition, evaluation of small & evolving health careers information program, 27843
H. Kohut's self psychology grandiosity & idealization concepts, career choice certainty & satisfaction, college freshmen, 13599
hostility & relation to choice of medical specialty, medical residents, India, 9956
importance of self assessment & career decision making skills during job hunting, employed & unemployed workers & college students & high school seniors, 3358
individual & family & psychosocial & educational factors, plans for professional career, Black high school students graduating in 1972, 7 yr study, 36118
information & skills necessary in career decision making and job hunting for high school & college students, high school & college counselors, 38271
low vs high ability, response to questionnaire on school activities & attitudes & motivation toward lessons & desirability of occupations, high school seniors, England, 18 mo followup, 31163
mathematics skills upon entering college & success in college & career choices, college freshmen, 6744
mental imagery research & intervention methods, career counseling & life planning, literature review, 20738
motivation for occupational choice & effect of family roles, psychotherapists, 13339
occupational burnout & career reevaluation & counseling, 29 yr old White male, commentary, 34856
occupational choice & gender role beliefs & background characteristics, work involvement plans, female college students in traditional vs nontraditional fields, 41401
parental & traditional factors, occupational preferences, high school seniors, Nigeria, 3219
performance & social self esteem, career aspirations, Black college females, 1300
personal illness experience, choice of specialty, medical students, England, 30875
personal values & birth order & addictive or compulsive behavior in family of origin, choice of helping career, social work vs business students, 9975
personal values, vocational choice, medical vs nursing vs psychology students, 6600
personality traits & motives, female college students pursuing traditionally vs nontraditionally feminine careers, India, 10336
personality type, selection of college major, female college students majoring in business or math/computer science or music or social work, 27651
psychiatric clerkship & psychiatry career choice, medical students, 30898
psychiatric clerkship, choice of psychiatry as career, medical students, 13411
psychological & social structure & behavioral influences, career development & choices, female college students studied again as college teachers vs nonteachers vs businesswomen, 1967–81, 31341
psychological well being & career decidedness, college students & recent graduates, 1 yr study, 34851
rejection of medical school application & cognitive ability, reapplication or alternative career choice & status, medical school applicants, Israel, 10 yr followup, 13391
role of family motivation & level of intelligence & creativity, interests, 16–19 yr olds, India, 8112
Self Directed Search vs Career Key, assessment of vocational choice & decision making, career undecided college students, 34858
self reported favored childhood games & toys & activities, male vs female college students in technical & engineering fields, implications for school counselors, 34853
SES & grades & age & sex role attitudes & marriage/family commitment, career commitment & occupational & educational aspirations & vocational certainty, female 8th–12th graders, Canada, 22028
sex & career choice & cognitive style & personality, language learning strategies, Foreign Service language students & instructors & professional language trainers, 32311
sex & SES, occupational choice, 12th graders, 31162
sex & sex role self concept, career decision making self efficacy, business students, 38333
sex & social psychological & sociological factors in occupational choice, magicians, 36355
sex, career choices, Anglo vs Hispanic vs other minority 4th–5th graders, 36131
status & interest area, compromise in vocational decision making, social work vs engineering college students, sup-

port for L. Gollfredson's model of vocational decision making, 20733
status attainment model for representation of discrete occupational titles using multidimensional continuum of shared perceptions, explication of occupational choice, high school students, 18689
stress & social phobia, specialty choices, medical students, 3036
student characteristics & psychiatric career selection, medical students, 30932
vocational choice & behavior & career development in organizations, 1987, erratum, 31345
vocational choice & behavior & career development in organizations, 1987, literature review, 10334
vocational interests & occupational choice satisfaction & selection of specialty in mid career, adults, Israel, 19 yr followup, 6870
vocational needs & occupational reinforcers, decision to seek future employment in residence life, student affairs graduate students in & supervisors of residence hall live in positions, 10150
work values & sex role orientation, occupational choice, female graduate counseling students, 38336

Occupational Exposure
age & smoking habits & exposure to organic solvents, olfactory function, painters, 24403
aircraft chemical hazards & first aid for exposure, military aeromedical personnel, 20928
cerebral blood flow measured at time of diagnosis vs 24–84 mo following cessation of exposure, 33–63 yr old males with organic solvent induced chronic toxic encephalopathy, 37042
chronic occupational exposure to ethylene oxide, memory & emotional lability & cognitive function & thermal & vibrating sense in distal limbs, 29 yr old female, case report, 9016
computer technology, incidence of repetitive strain injury of hands or arms, female office workers, Australia, 16128
dental office chemicals, neurophysiological dysfunctions, 26–57 yr old dentists & dental assistants, 34505
development of questionnaire, assessment of psychosocial disadvantages from occupational noise induced hearing loss, metal products factory workers & their families, implications for rehabilitation, 19553
evaluation of accident reduction program using Occupational Hazards Survey data, mill & foundry workers, implications for catastrophe theory model of accident process, 24279
exposure to hexavalent chromium vs silica dust vs polycythemia vera, personality traits, patients & workers, 11261
exposure to organic solvents, memory & manual dexterity & perceptual accuracy & vigilance & perceptual motor speed & subjective symptoms, male automobile painters, India, 38452
exposure to welding fumes & glare, perceptual accuracy & speed & vigilance & dexterity & memory & subjective symptoms, automobile welders, India, 20725
inorganic mercury vapor exposure, memory & perceptual motor performance & learning disabilities & subjective symptoms, 26–56 yr old male chlorine alkali workers, 23025
intoxication by accidental exposure to organic solvents, memory impairment, female employees of tennis ball factory, 10307
Lanthony D-15 color discrimination test, early identification of solvent neurotoxicity, printshop workers, 29875
long term low level exposure to mercury vapor, health effects, 26–56 yr old male chlorine-alkali workers, 38439
long term occupational exposure to organic solvents in paint thinner, memory & subjective symptoms, automobile painters, 3444
long term occupational solvent exposure, diffuse organic brain damage, painters, followup study, 27953
low level exposure to organic solvents, dementia & other neuropsychiatric disorders, workers, 27829
occupational exposure to lead vs mercury, neuropsychological change, adults, 10435
occupational exposure to noise & carbon disulfide, hearing loss & balance, 18–60 yr old rayon factory workers, Brazil, 41393
occupational exposure to organic solvent mixtures, neurobehavioral functioning & cognitive ability & cacosmia, male blue collar workers, 17413
occupational health risks, coping stratgies, 19–68 yr old steelworkers, 27915
occupational lead vs carbon disulphide vs organic solvent intoxication, neurobehavioral syndromes, 20–60 yr olds, conference presentation, 22943
occupational neurotoxin exposure, MMPI profiles, adults, 32925
office design & environment, discomfort & health & stress symptoms & vision & cyberphobia & radiation exposure, workers, implications for federal & state safety regulations, 13864
personal beliefs & social influences, cartridge respirator use, 20–67 yr old male construction spray painters, 10325
psychological effects of exposure to dangerous chemicals, firefighters, 38322
solvent exposure & presumed toxic encephalopathy, neuropsychological assessment originally indicating impairment, 25–62 yr old workers, data reanalysis, 24277
use of hospital site visits as part of occupational health instruction, medical students, Israel, 41107
utility of neurobehavioral tests, setting of limits for exposure to industrial solvents with neurotoxic properties, literature review, 5617
Wechsler Memory Scale, assessment of memory impairment due to solvent exposure, industrial painters, 12365

Occupational Guidance [See Also Mentor]
age & sex & labor market position, occupational commitment & mobility, adults, implications for vocational guidance, 38341
assessment of career structures evolving in organizations, career counseling implications, 24293
assessment of job hunter self information needs, counselors & human services personnel, 3355
attitudes toward pending military conscription before vs after army preparation program, 12th graders, Israel, 10298
Cardiff Women's Training Roadshow in nontraditional careers, occupational stereotypes & choice, 12–18 yr old females, implications for career guidance, Wales, 38301
career & leadership development program, female administrators in higher education, 20438
career counseling, executives, 24303
career counseling, females successful in careers they dislike, 20731
career counseling, 6th–9th graders, 24245
career development curriculum model, 18–65 yr old community college students, 24210
career guidance, transition to occupational world, high school students, 24270
career intervention, outcome, clients, meta analysis, 6873
career issues & guidance techniques, career counselors working with homosexual males, 27838
career planning course incorporating changing roles of females, college students, 20679
career planning resources & job search concerns, gay or lesbian clients, 13772
career reevaluation & counseling, 29 yr old White male, 34861
characteristics of participants in career change workshops, 18–60 yr old farm family members, 1987–88, 27839
client motivation, career certainty, college students, implications for school counseling, 41364
cognitive structuring intervention, computer assisted career guidance, adults, 17338
computer assisted career guidance system, career indecision, 19–55 yr old physically disabled college students, 31236
computer assisted Guidance Information System, career maturity, 14–19 yr old students, 38263
construct validity of My Vocational Situation, assessment of vocational identity, male vs female college students with

declared vs undeclared majors vs adults seeking career counseling, 113
Corporate Spouse Relocation Program in University Career Development & Placement department, career & educational counseling & employment support, spouses of prospective employees, 41402
counseling approaches using identity development model, career indecision, 13764
design & distribution & impact of career newsletters & developmental stages of career choice & concerns, college students, 31297
development & use of computerized career information delivery systems at state level, 10332
development of state & national occupational information systems, 1977–87, 10328

status differences among medical specialties & type of offense, severity of sanctions for deviant behavior of physicians, college student jurors, 41150
status hierarchy of professional roles, social psychologists, 34506
status inconsistencies between time in service & rank, attitudes toward racial separatism & job satisfaction, White male enlisted military personnel, 13949
stress during normal work day & after work vs work free home conditions, BP & catecholamine output, male vs female middle managers vs clerical workers, 6910
structural change in category of statuses, midde level managers in contemporary public corporation, 10371
successful career attainment, middle aged females, Israel vs US, 34860
task information vs job title, gender related perceptions of job & incumbent, college students, 38335
temporary assignment to office with higher vs lower vs same status coworkers, performance, adult insurance underwriters, equity theory implications, 13855
type & level of employment represented by J. L. Holland's typology, Hispanic males vs females 16 yrs old & older, 24356
type of work & employment, participation in health lifestyles & self rated health, adult males, 32831
use of marihuana &/or alcohol, occupational status & achievement & marital & parental status, baby boomers, 10 yr followup, 36905

Occupational Stress

activity during work & ambulatory heart rate measuring stress, prison officers, England, 31438
adaptation to shift work system, sleep disturbances, refinery & aluminum factory shift workers, 38427
advance computer automation for monitoring of complex production processes, stress & skill maintenance, supervisory personnel, 20796
alienation & sense of life purpose, 25–65 yr old male foresters working in marginally vs heavily polluted area, 13935
alienation as form of burnout in G. Dworkin's "Teacher Burnout in the Public Schools", commentary, 6667
amount of work & quality of interpersonal relations at school & home, prediction of stress during school year, teachers, 4 mo study, Finland, 30996
applicability of motivation research model to occupational stress studies, 13832
approach & avoidance coping strategies, organizational role stress & mental health, industrial supervisors, 13820
approach vs avoidance coping with role stress, anger expression, male assistant vs junior engineers, India, 38449
attentional demand &/vs error cost responsibility, psychological stress, electronics firm shopfloor employees, UK, 27952
autonomy & workload & number of hours worked & number of people worked for, stress outcomes, female secretaries & their supervisors, 10417
bank robberies, stress reactions & symptoms, bank employees, 1978–82, Sweden, 12149
belief in powerful others, work & primary relationship stress, employees, 13861
burnout & burnout correlates, wives vs husbands in dual career physician couples, Israel, 30912
burnout & drifting away into clinical or other areas of psychology, school psychologists, Israel, 30999
burnout & life satisfaction, physicians, 34514
burnout in caregivers, mental health & medical personnel, 34498
burnout in caregivers of terminally ill, medical & mental health personnel, 34512
burnout, licensed doctoral level psychologists, 13282
burnout, secondary school teacher coaches, 17121
burnout, teachers & high school students, implications for mental health & medical personnel, 34584
burnout variables, absenteeism due to illness & job turnover, nursing staff, Great Britain, 2 yr study, 27410
cardiovascular risk factors & psychosocial work characteristics, male surgeons vs general practitioners, Sweden, 13287
career length & role stress, attitudes toward function of incarceration, deputies in county jails, 17005
career orientation, psychological burnout & work outcomes, teachers & school administrators, 23929
career orientations, satisfaction & well being & occupational stress, police officers, Canada, 10384
career stage & ability to handle stress, emotional & physical & psychological stress, police personnel, 38420
career transitions & accompanying stresses, adult Wycliffe Bible Translator missionaries, 3353
causes & reduction of job stress & burnout, probation officers, 2963
causes of & strategies to prevent & cope with burnout, workers in children's agencies, 38014
causes of burnout & directions for research, athletes, 31497
characteristics & social support & other factors, stress & perception of competence & depression, home care providers for mentally retarded clients, 27144
chronic stress in cancer care including patient death, burnout & poor quality of care & coping strategies & support, health care professionals, literature review, 17030
cognitive factors, choices of coping strategies for home & career stress, female 25–40 yr olds, 41464
communicative responsiveness & empathy & emotional contagion, precursors of burnout, professional & support staff of psychiatric hospital, 20391
conceptual model using crisis theory & adaptive tasks in interpersonal context, coping with psychosocial stresses of oncology care, health care professionals, implications for social support, 27457
control & job stress, job satisfaction, nurses, Canada, 23871
coping behaviors, stress reduction, law enforcement personnel, 24373
coping strategies, stress, teachers, 10031
correlates & prediction of negative attitudes & phobia toward AIDS vs AIDS job stress vs contact with AIDS patients, hospital workers, 17066
correlates of work vs nonwork stress & satisfaction in adjustment to overseas environment, 19–56 yr old employees & Army & Air Force personnel living temporarily in foreign country, 17399
covariance & mean structure models, analysis of stress, primary & secondary school teachers, Finland, 1 yr study, 34576
current & pre-employment job expectations, burnout, state agency rehabilitation counselors, 9929

definition of burnout & use of Maslach Burnout Inventory in phase model of R. T. Golembiewski et al & comparison with M. P. Leiter's model, commentary, 27917
demographic & job related factors, burnout, 22–66 yr old music educators, 3079
demographic characteristics & work setting & case load & intent to leave profession, prediction of burnout, psychologists or social workers employed as psychotherapists, 23885
development & psychometric properties of self report psychosomatic complaints scale of stress, police officers, 17587
development & utility of questionnaire, assessment of psychosocial stressors in work environment, nurses, conference presentation, 7117
development of coping & monitoring strategies, stress & burnout & hardiness, teachers, 20444
development of work stress research, 1960 to present, Italy, literature review, 13849
diagnosis & assessment of PTSD & worker's compensation work, implications for forensic psychology, 33108
different hospital wards, occupational stress, nurses, New Zealand, 6592
distressing experiences & procedures & attitude change toward animals & euthanasia & ethical issues, graduating veterinary students, 34480
diurnal & personality traits & age & shiftwork experience & physical strength & fitness & social factors, shiftwork fatigue tolerance, 20–49 yr old female nurses & nursing aides, Finland, 27419
economic problems & status dilemmas & doctor patient relationship, occupational stress & high suicide rate, 26–60 yr old dentists, 23849
empathy & sex & profession, burnout, 23–80 yr old nurses or social workers or teachers, 41177
empathy, burnout, female master's level social workers, 37970
empirical model of occupational stress & mental health, nurse managers, England, 6590
empirical support for job burnout models of M. P. Leiter vs R. T. Golembiewski et al, commentary, 27933
exercise program, organizational attitudes & perceptions of job performance & stress & health & self esteem under shipboard conditions, male Navy & Marine Corps personnel, 3464
extraversion introversion & neuroticism & self consciousness, prediction of occupational stress & coping strategies, secondary school teachers, 34574
focus on burnout vs social support, development of programs promoting wellness at work, 3420
framework for worksite mental health promotion & stress management programs, 38407
functional social support, job stress & attitudes, police supervisors vs officers, implications for theory by S. Cohen & T. A. Wills, 27944
global self esteem & perceived interpersonal competence, organizational stress & job strain & satisfaction & performance & commitment & psychosomatic problems, adult male low level managers, 13835
guidelines for development of programs to facilitate adjustment to stressful organizational change, employees, 17395
hardiness, stress & health outcomes, employees, 24386
heart rate & catecholamine levels during shifts with vs without fire calls as indicators of work stress, male firefighters, Singapore, 6919
high vs low levels of behavioral control & high vs moderate work load, job satisfaction & anxiety & physiological arousal, college students, 38438
holistic & noncausal model of occupational stress & perceived supportive behaviors, nurses, 2981
holistic treatment, stress, middle & high school teachers, 30141
humor, workplace stress reduction & communication of management concerns & employee motivation, managers & leaders, 41452
identification of sources of stress & coping strategies in work setting, occupational therapists, literature review, Scotland, 9937
implementation & utilization of & attitudes toward worksite stress management programs, employee wellness, labor vs management vs employees, application of mind body techniques, 38412
individual & occupational & environmental factors, stress claims, employees, implications for prevention & health promotion programs in workplace, 34922
individual differences & work stress, psychological burnout, teachers, 27489
institutional treatment center environment, burnout, mental health personnel, 34546
interpersonal & intrapersonal & situational factors, burnout, professional & paraprofessional nurses, 9958
interpersonal environment & positive & negative contacts on job, burnout & organizational commitment, nurses & support staff in private hospital, 9972
interventions, burnout, personnel in helping professions, 1974–86, literature review, 16295
job & life social support, job & life stress & burnout, 18–70 yr old government employees, 20848
job burnout & perceived exploitation by inmates, juvenile correctional workers, 9909
job burnout & related physical symptoms, teachers, 3082
job demands & conditions & burnout, mental health personnel, 34501
job related stress & freshmen vs upperclass dormitory, level of burnout, male vs female resident assistants, 13449
job related stress, teachers, New Zealand, 31000
job related stresses, 26–54 yr old male police officers vs supervisors/foremen vs administrative officers vs college teachers vs bank managers, 24371
job satisfaction & burnout, quality of family life, social services employees & their spouses, 31451
job satisfaction & perceived health & stress, nurses in various departments of general vs psychiatric hospitals, Netherlands, 9970
job satisfaction, burnout, human services professionals, 6621
job strain & physiological state changes, employees, 17419
job stress & attrition & satisfaction factors, child care workers & agencies, 23857
job stress & burnout, professional employees of state facility for mentally retarded, 13305
job stress & burnout, volunteer advocates from women's shelters for battered females of domestic violence, 13385
job stress & coping measures, mental health & medical personnel, conference presentation, 34547
job stress & interdependency, menstrual cycle length & regularity & synchrony, female 22–47 yr olds who were vs were not cohabitating with sexual partner, 715
job stress & personality type, physical & psychological reactions, college administrators, Australia, 10026
job stress & time constraints & family strengths & structure & social networks, role evaluations, 21–63 yr old married police officers, 25717

work related stress, coping strategies & emotional & behavioral responses & career progress, 27–60 yr old female professionals, 6920
work role stressors, time & strain based work family conflict, 23–61 yr old male & female partners in 2 career relationships, 29217
work satisfaction & health & stress attitudes, psychiatric nurses in short vs long stay departments, Netherlands, 13363
work stress & role clarity & job satisfaction & challenge, prediction of burnout, elementary & secondary school teachers & principals, 30988
work stress, attitudes toward suicide attempters, emergency room vs emergency ward vs intensive care unit staff, Finland, 41159
working conditions & personal characteristics, depression & irritability & psychophysiological symptoms, male vs female postal workers, 6921
working experience & conditions & demographic & student characteristics, self reported stress, male vs female 21–53 yr old teachers, Nigeria, 41201
worksite relaxation vs stress management training vs education/support group, anxiety & depression & hostility & job satisfaction & work stress & BP, employees of high technology companies, 3439
worksite stress management, individual coping ability & organizational environment modification, implications for health promotion managers, 3410
worksite vs clinical mind body stress management programs, literature review, implications for cost, 38437
1 person operation, stressful outcomes, London Regional Transport train drivers, England, 3428
3 factor structure of Maslach Burnout Inventory, teachers & nurses, US vs New Zealand, 7110
3 phase workshop, self awareness & wellness contracts & burnout prevention, college resident assistants, 41375

Occupational Success

birthdate & participation & success in minor hockey, young hockey players, Canada, 10480
career counseling, females successful in careers they dislike, 20731
characteristics of vocational success, 17–68 yr old visually impaired vocational rehabilitation clients, 37873
construction & reliability & validity of Achievement Motivation Scale, measurement of needs for academic & vocational & social & skill achievement, male vs female high school students, 38664
demographic & family & cognitive variables & success criteria, prediction of career success & mobility & satisfaction, managers, 10360
drug use, transition from school to work & subsequent occupational achievement, 10th–11th graders, 1971–72, 8 & 12 yr followup, 22801
ethnocentrism in corporate culture, selection & training & success of international employees, human resource directors of multinational corporations, 41408
explanations & dimensions of occupational success vs derailment, senior managers, 6892
Machiavellianism & experience level, job satisfaction & success, department store executives, 13804
mentoring & collegial support systems & information adequacy & communication apprehension & faculty success, university professors, 30991
perceptions of characteristics of successful consultants, management vs academic consultants, 20802
predictors of prognosis of posthospital vocational achievement behavior, adult depressive & other psychiatric inpatients, 1 yr followup, implications for vocational rehabilitation, 6382
ratings of social behaviors related to employment success, supervisors of nonskilled workers, implications for handicapped employees, 40035
sex & job status, causal attributions for success & failure, college students, India, 32803
sex, evaluation of psychology curriculum & faculty & personal & occupational benefits of psychology major, graduates with BAs in psychology, 1973–83, 24017
sex of coach & team win-loss record, evaluation of & perferences for coach, female high school basketball players, 17242
sex, self perception of occupational efficacy, police officers, 31436
timing & contextual factors, mobile vs immobile managers, 3401
transference & resistance & oedipal or preoedipal issues in psychoanalysis, work inhibited patients, 16414
work characteristics & occupational achievement & Type A behavior, managerial & professional personnel, Australia, implications for coronary heart disease, 34920

Occupational Success Prediction

cognitive abilities vs job knowledge & work task proficiency, performance prediction in 6 job clusters, 27870
college GPA, adult achievement measured by job satisfaction & salary, college vs masters level business graduates, meta analysis, 27856
college GPA, predictor of job success, meta analysis, commentary, 38355
construct oriented approach to test validation in studying predictor criterion linkages in personality & cognitive ability measures, Navy recruiters & Army soldiers, 14158
correction for restriction in range & validity of Aptitude Index Battery, prediction of sales production, inexperienced life insurance sales persons, 10566
criterion related validity of pre-employment drug use information in prediction of job suitability, military inductees, 17458
"g" intelligence factor in employment screening tests, prediction of job performance & fairness & adverse impact issues, Black vs White applicants, conference presentation, 24316
graphology, occupational success prediction, graphologists & 19–27 yr old bank employees & successful professionals, Israel, commentary, 6878
personality & perception of physical ability & self concept & mood state, graduates vs dropouts of Navy Special Forces training program, 41522
physical attractiveness & sex role characteristics, perceived aspiration & likelihood of success for male vs female target in occupations varying in prestige & sex role orientation, college students, 41397
pre-employment screening with psychological tests & clinical interview, prediction of job performance, peace officers, 3 yr study, 31351
predictive validity of computerized Basic Attributes Test, assessment of psychomotor & cognitive & perceptual abilities for pilot training performance, Air Force officer candidates, 17569
predictive validity of Work Personality Profile, measurement of work role requirements, 18–50 yr old rehabilitation clients, 3 mo followup, 24572
secondary school behavior, predictability of career behaviors, Ss followed from high school to age 27 yrs, 34864
type & perceived cause of applicant's disability, predicted work adjustment, business administration college students, implications for employer bias, 16034
utility of Armed Services Vocational Aptitude Battery composite scores & subtests, job performance prediction, male vs female clerical personnel in US Marine Corps, 3459
validity of combined verbal ability & vocabulary tests, prediction of job performance & training success, state hospital psychiatric aides, implications for personnel selection, 7095
validity of competing managerial tasks instrument, prediction of capacity to deal with situations involving stress &

high information load, consultancy employees, Australia, 31674
Wide Range Intelligence & Personality Test vs WAIS-R scores, vocational outcome prediction in McCarron-Dial System, disabled 16–61 yr old rehabilitation clients, 16910
work-sample tests & assessment of trainability, meta analysis, 34878
16 preemployment psychological measures, prediction of termination within 5 yrs, 19–33 yr old public safety officers, 13780
Occupational Tenure [See Also Teacher Tenure]
age & tenure, communication inside & outside project groups, 26–65 yr old engineers or engineering managers, 34972
career entry vs involvement vs transition, social networks, male vs female 21–26 yr olds, 2 yr study, 31439
expectations & desire for power, unexpected powerlessness & emotional reactions & attitudes & work alienation, manufacturing employees with 0–2 yrs tenure, 27912
job tenure, job satisfaction, role perceptions & leadership behavior, sales personnel, 41460
supported work model of competitive employment, job placement & retention, 26 yr old male with traumatic brain injury, 9863
written work evaluations & relation to retention, mentally retarded 18–66 yr old employees, 19454
Occupational Therapists
alcoholism education, occupational therapists, 23750
analyses of ethical practice dilemmas, occupational therapists, 41026
aspects of good relationship to occupational therapy students, clinical supervisors, 2983
assessment of disability & prognosis of physiotherapy & occupational therapy inpatients, physiotherapists vs occupational therapists vs nurses, 20239
attitudes toward persons with disabilities, occupational therapy personnel, 40355
deinstitutionalization & role of occupational therapist & treatment model, chronic schizophrenic 34 yr old male & female, case reports, 37709
demographics & values, choice of administrative vs clinical role, occupational therapists, 20344
development of new movement patterns & accomplishment of daily living tasks, female occupational therapist with Meniere disease & vertigo treated with dietary salt restriction, 37021
direct service vs management, job satisfaction & work incentives & disincentives, occupational therapists, 13297
documentation & perceptions of occupational therapy treatment in home health care, occupational therapists, implications for recording only reimbursable treatments, 34354
effects of dying & death, physical & occupational therapists in hospice programs, 17058
employment in community mental health institutions, registered occupational therapists, 41145
historical review of role in psychiatry, occupational therapists, 2277
identification of sources of stress & coping strategies in work setting, occupational therapists, literature review, Scotland, 9937
improvement of management skills in preparation for management role, head occupational therapists, Scotland, 30874
need for educational & professional practices designed to create positive attitudes toward clinical research, occupational therapists, 9989
occupational burnout, 22–67 yr old occupational therapists, 27448
perceived autonomy & job satisfaction & work incentives & disincentives, occupational therapists, 20351
perceptual motor dysfunction, alcoholic patients, literature review, implications for role of occupational therapists, 40311
principles & strategies for managing change, occupational therapists, 41118
provisions of Mental Health Act affecting occupational therapists, 1983, England, 34461
role in community mental handicap teams, occupational therapists, 20130
role in day hospital & rehabilitative care program for elderly provided by interdisciplinary team using case manager approach, occupational therapists, 16918
role in field of alcohol abuse, occupational therapists, England & Wales, 23772
role in helping elderly adjust to age integrated vs segregated living, occupational therapists, 16916
role in treatment of peripheral vascular disease of lower limb, occupational therapists, 41052
role in work with mentally retarded clients, occupational therapists, 20231
role in working with parents of preschool age children with cerebral palsy, occupational therapists, 20238
screening test, evaluation of perceptual functions & deficits of brain damaged patients, occupational therapists, conference presentation, 19578
self instructional audiotape continuing education program on theory & research, knowledge & research related behaviors, occupational therapists, 6–9 mo followup, 34510
self perception & modes of operation, clinical supervisors of occupational therapy students, 23876
teaching ethical theories & principles, occupational therapy students, 41124
teaching of cognitive behavioral skills in group setting, occupational therapists, application with 34 yr old male with paranoid schizophrenia, 2879
technology & cost containment, ethical considerations in clinical decisions, occupational therapists, literature review, 41146
treatment & treatment related activities used during 1 working wk, occupational therapy staff, 37870
treatment issues in home based pediatrics, occupational therapists, 6243
Occupational Therapy
acquisition & integration of professional values, 20–45 yr old occupational therapy students & faculty & staff, 20352
adaptive positioning intervention in pediatric occupational therapy, premature infants, literature review, 37833
affect toward occupational therapy activities, 24–49 yr old chronic schizophrenic males, 13183
affective responses to occupational therapy activities, psychiatric inpatients, 30777
analysis of model of human occupation in psychosocial occupational therapy, adult & adolescent psychiatric patients, commentary reply, 6467
art of practice in occupational therapy, 37862
aspects of good relationship to occupational therapy students, clinical supervisors, 2983
attitudes toward occupational therapy activities on psychiatric unit, patients 15 yrs old & older, 2851
changes in self care & home management & work & leisure occupational role performance, 18–55 yr olds with severe burn injuries in occupational therapy, 1 yr followup, 27260
choice making, self care activity, 15–26 yr old trainable mentally retarded males, 13218
cognitive disability theory & human occupation model, assessment, 12–18 yr old psychiatric patients, Israel, 22463
community wellness program on sexuality & aging, sexuality as component of occupational behavior, 16914
computer aided program, supervision of occupational engagement, 7 & 17 yr old institutionalized severely mentally retarded males, 34308
computer aided system, unsupervised household & occupational locomotor activities, institutionalized low functioning blind 16.8–27.5 yr old females, 33969
computer enhanced EMG biofeedback, motivation & goal attainment in occupational therapy, orthopedic patients, England, 9838
conceptual framework & terminology & role of school based occupational therapy, 24185

concurrent validity of Assessment of Occupational Functioning & Occupational Case Analysis & Interview Rating Scale, chronic schizophrenic clients, 35100
cross cultural application, occupational therapy assessments of volitional & habituation occupation subsystems, 18–60 yr old psychiatric inpatients, Israel, 22462
current issues & change & future opportunity in occupational therapy, 13190
current status of sex education in occupational therapy curricula, university graduate & undergraduate program department chairs, 41147
daily occupational therapy, nutritive & nonnutritive sucking behaviors, high risk premature 3–35 wk olds, 34345
development & standardization of Bay Area Functional Performance Evaluation, assessment of general functional performance, patients in psychiatric occupational therapy, 31612
development of off unit activities program in state psychiatric center, long term patients with schizophrenia or affective or organic disorders, 37788
development of 2nd revision of Assessment of Occupational Functioning, 35205
directive treatment approaches & coping strategies & emotional development & defense mechanisms, occupational therapy & treatment of alcoholism, 23770
documentation & perceptions of occupational therapy treatment in home health care, occupational therapists, implications for recording only reimbursable treatments, 34354
E. E. Lawler's vs other motivation theories, model for guiding occupational therapy practice & research, 34353
establishment of group occupational therapy program in acute psychiatric admission ward, psychiatric inpatients, 6433
ethical decision making in occupational therapy, 41126
ethical principles of informed consent & patient autonomy in occupational therapy, 41031
evaluation & treatment, patients with unilateral neglect, literature review, implications for occupational therapy research, 40518
extended applicability of computer aided program for normal & supplemented supervision of occupational activities, deaf & low functioning 13.7–17.1 yr olds, 41033
factor analysis & structure of Interest Checklist, occupational assessment, 18–60 yr old psychiatric patients, Israel, 21042
factors affecting specialty choice in occupational therapy, 22–53 yr old graduates of occupational therapy schools, 37975
fieldwork education & clinical reasoning, occupational therapy students, 37969
frames of reference & models for occupational therapy, quality of life, 35–47 yr olds with significantly limiting cerebral palsy, 41030
group psychotherapy vs occupational therapy, 22–69 yr old psychotic vs borderline male inpatients, 33892
group therapy & occupational therapy interventions, patients with multiple personality disorder, 2890
group vs individual occupational therapy, on task attending, developmentally handicapped preschoolers, 23738
historical development & major practice issues of early intervention services, developmentally delayed infants, implications for occupational therapy practitioners, 23717
historical involvement with psychologically disturbed & neuromuscularly disabled children, occupational therapists, 2889
historical perspective & future of services to elderly persons, occupational therapists, 1940s to 1980s, 2878
history & contributions & future roles of occupational therapy & motor control fields, 37836
history & development of & planned study on clinical psychology staffing structures in occupational therapy, UK, 13197
history of group techniques & modalities, psychiatric occupational therapy in hospitals, 34327
history of standardized testing in developmental therapy settings & need for pediatric occupational & physical therapy scientifically validated tools, 41014
house fire, occupational disruption & adaptation to daily living routines, adult & 12 & 13 yr old victims, implications for occupational therapy, 30806
identification & treatment of sensory loss, physical & occupational therapists working with geriatric patients, 2886
independent living skills groups run by occupational therapy students, adolescents & adults with developmental disabilities & psychosocially dysfunctional or geriatric adults & single mothers, 27288
interaction between neuropsychology & occupational therapy, functional living skills rehabilitation, patients with traumatic brain injuries, 6490
legislation for vocational rehabilitation, impact on occupational therapy & prevocational school program, special educators & trainable mentally retarded 11–15 yr olds, 41334
methodological problems in analysis of model of human occupation in psychosocial occupational therapy, adult & adolescent psychiatric patients, commentary, 6489
methods for clinical status change documentation, accountability in occupational therapy, male learning disabled 6 yr old, 41044
model for teaching self management to employees with severe disabilities in supported employment settings, job coaches, 37855
model for therapeutic group in occupational therapy, psychiatric patients, 34367
model of human occupation, assessment & treatment, 60 yr old female with dementia of Alzheimer's type, 13214
movement & art & occupational therapy multidisciplinary assessment, clients, 9255
multisensory occupational therapy, self feeding, 77–98 yr olds, 34349
music & occupational & recreation therapy, chemical dependency, 37900
nature experiences, fear & anxiety levels, hospitalized 4–17 yr olds, 6415
need for development of continuing education materials in occupational therapy, fieldwork educators, 41113
new techniques & skills in occupational therapy, ability to master skills & adjust to community living, mentally handicapped persons, 2865
occupational therapy & psychosocial groups, hospitalized geriatric psychiatric patients, 30799
occupational therapy, adults with perceptual deficits due to brain injury, 41043
occupational therapy, chronic pain management, 20244
occupational therapy, drug & alcohol rehabilitation inpatients, 23776
occupational therapy enhancement of cardiac rehabilitation program, outpatients with heart disease, Great Britain, 30789
Occupational Therapy Ethics Self Assessment Index, students, 41112
occupational therapy, functioning & quality of life, elderly cancer patients & their families, 34357
occupational therapy group format, interaction patterns, community mental health center clients, 34360
occupational therapy in community & home setting, male 41 yr old with traumatic brain injury, case report, 41049
occupational therapy, inpatient treatment, patients with eating disorders, 6422
occupational therapy, poliomyelitis, 30809
occupational therapy program & continuity from home care to community setting, autonomy, 71 yr old female with history of Parkinson's disease, case report, 40900
occupational therapy program development, medical & psychiatric patients, 30743
occupational therapy program in hospital forensic psychiatry unit, 9792
occupational therapy, social skills training & behavior management & resocialization, 21 yr old male sex offender, 2884
occupational therapy, 27 yr old female with eating disorder, 37859

perceptions about role of occupational therapy in special education, university special education faculty members, 10254
performance on occupational therapy perceptual cognitive assessment battery, 18–72 yr old brain injured vs psychiatric patients, Israel, 22445
play therapy by occupational therapist, emotionally disturbed 2.5–12 yr olds, 2252
preparation for transition to nursing homes, elderly with & without dementia, implications for occupational therapy, 37827
process of occupational group treatment, chronically mentally ill, 34371
promotion of gerontology/geriatrics as specialty in occupational therapy, 30787
psychoanalytic vs cognitive behavioral approach to anger intervention, occupational therapy assessment & treatment goals, 41051
psychosocial occupational therapy, 35 yr old male & 28 yr old female AIDS patients, 34365
rationale & methods for incorporation of goal statements into occupational therapy, 27291
reliability & validity of summed indices & hierarchical scales, assessment of activities of daily living, occupational therapy patients, 31590
rhetoric of occupational therapy & child psychiatry, 40552
robots in group therapy, patients with neuropsychological disorders, 34362
role & meaning of work in rehabilitation, psychiatric patients, 34363
role in treatment of peripheral vascular disease of lower limb, occupational therapists, 41052
role in working with parents of preschool age children with cerebral palsy, occupational therapists, 20238
score correlations on Assessment of Occupational Functioning & Occupational Case Analysis Interview & Rating Scale, schizophrenic 19–83 yr olds in occupational therapy, 35206
self instructional audiotape continuing education program on theory & research, knowledge & research related behaviors, occupational therapists, 6–9 mo followup, 34510
sensorimotor integrative vs functional occupational therapy, patients with cerebrovascular accidents, 41028
sensory stimulation therapy by occupational therapists, severely head injured 22 yr old male in coma, 9845
service provision models of occupational therapy in school system, 24140
single S research design in public school occupational therapy programs, 24130
Social Skills Game in occupational group therapy, group interaction, 19–75 yr old inpatients with major depression, 34313
structure & process of planning occupational therapy group, 34352
structured activities, appropriate & inappropriate behavior, 27–42 yr old male chronic psychiatric inpatients, 34341
structured craft group activities, delinquent 16–18 yr old females, 34350
structured work therapy, socialization & self esteem, 75 & 78 yr olds with Alzheimer's disease or dementia, 2876
support staff training in occupational therapy, resettlement of adults with mental handicap in local community, community mental handicap team, 9694
Test of Motor Impairment vs Aston Index vs Southern California Sensory Integration Tests, assessment of motor learning problems, children with minimal cerebral dysfunction in occupational therapy, 37843
Therapeutic Work Program, assessment & development of prevocational skills, adults with head injuries, 41037
time perception & rehabilitation, elderly, literature review, 2885
touch in craft session, nursing home residents 65 yrs old or older, 30792
treatment & treatment related activities used during 1 working wk, occupational therapy staff, 37870
treatment issues in home based pediatrics, occupational therapists, 6243
use of Assessment of Occupational Functioning & standardized tests, occupational therapy patient evaluations, 28 yr old female with anxiety disorder, 35204
utility & reliability of criteria mapping method of chart audit, assessment & monitoring of occupational therapy service for self care problems, occupational therapists & independent abstractor, 30796
validity of Assessment of Occupational Functioning & 6 model components of human occupation, occupational therapists serving as validity raters, 35099
validity of human occupation in psychosocial occupational therapy model, psychiatric patients with eating disorders vs young adults with chronic conditions vs adolescents with psychiatric disorders, 6468
validity of 2 versions of object sorting & house floor plan subtest of Bay Area Functional Performance Evaluation, 20–39 yr old schizophrenic patients, implications for occupational therapy, 10587
vocational readiness program & occupational therapy intervention, mental health clients, 2888

Occupations [See Also Related Terms]
access to occupations & names of familiar people, college staff & students, 17915
career opportunities & personal characteristics, prospective head injury rehabilitation counselors in training, 9978
cognitive abilities vs job knowledge & work task proficiency, performance prediction in 6 job clusters, 27870
communication apprehension & message sending behaviors & attitudes, communication professionals, 20877
current & past experiences of work & work alternatives & aspirations & needs, 16–25 yr olds with impairments & disabilities, 8512
development of professional social psychology & career opportunities, 13359
employment status & type, etiological role of stressful life events, 20–49 yr old alcoholic males vs females, 15924
health & occupations & role in health services, females, Sweden, 23504
integration of scores from Myers Briggs Type Indicator with J. Holland's person environment career typology, implications for career guidance, 31548
judgment of prototypical traits vs estimation of percentage of group members processing trait, assessment of sex & occupation stereotypes, college students, 25803
language & culture & social pressures in work & education & professionalization of services, deaf clients, 9118
level of participation & commitment & role value realization in home/family & work functions, male vs female professional/managerial vs clerical/sales vs skilled vs unskilled workers, Canada, 15390
liberalism in judgment of gender role in occupation or task performance, male vs female 1st–12th graders, 29105
occupation & psychosocial factors, disease specific mortality concordance, spouses, 9053
occupational characteristics & consensus regarding pay equity evaluations, employees, Israel, 27924
occupational form & performance in definition of occupation, implications for occupational therapy, 20736
occupational sex role models & stereotypes & perceptions of own masculinity or femininity & math confidence, career self efficacy expectations, male vs female college students, Japan, 41400
occupational sex type, income deprivation in labor market, 21 yr old employed vs unemployed males vs females, Israel, 34862
perceived occupational opportunity, delinquency, lower vs upper class White vs Black 7th–12th graders, 26302
psychobiographical interpretation of life stories & narratives concerning careers, middle aged businessmen, 5061
sex roles in career & educational opportunities, females, counseling implications, conference presentation, 15391
sex stereotypes & occupation, 18–43 yr old college students, 32749

shellfish diving in Japan & Korea as example of artisan occupations in industrial environment, middle aged & elderly, 22095
status in labor market & education system & traditional attitudes, males vs females, Iceland, implications for change, conference presentation, 15392
transitional periods of life cycle & disengagement stages of occupational cycle, occupational change, 22–65 yr old managers, Canada, 13810
use of Markov model to determine influence of physically demanding work & impaired health on ability to delay retirement, elderly males, 17 yr study, policy implications, 41396
work values, college students preparing for various occupations, implications for validation of Work Importance Study, 24307
Ocular Accommodation
accommodative hysteresis, monocular perception of apparent distance, optometry college students, 38767
aircraft head up display for simultaneous viewing of flight information & outside environment, eye focusing at optical infinity, enlisted Os, implications for system design, 18103
base in prism or plano lens induced accommodative convergence stress, reading comprehension, optometry students, implications for effect of visual problems, 10734
body orientation & intraocular pressure & free vs pharmacologically immobilized accommodation, ocular refraction during pattern perception, 22–28 yr olds, 25107
brightness matched chromatic letters on high resolution red or green or blue monitor, ocular accommodation, 22–35 yr olds, 21529
brightness matched monochromatic vs multichromatic stimuli & target size & clarity & distance, ocular accommodation, 22–35 yr olds, 21528
chromatic aberration & defocus & spatial frequency, mathematical model of chromaticity of retinal image, implications for visual physiology & colorimetry, 28236
color, deterioration of correct visual accommodation & resting point of accommodation, adults, 35311
deep relaxation vs viewing of gruesome slides, dark focus accommodation, college students, 248
interaction of size change & blur cues, accommodation control, adults, commentary, 3736
mental arithmetic task, dark focus of accommodation, 19–35 yr olds, 21519
monocular & binocular accommodation RTs, 17–34 yr olds, 38774
monocular blur driven conditions of accommodation, apparent distance, 19–32 yr olds, 38768
pattern of change in CFF fusion & accommodation relaxation time during experimental repetitive tasks with CRT display screens, female 22 yr olds, 31792
perceptual detectability threshold for ocular accommodation microfluctuations, 28636
positive vs negative defocusing lenses, posterior nodal distance & refractive error & eye growth, chickens, 7777
quantified visual load from CRT screen, eye strain & accommodation & visual EPs, females, Japan, 17429
simultaneous objective measures of retinal sensory compensation during horizontal & vertical responses, adults, 3739
sinusoidal size change with vs without blur vs disparity change, accommodation & convergence responses, 19–38 yr olds, 14295
temporal frequencies of drifting sine wave stimuli, contrast thresholds for accommodation initiation, adults, 3728
training for volitional control of ocular accommodation responses, focus on visual targets moved progressively outward & transfer to binocular vision, myopic 13–25 yr olds, 16512
velocity of visual stimuli, smooth ramp vs step ocular accommodations responses measuring dual mode behavior in feedback control process, 34 & 38 yr olds, 14284
vestibuloocular reflex saccade interactions in goal directed gaze responses in oculomotor range, adults, 4190
Ocular Dominance
cerebral dominance & functional localization & attentional bias, recognition of neutral vs emotional words presented to left vs right visual field, left vs right handed college students, 11033
hemiretinal stimulation & ocular dominance, visual half field lexical decision, college students, 21498
left vs right eye visual acuity, 10–40 yr olds, 15041
microiontophoretic bicuculline, ocular dominance in visual cortical neurons, cats reared with normal vs abnormal monocular visual experience, 28719
monocular eye sighting preferences, hemiplegic 3.6–12.8 vs 33–81 yr olds, 12363
neural theory of binocular rivalry, 14663
presentation of visual stimuli to right vs left visual hemifield, same different decision task, right handed college students, implications for geometric & contrast models, 28600
right then left monocular deprivation & 2-amino-5-phosphonovaleric acid blockade of left visual cortex receptors, neural pathway & ocular dominance of striate cortical neurons, kittens, 39175
suppression of blur by monovision contact lenses & ocular dominance, monovison task performance, 44–67 yr olds with presbyopic vision, 34186
6-OHDA & brief monocular deprivation, suppression of ocular dominance shift & visual cortex binocular cells & role of noradrenergic receptor system, dark reared cats, 39192
Ocular Fixation [See Eye Fixation]
Oculomotor Muscles
vestibuloocular reflex saccade interactions in goal directed gaze responses in oculomotor range, adults, 4190
Oculomotor Response [See Eye Movements]
Odor Aversion Conditioning [See Aversion Conditioning]
Odor Discrimination
accessibility of pyridine nitrogen atom & steric hindrance, perceptual similarity of substituted benzene & pyridine pairs, adults, 38794
acquisition of chemical information from striking rodent prey, rattlesnakes, 31996
ACTH analogs, odor discrimination learning, male rats, 39383
age differences, nestmate recognition odors & cues, adult ants, test of progressive odor hypothesis, 570
associative learning of tracking cues through chemical cues in host by products, female parasitic wasps, 4016
associative strength & compound component & conditional discriminiation of colors & odors, honeybees, 3914
body tilt position within sagittal plane, odor identification performance & nasal airflow resistance & heart rate & BP, adults, 4187
chronic icv D-amino-phosphono-valeric acid, acquisition & retention of olfactory discrimination & avoidance learning, rats, 21818
color odor compound manipulation, discrimination, honeybees, test of continuity model, 35443
conspecific odor discrimination, male vs female domestic horses, 10966
conspecific vs heterospecific chemical cues, discrimination, neonate prairie rattlesnakes, 21459
contact chemoreception, ability to recognize own vs conspecifics' nest entrance, naturally foraging bumble bees, 39019
detection & discrimination of prey odors, lizards, 35494
detection of & response to male flank gland odors, female hamsters, 28396
dialysis, olfactory identification & discrimination & response bias, 17–68 yr olds with renal failure, 37610
differential associative learning of nonresponse to & discrimination of odor CS, spiny lobsters, 7534
disturbance & handling & visual & olfactory stimulation, strike induced chemosensory searching, corn & garter snakes, 31959
enantiomers of alpha ionone & carvone, odor response thresholds, 18–60 yr olds, implications for chiral selectivity of odor receptors, 28219

environmental & genetic factors, preference for odors of male mice with +/+ t-complex genotype, female house mice, 18073
exposure to & preference for bedding soiled by strange vs stud males following mating, successful pregnancy, female mice, 35495
familiarity & recency of male vs female anal sac odor, olfactory recognition & territorial defense & sex attraction, feral ferrets, 3893
genetic odors, discrimination between nestmate & nonnestmate sisters & aunts & nieces & cousins, 18066
genetic relatedness &/or environmental factors, odor discrimination of human infant twins, dogs, 32023
hedonic reactions to odorants, 3 yr olds vs adults, 4645
multidimensional scaling & cluster analysis of restricted vs unrestricted sorting of fragrance categories & ambiguous odors, adults, 38737
odor detection thresholds, 15 vs 55 yr old males vs females, 29036
odor detection vs identification & role of olfactory system in memory & cognition, literature review, 28221
odor discrimination of urine from outbred estrous/proestrous vs diestrous/metestrous vs ovariectomized females vs intact vs castrated males, male rats, 11066
odor identification, patients with right vs left temporal &/vs frontal lobectomy, 5681
odor of substances from shed epidermis of same vs different species, attraction of neonates & functional significance, plains garter vs congener vs viperid snakes, 487
odor with vs without footshock, olfactory discrimination & excitability, 15 & 20 day old rats, 3962
odors from mate vs male vs female conspecifics, odor discrimination & preference, male & female prairie voles, 24995
preference for urine odor of castrated &/or preputialectomized males, female mice, 28776
respiration during reinforcement training, olfactory conditioning, rats, 14581
response to own vs different species' urine, pigtailed vs stumptailed macaques, 28468
right temporal lobe function, smell matching, 15–45 yr olds with affective disorders or schizophrenia or neurosis, India, 36695
scopolamine, recognition of juvenile conspecific & possible induced olfactory discrimination deficit, male rats, 21816
sex pheromone discrimination in 1st order olfactory center neurons, male moth species, conference presentation, 39132
simultaneous presentation of novel odor & taste, conditioned taste aversion, weanling vs young adult vs senescent rats, 420
single nostril olfactory stimulation, odor similarity judgments, male vs female left vs right handed adults, Canada, 35597
stage of estrus cycle, discrimination of & preferences for female odors, male golden hamsters, implications for mating, 24982
technique for reliable discrimination of pleasant vs unpleasant odors, 2–5 yr olds, 18621
urine odor of cage mate vs unfamiliar same sex gerbil, investigative behavior & ultrasonic vocalization & scent marking, male vs female gerbils with male vs female cage mate, 3984

Oedipal Complex
American revolution, oedipal resolution with men's relinquishment of emotional dependence on mother love vs ideological belief in self government & conceptions of man & God, 1286
application of ego psychology theories during classical analysis, identification of preverbal determinants of obstacles to oedipal resolution, obsessional neurotic male, 2318
assigned role as defense against abandonment, 38 yr old female analysand, with commentary, 5950
clinical significance of M. S. Mahler's theory of symbiosis & separation individuation & preoedipal object relations, 35 & 40 yr old males in psychoanalysis, 16380
convergent & divergent mental conflicts & preoedipal & oedipal issues, neurotic bisexual male analysand, 16381
countertransference & resistance to progressive communication, analyst vs patients with schizophrenic or preoedipal disorders, 12678
covert seduction theory, integration of overt seduction theory & oedipal complexes with intentional psychological seduction of child, parents, 10519
description of preoedipal personality & resistance in group therapy, 33927
developmental function of transitional oedipal relationship, 27 yr old female, implications for psychoanalysis & gender development, 15199
historical background & plot & psychoanalytic interpretation of R. Strauss's opera "Electra", implications for therapy, 29009
mother complex & narcissistic patterns of psychological development of H. Hesse, 4550
narcissism & preoedipal development vs Oedipus conflict as basis of original sin, commentary reply, 36233
object relations & Oedipal complex differences & clinical interpretation, client characteristics & conformance to Freud's neurotic model, analysands, 16339
Oedipus tragedy in Sophocles' "Oedipus at Colonus", 25376
original sin as manifestation of preoedipal drive toward omnipotence arising from primary narcissism vs Jesus as anti-Oedipus, commentary, 36234
primary narcissism vs developmental stages & oedipal motivation as basis of original sin, commentary reply, 36257
psychoanalysis, oedipal guilt & struggle against homosexuality, 24 yr old depressed female, case report, conference presentation, 9347
psychoanalytic theory of narcissism & oedipal structure & sexual desire, 14021
psychohistory of Freudian psychoanalytic theory of oedipal infant period & 19th vs 20th century views on parenting, 22011
secondary themes of oedipal legend in historical & contemporary stories, 15004
subliminal oedipal vs nonoedipal competitive stimuli, dart throwing performance, males, replication, 17742
tachistoscopic subliminal message before presentation of female child with male vs female adult visual stimuli, defenses against evoked oedipal impulses, female college students, 36503
theme of Oedipal crisis in young male & war in films "Hope and Glory" & "Empire of the Sun" & "Radio Days", 29018
tragedy of Oedipus as illustration of life cycle as succession of generations with mutual interdependence, 11350

Offenders (Adult) [See Criminals]

Offenders (Juvenile) [See Juvenile Delinquents]

Officers (Commissioned) [See Commissioned Officers]

Offspring [See Also Adult Offspring, Daughters, Interracial Offspring, Sons]
abuse & neglect & aggressive behavior by alcoholic father, development of neurotic disorders & antisocial behavior, 4–14 yr olds, Bulgaria, conference presentation, 36822
adolescent adjustment & prediction of alcoholism & personality disorder, sons of alcoholic males, 33 yr study, conference presentation, 15919
alcoholism vs depression, family life & development of alcoholism in children, families, 29765
anxiety & depression & self esteem & drinking behaviors, 9th–12th graders in vs not in self help groups with alcoholic parents, 12262
aspects of life in kibbutz, families of disabled children, Israel, implications for community services & education, 36532
assortative mating in schizophrenia & risk to offspring, mates of schizophrenic females, Denmark, longitudinal study, conference presentation, 8690
at risk for AIDS, Black females & their children, prevention & treatment implications, 33538
auditory EPs, 7–12 yr old children of parents with schizophrenia vs affective disorders, 22542

behavior problems & risk of psychological problems, 6–16 yr old offspring of parents with anxiety disorders, 22640
behavior problems, 6.5–15 yr olds living with their mentally ill parent vs with alternative families, 22644
children's psychopathology assessed by self report vs maternal interviews, depressed mothers & their 8–23 yr olds, 15637
cognitive ability, 8–17 yr old sons of alcoholic vs depressed fathers, 36898
cognitive functioning, 6–18 yr old children of recovering alcoholics vs nonalcoholics, conference presentation, 15933
community mental health centers & social support systems, probability of reproduction & increase of genetically at risk population, psychiatric patients, 2715
consequences of & treatment for parental alcoholism, children & adolescents, literature review, 40297
death of spouse vs parent vs child vs sibling, grief patterns & physical & psychological morbidity, 18–94 yr old psychiatric outpatients, 22499
depressive affect, 6–18 yr olds from alcoholic headed families, conference presentation, 15956
development of & intervention strategies for shame, school age children of alcoholic parents, 2931
EEG sleep patterns before & after recovery from abstinence syndrome, maternally heroin addicted neonates, 4–5 wk followup, Italy, 8908
family based vs individual factors, risk of affective disorder, children & adolescents, 22584
family ritual processes, behavior or emotional problems, 6–18 yr old children of alcoholics, conference presentation, 15898
family systems in psychotherapy, same sex couples & their children, 2322
frequency of maladaptive health related behaviors & teacher ratings of conduct problems, 8–12 yr old children of chronic low back pain vs diabetic patients, 1526
genetic & family environmental variables, mental health ratings, adopted offspring of schizophrenic mothers vs nonschizophrenic biological parents, conference presentation, 1722
genetic & social factors, alcoholism, 10–16 yr old males with alcoholic vs nonalcoholic fathers, 36–41 yr followup, 12245
group therapy goals & process, children of hospitalized alcoholics, 23773
health status & cognitive abilities & adaptive behaviors, children of alcoholics, conference presentation, 15975
home & social environments, 6–17 yr olds with vs without alcoholic parents, conference presentation, 15953
image of father in depth psychology & role in formation of gender identity in his offspring, implications for incest, 32528
interactions with mother & fear of strangers, infants of mothers with nonorganic psychosis observed from 3 weeks to 12 mo of age, 22617
interdisciplinary treatment approach, family relations & school attendance, 8 yr old truant male & schizophrenic mother & other family members, England, case report, 16318
lesbian mother, psychosocial development, children, literature review, 29128
level of disagreement & marital attitude in marital interactions, 51–60 yr old parents of schizophrenic vs neurotic patients, India, 36599
marital quality of parents, schizophrenic 15–25 yr olds living at home, Canada, 22577
need for specific assessment & intervention strategies, children of battered females, Canada, 26708
needs assessment, mothers of mentally retarded 6–26 yr olds, 5550
parental concordance for alcoholism &/or other psychiatric illness, risk of psychiatric disorders, 6–25 yr old offspring of depressed patients, conference presentation, 8519
parental concordance for major depression with or without anxiety disorders or alcoholism, psychopathology, 6–23 yr olds, 22601
parental depression, academic & social & mental health problems & risk of suicide, children & adolescents, primary prevention implications, 20121
parental history of affective or nonaffective psychiatric disorder, psychopathology, 6–19 yr olds from families in prepaid health plans, 22510
parental smoking during & after pregnancy, health & neurobehavioral & intellectual development & childhood mortality, offspring, implications for health education, 32980
parent's age at onset of major depression, risk & age of onset of depression, 6–23 yr olds, 22674
paths for inheritance of alcoholism, adopted children of alcoholics, Sweden, commentary reply, 22782
paths for inheritance of alcoholism, adopted children of alcoholics, Sweden, commentary, 22805
perceptions of social support functions of professional services, parents of intellectually disabled 3–5 or 10–12 or 17–19 yr olds, 9671
personality & obstetrical complications & institutional rearing & cerebral ventricular size, children of mothers with schizophrenia vs schizotypal personality disorder, conference presentation, 1696
prevalence of DSM-III schizotypal personality traits, 15–21 yr olds with parents with affective vs schizophrenic vs no disorder, 19233
prevalence of psychiatric disorder & alcoholism, 6–17 yr old children of alcoholic &/vs antisocial parents, 15569
prevalence of psychiatric disorders, school age children of depressed parents, 22675
preventive interventions, children of alcoholics, conference presentation, 15899
psychopathological symptoms, children of Holocaust survivors, literature review, 32955
psychosocial & treatment outcomes & labeling & prevention, children of alcoholic parents, literature review, 1862
psychosocial factors & maternal distress during pregnancy, incidence of congenital malformations, offspring of females with history of nonorganic psychosis, 15738
rate & correlates of severity of psychopathology, 10–17 yr old children of bipolar parents, 36596
reliability & validity of Children of Alcoholics Screening Test, identification of children of alcoholics for clinical & research purposes, 11th graders, Canada, 28081
reunion experiences, 27–80 yr old birth mothers & their 1–62 yr old offspring who were placed for adoption at birth, 22214
sex & ethnicity, behavior problems & social competence, 4–5.9 yr olds admitted with their mothers to battered women's shelters, 33350
sex differences, responses to parental divorce, children through young adults, literature review, 18707
similarities in cardiovascular response to mental arithmetic & isometric hand-grip, 41–70 yr old spouses & their 14–35 yr old offspring, 32080
social status, health & survival chances of offspring, adult females & their children, Africa & Asia, implications for primary health care policy, 7987
sources of stress & coping responses, children of male political detainees, Philippines, conference presentation, 39661
stress & psychopathology, children of Latin American diplomatic or military professionals, 18987
support & education group program, children of battered females, 20119
taxometric analysis of cognitive & neuromotor variables, 7–12 yr olds of schizophrenic or depressed parents, 40097
videotaping techniques in group therapy, 7–14 yr old emotionally disturbed & acting out children of alcoholic parents, 2907
visuospatial paired associate learning, 6–11 yr olds with vs without family history of alcoholism, 22823
work socialization, 7 mo to 18 yr old children of families with home as workplace, 11456

Olfactory Bulb

chronic mianserin or 8-hydroxymianserin or desmethylmianserin, open field behavior & brain noradrenaline metabolism, olfactory bulbectomized rats, 7878

classical conditioning to odor CS with tactile stimulation as UCS, regional olfactory bulb mitral/tufted cell firing rate, young rats, implications for information storage, 11059
embryonal olfactory bulb vs substantia nigra grafts, spatial & working memory & olfaction guided food retrieval, bulbectomized adult rats, 21684
generalization of learned ethanol aversion to single or compound taste solutions, rats with lesions of gustatory neocortex or olfactory bulb, 7810
high vs lower frequency stimulation of olfactory bulb, pyriform cortex EP & short vs long term potentiation, male rats, 4154
intrabulbar 6-OHDA depletion of norepinephrine & ethyl acetate concentration, odor detection, castrated vs intact male rats, 4235
lesions of central noradrenergic projection to olfactory bulbs during vs after pregnancy, maternal behavior & cannibalism, female mice, 11138
lofepramine vs desipramine with vs without clonidine, neophobia & exploratory behavior, olfactory bulbectomized rats, 4444
olfactory bulb electrical stimulation patterns as discriminative stimuli & respiration, prediction of reinforcement & temporal aspects of olfactory coding, food deprived male rats, 39206
olfactory bulb vs cortical spreading depression induced by microinjection of potassium acetate, regional unit activity & olfactory functioning, male rats, 4309
olfactory bulbectomy & chronic amitriptyline, imipramine binding in cerebral cortex & hippocampus & swimming & open field behavior, rats, animal model of depression, 28736
olfactory bulbectomy, memory for passive avoidance learning & irritability & activity & habituation, mouse killing, rats, 21704
postnatal classical conditioning of odor to maternal contact like tactile stimulus, odor preferences & olfactory bulb uptake of 2-deoxyglucose during normal vs E controlled respiration, rat pups, 21555
presentation of reinforced previously classically acquired odor CS, electrical activity in olfactory bulb & cortex, rabbits, 7640
unilateral olfactory deprivation induced by surgical occlusion of right naris, olfactory bulb cell development, rat pups, 18209

Olfactory Evoked Potentials
high vs lower frequency stimulation of olfactory bulb, pyriform cortex EP & short vs long term potentiation, male rats, 4154

Olfactory Mucosa
differential adsorption of odorants by olfactory mucus & odorant perception in mixtures, 21–50 yr olds, 28214

Olfactory Nerve
fetal antiserum to LH releasing hormone vs transection of nervus terminalis or medial olfactory peduncle, preferences for home nest, rat pups, 761

Olfactory Perception [See Also Odor Discrimination, Olfactory Thresholds]
accessibility of pyridine nitrogen atom & steric hindrance, perceptual similarity of substituted benzene & pyridine pairs, adults, 38794
acute alcohol intoxication, odor aversion response to ethanol, 11 day old rats, 35866
age & smoking habits & exposure to organic solvents, olfactory function, painters, 24403
age related changes in taste & odor perception, implications for elderly, 18507
analytical techniques for chemical identification of sex pheromones & their biosynthetic pathways, moths, conference presentation, 39130
apparatus for delivery of square wave odor pulse in olfactory research, 37
attraction to natural vs artificial litter odors, rat pups assessed over postnatal days 2–7, 3921
blocking of N-methyl-D-aspartate neural receptors, behavioral preferences & learned responses in olfactory preference training, rat pups, implications for neural development, 7667
castration, ability to detect ethyl acetate odor, male rats, 39213
central noradrenergic influences & anatomical & neurochemical characteristics, olfactory bulb & processing of olfactory cues, mammals, literature review, 3699
child behavior, sniffing behavior, pet dogs interacting with familiar vs unfamiliar children, 4023
chromatographic odor profiles & aggressive & dominant behavior, male mice, 24961
combined constant stimuli & free number magnitude detection methodology, evaluation of odor detections at low intensities, 18–60 yr olds, 38568
contributions of A. Dravnieks to olfaction theories & mechanisms & measurement of odor intensity & hedonic tone, 31750
cross modality loudness or color intensity or taste or odor magnitude matching, 20–35 vs 65–79 yr old tasters vs nontasters of 6-N-propylthiouracil, 3708
detection of predators via olfaction, small mouthed salamander larvae, 10963
developmental response to odors, spiny mice followed from 1 to 35 days old, 18006
differential adsorption of odorants by olfactory mucus & odorant perception in mixtures, 21–50 yr olds, 28214
discrimination between resident vs nonresident male surrounded by own vs other male's odor, mate selection, female rabbits, 14616
disruption of olfactory input by zinc sulfate irrigation, intraspecific recognition, spiny mice, 4289
DSP4 injections, attraction to conspecific odors, male rats, 11199
embryonal olfactory bulb vs substantia nigra grafts, spatial & working memory & olfaction guided food retrieval, bulbectomized adult rats, 21684
esophageal speech acceptability & airflow volume, olfaction, adults with laryngectomy, 27089
estimates of smell & taste & overall intensity, 18–21 vs 61–94 yr olds, 3695
estrus, conspecific nonsibling odor preferences & incest aversion, male & female voles, 17973
ethyl acetate, larval olfactory responses, wild type strains of Drosophila melanogaster with variant X chromosomes, 35570
familiarity signaled by odors, social interactions & aggressive behavior, same vs different sex meadow vole dyads in laboratory vs field, 24979
formaldehyde &/vs ammonia concentrations, nasally perceived intensity, adults, 31758
forward vs backward CS-UCS pairing, olfactory bulb single unit neural responses & odor preferences, rat pups, 32056
frequency coding of pulsed pheromonal stimuli by central olfactory neurons, male moths, 4088
genetic variability for olfactory responses, Drosophila melanogaster from heterogeneous vs homogeneous environments, 35563
habituation to artificial crab mixture, olfactory responses to & discrimination of artificial crab & mullet & oyster & shrimp mixtures, spiny lobsters, 28390
hypnotic suggestibility, confidence in false perceptions, college students, 10866
internal consistency reliability of University of Pennsylvania Smell Identification Test & its 10 & 20 & 30 item fractions, adults, 35117
intertrial interval, retention of taste aversion conditioned concurrently with ambient novel odor, weanling rats, 7541
intrabulbar 6-OHDA depletion of norepinephrine & ethyl acetate concentration, odor detection, castrated vs intact male rats, 4235
measurement of response specificity & sensitivity to multicomponent pheromones & odor quality, male moths, conference presentation, 39143
molecular approaches for identification of receptors & biomedical mechanisms of olfactory perception, 25076

motivational conditions, utilization of conspecific odors, female rats, 14556
near absolute threshold formaldehyde odor, detection & perceived intensity, 18–30 yr olds, 31754
occupational exposure to organic solvent mixtures, neurobehavioral functioning & cognitive ability & cacosmia, male blue collar workers, 17413
odor & familiarity & relatedness, interactions between adults & weanlings, meadow voles, 35499
odor detection vs identification & role of olfactory system in memory & cognition, literature review, 28221
odor naming with label training vs assignment of adjective attributes or odor familiarity, odor learning & discrimination, college students & 20–30 yr olds, 21198
olfaction, forelimb reaching & locating food, male rats following bulbectomy with vs without visual occlusion, 28746
olfactory behavior during breeding season, captive lemurs in mixed sex groups, 21434
olfactory bulb electrical stimulation patterns as discriminative stimuli & respiration, prediction of reinforcement & temporal aspects of olfactory coding, food deprived male rats, 39206
olfactory bulb vs cortical spreading depression induced by microinjection of potassium acetate, regional unit activity & olfactory functioning, male rats, 4309
olfactory deficits, mildly retarded adults with Down's syndrome, 5557
olfactory dysfunction, patients with Parkinson's disease, 16065
olfactory function, patients with Parkinson's vs multiple sclerosis vs Alzheimer's disease, 16127
olfactory signals, homeward orientation, young pigeons, 4050
olfactory stimulation, unilateral neglect on left side of body, adults with right hemisphere lesions, 12336
ontogeny of olfactory competence, bonding to mother & emotional homeostasis & interactional adjustment, infants & children, literature review, 11430
paired odorant types & concentrations, odor discrimination & ranking of difference, 21–32 yr olds, 10700
pathological changes in morphology & distribution & immunoreactivity of olfactory neurons, 70–92 yr olds with Alzheimer's disease, 33653
pemenone & androstenone, individual differences in quantitative & qualitative responses to odor, adults, 38742
pheromone pulse duration & repetition rate, temporal pattern of olfactory receptor neuron activity, male moths, conference presentation, 39095
power law exponent model & gamma index, synergy or inhibition of odor concentrations & interactions in electrophysiological & psychophysiological data, 31766
presence of pyrazine odor during discrimination training, discrimination between quinine vs water in different contexts, male rats, 35461
psychotherapy, delusion of smell, 25 yr old female, case report, 19797
R- &/vs S+ carvone enantiomers, estimation of olfactory intensity & quality differences, college students, 10708
rearing conditions & olfactory deprivation, orientation & navigation, pigeons, 35437
recall & naming of pleasant vs unpleasant odors & their associations, 17–84 yr olds, West Germany vs Japan, implications for survival & lifestyle, 10712
removal of preputial glands, sexual attractiveness to males, anesthetized vs unanesthetized estrous female rats, 805
role of reduced taste & smell acuity in etiology of anorexia, elderly, commentary, 2117
signal detection theory & method of constant stimuli, detectability of pyridine, 21–34 yr olds, 31764
single vs paired odor types presented to left &/vs right nostril, olfactory extinction, adults with right brain damage & unilateral neglect, 5585
sniffing odorants in 2 choice discrimination paradigm, EEG measures of entorhinal cortex & olfactory brain areas, male cats, 28589
standardized olfactometries & methods for studying olfaction & olfactory disorders, Japan, 31772
stimulus levels, temporal integration & RT, model for perceived intensity in human taste & smell, 35260
strawberry odor, sweetness perception, adults, 28206
taste & odor detection & identification, males with mild symptoms of Alzheimer's disease, 16134
unilateral olfactory deprivation induced by surgical occlusion of right naris, olfactory bulb cell development, rat pups, 18209
urine marking odors in family home area, investigation & communication, mice, 39029
visual & olfactory oddity learning, assessment of conceptual learning, rats, 7556
water treated vs orange oil treated mash, food neophobia & olfaction, domestic chicks, 7539

Olfactory Stimulation

aversive conditioning of reward & nonreward odors, suppression of water consumption, thirsty male rats, 35439
bilateral lesions of amygdala, olfactory heart rate conditioning, infant rats, 39232
classical conditioning to odor CS with tactile stimulation as UCS, regional olfactory bulb mitral/tufted cell firing rate, young rats, implications for information storage, 11059
conditioned heart rate to olfactory stimulation, rat pups, 3959
conditioned olfactory stimulus prior to & during eating, plasma insulin, obese vs lean mice, animal model of non-insulin-dependent diabetes mellitus, 25088
delay following single odor stimulus learning trial, memory, 6 lines of honey bees selected for good vs poor learning, 14511
differential associative learning of nonresponse to & discrimination of odor CS, spiny lobsters, 7534
duration of prior exposure to CS, olfactory aversion conditioning, preweanling rats, 28422
estradiol & olfactory cues & genital stimulation, maternal responsiveness & mother young relationship & licking & acceptance of neonate, female ewes, literature review, 7707
exposure to odor of urine from estrous females, mounting of receptive females, ovariectomized female rats with silastic testosterone implants, 14750
formaldehyde & radiant heat exposure on face, perceived odor intensity & sensory irritation, 19–31 yr olds, Sweden, 32095
group odor & relatedness, kin discrimination, honeybees, 18025
inhalation through nose vs mouth, EEG activity, adults, implications for undetected odors, 18115
isoamylacetate & cineole & isovaleric acid odors, lateral hypothalamus neuronal responses, food deprived rats, conference presentation, 25144
manipulations of visual & odor cues & availability of food sources, discrimination learning & choice behavior in foraging situation, male rats, 24954
naloxone vs benzodiazepine antagonist Ro 15-1788 vs diazepam, male scent induced analgesia, male deer mice, 867
novel chemical cues in rodent prey, predatory responses, prairie & timber rattlesnakes, 18019
novel olfactory stimuli with vs without atropine, immobility related hippocampal type 2 theta activity & nuchal muscle EMG, male rats, 28936
novel olfactory stimulus, endogenous opioid systems & analgesia response to aversive thermal stimulus, land snails, 21645
odor administration, EEG activity & self reported mood & perceptions, adults, 18116
odor stimulus with vs without footshock, short term retention rate, 8 vs 12 vs 18 day old preweanling rats, 35467
olfactory aversion technique, bisexual 17 yr old male with history of sexual aggression against male & female children, case report, 23323
olfactory food stimuli, salivation, anorexic vs bulimic 16–26 yr old females, 19555
olfactory stimulation & ipsilateral vs contralateral nostril plug, heart rate measuring discrimination & habituation, pigeons with anterior commissure or lateral olfactory nerve lesion, 4286

paired odorant types & concentrations, odor discrimination & ranking of difference, 21–32 yr olds, 10700
pleasant vs unpleasant odor, affective valence of memories retrieved in response to neutral cue words, female college students, 7491
pleasant vs unpleasant olfactory stimulation during REM sleep, incorporation into dream content, college students, conference presentation, 10885
postnatal classical conditioning of odor to maternal contact like tactile stimulus, odor preferences & olfactory bulb uptake of 2-deoxyglucose during normal vs E controlled respiration, rat pups, 21555
presentation of reinforced previously classically acquired odor CS, electrical activity in olfactory bulb & cortex, rabbits, 7640
R- &/vs S+ carvone enantiomers, estimation of olfactory intensity & quality differences, college students, 10708
red coloring vs strawberry odorant, sweetness ratings of sucrose solution in sip & spit vs swallowing condition, college students, 38731
responsiveness to breast odors from lactating unfamiliar females vs mothers, breast vs bottle fed male vs female 12–17 day olds, 39549
visual vs olfactory CS with vs without amphetamine, acquisition of conditioned emotional response, male rats with posteroventral vs ventrolateral neostriatum lesions, 28743
Olfactory Thresholds
air dilution olfactometer, measurement of olfactory signal detection, college students, 28207
enantiomers of alpha ionone & carvone, odor response thresholds, 18–60 yr olds, implications for chiral selectivity of odor receptors, 28219
fluctuation in olfactory thresholds over time as source of threshold variability, students, 24723
formaldehyde & radiant heat exposure on face, perceived odor intensity & sensory irritation, 19–31 yr olds, Sweden, 32095
near absolute threshold formaldehyde odor, detection & perceived intensity, 18–30 yr olds, 31754
odor detection thresholds, 15 vs 55 yr old males vs females, 29036
prediction of olfactory perception using equiratio mixture psychophysical model, college students, 17735
R- &/vs S+ carvone enantiomers, estimation of olfactory intensity & quality differences, college students, 10708
reliability of formaldehyde odor threshold measurements, 18–30 yr olds, 31563
stimulus intensity & duration, taste & smell thresholds & RT, 20–30 yr olds, verification of model of intensity perception, 35259
Oligophrenia [See Mental Retardation]
Oligophrenia (Phenylpyruvic) [See Phenylketonuria]
On the Job Training
management training program integrating workshops & application of on-the-job organizational change, senior managers at Department of Education, 10368
multifaceted employment intervention program, homeless 16–20 yr olds, 16778
Project Network, interagency collaboration in transition to employment with school based vocational training & job placement & on the job training, disabled adolescents & adults, 23710
Only Children
factors associated with grief process, only children, 25572
family size & birth order, intellectual ability, grade school through college students raised alone vs with siblings, literature review, 15101
self concept of sports vs academic ability vs popularity & well being, 13–17 yr old only children, Netherlands, 32544
sibling number & sex, play & peer directed behaviors, male vs female 32–66 mo olds with vs without siblings, 25657
Onset (Disorders)
affective states & memory process, implications for psychopathology & symptom & syndrome formation, conference presentation, 33187
age at disease onset, cognitive & memory & psychomotor performance & dementia, 32–86 yr olds with Parkinson's disease, 5668
age at onset, unipolar depressed patients older than 60 yrs with vs without delusions, 33136
age of drinking onset & incidence of psychopathology, susceptibility to serotonin precursor availability, male alcoholic 25–60 yr olds, 26321
age of drinking onset, level of psychiatric disturbance, male alcoholic 25–60 yr olds, 26320
age of onset & clinical & biological & genetic & psychosocial correlates, late life geriatric depression, 33130
age of onset & incidence of panic disorder or agoraphobia or affective or anxiety disorders or alcoholism in 1st degree relatives, patients with panic disorder &/or agoraphobia, Italy, 36597
age of onset & severity, bulimic patients with vs without family history of drug abuse, 12463
age of onset, clinical & pathological & personality features, 24–45 vs 70–90 yr olds with Parkinson's disease, 19515
age of onset, memory & learning & problem solving & language & visuoconstruction skills & visual discrimination & orientation, 46–89 yr olds with Alzheimer's disease, 1957
age of onset of aggressive conduct disorder, under 6 vs 8–11 yr olds, 22763
age of onset of psychiatric disorders, adults, Canada, 8490
age of onset, psychopathology & socio-occupational readjustment, 15–45 yr old patients with paranoid schizophrenia, Romania, 3 yr followup, 15759
age of onset, sleeping EEG patterns, depressed elderly, 11927
age of onset, ventricular enlargement & degree of cognitive & clinical impairment, schizophrenic vs other psychiatric patients, 36615
binary stress index vs like event rate measures, prediction of psychiatric illness onset, females, Scotland & England, 36700
brain characteristics assessed by tomography, 17–54 yr olds with 1st episode schizophrenia, Scotland, 36649
bushfire disaster & premorbid factors, development of PTSD, firefighters, Australia, 4 mo study, 5282
changes in cognitive ability found in neuropsychological examination as early symptoms, HIV positive male 23–45 yr olds, 16200
characteristics & diagnosis & treatment, 56–67 yr olds with late onset schizophrenia, 19123
childhood separation anxiety, adult-onset panic disorders, adults with agoraphobia or panic disorder, 40191
client & clinical characteristics, patients 65 yrs old & older with late onset depression with vs without delusions, 5147
clinical characteristics, patients aged 60 yrs & older with late onset schizophrenia, implications for diagnostic validity, 8618
clinical variables, 63–88 yr old patients with early vs late onset depression, 11969
consanguinity of parents & birth order & perinatal complications & age of onset, children with early infantile autism, India, 1636
depressive symptoms at beginning & after vs only after vs only at beginning of schizophrenic episode, implications for diagnosis of postpsychotic depression, 33106
diagnosis & treatment & protein metabolism & precursor loading effects & neuropsychological & neurochemical findings, 73–87 yr olds at early stage of late onset Alzheimer's disease, 40402
diagnosis of childhood psychosis, patients, 15–20 yr study, 11939
differential diagnosis, 70 yr old female with late onset Huntington's disease coexisting with Alzheimer's disease, 5740
disorder duration & biographical data & family & social context, patients with obsessive compulsive disorder in support group, Australia, 26089
dissociation between choreoathetoid movements & cognitive impairment, 38 & 46 yr old females with early symptoms of Huntington's Disease, 33471

duration & symptoms of manic & depressive prodromes, 18–58 yr old bipolar patients, 15746
early vs late onset physical disability, self concept & sexual knowledge & attitudes & experiences & parent support, college females, 9029
emotional expression, cancer onset & progression, literature review, 33535
epidemiologic evidence for early onset & higher risk of substance abuse, young adults with major depression or anxiety disorders or drug or alcohol abuse, conference presentation, 1491
estimation & reproducibility of empirical risk functions based on age of onset & clinical subgroup, family members with schizophrenia or affective disorders, conference presentation, 1712
familial rates of psychiatric illness & response to lithium, 13–17 yr olds with bipolar I disorder with vs without premorbid childhood psychiatric disorder, 22645
family expressed emotion, illness onset & duration & course, schizophrenic 18–32 yr olds, 29599
family systemic style & social stress & age of onset, prediction of level & type & persistence of delinquency, 16–18 yr olds, 22765
functional status & mobility & social status, 57–95 yr old preadmission vs postadmission blind nursing home residents, 23685
group activity & dynamics, psychotic manifestations, adults with major affective disorder or schizophrenia, conference presentation, 33102
incidence & onset of & factors associated with confusion, hospitalized 60 yr olds & older, 30728
incidence of positive & negative life events in year prior to onset, patients with obsessive compulsive disorder, India, 26110
late disease onset, schizophrenic patients, India, 36613
late life onset of panic disorder with agoraphobia, 75 & 89 yr old females, case reports, 36638
late onset bipolar disorder, 8759
late onset depression, literature review, 8536
late onset schizophrenia, literature review, 8607
left focal brain injury & age of onset, intra- vs interhemispheric speech organization, patients, 5779
life events & difficulties 12 mo before onset, functional dysphonic patients, 8960
life events, panic onset, 18–67 yr olds with agoraphobia, 40162
mean cortical gray matter & regional cerebral metabolic rates for glucose, adults with childhood onset obsessive compulsive disorder, 36702
motor perseveration symptoms at onset, 62 yr old female & 59 yr old males with progressive supranuclear palsy, case reports, 26593
nature & severity & pattern of symptoms, Vietnam veteran inpatients with delayed vs undelayed onset PTSD, 8743
onset & course of tardive dyskinesia, neuroleptically treated 28 yr old male with schizoaffective disorder, case report, 40789
onset & duration & severity of depression & serum folate & vitamin B12, depressed outpatients, 36636
onset & presentation, 23–46 yr old females vs 11–16 yr old males with atypical anorexia nervosa, 40498
onset of bulimic symptoms, female anorexia nervosa patients, 1976–87, conference presentation, 9096
onset of initial multiple sclerosis symptoms & first psychiatric admission, adult multiple sclerosis patients, 16234
onset of panic disorder & agoraphobia & response to imipramine & alprazolam, 8 & 11 & 13 yr olds, 36559
onset of suicidal ideation in childhood & adolescence & risk factors for suicidal action, college students, 40205
onset of symptoms following head injury, 16 & 17 yr old males with Kleine-Levin syndrome treated with lithium carbonate, case reports, 5830
parent's age at onset of major depression, risk & age of onset of depression, 6–23 yr olds, 22674
patient's age, prediction of effects of mild head injury, neuropsychologists, implications for misapplication of Kennard Principle, 9075
precipitating sexual life events, onset of schizophrenia, adolescents & adults hospitalized for 1st time, 8601
premorbid adjustment & onset patterns & severity of impairment, 7–13 yr old inpatients with schizophrenia vs schizotypal personality vs dysthymic disorder vs major depression, 15614
prevalence & family history & age of onset, 1st degree relatives & spouses of patients with primary major depressive disorder, conference presentation, 1684
prevalence of bipolar affective disorder, 60 yr olds & older with 1st manic episode occurring after vs before age 60, Canada, 8758
prevalence of late vs early onset, demographic & clinical & familial characteristics, dysthymic patients, 5251
prevalence of remission rate of alcohol consumption & significance of early onset, 16–18 yr olds, France, 33367
prodromal symptoms, panic disorder patients with agoraphobia, 15675
retrospective study of distinctive features of initial symptoms, patients with Alzheimer's disease, 19579
risk factors, late onset psychoses, literature review, 8692
saccade velocity & latency, patients with Huntington's disease with age of onset before vs after age 30 yrs, 5705
schizophrenic 1st degree relative & age of onset, schizophrenic 17–73 yr olds, Japan, 26172
sensory disturbance & onset of psychiatric disturbances, paraphrenic 61 & 63 & 69 & 88 yr olds, England, 32976
severe temporal lobe injury, onset of obsessive compulsive disorder, 17 yr old male, case report, 22563
severity of language dysfunction, Alzheimer's disease patients with onset before vs after 65 yrs of age, 9191
sex & age at dementia onset, cerebral glucose metabolism, patients with Alzheimer's disease with onset before vs after 65 yrs, 37154
sex, age at symptom onset, schizophrenic outpatients, 15700
social & psychiatric problems, 25 yr old male with early onset Huntington's chorea, case report, 1967
sociodemographic characteristics & drinking history & mental health, attribution of onset of abuse to partner relationship vs other causes, female alcoholic psychiatric patients, 1916
stressful life events, adult psoriasis patients, 16110
stressful life events prior to disease onset, patients with early multiple sclerosis, 29953
symptom development, schizophrenic children with onset before 10 yrs of age assessed from birth to 12 yrs, 15808
Tourettism & late onset of dementia, 66 yr old female, England, 12511
types & roles of life events & self esteem, onset of psychiatric disorder, female 18–65 yr olds, Scotland, 6 mo & 1 yr followup, 36655
types of physical anomalies & age of disease onset & cognitive deficits, schizophrenic patients, implications for prenatal injury, 33065
visual hallucinations 1 yr before onset of suspected Alzheimer's disease, 70 yr old female, case report, 9017
Ontogeny [See Development]
Open Field Behavior (Animal) [See Animal Open Field Behavior]
Open Universities [See Nontraditional Education]
Openmindedness
identity exploration & intensity of identity commitment, openness to experience, 18–30 yr olds, 1136
locus of control & openness of belief system & self perceptions, attitudes toward environmental issues, female college students, 3458
sole vs shared decision making & cooperative vs competitive context, openmindedness & interpersonal relationships in simulated interdepartmental business task, college students, 4979
Operant Conditioning [See Also Avoidance Conditioning, Conditioned Emotional Responses, Conditioned Re-

sponses, Discrimination Learning, Escape Conditioning, Fading (Conditioning), Time Out]
absolute & relative terminal link entry frequency, concurrent chain free operant conditioning, pigeons, 7523
acoustic characteristics of contact calls, call discrimination using operant conditioning & perceptual organization & similarity rating, budgerigars & humans, 391
acquisition of schedule induced polydipsia & locomotor activity & plasma corticosterone, rats reared in social groups vs isolation, 32070
acute vs chronic cocaine, behavior chain completion rate & accuracy of operant performance, food deprived male squirrel monkeys, 14819
adaptation to generator schedule, rate of acquisition of FI schedule induced polydipsia, rats, 28438
addition of unreinforced discriminative stimuli during waiting period, acquisition of temporal response regulation, beagles, 17948
adherence to behavior analytic principles in operant treatment of chronic pain, literature review, 12789
amount of training & age administered, acquisition of response inhibition, young rats, 17954
anterior vs posterior amygdaloid lesions, food reinforced visually cued operant responding, male rats, 811
auditory visual complex stimulus using spoken word "food" & flashing light, token insertion conditioning to word only, institutionalized profoundly mentally retarded 15–26 yr olds, 34368
behavioral cost operant responsiveness to Pavlovian signals & food rewards, pigeons, 3946
benzodiazepine Ro 15-4513 & ethanol, operant conditioning under DRL & discrimination of pentylene tetrazole effects, male rats, 14867
bilateral lesions of dorsal noradrenergic bundle, conditioned suppression to CS & contextual background stimulus, rats, 28787
buprenorphine vs methadone vs naloxone, acquisition & rate of keypecking, pigeons, 21725
cocaine self administration with vs without concurrently available glucose & saccharin drinking solution reinforcer, acquisition & maintenance of cocaine reinforced behavior, male rats, 28822
color discrimination & operant conditioning, deer, 31935
component duration during reinforcement under multiple food reward schedules, positive behavioral contrast in key pecking vs treadle pressing task, pigeons, 7546
computer interfaced operant measurement device & stimulus control package, sleep onset latency & time slept, male 22 yr old with insomnia, 2417
computer simulation model of catlike behavior & shaping & adaptation to experience, 17942
conditioned H reflex change, somatosensory EPs, monkeys, 7692
conditioning of triceps surae H-reflex, memory traces in spinal cord, monkeys, 32062
contingency learning, facial emotional expression patterns, 4 vs 6 mo olds, implications for interdependent processes model of emotion & cognition, 36093
continuous cocaine infusion, operant responding & motor activity & stereotyped behavior & neurochemical processes, rats & monkeys, conference presentation, 11258
continuous food reinforcement & FR responding & extinction, rate of yawning, adult male macaques, 17945
continuous vs differential reinforcement of other-than-vocalization, vocalization rates, infants with Down's Syndrome, 9462
corticotropin releasing factor & amphetamine combined with Ro 15-1788 & FG 7142, assessment of benzodiazepine agonist/antagonist receptor properties in operant conflict test, rats, 4325
covert sensitization, preferences for sexual stimuli in operant choice paradigm, male college students, clinical implications, 2408
cysteamine, passive avoidance retention & acquisition & performance of delayed spatial alteration & extinction discrimination tasks, male rats, 32180
D-2 dopamine receptor agonist N-0437, palatability & deprivation induced food intake & operant responding for food, male rats & mice, conference presentation, 25296
desglycinamide-8-arginine vasopressin, organometal neurotoxin trimethyltin induced deficits in operant responding, rats, 910
devaluation of food reinforcers with toxin & extended instrumental training, response reinforcer associations, rats trained to make multiple instrumental responses, 3913
discriminative properties of rule governed behavior & compliance & problem solving, 31874
dosage of ethanol &/vs diazepam, anxiolytic action in operant conflict procedures, male rats, 28838
dose dependent apomorphine, operant behavior, male rats, implications for animal model of behavior, 11194
drug history & ethanol conditioning, postconditioning self administered oral ethanol intake, male vs female free feeding monkeys, 25230
drugs, response rate & interresponse time in operant conditioning, conference presentation, 28989
early instrumental learning & long term memory, 2 mo olds, conference presentation, 4628
electrical self stimulation of lateral hypothalamus vs lateral vs medial septal nucleus, leverpressing & acquisition & reversal of spatial discrimination in Y maze, male mice, 21676
enriched environment, error inhibition on Skinner box task with DRL, hemidecorticated male rats, 11164
errors in contingency models of operant & Pavlovian conditioning, commentaries & reply included, 21372
fornix lesions, performance on win stay/lose shift vs win shift/lose stay operant tasks, male rats, 25180
free operant vs discrete response reward procedures, response variability in pecking patterns, pigeons, 38987
freely available high vs low probability responses, instrumental reinforcement effect, moderately to mildly retarded 17–19 yr olds, test of response deprivation hypothesis, 23311
GABA related drugs SL 75102 vs THIP with vs without lorazepam, behavioral response under FI schedule of food presentation, male squirrel monkeys, 7935
gamma hydroxybutyrate, visual discrimination performance & EEG activity, rhesus monkeys, 893
habituation & operant visual fixation, infants, commentary reply, 32415
habituation paradigm with operant conditioning procedure, measurement of conspecific call recognition advantage, zebra finches vs budgerigars, 14547
haloperidol, response reinstating effects of food reward during extinction, rats, 32213
human social interaction as reward, operant conditioning, rats with vs without prior interaction, 3918
individual differences & instrumental conditioning, efficacy of personality models of H. Eysenck vs J. Gray vs J. Newman vs J. & K. Spense , college students, 39993
information processing vs operant model for habituation, infants, commentary, 32390
inhibition of MAO-A vs MAO-B, responses under DRL schedule, male rats, 18383
instrumental conditioning, assessment of reward strength of vaginal discharge, male hamsters, 28408
instrumental vs Pavlovian contingencies, acquisition & maintenance of instrumental responding in discriminated instrumental procedure, homing pigeons, 438
integrated field vs behavior analytic units of respondent & operant behavior, 21310
lag value in free operant vs discrete response procedure, operant control of response variability, pigeons, 31929
learning of topographically identical verbal operant tact & mand repertoires using graphic symbols, 28 & 36 yr olds with Down's syndrome or profound mental retardation, 34366
lithium toxicosis, instrumental responses, male rats, 14542
low frequency stimulation of septal medial vs lateral nucleus, suppression of operant response, male rats, 787

MED-PC software system, programing to control & record events of operant & classical conditioning experiments, conference presentation, 35390
microcomputer device with image processing peripheral board, detection & control of peck location during operant conditioning, pigeons, 422
microcomputer measurement of responses in operant conditioning experiments, 339
molecular analysis of reinforced vs nonreinforced response specific inhibition & extinction, animals, 155
motor reaction as CS in classical & instrumental conditioning, changes in excitability of motor cortex, dogs, 17950
neonatal exposure to cadmium chloride, tissue concentrations & operant behavior, rats, 28941
nicotine & heroin vs mecamylamine vs naltrexone, food reinforced FI response, male rats, 18310
nicotine with vs without caffeine, operant response rate, male rats, 4509
no prior home cage access to alcohol, acquisition of ethanol reinforced response, naive male rats, 35830
noradrenaline neurotoxin DSP4, steady state operant behavior evaluated with Herrnstein's equation & noradrenaline & dopamine levels, female rats, 25273
observations of serial enumeration & categorical flexibility & adjustment to shift conditions in series of reward events, male rats, 21359
odor with vs without footshock, olfactory discrimination & excitability, 15 & 20 day old rats, 3962
operant & cognitive behavior modification, impulsive aggressive responding in interpersonal problem situations, hyperaggressive 7.9–11.6 yr olds, Australia, 16502
operant conditioning model, measurement of success in EMG biofeedback treatment of upper extremity, 9450
operant control of access to patch of future food, time horizon of response suppression in progressive ratio schedule, implications for foraging behavior, 25013
operant model of contingencies of dependent & independent behaviors, elderly, 4755
operant paradigm, oral ethanol self administration, rats, 21809
operant responding for oral ethanol, alcohol preferring P vs nonpreferring NP lines of rats, 35868
operant response contingent vs noncontingent appearance of pictorial stimuli, stimulus touching under continuous or FR reinforcement schedules, 12–18 mo olds, 973
operant response perseveration, gonadectomized male vs female rats with vs without chronic testosterone, 28788
operant side of behavior therapy & problems & analysis of contingencies inside vs outside clinical settings, 23345
operant theory & contingency analysis as basis for unified theory of social work practice, commentary reply, 16844
operant theory & contingency analysis as basis for unified theory of social work practice, commentary, 16840
PCP & N-methyl-d-aspartate antagonists, schedule controlled responding, rats, 35889
perinatal protein deprivation, operant behavior & reactivity to anticonflict effect of diazepam, female rats, 21630
phenytoin vs phenobarbital, seizure activity & rate of operant responding under FR schedule, amygdala, kindled rats, 35718
pimozide, motor activity & operant behavior on random interval reinforcement schedule, rats, 32269
posttraining dextroamphetamine, acquisition of appetitive autoshaped leverpress response, male rats, 7901
posttraining glucose injection dosage, retention of learned operant barpressing response measuring memory, male mice, 25269
predictive accuracy of strength of approach to light effects, serial appetitive conditioning, rats, 10917
prenatal vs paternal inhalation exposure to ethanol, brain neurotransmitter concentrations & motor processes & operant learning & activity level, rats, 4440
presession vs postsession vs dietary chronic ethanol, development of tolerance & operant performance, male rats, 4381
probability level of freely available alternative response & response deprivation, instrumental performance, severely or trainable or educable mentally retarded 18–66 yr olds, 23321
procedure for rapid training on delayed conditional discrimination, rats, 24955
progressive time delay between task request & extrastimulus prompt, verbal picture naming, autistic 7–9 yr olds, 19917
quantal or bimodal function in 2 lever operant task, pentylenetetrazol discrimination, rats, 28867
reinforcement in operant habituation paradigm, infants, commentary, 32412
reinforcement of kicks with mobile movement, retention in forgetting vs reactivation paradigm with training vs test mobile as retrieval cue, 6–7 mo olds, 1015
repeated haloperidol & dosage level, activity level in open field vs dark compartment entry tests measuring environmental operant conditioning, male rats, 11193
response contingent vs noncontingent vs en masse food pellet delivery with vs without blocked acquisition of new response, interference effect in learning & extinction, male rats, 35460
response directedness through cues, discriminative vs conditional stimulus control, pigeons, 10924
response topography, differentiation of peak force of operant response, rats, 24947
response variation vs spatial strategies, extinction of operant vs instrumental learning, male rats with fornix transections, 7813
risk taking in closed operant economy, pigeons, 31923
Ro 15-4513 &/vs ethanol with vs without Ro 15-1788 & diazepam & pentobarbital, leaping & climbing & barpressing & open field behavior, female rats, 32212
schedule induced vs prandial drinking, rats, 31907
self administered reinforcement by food & cocaine in multiple component schedule, SCH 23390 vs pimozide dosage induced leverpressing, monkeys, 39424
sensorimotor rhythm biofeedback with relaxation training, operant learning & seizure frequency & characteristics, 18–29 yr olds with uncontrolled epilepsy, 12817
sex differences in food motivation, behavior on appetitively motivated operant learning task, food deprived rats, 440
signal for absence of reinforcement, observing responses, female pigeons, 38988
signalled VR vs VI schedules, overshadowing & potentiation of instrumental responding, rats, 3953
small food reward vs conditioned reinforcement by light with large food reward following correct response & sequence length & duration of interresponse interval, response sequence learning, pigeons, 3937
social & ethical issues in operant treatment of self injurious behavior, autistic or mentally handicapped patients, 33964
social & recreation behavior under contingent social reinforcement, 21–35 yr old male marihuana users, conference presentation, 12123
social &/vs tangible reinforcers, operant behavior & extinction, mentally retarded 19–72 yr olds, 26922
social transmission & good vs poor demonstrator, performance in operant conditioning, naive juvenile fish, 401
socialization through operant conditioning, political behavior & attitudes, registered voters, 1249
soman exposure, acquisition of operant alternation task, male rats, 35862
stimuli signaling absence of response reinforcer contingency, suppression of operant responding, rats, 21356
stimulus presentations during delay interval of operant delayed spatial response alternation task, response accuracy, male vs female rats, 439
termination of 1st vs following color stimuli in reinforced chain, pecking, pigeons, 38973
testing of balance equation for operant behavior & relation to other theories, animals, 31912
tetrahydrocannabinol discrimination ability, tetrahydrocannabinol sensitivity & operant learning ability, male rats, 4447
thirst or hunger, concurrent chain pulling & leverpressing reinforced by sucrose solution or food pellets, rats, 10900

tone &/vs light association trials, discriminative inhibition of operant responding, male rats, 3907
transfer of Pavlovian facilitators vs instrumental discriminative stimuli, reinforcement of target stimulus, rats, 14523
unsignaled vs briefly signaled vs completely signaled delays to reinforcement, pecking response rate under VI schedule, pigeons, 14553
U50,488 vs bremazocine vs Mr2266 vs morphine, responding under multiple FR-FI schedules of food presentation or stimulus shock termination, squirrel monkeys, 35778
visual reinforcement with vs without operant conditioning vs play audiometry, 2 yr olds, 32454
wood shaving vs wire mesh floor, keypecking for access to increased floor space, domestic hens, 3928
xylene vs toluene inhalation concentration, FR liquid reinforced operant behavior, male rats, 849
zolpidem vs chlordiazepoxide dosage, open field locomotion & punished operant responding & food intake, male rats, 28965
3-isobutyl-1-methylxanthine dosage with naloxone vs morphine, FR operant responding & colonic temperature, male rats, 28882
4-bromo-2,5-dimethoxyamphetamine with vs without 5-HT antagonist pretreatment, operant behavior, squirrel monkeys, 4429
6-OHDA induced lesions of dorsal noradrenergic bundle, plasma corticosterone & spatial alternation learning & extinction & habituation to novelty, male rats, 18269
Operation (Surgery) [See Surgery]
Ophidiophobia
exposure in imagination, female 31 yr old with snake phobia, case report, 12810
in vivo desensitization, 20 yr old female with recurrent nightmares & fear of snakes, Canada, 33957
visual stimuli with pictures of snakes vs ropes, block letter imagery task, snake fearful vs non-snake fearful female college students, 7425
Ophthalmologic Examination [See Electro Oculography, Electroretinography]
Ophthalmology
knowledge of community rehabilitation services for blind & visually handicapped patients, ophthalmologists, 6477
Opiate Agonists [See Narcotic Agonists]
Opiate Antagonists [See Narcotic Antagonists]
Opiates [See Also Codeine, Endogenous Opiates, Fentanyl, Heroin, Morphine, Papaverine]
arylcyclohexylamines & opioids & other drugs, potency as PCP-like discriminative stimuli, rats & male pigeons trained to discriminate PCP, 25264
biochemical & physiological actions of PCP & psychotomimetic sigma opiates, humans, implications for drug induced & endogenous psychotic disorders, 909
buprenorphine abuse, opiate addicted adults, 19381
buprenorphine detoxification, opioid dependent patients, 2923
buprenorphine with vs without naloxone, subjective & physiological & behavioral & withdrawal effects, 27–43 yr old opioid dependent males, 5513
cellular & molecular mechanisms of opiate & cocaine & psychostimulant & ethanol dependency, 21763
central delta opioid receptors, mediation of opioid reinforcement & endogenous reward processes, male rats, 907
changes in initial methadone dose, hospitalized opiate withdrawal patients, 1982–86, England, 2915
clonidine & naltrexone & diazepam, withdrawal time & dropout, patients addicted to heroin or other opiates, 20277
clonidine, detoxification of opiate dependency, literature review, 2941
clonidine, opiate withdrawal syndrome, literature review, 20291
clonidine or guanabenz or naltrexone or other pharmacological adjuncts, opiate or cocaine addicts, 23761
counselor effectiveness, methadone maintenance outcomes, opiate dependent male veterans, conference presentation, 13256
CSF endorphins, opiate addicted adults during methadone maintenance vs detoxification vs opioid antagonist treatment vs drug free state, 20306
development & validity & reliability of naloxone rating scale, assessment of opioid dependence, opiate abusing patients, 127
diet & weight & height, adult chronic opiate addicts vs general population, Switzerland, 33380
effect on opiate policy, overprescribing physicians & members of drug subculture, Great Britain, 12213
experiences with & strategies for treatment of opiate abusing patients, general practitioners, 9888
exposure to distinct environment & morphine vs naltrexone vs amphetamine vs haloperidol, preference for familiar vs novel environment in free choice access, male rats, 39247
factor analysis of Severity of Opiate Dependence Questionnaire, opiate addicts, replication, 14176
family history & environment, prevalence of opioid dependence & alcoholism, male chronic opioid users, 22 yr study, 36856
heroin dependence & impact of anti-opium laws, South Asia, 19362
hierarchical model of self organization & failures of self regulation, opiate addicted adults, 40317
idiopathic opioid psychologic dependence, 17 yr old male with leukemia & pneumonia & chest wall pain, case report, implications for drug therapy, 34122
information about program & withdrawal symptoms, withdrawal syndrome, opiate addicted 19–35 yr olds in treatment, 6528
infusion of D-alanine-methionine-enkephalinamide with vs without naltrexone into rostral region of 4th cerebral ventricle, acquisition of classically conditioned heart rate, rats, 21750
kappa agonists U50488H vs WIN 44441-3, effect of ethanol on open field behavior, male rats, 35881
large dosages of naloxone, plasma prolactin & psychopharmacology, 21–35 yr old male opiate & hallucinogenic drug abusers, 19367
levallorphan vs dynorphin vs naloxone, neurological impairment & motor function tested by inclined plane method, gerbils with unilateral carotid occlusion, 7857
methadone, opiate addicted patients, Netherlands, 23780
morphine & etonitazene taste preferences, male vs female C57BL/6J vs DBA/2J mice, 11221
morphine vs cyclazocine vs pentazocine vs PCP vs other opioids & antagonism by naltrexone, FR discrimination task performance, male rats, 4432
morphine vs fentanyl vs U-69593, tolerance & cross tolerance effects assessed by place preference conditioning, male rats, 18438
motivational effects of opioids, male rats, animal model of prolonged inflammatory pain, 21813
naloxone vs naloxonazine, antagonism of morphine vs ethylketocyclazocine vs dynorphin vs enkephalin induced hyperphagia, rats, 4419
naltrexone, opiate dependent & abusing clients, Spain, 37502
opiate & serotonergic mechanisms of periaqueductal gray analgesic stimulation, rats, 39207
opioid agonists morphine vs D-Ala-2-Met-enkephalinamide vs MR 2034 in hypothalamic & extra-hypothalamic sites, feeding response, satiated rats, 32286
opioid peptide enkephalins vs kelatorphan into nucleus accumbens vs caudate nucleus, locomotor activity, male rats, 21730
organization of personality needs, opiate addicted male inpatients vs outpatients, implications for selection of aftercare program, 34381
oxytocin, tolerance to or dependence on withdrawal from morphine or heroin or beta endorphin or enkephalin, rats, conference presentation, 14881
personality traits, opiate addicted 17–35 yr olds, 5489
psychometric study of prevalence of personality disorders, adult male opiate addicts in treatment, 5487

psychosocial development, opiate dependent adult prisoners in abstinence & maintenance programs, Switzerland, 2 yr followup, 23809
rapid clonidine-naltrexone detoxification, opioid abusers, 13266
recidivism & mortality, opioid addicts first treated when 15–29 yrs old, 11 yr followup, Denmark, 6529
relapse following rehabilitation, opiate addicts, England, 6526
SES & drug use pattern & social network & relationships with spouse & children, rehabilitated opiate addicted females, Sweden, 10 yr followup, 23744
severity of precipitated withdrawal, prediction of drug dependence by DSM-III-R criteria, opiate addicted adults, 40286
short term multimodal treatment, psychological functioning, Black male opiate & cocaine abusers, 30820
short term social isolation & naltrexone or beta endorphin or apomorphine, pinning & social grooming, male rats, implications for role of opioid & dopaminergic systems, 35873
sigma opiate/PCP compounds & morphinans that bind to PCP/sigma opiate receptors, EEG & behavior, male rats, 28961
sigma receptor agonists cyclazocine with vs without N-allylnormetazocine, conditioned suppression of motility, male mice, 4438
stress, opiate receptor binding in brain, male rats, 7780
study of problems & results of treatment of other compulsive or addictive behavior, management of opiate abuse, 23747
substitution of oral N-allylnormetazocine & its stereoisomers during PCP self administration & withdrawal, male monkeys, 18299
suicidality, medical & psychosocial & substance abuse outcomes, opioid addicts, 2.5 yr followup, 16973
tailpinch stress, opiate induced analgesia, terrestrial slugs, 35793
treatment effectiveness evaluation using 4 yr longitudinal classification, prediction of behavioral outcomes, opioid addicted adult males, 6 & 12 yr followups, 6533
types of opiate addiction & notification to home office of treatment, drug abusing 18–53 yr olds, England, 41072
unilateral opioid peptide injections into amygdala central nucleus vs medial hypothalamus, opioid receptor involvement in food intake, male rats, 4370
use of drug dependency & antenatal clinics, pregnancy outcome, opiate addicted mothers, 34390
voluntary vs civil commitment to treatment, opioid addicted patients, 16976
Opinion (Public) [See Public Opinion]
Opinion Change [See Attitude Change]
Opinion Questionnaires [See Attitude Measures]
Opinion Surveys [See Attitude Measures]
Opinions [See Attitudes]
Opioids [See Opiates]
Opioids (Endogenous) [See Endogenous Opiates]
Opium Alkaloids [See Alkaloids, Opiates]
Opium Derivatives [See Opiates]
Optic Chiasm
frontal head trauma, delayed blindness due to hemorrhage in optic nerves & chiasm, 49 yr old male, case report, 40379
retinohypothalamic tract lesions, circadian entrainment to light dark cycle & neural plasticity, male hamsters, 18263
transection of optic chiasm with vs without forebrain commissure, hemispheric specialization & interhemispheric communication during visual memory tasks, male macaques, conference presentation, 14785
visual split brain & monocular deprivation, responsiveness of cortical cells to visual stimuli, kittens, 18276
Optic Lobe
cis-flupenthixol into medial preoptic area, copulatory behavior & facilitative effects of apomorphine, male rats, 4453
neuronal projection between optic tectum & motor pattern generating circuitry, orienting behaviors & saccade control, frogs & mammals, 627
Optic Nerve
frontal head trauma, delayed blindness due to hemorrhage in optic nerves & chiasm, 49 yr old male, case report, 40379
genetic derangement of optic ganglia at disconnected locus, circadian rhythms, Drosophila melanogaster, 35566
optic nerve hypoplasia, literature review, 40512
unilateral section of optic nerve & corpus callosum, visual EPs in response to grating contrast reversal, rats, 28628
Optic Tract
eye movement in different visual environments, neuronal responses from lateral terminal nucleus, rhesus monkeys, 39109
Optical Aids [See Also Contact Lenses]
passive vs active optometric therapies, achievement of functional binocularity, clients with strabismus, 9254
sex & regular glasses vs sunglasses vs no eyewear, perceptions of personal characteristics, college students, 29362
Optical Illusions [See Illusions (Perception)]
Optimism
act of voting for president, optimism concerning outcome of race, voters entering vs departing polling place, implications for cognitive dissonance theory, 15356
category width as range of instances included in cognitive category & optimism & neophilia as openness to novel information, college students, 39990
discriminant validity of Life Orientation Test & correlations with measures of optimism & neuroticism & coping & symptom reports, college students, 24651
imagining being mentally ill, unrealistic optimism & perceived vulnerability to & attitudes toward mental illness, medical students, 33119
objectivity instruction vs reality information, wishful thinking in pregame predictions, male sports fans, Israel, 24476
optimism & pessimism as strategies for coping with stress, college students, 3 yr study, 39947
optimism concerning immediate future, inhabitants of 31 countries, 1976–87, 5057
optimistic vs pessimistic life attitudes, prediction of efficacy of new medical treatment given single postive vs negative prior outcome, physicians, 6585
priming effect of positive mood, increased helpfulness, test of 6 hypotheses, meta analysis, 1349
procrastination & optimism, estimation of time to complete essay & likelihood of setbacks, 19–68 yr old college students, 29404
reliability of Expected Balance Scale & Hope Index, college students & adults, 31673
systemic optimism & pessimism, therapeutic change in family therapy, 9419
Optokinetic Nystagmus [See Nystagmus]
Optometrists
diagnostic guide with emphasis on head trauma & ocular aspects, identification of child abuse & neglect symptoms, optometrists, 19325
optometric intervention & visual perception, interdisciplinary treatment, learning disordered children, 40587
Optometry
biochemical pathogenesis & ocular manifestations & treatment & optometric management, clients with alcohol amblyopia, 9170
high precision dynamic accommodation measurement system, assessment of CRT induced eyestrain & visual fatigue, 18–46 yr olds, 17541
passive vs active optometric therapies, achievement of functional binocularity, clients with strabismus, 9254
value & limits of rehabilitative optometric services, 35 yr old female emerging from coma following brain injury, 41021
Oral Communication [See Also Code Switching, Oral Reading, Public Speaking, Self Talk, Speech Characteristics]
ability to retell story, reading development, preliterate 5 yr old female, 11407
ability to use adjectives metaphorically & to alter prosodic features of speech in response to verbal instructions, 3–7 yr olds, 981
abnormal voice quality, adult's perceptions, 3–13 yr olds with Down's syndrome, 29814

acoustic patterns in intraspecific communication, monkeys, similarities to human communication, 14605
acute alcohol, total speech, adults in social isolation, 11235
age & mean length of utterance of morphemes, 24–50 mo olds with vs without language impairments, 33442
age & personality variables & stress in daily living, verbosity, 60–93 yr olds, Canada, 4762
age & sex differences & low structure nondirective teaching method, verbal & physical aggression, 6–11 yr olds, 27634
age & sex, verbal aggression, preschoolers through 7th graders, 8136
amount & type & function of utterances to 12 mo olds, mothers vs 8–12 yr old maids, Nigeria, 8265
analysis of exemplars in conversation research, 18488
articulatory functions & subphonemic patterns of speech production, adult males following partial glossectomy for oral carcinoma, 6235
associations vs dissociations between skilled problem solving & verbalizable knowledge of task performance, college students, 31863
attitudes toward hearing aid used by child, improvement in speech & language behavior, parents of deaf 2.7–11 yr olds, 16928
attitudes toward speech, stuttering 18–72.2 yr olds, 5569
auditory discrimination & oral production of Spanish words, monolingual English speaking 1st vs 12th graders, implications for early 2nd language learning facility, 4640
auditory presentation of color names vs color neutral adjectives, cross modal Stroop interference, college students, commentary reply, 24707
autonomic physiological activities, affect related vs neutral speech content in speech production, young adults, 689
avoidance-avoidance conflict, equivocal communication, politicians, 29247
circuit & software for connection of microphone to Apple Macintosh computer, voice activated key for visual perception & vocal RT experiments, adults, 28226
clarification requests, utterance repair strategies, language impaired 52–64 mo old males, clinical implications, 26425
cognitive representational & affective functions of affect vocalization, humans, 29003
colored object drawings, oral description of stimulus distinguishing characteristics measuring verbal-logical modes & comparison skills, 20–40 yr olds, 35333
communication of referential information to listeners, aphasic 50–72 yr olds, 16045
communication value of standard interview, assessment of impairment, aphasic patients, 5821
comprehension & retention of monologs vs dialogs, aphasic 41–74 yr olds, 16123
comprehension of & discrimination between metaphor & irony vs lies & mistakes & recognition of speaker attitude & intention, 1st & 3rd graders, 4576
computational stages & processes underlying gestural vs speech production, commentary, 14972
computational stages & processes underlying gestural vs speech productions, commentary reply, 14984
context of oral & written language, communication medium & mode choice & switching, project manager, implications for computers in workplace, 18478
contextual expectancies & behavioral cues for perceived stress state of communicator, deception detection, college students, Japan, 29366
conversational service encounters or detour situations with vs without prerequests, type of request & compliance & preference for indirect speech acts, college students, 8341
"cues, pause, point" language training, replacement of delusional speech with stimulus appropriate response & subsequent generalizations, 69 yr old schizophrenic male, case report, 12785
cultural analysis of rhetoric of F. Mitterrand, 1952–85, France, 22245
delayed auditory feedback, oral & tactile sensation, college students, 7954
determinants of speaker attribute selection & listener object identification, adults, 32323
development & validity of test battery, assessment of oral & written language skills, K–1st graders, implications for interventions with beginning readers, 14097
development of conceptual knowledge of conservation & mathematical equivalence measured by discordance between verbal & gestural explanations, 9–12 yr olds, 29086
differential TV network coverage of speech by J. Jackson to Democratic National Convention, 1984, 4523
discourse analysis of Logo instruction, teachers & pairs of 5 yr olds, implications for self monitoring development, 23976
discourse style changes in criminal court hearings, lawyers & defendants, Sweden, 4525
discursive structure of religious statement, impact & interpretation of message about social goals, listeners, 36262
early literacy experiences & comprehension of grammatical vs ungrammatical speech utterances, 3 vs 4 yr olds, 18606
explicit vs implicit vs false feedback, deletion or expansion or repetition or revision of descriptive statement, aphasic 32–61 yr olds, 26617
expressive language characteristics, emotionally handicapped 8–9 yr olds, 33126
fetishistic use of speech, 23 yr old male analysand with obscene telephone perversion, 36809
film presentation, written vs oral narrative presented to peers with vs without language disorder, 13–18 yr olds, 1374
free play, verbalizations & communicative gestures & nonresponses, parents & their autistic vs language delayed 3–12.9 yr olds, 15725
Freudian concept of secondary revision, transformation of dream content into narrative format for communication with oneself & others, 28030
fundamental frequency changes, differentiation of intonation in spoken questions vs statements, college students, Australia, 7967
guided imagery & covert reinforcement, peer verbal initiations, autistic 8 & 9 & 13 yr olds, 16489
hedges vs hesitations in speech, perceptions of guilt & impression formation in simulated courtroom, male vs female college students, 1396
imagery, electrical recording of eye movements & covert lip & preferred arm response & EEG, right handed 22–40 yr old females, implications for neuromuscular model of information processing, 39157
incorporation of metaphors & lexical innovations & indirectness in utterances, speakers, 939
initial product choice with vs without concurrent verbalization, subsequent product choice, adults, 20932
interactive situation, type of pronoun used to refer to infant, mothers & their 3 mo olds, France, 7 mo study, 39784
interpersonal/psychodynamic psychotherapy vs cognitive/behavioral therapy, verbal response mode profiles, therapists & mentally ill clients, 9373
irrelevant speech, cross modal interference of visual Stroop task, adults, commentary, 24715
language training using signs &/vs speech, language comprehension & production & spontaneous use, high vs low verbal imitating moderately to severely autistic 3–9 yr olds, 2881
length of utterance & vocabulary diversity & interruptions in discourse, 19–30 vs 62–91 yr old females, 18628
locus of semantic context effect in spoken word processing, native speakers of Dutch, Netherlands, 38863
natural articulation vs speakers' mouth closed, identification of meaning of isolated vocal segregates, adults, implications for human computer interaction, 29005
new vs old information in pictures, indefinite & definite articles & pronouns in oral vs written references, 9–11 yr olds vs adults, France, 39582
number of response alternatives & reinforcement, vocal vs manual RT, 18–74 yr olds, 31828
oral language & picture categorization & reading & lexical decision & retrieval performance, developmentally dyslexic 10–11 yr olds, 19440

oral reading vs silent mouthing, serial & free recall performance, deaf vs hearing college students, test of Precategorical Acoustic Store theory, 40393
oral vs written vs slide tape vs film sound based information, preparation for iv pyelography, patients 17 yrs old & older, 34158
overt activity with vs without feedback in active &/vs passive training conditions, generalization of speaking skills, 5.4–7.3 yr olds, Canada, 11423
overt vs covert verbalization & goal specificity search, acquisition of procedural knowledge in problem solving, college students, 31900
paired associates with correct vs randomly assigned incorrect meanings, comprehension of synthesized vocal segregates, adults, implications for human computer interaction, 29007
parent–child bookreading discourse & performance in formal task concepts & early literacy & school-related skills, 2.3–3.2 yr olds & their parents, Canada, 11448
perception & production of voice onset time, 43 yr old with profound sensorineural hearing loss, 29885
performance on tests of social interaction & tests of auditory &/vs visual perception of words & sentences, hearing impaired 58–81 yr olds, 37116
phonation & articulation & speech & pause time during speaking & reading tasks, college students, 11340
phonetic category formation, physically outputting English "t" with appropriate voice onset time values, 8–10 yr old or adult native English vs Spanish speakers, 11386
physician patient interaction via audio vs typed transcript telephone communication, evaluation of physician's vocal & verbal behavior, male vs female college students, 20060
power of buyer vs seller in car sales bargaining game, use of powerful speech, male vs female college students in same sex dyads, application of social exchange perspective, 36424
pragmatic aspects of language & speech, Black children speaking Black English, 8032
psychoanalytic theory of creativity as transferential process of verbalization of presentation symbols & synthesis of different cerebral planes, 35603
psychological analysis of communication interrelations including speech & text expression of reality, 32331
purpose & use of humor & self disclosure & narratives during course lecture, college teachers with teaching awards vs taking instructional methodology course, 20436
ratings of female's vocal qualities & psychological traits while talking to intimate vs casual male friends, female college students, 8398
receptive & expressive language skills, 5–9 yr old stutterers, 36950
reduced environmental stimulation therapy with recorded antialcohol message, alcohol consumption, early prodromal alcoholic college students, 13240
repeated dichotic testing with monosyllabic nouns, recall & change in hemispheric dominance of speech functions, 20–40 yr olds, 18138
rhetorical strategies, role for conflict & promotion of party unity at Democratic National Convention, J. Jackson, 1984, 1255
right hemisphere dysfunction, talkativeness, learning disabled children, 33424
role of perspective in verbal interaction, male 20–35 yr olds, 32318
self generated verbalization vs visual examination, formation & retention of mental imagery, kindergartners vs 1st vs 5th graders, implications for science teaching, 29062
sex, parent infant vocal interaction, mothers vs fathers & their 6 mo olds, 4828
signed vs complete language instructional communication inputs, literacy achievement, hearing impaired 5–12 yr olds, 27705
silence vs spoken color words, cross modal Stroop interference, college students, commentary reply, 24714
slope of continuative intonation, adult male speakers of French vs English vs German & 6–24 yr old monolingual French vs English speakers vs English speakers attending French immersion school, 7960
social skills & public self consciousness, credibility during pro vs counter attitudinal presentations, college students, 11786
social status, politeness or formality of speech, females, Java, 25360
sound pauses & word familiarity & initial sound & phonics training, oral blending of dictated sounds, K–1st graders, 36101
speech disfluencies, male vs female Black vs White 6–7 yr olds, erratum, 25428
speech disfluencies, male vs female Black 6–7 yr olds, 985
speech intelligibility, hearing impaired Kannada speaking 11–22 yr olds, India, 16205
speech interface vs full word typing vs single keystroke vs mouse clicks, speed & productivity in computer use, graduate students, 31464
speech parameters & affective state, 28–46 yr olds with severe depression, conference presentation, 33188
speech shadowing techniques & rate of presentation & grammatical acceptability of sentences, language processing & reading ability, 2nd–8th graders with good vs poor reading ability, 18583
speech vs spatial block design tasks, EEG alpha asymmetry measuring cerebral dominance, dyslexic male 9–13 yr olds, implications for dyslexia models, 22844
spoken color words, cross modal Stroop interference, collge students, commentary reply, 24706
spoken commands using "motherese" vs conversational vocal tones, responsiveness & eye gaze, autistic & severely behaviorally disordered 7–16 yr olds, 15595
structural information, word monitoring latencies during oral communication, 31 yr old aphasic male, 40516
structure & content of utterances, mothers vs fathers & their 2.5–3.5 or 8.5–9.5 mo olds, 4844
talking to comatose patients, physicians, 2619
technique for analysis of verbalizations, assessment of cognitive processes during solving of mathematics problems, 10th grade male, Australia, conference presentation, 24050
test of focusing hypothesis of Mannheim Model of Speech Production using lexical decision, college students, 32310
theoretical basis & role of discourse analysis & intonation, communicative competence & proficiency, 18484
unattended vocal vs instrumental music vs noise vs speech vs quiet, serial recall of visually presented digits, college students & trained male 25–40 yr olds, 38927
understanding directions for manipulation task, addressees vs overhearers, 28311
utterance length & linguistic complexity, language disfluencies & "stuttering", 60–71 mo old males vs females, 29076
verbal & nonverbal components & request utterances or situational characteristics, adults, 32316
verbal & spatial ability, comprehension & production of route directions, college students, 14411
verbal reference performance & severity of positive vs negative thought disorder, manic vs schizophrenic patients, 11942
verbal style & verb usage in assertiveness training film, therapy implications, 2397
verbalization & vocalization in dance/movement therapy, 37255
verbalization of cognitive processes, performance on computer assisted clinical simulation, pediatric nurses, 41129
vibrotactile transformations of sentence intonation & contrastive stress, visual vs visual tactile perception, adults, 24704
vocal fold configuration & glottal size & airway construction by supraglottal structures during low vs high effort whispering of CV syllables, 20.3–36.2 yr olds, 25093
words used to describe back pain, detection of psychological morbidity, low back pain patients, 12434
writing vs mental imaging vs silent speaking of Japanese Kanji characters vs English alphabet, processing time, college students, 10822

written & oral spelling deficit for words & nonwords, 70 yr old female with acquired dysgraphia, case report, implications for selective impairment of graphemic buffer, 23029
written & oral spelling error patterns demonstrating selective damage to graphemic buffer & attentional mechanisms, 49 & 55 yr olds with acquired dysgraphia, 29967
Oral Contraceptives
contraceptive danazol, sexuality & sexual functioning, males, 12931
menstrual cycle phase & oral contraceptives, pure tone thresholds & temporary threshold shifts, female college students, 14746
oral contraceptive discontinuation, Black vs White 15–19 yr old females, illustration of survival analysis methodology, 39474
oral contraceptives & menstrual cycle, P300 components of EPs elicited by auditory discrimination, adult females, 4098
smoking & alcohol use & oral contraceptive use, Type A 8–17 yr olds, 36139
sociocultural beliefs about & use of oral vs local contraceptives, psychiatric symptoms, Moslem females, Kuwait, 22451
stress, heart rate & BP, female 17–31 yr old smokers vs nonsmokers who do vs do not use oral contraceptives, implications for pathogenesis of coronary heart disease, conference presentation, 7721
symptoms of well being & menstrual distress, 20–39 yr old females using vs not using oral contraception, 23066
triphasic oral contraceptive, platelet imipramine binding & induced depression, 21–37 yr old females, 6205
well being & sexual interest during menstrual cycle, females who were current vs previous users vs nonusers of oral contraceptives, 28699
Oral Reading
articulation rate & pauses, allocation of time in reading political speeches in native language aloud, German vs American college students, 39438
auto instrument panel luminance & chromacity & word complexity & character size, driving behavior & oral reading preference or performance, 19–30 vs 31–50 vs 51–73 yr olds, 38477
context & surface form of words read aloud, degree of abstraction for perceptual encoding, college students, 38877
corrective feedback during oral reading, reading comprehension & word recognition, 3rd graders with learning disabilities, 13656
familiar vs unfamiliar intact vs disrupted passages, oral reading miscue pattern & postreading comprehension performance, 7th graders, implications for psycholinguistic & interactive models, 18599
features of parent literate discourse & labels & paradigmatic organization in child's thought, parents & 2–3 yr olds, 39586
French vs English passages, oral reading, 1st & 2nd graders in French immersion program, Canada, 31062
frequency & type of questions asked during home storybook reading, 2.9–4.8 yr olds & their parents, 32464
graphic & semantic cue strategies & attention to contextual information, oral reading, low vs moderate vs high reading level 4th graders, 13530
home based instruction of parent about optimal verbal behaviors during reading of picture books, language abilities, 21–35 mo olds, 2401
instructional set &/vs receptive vs alternating movement &/vs task emphasis & hand used, effects of oral reading on concurrent unimanual finger tapping, right handed college students, 39098
intelligence & oral reading proficiency & orthographic cue strategies, advantaged vs disadvantaged 2nd vs 5th graders, India, 10132
learning about conversation through interaction with teacher during oral reading, students, 31032
listening to reading of text passage by more proficient peer, oral reading of same text, learning disabled 2nd–3rd graders, 10224
multiple oral reading technique, 23–57 yr old dyslexic stroke patients, 20251
nonnative language proficiency & age, oral reading & picture naming & word translation, proficient vs beginning adults vs beginning 2nd & 4th graders, implications for lexical access, 25432
one to one reading of familiar vs new stories, comments & questions, low SES 4 yr olds in day care centers, 11415
oral vs silent reading & testing format, recall for text idea units of varying thematic importance, 12–41 yr olds with learning disabilities, 3267
oral vs silent reading vs listening, comprehension, 7–8 yr olds, 21945
overcorrection vs phonic analysis, oral reading ability, moderately mentally retarded 9–12 yr old females, 12814
parent–child bookreading discourse & performance in formal task concepts & early literacy & school-related skills, 2.3–3.2 yr olds & their parents, Canada, 11448
phonics vs whole word instruction, spelling & oral reading & recognition of regular vs exception words, good vs poor 1st grade readers, 34593
primerese language used in basal stories, miscues in oral reading, 1st graders, conference presentation, 24061
reading ability, oral reading miscues & retellings of stories, reading disabled 1st–9th graders, 27708
reading stories aloud, vocabulary acquisition, 7 & 8 yr olds & their teachers, New Zealand, 34632
reading time per word & per syllable in oral vs silent reading, stuttering 23–45 yr olds, 26418
remedial repeated readings with audiotape, oral reading skills, 9–13 yr olds with reading disabilities, 27678
self paced vs fastest normal reading rate with vs without pictorial distractors within text, oral reading accuracy & comprehension, 1st graders, Israel, 27535
setting & administration method, validation of curriculum based assessment of oral reading rates, 3rd–4th graders, 41363
simple vs careful oral reading of Hindi text, manual left vs right fingertapping performance with vs without reading, 8–12 yr olds, 11434
testing & repetition, recall of picture books jointly read with E, 3 yr olds, 15060
training in book sharing strategies, storytime practices, kindergarten & 1st grade teachers working with economically disadvantaged Spanish speaking children, conference presentation, 23938
use of semantic & syntactic cues, oral reading ability, socially advantaged vs disadvantaged children, 36083
validity & interrater reliability of speech intelligibility rating scales using sentence list reading, hearing impaired college students, 3627
validity of oral reading accuracy & comprehension & reading role & miscue quality & self correction indicators of reading difficulty, functionally illiterate adults, 11329
Organ of Corti [See Cochlea]
Organ Transplantation
adaptation to stages & personality factors & previous experience with illness & social support, emotional adjustment to cardiac transplantation, cardiac patients, 6253
ambivalence & psychiatric symptoms, cardiac transplantation candidates, 34162
anxiety & depression & other complications & role of psychiatric consultation, liver transplant patients, conference presentation, 16894
attitudinal barriers in psychology & relation to lack of research on organ donation, commentary, 16742
brain autografting of adrenal medullary tissue, neuropsychological functioning, 34–59 yr olds with Parkinson's disease, 20078
cortical aspiration lesions, behavioral effects of intraventricular substantia nigra grafts, rats, 39216
donor ambivalence in identification of kidney transplant donor, families with 15 yr old male & 5 yr old female with end stage renal disease, case reports, 9662

eye transplant from host of another species, optically activated skin camouflage reaction, species of bilaterally enucleated salamanders, 28726
family & social networks & self esteem, 13.9–18.7 yr olds with end stage renal disease treated with renal transplantation, 40464
family systems stress model of pediatric bone marrow transplantation & attitudes toward treatment & recovery, children with cancer & their families, 30586
hospital consultation-liaison psychiatric services, 17–33 yr old bone marrow transplantation patients, 9652
knowledge level of & attitudes toward organ donation, Black 16–67 yr olds, 20083
mental health & adjustment & incidence of psychopathology, patients in dialysis treatment or with renal transplant, New Zealand, 37656
methylphenidate, cyclosporine associated organic mood disorder following lung transplant, 42 yr old female, case report, 30424
personality, survival time after bone marrow transplantation, 18–40 yr old patients with acute leukemia or chronic myelogenous leukemia or severe aplastic anemia, 30605
play behavior, emotional adjustment, patients in pediatric bone marrow transplantation unit, 2610
prerequisites for surgical procedure & postoperative psychiatric problems, alcoholic patients who are candidates for liver transplantation, conference presentation, 2651
presence of psychiatric disorders, 16–68 yr old liver transplantation candidates, 30620
psychological risk factors & therapeutic abortion, adaptation to bone marrow transplantation, 25 yr old female with myelogenous leukemia, case report, 40846
serum albumin levels & delirium, 17–62 yr old liver transplant candidates, 5813
stressors & coping strategies, 19–56 yr old renal transplant patients, 30616
transplantation of embryonic nerve tissue into brain, 22 yr old schizophrenic female, case report, 20065
Organic Brain Syndromes [See Also Alcoholic Hallucinosis, Alcoholic Psychosis, Alzheimers Disease, Delirium Tremens, Dementia, Korsakoffs Psychosis, Picks Disease, Presenile Dementia, Senile Dementia, Toxic Psychoses]
Bender Gestalt test performance, neurological vs schizophrenic patients, implications for differential diagnosis, 19016
blood brain barrier deficit, etiology of aging related cognitive deterioration & Alzheimer's & other neurodegenerative diseases of CNS, commentary, 1986
characteristics, 24–94 yr old medical & surgical patients with organic mental disorder, 29959
clinical utility of Hindi version of WAIS-R, differential diagnosis, patients with schizophrenia vs organic brain syndrome, India, 32977
clinical variables relevant in failure to detect organic factors, manic acults, 12062
diagnosis of encephalopathic syndromes & organic mental disorders & dementias, 26499
dosage of piracetam, alcohol organic mental disorder, alcoholic patients, 27302
efficacy & tolerance of vinpocetine, organic psychosyndrome due to cerebral blood supply &/or metabolic disturbances, 58–91 yr olds, West Germany, 40752
etiology of paranoid/delusional disorders & relation to organic brain factors, psychiatric patients, 8676
family vs organic pathology in family systems therapy, family with 2 members with chronic organic brain syndrome, case report, 37399
fluvoxamine, neurochemical & cognitive effects, 51–75 yr olds with alcoholic organic brain disease, 40782
fluvoxamine, patients with alcoholic organic brain syndrome, 30518
frequency of schizophrenic 1st rank symptoms, organic mental disordered patients, 9137
Fuld Object Memory Evaluation scores, 60–90 yr old inpatients with major depression vs Alzheimers type dementia vs other organic disorders, 40031
guidelines for social security disability evaluation & roles of clinical neuropsychologists & impact of malingering, adults with general & organic brain syndromes, 2099
haloperidol vs carbamazepine, organic brain syndrome, 21 yr old male with previous severe head injury, case report, 9490
long term occupational solvent exposure, diffuse organic brain damage, painters, followup study, 27953
low vs high dosage piracetam, 20–55 yr olds with alcohol induced cognitive impairment, Austria, 2474
metabolic abnormalities & direction of asymmetries, patients with Alzheimer's disease vs multiple infarctions with cognitive disorder, 30010
nuclear magnetic resonance imagery, psychiatric diagnosis, 1508
organic affective syndromes, patients with symmetrical basal ganglia sclerosis, 29991
organic brain syndrome, 35 yr old male with AIDS, case report, 30028
pinodol, serum levels of thioridazine &/vs haloperidol &/vs phenytoin &/vs phenobarbital, 35–77 yr olds with organic brain disease & violent explosive behavior, 6146
predictive ability of Geriatric Mental State Examination & AGECAT computerized diagnostic system, epidemiological screening for depression or organic illness, 65 yr olds & older, England, 5119
predictive validity of Mini Mental State & other cognitive screening tests, diagnosis of organic mental disorders, 22–75 yr old psychiatric hospital patients, 14105
psychotic withdrawal & character pathology & violence-agitation & suicide depression, difficult to treat organically impaired vs nonimpaired long term psychiatric patients, 4 commentaries included, 16848
reduced ward space in intrahospital relocation, behavior, geriatric patients with moderate to severe organic brain syndrome or schizophrenia, 37798
sociodemographic & psychopathologic & somatic sign differences, 50 yr olds & older with delusional parasitosis vs late onset schizophrenia vs organic mental disorders due to cerebral arteriosclerosis, 32959
sodium valproate, organic & affective symptoms, 29 & 43 & 50 yr old female patients with multiple sclerosis or systemic lupus erythematosus, case reports, 2488
training & maintenance of desired behavior, 32 yr old male with organic delusional syndrome & polydipsia, case report, 26884
trazodone, aggressive behavior, male 52–71 yr olds with organic mental disorders, 9560
utility of Satz-Mogel short forms of Luria Nebraska Neuropsychological Battery, differential diagnosis, organic vs psychiatric patients, 10600
validity of Mini-Mental State vs cognitive capacity screening examination vs tachistoscopic test, detection of organic mental disorders, medical surgical patients, 141
validity of National Adult Reading Test, assessment of premorbid IQ, patients with Korsakoff's psychosis or alcoholic or multi-infarct dementia or Alzheimer's or Huntington's disease, 14106
Organic Therapies [See Also Drug Therapy, Electroconvulsive Shock Therapy, Narcoanalysis, Psychosurgery, Shock Therapy, Vitamin Therapy]
acute withdrawal related nutritional needs & use of carbohydrate & electrolyte supplements, alcoholic or opiate or stimulant addicted clients of residential treatment facilities, 23785
herbal treatments, substance abusers, 23771
hyperbaric oxygen therapy, organic depressive symptoms, medical patients with pathological mood depression, 2621
immunotherapy using dialyzable leucocyte extract transfer factor, patients with Alzheimer's disease or autism or retinitis pigmentosa or other neurological disorders, 37619
prevalence & presenting symptoms & distinguishing psychological characteristics, adults with favorable mood response to caffeine & refined sucrose free diet, 16298

role of ethanol induced enkephalin deficiencies in uncontrollable drinking & effectiveness of nutritional supplement SAAVE treatment, alcoholic patients, 23745
role of multiple neurotransmitter systems in drug use & effectiveness of macronutrient tropamine treatment, cocaine addicts, literature review, 23778
timostimolina, immune functions, 31–35 yr olds with agoraphobia & deficits in nonspecific immunity & immunocompetent cell frequency, 40757
utility & client attitudes toward nutritional supplements SAAVE & tropamine, heroin addicted male & marihuana abusing female, 23762
utility & risk of toxicity with vitamins & amino acids & other nutritional supplements, persons in substance abuse treatment, implications for prescription by nonphysicians, 23751
Organizational Behavior [See Also Employee Interaction, Organizational Effectiveness]
action attribution regulation process, assessment of emotional phases that accompany market crisis, market participants, 13827
activities to manage external dependence & transactions, new product team members & managers, 20816
advance notice of drug testing & termination vs rehabilitation as consequence of detected drug use, attitudes toward drug testing, blue collar employees, 34967
agency theory of conflict & risk sharing & its use in organizational research, 20842
analysis & history of "Journal of Organizational Behavior Management", 1977–86, 31388
artificial intelligence model using symbol driven search activity, simulation of organizational decision making, implications for "garbage can" model, 34906
assessment of behavioral territory, mapping corporate cultures, internal & external consultants, 20881
assessment of career structures evolving in organizations, career counseling implications, 24293
attitudes toward & severity of criminal judgments against corporate vs individual wrongdoings, college students, 39818
attitudes toward unions & management decision making, business students vs white vs blue collar workers vs managers or supervisors, implications for new employee socialization, 13773
basic assumptions, strategic behavior, organizations, 3440
career maturity & organizational rank, participation in organizational politics, employees, 27925
career stage, interpretation of key organizational events, managers, 10363
causal model of antecedents of organizational commitment, professionals & nonprofessionals, 34949
cognitive behavioral approaches to organizational behavior, 1984–87, literature review, 27940
computer uses, managers at private sector firms, 41475
computerized information systems, organizational communication, 3423
computerized vs paper & pencil version of attitude assessment in organizations, civilian Navy personnel, 38659
computers & social psychology of workplace, literature review, 10397
conceptualization of organizational culture based on paradigms of comparative & contingency management & organizational cognition & symbolism & structural/psychodynamism, marketing implications, 20939
conflict resolution & organizational politics, managers, 20783

perceived organizational structure & role ambiguity & locus of control & job stress, secondary teachers, 17101
personality & process & content dimensions of strategy, model of mediation between organizational context & structure, chief executive officers, 10367
relationship between organization & manager initiative, intentional changes in environment & intradepartment & leadership style & personal development, 30 yr old & older middle managers, Canada, 38386
semiotic textual analysis of letters to shareholders, existence & strength of organizational boundaries & propensity for joint ventures, chief executive officers of chemical companies, 38369
simulated organizational structure & size & management level within hierarchy, perceived need satisfaction, male college students, India, 20868
social & technical organizational structure, intrinsic value of tasks, bureaucratic organization staff members, 13852
structural change in category of statuses, midde level managers in contemporary public corporation, 10371
structure & delivery of mental health services in HMOs, directors, 20090
structure & process of health promotion programs & EAPs, business firms, 3437
task contingencies & distributional form, organizational structures, 27962
theories of hybrid arrangements as strategic alliances in organizational combinations, implications for managers & academics, 31391
work & social organization, decision making & conflict, fishing trawler crew, Japan, 6906
Organizations [See Also Alcoholics Anonymous, Business Organizations, Government Agencies, Health Maintenance Organizations, International Organizations, Labor Unions, Nonprofit Organizations, Professional Organizations]
addictive behaviors research group, modification of addictive behavior & development & evaluation of intervention methods & alcohol education programs, Scotland, 2918
assessment of mental health services for older adult minorities, agency specialists, 1983–86, 13024
current state of foundations as funding mechanisms for psychiatric research, 33714
emphasis on positive change in training in "value added" performance evaluation model, human service training organizations, 13785
evaluation of Mothers Against Drunk Driving, 6350
incentives for voluntary membership & participation in environmental & outdoor recreation associations & activities, outdoor recreationists, 27989
influence on relationship between informal groups & formal organizations & productivity, leaders, 41459
information tree model, procedures for information processing & flow & use in reorganizing offices after introduction of technology, organizations, 6908
justification & rationalization & normalization of philosophy & member practices, pedophile organization, 36747
level & type of participation, elderly in human service organizations & old age homes, several countries, 23662
model of specialized consultation in occupational psychiatry, 38441
narcissism, members of Mensa society, 8411
organizational identification, job satisfaction & alienation & performance, gerontological organization employees, 20841
organizational trait theories, illusory correlations in perception & prediction of organizational traits, management students, implications for J. Hage's axiomatic theory, 34921
programatic focus of activities as preventive vs punitive, local chapters of Mothers Against Drunk Driving, 16782
rates & efficacy of participation in Overeaters Anonymous, bulimic 20–40 yr olds, 2696
resources on AIDS, bibliography, 40343
reward functions of personnel training, perception of individual outcomes or benefits, employees, Norway, organizational implications, 34876
sociocultural & organizational components in concept of alcoholism as disease, 29776
team building interventions & group dynamics, organizational development, religious organizations, 31386
use & abuse of authority in Christian organizations, 39741
Orgasm [See Also Female Orgasm, Male Orgasm, Nocturnal Emission, Premature Ejaculation]
communication &/vs sexual skills training vs didactic instruction with partners, coital & orgasmic frequency & sexual satisfaction, females with secondary orgasmic dysfunction, 2–6 yr followup, 19850
primary dysmenorrhea & sexual orgasm, married female 25–30 yr olds, India, 19567
Orientals [See Asians]
Orientation (Perceptual) [See Perceptual Orientation]
Orientation (Spatial) [See Spatial Orientation (Perception)]
Orienting Reflex
chemical or tactile stimulation, orienting reflex & habituation, rat fetuses, 11128
cigarette smoking, bilateral skin conductance of orienting reflex, 18–30 yr olds, 14889
resistance to habituation of orienting reaction elicited by repetitive auditory stimulus, chronic alcoholic adults, 8913
selective attention during dichotic listening, habituation to unattended stimuli as measured by conductance, female college students, 14673
unexpected stimulus in given situation, orienting reflex, cats, 14558
visual & oculomotor trigeminal brain stem transection, orienting fixation reflex, cats, 28790
Orienting Responses
anatomical organization of mammalian superior colliculus, ability to access orienting vs defensive responses to novel stimuli, rodents, literature review, 35586
auditory stimulation during stereotyped body rocking behavior, orienting & tonic cardiac activity, profoundly mentally retarded males, 22857
auditory stimuli of constant & varying intensity, skin conductance responsivity & heart rate orienting, schizophrenic 20–65 yr olds vs healthy 21–70 yr olds, Sweden, 29610
development & role of orienting response theory in psychophysiology, 721
droperidol & clonidine, role of dopamine & norepinephrine in orienting & switching of attention, male 18–30 yr olds, 32174
duration of exposure to testing environment, orienting & defensive responses to novel auditory stimulus, preweanling & adult rats, 10918
electrical stimulation of substantia nigra pars compacta & haloperidol, head turning & circling, cats, implications for mechanisms of attentional shift, 28724
electrical stimulation of visuomotor neural pathways, lateral turning responses, rats, 25163
evocation & habituation of EP & autonomic components of orienting responses & preliminary process theory, commentary, 28670
extended recovery time, visual field function as assessed by localization of & orientation to stimuli, dark reared cats, 11119
footshock with ECS, orienting & spontaneous activities, male rats, 7794
functional organization & linkage between sensory & motor maps in superior colliculus, orienting responses, mammals, 663
genetic vs environmental factors in GSR & heart rate & auditory EP, orienting reaction, monozygotic vs dizygotic twins, 4064
information processing model, assessment of orienting response & psychophysiological measurements, humans, conference presentation, 4201

intrasession context manipulations, long term habituation of orienting response, 16–40 yr olds, 21618
latency of electrodermal orienting responses to visual stimuli vs stimulus omission, college students, Australia, 18079
lingual trigeminal nerve transection resulting in oral deprivation, development & homing & orienting & play, kittens, 32135
neuronal projection between optic tectum & motor pattern generating circuitry, orienting behaviors & saccade control, frogs & mammals, 627
noise, inhibition of covert sustained attention & orienting & alertness in spatial task measured by expected vs unexpected visual target RT, adults, 35309
novel stimulation, evocation & habituation of EP & autonomic components of orienting responses, college students, 719
retention of orienting reaction habituation, 16–66 yr olds wth multiple sclerosis, 33631
signal value vs vigilance, electrodermal & heart rate orienting responses, adults, 18174
stimulus novelty & serial position & significance, skin conductance component of orienting response, college students, Israel, 28671
stimulus significance, verbal conditioning in orienting response context, college students with high vs low psychoticism scores, 3843
striatal 6-OHDA, reaction to tactile stimulation of vibrissae during or in absence of eating, female rats, conference presentation, 25233
sulpiride, orientation activity evoked by electrical stimulation of dopaminergic A10 neurons in substantia nigra pars compacta, cats, 28725
superior colliculus lesions & salience of visual stimulus, orienting responses & detection of neglected visual cues, rats, 11156
tone discrimination task & buttonpressing response with left vs right hand as behavioral consequence, bilateral skin conductance orienting reaction, adults, 11023
visual stimulation within vs beyond initial field of view, latency of head movements in visual localization task, auditorially handicapped 4–12 yr olds, 5745
Originality [See Creativity]
Orphanages
placement in orphanage as child, ratings of 6–18 yr old offspring behavior & parent child relations, parents, 4859
psychosocial needs & state based care systems, orphan children residing in boarding institutions, USSR, 30657
Orphans
anxiety, orphaned vs delinquent vs physically handicapped 13–17 yr olds, India, 19015
development of prosocial behaviors, 0–26 mo olds in orphanage, Japan, 8115
need for affiliation & achievement & power & aggression & security, orphaned or delinquent or physically handicapped 13–16 yr olds, 8523
psychosocial needs & state based care systems, orphan children residing in boarding institutions, USSR, 30657
sex, cerebral laterality in process of using symbols, 5–7 yr olds from nuclear families vs orphans, 36012
Orthogonal Rotation
computer program for orthogonal comparisons in a priori statistical approach, 7275
method for orthogonal rotation of principal components, maximization of factor construct validity for NEO Personality Inventory, 19–93 yr olds, 31729
orthogonal procrustes rotation procedure, best least squares fit with hypothesized target factor matrix, commentary, 31741
orthogonal vs oblique rotation in rating scales, analysis of teacher effectiveness, college students, 27777
orthogonally & obliquely transformed component analysis, analysis of sociometric test data, junior high school students, 10683
Orthography
computer simulation of phoneme to grapheme correspondence strategy used in French language, 25364
configurational & phonological interference, processing of logographic vs syllabic vs alphabetic scripts in English & Japanese, bilingual college students, Japan, 14421
development & use of orthographic analogies in prose vs single word reading tasks, strategy for decoding unknown words, 5.8–8.1 yr olds, 11396
genetic & environmental influences, phonological vs orthographic coding, 7.7–22.9 yr olds with vs without reading disabilities, conference presentation, 33418
left vs right visual field tachistoscopically presented words, cerebral dominance in encoding & matching based on rhyming vs visual similarity, college students, 21500
logographic vs phonetic symbols, Stroop effect in word comprehension & naming in Japanese vs English, 20–35 yr old native Japanese readers vs American college students, 14990
number of intervening words between 1st & 2nd presentation, orthographic vs phonemic repetition effects in lexical decision for Hebrew words, college students, Israel, 17834
orthographic complexity & frequency & radical intercharacter frequency, short term memory for Chinese radicals & characters in free recall task, Taiwanese college students, US, 7454
orthographic context, letter & word recognition, 51 yr old male with profound dyslexia following neurosurgery, 36911
phonologic & orthographic structure, generation of rhymes to target words, congenitally deaf college students, 26512
phonological vs orthographic characteristics of word, Stroop effect on color naming, 8–9 & 11–12 yr olds & college students, 25515
processing of alphabetic vs logographic script in picture-word interference, English monolingual vs Chinese English bilingual college students, 35362
reading & spelling abilities, lexical decisions for orthographically vs phonologically irregular words, 9–11.4 yr olds, 18615
reading & writing teaching methods, development of writing errors, 5–8 yr olds, 1 yr study, Spain, 23989
reading experience, use of graphemic or orthographic cues or grapheme phoneme correspondence rules in word recognition, 4–10 yr olds, England, 15105
reversal & consistency of symbols representing phonetic features & rule search instructions, learning savings & rate during acquisition of artificial orthography, college students, 38876
skill level & Chinese character print frequency & orthographic structure & lexicality, vocalization & lexical decision task latency, college students, 312
spelling ability, content of orthographic images, 2nd & 3rd graders, Netherlands, replication, 27605
spelling to sound irregularity & stimulus familiarity, pronunciation latency, college students, 14399
stimulus degradation & orthographical errors & context, braille reading speed, fluent braillists, 4625
use of biphoneme grapheme correspondence in spelling nonwords, dysgraphic patient, commentary reply, 26442
use of biphoneme grapheme correspondence in spelling nonwords, dysgraphic patient, commentary, 26501
word frequency & orthographic depth of simultaneous printed & spoken verbal stimuli, word perception RT, native English vs Serbo-Croatian speakers, 38886
1st language orthographic structure, phonological coding strategies in 2nd language cognitive processing, educated adult Arabic vs English vs Japanese vs Spanish speakers, 38836
Orthopedically Handicapped [See Physically Handicapped]
Out of Body Experiences
attitudes toward life & death, college students with vs without out of body experiences, Australia, 38551
incidence of out of body experiences & frequency of dream recall, Black vs White hospitalized patients, 13137
procedure for research on veridical perception during near death out-of-body experiences in hospital setting, 30738
Outcomes (Psychotherapeutic) [See Psychotherapeutic Outcomes]
Outcomes (Treatment) [See Treatment Outcomes]

Outpatient Psychiatric Clinics [See Psychiatric Clinics]
Outpatient Treatment
acceptability of alternative behavioral treatments, parents & grandparents of children with behavior problems receiving outpatient child behavior management services, 33975
action groups vs social skills training, child guidance clinic outpatients, 23578
ambulatory medical detoxification program, alcoholic patients, 6503
cardiac rehabilitation, sleep & arousal & relaxation & breathing methods & rest, patients with myocardial infarction, implications for occupational therapy, Great Britain, 30795
case review & quantity of outpatient mental health care, prepaid vs fee-for-service patients belonging to HMO, 1 yr followup, 2586
characteristics & insurance coverage of inpatient & outpatient treatment programs, patients with anorexia or bulimia or other eating disorders, 12591
client characteristics, outpatient alcohol withdrawal, alcoholic 21–63 yr olds, 20320
clinic vs outpatient clinic vs general practice setting, supervision of lithium dosage & frequency, patients with impaired glomerular filtration rate, 9546
clinical philosophy & implementation of court mandated outpatient treatment, offenders found not guilty by reason of insanity, 20328
deaths from overdose of dothiepin vs amitriptyline vs clomipramine vs lofepramine vs mianserin, suicidal outpatients, conference presentation, 30484
demographic characteristics & interpersonal relationships, 60–120 yr olds in nursing home vs psychiatric hospital vs outpatient treatment, Kuwait, 9283
depression awareness & outpatient treatment, commentary, 30185
economic benefits of clinical pharmacy services at outpatient mental health clinic, 40903
effectiveness & costs of inpatient vs outpatient detoxification program, adult males with mild to moderate alcohol withdrawal syndrome, 6 mo followup, 27318
effectiveness of residential vs outpatient vs home based interventions, autistic 2.6–6.5 yr olds, 23153
emergency/outpatient services at psychiatric hospital/mental health center, 20164
frequency & severity of psychiatric disorders, 6–14 yr olds in social adjustment classes vs day treatment vs psychiatric outpatient program, 32960
guidelines for development & coordination of outpatient psychiatric services, chemical abusing mentally ill, 37206
health education program with emphasis on decision making, ambulatory care utilization, HMO families, 16766
homogeneous vs heterogeneous group psychotherapy models, schizophrenic 22–56 yr old vs nonschizophrenic 26–64 yr old chronic psychiatric outpatients, 23261
inpatient & outpatient treatment design, 25 yr old female with borderline personality disorder who attempted suicide, 30158
inpatient vs outpatient status, polydrug prescription & dosages of psychotropic drugs, 24–85 yr olds with bipolar vs unipolar depression vs schizoaffective disorders, England, 40742
inpatient vs outpatient treatment programs, health & psychological adjustment & disability as measures of quality of life, chronic pain patients, 8 mo followup, 26745
integrated behavioral & psychodynamic treatments, outpatients with bulimia, 2199
interdisciplinary chemical dependency outpatient rehabilitation program with physician & psychologist involvement & use of cognitive behavioral approach & 12 step concepts, conference presentation, 37933
length of stay & satisfaction with care, outpatients treated by medical students vs psychiatric residents, 30909
MMPI vs utilization prediction scale, prediction of outpatient medical utilization rates following psychotherapy, adult psychiatric outpatients, 6276
model of satisfaction with outpatient rehabilitation services, patients treated for stroke or brain or spinal cord injury or other disability, 20270
multidisciplinary treatment program of medical care & individual & family therapy & hospitalization, anorectic adolescent outpatients, 13126
multifocused & time limited outpatient treatment program, male 18–48 yr old sex offenders convicted of nonviolent crimes not involving family members, 34439
need for revision of Medicare benefit for outpatient mental health care, 26722
occupational therapy enhancement of cardiac rehabilitation program, outpatients with heart disease, Great Britain, 30789
occupational therapy in community & home setting, male 41 yr old with traumatic brain injury, case report, 41049
outcome, patients with chronic mental illness who were committed to outpatient treatment vs released vs involuntarily hospitalized, 6 mo followup, 27207
outpatient &/vs inpatient psychiatric treatment, outcome & cost effectiveness & insurance coverage, 12582
outpatient codependency treatment program, behavior & cognition & affect & spirituality, adult children & spouses & partners & parents of alcohol/chemically dependent patients, 41083
outpatient cognitive retraining vs residential treatment, community readaptation, 16–53 yr old patients with traumatic brain injury & persistent cognitive deficits, 27268
outpatient hospital vs community mental health service availability, general hospital psychiatric admission rates & patient demographic characteristics, psychiatric patients, Italy, 1986, 27109
outpatient intensive group therapy, 17–44 yr olds with bulimia, 2–5 yr followup, 30346
outpatient self help rehabiliation program based on Alcoholics Anonymous & Narcotics Anonymous, substance abusing male 13–20 yr olds, 37888
participation in day treatment program & psychiatric outpatient followup, psychiatric patients, 9753
patient & economic characteristics, outcome of inpatient vs outpatient vs inpatient to outpatient treatment, alcoholic adults with vs without concurrent drug use disorders, 6530
patient's presence at predischarge psychoeducation workshops, relapse & family involvement in outpatient care & satisfaction with & participation in workshop, relatives of psychiatric inpatients, 27236
problems & social aspects of coping with chemotherapy side effects, 38–79 yr old outpatients with cancer & their relatives & nurses, 26991
psychiatric hospital & outpatient care, children & adolescents, Sweden, 13138
psychiatric treatment in community, duration & frequency of rehospitalization & symptomatology & behavior & cost, schizophrenic 17–73 yr olds, 1 yr study, West Germany, 27203
psychiatrists' role in continuous treatment team, chronic psychiatric outpatients, 27128
psychoanalytically oriented group therapy & neuroleptic drugs, schizophrenic 23–35 yr old outpatients, Sweden, 23300
psychotherapeutic factors, inpatient vs outpatient therapy groups, implications for therapeutic techniques, 6024
quality of care in psychotropic drug therapy in outpatient mental health clinics, general medical providers treating psychiatric patients, 12930
response to & acceptability of transcervical chorion villus sampling as outpatient procedure, females requesting therapeutic abortion, 9639
satisfaction with therapist & degree of help received at outpatient clinic, psychiatric patients, 40885
social work agency outpatient interventions, client utilization characteristics, 6–87 yr old cancer patients & their families, 30701
sociodemographic factors & income & SES, utilization of outpatient mental health services, families in 6 cities, 1974–77, 27150

somatic manifestations, adult depressive patients in rural inpatient vs outpatient vs mobile unit service, Greece, 5868
statutory & regulatory developments & right to refuse treatment & confidentiality & duty to warn 3rd parties, psychiatric patients under civil commitment to outpatient treatment, 6434
supervised play in waiting room of neurology clinic, anxiety & noncompliance & interpersonal interaction & irritability, 5–10 yr old outpatients & accompanying adults, 2613
terminal medical treatment using home & ambulatory & palliative care, AIDS patients, 27068
treatment satisfaction assessed by questionnaire, adult psychiatric outpatients, 2234
2 yr outpatient treatment, prediction of posttreatment outcome, alcoholic clients, followup study, 6545
6 wk inpatient vs outpatient alcoholism treatment vs single confrontational interview, recidivism, alcoholic patients, New Zealand, 6511
Outpatients
assaults against psychiatrists, 13–64 yr old outpatients, 19281
continuing care services at psychiatric hospital/mental health center, 32 & 45 yr old mentally ill outpatients, 20182
demographic & diagnostic characteristics, general hospital psychiatric outpatients, Ethiopia vs India vs Great Britain, 19004
demographic characteristics & arrest rates, adult inpatients vs outpatients treated at community mental health center, 1975 vs 1983, 1–9 yr followup, 2686
diagnosis & reason for commitment & duration of hospitalization, psychiatric patients involuntarily committed before vs after state institution of outpatient commitment, 6458
electronic monitoring of tablet medication compliance, outpatients, 16559
funding & other aspects of psychiatric hospital/mental health center continuing care housing system, chronically mentally ill deinstitutionalized outpatients, 20222
irrational thinking & negative emotionality, college students vs 16–65 yr old client applicants for mental health services, 29458
leadership behavior & group climate & outcome in outpatient group psychotherapy, clients & therapists, 19854
life events stress, psychopathology severity, 15–55 yr old never hospitalized outpatients vs 1st admission psychiatric inpatients with functional disorder, 29446
prescription drug use & changes in drug exposure, outpatients, 1971–1984, 2446
pretraining work behavior as composite variable in group psychotherapy, outpatients diagnosed with dysthymic vs anxiety vs personality disorders, 33893
satisfaction with diabetes education program, 18–70 yr old inpatients vs outpatients, 20056
scarcity of psychodynamically related tests & sequential psychodiagnostic evaluation treatment approach, outpatients, conference presentation, 30288
tardive dyskinesia after neuroleptic treatment, 23–70 yr old outpatients, Hungary, 7 yr followup, 34029
theoretical issues & organization & functioning of hospital psychosomatic outpatient clinic, 17–58 yr old patients, East Germany, 2 yr followup, conference presentation, 16874
utility of DSM-III vs Present State Examination-Catego in identification & diagnosis, psychiatric outpatients, 29661
utilization of comprehensive mental health services, outpatients, 1980–84, Austria, conference presentation, 6335
validity of General Behavior Inventory, identification of chronic unipolar & bipolar affective disorders, outpatients, 6 mo followup, 24611
victimization screening, 4–80 yr old medical center outpatients from poor neighborhood, 2584
weight & symptoms & psychopathology & illness duration & treatment attitudes, inpatients vs outpatients with anorexia nervosa &/vs bulimia, Canada, 30742
Ovariectomy
cohabitation with sterile male, aggression toward female intruder, female rats with vs without ovariectomy, 35745
long vs short term ovariectomy, ability of estradiol & progesterone treatment to induce sexual receptivity & proceptivity, female rats, 39171
Ovaries
day of estrous cycle & estrogen & progesterone & frequency of exposure to male odors, flank marking, ovariectomized vs intact female hamsters, 32092
estrus responsiveness & ovarian function & serum progesterone, estrus cycling rats with superior ovarian nerve lesion, 4285
paced vs nonpaced mating, luteal phase activation & estrus length, female rats, 32067
Ovary Disorders [See Endocrine Sexual Disorders]
Overachievement (Academic) [See Academic Overachievement]
Overcorrection
acceptability of DRO vs time out vs overcorrection vs contingent shock for mild & severe behavior problems of mentally retarded clients, institutional & community based staff members, 23336
contingent application of error overcorrection, learning of cursive letter writing, 3rd graders, 20475
overcorrection behavior analysis procedure, room key & identification card loss, 16–74 yr old vocational rehabilitation center clients, 2 yr study, 41027
overcorrection, management of self injurious behavior, 3–57 yr olds, literature review, 9439
overcorrection vs phonic analysis, oral reading ability, moderately mentally retarded 9–12 yr old females, 12814
sensory extinction & overcorrection, suppression & generalization of self stimulation, autistic 7.2 & 12.8 yr olds, 19896
Overlearning
lipreading of syllables vs words vs overlearned sentences, male vs female adults, 240
pattern discrimination overtraining, interocular transfer, adult chinchilla rabbits, 28413
Overweight [See Obesity]
Ovulation
pituitary gland ip injection, ovulation & sexual receptivity, oviductectomized female frogs, 4233
Ownership
automobile ownership, suicide by automobile exhaust, 1980, US, 33310
companion animals during conjugal bereavement, adjustment & health, dog owning vs non-pet-owning widows, 11800
development & testing of explanatory model of recovery from disaster loss, assessment of mental distress, bereaved & property loss groups, 36487
dog ownership, judgments of dog bite likelihood, college students, 11835
entrepreneurship & creativity relationship, 27911
household & neighborhood characteristics, defensive weapon ownership, adults, 1171
meaning of personal possessions as measures of temporal framing of life experiences, 62–98 yr old females who had moved into facilities for elderly, 22100
pet ownership, perceived self concept development, 10–12 yr old dog owners, 11467
residential facility ownership, quality of care, elderly, 37797
satisfaction & performance & quality of care, home health care workers in worker owned agency, 37670
social & emotional role of pets, urban adult pet owners vs non-pet-owners, 11794
social structure & economic & cognitive variables, decision to buy vs rent home, household decision makers, 10473
subcultural vs protective motivations, possession & use of guns, adults, 4786
type of & meanings attached to personal possessions considered important, female vs male 18–28 yr olds, England, 39954
Oxazepam
abrupt discontinuation of oxazepam & alcohol, short term memory impairment & confusion & epilepsy, 55 yr old male, case report, 6149

lorazepam vs oxazepam & level of initial information processing, semantic information processing speed & retention of recognition task, 19–46 yr olds, 836
lorazepam vs oxazepam single dose with vs without Ro 15-1788, locomotor activity & rearing as spontaneous withdrawal response, male mice, 7941
oxazepam or diazepam or lateral hypothalamus lesions, escalation from defensive avoidance of to predatory play with to lethal attack on mice, cats, 7772
oxazepam, urinary metabolite levels, hospitalized Alzheimer's disease patients, conference presentation, 9511
oxazepam vs carbamazepine, management of alcohol withdrawal, inpatients, 30835
oxazepam vs dexamethasone, afternoon plasma cortisol & correlation with stress/distress, depressed 22–83 yr olds, Denmark, replication, 26045
oxazepam vs lorazepam, aggressive behavior, 19–46 yr olds, 14818
prescription patterns for diazepam & oxazepam at district hospitals vs regional medical catchment areas, Czechoslovakia, conference presentation, 2542
Oxidases [See Also Cytochrome Oxidase, Monoamine Oxidases]
plasma benzylamine oxidase activity, schizophrenic adults, implications for prognosis marker, 33205
Oxilapine [See Loxapine]
Oxygen
hyperbaric oxygen therapy, organic depressive symptoms, medical patients with pathological mood depression, 2621
hyperbaric oxygen therapy outcome assessed by subjective measures, 24–60 yr olds with multiple sclerosis, 30603
loud speaking vs wearing oxygen mask vs emotional vocal cord tension, fundamental voice frequency, Air Force personnel, Japan, 28695
noise during vs after carbogen inhalation, temporary auditory threshold shifts, male 16–17 yr olds, 39348
quinone induced free oxygen radical production, patients with schizophrenic burnout or other neurological or psychiatric disorders, commentary, 1519
regional cerebral blood flow & oxygen & glucose consumption, 21–53 yr old autistic males, 26095
Oxytocin
arginine vasopressin vs oxytocin, learning & recall & auditory EPs, male college students, 4352
estradiol with vs without progesterone, oxytocin immunoreactive levels, ovariectomized female rats, 7832
icv oxytocin in medial preoptic area vs ventromedial hypothalamus vs mesencephalic central gray vs ventral tegmental area, lordosis & sexual receptivity, female rats, 39257
iv oxytocin, contingent negative variation & memory & mood & vigilance, healthy 23–30 yr old males, 21740
neurobiological function of oxytocin in CNS, literature review, implications for role in neuropsychiatric illness, 35587
oxytocin, corticosterone & prolactin response to predictable & unpredictable psychological stress, female rats, 28933
oxytocin, feeding behavior, male rats, 35768
oxytocin, tolerance to or dependence on withdrawal from morphine or heroin or beta endorphin or enkephalin, rats, conference presentation, 14881
oxytocin vs vasopressin, EPs following dichotic listening & BP & heart rate, male college students, 11011
release of oxytocin & monoamines & uric acid in olfactory bulb & substantia nigra during parturition & sucking of & separation from lambs & eating, ewes, 4183
role of oxytocin in coital physiology, males & females, 11083
vasopressin analog vs oxytocin vs hypertonic saline, discrimination learning, neonatal rats, 18305
Pacific Islands [See Also South Pacific]
content of & symbolism in cultural identity, Sapwuafik people, Micronesia, 18759
parental values & behavior, cognitive development, children, 1977–78, Fiji, 15 mo study, 15316
social change, suicide epidemic, young males, Truk, 5411
speech & language difficulties, children with hearing loss & otitis media, Pacific Islands, 33652
Pain [See Also Aphagia, Back Pain, Chronic Pain, Headache, Migraine Headache, Muscle Contraction Headache, Neuralgia, Psychogenic Pain]
alprazolam, atypical chest pain & panic disorder, patients without evidence of coronary artery disease, 16539
anxiety & depression, 17–66 yr old females with pelvic pain syndrome, 23048
applied relaxation & situational analysis of pain onset, patients with non-ulcer dyspepsia, 19880
assessment & treatment of neuropathic pain, patients with nonmalignant pain, 37119
assessment of dimensions of pain beliefs, manifestation of pain experience & compliance with treatment, industrially injured workers, 33668
assessment of pain in pediatric nursing, children, 23532
biofeedback induced self control of somatosensory EPs, subjective pain experience, 21–46 yr olds, 23337
biofeedback with vs without psychotherapy, adult patients with myofascial pain dysfunction syndrome, 2215
catastrophizing as coping strategy for pain, patients with rheumatoid arthritis, 6 mo study, 37077
clinical characteristics & utility of opiate agonist antagonist analgesics, treatment of acute pain, 2525
concurrent validity & factor structure of Cognitive Coping Strategy Inventory, assessment of coping strategies in acute pain settings, 15–75 yr old postsurgical patients, 24575
construction & reliability of discomfort scales, assessment of physical & psychological discomfort, adult medical patients, 35132
coping behavior, 25–70 yr olds with chest pain with vs without psychiatric disorder, 30121
coping enhancement, painful medical procedures, children, 23525
depression & anxiety & helplessness, prediction of pain behavior & functional status, adults with rheumatoid arthritis, 8982
development of Italian Pain Questionnaire, healthy 21–53 yr olds, Italy, 7092
developmental psychosocial experiences, pain proneness, adults with psychogenic pain or bodily symptoms or organic pain or disease, 29843
differential diagnostic & treatment framework using surface EMG biofeedback related to emotional vs organ vs postural aspects, patients with pain related disorders, 23317
Edmonton staging system, prognosis of pain, adult cancer patients, 40371
endogenous opioid functions, early development & later life cognitive & social & personality development & adaptation to stress & pain, 35673
environmental cue enhancement, adherence to & benefit from relaxation & exercise gymnastics, adult females with acute neck & shoulder pain, 9281
etiological theories, recurrent abdominal pain, children, 23019
evaluation of cognitive & physiological & Skinnerian theories of pain, 21025
examination & clozapine treatment of sleep related painful erections & associated insomnia & depression, 33 yr old male, case report, 40804
expectations & pain & anxiety & distress during participation in psychobiological research, depressed vs normal 6–18 yr olds, 1724
extraversion & neuroticism, experimental & clinical pain & illness behavior, adults with myofascial pain dysfunction, 29963
fears of pain & mutilation & social contact & being closed-in, prediction of dental fear, college students, 34171
formalin induced tonic pain to dominant animal, motor & social & aggressive vs submissive activity during intruder test, male rabbits, 25213
frequency of concomitant pain & dermatological & allergic disorders, Vietnam veterans with PTSD, 8755

generalization & maintenance & side effects of cognitive behavioral treatment, 6–12 yr olds with recurring abdominal pain, 26810
home vs hospice or hospital care, pain control & family anxiety & stress, terminally ill cancer patients & their caretakers, England, 34178
hypnosis, experimentally induced pain & distress tolerance & anxiety & endorphin & ACTH level, low vs high hypnotizable adults, 28362
hypnosis, pain, burn patients, literature review, 30551
hypnosis, reduction of cold pressor pain, 6–12 yr olds, 40820
hypnotherapy, acute vs chronic pain reduction, 20028
hypnotic imaginative involvement & behavioral distraction, pain & anxiety & stress during bone marrow aspirations, 3–6 vs 7–10 yr olds with leukemia, 16299
hypnotic trance, alleviation of distress & pain & anxiety during bone marrow aspirations, 3–6.9 yr olds with leukemia, conference presentation, 6217
imagery assisted relaxation vs prepared childbirth class, anxiety & labor & delivery pain & neonate's health, 18–33 yr old primiparous females & their babies, 9638
individual differences, response to painful stimulus, newborns, 2 mo study, 36103
infant colic behaviors, family relations, parents, 2141
issues in continuing care pain management, cancer patients, 30193
locus of control & anxiety, response to naproxen sodium, 16–22 yr olds with dysmenorrhea or backache or headache or muscle pain, 16557
mental illness vs organic disease, pain measures, outpatients at regional pain relief clinic, 1487
motivational effects of opioids, male rats, animal model of prolonged inflammatory pain, 21813
neurophysiology of acute vs chronic pain, 37054
noxious vs non-noxious intensity of argon laser stimulation, amplitude & latency of cortical single cell EPs as measure of pre-pain & pain perception, 20–31 yr olds, 608
pacifiers &/vs swaddling, pain elicited distress & heart rate & crying, 2 wk olds receiving heel sticks vs 2 mo olds receiving injections, 39760
pain & disability determination, 37177
pain conditions & psychological distress, HMO enrollees, 2152
pain control, patient's quality of life & survivors' distress, terminally ill patients, literature review, 9637
pain intensity measurements, 18–68 yr old patients with acute orofacial pain, 9041
pain management intervention, children, meta analysis, 37203
pain models & illness behavior, Black 6–16 yr olds with recurrent explained vs unexplained pain secondary to sickle cell anemia & their parents, 30047
patterns of masochism including pain & humiliation reflecting cultural stereotypes of femininity & masculinity, male vs female writers of anonymous letters to sex oriented magazines, 36332
perception of common pain experiences in design of pain intensity scale, adults, 28063
personality characteristics, pain development & analgesic intake, 18–55 yr olds following oral surgery for impacted molars, 40840
personality traits, patients with idiopathic vs neurogenic pain syndromes vs depression, 2151
predatory processes & attention, size of N100-P200 visual EPs & N150-P260 EPs elicited by painful intracutaneous electrical stimulation, 20–46 yr olds, 28616
presence of psychiatric disorder &/or abnormal illness behavior & symptom complaints, 19–80 yr olds with upper abdominal pain, 26465
prevalence & severity & variability of cancer related pain & mood disturbance, 15–89 yr old cancer patients, Ireland, implications for interdisciplinary treatment, 19589
prevalence & time course of breast feeding pain, 17–37 yr old females in early postpartum, 3 mo followup, 33505
prevalence & treatment of panic disorder, patients with chest pain & angiographically normal coronary arteries vs cardiology outpatients with atypical or nonanginal chest pain, 12335
prevalence of depression & panic disorder, 26–78 yr old emergency room patients with atypical chest pain, 34199
psychiatric management & definition of pain & chronic pain, 33724
psychosocial differences & effectiveness of intensive psychiatric intervention program, mood disturbance, high vs low pain cancer patients, 2 yr study, 37736
psychotherapy & coping with pain, clients with medical disorders, 33864
rates & predictors of compliance with outpatient stress reduction program, medical patients with stress vs pain related disorders, 12793
regional pain as hysterical conversion reaction, 16260
regional pain as organic disease vs hysteria, 16171
relationship between psychological variables & phantom limb pain, amputees, 37148
relaxation &/vs imagery vs thermal biofeedback, pain management, 9–70 yr old severely brain injured patients, 9436
relaxation gymnastics, psychological stress & prevention of shoulder & neck pain, adult female, 2424
social psychological formulation of pain in hypnotic analgesia, commentary, 23467
social psychological formulation of pain reduction in hypnotic analgesia, commentary, 23476
stress & myofascial pain syndrome, treatment implications, 37026
stressful life events & symptomatology & personality traits, occurrence of pain, 19–57 yr old nonpsychotic psychiatric patients, Denmark, 19137
suggestive therapy in hypnosis, 60 yr old female with pain complaints, 9601
team treatment approach, 57 yr old Hmong widow with depression & muscle & joint pains, case report, 37216
validity of Arabic translation of McGill Pain Questionnaire, adults, Kuwait, 94
validity of German version of McGill Pain Questionnaire, adults, West Germany, 139
withdrawal from perphenazine, lingual dyskinesia presenting as tongue pain, female 79 yr old, case report, 34041
Pain (Psychogenic) [See Psychogenic Pain]
Pain Perception [See Also Analgesia, Pain Thresholds]
ability to recall nature & intensity of labor pain & evaluate consequences of that birth, 19–37 yr old mothers, 3–4 yr followup, 32074
acetorphan, nociception & locomotion, male C57 vs DBA2 mice, 32251
alcohol intoxication vs sobriety, subjective shock calibration & pain & discomfort perception, adult males, 11230
analgesia vs relaxation hypnotic suggestion, ratings of intensity, unpleasantness of pain, adults, 35418
application of pinch clip to various body regions as predation simulation, motor activity level & analgesia, male mice, 21638
aspirin dosages, induced pain, males, 845
assessment of dimensions of pain beliefs, manifestation of pain experience & compliance with treatment, industrially injured workers, 33668
availability of Japanese version of McGill Pain Questionnaire & pentagon profile of pain, medical patients, 35187
benzodiazepine receptor antagonist Ro 15-3505, nociception & nonopioid defeat analgesia, male mice, 4470
biobehavioral factors, cancer pain experience, literature review, 9022
buprenorphine &/vs pethidine, respiration & pain perception, healthy 37–50 yr old males, 18464
chlordiazepoxide & controllable vs uncontrollable shock, nociception & contextual fear, rats, 7784
choice of pain descriptors & analysis of perceptual characteristics of pain, 21–40 yr olds with occupational cervicobracheal & other disorders, Japan implications for pain measurement, 30078
cognitive behavior therapy, pain perception & coping, 43–76 yr old veterans with rheumatoid arthritis, 16327

cognitive strategies of dissociation &/vs analgesic suggestion, pain perception during muscular endurance task, 15–17 yr olds, sports performance implications, 18533
cognitive strategy training & goal specification, perceived pain intensity & tolerance latency, college students, clinical implications, 31773
cognitive style & abnormal pain drawings, back pain patients, 30005
cold pressor pain apparatus, experimental design, 6–12 yr olds, implications for experimental ethics, 39542
cold pressor tonic pain model, individual differences & psychological correlates of pain responsivity, 17–40 yr old pain tolerant vs sensitive males, 38726
Compound 48/80, mast cell histamine levels & pain perception & morphine induced analgesia, male rats, 18283
convergent & discriminant validity of Oucher self report, measurement of pain intensity, hospitalized 3–12 yr olds, 7071
cross cultural differences in dimensions of pain, Chinese vs Scandinavian vs Anglo patients vs dentists, 16176
cry pitch & facial activity, judgments of intensity & discomfort experienced by newborns subjected to heel lancing, mothers vs fathers of other young children, 15024
cultural variation, inference of pain attributable to various conditions, Anglo Canadian vs Ukrainian vs East Indian vs Hutterite adults, Canada, 16180
demographic factors & emotions & expectations, pain intensity during labor, 17–41 yr old primiparas vs multiparas, 6236
diazepam vs clonidine with vs without yohimbine, vibration induced hyperalgesia, rats, 4243
diffuse noxious inhibitory controls of neuronal activity, sensory discriminative dimension of pain perception, 19–37 yr olds, 28631
distraction vs attention to sensations conditions & repression sensitization trait, reduction of high vs low intensity experimentally induced pain, college students, 705
dream therapy & biofeedback & pain behavior modification, 61 yr old asthmatic male, 40573
electrical stimulation of ventral midbrain, suppression of tailflick reflex in response to heat, rats, 35735
ethogenic perspective & social factors, hypnotic pain reduction, 16670
ethogenic perspective & social factors, hypnotic pain reduction, commentary, 16676
ethogenic perspective & social factors, hypnotic pain reduction, commentary, 16679
ethogenic perspective & social factors, hypnotic pain reduction, commentary reply, 16671
ethyl alcohol vs morphine, tolerance to induced pain & pain threshold, 21–30 yr old females, 931
ethyl alcohol vs morphine, tolerance to induced pain & pain threshold, 21–30 yr old females, erratum, 35917
evolutionary & comparative development of nociception, rodents, conference presentation, 28578
exposure to previously acquired average CS &/vs shock UCS vs training context, pain reactivity in hot plate test, rats, 3938
extraversion & neuroticism, experimental & clinical pain & illness behavior, adults with myofascial pain dysfunction, 29963
face scale, pediatric pain assessment, children, 40445
facial expressions of pain & emotion, 23–40 yr old female patients with chronic temporomandibular disorder pain, 22984
factor analysis of brief pain inventory, assessment of pain severity & pain interference items, cancer patients, US vs Vietnam, 3566
feasibility & reliability of self administered cross modal matching task, rating scale descriptors of pain intensity & unpleasantness, medical students, 7156
functional pinealectomy by light induced suppression vs surgical pinealectomy, diurnal rhythm of pain sensitivity, male rats, 32130
gallamine & lidocaine & sodium chloride, chemosensitivity of neurons & pain responses, 36–68 yr olds with neuroma pain, 34005
heat stimulus intensity & pain perception, tailflick reflex & EMG activity in extensor caudae muscle, female rats, 11054
hemispheric activation in depression & pain, depressed vs nondepressed right handed female 17–49 yr olds, 29613
hemorrhage into joint producing acute pain vs repeated bleeding & resulting chronic arthritic pain, pain perception, English vs French speaking 18–73 yr olds with hemophilia, Canada, 1980
hypnosis & relaxation induced analgesia, strength & unpleasantness dimension of pain evoked by electrical tooth pulp stimulation & cold pressor, college students, 9597
hypnosis & relaxation training, pain perception & role of cardiac activity in pain regulation, college students, West Germany, 37263
hypnotic vs cognitive suggestions vs placebo, experimental pain, high vs low hypnotizable 18–33 yr old college students, 38959
hypnotic vs waking analgesia & efficacy expectations, pain tolerance, college students, 3890
icv alpha helical corticotropin releasing hormone 20 vs 40 min before footshock, stress-induced freezing, male rats, implications for fear, 14761
icv corticotropin releasing hormone, stress induced freezing & pain sensitivity, rats, 18437
imagery of intense vs slight pleasure vs anger, tolerance for pressure pain, college students, 31748
ingestion of flavored water, pain responsivity to hot plate stimulation with vs without morphine injection, male rats, 738
instructions to monitor contractions & LaMaze classes, coping with pain & negative moods during labor, 17–41 yr old females in childbirth, 30598
intensity of electrical stimulation, flexion reflex in ipsilateral biceps femoris vs subjective pain sensation, female 23–30 yr olds, 25156
internal consistency of self administered cross modal pain intensity & unpleasantness scale & intelligence, patients with chronic pain, replication, 35166
interstimulus intervals of double electrical pulses, temporal integration thresholds & magnitude estimates, male adults, 4272
intrathecal strychnine or GABA bicuculline or nalozone or phentolamine or methysergide, thermal nociceptive & behavioral response to tactile stimulation, male rats, animal model of pain perception, 35919
intrathecal vasopressin, antinociception vs motor effects assessed through pain tests, male rats, 18456
ip vs icv opioid antagonist MR2266, pain sensitivity & conditioned freezing response & saccharin glucose solution intake, rats, 39288
labor & delivery pain, primiparous vs multiparous, Sweden, 6237
limitation of Skinner's radical behaviorism theory of consciousness, explanation of self conscious experience of pain, 7298
local anesthetic sympathetic blocks, neuropathic pain, 21–46 yr old pain patients, 33616
low intensity low frequency sciatic or radial nerve stimuation, electric shock pain, rats, 4274
medial hypothalamic electrical stimulation, tailflick latency & inhibition of spinal dorsal horn neuronal responses to noxious skin heating, male rats, implications for behavioral analgesia, 775
mental fatigue at work, pain perception, female computer operators, 13875
model for simultaneous recording of intradental multi unit A delta nerve activity & resulting information processing & psychophysics of evoked tooth pulp pain, 43–59 yr old dental patients, 39151
model of cold pressor pain using self initiated trials & control of duration & termination & prevention of inadvertent

intolerable pain during experimentation, female monkeys, 39184
multidimensional scaling of intensity & affect scales of B. Tursky's pain profile, 17–50 yr olds with vs without headache, 35165
multidimensional scaling of pain perceptions, cancer patients, 36994
multiple random staircase method, assessment of intensity of pain induced by 3 sec thermal stimulation of forearm with vs without fentanyl infusion, adults, 3702
music & imagery, analogued labor pain & physiological reactions, 18–30 yr old nulliparous females, 30585
naloxone, detection & pain thresholds & tolerance for electrical vs thermal stimulation, healthy 19–33 yr olds, 18449
naltrexone, reversible pain suppression & attack behavior, fighting pairs of isolated mice, 21814
needle play intervention & temperament, response to pain during blood test, 48–83 mo olds, 2661
nociceptive thermal stimuli, sensory intensity & affective dimensions of pain perception in pregnancy vs labor vs postpartum stages, 18–43 yr old pregnant females, 24708
noxious vs innocuous thermal stimuli applied to abdomen or contralateral foot, perceived intensity of 1st & 2nd pain evoked by electrical pulses to ankle, 22–45 yr old males, 18257
noxious vs non-noxious intensity of argon laser stimulation, amplitude & latency of cortical single cell EPs as measure of pre-pain & pain perception, 20–31 yr olds, 608
objective measurement of endogenous pain during motor performance, college students & 27.8 yr old female with cervicobrachial pain, 5806
opioid activating agonistic encounter, analgesic & hyperalgesic phases with defense & fear reactions & recuperative behaviors, mice, 35653
pain, behavioral & brain responsivity, pain sensitive vs tolerant male 20–40 yr olds, 38727
pain dimensions & psychological status, adults with acute vs chronic low back pain, 29842
pain drawings & psychological state, adults with chronic pain, 22932
pain intensity measurements, 18–68 yr old patients with acute orofacial pain, 9041
pain intensity ratings, desire for social & recreational activities & levels of depression, 20–73 yr old pain patients, 29912
pain management program, pain associated depression, 15–64 yr old patients, 34168
pain perception & description of experience, 13–17 yr olds, 12492
pain related self statements & perceived pain control, pain severity & disability, adults with chronic back pain vs rheumatoid arthritis, 5638
pain reports, effect of diagnostic & treatment uncertainties on medical requests, patients in walk in clinic vs general medical practice, 12962
pain vocabulary & intensity & anxiety & depression, 39–66 yr olds with terminal cancer vs chronic pain, 12533
painful intracutaneous electrical stimulation, habituation of EPs & subjective pain reports, adults, 7793
passively vs actively worded analgesia suggestions delivered during hypnosis vs normal consciousness state, pain perception, college students, 17935
perceived exertion & aches & pain & HR & blood lactate during cycle exercise, male 17–43 yr old marathon runners vs sprinters, 41570
perception & assessment of pain, use of anesthesia in 0–1 yr olds, pediatric anesthetists, UK & Ireland, 9650
perception of common pain experiences in design of pain intensity scale, adults, 28063
perception of painful stimuli, neonates & fetuses, implications for use of anesthesia, reprint, 29020
perceptual processes of pain, neonates, implications for pain management, 23543
peripheral electrical stimulation vs loud noise, cold pressor pain perception interference, male adults, 24719
phantom breast syndrome, female mastectomy patients under 69 yrs old, 34161
phase of menstrual cycle, pain threshold & tolerance & perceived intensity during cold pressor task, cycling female college students with vs without dysmenorrhea, 19526
physical & cognitive & psychosocial factors in perception of & responses to & clinical significance & assessment & management of pain, children, literature review, 2173
physical & psychosocial factors, accuracy of remembering pain, 17–78 yr old chronic pain patients, 40426
plate pushing task, objective measurement of pain in wrist, 21–35 yr olds with no pain, 24725
pleasant vs unpleasant slides, pain tolerance during noxious stimulation, college students, followup study, 7733
positive vs negative expectancy of distraction vs imagery strategy, reduction of cold pressor pain, 17–23 yr old college students, 38740
prenatal & postnatal crying as communication of pain, infants, 39499
prenatal alpha melanocyte stimulating hormone, weight & pain reactivity & sexual performance & response to environmental changes, rats, 881
pressure control device using compressed air, quantitative analysis of hollow organ sensations & pain, 674
psychosocial factors & client characteristics, pain of 1st trimester abortion, 13–34 yr old females, 34141
purposeful vs nonpurposeful activity, tolerance to electrically induced pain, college students, 18253
relevant vs irrelevant anxiety evoking instructions, pressure pain ratings, male college students, 21190
reliability & validity of Descriptor Differential Scale, clinical pain assessment, 18–39 yr old dental patients, 24593
reliability of postpartum questionnaire reports of pain during vaginal births, primiparous vs multiparous females who attended childbirth preparation program, 27047
reliability of self report pain measures, differentiation of levels of pain intensity, 3–6 yr olds, 17560
repeated defeat by dominant conspecifics, pain sensitivity & body weight & exploratory & defensive behavior & escape learning, male rats, 21470
sensory thresholds in lumbar area, 27–67 yr old patients with unilateral renal/ureteral calculosis, 33660
social isolation, tactile startle reactivity & nociception & resting heart rate & BP, male rats, 14727
sociocultural family origin & educational level, ratings of pain & pain behavior during childbirth, 19–38 yr old females with mothers born in Western vs Middle Eastern countries, Israel, 39750
stimulus surface & duration & skin temperature, pain vs detection thresholds for short carbon dioxide laser pulses to hairy vs glabrous skin, 21–51 yr olds, 18232
stressful or noxious stimuli, modulation of perception of pain, mice, conference presentation, 28701
subjective confidence, painfulness & subjective impairing effect of cold water hand bath, male college students, 15528
tetrahydrocannabinol enantiomers, activity level & rectal temperature & tail flick latency & catalepsy, male mice vs dogs, 39350
time & pain perception & illness behavior, Sicilian immigrants, Canada, 32616
time of day, pain & stress during childbirth, mothers, 39139
time of day, perceived pain & mood state including tension & anxiety & fatigue, mechanical low back pain patients, implications for pain management, 2001
transcutaneous nerve stimulation, threhsold & EPs & pain during dental treatment, adults, conference presentation, 20089
validity of next of kin's estimations of pain, 25–79 yr old cancer patients & their 28–85 yr old next of kin, 23014
validity of Taylor RT procedure, assessment of effect of experimental alcohol intoxication on physical aggression & pain perception, college students, 28863
verbal rating scale vs visual analogue scale vs McGill Pain Questionnaire, assessment of pain, cancer patients, 77

visual analog vs verbal descriptor scales, measurement of intensity or unpleasantness of painful & near painful heat stimuli, 21–26 yr olds, 38729
16-Me cyprenorphine, conditional analgesia & antinociception on formalin test, rats, 39287
Pain Receptors [See Nociceptors]
Pain Relieving Drugs [See Analgesic Drugs]
Pain Thresholds
cognitive strategy training & goal specification, perceived pain intensity & tolerance latency, college students, clinical implications, 31773
cognitive style & imagery vs rational thoughts vs expectancy coping training, pain tolerance, 18–35 yr olds, 4210
electrical stimulation of periaqueductal gray matter, analgesia threshold, mice bred for high vs low stress induced analgesia, 39203
ethyl alcohol vs morphine, tolerance to induced pain & pain threshold, 21–30 yr old females, 931
ethyl alcohol vs morphine, tolerance to induced pain & pain threshold, 21–30 yr old females, erratum, 35917
group hypnosis & instructions of personal control, ischemic pain threshold, college students, Italy, 16661
hypnosis & relaxation induced analgesia, strength & unpleasantness dimension of pain evoked by electrical tooth pulp stimulation & cold pressor, college students, 9597
low frequency vibration stress, pain thresholds & emotional behavior, rats, 4242
mechanical stimulation of carotid sinus baroreceptors, pain threshold & EEG, normotensive vs borderline hypertensive male college students, implications for stress, 4094
naloxone, detection & pain thresholds & tolerance for electrical vs thermal stimulation, healthy 19–33 yr olds, 18449
phase of menstrual cycle, pain threshold & tolerance & perceived intensity during cold pressor task, cycling female college students with vs without dysmenorrhea, 19526
positive feedback & stress inoculation training, cold pressor pain tolerance, female college students, 28202
pressure or pleasurable self stimulation of anterior or posterior vaginal wall vs clitoris, pain or tactile thresholds, females, 11704
sensory thresholds in lumbar area, 27–67 yr old patients with unilateral renal/ureteral calculosis, 33660
social isolation & subsequent resocialization, open field locomotor activity & tailflick response to heat stimulus, handled & nonhandled individually vs group housed rats, 11112
standard vs surgical analogy instructions & arousability vs approval seeking behavior, pain tolerance, college students, 39155
stimulus surface & duration & skin temperature, pain vs detection thresholds for short carbon dioxide laser pulses to hairy vs glabrous skin, 21–51 yr olds, 18232
sweet fluids, pain threshold & opiate receptor binding, male rats, 21758
Painting (Art)
abstract art with single vs double axis symmetry transformations, skin conductance & aesthetic evaluations, college students, 11096
abstraction & complexity, preferences & recognition of paintings, elementary vs art education majors vs art professors & graduate students, 25370
classroom vs home vs classroom discussion exposure to paintings, preference for abstract vs realistic paintings, preschoolers, 7999
frequency of representation of animals in paintings & on coins, 500 BC to 20th century, 7969
lateral vs vertical reversals, preferences for balance in pictorial composition, art majors vs psychology students vs 3rd graders vs kindergartners, 11451
line of sight, perception of spatial configuration in painting, adult males, 14265
monocular view of drawings & paintings with fixation alternated between points at different implied distances from O, covered eye vergence movements, 10–43 yr olds, 15065
music &/vs paintings, mood changes, college students, 35407
paintings viewed 18 vs 36 vs 72 sec, estimation of exposure duration & pleasure ratings, male vs female college students trained vs not trained in art appreciation, 3692
personal preference ranking of areas of painting subject matter, male vs female college students vs art museum attendees, 4549
sensation seeking, preference for simple vs complex & representational vs abstract paintings, 18–72 yr olds, 32859
subject matter vs stylistic cues, judgments of similarity of paintings, 3–5 yr olds, 11436
Paired Associate Learning
abstract designs & verbal paired associates tests, differentiation of memory ability, unilateral temporal lobectomy patients, 27059
age & task difficulty, strategies & allocation of time to achieve word pair recall, 1st–7th graders, Canada, 25446
age of onset of blindness, paired associate serial learning, blind 10–40 yr olds, 22873
authoritarianism & rigidity, learning & recall of verbal paired associates, college students, India, 7444
authoritarianism &/vs rigidity, verbal paired associate learning, college students, 17884
bizarre imagery as mnemonic aid, paired associate learning, college students, 31881
bizarre imagery, long term retention of paired associates within variable contexts, college students, 28328
Blissymbols vs signed English manual sign languge learning & recall using paired associates, 2.9–5.8 yr olds with phonologic programing deficit syndrome, 1952
computer based drill vs voluntary flashcard strategies, word number pairs learning, 10th graders, 27587
computer environments, paired associate learning, adults, 14431
concreteness & semantic relatedness of word pairs, composite imagery ratings & cued recall, college students, 14467
elaborative interrogation vs imaginal representations, paired associate fact learning, college students, 355
electrodermal lability, effects of stimulus presentation rate & methylphenidate on prediction of paired associate learning, hyperactive male 8.2–12 yr olds, 5383
imagery, memory for concrete vs abstract word pairs, college students, 31888
information processing under speeded conditions & personality correlates, paired associate learning, male college students, 10840
instruction to integrate noun & verb pairs, cued recall test, college students, commentary on replication, 38882
instruction to integrate noun & verb pairs, cued recall test, college students, replication, 38896
intact vs incomplete antonym pairs, memory generation effect measured by study time & word recognition & judgment cautiousness & RT, college students vs elderly, 38900
interactional vs separate imagery instructions & familiarity of word pairs, cued recall, college students, 21314
learning & recall of name-number pairs, repairing induced forgetting & individual differences in retention & relearning of original pairs, military recruits, 28329
methylphenidate, self paced paired associate learning, 7–12 yr olds with attention deficit disorder with hyperactivity, 37490
motor vs visual imaginal encoding, verb pair learning, college students, 38283
narrow vs wide sentences illustrating figurative meaning of proverbs, category learning, college students, 38897
nitrous oxide, serial & paired associate learning tasks, 19–30 yr olds, 7894
open question vs method choice vs sequential vs true/false questioning method, rate of computer aided learning of Dutch-English word pairs, students, 35376
paired associate cue & memory instructions, word stem completion & cued recall, alcoholic 54–66 yr olds with Korsakoff's psychosis, 12218
paired associates with correct vs randomly assigned incorrect meanings, comprehension of synthesized vocal segregates, adults, implications for human computer interaction, 29007

paired auditory & visual & vibratory stimuli with miscues, skin conductance amplitude & RT, college students, 35680
personality, short & long term memory on paired associate task, 12 & 16–20 yr olds, India, 8063
psychometric properties & factor analysis of Wechsler Memory Scale Form 1 vs Form 2 Paired Associate Learning subtests, 20–79 yr old medical patients, 7093
repeated events chunking, recall in paired associate learning, college students, 38869
role learning vs provided vs self generated images vs verbal mediation conditions, paired associate learning, adults with amnesia vs Korsakoff's syndrome, 26559
rules of moral conduct in Bible stories paired with pictures, recognition, 3rd vs 5th graders, 15175
SAM vs Minerva II vs Matrix vs TODAM global matching models, pair recognition, college students, 38701
semantic &/or episodically related word pair learning, item recognition & distance estimation, college students, 38913
semantic retrieval vs strong output cues, word associative encoding & retrieval, patients with Alzheimer's disease vs Huntington's chorea, 12401
sucrose consumption, locomotion & task orientation & paired associate learning, 3.9–5.1 yr olds, 35997
transfer specific paired associate learning, proactive interference in long term word list retention measuring item vs relational information encoding, college students, 38875
visual & auditory imagery, paired associate learning, blind vs deaf 10–16 yr olds, India, 2081
visual images & bizarre contexts & retention interval, recall of lists of words, college students, 38943
visuospatial paired associate learning, 6–11 yr olds with vs without family history of alcoholism, 22823
Pakistan
ability to differentiate social rules, 8th–12th graders, Pakistan, 1134
cognitive task battery, assessment of developmental levels, primary school students, Pakistan, 3318
psychometric equivalence of Urdu vs English version of California Psychological Inventory, bilingual college students, Pakistan, 49
socialization practices, psychological differentiation, rural vs urban male vs female 8 vs 11 vs 14 yr olds, Pakistan, 1095
validity of International Association for Evaluation of Educational Achievement Mathematics Achievement Test, female 6th–10th graders, Pakistan, 3331
validity of typology based on social & psychological factors vs type of crime committed, male prisoners, Pakistan, 1842
Palestinians [See Arabs]
Palsy [See Paralysis]
Pancreas
etiology & management of depression & psychological distress, pancreatic cancer patients, 23045
icv cholecystokinin octapeptide, food intake & insulin & pancreatic polypeptide release, dogs, 25244
pancreatic abnormalities, adult females with anorexia nervosa with vs without bulimia & vomiting vs bulimia & normal body weight, 26547
peripheral pancreastatin following T maze footshock avoidance training, memory retention, male mice, 25217
referral for psychiatric assessment, 42 yr old male with insulinoma, case report, implications for differential diagnosis, 30097
symptoms & diagnosis of pancreatic encephalopathy, 48–59 yr old males with pancreatitis, case reports, 33598
Pancreozymin [See Cholecystokinin]
Panic
assessment of dimension of panic independent of general anxiety, patients with anxiety or obsessive compulsive disorder, 33015
cognitive & physiological correlates of panic attacks, agoraphobic 35–46 yr olds, 5246
comparisons of clinical & psychometric variables & epidemiology of agoraphobia with panic attacks & social phobia, psychiatric patients, 8576
emotion laden materials, selective free recall memory, nonclinical panicking vs nonpanicking college students, Canada, 10859
estrogen replacement therapy, panic attacks & anxiety, female 35 & 58 yr olds, case report, 9564
experience of panic attacks as hyperventilation without cognitive component & panic disorder symptoms, children, 5291
failure to experience signal anxiety, etiology of psychologically vs biologically generated panic attacks, adults, 22509
family history & frequency & recency & severity of panic attacks & other psychopathology, 17–50 yr old college students, 22609
genetic determinants of symptoms of panic vs neuroticism, same sex twins, Australia, 15729
historical overview of concept of homosexual panic & relation to diagnostic utility & homophobia, 20 & 22 & 25 yr old males, 15378
hormonal & physiological changes assessed during panic attacks, adults with panic disorder, 1567
hyperventilation, physiological & distress responses, adults with panic disorder vs infrequent panic attacks, 15629
imipramine pretreatment, sodium l actate induced panic attacks, macaques, 4361
iv cholecystokinin tetrapeptide, panic like attacks, healthy 20–34 yr olds, 35798
lactate & hyperventilation, parasympathetic nervous system activity & panic attacks, normal 24–50 yr olds, 21641
lactate infusion, panic, female bulimic 18–40 yr olds, 30006
lactate provoked panic attacks or general anxiety disorder or alcohol or benzodiazepine withdrawal, tribulin output, adult patients, 29633
panic attacks, drinking behavior, male alcoholic 18–77 yr olds, 26351
panic symptoms associated with slight earthquake, 44 yr old female with agoraphobia with panic attacks, case report, 29659
prevalence & characteristics of types of panic, body sensations & cognitions, patients with panic disorder with agoraphobia, 26185
prevalence & symptoms of panic attacks & disorder, nonclinical college students, 40188
primidone, 49 yr old female with recurrent panic & complex partial seizures, case report, 9566
psychological symptom differences, patients with panic disorder vs agoraphobia with panic attacks vs mitral valve prolapse syndrome, conference presentation, 16136
psychophysiological correlates of sodium lactate induced panic, humans, conference presentation, 7872
safety signal therapy vs therapist assisted exposure, avoidance, 25–62 yr olds with agoraphobia with vs without panic attacks, 26918
sodium lactate induced panic attacks, depressed outpatients, 15734
sodium lactate or isoproterenol infusion induced panic-anxiety, subsequent preinfusion anxiety & infusion induced panic attacks, adults with panic disorder, 5362
sodium lactate vs isoproterenol, induction of panic, adults with vs without panic disorder, 5148
sodium lactate vs isoproterenol vs yohimbine, maze & social interaction & evoked panic like behavior, male rats, 7871
somatic symptoms & psychic anxiety & fear of impending doom, patients with agoraphobia or panic disorder or social phobia or anxiety disorder, 33072
stress, norepinephrine & epinephrine & heart rate & electrodermal activity responses, anxiety patients with vs without frequent panic attacks, conference presentation, 29486
yohimbine, BP & anxiety, healthy adult males, 7842
Panic Disorder
abnormalities in vestibular system functioning, patients with panic disorder, 11982
acute vs chronic imipramine, conditioned suppression of drinking, female rats, animal model for panic disorder, 11220
adjunctive buspirone in benzodiazepine treatment, 27–47 yr olds with panic disorder, 37504

adjunctive clonidine after gradual alprazolam discontinuation, patients with panic disorder, 16564
age of onset & incidence of panic disorder or agoraphobia or affective or anxiety disorders or alcoholism in 1st degree relatives, patients with panic disorder &/or agoraphobia, Italy, 36597
aggressive thoughts & behaviors, 30 yr old male & 28 & 32 yr old females with panic disorder, case reports, implications for antidepressant treatment, 40105
ALFA expert system on drug therapy, panic attacks, 9544
alprazolam & phenelzine, mystical trance states associated with depression & panic attacks, 26 yr old male, case report, 6194
alprazolam & psychotherapy, panic & nausea & school phobia & grief after learning of father's terminal cancer, 17 yr old White male with panic disorder, case report, 2227
alprazolam, atypical chest pain & panic disorder, patients without evidence of coronary artery disease, 16539
alprazolam, depressive symptomatology, 18–66 yr olds with panic disorder & agoraphobia, 26979
alprazolam efficacy, panic disorder & agoraphobia, commentary, 40781
alprazolam, patients with panic disorder or agoraphobia with panic attacks with vs without secondary major depressive episode, 6 mo followup, 2522
alprazolam, patients with panic disorder or agoraphobia with panic attacks with vs without hypothalamus pituitary adrenal axis hyperactivity, 23370
alprazolam vs adinazolam, 21–52 yr olds with panic disorder or agoraphobia with panic attacks, 30500
alprazolam vs diazepam, treatment outcome, adults with DSM-III personality & panic disorders, 6186
alprazolam vs propranolol, 18–62 yr olds with panic disorder or agoraphobia with panic attacks, 30486
ambulant transcutaneous carbon dioxide monitoring during hyperventilation, patients with panic attacks, 11977
amitriptyline vs phenelzine, depressed patients with or without anxiety & panic attacks, 16580
antidepressant drug induced jitteriness syndrome, patients with panic disorder, 6180
antidepressant drugs, panic related disorders, literature review, 6161
anxiety associated with marihuana smoking, 19–47 yr old panic anxiety vs depressed patients, 22649
anxiety vs nonanxiety words & relaxation vs exercise, memory & mood & heart rate & skin conductance, 22–58 yr olds with panic disorder, application of information processing theory of fear, 36652
applied vs progressive relaxation therapy, 22–58 yr old patients with panic or generalized anxiety disorder, 19903
attributions for cause & cessation of panic attacks & preferred coping strategies, adults with panic disorder, 19141
autoimmune thyroiditis, panic disorder patients, 22643
autonomic hyperactivity & muscular tension & vigilance & apprehensive expectation, differential diagnosis, 18–65 yr olds with social phobia vs generalized anxiety vs panic disorders, 5309
benzodiazepines, panic related disorders, literature review, 6181
benzodiazepines, platelet serotonin uptake, 18–59 yr olds with panic disorder, 23433
biological aspects of anxiety & panic & obsessive compulsive disorders, literature review, 26203
biological aspects of panic disorder, 15772
breathing & relaxation with vs without training in vagal innervation methods, tachycardias & cognitive anxiety, adults with panic disorder, 6100
breathing training, anxiety, outpatients with panic attacks, 30377
Briquet's syndrome, 14–78 yr old females with major depression or panic disorder or agoraphobia, 26141
buspirone, development of jitteriness, 28–40 yr olds with panic or generalized anxiety disorder, case reports, 6159
buspirone vs clorazepate, patients with panic disorder, 16632
buspirone vs clorazopate vs benzodiazepines side effects, patients with anxiety &/or panic disorder, conference presentation, 30503
buspirone vs imipramine vs placebo, patients with panic disorder, 30512
caffeine abstention, 22–37 yr olds with generalized anxiety disorder or panic disorder, 36567
carbamazepine, anxiety symptoms & attack frequency, adults with panic disorder, implications for epileptiform model, 6203
carbamazepine, 21–56 yr olds with panic disorder, 30524
carbon dioxide inhalation, ventilatory response, 22–44 yr olds with panic disorder, 5268
carbon dioxide vs placebo inhalation, 21–45 yr old females with premenstrual dysphoria & without panic disorder, 33541
cerebral laterality in auditory & somatosensory & pain thresholds & agoraphobic fear & depression, electrodermally stabile vs labile patients with anxiety disorders, 33099
childhood anxiety disorders & adult panic disorder & agoraphobia, females vs males, literature review, 5167
childhood family relations & atmosphere & personality characteristics & precipitating events, clinical differentiation, 19–59 yr olds with major depression &/vs panic disorders, Norway, 36555
childhood separation anxiety, adult-onset panic disorders, adults with agoraphobia or panic disorder, 40191
classification of agoraphobia & panic disorder in DSM-III vs DSM-III-R vs International Classification of Diseases, 5276
client characteristics, patients with panic disorder vs agoraphobia with panic attacks, 15673
clinical observations & description of space & motion phobic stimuli, 24–55 yr olds with panic disorder & vestibular dysfunction, 40025
clinical profile & therapist relationship, development of relaxation induced panic, psychiatric patients, commentary, 2440
clomipramine vs imipramine, 17–74 yr olds with panic disorder, 6123
clonazepam, 16–19 yr olds with panic disorder, 16585
clonidine, central adrenoceptor sensitivity, 19–51 yr olds with panic disorder, 22610
clonidine, plasma cortisol, adults with major depression vs panic disorder, conference presentation, 12918
clonidine, plasma growth hormone levels, adult panic disorder patients, 5325
cocaine induced panic disorder, 25–36 yr olds, 19371
cognitions & heart rate during normal daily activity, 22–37 yr olds with panic disorder, 29567
cognitive behavioral techniques, panic disorder, 16403
cognitive behavioral therapy, 26 yr old female with panic disorder, 2285
cognitive behavioral therapy, 26 yr old female with panic disorder & 32 yr old male with agoraphobia with panic, 2315
concomitant major depression & panic disorder, psychiatric patients, 8605
concurrent social phobia with vs without depression, 20–59 yr olds with panic disorder, 22642
continuing in treatment with alprazolam or desipramine, selection bias for biochemical variables, patients with panic disorder, 23376
corticosteroid therapy, onset of panic attacks, 32 yr old female psychiatric patient, case report, 16615
cortisol & activation of hypothalamic pituitary adrenal axis, sodium lactate induced panic, panic disordered adults with or without agoraphobia, 22556
decreasing efficacy of alprazolam, 18–61 yr olds with panic disorder & agoraphobia, case reports, 6140
demographic characteristics & predisposing life events & response to drug therapy, 18–34 yr olds with panic disorder, Nigeria, 1670
development & validation of predictive model, assessment of panic disorder, 16–86 yr old cardiology patients with chest

pain & no clinical evidence of coronary artery disease, 38635
development of relaxation induced panic, patients with panic disorder, commentary, 2413
dextrose vs lactate vs isoproterenol, panic attacks, 18–58 yr old panic disorder patients, 22506
diagnosis & treatment of panic disorder, 15780
diagnostic variance between International Classification of Diseases-9 vs DSM-III & identification of subtypes, adults with panic attacks, 15727
differential diagnosis of panic disorder or agoraphobia vs medical disorders, literature review, 5208
differentiation of panic symptoms from alcohol withdrawal, adults with dual diagnosis of alcoholism & panic disorder, 8503
drug therapy & psychological treatments, agoraphobia & panic & obsessive compulsive disorders, literature review, 26719
DST, patients with panic disorder before vs after treatment with alprazolam or diazepam, implications for hypothalamo pituitary adrenal axis disturbance, 40085
DST serum cortisol & electrodermal lability & habituation, 19–50 yr olds with pain disorder vs agoraphobia & panic attacks, 33098
eclectic psychotherapy, 34 yr old male with agoraphobia & depression & 23 yr old female with panic attacks & 20 yr old female with suicidal depression & panic attacks, 2323
EEG abnormalities, 23–57 yr olds with panic disorder, 29653
EEG sleep & sleep panic, 23–57 yr olds with panic disorder, 22600
efficacy of alprazolam, panic disorder & agoraphobia, commentary reply, 40778
endogenous flunitrazepam binding inhibitor, patients with panic attacks or depression, 8655
epidemiology & treatment, panic attacks, 2246
etiological role & differential diagnosis of hyperventilation, patients with panic & anxiety disorders, 1549
etiology of initial vs recurrent panic attacks, 21–39 yr olds, 15817
evolutionary psychobiological explanation of panic disorder, 15748
experience of panic attacks as hyperventilation without cognitive component & panic disorder symptoms, children, 5291
exposure practice & marital satisfaction & communication patterns during couples behavioral therapy, females with agoraphobia with vs wthout panic disorder, 26890
external locus of control, 18–65 yr old agoraphobic or panic disordered vs nonagoraphobic neurotic patients, Netherlands, 26194
familiality of avoidant & dependent & borderline & flamboyant cluster & anxious cluster DSM-III personality disorders, patients with panic disorder or other Axis I diagnoses, 22623
family history of psychiatric disorders, patients with social phobia vs panic disorder, 5310
fear of fear hypothesis vs hyperventilation theory of panic disorder & agoraphobia, 1642
fears & avoidance behaviors, adults with panic disorder with agoraphobia, 19201
fluoxetine, imipramine associated weight gain, 42 yr old female with panic disorder & agoraphobia & 55 yr old female with major depression & panic disorder, case reports, 30410
frequency & intensity of daytime attacks & anxiety level & physiological responses, 18–65 yr olds with panic disorder with vs without nocturnal panic, 26051
frequency of personality disorders, panic disorder patients vs psychiatric outpatients, 22621
functional cardiac disorder & mitral valve prolapse & hyperventilation & panic disorder & their relationship to anxiety, treatment implications, conference presentation, 16117
GABA activity in baclofen treatment, 18–65 yr olds with panic disorder, 26939
genetic components of schizophrenia & bipolar affective disorder & alcoholism & panic disorder, 29461
guided imaginal coping technique, 36 yr old female with panic disorder with agoraphobia, case report, 16530
heart rate index, identification of sodium lactate induced panic, patients, 1599
history of classification of anxiety disorder & reclassification of panic disorder as separate diagnostic entity in DSM-III, 12089
history of hypothyroidism or hyperthyroidism or goiter in self or 1st degree relatives, female 14–78 yr old psychiatric patients with history of panic disorder or agoraphobia with panic attacks, 15754
HLA antigens, patients with panic disorder, 29521
hormonal & physiological changes assessed during panic attacks, adults with panic disorder, 1567
human growth hormone releasing factor challenge, plasma growth hormone levels, 21–61 yr olds with panic disorder, 19200
hypersensitivity to carbon dioxide, patients with panic disorder or agoraphobia with panic attacks, 33151
hyperventilation, physiological & distress responses, adults with panic disorder vs infrequent panic attacks, 15629
hyperventilation provocation test, patients with panic disorder, 19116
hyperventilation theory & probability model of panic disorder during sleep, implications for treatment, 22585
hyperventilation theory of relaxation induced anxiety & panic attacks, 33111
hypothalamic pituitary adrenal activation of corticotropin releasing hormone system, patients with panic disorder, 11962
hypothalamic pituitary adrenal axis activity, patients with panic disorder vs experiencing external stress, 11987
illusion of control, carbon dioxide induced panic attacks, adults with panic disorder & agoraphobia, 22633
imipramine dosage, 18–65 yr olds with panic disorder & agoraphobia, 23425
imipramine, heart rate & BP response to standing & orthostatic reflex, patients with panic disorder, implications for study of neuropharmacological adaptation, 19987
imipramine, panic attacks & school avoidance, 9 yr old male with Tourette's syndrome, case report, 2543
imipramine, panic attacks, 35 & 36 yr old females with schizophrenia, case reports, 23463
imipramine, panic like syndrome, 24 & 32 yr old females with schizophrenic schizoaffective disorder, case reports, 30514
imipramine vs buspirone, patients with panic disorder or agoraphobia with panic attacks, conference presentation, 37546
imipramine vs desipramine vs doxepin vs amitriptyline vs trazodone vs phenelzine, carbohydrate craving & increased appetite, patients with panic disorder or major depression, 16657
implosive therapy, anxiety & panic attacks, 2421
incidence of & age of S at parental death, patients with panic disorder vs agoraphobia vs simple phobia, test of separation anxiety hypothesis, 22653
incidence of & physical symptoms associated with diagnoses of anxiety or panic disorder, patients in immediate care facilities, 6447
incidence of panic attacks, high school students, 12090
incidence of panic disorder & panic attacks, psychiatrically hospitalized 7–12 yr olds with separation anxiety or depression or other disorder, 15609
isoproterenol, panic attacks, 18–58 yr olds with panic disorder, 22619
kinetics of platelet MAO using tyramine as substrate, adults with panic disorder, 19182
lack of resolution of mourning, 24 & 25 & 32 yr old females with panic attacks & intrusive visual images of deceased loved one, 8760
lactate induced anxiety attacks, regional cerebral blood flow, 22–52 yr olds with panic disorder, conference presentation, 36677

lactate infusion, plasma beta endorphin response, patients with panic disorder or major depression, 26052
lactate infusion, urinary catecholamine metabolite & tribulin output, adult patients with panic attacks, 5174
lactate infusions, subjective anxiety & BP & heart rate, patients with panic disorder, 33230
lactate, panic & anxiety & heart rate & other symptoms, 18–45 yr olds with panic disorder, 29491
lactate response, 18–47 yr olds with panic disorder or depression with vs without panic attacks, 36568
late life onset of panic disorder with agoraphobia, 75 & 89 yr old females, case reports, 36638
life events 12 mo prior to onset, patients with panic disorder, 29531
lifetime occurrence of panic attack &/vs generalized anxiety episodes, chronically anxious adult females in autonomically labile & stable subgroups, 8631
lithium augmentation of clomipramine, treatment resistant 25 yr old male with depressive & obsessive & panic symptoms, case report, 23378
low vs flexible dose of clomipramine, 18–43 yr old patients with panic disorder or agoraphobia, 30446
lymphocyte beta adrenergic receptor binding, patients with panic disorder or agoraphobia with panic attacks, 29505
m-chlorophenyl-piperazine, blood drug & cortisol levels indicating serotonin receptor hypersensitivity, patients with panic disorder vs major depression, 22568
m-chlorophenylpiperazine, serotonin receptor hypersensitivity assessed through behavioral response, patients with panic disorder vs major depression, 16579
maintenance program for behavioral treatment, patients with agoraphobia or panic disorder or blood phobia, 26912
mitral valve prolapse & panic disorder, literature review, 5720
mitral valve prolapse assessed by echocardiogram, adult patients with panic disorder or agoraphobia with panic attacks, 5211
MMPI scores, adults with panic disorder vs anxiety neurosis with vs without panic attacks, 40072
neuroanatomical model of panic disorder, 22550
neuroendocrine function & sleep physiology & abnormalities, patients with panic disorder, literature review, 5319
neuroendocrine tests, assessment of brain noradrenaline & 5-HT function & influence of drugs, patients with anxiety or panic disorder or depression, literature review, 1666
neuropathology of corticotropin releasing hormone, patients with depression or affective disorders or panic disorder or alcoholism, 36553
nocturnal panic attacks, 28 yr old female with major depression & no daytime panic, case report, 15696
nondirective vs cognitive vs coping desensitization therapy, patients with generalized anxiety or panic disorder, 6 or 12 mo followups, 12548
noradrenergic & serotonergic receptor system function, patients with panic disorder vs major depression, 19127
nortriptyline, patients with panic disorder or agoraphobia with panic attacks, 16605
onset of panic disorder & agoraphobia & response to imipramine & alprazolam, 8 & 11 & 13 yr olds, 36559
overlapping classification errors using DSM-III criteria & disorder similarities & differences, patients with agoraphobia vs social phobia vs panic vs generalized anxiety disorders, Australia, 33143
panic attack prevalence, 18–85 yr old Houston metropolitan area residents, 12056
panic attacks & avoidance behavior, literature review, 15653
panic attacks & depression, 71 yr old widow, case report, 26072
panic attacks concomitant with chronic depersonalization syndrome, 17 yr old female, case report, 26098
panic attacks during psychoanalysis, recall & mastery of repressed experiences, 35 yr old female, case report, implications for psychoanalytic technique, 40661
panic attacks precipitated by photic stimulation & response to clonazepam vs other antipanic drugs, female 39 yr old, case report, implications for subgroups of panic disorder, 33164
panic attacks, 17–71 yr old alcohol abusers, 29755
panic disorder & agoraphobia & depression, literature review, 5265
panic disorder, borderline personality disorder patients, 22672
panic disorder, 5–18 yr olds, 40127
panic during lactate vs isoproterenol vs placebo infusions, preinfusion anxiety, panic disorder patients, 19262
panic expectancy, individual avoidance patterns, 23–54 yr olds with panic disorder, 15652
partial tapering followed by abrupt withdrawal of alprazolam vs diazepam, anxiety & panic attacks, 19–63 yr olds with panic disorder, 37558
pharmacologic challenge strategy in panic disorders research, literature review, 5360
pharmacological treatment for panic disorder, 16596
placebo dextrose infusion, anxiety & heart rate & BP & panic, panic disorder patients, 15619
placebo vs alprazolam vs diazepam, adults with panic disorder or agoraphobia with panic attacks with vs without consistently normal DST, 6131
plasma dexamethasone & cortisol suppressibility, panic disorder patients, 5165
plasma lipid levels, 19–62 yr old females vs males with panic disorder or agoraphobia, 36602
platelet alpha-2 receptor binding & adenylate cyclase activity, 20–60 yr olds with panic disorder, 40080
platelet serotonin uptake & 3H-imipramine binding, 21–46 yr olds with panic disorder, 36668
platelet serotonin uptake, patients with panic disorder vs major depression, 33154
polysomnographic data in evaluation of nocturnal panic or other unusual nocturnal events, depressed patient, commentary with reply included, 36642
postpartum panic disorder, 26–34 yr old females, case reports, 15743
prevalence & characteristics of types of panic, body sensations & cognitions, patients with panic disorder with agoraphobia, 26185
prevalence & symptoms of panic attacks & disorder, nonclinical college students, 40188
prevalence & treatment of panic disorder, patients with chest pain & angiographically normal coronary arteries vs cardiology outpatients with atypical or nonanginal chest pain, 12335
prevalence of depression & panic disorder with vs without agoraphobia, alcoholic females in detoxification unit, replication, implications for self medication model of alcoholism, 22814
prevalence of depression & panic disorder, 26–78 yr old emergency room patients with atypical chest pain, 34199
prevalence of sleep paralysis & panic attacks & disorder in hypertension, Black patients, 5584
prodromal symptoms, panic disorder patients with agoraphobia, 15675
prodrome of generalized anxiety symptoms before onset of panic attacks, outpatients with panic disorder, 19104
propranolol, new onset or worsening of panic disorder, 33 yr old female & 22 yr old male with mitral valve prolapse, case report, 16588
psychological symptom differences, patients with panic disorder vs agoraphobia with panic attacks vs mitral valve prolapse syndrome, conference presentation, 16136
psychopathology, agoraphobic 21–62 yr olds with vs without panic attacks, 33018
psychosocial & psychopathological features, prediction of outcome & course, patients with panic attacks with vs without cardiac anxiety syndrome, 1 yr followup, 1648
psychosocial factors, onset & course of panic disorder, implications for clinical practice, 15651
rate of panic induction by sodium bicarbonate vs sodium lactate, 21–49 yr olds with panic disorder or agoraphobia with panic attacks, 22549

rational emotive therapy, 30 yr old female with hypochondria & panic & depression, 2262
relationship between panic disorder & major depression, 12070
relaxation therapy &/vs exposure to somatic cues combined with cognitive therapy, 18–65 yr olds with panic disorder, 33676
risk of mortality due to suicide & cardiovascular morbidity, patients with panic disorder, 11933
ritanserin vs fluvoxamine, 5-HT receptor activity, 18–65 yr olds with panic disorder, conference presentation, 37577
role of serotonin in panic disorder, 26149
RT to threatening vs neutral words, 20–62 yr olds with panic disorder, implications for attentional bias, 19093
self administered drugs vs habits vs environmental effects, triggering or increased frequency or intensity of panic attacks, patients with panic disorder, 1691
separation anxiety & school phobia in childhood, panic disorder, adult outpatients, 8693
sexual avoidance & intrapsychic barriers to emotional closeness & panic disorder, couples & spouses, 9093
short vs long term clonidine, noradrenergic function, 23–58 yr olds with panic disorder, treatment implications, 22657
side effects & treatment discontinuation of tricyclic antidepressants, adults with panic disorder or agoraphobia with panic attacks, 4 yr followup, 40790
social evaluative anxiety, adults with agoraphobia & panic attacks vs panic disorder, 5306
social fear & anxiety, 19–68 yr olds with DSM-III-R diagnosed social phobia vs agoraphobia vs panic disorder vs generalized anxiety vs simple phobia, 26156
sodium lactate infusion before vs after tricyclic antidepressant treatment, anxiety & panic attacks, 24–35 yr olds with panic disorder, 23464
sodium lactate infusion, physiological & psychological symptoms of panic, patients with panic disorder or agoraphobia with panic attacks, 19080
sodium lactate infusion, respiration & hyperventilation & panic, 19–51 yr olds with panic disorder, 19110
sodium lactate or isoproterenol infusion induced panic-anxiety, subsequent preinfusion anxiety & infusion induced panic attacks, adults with panic disorder, 5362
sodium lactate vs isoproterenol, induction of panic, adults with vs without panic disorder, 5148
somatic symptoms & psychic anxiety & fear of impending doom, patients with agoraphobia or panic disorder or social phobia or anxiety disorder, 33072
somatization disorder or somatic symptoms, patients with multiple personality disorder vs schizophrenia vs panic vs eating disorders, 29469
subjective experience of panic attacks, patients with panic disorder, 1545
substantive effect of variations in panic & agoraphobia measurement & definition, 29572
symptom severity during menstrual cycle, females with panic attacks with vs without agoraphobia, 19066
symptoms & epidemiology & etiology & differential diagnosis of anxiety & panic & phobic disorders, conference presentation, 15771
symptoms related to blood & injury phobia, adults with agoraphobia with panic attacks vs panic disorder with agoraphobia, 15674
temporal distribution of panic attacks, drug free inpatients with panic disorder, 5217
threatening experiences, panic disorder, 22–38 yr olds, 1703
thyroid function & disorders, 18–62 yr olds with generalized anxiety vs panic disorder with vs without agoraphobia, screening implications, 12027
tolerance to phenelzine therapy, 25–45 yr olds with panic disorder, 23460
tonic arousal & activity & personality & personality disorder traits, patients with panic disorder, 15709
TRH, TSH & prolactin & catecholamines & depression & heart rate & BP & anxiety, panic disorder patients, 5168
tricyclic antidepressants & MAO inhibitor & benzodiazepines & beta blockers, treatment of panic or phobic disorders, literature review, 26969
tricyclic antidepressants, development of acute jitteriness, patients with panic disorder, commentary, 30421
tricyclic antidepressants, patients with panic disorder or agoraphobia with panic attacks, 1–4 yr followup, 37540
TSH response to TRH, patients with unipolar depression with vs without panic attacks, conference presentation, 33055
type & frequency of coping strategies, symptom & catastrophic thought reduction, anxiety disordered patients with vs without panic attacks, 22513
urinary free cortisol & depressive symptoms & agoraphobia, adults with panic disorder, 11988
urinary free cortisol & plasma MHPG, drug free panic & agoraphobic adults, 5349
urinary free cortisol excretion, patients with psychotic vs nonpsychotic depression vs panic disorder with vs without agoraphobia vs depression, 36620
urinary tribulin output, patients with panic disorder or agoraphobia, 5294
valproic acid, GABAergic transmission in treatment of panic disorder, outpatients, 23440
ventilatory response to carbon dioxide, patients with panic disorder, 19183
word association performance, 42 yr old female with bipolar schizoaffective illness & panic disorder, 5307
2-chloroprocaine, acute panic reaction, female 25 yr old following childbirth, case report, 37466
5-HT reuptake inhibitors, panic disorder, conference presentation, 20011
5-HT system involvement in panic disorder, 22569

Papaverine
buspirone & tetrahydropapaveroline injected in brain monoaminergic pathways, chronic ethyl alcohol drinking, male rats, 7906
icv tetrahydropapaveroline & inhibition of dopa-decarboxylase by Ro 4-4602, alcohol drinking, male rats, 35860

Papua New Guinea
ambiguous gender socialization & assignment & gender identity & 3rd sexual category, Sambia male pseudohermaphrodites with 5 alpha reductase deficiency, Papua New Guinea, 5664
construction of order in everyday life with belief in unseen world, Kaluli, New Guinea, application to ethnographic study of wealth in dynastic fortunes, 32599
interethnic conflict & aggression, Melanesian cultures, Papua New Guinea, 25702
social & cognitive learning, socialization of homosexuality & heterosexuality in transition from childhood & adolescence to adulthood, Sambia males, Papua New Guinea, 32469
socialization of homosexuality & heterosexuality in transition from childhood & adolescence to adulthood, Sambia males, Papua New Guinea, commentary, 32500

Parachlorophenylalanine
preexposure to pups, parachlorophenylalanine induced filicide, rats, 35791
prenatal 5-methoxytryptamine vs parachlorophenylalanine, serotonin uptake & behavior, neonatal rats, 18436
5-HT vs parachlorophenylalanine vs vasoactive intestinal polypeptide vs arginine vasotocin, circadian patterns of activity level & sleep appetitive behavior, cleaner wrasses, 878

Paradigmatic Techniques [See Paradoxical Techniques]

Paradoxical Sleep [See REM Sleep]

Paradoxical Techniques
cognitive reframing techniques, facilitation of hopefulness & well being, children & parents from divorced or single parent families, 37309
combined hypnosis & subliminal therapy & paradoxical intention, agoraphobic 27 & 33 yr old females, 27031
paradigm & ethics & practice & misconceptions of paradoxical therapy, 9340
paradoxical hypnotic intervention, 12 yr old male with school phobia, case report, 9598

paradoxical intention or symptom prescription or reframing, treatment outcomes, 1980–86, literature review, 26769
paradoxical intention vs cognitive approach & instructional sets geared to personality style, performance on cold pressor task, information monitoring vs blunting college students, 37424
paradoxical intention vs graduated exposure vs progressive relaxation training, clients with agoraphobia with panic attacks, 30384
paradoxical intervention, 15–37 yr olds with visual hallucinations, 33789
prescribing purposeful enactment & self monitoring of symptoms, 36 yr old female in therapy for generalized anxiety disorder, 2278
progressive relaxation vs stimulus control vs paradoxical intention, sleep pattern & quality, patients with chronic sleep onset insomnia, 17 mo followup, 19887
reframing, distorted body image & self worth, clients with anorexia nervosa or bulimia, 37327
reframing intervention strategy, resistance in psychotherapy, psychotherapists, 23204
restraining paradoxical interventions, procrastination or test anxiety, high vs low reactant clients, 5939
symptom prescription, symptom frequency & parental perception of emotional adjustment, 6–12 yr olds in family therapy, 33896
utility of reframing & myths & fairy tales as metaphors in therapy, anorexic 16 yr old female, 2255
Paragraphs
abstract vs concrete paragraphs & task context & comprehension instructions, prose recall, monolingual vs bilingual college students, 38919
paragraph markings in test, reading time & judgment of important ideas, college students, 25361
Paralegal Personnel [See Legal Personnel]
Paralysis [See Also Cerebral Palsy, Hemiplegia, Paraplegia, Parkinsons Disease, Quadriplegia]
central processing time & neuropsychological performance, older adults with supranuclear palsy vs Parkinson's disease, 22913
cholinergic agonist RS-86, motor abilities & eye movements & cognition, 60–74 yr olds with progressive supranuclear palsy, 23385
external attributions vs self blame, coping, 19–60 yr olds paralyzed from traumatic spinal cord injury, 26591
kanashibari isolated sleep paralysis phenomenon, college students, Japan, 22928
motor perseveration symptoms at onset, 62 yr old female & 59 yr old males with progressive supranuclear palsy, case reports, 26593
observations of R. Balint on patient with psychic paralysis of gaze & spatial disorder & optic ataxia, 1907, 2025
single midbrain glioma revealed postmortem, supranuclear downward gaze & bilateral ptosis, female 73 yr old, case report, 33483
visual EPs & related RTs, 51–80 yr olds with progressive supranuclear palsy, 33614
Paralysis (Hysterical) [See Hysterical Paralysis]
Paralysis (Infantile) [See Poliomyelitis]
Paralysis Agitans [See Parkinsons Disease]
Paramedical Personnel [See Also Attendants (Institutions), Nurses, Optometrists, Physical Therapists, Psychiatric Aides]
cooperative state & federal government & private industry training program, home care workers, 38010
deregulation of health care industry, practice & role of nonphysician health professionals, 34476
independent practice & licensing & 3rd party payment & cost containment, allied health professionals, 34479
inservice training program emphasizing needs of elderly residents, attitudes & patient care, nursing home nurses & nurses aides, 34478
satisfaction & performance & quality of care, home health care workers in worker owned agency, 37670
work related stress & job satisfaction & characteristics & burnout syndrome, paramedics, 23844
Paramedical Sciences [See Audiology, Nursing, Optometry, Pharmacology, Physical Therapy, Psychopharmacology]
Parameter Estimation [See Statistical Estimation]
Parameters (Response) [See Response Parameters]
Parameters (Stimulus) [See Stimulus Parameters]
Parametric Statistical Tests [See Also T Test]
bootstrap & approximate randomization computer intensive correlational analysis techniques, 31735
conventional ANOVA vs epsilon correction vs nonparametric vs parametric univariate tests, Type I error rate & power in groups by trials analysis under violated assumptions, 31737
linear multivariate hypothesis, determination of most significant parametric function & linear combinations of dependent variables responsible for hypothesis rejection, 35227
parametric & nonparametric analysis of groups by trials design under variance-covariance in homogeneity, 31736
sampling distributions of entropy in visual scanning, implications for use of parametric statistical tests, 38799
statistical criteria for choice of parametric vs nonparametric tests, data analytic research, 10676
Paranoia
brain surgery for subarachnoid hemorrhage, epilepsy & paranoia & De Clerambault's syndrome, female 29 yr old, case report, 40548
cognitive therapy, 21 yr old male with paranoid personality disorder, case report, 19833
iv infusions of cocaine, suspiciousness & paranoia, experienced male users, 905
paranoia in political philosophy of Plato's "Laws" & T. Hobbes' "Leviathan", 11647
transpersonal therapy based on guided imagery, depression & paranoia & other emotional problems, adult male, case report, conference presentation, 16354
Paranoia (Psychosis) [See Also Folie A Deux]
endocrine changes during climacteric vs involution periods, 47–74 yr old females with major depression vs atypical or paranoid psychoses, 22603
etiology of paranoid/delusional disorders & relation to organic brain factors, psychiatric patients, 8676
frequency & gender distribution & mode of appearance & prognostic value of affective symptoms, 16–61 yr olds with paranoid disorders, 7 yr followup, 15774
functional & organic perspectives, 33 yr old female with Clerambault & Capgras & Fregoli syndromes, case report, conference presentation, 5260
historical consistency of diagnostic criteria, psychiatric clinic patients with paranoid diagnoses, 1878–1977, Germany, 8630
immigration, paranoid & somatoform disorders, adult Chinese psychiatric inpatients, Hong Kong, 5095
incidence & severity & clinical management of paranoid delusions, patients with traumatic brain injuries, 16202
interrelationship of hypochondriacal & paranoid & depressive & suicidal symptoms, hospitalized psychiatric patients, Hong Kong, 15643
isofloxythepin vs haloperidol, acute attack of schizophrenic psychoses & paranoid states, psychiatric patients, conference presentation, 2539
legal responses, vexatious complainant suffering from querulent paranoia, Australia, 11646
overlap of paranoid/delusional disorders with schizophrenia & affective disorders, psychiatric patients, 8675
paranoid hypochondriacal vs other delusional diagnosis, course & outcome, psychotic patients with delusions, 5–39 yr followup, Norway, 12035
premorbid adjustment & chronicity & current functioning, paranoid vs nonparanoid nonorganic psychiatric inpatients, 15790
progressive supranuclear palsy, 69 yr old female who initially presented with paranoid delusions, case report, 15593
psychoanalytic theory, paranoid experience, 8663
shared paranoid belief system & cognitive subculture, members of sectlike group, 22606
sociodemographic profile & clinical variables, paranoid 29–75 yr olds with vs without hallucinations, India, 19198

views of E. Kraepelin on clinical characteristics of paranoia & differentiation from dementia praecox & manic depressive insanity, 5247
2-threshold multifactorial model of familial transmission of schizophrenia & related schizoid & paranoid & psychotic disorders, psychiatric patients, conference presentation, 8589
Paranoid Disorder [See Paranoia (Psychosis)]
Paranoid Personality
perceptual & cognitive responses to ambiguous stimuli identification task, college students with paranoid vs other dysfunctional personalities, 8737
Paranoid Personality Disorder [See Paranoid Personality]
Paranoid Schizophrenia
ability to judge social situations & thought processes from attribution theory perspective, paranoid schizophrenic 20–51 yr olds, 15770
age of onset, psychopathology & socio-occupational readjustment, 15–45 yr old patients with paranoid schizophrenia, Romania, 3 yr followup, 15759
chlorpromazine &/or trihexyphenidyl, pituitary gonadal axis, males with paranoid schizophrenia, 16624
chlorpromazine dosage, serum chlorpromazine & prolactin levels & clinical response, paranoid schizophrenic 23–60 yr old females, 16536
clonidine, drug free paranoid schizophrenic 21–50 yr old males, 37573
delusions of inanimate doubles, 55 & 74 yr old females with Capgras syndrome & paranoid schizophrenia, case report, commentary, 29544
fatal neuroleptic malignant syndrome, paranoid schizophrenic 36 yr old male, case report, 8659
im benztropine, neuroleptic malignant syndrome with delirium & dystonia & autonomic changes, 24 yr old male with paranoid schizophrenia, case report, 23374
incidence of parental deprivation & family history & birth order & sociodemographic factors, patients with paranoid schizophrenia, India, 1680
interpretation of art work, schizophrenic male, 19167
lithium & haloperidol vs loxapine, encephalopathy, 44 yr old White male with chronic paranoid schizophrenia, case report, 40766
missed differential diagnosis, 24 yr old male with chronic paranoid schizophrenia & antisocial personality & chronic thyroiditis & advanced hypothyroidism, case report, 26469
neuroleptics, creative kinase elevation, 30 & 28 yr old males with paranoid schizophrenia or borderline personality disorder, case reports, 2517
parallels between symptomatology & hypothesis of paranoid schizophrenia as response to depressive mode, drug abusing vs paranoid schizophrenic vs depressed patients, commentary, 32933
parallels between symptomatology & hypothesis of paranoid schizophrenia as response to depressive mode, drug abusing vs paranoid schizophrenic vs depressed patients, commentary reply, 32945
perinatal distress, risk of paranoid vs nonparanoid schizophrenia, patients, 12085
personal account of history & outcome of paranoid schizophrenia, adult male, case report, 29535
platelet MAO activity, schizophrenic patients with vs without paranoia or hallucinations, meta analysis, 5370
postmortem dopamine beta hydroxylase activity in locus ceruleus, brains of 26–75 yr olds with paranoid schizophrenia, 29540
primary process content analysis of free speech, patients with paranoid schizophrenia vs paranoia vs nonpsychotic psychiatric patients, 19257
psychosocial & clinical factors, prediction of paraphrenic outcome, schizophrenic patients at 1st admission, 5–9 yr followup, 12033
Rorschach test with simplified inkblots or list of possible responses, responses & scoring, paranoid vs nonparanoid schizophrenic 18–43 yr olds, 3577
skin & ear self mutilation, paranoid schizophrenic 35 yr old male, case report, 29644
stress responses & coping propensity, paranoid vs nonparanoid episodic vs remitted schizophrenic adults, 40092
teaching of cognitive behavioral skills in group setting, occupational therapists, application with 34 yr old male with paranoid schizophrenia, 2879
temporally modulated spatial frequency patterns, visible persistence duration, 18–45 yr olds with paranoid schizophrenia, 1698
tolerance to high dose of haloperidol, 73 yr old male with paranoid schizophrenia, case report, 2495
violent crime arrests, paranoid schizophrenic patients who attempted to see US President or other political figures, 9–12 yr study, 15783
Paraphilias [See Sexual Deviations]
Paraplegia
adjustment to paraplegia & experiences in psychiatric residency, female paraplegic physician, 34489
attributions of causality for their accidents, coping ability, victims paralyzed in severe accidents between ages of 16–35 yrs, reprint, 26514
community size & independent vs dependent living arrangement & employment status & social interaction, adjustment, patients with paraplegic or quadriplegic spinal cord injuries, 6488
exhibitionistic perversion, 32 yr old male with spinal cord injury & complete paraplegia & erectile dysfunction & anorgasmia, case report, 33498
factor analysis of Halstead Category Test & other measures in Halstead Reitan Neuropsychological Test Battery, paraplegic vs brain damaged 16–68 yr olds, 7073
familial syndrome of infantile optic atrophy & movement disorder & spastic paraplegia, children & adolescents & adults, 2–19 yr followup, 37002
rituals of adversity & social liminality & status, paraplegics & quadriplegics, US, 5742
Paraprofessional Education
training course for health education program, volunteers working in US-Mexico border community, 34535
training curriculum development, quality of care & support & self esteem & retention, home health care aides working with patients with Alzheimer's disease, 41128
training needs of special education paraprofessionals, special education teachers, 13448
Paraprofessional Personnel [See Also Attendants (Institutions), Paramedical Personnel, Physical Therapists, Psychiatric Aides]
behavioral contracting, punctuality & perception of training & data collection & positive interaction with clients, 25 yr old instructor in residential care facility for developmentally disabled, 38390
characteristics & alcohol education program, knowledge about alcoholism, professional & paraprofessional community gatekeepers, 6 mo followup, implications for program design, 38004
clinical effectiveness, paraprofessional correctional staff in prison mental health units, 23794
gerontological training in community setting, self esteem & job satisfaction & problem solving skills & client-worker relations, paraprofessionals, 13376
guidelines & rationale for employment in clinical settings, neuropsychological technicians, 34460
guidelines for use of nondoctoral personnel in clinical neuropsychological assessment, 34441
heart rate & catecholamine levels during shifts with vs without fire calls as indicators of work stress, male firefighters, Singapore, 6919
institutional culture & personal life, quality of care in nursing homes, nurse's aides, 37825
interpersonal & intrapersonal & situational factors, burnout, professional & paraprofessional nurses, 9958
perceived role components of rehabilitation work, paraprofessional workers in municipal social welfare departments or community centers, Israel, 6481
professional development & burnout in juvenile delinquency street outreach services, paraprofessional youth counselors, Israel, 23898

psychosocial development, students who worked as paraprofessionals in university orientation, 31276
responsibility for establishing effective relationship with patient, medical assistants, 17036
teaching of ethical issues, psychology college students seeking paraprofessional positions, 31052
training curriculum development, quality of care & support & self esteem & retention, home health care aides working with patients with Alzheimer's disease, 41128
training, home based family therapy for juvenile delinquents, paraprofessionals, 23841
treatment & treatment related activities used during 1 working wk, occupational therapy staff, 37870
Parapsychological Phenomena [See Also Clairvoyance, Extrasensory Perception, Near Death Experiences, Out of Body Experiences, Precognition, Psychokinesis, Telepathy]
areas of frequent UFO reports, incidence of cancer & depression, adults, 29463
background stimuli, displacement in ESP or clairvoyance, college students, 2
beliefs in paranormal phenomena, college students, Great Britain vs US, 3504
claimed encounters with dead person, respondents, Iceland, 14005
co-occurrence of regional tectonic strain during earthquakes & unidentified flying object observations, 24509
complexity & variability of philosophies of human nature scale & paranormal beliefs, college students, 3507
cross cultural analysis of violent vs natural death in previous life, death rebirth interval & age of recalling previous life, reincarnated adults, parapsychological implications, 10503
cultural & social factors of "zar" spirit possession & trance cult, illness diagnosis & therapeutic redefinition of self & context of experiences, Muslim females, Northern Sudan, 5845
evidence & skepticism regarding spontaneous & experimental poltergeist reports, 1977–78, England, 21007
experimental research & criticism of psi phenomena, literature review, 44 comments & author's reply included, 10507
gender symbolism & social boundaries & morality vs medical model, interpretation of spirit possession episodes in multinational factories, workers, Malaysia, 5122
guidelines for parapsychological research, 7
incidence of deception & self deception, persons claiming to have experienced reincarnation, Asia, 8
intuitive data sorting vs quantum mechanical O theory, 3508
Jungian interpretation of channeling phenomenon, 31509
multiaxial schema for evaluation of psi experiences, conference presentation, 21006
normal explanation of ticking noise originally construed as paranormal evidence of poltergeist, female & her son haunted by sound of ticking clock after father's death, Great Britain, 10504
outline of "Life after Death" course, aged, 16822
paranormal beliefs & beliefs about lunar effects, college students & crisis center workers, 28013
paranormal beliefs, retirees vs college students, 11564
personality characteristics, adults who claim UFO experiences, 28009
philosophical position of realism & explanation of paranormal experience, 35028
psi ability, token object reading & psychokinetic influence on plant germination & protection of seeds from saline effects, shamans, India, 10508
psychic healing & role of human body cells in development & treatment of mental & physical disorders, 26716
psychic research in channeling & automatism, 17503
psychotherapeutic needs, clients who claim UFO abduction experiences, implications for hypnotherapy & research, 30539
psychotherapeutic services, clients who claim UFO experiences, 30307
religiosity, frequency of anomalous or psi experiences, college students, China vs US, 18753
reported encounters with human like vs UFO apparitions, implications for psychical research, 35031
role of motivations in psi, conference presentation, 7003
similarities & differences between mediumship & multiple personality disorder in terms of dissociation vs survival intrusion hypotheses, 22515
social continuity of spirit possessions & trances in families & personal & social identity, Malagasy speaking families, Mayotte, 22139
spirit possession beliefs & rituals, Iran, 4811
subjective religious experiences & parapsychological parallels of crisis apparitions & near death experience, 35032
trials with vs without sender, psi on target set vs picture, college students, implications for observational theories in Ganzfeld research, 24503
unidentified flying object vs near death experience, attitudes toward self & others & life & religious or spiritual orientation & psychic abilities & beliefs, adults, 24506
variation in behavior, psychics, 5 yr study, 24504
19th century medical explanations of spirituality & psychic phenomena, 35025
Parapsychology [See Also Clairvoyance, Extrasensory Perception, Parapsychological Phenomena, Precognition, Psychokinesis, Telepathy]
beliefs about & personal experience with parapsychology, parapsychologists vs skeptics, 35026
biography of psychical researcher W. Barrett, 3505
causes & nature of displacement effect in ESP, literature review, 21003
details about previous lives, 3 yr old females, Sri Lanka, case reports, 18534
ethics & professional social responsibility in parapsychological research & publication, 14008
ethics of use of experimental Ss in parapsychological research, 7004
ganzfeld stimulation in general ESP task, 17–63 yr olds, 21005
historical development of experimental paradigm in psychic research, 3506
instruction in parapsychology, college students, 34600
major themes of parapsychological research before 1900, 14007
paranormal beliefs, Black vs White college students, 24514
parapsychological research into existance of psi phenomena, 44 comments & author's reply included, 10501
parsimony & coherence principles & scientific methods, scientific value of parapsychology, 24508
phenomenological commonality between parapsychology & psychotherapy, 28006
psi concept & incorrect intellectual approach, lack of progress in parapsychology research, 10502
psychiatric illness & parapsychology, conference presentation, 19179
reported encounters with human like vs UFO apparitions, implications for psychical research, 35031
role of parapsychological research in psychology, conference presentation, 9
S. Braude's 1979 critique of observational theories in parapsychology, commentary, 38554
S. Braude's 1979 critique of observational theories in parapsychology, commentary reply, 38550
secrecy & parapsychological aspects of craft, magicians, 38553
statistical selection errors, alpha errors in parapsychological research, conference presentation, 24513
susceptibility to Barnum effect, paranormal beliefs emphasizing divinatory procedures producing personalized feedback, college students, 11855
theory of scientific materialism & existence of psi & after death experiences, 21009
validity of empirical evidence in parapsychology, 28005
Parasitic Disorders
experimental methodology, study & control strategies for parasitic infections & risk behaviors in human ecology & sociocultual environment, 40422
parasitic infection prevalence & plumage brightness, North American passerine birds, test of theory of evolution of secondary sexual characteristics, 39072

Trichinella spiralis infection, behavioral changes, male mice, 3894
underlying parasitic infection in abdominal pain & psychosocial stressors, 15 yr old male immigrant from South Africa, 40377
Parasympathetic Nervous System [See Also Efferent Pathways, Vagus Nerve]
lactate & hyperventilation, parasympathetic nervous system activity & panic attacks, normal 24–50 yr olds, 21641
parasympathetic vs sympathetic autonomic nervous system, negative tilt UCS for heart rate interbeat interval UCR, dogs with bilateral vagotomy, 32133
Parasympatholytic Drugs [See Cholinergic Blocking Drugs]
Parasympathomimetic Drugs [See Cholinomimetic Drugs]
Parathion
parathion dosage at 5 to 20 days old, acetylcholinesterase activity & cortex muscarinic receptor binding & spatial memory in mazes, rats, 913
Parathyroid Disorders
cognitive function & serum calcium, 88 yr old female with hyperparathyroidism, 16046
hyperparathyroidism induced acute psychotic state, 52 yr old female with history of schizophrenia, case report, implications for differential diagnosis, 1720
hypoparathyroidism & hypocalcemia, 63 yr old female presenting with severe anxiety state, case report, 19007
Parathyroid Glands
removal of thyroid &/vs parathyroid glands, lithium mediated circadian wheelrunning activity, male rats, 810
Parathyroid Hormone
bovine parathyroid hormone & arginine vasopressin, urinary cyclic adenosine monophosphate response & concentrating ability, schizophrenic 24–67 yr olds on long term neuroleptics, 2563
Parent Child Communication [See Also Father Child Communication, Mother Child Communication]
communication about & understanding of death & funeral preparation, children & parents, 29168
factor analysis of social support scales, assessment of quantity & type of social relationships, elderly & their adult children, 32564
family sexual communication level, sexual attitudes & behavior, college students living with parents vs away from home, 11682
family therapy, underachievement in school & learning disabilities & parental communication, 37392
features of parent literate discourse & labels & paradigmatic organization in child's thought, parents & 2–3 yr olds, 39586
free play, verbalizations & communicative gestures & nonresponses, parents & their autistic vs language delayed 3–12.9 yr olds, 15725
generational differences & senescence, insight in interpersonal relationships, elderly & their adult children caregivers, implications for family therapy, 33890
indirect criticism, teaching pragmatic skills, parents & their 2.9–4.3 yr olds, 29207
nature & context of emotions & emotional communication with caretakers, infants, 25649
parent & student expectations & communication, college students, 17214
parent child play behavior, structure & function of parental language, mothers & fathers & their 10 & 15 mo olds, 8258
parent training using natural language & paradigm, verbalizations, autistic 5–9.6 yr olds, 20035
parental communication deviance, 7–13 yr olds with schizophrenia vs schizotypal personality disorder vs major depression vs dysthymic disorders, 15616
parental education level & sex, parent child communication in dyads vs triads, families with male vs female 4 yr olds, Finland, conference presentation, 8266
parental interactions, self esteem development, diabetic vs mentally ill vs healthy 12–16 yr olds, 25987
parental language mixing, language development, bilingual children, 25460
parental strategies for explanation of mental illness hospitalization & reactions, hospitalized psychiatric patients & their children, conference presentation, 23643
pragmatic language interactions, 28 mo olds with expressive language disorder vs normal 17 mo olds & their parents, 1954
reactions to dissonant parental behavior regarding religious observances, 11–16 yr olds, 32623
reliability & validity of Family Adaptability & Cohesion Evaluation Scale III & Parent Adolescent Communication Scale, 18–24 yr old male college students, India, 17562
sex, parent infant vocal interaction, mothers vs fathers & their 6 mo olds, 4828
social class, involvement in sex education of preschool age children at home, parents, 18781
social skills training group, communication & problem solving, adolescents & their parents, 40700
sources of sex information & quality of parent communication about sex, sexual knowledge & behavior, 13–19 yr olds, 4687
stressors of parental conversation, verbal coping behavior, schizophrenic male & his parents, 36618
unverbalized aspects of emotional life & communications with parents, college students, 17232
use of networking in family sex education program, promotion of communication about sexual issues, rural adolescents & their parents, 40867
vocalizations & nonverbal communication in dyadic interactions, parents & their 2–6 mo old children, West Germany vs Greece vs Papua New Guinea vs Venezuela, 25481
Parent Child Relations [See Also Father Child Relations, Mother Child Relations, Parental Attitudes, Parental Permissiveness]
ability to self monitor task performance & need for parental assistance, 9.5–10.5 yr olds & their parents, 10–12 mo study, 8142
acceptability of alternative treatments for parent child conflict, 17–30 yr olds & their mothers, 2370
adolescent aggressive & parental controlling behaviors in context of family interactions & traitlike measures of adolescents' general functioning, 9–14 yr olds & their parents, 11487
adolescent autonomy & parental stress, parents & their 10–17 yr old children, 11522
adult children's life problems, stress, couples 60 yrs old & older, 22185
age & grief resolution & attribution of blame to biological mother, success of reunion, adult adoptees & their biological parents, 18800
age & positive vs fearful message associated with toys, referencing behavior toward parent during stimulus presentations & free play, 6–22 mo olds, 11532
agreement on childrearing values, style of interaction within marriage & with sons vs daughters, mothers vs fathers of 5 yr olds, 2 yr followup, 1214
alienation, attitudes toward parents, male vs female high school students, India, 18695
appropriate values & attitudes regarding family & counseling relations, child care counselors, 23263
attachment theory, attachments & affectional bonds beyond infancy, conference presentation, 25551
attachment to parents, alcohol drinking attitudes & behavior, 7th & 9th & 11th graders, Netherlands, 4701
behavioral symptoms & emotional dynamics, parents & their emotionally disturbed adopted 12–20 yr old daughters, Scotland, 12052
behaviors & resolution & consequences & seriousness of conflict, parents & their adolescent children, Greece vs Australia, 36292
birth of 2nd child, family & parent child interactions, 22195
birth order & number of siblings & parental education & material modernity, parental power, 17–21 yr old high school students, Iran, 25755

brief therapeutic intervention, parental dynamics & conflicts & parent child relations, disturbed infants & their parents, conference presentation, 6011
changes in parent child relations & adult preferences for child qualities, 1924–78, 4821
childhood peer relationships &/vs home life, schizophrenic vs depressed vs paranoid vs cyclic psychiatric patients, implications for treatment & early intervention, 5178
Clinical Infant Development Program, parenting skills & child development, children of adolescent & adult parents in multirisk families, 5 yr followup, 9730
cognitive development & conceptual changes, parent child relationship, adolescents, 21963
communication technology class enrollment with parents vs peers, computer attitudes & achievement, 6th–7th graders & their parents, 3188
competitive vs cooperative instructions, verbal communication during game playing, delinquent vs nondelinquent 14–17 yr olds & their parents, implications for family therapy, 15821
complaints about mothers vs fathers & nature of stress, college student counseling service clients, 6801
concurrent & predictive validity of Parental Attachment Q-set, mothers & their infants, Netherlands, 17652
constructive inclusion of adolescent children in marital & family therapy, 2 way identification & object relations & family change, wife & husband Holocaust survivor with marital & family problems, 37402
continuity & change in intrafamilial agreement in parent's beliefs about child & child's self beliefs & awareness of parental beliefs, 12–13 vs 17–18 yr olds & their parents, 2 yr followup, 21993
coping resources & social networks & problem solving, parental adjustment & child's socialization & daily living skills, 21–53 yr old parents & their handicapped 8 mo to 12 yr olds, 2 yr followup, 22455
covert child abuse perspective on Munchausen syndrome by proxy, 20 day to 15 yr olds, 15728
coviewing of TV series featuring families, 2nd & 6th & 10th graders & their parents, 36124
Creative Parenting program, behavior & attitudes, parents, Canada, 40713
death of child or spouse 4–7 yrs earlier in motor vehicle crash, parent child & marital relations & adjustment of surviving children, spouses & parents, 33580
defense style & parental bonding, females with anorexia nervosa vs bulimia, 30096

individual videotape modeling vs group discussion with vs without videotape modeling treatment, parents of 3–8 yr olds with conduct problems, 6110
informational & supportive intervention, attitudes toward & knowledge about & success of breast feeding, working class primiparous 19–32 yr old females, 8253
inservice training on bonding & attachment, mental health professionals & foster/adoptive parents, 20404
interactional approach to parent training, parent child relations & language development, developmentally delayed children, 26705
interactive education programs, 1st time fathers, 2396
intervention & parenting & child care programs, reduction in pregnancy, adolescents, 6222
intervention program in drug abuse prevention, parents of adolescents, 6527
intervention to improve interpersonal competence & parenting behavior, relationship with infant during 1st yr, high social risk mothers, 30631
leadership in health outreach program, education of mothers whose children are at risk for educational & developmental problems due to poverty, rural females, 16702
life skills training program, single mothers, 6060
long term effectiveness of cost effective training programs, parents of 3–8 yr olds with conduct problems, 1 yr followup, 40715
MADRE parent education program, prevention of child abuse & neglect, Hispanic 17–55 yr old mothers at risk for abusive or neglectful behavior toward their children, 16793
maternal health care during pregnancy & family planning & health & parent education, Sweden, 23542
media based vs professionally led informational program, training in behavioral principles, parents of mentally retarded 2–11 yr olds, 27126
methods of evaluation of parent training programs, parents & developmentally disabled children, 16277
model of effective helping relationship in family centered care based on enabling & empowering of parents, severely impaired 3.5–4 yr old females & their families, 23494
nursing intervention program, external competencies & internal perceptions & interaction with child, socially at risk mothers & their infants, conference presentation, 9609

Parent & Toddler Training Project early intervention program, blind & multihandicapped infants & toddlers & their families, 6054
parent education component of gifted teacher training institute, rural & low income parents of gifted 4.2–8.7 yr olds, 38234
parent education meetings, knowledge level regarding child & sexual abuse, parents of preschool students, 31028
parent mediated treatment procedures, excessive climbing behavior, 27 mo old developmentally disabled female, 23348
parent participation in behavioral vs communication skills training, parental attitudes & children's self concept & behavior, parents & children, 3 mo followup, 6053
parent training, delinquency prevention, children, 34423
parent training for use of behavioral techniques, mother child interaction, mother & her language delayed 5 yr old son, 9464
parent training program, adjustment & functioning, acting out adolescents & their families, 4.5–10.5 yr followup, 30375
parent training program using verbal instruction & modeling & feedback, affection & responsivity toward child, 22–28 yr old developmentally handicapped mothers, 37411
parent training using natural language & paradigm, verbalizations, autistic 5–9.6 yr olds, 20035
parental home tutoring education, academic skills & learning attitudes & self confidence & positive interactions, parents & their children, 34620
parenting &/vs adoption plan, decision making & treatment, pregnant 14–17 yr olds, conference presentation, 23607
participation in Child Parent Enrichment Project, well being & prenatal care & birth outcomes & child temperament & welfare, pregnant females at risk for child abuse, 4–6 mo study, 9247
predetermined period of psychiatric hospitalization & parent training, treatment effectiveness, 7–12 yr old patients, New Zealand, 1 yr followup, 23678
predictors of satisfaction with parent training, parents with noncompliant 1.4–9 yr olds, 16469
prenatal stimulation program, parent child bonding, working parents, 30370
priority ratings of maternal & infant postpartum teaching topics, 15–36 yr old mothers during puerperium hospital stay, nursing implications, 13103
problem solving training, social insularity & negative affect & stress & anxiety, 50 yr old multiply distressed & abusive & neglectful mother, case report, 40904
programs & services, teenage fathers, 16693
regularly planned home visits, engagement in & attitudes toward parent training, involuntary 18–56 yr old abusive & neglective protective service clients, 34202
satisfaction & involvement with vocational program, parents of developmentally disabled 15–24 yr olds, Canada, 34361
school counseling program for aiding children's career development, parents, 34843
short term interaction coaching, interaction patterns, mothers & their premature infants, conference presentation, 9431
short term parent training program, generalization of parenting skills to play situations & maternal teaching behavior, 21–31 yr old mothers of 15–34 mo olds with developmental disabilities, 33920
social learning based parent training vs systems family therapy, noncompliant behavior, families with 3–8 yr olds with oppositional conduct disorder, 9424
stress coping group model, 24–47 yr old single parents, Israel, 37412
systematic training for effective parenting program, attitudes & perceptions of their children's behavior, parents, Canada, 26876
teaching & modeling in child management & counseling & community resource use, serious physically abusive parenting, 25 yr old single mother of 6 yr old male & 2 yr old female, 23258
training mothers as home reading tutors, children's reading accuracy & comprehension, 8–9 yr olds & their mothers, 27593
training program consisting of home intervention & school based support group & community components, parents of children with learning or behavior problems, 6331
Verbal Interaction Project's Mother–Child Home Program, prevention of educational disadvantage, 24 mo olds, Bermuda, commentary, 23577
voluntary vs court ordered treatment, abusive & neglectful parents & their 1–6 yr olds, 5869
weekly home visits by paraprofessionals during pregnancy & infant's 1st year & parent group meetings, pregnancy outcome & well vs sick child clinic visits, mothers & their infants, 30575
workshop on development of skills for successful coworking, parents & educational professionals, 3343
workshops, knowledge level & school relations & advocacy, parents of gifted children, 34795

Parental Absence [See Also Father Absence, Mother Absence]
absence of attachment figure, developmental delay, 9 yr old institutionalized male, 37795
advances in childrearing practices & child abandonment in historical perspective, development of famous writers & scientists, 1600–1987, application of L. DeMause's evolution of childhood, 1209
childhood parental death or separation or divorce, development of agoraphobia or other phobias or panic or anxiety or obsessive compulsive disorder, 18–65 yr olds & older, 40190
early parental loss, development of major psychiatric disorder, 18–55 yr olds, 15636
family background & parental loss, psychiatric diagnosis & physical health, 13–18 yr old psychiatric inpatients, 32963
imprisonment or disappearance of parents due to political persecution, psychological & social development, children, 8080
incidence of parental deprivation & family history & birth order & sociodemographic factors, patients with paranoid schizophrenia, India, 1680
maternal vs paternal vs complete parental deprivation, mental health status, 12–21 yr olds in residential care institutions or orphanages, India, 1525
parent child separation after parent death or divorce during childhood, risk of psychopathology, adults, literature review, 15796
parental loss during childhood & later suicide, study of biographies & autobiographies of famous people, 40242
prevention & stages & influential factors of deployment separation & adjustment to parental absence, military children, 17446
psychiatric diagnosis & loss of contact with parents, family history of suicide or drug abuse, 18–81 yr old suicide attempters, Sweden, 33356
quality & severity of bereavement reactions, kibbutz 1–10 yr olds who lost fathers in war of October 1973, Israel, treatment implications, 4693

Parental Attitudes
acceptability & outcome & effectiveness of behavioral treatment recommendations, parents of 3–13 yr old outpatients with severe behavior problems, 16514
acceptability of alternative behavioral treatments, parents & grandparents of children with behavior problems receiving outpatient child behavior management services, 33975
actual & perceived parental appraisals, self appraisals, 4th–8th graders, longitudinal study, 32491
adjustment & chronic sorrow & coping behaviors, mothers vs fathers of children with Down's syndrome, 29798
adolescent social & cognitive functioning, parents' vs child's perception of interparental conflict, 10.8–15.6 yr olds, 15228
age & sex of deceased children, intensity of grief, British Columbian parents vs Kung Bushwomen of high vs moderate vs low reproductive value, 39950

agreement between self reports & parents' reports of children's depressive symptoms, 8–12 yr olds & their parents, 22561
agreement on childrearing attitudes & values, child intellectual development & psychological functioning, mothers vs fathers of male vs female 11–24 mo olds, Sweden, 25483
attitude toward educational assessment procedures for special education & satisfaction with schooling, Punjabi speaking Asian parents of 5–16 yr olds, England, 31221
attitude toward screening for beta thalassaemia in children, Asian Muslim parents of school age children intending to arrange marriages, UK, 37017
attitudes & beliefs & behaviors regarding family & friends & school & emotional & physical health & divorce, divorced or separated parents & their 12 yr old & younger children, 29239
attitudes & feelings & knowledge, parents of Black hearing impaired 3–19 yr olds, 9088
attitudes & functions, weak vs brutal vs bonding vs absent fathers of anorexic daughters, West Germany, 29924
attitudes & knowledge, dissatisfaction with medical communications & noncompliance with advice & instructions, 1st time expectant parents, England, 34183
attitudes regarding relationship between self concept & academic achievement, English speaking parents & teachers, Ghana & Gambia, implications for elementary school counselors in US, 38159
attitudes toward & expectations about & intentions of breast feeding before birth & subsequent experience following birth, 19–38 yr old 1st time mothers, France, longitudinal study, 32669
attitudes toward & expectations of mainstreaming into day care center, parents of handicapped vs nonhandicapped 6 wk to 5 yr olds, 9 mo followup, erratum, 31185
attitudes toward adoption disruption & foster care placement, adoptive parents of special needs children, 13055
attitudes toward causes of delinquency, high school students vs their parents, 22748
attitudes toward condom advertisements on TV, adolescents & their parents, health education implications, 38511
attitudes toward female education, rural vs urban parents with school age daughters, Nigeria, 39744
attitudes toward hearing aid used by child, improvement in speech & language behavior, parents of deaf 2.7–11 yr olds, 16928
attitudes toward integration into regular public school program, parents of severely intellectually or multiply handicapped 5–21 yr olds in special school, 10213
attitudes toward integration program for children with severe learning difficulties, parents, 34707
attitudes toward mainstreaming, parents & teachers at primary schools with vs without mainstreaming programs, 3274
attitudes toward mothering, 13–30 yr old primaparas, implications for parent skills training, 1247
attitudes toward parent education, fathers, implications for program design, 23309
attitudes toward parental preparation of children for kindergarten, teachers vs mothers vs fathers, 6642
attitudes toward purpose of & mixed sex education, Pakistani mothers & fathers & their 11–18 yr old daughters in single sex schools, UK, 31178
attitudes toward utility of special education resource room model for emotionally disturbed, parents & teachers & staff of handicapped center, Japan, 24180
attributions & sex, perceptions of children's math ability & performance, parents of junior high school students, 25760
attributions of compliance and noncompliance, parents of children with attention deficit disorder with hyperactivity, 37156
belief in divine intervention & religiosity & locus of control, spiritual guidance or health care utilization for sick child, parents of different religious denominations, 6232
beliefs about gender related adult roles & perceived gender differences in child's behavior, parents of 24–33 mo olds, England, 22277
beliefs about influence over cognitive & social development of their male vs female 4–10 yr olds, mothers vs fathers, Australia, 18667
beliefs about intellectual development, Vietnamese vs Anglo mothers of 5 yr olds, Australia, 39566
changes in parent child relations & adult preferences for child qualities, 1924–78, 4821
child adjustment & maternal perceptions, female psychiatric patients with vs without depression vs medical patients & their 1st–8th grade children, 19150
child birth order, maternal separation anxiety, 21–37 yr old mothers, 36289
child temperament, perceptions of child's adjustment, mothers vs fathers of 2 same sex 4.5–9 yr old siblings, 11461
childrearing expectations, professional vs low income nonprofessional parents of preschool & primary grade students, Hong Kong, 8270
commitment to work & parenting, socialization practices & perceptions of children's behavior, employed mothers vs fathers with employed spouse & 3–4 yr olds, 15285
conceptions of early childhood development & education, 20–49 yr old mothers of preschool & school age children, Italy, 15028
content & criterion validity of self &/or parent reports of child & adolescent depression, implications for clinicians & researchers, 21077
content of private vs open family discussion about adoption & child's self esteem & interest in biological roots, 13–19 yr old adoptees & their parents, 15295
continuity & change in intrafamilial agreement in parent's beliefs about child & child's self beliefs & awareness of parental beliefs, 12–13 vs 17–18 yr olds & their parents, 2 yr followup, 21993
crisis intervention role of school psychologists, facilitation of adjustment to & acceptance of child's handicap, parents of handicapped children, 13728
crowding & attitudes toward & perceptions of residential environment, preschoolers & their 25–45 yr old parents, 22065
demographic characteristics & prior victimization & abuse & attitudes about son's behavior, parents of adolescent incest perpetrators, 26249
development & factor analysis of Marihuana Perception Inventory, 30–60 yr old parents, implications for drug education, 35110
differential responding to syntactic & phonological & semantic errors in 2.7 yr old's conversation, parents vs other adults, language learning implications, 984
discrepancies in illness orientation & therapeutic goals & expectations & family involvement, family centered care, parents of children repeatedly hospitalized with chronic illnesses, 2836
early attachment & later maternal attitudes & adjustment, mothers of preterm vs full term infants, 8252
educational & curriculum expectations & program planning preferences, parents of gifted preschoolers, 34721
educators' explanation of giftedness, attitudes, parents, 31227
educators' explanation of giftedness, attitudes, parents, commentary, 31231
effect of child's age & cause of blindness on parents' reaction, emotional well being & development, blind infants & their parents, conference presentation, 30108
emotional stress reactions to vs acceptance of unexpected developmental processes, parents of children with cerebral dysfunction, conference presentation, 19509
estimation of parental attitudes & expectations for female achievement, bingeing & purging, female college students, 37150
expectations, rural vs urban parents applying for children's services at community mental health centers, 30659
experience with children & sex of parent & child, beliefs about pragmatic development, mothers vs fathers, 36266
explanations of interactions with child during family observations in home, parents of 6–7 yr olds, 22211

expressed emotion attitudes, interactional behavior during acute hospitalization vs aftercare, parents of 16–45 yr olds with recent onset schizophrenia, 40148
factors influencing reactions to intrafamily child sexual abuse, mothers of 2–17 yr olds referred to child guidance clinic, 36802
general practitioner & parental attitudes toward referral to psychiatric clinics, 7–12 yr olds with behavior or affective or educational problems, UK, 34201
heuristic model of comparative analysis of factors influencing mathematics & reading achievement, students, US vs Japan vs Peru vs Morocco vs China, commentary, 20524
high risk pregnancy, perceptions of their 3 mo old & social support, mothers, 18797
historical use & structure & content of questionnaires on parental attitudes toward childrearing, meta analysis, 35220
household composition & parental expectations, academic achievement, Black vs White 1st graders, 27633
infant behavioral states & parental feelings & perceptions & behavior during preterm hospital visits, mothers vs fathers & their preterm infants, Israel, 23668
informational & supportive intervention, attitudes toward & knowledge about & success of breast feeding, working class primiparous 19–32 yr old females, 8253
intelligence & attitudes toward children & support systems & maternal childhood experiences, child's nutritional status, rural mothers & their 1–5 yr olds, India, 29242
knowledge of child's gender, perception of male vs female infant during pregnancy vs after birth, pregnant females & their spouses, 11630
knowledge of fetal sex & fetal attachment, expectant couples, 22220
levels & origins of political tolerance, 10–17 yr olds & 1 parent of each, 15200
major & daily stressful life events, psychological symptoms, 10–14 yr olds & their parents, 36274
maternal attitudes & practices in use of rewards, prosocial motivation, 2nd–5th graders, 36127

maternal expectations & beliefs & classroom activities, mathematics achievement, kindergartners & their mothers, Japan vs US, 20500
maternal perception of competency & family interaction patterns, self-esteem, mothers & adolescents, implications for use of parental data in research, 29226
maternal perceptions of behavior problems & social skills, 4–16 yr olds with juvenile diabetes vs spina bifida vs hemophilia vs obesity vs rheumatoid arthritis vs cerebral palsy, 5823
maternal perceptions of social behavior & developmental progress at 13 & 24 mo old, prediction of cognitive competence & social adjustment, 6 yr olds, 5 yr study, 39654
maternal role & perception of child & language environment & development, mothers & their language delayed infants & preschoolers, England, 22871
mediation & perceptions of TV viewing, parents of gifted 4th graders, 32345
misconceptions of cause & nature & "cure" of mental retardation, parents with vs without mentally retarded children, India, conference presentation, 36928
mother's attitude toward ex-spouse, perception of maternal support & coercion, 9–12 yr old males & their 29–50 yr old mothers, 36130
needs & attitudes & experiences during pregnancy & labor & subsequent to infant's birth, females, Greece, conference presentation, 8243
observational vs self report measures of interaction quality, mothers of unattractive & craniofacially deformed infants, 40352
opinions about corporate supported child care benefits & policies, employed parents of preschool age children, 38409
parent & teacher perception of behavior problems, 8–16 yr olds with diabetes mellitus, 9015
parent participation in behavioral vs communication skills training, parental attitudes & children's self concept & behavior, parents & children, 3 mo followup, 6053
parent style, self regulation & adjustment & achievement & competence in school, 3rd–6th graders, 34682
parent vs teacher vs hospital staff evaluations of deviance & improvement & outcomes before hospital admission vs after discharge, 7–13 yr old psychiatric inpatients, 1 yr followup, 13120
parental & professional attitudes toward & expectations for supported employment, mentally retarded adults, 20265
parental & traditional factors, occupational preferences, high school seniors, Nigeria, 3219
parental acceptance vs rejection, attitudes toward helping, 25–45 yr old working vs nonworking mothers, India, 22196
parental attitudes & rearing practices, multiple drug addicted adults, 5490
parental attitudes toward genetic counseling & childrearing practices & sociocultural factors, mental health & prevention issues, adolescents, Greece, 7986
parental attitudes toward sexuality & sleeping in parental bed & seeing others nude during childhood, sexual functioning & adjustment, college students, 15389
parental childrearing agreement during early childhood, psychological & personality characteristics, male vs female adolescents, 4740
parental childrearing attitudes, insecurity & dependence, 17–19 yr olds, India, 22044
parental concerns about student sexuality & sexually transmitted diseases & homosexuality, college students & parents, implications for university policy, 17212
parental encouragement, patterns of sports involvement, visually impaired children & their parents, 2083
parental expectations & verbal behaviors, socialization of physical attractiveness & obesity & handicap stereotypes, preschoolers through 5th graders, 15137
parental expectations, development of locus of control, 2nd–3rd graders, 39679
parental feminist attitudes, sex role attitudes & behaviors & self esteem, 4–6 yr olds, 15149
parental knowledge about & stigma of counseling & psychotherapy & college mental health services, college students & parents, 17326
parental knowledge of & satisfaction with child & own role, child's sociometric status, parents & their 49–64 mo olds, 39607
parental literacy & parental & child attitudes toward reading & learning, reading achievement, 6–7 yr olds & their parents, Morocco, 5 yr study, 20532
parental perception of children 's fears, 5th graders & their parents, 29141
parental personal adjustment, perception of children's behavior, mothers vs fathers vs teachers of 3–8 yr olds with conduct problems, 12204
parental power bases & processes, conformity to expectations, junior & senior high school students, 29220
parental predictions of their children's knowledge about safety precautions & dangerous situations, 5 vs 8 vs 12 yr olds, 15231
parental religious prejudice & rearing style, degree of religious prejudice, Muslim vs Hindu male vs female 10th–11th graders, India, 18516
parental standards & help with & beliefs about education, mathematics & reading achievement, 1st–5th graders & their parents, China vs US, 20504
parental values, childrearing practices, middle class suburban mothers & their infants, 15308
parents' attitudes toward child's hospitalization & behavior, 16–32 yr old psychiatric inpatients, 23653

passive vs active methods, obtaining consent for child participation in experiment, parents of 7th graders, 31534
perceived child temperament & definition of easiness vs difficultness, mothers vs fathers of male vs female 6 vs 24 mo olds, 39638
perceived importance & expectations of antepartum & partum & postpartum care, expectant parents, Canada, 37652
perceived incidence & successful management of child's misbehavior, parents of hearing impaired 2–12 yr olds, 1956
perceived life stresses, children's suicidal behavior, mothers & fathers of 5–14 yr old psychiatric inpatients, conference presentation, 26280
perceived parental rearing behavior & psychopathology, epileptic adults, 5717
perception of & concern about behavioral problems & understanding of developmental status, parents of developmentally at risk 3 yr olds & younger, 36511
perception of family environment & agreement in beliefs regarding adolescent's personal characteristics, families with 12–13 yr olds vs 17–18 yr olds, conference presentation, 39592
perception of frequency of child visitation with noncustodial parent, assessment of noncustodial parent & child relationship, single fathers vs mothers, 29232
perception of home environment, 8–14 yr old gifted students vs their parents, 25603
perception of infant hunger & of milk supply, breast feeding mothers of infants, 32691
perception of infant's temperament from early pregnancy to 13.5 mo postpartum, primiparous vs multiparous mothers vs fathers, 39648
perceptions & expectations of role of middle school counselors, students & teachers & principals & parents, 6833
perceptions of anxiety & dominance & involvement & friendliness in mother-father-adolescent triads, insider vs outsider vs trained Os, 1228
perceptions of childrearing roles during adolescent period, mothers vs fathers of 5th & 8th & 11th graders, 39783
perceptions of child's adjustment problems & parental stress, fathers vs mothers of learning disabled 6–16 yr olds, 33413
perceptions of child's locus of control, learning disabled male 8–12 yr olds vs their parents vs teachers, 26394
perceptions of family adaptability & cohesion & communication patterns, 14.7–18 yr olds with learning disabilities & their parents, 15995
perceptions of family climate patterns & satisfaction & coherence, 30–62 yr old kibbutz fathers of disabled children, Israel, 25993
perceptions of family dynamics & day care, dual-earner couples with preschool aged children, 29234
perceptions of fostering experience, biological 6–12 yr olds vs their mothers, 25737
perceptions of ideal female vs male child, employed vs unemployed 25–56 yr old mothers, Philippines vs US, 4850
perceptions of involvement in family decision making, 12–17 yr olds & their parents, Australia, 39759
perceptions of parental attitudes, self esteem & comfort with homosexuality, gay & lesbian 14–23 yr olds, 39668
perceptions of parental childrearing competence & needs, principals & special education teachers vs parents of mildly mentally retarded 7–12 yr olds, 36941
perceptions of social support functions of professional services, parents of intellectually disabled 3–5 or 10–12 or 17–19 yr olds, 9671
perceptions of transition from school to adult life, parents of 15–23 vs 34–40 yr olds with severe disabilities, 19414
perceptions of value placed on internal locus of control by teachers & parents, 8–16 yr olds, France, 18646
perceptions of 9 mo olds' cognitive development & capacity, Jewish mothers vs fathers, Israel, 32655
personality profile & parental attitudes, psychopathology, 14–16 yr olds with mental or behavior or somatization d²sorders, 1513
positive vs negative interactional context, blaming attributions & behaviors, delinquent 13–17 yr olds & their parents, treatment implications, 26208
preference for strategies promoting intrinsic vs extrinsic motivation in elementary school students, college students & parents, 17131
presentation of full term infants as premature vs full term, perception of physical & behavioral characteristics, mothers of premature infants, 5800
previous caregiving experience, solution of childrearing problem, 19–45 yr old mothers vs fathers vs nonparents, 25733
primary caretakers' health beliefs & behaviors, expected & actual medicine use for common health problems, 8–14 yr olds, 8078
rating of own & child's anxiety & observed behavior during immunization, 19–43 yr old mothers & their 4–6 yr olds, 37601
ratings of adaptive functioning of 4–13 yr old psychiatric inpatients, parents vs clinicians, 19025
reasons for admitting homosexuality & parent characteristics, prediction of mother vs father short & long term reactions & relationship, gay male adults, 15380
reasons for choice of home schooling, 18 mo study, 6716
referral source & nature & duration of problem & waiting period & sociodemographic characteristics & parental attitudes, failure to keep 1st appointment, children referred to child guidance clinic, 16806
reliability & agreement of psychiatric diagnoses & parent checklists, assessment of adjustment problems & emotional disturbances, children, 1627
risk benefit information & parenthood, perceived acceptability & effectiveness of behavioral vs shock treatments for child self injurious behavior, married females, 5891
school involvement & satisfaction & needs, urban vs rural parents of handicapped children in special education, 13643
school related attitudes, child's achievement, Puerto Rican mothers of 5th–6th graders, conference presentation, 6730
self rated temperament, fit with parental vs peer ethnotheories & relation to adolescent adjustment & psychosocial functioning, adolescents & parents & peers, 29159
self vs parental reports of perceived changes in feelings & behavior, 5–17 yr old siblings of hospitalized children, 29900
SES & early bottle vs breast feeding, childrearing attitudes, mothers of 7–11 yr olds, Canada, 39763
SES & education & current practice & contraceptive method, perceptions of advantages &/vs disadvantages of breast feeding, Turkish mothers of infants, Sweden vs Turkey, 8256
sex & expectations about appropriate contexts for alcohol drinking, college students & their best friends & parents, 18866
sex of patient & family environment, course of treatment, schizophrenic patients & family members, 26701
sex, reasons for attending college, college students vs their parents, 13562
single ultrasound scan, child image & body perception, pregnant 18–31 yr olds, Austria, implications for iatrogenic effects, 12981
social class & perceived adjustment of child, perceptions of father's role competence, husbands vs wives before vs after birth of 1st child, 8245
social relationships & child's age, satisfaction with child self care arrangements, mothers, 32626
sociodemographic & maternal & infant health & environmental stress & social support, perceptions of infant's health, mothers of 12 mo olds, implications for vulnerable child syndrome, 36536
sociodemographic factors in acceptance of child immunization, mothers of children under 5 yrs old, Indonesia, 16759
sociometric awareness of social status & social acceptance by peers, 2nd–3rd graders vs their mothers, 8119
stabilty of ratings of their 8–11 yr olds' fears, mothers, 1 yr followup, 29237
stereotypically masculine vs feminine behaviors, perception & labeling of child as "abnormal", mothers & their male vs female 6–9 yr olds referred to child guidance clinic, England, 32944

stress & perception of child behavior problems, parents of male vs female 6–11 yr olds with attention deficit disorder with vs without hyperactivity, 5591
student counselor ratio & size of student population, perceived effectiveness of guidance programs, students & parents & school staff, 27753
student vs mothers' causal attributions, school performance, 12–13 yr old 7th graders, Japan, 34667
support during child's transition to integrated educational placement, parents of 4–22 yr olds with variety of disabilitities, 27694
support from parents & family, transition from school to work, special needs students, 34774
symbolic & instrumental factors in reactions to persons with AIDS, 17–72 yr olds & parents with 1st–8th graders, 30055
symptom prescription, symptom frequency & parental perception of emotional adjustment, 6–12 yr olds in family therapy, 33896
systematic training for effective parenting program, attitudes & perceptions of their children's behavior, parents, Canada, 26876
teachers' base pay & student teacher ratio & per student expenditures, predictors of satisfaction with local school systems, parents in rural & urban communities, 24109
themes & categories of upset related to home apnea monitoring for their 6–30 mo olds, mothers, conference presentation, 27073
theories of fatalism & childhood illness & attitudes about & reactions to infant mortality, bereaved mothers & traditional healers, Brazil, 16185
transition to parenthood, primiparous females over 34 vs under 32 yrs old, 22209
urban vs rural home setting, attitudes toward marriage, parents vs their 18–21 yr old sons & daughters, India, 1222
use of term gifted, child personality adjustment & family environment, parents of 7–11 yr olds enrolled in program for gifted children, 36117
validity of Early Language Inventory, assessment of parent supported language at age 20 mo, full term vs preterm vs precocious infants, 38602
value of children & transition to parenthood, adults, 22181
values regarding family & satisfaction with assistance from adult offspring, 60–90 yr olds, 1167
view of differences in healthy vs seriously ill children's conceptualization of death, pediatricians & parents, 12527
views of autism, teachers vs parents of autistic children, 8731
views on fantasy role playing games, adolescents & parents, 39682
Parental Authoritarianism [See Parental Permissiveness]
Parental Behavior (Animal) [See Animal Parental Behavior]
Parental Influence [See Parent Child Relations]
Parental Occupation
dating & sexual behavior, 13–20 yr old military dependent patients in Army medical center, implications for physicians & sex education, 26495
father's occupational status, work values, Jewish vs Bedouin Arab 14–17 yr olds, Israel, 29138
parents' occupation & employment status, gender effects on adolescent drinking patterns, 7th–12th graders, 29175
Parental Permissiveness
adolescent self esteem & appraisal of parental nurturance & authority, college students vs their parents, 29111
authoritative parenting & scaffolding in tutoring of children's learning, task performance, 3 yr olds & their mothers vs fathers, 8045
parental encouragement, patterns of sports involvement, visually impaired children & their parents, 2083
parental permissiveness vs authoritarianism vs authoritativeness, self esteem, children, 1205
perceived parental control in childrearing, adjustment, college students, 4675
physical oppression & deprivation under Nazi persecution, use of physical punishment & authoritarianism in raising children, Holocaust survivors, 22217
sex & parental authoritarianism & authoritativeness, self esteem, college students, 15499
Parental Role
age, anxiety during pregnancy & attitudes toward transition to motherhood & infant outcome, 20–29 vs 30–39 yr old primiparous females, Sweden, 1245
child's sex, involvement in sibling communication, mothers vs fathers of 18–26 mo old & 4–8 wk old siblings, 1199
construction & psychometric properties of Child Activities Scale & Parental Role Preference Scale, assessment of parental involvement in child care, parents, 17572
demographic & social support factors, perceptions of parental role strengths & strains, African American mothers, prevention implications, 15298
home & parental & school factors, academic achievement, infant school students, 31113
implementation of parent involvement/education program in residential care, children & parents & staff, 16853
involving parents in treatment decision making & management of emergencies, 18–21 yr old psychotic or potentially suicidal or homicidal college students far from home, conference presentation, 10303
issues in parenting, lesbians, 29312
marriage & childbearing & career & work & family role expectations, 18–25 yr old unmarried college students, 22166
maternal vs paternal Type A behavior, Type A behavior, 12 vs 15 vs 18 yr old sons vs daughters, Finland, 4696
mediating role of perception of stress & moderating role of health promoting life style & demographics, maternal role, 17–40 yr old mothers of infants, 29243
parental & patient participation in interdisciplinary team treatment planning, outcomes & length of hospital stay & staff attitudes, adolescent psychiatric inpatients, 9827
parental help in coping with 1st weeks of college, college students & their parents, 17220
parental involvement in childrearing & disciplinary practices, behavioral deviance, Chinese toddlers, Singapore, conference presentation, 22719
parental role & childrearing patterns & child's response to parent, mothers vs fathers on family oriented TV programs, 4835
parental role, cognitive & emotional development, adults, 21901
parenthood, gender division of housework & child care & employment, couples, England, 25745
perception of parental role & success in education & other developmental areas, parents of mildly mentally retarded 7–12 yr olds & school principals & special education teachers, 24197
rational emotive therapy, redefinition & restructuring of relationship with adult children, mothers, 9360
restructuring of work to accommodate family needs, dual earner professional couples with children living at home, 31392
role changes & childrearing practices, Greek migrant mothers, West Germany & Greece, 15286
role of parents in development of independence & language & play & other social behavior, visually impaired children, Scotland, implications for starting school, conference presentation, 31232
scheduled awakenings by compliant parents, spontaneous awakening & crying episodes at night, 6 mo to 2.5 yr olds, 2419
sex & household & decision making & child care roles, 20–49 yr old 1st time parents, 18 mo study, 22174
sex, division of parenting & child household tasks, families with 9–11 yr olds, Australia, 36335
social class & perceived adjustment of child, perceptions of father's role competence, husbands vs wives before vs after birth of 1st child, 8245
take home mathematics games involving parents, mathematics achievement, 4–8 yr olds, 31027
transition to motherhood, information seeking & self definition, adult females, 1210

view of paternal role & wife's employment status, involvement with children, jobless vs employed fathers of preschool children, 22207
Parenthood Status [See Also Childlessness]
birth of 1st child, home work interface pressures & stress, husbands vs wives in dual earner couples, 11622
consistency & stability in family microsystem & transition to parenthood, 18796
demographic factors & emotions & expectations, pain intensity during labor, 17–41 yr old primiparas vs multiparas, 6236
employment & family support, dual Lutheran clergy couples with vs without children, 36244
fertility motivation & desires & expectations, 18–27 yr old just married vs just mothered females, 32651
institutions, decision to have children & transition to parenthood, adults, 22176
intergenerational relationships, transition to parenthood, adults, 22182
marital & motherhood status, psychiatric morbidity, 18 yr old & older females, New Zealand, implications for role of sociocultural factors, 26160
marital & parental status, perception of quality of work & family roles, female clerical workers, implications for vocational counseling, Canada, 39774
marital change, transition to parenthood, spouses, 22167
nature & number of lifespan role transitions & psychosocial correlates, 60–95 yr old mothers vs nonmothers, 8190
parenthood, emotional maturity, couples with vs without children, 29213
parenthood, gender division of housework & child care & employment, couples, England, 25745
parenthood status & child care availability & husband's participation in child care, psychological well being, wives employed outside home, 11626
risk benefit information & parenthood, perceived acceptability & effectiveness of behavioral vs shock treatments for child self injurious behavior, married females, 5891
sex & household & decision making & child care roles, 20–49 yr old 1st time parents, 18 mo study, 22174
sex & parental status, moral reasoning about hypothetical & personal dilemmas, male vs female 18–24 vs 30–45 vs 60–75 yr olds, 15540
sex & SES & cultural background, beliefs about cognitive maturation of infants, pairs of parents vs nonparent adolescents vs young adults, Israel, 8044
sex roles & self esteem, 21–37 yr old spouses in transition to parenthood, 22202
strain in transition to parenthood, couples, 22187
time of day, onset & length of labor & epidural & augmentation administration in labor ward, primiparous vs multiparous female 17–43 yr olds, England, 34145
transition to adoptive parenthood, spouses, 22169
transition to parenthood & length of marriage, marital relations & strength & satisfaction, 20–34 yr old 1st time mothers vs fathers, 1 yr study, 32653
transition to parenthood, marital change, 23–34 yr old couples, 25751
transition to parenthood, primiparous females over 34 vs under 32 yrs old, 22209
transition to parenthood, stability & change in marital competence, spouses, 3 mo & 1 yr postpartum followup, 15299
use of marihuana &/or alcohol, occupational status & achievement & marital & parental status, baby boomers, 10 yr followup, 36905
value of children & transition to parenthood, adults, 22181
work related role stress & parental demands & job & marital & life satisfaction, male vs female accounting professionals with vs without children, 13833
Parents [See Also Adoptive Parents, Fathers, Foster Parents, Mothers, Schizophrenogenic Mothers, Single Parents, Stepparents, Surrogate Parents (Humans), Unwed Mothers]
adjustment & children's reactions & emotional well being, chronic dialysis patients & their 8–17 yr olds, Israel, 12993
adolescent autonomy & parental stress, parents & their 10–17 yr old children, 11522
age & sex & number of other children & child care experience, perceived informational & emotional & judgment-developmental needs, adoptive vs biologic parents, 1211
age & sex of parent & child & circumstances & patterns of mistreatment & report & substantiation rates, abused children, 1965–85, 15860
alternative methods for communication with parents, parental needs & child academic success, teachers, 34606
anxiety & coping & support, parents of infant diagnosed with apnea, nursing implications, 2629
anxiety, parents who did vs did not room in with their hospitalized 3–8 yr olds, 27182
aspects of life in kibbutz, families of disabled children, Israel, implications for community services & education, 36532
attitude toward educational assessment procedures for special education & satisfaction with schooling, Punjabi speaking Asian parents of 5–16 yr olds, England, 31221
attitudes & relations with others in case & physical & mental health & other stress reactions, 18–80 yr old parents falsely accused of child or adolescent sexual abuse, 40258
attitudes toward crime & parents & authority & social norms, 25–40 yr old criminals, India, 36781
attitudes toward parent clientele & their childrearing abilities, child day care workers, 20126
attitudes toward specific parental stressors, nurses vs parents of children in intensive care, 23507
behavior checklist, communication during 12–72 mo old's check up, parents & pediatricians, 37675
behavior problems & risk of psychological problems, 6–16 yr old offspring of parents with anxiety disorders, 22640
behavior problems, 6.5–15 yr olds living with their mentally ill parent vs with alternative families, 22644
characteristics & treatment outcome, 17–48 yr old parents who completed vs dropped out of child abuse treatment program, 26710
child's characteristics & other sources of stress, parents of trainable mentally retarded 5–21 yr olds, Canada, 36912
clinical & research utility of contextual approach to self appraisals, abusive parents, 26275
communication difficulties & deficits in ability to decode facial expressions, parents of schizophrenic patients, 33123
communication skills, parents of schizophrenic vs mentally retarded patients, Spain, 8518
compliance with prescription for psychotherapeutic counseling for child, parents of referred children, 1–2 yr followup, 30251
comprehensive training program, response to child's illness, young parents at risk for infant abuse or neglect, 12562
contact experience, attitude change toward parents of chronically mentally ill patients, social work graduate students, 9973
correlates of reabuse, abusive parents in treatment, implications for research & clinical interventions, 5394
counseling & school based interventions, young children of alcoholics, 27755
Creative Parenting program, behavior & attitudes, parents, Canada, 40713
cross cultural differences in value of children, childrearing attitudes & behavior, parents, Asia vs US, 11616
culture specific bilingual career awareness program, Chinese & Korean American parents, 27836
death of spouse vs parent vs child vs sibling, grief patterns & physical & psychological morbidity, 18–94 yr old psychiatric outpatients, 22499
demographic & loss factors & satisfaction with support, depression & self esteem & mental health, parents who had experienced perinatal death, 19583
demographic & social characteristics, 16–39 yr old parents or parental figures arrested for killing their under 6 yr old children or charges, 1982–86, 40223
demographic & social support characteristics & infant health, participation & retention in support group for mental health prevention, parents of ill & premature neonates, 37385

demographic & social variables & affection & proximity & role conflict, attitudes & caregiving responsibilities & filial obligation toward aging parents, adults, conference presentation, 4839
demographics & other factors contributing to being "caught" between responsibilities to elderly parents vs other commitments, 40–69 yr old females, 40862
development & content validity & clinical utility of Denver Developmental Activities, assessment of age appropriate development of child for pediatric consultation, 21–43 yr old parents, 21086
development of parent teacher agreement index, assessment of child temperament & behavior, 3–6 yr olds & their parents & teachers, 3647
discontinuity &/vs stability in parent child relations & behaviors & developmental transformations, parents & their children, 36114
dyadic interaction, parents with children at risk for asthma or allergies, 29929
effectiveness of volunteer recruitment & training & supervision & client satisfaction with counseling services of Parents Anonymous, volunteer counselors & child abusing parents, 20156
emotional distress & physical health problems, parents whose child died by suicide vs accidents or disease, 15832
emotional stereotyping & sex specific references in child-rearing manuals, parents, 1915–80, 32676
emotional stress reactions to vs acceptance of unexpected developmental processes, parents of children with cerebral dysfunction, conference presentation, 19509
employment status & provision of caregiving services to parents over 75 yrs old, daughters with employed vs unemployed sister, 29182
enactment of attention deficit or conduct disorder behavior by confederate child, alcohol consumption, college students, implications for parental alcoholism, 40287
etiquette & ritual in family conversation, elderly parents & their adult children, 18795
factors affecting required mediation of child custody disputes & participant satisfaction, clients & attorneys & mediators, 29275
factors in selection & purchase of toys, parents or adult friends of normally developing vs handicapped preschool children, 40395
factors leading to shock & deep sadness & depression & counseling strategies, parents of visually disabled infants & preschoolers, conference presentation, 30092
familial & individual developmental factors, prediction of sexual self disclosure to parents vs friends, 14–18 yr olds, 15201
family & child characteristics, adjustment to stress of mentally retarded 0–17 yr old offspring living at home, parents, 26397
family demographics & parental literacy & expectations & teaching practices & home environment, reading & mathematics achievement, 6–12 yr olds & their parents, Peru, 20501
family functioning, parents & spouses of head injured patients, 23081
family structure & adaptability & cohesion & parental involvement, participation in family decisions, 12–16 yr olds, Australia, 18640
family systems of Munchausen Syndrome by Proxy, families, treatment implications, 26083
friendship & acquaintance & interaction patterns, families of 18 mo to 5 yr old handicapped children in mainstreamed day care, 38186
gender & ethnicity & personality, age related expectations for adolescent autonomy, early adolescents & parents of early adolescent sons, 29124
goal output/process input procedure, conflict resolution & cooperation in problem solving, teachers & parents of children with severe difficulties, 3138
government & workplace policies, day care & leave & work schedules & other child related issues, parents, 27967
grief counseling, finding significance in child's life, parents of deceased chronically ill child, 30687
group counseling, adolescents with divorced parents, 6006
guidelines for informing parents that their child may be handicapped, school counselors, 34805
home based behavioral intervention, passive tobacco smoking, infants during 1st 6 mo of life, longitudinal studies, 41091
home monitoring for infant apnea & educational & support groups, depression & anxiety, parents of 1st born premature infants, 30597
hospital based parent support group, parents of hospitalized children, 23700
impact of parental divorce, college students living away from home, 36269
inborn temperament individuality, interactions in child care, children & their parents or caregivers, 22041
individual & intergenerational dynamics & resulting instrumental vs focal child syndromes, narcissistic parents & their children, 12078
individual coping efforts & social support & job schedule flexibility, well being, full time employed single vs married parents of 16 yr olds & younger, 38451
information & emotional support provided by Bright Beginnings Warmline, caregivers & parents of children from birth to 5 yrs old, 13022
institutions, decision to have children & transition to parenthood, adults, 22176
interactions among various sources of stress, parents of children with developmental disabilities, 25999
interactions with child life interns & nurses & parents, psychosocial adjustment, hospitalized 1.3–15.5 yr olds, 20174
internal consistency & stability of Parent Practices Scale, assessment of parent child interaction & parent & child mental health, parents of 3.6–4.6 yr olds, 17642
interparental conflict & adolescent sex, 1st yr postdivorce adjustment, 11.1–15.1 yr olds, 4681
interparental conflict regarding family relations & methods of marriage & emancipation of females, Kuwaiti vs non-Kuwaiti parents, Kuwait, 8244
issues of substituted judgment in pediatric health care setting, parents vs health care professionals, implications for nursing, 37606
knowledge of preschool age child's behavioral ability development, low income Hispanic vs Black vs Anglo parents, 18811
language barriers, doctor patient relationship, non-English speaking 2 & 5 yr old males & their parents & pediatricians, 37632
level of disagreement & marital attitude in marital interactions, 51–60 yr old parents of schizophrenic vs neurotic patients, India, 36599
LISREL model, effects of social homogamy & cultural inheritance on resemblance, twins & their parents, 28575
long term attitudes & behaviors, child abuse, parents, 22701
loss of adult sons in war vs automobile accident, mortality rates, parents, Israel, 16147
low vs high expressed emotion, parental interaction, 41–64 yr old parents of 20–36 yr old schizophrenic patients, 33075
major depression & other psychopathology, parents of depressed vs nondepressed psychiatrically disturbed 7–17 yr olds, 36659
marital quality of parents, schizophrenic 15–25 yr olds living at home, Canada, 22577
mediation process, separation anxiety, divorced parents, child custody implications, 29270
methodology for empirical procedure to identify priority geographic locations for parent child services, families with elementary school students with education related needs, Hawaii, 31273
model of effective helping relationship in family centered care based on enabling & empowering of parents, severely impaired 3.5–4 yr old females & their families, 23494
model of interactions, coaches & parents & athletes, training implications, 20980

model of parental grief following death of child, literature review, 18784
motivations & stresses & gratifications of joint custody, families with 14 mo to 5 yr old children, 4 yr study, 29266
mourning of & recovery process from death of child, parents, 29223
open communication with parents, child psychiatrist, 2219
overinclusive thought disorder, parents of schizophrenic patients, 33180
own stress & children's symptom severity ratings vs clinical ratings, 23–52 yr old parents of autistic 2.3–12.6 yr olds, Canada, 33097
parent education meetings, knowledge level regarding child & sexual abuse, parents of preschool students, 31028
parent practitioner communication, treatment, nonorganic failure to thrive infants, 23103
parental & own alcohol drinking patterns, male vs female college students, 38167
parental age at birth, patients with Alzheimer type vs multi-infarct dementia, 26664
parental alcoholism & psychopathology & drinking history, hospitalized alcoholic males vs females with vs without history of suicide attempts, 15929
parental concordance for major depression with or without anxiety disorders or alcoholism, psychopathology, 6–23 yr olds, 22601
parental consanguinity, intelligence, 6–8 yr olds, 7992
parental detection & signs of handicap in child, parents of hearing impaired 2–6 yr olds, 2023
parental handedness, hand use preferences for reaching & object manipulations, 6–13 mo olds, 15082
parental history of affective or nonaffective psychiatric disorder, psychopathology, 6–19 yr olds from families in prepaid health plans, 22510
parental language mixing, interlinguistic confusion, 14–28 mo olds & their parents, 32403
parental loss through murder or suicide, overanxious & dysthymic & conduct disorders, 0–12 yr olds, 19314
parental psychopathology &/or maltreatment, aggressive behavior & delinquency & social withdrawal, children of psychiatrically disturbed parents, 22668
parental strategies for explanation of mental illness hospitalization & reactions, hospitalized psychiatric patients & their children, conference presentation, 23643
parental strategies for limiting TV viewing, parents of 3–16 yr olds, 25750
parental stress & social network size & density, families with severely & profoundly retarded institutionalized adolescent or young adult offspring, 15994
parenting practices & needs, deaf parents of hearing 7–18 yr olds, 12514
parents as agents of intervention, children with conduct problems & juvenile offenders, 33942
parents' marital relationship structure, incorporation of children into family, parents of newborns, 3 & 12 mo followup, 25741
parent's sex & social attractiveness & child temperament & SES, tendency to report child abuse judged from written vignettes, college students, 8829
parents' vs teachers' reports of behavioral & emotional problems, 4–12 yr olds, 22493
participation in Parents' Anonymous, coping & reduction of child abuse, physically or sexually abusive parents, implications for school counselors, 12757
participation in support organization, parents of sons vs daughters with psychiatric disorders, 6341
perception of & concern about behavioral problems & understanding of developmental status, parents of developmentally at risk 3 yr olds & younger, 36511
perception of parental role & success in education & other developmental areas, parents of mildly mentally retarded 7–12 yr olds & school principals & special education teachers, 24197
perceptions & experiences in support group & psychosocial adjustment, parents of blind or partially sighted 6 mo to 19 yr olds, 19799
perceptions of coping with chronic illness, parents of children with cystic fibrosis, implications for nursing, 16088
perceptions of parents, course of illness & outcome, schizophrenic patients, 19729
perceptions of public school education programing for disabled students in domestic & community & vocational & leisure domains, parents of severely & profoundly disabled students, 38201
person centered approach, structure & implementation of counseling programs, parents of handicapped children, 37386
physical & mental health & academic achievement & parental drug use, 9th–12th graders who do not use drugs or alcohol or tobacco, 8130
placement in orphanage as child, ratings of 6–18 yr old offspring behavior & parent child relations, parents, 4859
positive vs negative interactional context, blaming attributions & behaviors, delinquent 13–17 yr olds & their parents, treatment implications, 26208
power relationship with parents, educational psychologists, 10267
predictors of satisfaction with parent training, parents with noncompliant 1.4–9 yr olds, 16469
premature or handicapped infant, coping in transition to parenthood, parents, 22476
prenatal stimulation program, parent child bonding, working parents, 30370
prevalence of psychiatric disorder & alcoholism, 6–17 yr old children of alcoholic &/vs antisocial parents, 15569
profiles, families who adopted children with special needs formerly in foster care, 22216
psychiatric history & marital status & alleged reasons for marital separation, custodial status of children, 20–54 yr old parents in custody disputes, 22248
psychological mechanisms & effects of & rituals involved in reunions, elderly parents & their adult children, 18794
psychological sequelae following parental detention, 2–6 yr olds, South Africa, 29172
psychometric assessment, parents & 4 yr old & older siblings of autistic probands, 26073
psychosocial sequelae & traumatic stress & PTSD symptoms, parents whose offspring have been murdered, 33161
psychosocial support agency & telephone service, coping with stress & family welfare, parents of multiple birth children, 34224
psychosomatic symptoms after death of child with cancer, parents, 2 yr followup, 5738
quality of parental work environment & social network, family environment & child adaptation, 21–56 yr old parents & their 1–18 yr olds, 29211
relationship between Child Abuse Potential Inventory & Parenting Stress Index, male vs female maltreating parents, 26246
reliability & validity of Interparental Conflict Questionnaire, assessment of conflict over childrearing & other factors, married vs divorced mothers & fathers of adolescents, 31595
REM latency & lifetime prevalence of mental disorders, parents & siblings of early onset unipolar depressed probands, 5207
resistence to psychotherapy after death of child, parents & siblings, 33886
role in guidance of parents of children with congenital retardation toward current resource materials, psychologists, 20047
role in working with parents of preschool age children with cerebral palsy, occupational therapists, 20238
school based counseling & intervention strategies, coping behavior & emotional & social adjustment, children of alcoholics, 27759
self concept, evaluation of father vs mother vs stepparent, 5th–10th graders from intact vs divorced families vs families in which 1 or both parents had died, 25625
self help group therapy & self control, abused & abusing parents, 2.5 yr study, conference presentation, 30324

self help groups, parents & relatives of children in foster care, UK, 30674
self monitoring & relaxation & cognitive reframing, coping skills, parents of severely handicapped 4–16 yr olds, 12813
sex & birth order of children, risk of marital disruption, parents, 11625
sex & type & number of losses & length of time since loss & subsequent pregnancy, grief response to perinatal death, parents, 26642
sex, work values, college students vs their parents, 34866
short-term group work, parents of cultist, 37373
similarities in cardiovascular response to mental arithmetic & isometric hand-grip, 41–70 yr old spouses & their 14–35 yr old offspring, 32080
social class, involvement in sex education of preschool age children at home, parents, 18781
social interactional intervention model, behavioral changes, abusive parents & their children, 23108
sociobiological perspective on severity of grief following death of child, parents, commentary, 1198
stillbirth or neonatal or sudden infant death, coping & marital communication, couples, 18777
stress responses & coping behavior, parents or spouses of burn patients, 6 mo study, 1976
support group participation, parents of deaf or hearing impaired children, 6001
supportive/educational intervention, distress & anxiety & depression & family conflict & burden, parents of adult schizophrenics living at home, 2706
systematic training for effective parenting program, attitudes & perceptions of their children's behavior, parents, Canada, 26876
systems oriented group program, parents of children with chronic illness, 37388
teachers' perceptions of parents' needs vs use of & requests for services, parents of children with learning disabilities or behavior disorders & special education teachers, implications for training, 17283
therapeutic outline including family treatment & aftercare, families with alcohol or drug dependent parent, 23255
use of social supports in planning for adult needs of disabled child, family functioning, parents of mentally retarded or physically disabled offspring 18 yrs old & older, 5535
veiled expression of concerns & support needs during pediatric visits, parents of 5–12 yr olds with cystic fibrosis or diabetes mellitus, implications for health care provision, 23534
visiting & telephoning patterns, parents of hospitalized very low birth weight premature infants, 6 wk study, 40828
8–10 wk early education learning program for parents, parental involvement & home school cooperation, 4.1–5.4 yr olds, 31043

Pargyline
pargyline, circadian rhythm of hypothalamic 5-HT & norepinephrine & dopamine, 10–35 day old rats, 7870

Parietal Lobe [See Also Somatosensory Cortex]
ability to experience solace & positive emotions & right parietal cortex dysfunction, 7–47 yr old patients with mental disorders, 19134
callosotomy, reinstatement & potentiation of behavioral deficits from left vs right lesions of parietal vs medial frontal vs motor cortex, male rats, 11137
cognitive vs affective processing of neutral vs emotional stimuli, right vs left hemisphere parietal EEGs, male vs female college students, 18135
continuous digit discrimination task, P3 EPs & recovery time to targets vs nontargets & parietal lobe functioning, 22–60 yr old male psychopathic vs nonpsychopathic inmates, 5454
ethylcholine mustard aziridinium ion infusion into frontoparietal cortex, long term cortical cholinergic hypofunction & memory deficits, rats, implications for Alzheimer's disease, 4437
generalization of learned ethanol aversion to single or compound taste solutions, rats with lesions of gustatory neocortex or olfactory bulb, 7810
hemidecortication vs unilteral lesions of parietal cortex, simultaneous extinction of bracelet removal from ipsilateral vs contralateral paw, male rats, 18261
injury to left frontoparietal area, early onset schizophrenia, 14 yr old male, case report, 19590
left parietal lesion of vascular etiology, accuracy & temporal characteristics of handwriting, 54 yr old right handed male, case report, 40477
lesions of hippocampal formation vs parietal cortex, memory for spatial locations of short or long lists of items, male rats, 21697
local vs global level hierarchical letter stimuli RT & interlevel interference measuring attention, adults with regional temporal-parietal lobe damage, 37086
neglect, impairment of disengagement of covert attention, 39–77 yr old patients with right vs left hemisphere parietal damage, 19581
neuropsychologic measures of right inferior parietal lobule dysfunction, prediction of spatial orientation, ambulatory 54–89 yr olds with Alzheimer's disease, 37052
nonpredictive lateralized visual vs auditory cue before lateralized visual target, simple RT measuring spatial attention, 41–68 yr olds with left vs right parietal lobe damage, 37020
normal vs decreased EEG alpha background, parietal lobe function & glucose metabolism, 50–70 yr olds with Alzheimer's disease, 9194
number of serotonin recognition sites in frontal & temporal & parietal lobes, postmortem brains of 50–87 yr olds with Alzheimer's disease, 26612
parietal vs striate vs peristriate lesions, visual discrimination acquisition & retention, rats, 18266
phonetic category of synthetic speech sounds, left vs right temporal vs parietal lobe auditory EPs, college students, 7647
posterior parietal lobe, visual & eye movement functions, literature review, 28585
recognition of word & nonword visual letter strings, patients with right vs left parietal lesions, 16227
regional cerebral glucose metabolism in parietal & frontal lobes & cognitive ability & memory, mildly to severely demented Alzheimer's disease patients, 22946
response to tactile stimuli at threshold range, 42 & 73 yr old males with stable parietal lesions, 33654
selective semantic amnesia, 18 yr old female with left parietal lesion after closed head injury, case report, 19519
taste stimulation, single neuron activity in insular gustatory cortex, satiated macaque monkeys, 4167
unilateral frontoparietal lesions, stability & tremor in fingers, 29–78 yr olds, 22903
visual & tactile & auditory discrimination, monkeys with unilateral removal of posterior insula vs 2nd somatic sensory projection area ipsilateral vs contralateral to preferred hand, 799
visual fixation & attention & saccadic eye movements during visual pursuit, monkeys with parietooccipital cortex lesions, 25173
word naming task & reading ability, lateral temporal vs parietal EPs, 5.1–6.2 yr olds, Netherlands, 4 yr study, 4120

Parkinsons Disease
affective measures of expression & perception in facial & vocal channels, adult males with schizophrenia vs right brain damage vs Parkinson's disease, 29436
age at disease onset, cognitive & memory & psychomotor performance & dementia, 32–86 yr olds with Parkinson's disease, 5668
age of onset, clinical & pathological & personality features, 24–45 vs 70–90 yr olds with Parkinson's disease, 19515
amitriptyline, muscle contraction headache, 41–70 yr olds with Parkinson's disease, 23401
antipsychotic & antimuscarinic potency of antipsychotics & tolerance to benztropine withdrawal, 15–65 yr old psychiatric inpatients, implications for prediction of side effects of antipsychotics, 26984
atypical depression, patients with Parkinson's disease vs multiple sclerosis, 1529

backward masking in visual number recognition tasks, neuronal responses & EPs in thalamic nuclei & striatopallidal system, Parkinson's disease patients, 19551
biperiden hydrochloride, memory & language deficits & disorientation & paranoia & hallucinations, 74 yr old male with Parkinson's disease, 2494
blood granulocyte & monocyte ingestion of opsonized zymosan vs immunoglobulin coated vs glutaraldehyde treated sheep red cells, 52–87 yr olds with Alzheimer's vs Parkinson's disease, 9142
bradykinesia, pinch grip force, untreated 47 & 59 yr olds with Parkinson's disease, 5832
brain autografting of adrenal medullary tissue, neuropsychological functioning, 34–59 yr olds with Parkinson's disease, 20078
brain regional concentrations of substance P-like immunoreactivity, postmortem brains of elderly patients with Parkinson's & coincident Alzheimer's disease, 36995
central processing time & neuropsychological performance, older adults with supranuclear palsy vs Parkinson's disease, 22913
cerebral cortex neuronal correlates of verbal memorization, patients with Parkinsonism or epilepsy, 22933
clinical features & levodopa treatment, 21–79 yr olds with neuroleptic induced Parkinson's syndrome, 12866
clozapine, drug induced psychotic symptoms, 61–77 yr olds with Parkinson's disease, 23436
cognitive & memory & psychomotor functions, patients with left vs right untreated hemiparkinsonism, 33543
cognitive deterioration vs concept formation & maintenance & shifting, measurement of selective frontal function deficit, patients with demented vs nondemented idiopathic Parkinson's disease, 33486
cognitive function & motor performance assessed by RT & movement time, parkinsonian patients, 9060
cognitive functioning, Parkinson's disease patients with left vs right side motor symptoms, 5793
cognitive impairment, patients with Parkinson's disease of less than 3 yrs duration, 37095
cognitive slowing demonstrated by visual discrimination test, 38–79 yr olds with Parkinson's disease treated with levodopa, 40793
computers, assessment of attention, elderly or patients with Parkinson's or Alzheimer's disease, 12491
confrontation object naming & rate of "automatic speech", verbal fluency, adults with Parkinson's disease, 37039
continuous unilateral caudate nucleus infusion of pyridine compound, permanent hemiparkinsonism, monkeys, implications for neuronal damage in Parkinson's disease, 21760
control of symmetrical vs asymmetrical bimanual aiming movements, 50–73 yr olds with Parkinson's disease, 5799
correlates of memory impairment, 41–83 yr olds with Parkinson's disease, 30066
dementia & Parkinson's disease, literature review, 40406
depression & disability, patients with Parkinson's disease, 5592
depression & mood fluctuations & on-off motor phenomenon, 67 yr old male with idiopathic Parkinson's disease, case report, 26490
disease severity, motor & intellectual impairment & depression, 37–77 yr olds with Parkinson's disease, 12415
ECT, patients with Parkinson's disease & depression, 12554
ECT, 72 yr old female with chemotherapy resistant Parkinson's disease & mania, case report, 5841
EEG & age & mental status & motor disability, demented vs nondemented patients with Parkinson's disease, 16186
endocrinologic abnormalities, patients with Huntington's or Parkinson's disease or tardive dyskinesia, 9107
EPs & RT & movement time & neuropsychological tests measuring cognitive performance, patients with idiopathic Parkinson's disease during on vs off phase, 33650
EPs in visual discrimination task, Parkinson's patients, conference presentation, 5697
ethanol withdrawal, development of Parkinsonism & facial dyskinesias, 55 yr old alcoholic male, case report, 8901
factors associated with psychological adjustment, patients with Parkinson's disease, 30012
fluctuations in mood & motor ability, Parkinson's disease patients with "on-off" motor swings, 5746
frequency of dementia & clinical characteristics & cognitive impairment patterns, patients with Parkinson's disease, 26498
ideopathic parkinsonism, 55–85 yr olds with mild senile dementia of Alzheimer type, 66 mo study, 40468
internal consistency & validity of Beck Depression Inventory, assessment of depression, adults with Parkinson's disease, 21103
isometric force production characteristics using arm, 49–73 yr olds with Parkinson's disease, 5798
laterality of motor & verbal & spatial deficits as neuropsychological symptom pattern in early stages, patients with left vs right sided Parkinson's disease, 29870
learning task performance, 15–74 yr old patients with Parkinson's disease vs frontal or temporal lobe lesions, 33487
Levels of Processing & Working Memory models, interpretation of verbal & nonverbal memory deficits, 49–69 yr olds with Parkinson's disease, Italy, 22911
levodopa induced hypersexuality, mood & physical disability & cognitions, 64 yr old male with Parkinson's disease, implications for frontal cortical disinhibition, 26962
levodopa, neuropsychological performance & cognitive abilities, 22–77 yr old inpatients with idiopathic Parkinson's disease, 30054
levodopa, spatial disorientation, patients with Parkinson's disease, 23400
lisuride & levodopa, 31–73 yr olds with idiopathic Parkinson's disease, 4 yr followup, 23392
long term medical & drug treatment, apathy & weight loss & hypoventilation, family members with familial parkinsonism, 9299
motor & neuropsychological impairment, 44–86 yr olds with idiopathic Parkinson's disease, 16148
neuroleptic malignant syndrome as complication of levodopa withdrawal in striatonigral degeneration, 65 yr old female with Parkinson's disease, case report, 16567
neuroleptic therapy, perception of visual ambiguous figures, patients with Parkinson's disease vs schizophrenia vs other mental disorders, 9495
neuroleptic treatment, D-1 & D-2 dopamine receptor density, postmortem brains from patients with schizophrenia vs Alzheimer's vs Parkinson's vs Huntington's diseases, 34098
neuropathology & psychopathology including dementia & cognitive impairment & depression, Parkinson's disease patients, literature review, 5692
occupational therapy program & continuity from home care to community setting, autonomy, 71 yr old female with history of Parkinson's disease, case report, 40900
olfactory dysfunction, patients with Parkinson's disease, 16065
olfactory function, patients with Parkinson's vs multiple sclerosis vs Alzheimer's disease, 16127
perceptions of interaction over course of treatment, patients with Parkinson's disease & their doctors, 30607
planning & strategic & spatial working memory abilities, medicated adult Parkinson's disease patients, 12466
plasma dopamine fluctuations induced by high dosage levodopa & carbidopa treatment, state dependent memory, patients with idiopathic Parkinson's disease, 34046
platelet MAO-B activity, 28–71 yr olds with Parkinson's disease vs Alzheimer's vs multi-infarct dementia, 26468
prevalence of dementia, patients with Parkinson's disease, 2066
prevalence of tardive dyskinesia &/or pseudoparkinsonism, chronic psychiatric inpatients who received neuroleptics for 2 yrs or more, 23462
psychological dysfunction & subcortical dementias, patients with Parkinson's vs Huntington's vs Alzhiemer's diseases, literature review, 9019
psychotic reactions from adrenal gland grafts or l-dopa, patients with Parkinson's disease, 26704

receptive vs expressive emotional vs linguistic prosody & emotional facial stimuli & musical pitch & tonal memory processing, patients with left vs right hemiparkinsonism, 29869
remoxipride, 61 yr old male with coexistent schizophrenia & Parkinson's disease, case report, 40756
sc lisuride delivery pump, 32–60 yr olds with idiopathic Parkinson's disease, 1 yr study, 37560
secondary oral reading task, simple RT impairment, 59–70 yr olds with idiopathic Parkinson's disease, 40408
serum anticholinergic levels, extrapyramidal symptoms, schizophrenic 28–82 yr olds treated for drug induced parkinsonism with subsequent extrapyramidal symptoms, 23355
severity of disease, short & long term memory storage, patients with Parkinson's vs Huntington's disease, 9190
spatial frequency of vertical vs horizontal grating, contrast sensitivity, Parkinson's disease patients, 1970
spatial prisms, adaptation, patients with idiopathic Parkinson's disease, 26649
speaking rate, articulatory hypokinesia, male 55–72 yr olds with Parkinson's disease, 36981
speech & language disturbances, patients with Alzheimer's vs Parkinson's disease, 9018
stimulus orientation & spatial frequency, visual contrast sensitivity, 17–51 yr old psychiatric patients with drug induced parkinsonism, implications for dopaminergic deficiency, 32928
supranuclear disturbances in eye & lid motility & intellectual & motor deficits, Chamorro 53–90 yr olds with amyotrophic lateral sclerosis & parkinsonism dementia complex, Guam & Rota, 22983
symptoms & outcomes of hysterical blepharospasm & myoclonus & parkinsonism, 22 & 57 yr old females & 64 yr old male, case report, 12080
ventral tegmental area histopathology, Parkinsonism & progressive dementia & behavior disturbance symptoms, 56–91 yr olds with dementia, 9214
video recorded aberrant eating behavior, 62–83 yr old Parkinsonian patients with vs without dementia, 29851
visual RT performance measuring spatial displacement judgment & visuo-spatial motor processes, 61–82 yr old with Parkinson's disease, 37165

Parks (Recreational) [See Recreation Areas]

Parochial School Education [See Private School Education]

Parole

Kentucky Substance Abuse Program, recidivism rates & treatment outcome, drug &/or alcohol abusing probationers & parolees, implications for posttreatment followup, 34437
MMPI profile subgroups, eligibility for work release program, incarcerated male homicide offenders, 9913
probation or parole sanctions with vs without urine testing, deterrence of narcotics use & property crimes, drug addicted offenders, implications for drug treatment programs, 41104
public views of full parole & earned remission of sentences for criminals, adults, Canada, 13278
retributive evaluations of offense severity & risk predictive assessments of post release behavior & amount of discretion, decision making, parole boards, US vs Israel, 27368
self report regarding receipt & effectiveness of counseling & urges to molest children, 17–70 yr old convicted child molesters on parole from prison, 37951

Parole Officers

decision making model for restrictiveness of residential placement & parole supervision for juvenile offenders, parole workers, 30706

Parolees [See Parole]

Partial Hospitalization

admissions procedure & treatment team & program & clinical meetings at day hospital, 20209
application of cognitive disability & recapitulation of ontogenesis frames of reference, assessment of vocational readiness & development of vocational services model for partial hospitalization program, 9806
application of E. Erikson's stages of development to work produced in art therapy sessions, adult neurotic day hospital patients, Great Britain, 30769
Arizona Youth for Change day hospitalization program, adolescents with emotional &/or behavioral problems, 20175
attitudes toward partial hospitalization program, treatment outcome, psychiatric patients, 20221
behavioral management of behavior disorder, brain injured patients in day rehabilitation program, 16937
behavioral treatment, ambulation, elderly wheelchair dependent clients of adult day care center, 34282
behavioral treatment approach to partial hospitalization, psychiatric patients, 16884
behavioral treatment approach to partial hospitalization, psychiatric patients, commentary, 16887
client population typology for day programs, psychiatric patients, 2813
cognitive developmentally enhancing environment, participation in day treatment center programing, clients, 2764
community day care center program, 12–19 yr old multiple drug abusers, 3–8 yr followup, 27309
conceptual model of adaptive skills, vocational & prevocational multidisciplinary services, 24 yr old male & other partial hospitalization clients with chronic psychiatric illnesses, 2835
content analysis of verbal samples, prediction of psychiatric day hospital treatment outcome, emotionally disturbed children with behavior disorders, 3 mo to 1 yr followup, 40970
cost analysis of psychiatric day treatment program vs inpatient hospitalization, children & adolescents, 9788
cost effectiveness & marketing strategies & client satisfaction, partial hospitalization program for 6–18 yr olds with emotional &/vs psychiatric problems, 40989
criteria for admission to & utilization of psychiatric partial hospitalization, 16–40 yr old male patients, 9768
current status & standards of psychiatric day treatment services, children & adolescents, 2807
day hospital vs community treatment, acute psychiatric patients, literature review, 34211
day hospital/inn model of care, psychiatric patients, 20180
day treatment program, children with infantile autism or pervasive developmental disorders, 34322
day treatment programs in rehabilitation process, brain injured persons, 2780
demographic & clinical & social & vocational data, therapeutic process, 19–49 yr old psychiatric patients admitted to mental health center day hospital, 13116
demographic & diagnostic characteristics, 3–24 yr olds in child & adolescent psychiatric partial hospital programs, administrative implications, 27192
demographic characteristics, clients seen at alcoholism day treatment program, implications for service model, 34407
design & sampling procedures & assessment procedures in Camberwell High Contact Survey, needs assessment & service provision, long term users of psychiatric day care, England, 12952
development & current status of partial hospitalization, West Germany, 2848
development & current status of partial psychiatric hospitalization programs, Netherlands, 2842
development & reliability & validity of domestic assessment form, assessment of functioning, mentally ill elderly living alone vs with relatives vs discharged from day hospital wards, England, 31677
development of database for day psychiatric treatment center, clinical decision making & program evaluation & research, emotionally disturbed children, 9829
development of freestanding partial hospitalization program using multimodal integrated treatment system, high risk adolescents, 2775
diagnostic type, degree of consensus among patients' & clinicians' & independent evaluators' ratings of patient functioning, schizophrenic vs nonschizophrenic adults in partial hospitalization program, 9821

education & cognitive stimulation & stress management training & individual counseling & group discussion & physical activity, recovery, mild head injury patients in day treatment, 9799
educational orientation to day hospital therapeutic milieu augmenting family & conjoint therapy, psychiatric patients & their families, 2849
effectiveness of day treatment programs, psychiatrically disturbed children, literature review, 2785
effectiveness of time out procedure, 5–18 yr olds in psychiatric hospitals vs day treatment program for behavior disorders vs correctional facilities, 19884
EMG biofeedback, anxiety & depression, 75 yr old female admitted to day treatment program following forced retirement, case report, 34329
establishment of day psychiatric hospital, Nicaragua, 9802
etiology & diagnosis & family structure & psychoanalytical psychotherapy in structured day hospital, electively mute 7.5 & 8 yr olds, 27217
family &/vs individual psychotherapy, weight gain, 10–17 yr olds with anorexia nervosa in day treatment program, 40962
Fenwood Inn temporary residence, mentally ill patients at mental health center day hospital, 20167
frequency & severity of psychiatric disorders, 6–14 yr olds in social adjustment classes vs day treatment vs psychiatric outpatient program, 32960
geriatric day care in community hospital, complex medical & social needs, frail 50–99 yr olds, conference presentation, 37807
historical background & standards & functional issues & efficacy of partial psychiatric hospitalization programs, 2860
history & etiology & diagnosis & psychotherapeutic management in partial hospital, 18 yr old male with Gilles de la Tourette syndrome, 2800
history & evolution of first modern psychiatric day hospital, Canada, conference presentation, 30736
history & rationale & cost effectiveness of adult day care, patients with Alzheimer's disease, 34296
holistic treatment in nursing homes & day care settings by activity directors, patients with Alzheimer's disease, 34339
hospital based day treatment outcome, 4–12 yr olds with behavior disorders, 2786
incorporation of "good enough" model in partial hospitalization programs, clients with borderline or narcissistic personality, 40980
incorporation of religious care into treatment program in acute psychiatric day hospital, patients, implications for discharge planning, 9752
integrative therapeutic approaches, psychosocial functioning, emotionally disturbed 6–8 yr olds in psychiatric day unit, 6398
interval from referral date to intake appointment, failure to keep appointment, psychiatric patients at day treatment center, 2819
long term milieu oriented partial hospitalization, schizophrenic patients, 16864
long term milieu oriented partial hospitalization, schizophrenic patients, commentary, 16901
needs for & availability of mental health & social services, long term mentally ill adults in psychiatric day care, England, 12950
nursing home day program using continuum of care & chronic vs terminal illness approach to health & social services, AIDS patients, 27224
organizational behavior management technique, patients in psychiatric day hospital, 13130
organizational restructuring in replacement of traditional psychiatric hospital with day hospital/inn model of care, 20214
partial hospitalization, PTSD, Vietnam combat veterans, 1–2 yr followup, 9803
partial hospitalization, Vietnam veterans with PTSD, 2828
participation in day hospital program, degree of burden felt by family, chronic schizophrenic patients, India, 37819
participation in day treatment program & psychiatric outpatient followup, psychiatric patients, 9753
participation in softball league, community integration & therapeutic recreation, male psychiatric patients from community mental health day treatment centers, 2710
patient & family characteristics, completion of day care treatment, multiple drug abusing adolescents, conference presentation, 2909
perspectives on housing & vocational & employment & financial & social-recreational & medical needs & implementation of adequate aftercare services, day hospital psychiatric patients, Canada, 9804
preference for & ranking of activity groups, psychiatric patients vs staff of partial hospitalization day program, 2821
problem-solving & conversational skills training, initiation & maintenance of friendships, partial hospitalization after care clients with schizophrenia vs bipolar disorder vs major depression, 2769
program & client characteristics of treatment system based on minimal institutionalization, bed utilization, urban psychiatric patients, 20212
program structure, attendance in day hospital program, chronic psychiatric patients, 2814
programing guidelines for partial hospitalization, chronically mentally ill 18–35 yr olds, 20196
progress & use of services & outcome of treatment in different hospitals & groups, chronically ill day patients, Scotland, 3 yr followup, 16888
psychiatric & medical & social needs, 45 yr old & older psychiatric patients in day hospital, Wales, 16892
psychiatric day hospitals & referral to rehabilitation team, psychiatric patients, 34331
psychiatric rehabilitation in partial care programs, adults with severe psychiatric disability, 13110
psychiatric symptoms & social disability & severity of psychiatric illness, psychiatric inpatients vs day patients, 34289
psychodynamic therapy groups, behaviorally & emotionally disturbed Hispanic 13 yr old female in day treatment, 9817
risk factors & overall functioning & clinical variables, prediction of treatment outcome, 3–6 yr olds with developmental delays &/or emotional & behavioral problems in therapeutic preschool, 2770
role in day hospital & rehabilitative care program for elderly provided by interdisciplinary team using case manager approach, occupational therapists, 16918
services & contributions to understanding & treatment in residential & day treatment centers, school psychologists consulting with disturbed children, 2820
services & staffing & client characteristics & accessibility & related problems, adult & geriatric psychiatric day hospital staff, Canada, 41011
sex education course in adolescent treatment program, 15–18 yr old emotionally disturbed day patients, 27239
sexual awareness groups in psychiatric day treatment program, clients, 2827
short term partial hospitalization for crisis stabilization, patients with acute psychiatric conditions, 16876
short term partial hospitalization programs for crisis stabilization, patients with acute psychiatric conditions, commentary, 16856
social & educational & clinical intervention in partial hospitalization program similar to holding environment, 12–22 yr olds with severe emotional disturbance, 40956
social learning based treatment in partial hospital, alcoholism, 2929
social role theory & existential humanistic perspective on behavior, model of milieu therapy in day treatment facility, psychiatric patients, 2808
structured bus service to day treatment, attendance at & compliance with hospital & community care programs, chronically mentally ill clients, 40869
symptom reduction & education & facilitation of community reentry & use of supports & resources, psychiatric patients in partial hospital program, 40976

systemic developmental model of day treatment, young adult chronically mentally ill patients, 2799
treatment strategies, reduction of costs of acute psychiatric hospitalization, conference presentation, 2191
validity of Day Treatment Appropriateness Scale, prediction of successful program completion, rural alcoholic clients attending community mental health center, 2924
3rd party reimbursement, utilization of partial hospitalization, 16877
Partial Reinforcement [See Reinforcement Schedules]
Partially Hearing Impaired
academic achievement, Eskimo 9th graders with history of severe otitis media & related hearing loss, 31200
adjustment of contralateral routing of acoustic signals aid, patients with unilateral severe hearing impairment, 19676
attitudes & feelings & knowledge, parents of Black hearing impaired 3–19 yr olds, 9088
attitudes toward mainstreaming hearing impaired children, regular classroom elementary school teachers, 3257
auditory filter shape & sliding temporal integrator, detection of temporal gaps in sinusoids, normal 21 yr olds vs unilaterally vs bilaterally hearing impaired 56–72 yr olds, 33600
auditory tone thresholds, measurement of psychoacoustical modulation transfer function & speech intelligibility, normal hearing & hearing impaired adults, Sweden, 275
auditory tracking & story modeling procedure, auditory comprehension, 4–5 yr olds males with moderate to severe hearing loss, 37849
aural rehabilitation Elderhostels at Gallaudet University, hearing impaired elderly, 38187
bandpass filtered noises vs sinusoidal signals, detection thresholds of temporal gaps, deaf adults with extracochlear implants or 54–71 yr olds with unilateral cochlear impairments, 16175
cephalametric & cineradiography analysis of oral & pharyngeal resonance relationships during vowels in isolation vs context, 18.6–26.2 yr old females with vs without hearing impairment, 33449
characteristics & benefits of oral interpreters, hearing impaired, 23706
communication & interactive behavior prior to leave taking for brief separation, mothers & their normal hearing vs hearing impaired 17–46 mo olds, 9012
communication competence & assessment & pragmatics & semantics, hearing impaired children, special education implications, 33572
community outreach program sponsored by hearing impaired college students, knowledge of mainstreaming & postsecondary education options, parents & their hearing impaired children, 38262
computer controlled adaptive procedure, performance-intensity function using consonant vowel stimuli, normal vs sensorineural hearing impaired 17–47 yr olds, 33452
computer controlled laser videodisc programs, speechreading & assertive listening skills, hearing impaired children & adults, 37589
concurrent validity of Hiskey-Nebraska Test of Learning Aptitude vs K-ABC Nonverbal scale vs WISC-R vs Leiter International Performance scale, assessment of IQ, hearing impaired 6.0–10.8 yr olds, 27801
consonant content of babbling, hearing impaired vs normally hearing 4–39 mo olds, 5803
counseling needs & therapeutic interventions, partially hearing impaired & deaf adolescents, 2320
decision making criteria, educational placement of hearing impaired students, placement team members vs ancillary professional serving hearing impaired children, 13672
delivery of services & assessment techniques, school psychologists serving hearing impaired students, 31263
description of pictures in written English vs sign language, locative prescription sentence errors, hearing impaired 12–20 yr olds vs normal hearing 6–9 yr olds, 29981
development & concurrent validity of nonverbal intelligence test, 6–17 yr olds with hearing impairments, India, 35105
development of distributive justice reasoning, hearing vs hearing impaired 9 vs 11 yr olds, 16156
development of questionnaire, assessment of psychosocial disadvantages from occupational noise induced hearing loss, metal products factory workers & their families, implications for rehabilitation, 19553
dioptric blur & age, speech reading, normal hearing 22–37 yr olds vs hearing impaired 21–87 yr olds with vs without visual pathologies, 37169
dynamic range reduction by peak clipping vs single channel compression using hearing aid, phoneme perception, hearing impaired 13–18 yr olds, 12378
errors in measurement of auditory brain stem response, adults with vs without cochlear hearing loss, 9220
exposure to taped conversations with simulated normal vs impaired hearing & positive vs negative personal feedback, anxiety & paranoid reactions & trust/attribution, female college students, 16048
filtering & presentation level of specific spectral regions, stop consonant recognition, 18–25 yr olds vs male 32–45 yr olds with high frequency hearing loss, 26477
frequency discrimination & stop consonant identification, 30–55 yr olds with high frequency sensorineural hearing loss vs normal hearing 23–30 yr olds listening with vs without noise, 26595
frequency resolution measures, prediction of vowel recognition, 21–55 yr olds with sensorineural hearing loss, 26663
hearing aids with vs without compression, perception of nonsense CVC words, hearing impaired 13–18 yr olds, 29915
hearing impairment, psychological & sociological consequences & general behavior, 70–75 yr olds, 12526
hearing impairment severity, physical & psychosocial functioning, patients 65 yrs old & older, 29859
hearing loss, psychoses & mental status assessment, aged, 16069
home visit & psychological & medical examinations, disruptive school behavior, 7 yr old Hmong refugee with language handicap & hearing loss, 34750
increase in low frequency & decrease in high frequency hearing aid gain, auditory-visual speech discrimination, 6–14 yr olds with severe hearing impairment, 30577
integrated day care vs segregated special education settings, play behavior, hearing impaired 3.5 & 5 yr olds, 20595
language acquisition & reading achievement & assessment, hearing impaired students, 34749
language acquisition model, assessment of semantic & syntactic development in mean length of utterance in morphemes, hearing impaired children, instructional implications, 30081
learning & signal to noise ratio enhancing equipment & educational management strategies, speech language pathologists working with mainstreamed hearing impaired elementary school students, 31204
linear combinations of latency level curve parameters from brain stem auditory EPs, discrimination of cochlear vs conductive vs mixed hearing loss, hearing impaired 10–85 yr olds, 19643
linguistic approach to audiologic counseling, hearing impaired 18 yr old female who rejected hearing aids, 37866
loudness of background noise & target words, binaural speech discrimination, 17–60 yr old aircrew members with sensorineural &/vs conductive hearing loss, 9116
MacWrite word processing program, grammatical additions & omissions & substitutions in personal correspondence, hearing impaired female adult, 37252
masking noise exposure & ipsilateral vs contralateral pulsed tone, judgment of change in tinnitus strength & comparative loudness of tone, adults with hearing loss, 16197
methods of assessment & identification & programing, teachers of hearing impaired & learning disabled students, 24143
microcomputer telecommunication with hearing impaired vs normal hearing partner, scholastic achievement & literacy & language skills, hearing impaired 6th & 8th graders, 38192

mild or moderate hearing loss, performance on verbal vs written cognitive tests, patients with Alzheimer's disease, 30113
moderate vs high contact with mainstreamed hearing impaired students in same class vs same school, attitudes toward disability, 8th graders, 20655
modified bivariate plotting procedures, diagnosis of hearing loss, adults, 19618
modulated vs unmodulated noise & frequency selectivity, detection thresholds & comodulation masking release, normal hearing vs cochlear loss hearing impaired 22–65 yr olds, 19525
multichannel electrotactile speech processor, speech tracking rate, profoundly or severely hearing impaired 24–44 yr olds, 16706
music therapy, language development & communication related concerns, hearing impaired children, 30161
musical hallucinations & hearing problems & treatment, 61–88 yr olds with major depression or schizophrenia or dementia, 29674
nonverbal ability measures, prediction of academic achievement, deaf & hearing impaired students, 24170
nonverbal communication concepts, teachers of hearing impaired students, 38211
opinions about preparatory education for teaching learning disabled hearing impaired students, teacher educators, 3263
orosensory perception & articulation, hearing impaired adults with articulation disorders, 30003
perceived incidence & successful management of child's misbehavior, parents of hearing impaired 2–12 yr olds, 1956
performance on tests of social interaction & tests of auditory &/vs visual perception of words & sentences, hearing impaired 58–81 yr olds, 37116
pragmatics & language assessment, hearing impaired children, 33506
pragmatics & syntax acquisition assessment & elicitation procedures, hearing impaired children, 33503
professional functioning, hearing impaired social workers, 34444
provision of informational counseling to hearing impaired students, educational audiologists, 31326
readiness & success in school & classroom communication interactions & textbook language, hearing impaired school age children, 34788
real time graphic display & simultaneous interpreting & paid note taking, perceived helpfulness, hearing impaired college students, 27737
relationship of behavioral & environmental & affective communication variables of Communication Profile for Hearing Impaired, adults in aural rehabilitation program, 31584
self monitoring & feedback techniques, acquisition of emotional adjectives, hearing impaired 16.8–22.3 yr olds, 2432
sign language instruction, social interaction, hearing impaired & nonhearing impaired 4th–5th graders, 17313
signed vs complete language instructional communication inputs, literacy achievement, hearing impaired 5–12 yr olds, 27705
simulated hearing loss, speech sounds perception, 19–34 yr olds, 9188
single channel speech compression using hearing aid, phoneme perception, hearing impaired 13–18 yr olds, 12377
social interaction intervention programs, peer relations, hearing impaired 3.3–4.5 yr olds, 12796
sociolinguistic assessment model, communication problems, hearing impaired students, 34742
spectral noise levels & perceived vocal effort, severely to profoundly hearing impaired 6–11 yr olds, therapeutic implications, 30106
spectral tilt at signal onset & frequency change abruptness after onset & formant transitions, voiced stop consonant identification, normal vs hearing impaired 19–73 yr olds, 16150
speech & language difficulties, children with hearing loss & otitis media, Pacific Islands, 33652
speech enhancement techniques, intelligibility, 30–75 yr olds with postlingually acquired hearing loss, 5737
speech recognition ability in noise, normal hearing 18–70 yr olds vs hearing impaired 55–70 yr olds, 16086
speech training curriculum with vs without visual vs tactile displays, monotone voice, severely to profoundly hearing impaired 7–18 yr olds, 40823
speech vs tonal complex stimuli, duration discrimination, normally hearing vs impaired 19–36 yr olds, 16029
standardized & nonstandardized test protocols, assessment of language skills, school aged hearing impaired children, 33599
stop consonant recognition assessed using articulation index prediction theory, male 32–45 yr olds with high frequency hearing loss, 26478
strategies for teaching writing skills, hearing impaired college students, 10239
suggestions for communicative strategies, hearing impaired elderly patients in extended care facilities, 34297
support group participation, parents of deaf or hearing impaired children, 6001
tests used for evaluation of language, hearing impaired preschool & elementary & high school students, 10240
text revisions of basal readers, comprehension, hearing impaired vs normal hearing 8.6–11.8 yr olds, 23988
text summarization skills & strategies, hearing impaired vs unimpaired college students, 5755
tone loudness, brain stem auditory EP thresholds & latency for discrimination of hearing loss type, 10–85 yr olds with conductive vs cochlear hearing loss, 19642
treatment in standard inpatient chemical dependence unit, alcohol & drug dependent 21–30 yr old deaf males, 13253
utility of ratings by teacher vs speech-language pathologist vs school principal vs audiologist, diagnosis of learning disabilities, hearing impaired 5–12 yr olds, 13736
utterance length in consonant syllable production task, voice onset time & vowel & syllable duration, hearing impaired 9–13 yr olds, implications for speech therapy, 30001
validity & interrater reliability of speech intelligibility rating scales using sentence list reading, hearing impaired college students, 3627
various pairs of simple & complex sounds, auditory spatial resolution in horizontal half plane, mildly hearing impaired 17–29 vs 60–70 yr olds, 40389
vestibular functioning & motor coordination, 7–12 yr olds with hearing loss vs motor impairment & learning disability, 5105
Wave V latency/intensity function for auditory evoked brain stem responses, loudness discomfort, hearing impaired vs unimpaired 20–72 yr olds, 2142
wearable electrotactile speech processor for presentation of speech parameters as electrical pulses, phoneme & word recognition, hearing impaired 24–44 yr olds, 16028
writing skill acquisition & assessment, hearing impaired children, educational implications, 33495

Partially Sighted

future aspirations & vocational goals & attitudes toward marriage & recreation, blind & partially sighted 16–18 yr olds, 26659
perceptions & experiences in support group & psychosocial adjustment, parents of blind or partially sighted 6 mo to 19 yr olds, 19799
vertical vs horizontal vs left vs right diagonal line orientation, tactile discrimination thresholds, sighted vs visually impaired vs blind 22–31 yr olds, 40448

Participation [See Also Athletic Participation, Group Participation, Participative Management]

age, interview survey response rates, adults, 1972–80, 22084
application of leisure behavior constraint research, 17491
assignment by school & organization & promotion of student participation in curricular & extracurricular activities, male vs female secondary school teachers, India, 3083
attitudes toward resident participation in old age homes, social workers & facility directors, Israel, 34304
behavior descriptions vs causal attributions of actors vs Os, college students, 32820

behavioral research in planning process & followup evaluation, environmental design projects, 27979
beliefs about impact of impairment, participation in daily life activities, able bodied vs wheelchair using 18–65 yr old males, 19489
ceasing participation & dropout & replacement rates, changes in leisure behavior, adults, 10491
cognitive & affective & political dimensions of stakeholder participation & utilization in evaluation of youth employment & day care referral programs, 9686
cognitive & personality & motivational variables of psychological empowerment, community participation, 16–74 yr olds, 25684
decision maker behavior & opportunity for voice, procedural fairness judgments, employed adults, 15419
demographic & social psychological & cost benefit factors, participation in voluntary neighborhood organizations, adults, US vs Israel, 1173
extracurricular activity participation in secondary school, development, adolescents, literature review, 10152
health locus of control, physical activity participation patterns, college students, 32847
incentives for voluntary membership & participation in environmental & outdoor recreation associations & activities, outdoor recreationists, 27989
informed consent & expectations & participation, volunteer experimental Ss, 28198
interest in & perceived incentives & barriers to participation in health promotion activities, 55–91 yr old retirees, 22076
interest in social & recreational activities & availability of transportation & health & sociability, senior center participation, low income urban 60–92 yr olds, 32570
involvement in activities, psychological well being, 60–74 yr old males, 18710
joint design of participation & goal setting experiment, resolution of conflicting results between Es, adult business students, 10539
level & type of participation, elderly in human service organizations & old age homes, several countries, 23662
membership in feminist group & perceived poor test performance relative to other feminists, attitudinal persistence on feminist issues & score induced subjective threat, college students, Canada, 15381
motivational factors, participation in curriculum development, elementary school teachers, Canada, 17168
multiple situation comparison by regression techniques, reanalysis of data on commitment level as predictor of musical participation, 14207
participation & interest in leisure activities assessed by questionnaire, male vs female high school students, Australia, 1084
participation in company health & fitness program, employees, 3413
participation in health care, geriatric patients, implications for nursing, 27085
participation in workplace wellness programs & self actualization, employees, 3426
participation in worksite health promotion programs, male vs female employees, 3445
participatory social work research, community problem solving & planning, underprivileged adults, conference presentation, 2737
perceptions of organizational norms & personal values, community participation & personnel transfers, middle level managers, 6886
personal characteristics, participation in community gardens, community residents, conference presentation, 20909
processes to encourage community participation in health projects, practitioners, 16786
public opposition to current nuclear arms policy & psychological factors of arms control inactivity, implications for promoting arms control activism, 8277
reliability & implementation of parental participation in care instrument, parents of hospitalized children, 76
revised model for managing participation in leadership, managers, 27909
sex role traits, barriers to & participation in recreational activities, female college students & faculty & staff, 10488
social psychological & demographic factors & SES, attendance & participation in multipurpose senior centers, elderly persons, 1153
staff interaction & client activity, severely or profoundly mentally retarded adults in small community houses, 2 yr followup, 13054
student characteristics, attitudes toward & participation in school & school activities, 11th–12th graders, 41297
validity of Willingness to Communicate scale, prediction of classroom participation, college students, 20667

Participative Management

assigned vs participative production standards & feedback, task satisfaction, college students, 20837
characteristics of effective quality circles, manufacturing company personnel, 24353
collaborative 5 stage program for organizational change & success, managers & members & consultants, 20853
employee role & organizational culture, preference for reward allocation & participation in organizational processes & job satisfaction, employees of participative vs nonparticipative management firms, 41465
initiation of participative management in organizational development interventions, violation of labor laws, implications for consultants, 20836
involvement & participation in school management, teachers, 23932
leader–follower dichotomy & leaderless organizational structures, employees at restaurant collective, 13822
leadership & participative management, development of effective teams & individuals in work environment, 34898
model of group problem solving behavior & evaluation of effectiveness of quality circle programs, 6888
motivations for participation in quality circles, employees, 17418
participative management in higher education, 13454
participative management, self reported competence & job satisfaction & performance & perception of work setting, Air Force base civilian & military personnel, 17461
problems with quality circles in organizations, India, 13825
program designed with vs without union participation, satisfaction & motivation & perceived equitability & responsiveness to problems, data transcribers at federal agency, 27903
quality circle participation, stress & job satisfaction & role clarity & conflict, employees, implications for consultants & practitioners, 13809
quality of work life projects with quality circles & parallel organizations, labor management relations, manufacturing plant managers & union officials, 10356
strategies for organizational change in international merchant shipping, action & participation cycle of management, 38465
upper management attendance & management vs worker initiated activity, quality circle productivity & problem solving speed, blue vs white collar manufacturing workers in quality circles, 27905

Parturition [See Birth]

Passive Aggressive Personality

clinical features & therapy, males with passive aggressive personality disorder, 12051

Passive Avoidance [See Avoidance Conditioning]

Passiveness

learned helplessness & passivity & locus of control, battered females 18 yrs old & older, 22723
patterns of interaction in self reported salient conflicts, physically vs verbally aggressive vs withdrawing vs nondistressd couples, 39780

Pastoral Counseling

A. T. Boisen's contributions to pastoral care & counseling, 9746
A. T. Boisen's development of clinical pastoral education, 9735
A. T. Boisen's moral psychology of conscience & Christian perfectionism, implications for pastoral counseling, 9743

A. T. Boisen's perspectives on Christian ministry, 9748
A. T. Boisen's theories of mental illness & religious experience & societal role of church, implications for pastoral counseling, 8501
application of C. A. Whitaker's therapy of absurd to pastoral counseling, families, 13088
attachment theory framework for consequences of & interventions for loss & grief phenomena, pastoral counselors, 2727
brief pastoral psychotherapy, adult experiencing guilt feelings, 30249
brief psychotherapy & Buddhism & Christian counseling, 23621
Christian orthodoxy & problem solving style, use of psychological &/vs spiritual counseling techniques, male Protestant clergy, Canada, 6371
covenant of law & grace in Christian counseling, 2733
crisis & trauma, spiritual growth & faith, implications for role of pastors in crisis intervention, 13083
demographic characteristics & psychiatric symptomatology, adults receiving services from clergy &/or mental health personnel, 19702
fears & pastoral interventions in hospital setting, patients with AIDS & AIDS Related Complex, 2094
grief counseling, pastors, 9738
history of A. T. Boisen's pastoral theology, 9734
pastoral & spiritual care, dying & bereaved clients, 6364
pastoral care & counseling, patients with chronic illness or pain, 23616
pastoral counseling techniques, moral trauma, Vietnam veterans, 9747
problems with use of Western pastoral counseling approaches, Indonesia, 2749
professional ethics in counseling, clergy, 6365
reconsideration of condemnation of homosexuality & finding meaning & sensitivity to needs of AIDS patients, pastoral counselors in hospital setting, 27155
role in pastoral care in secondary education, educational psychologists, Australia, 24235
sociocultural & systemic model of symptomatology & pastoral caretaking response, 40943
stages of Spiritual Exercises of Saint Ignatius vs Jungian psychotherapy, spiritual development, 37325
topics of concern & strategies for pastoral ministry, violent & abusive families, 13081
trends in historical development & practice of pastoral counseling, implications for clergy malpractice & interaction between religious & secular mental health professionals, 34275
working with dreams in pastoral counseling, 2748
Pastors [See Ministers (Religion)]
Pathogenesis [See Etiology]
Pathological Gambling
abstinence vs controlled gambling treatment approach using active gamblers as peer counselors, problem gambling, 19713
advantages of medical model as conceptual & operative approach to compulsive gambling, 1764
antecedant life events, pathological gamblers with major depression, 5455
basal serum cortisol & DST & depression, inpatient male pathological gamblers, 26283
cognitive behavioral treatment, compulsive gambling, 33797
common elements in development of illness models of alcoholism & pathological gambling, 1496
compulsive gambling & Gaming Act of 1968, Great Britain, 26250
compulsive gambling as basis of defense of insanity in military courts, military clients, 26264
compulsive gambling as handicapping condition in Federal Civil Service Employment Law, 26294
couples group, recovering alcoholic persons or gamblers & their spouses, 2357
demographic & gambling & psychosocial characteristics, 17–66 yr old pathological gamblers in psychiatric hospitals, conference presentation, 36741
developmental loss, coping styles & defenses, adult pathological gamblers, 15896
dissociative-like experiences, addicted compulsive gambling vs alcoholic vs compulsive overeating adults, test of general theory of addictions, 5109
dissociativelike experiences & sensation seeking, 18–57 yr old social vs problem gamblers, 22721
early childhood & experiences in county & state penal institutions, compulsive gambler/recidivist, 27364
Gamblers Anonymous, abstinence, group attenders, 6044
gambling addiction & reinstatement & recovery, male lawyer & investment banker & certified public accountant who committed crimes, 26207
group psychotherapy, pathological gamblers, 23292
imaginal relaxation vs desensitization, compulsive gambling, adults, implications for behavioral assessment, 19898
left vs right hemisphere EEG, males with history of pathological gambling, 8795
legal aspects of compulsive gambling as disease vs vice, 26290
medical model of compulsive gambling & gaming industry view of legal or moral responsibility, 26220
medical vs cognitive social learning models of gambling & gambling addictions, 1767
methods & validity & reliability of estimates of prevalence rates of pathological gambling, 35113
model of pathological gambling based on psychological observations & physiological phenomena, 1824
multidimensional role of expert witness in compulsive gambling cases, 25788
pathological gambling, male vs female 13–33 yr old substance abusers, 15938
prevalence of excessive & pathological gambling, poker machine players vs off course bettors vs other adults, Australia, 22696
prevalence of pathological gambling & client characteristics, 17–65 yr olds & older, 12191
problems with medical model of pathological gambling, 36731
psychosomatic & emotional & marital difficulties, 22–76 yr old female spouses of pathological gamblers, implications for treatment, 5439
revised DSM-III criteria for pathological gambling, adult Gamblers Anonymous members vs hospital employees vs pathological gamblers in treatment vs college students, 5428
role of arousal in gambling addictions, development of model of affective & decision making factor in reversions or relapses, conference presentation, 1768
SCL-90 revised version, assessment of psychopathology, pathological gamblers receiving inpatient behavioral treatment, 8771
sensation seeking & impulsivity, male pathological gamblers vs alcoholics vs heroin addicts, implications for DSM classification of pathological gambling as disorder of impulse control, 19268
tilt & process of loss of control & coping mechanisms, frequent poker players, 36737
treatment & discharge planning, pathological gamblers, 23632
views of compulsive gambling & road to recovery, incarcerated former criminal lawyer & judge, 27369
voluntary movement dysfunction, schizophrenic males vs inpatients in drug abuse & gambling treatment programs, 29479
5-HT & other physiological determinants, pathological gambling, 1771
Pathologists
experience with autopsy service for dementia patients, hospital pathologists, 30753
Pathology [See Also Neuropathology, Psychopathology]
biomedical & pathophysiological characteristics, bulimic syndrome, commentary, 33645
concepts common to psychology & theology in understanding development of pathology, 40045
individual & family pathology, family members, 1531

Patient Attitudes [See Client Attitudes]
Patient Characteristics [See Client Characteristics]
Patient Education [See Client Education]
Patient History
accuracy of patient demographic & personal information elicited during medical interview & student characteristics & attitudes & self perceived competence, 3rd yr medical students, 3000
behavioral & psychological similarities, bulimic adult patients classified by current & historical weight implications for eating disorders classification, replication, 5809
case history information & identity of treatment mediator, acceptability of treatment of 4 yr old severely retarded male with pica, graduate & undergraduate students, 37436
cerebral ventricular enlargement, schizophrenic adults with family history of schizophrenia vs affective disorder vs unspecified functional psychosis, England, 40159
characteristics & family history, alcohol & cocaine dependent inpatients, implications for predisposition, 19374
chart reviews & parent surveys, identification of multiple developmental delays & diagnosis of autism, autistic 4–20 yr olds, 1701
clinical characteristics & response to treatment & personality profiles after recovery & family history, 21–65 yr old unipolar vs bipolar II outpatients, 8636
clinical history & neurological & EEG & intelligence & psychiatric data, patients with multiple personality disorder, 8574
consistency & stability of initial diagnosis in walk in clinic, psychiatric patients, 2690
content & questioning technique & interview style, medical history taking, internal medicine interns, 41141
demographic & clinical & social & vocational data, therapeutic process, 19–49 yr old psychiatric patients admitted to mental health center day hospital, 13116
demographic & psychosocial & clinical characteristics, patients who committed suicide, Switzerland, 15870
demographic characteristics & medical & psychiatric history, suicide attempt & depression, terminally ill 26–76 yr olds, 9124
demographic characteristics & medical history & personality traits & family background & short term outcome, outpatients with major depression & dysthymia vs episodic major depression, 8628
demographics & history & precipitants & institutional issues & diagnoses & treatment factors, 12–16 yr olds absent without leave from residential treatment centers, 30761
development of computerized database of patient history & related information, schizophrenia research, conference presentation, 8627
development of Occupational Performance History Interview, encoding of work & play & self care performance history, psychosocially &/or physically disabled adolescents & adults & elderly, 31619
diagnosis & patient history & hospital course, length of hospitalization & restoration of competency to stand trial, maximum security forensic hospital patients, 23806
elicitation of alcohol drinking history via computer vs nurse vs psychiatrist during hospital screening interview, 16–60 yr old newly admitted patients, 37770
epidemiology of psychopathology, 21 yr olds followed from birth with history of child welfare interventions or who had lived in social institution, Finland, 16849
family & psychiatric history & mental status & drug use & experience, 15–35 yr olds with acute PCP intoxication vs chronic PCP use, ă896
feedback from overnight therapists, recording practices, case managers in residential treatment facility, 2778
history of attempted suicide & prior course of illness, 19–69 yr olds with major affective disorder, 12054
history of depression or cyclothymic premorbid personality or family history of affective disorder, prediction of depression following mania, 18–69 yr olds, England, 40138
history of hypothyroidism or hyperthyroidism or goiter in self or 1st degree relatives, female 14–78 yr old psychiatric patients with history of panic disorder or agoraphobia with panic attacks, 15754
history of obstetric complications & tomographic evidence of neuropathology, schizophrenic 16–50 yr olds, England, 12036
history of perinatal distress, schizophrenic patients with chronic vs good prognosis, 40 yr followup, 5358
history of physical &/or sexual assault, 19–75 yr old psychiatric outpatients, 33078
history of stimulant & antihistamine usage & hospitalization & school placement & physician type & care satisfaction, 3–60 yr olds & older with Tourette's syndrome, Canada, 30195
history vs no history of sexual abuse, 12–58 yr olds with anorexia nervosa or bulimia vs other appetite disorders, 26508
illness course & remission, patients with episodic progressive schizophrenia exhibiting affective or anxious or delusional hallucinations in childhood or adolescence, 26178
inquiry about prevalence of past sexual & physical abuse, 11–84 yr old psychiatric inpatients, implications for clinical assessment procedure, 8571
introduction of patient information during initial visit, compliance with recommendation for medication, male hospital patients, 30758
lifetime psychiatric comorbidity & familial correlates, less than 20 to over 60 yr old alcohol rehabilitation patients, 22797
major depression & antisocial personality & familial alcoholism & treatment history & onset, severity of alcohol dependence & social & occupational problems, alcoholic 20–59 yr olds, 22796
maternal age & biomedical factors & poverty & adopted or foster child status as risk factors for development of handicapping conditions, children under 5 yrs old, 9051
medical history, perceived prevalence & seriousness of symptoms & diseases, college students vs physicians, 2027
medical history vs physical examination, diagnosis & treatment of psychiatric syndromes & concurrent medical disorders, psychiatric patients, 9610
mental disease patterns, cutaneous self mutilating 17–64 yr olds, Denmark, 15846
mental health promotion & community reentry, patients with history of psychiatric illness, Canada, conference presentation, 27112
method of displaying information about disabilities using mental handicap register, mentally handicapped, 22861
narrative vs research case studies in art therapy graduate education, 38020
narrative vs research case studies in art therapy graduate education, commentary with reply included, 37988
nonneuroleptics or low doses of low potency antipsychotics, rehospitalized psychiatric patients with history of neuroleptic malignant syndrome, implications for prevention, 40768
number of previous episodes & sex & age of onset & time since episode & depression level, relapse following recovery from episode of depression, adults, 29583
obstetric history, child behavior measured by mother's perceptions vs professional rating scales, 17–43 yr old mothers & their neonates, 36297
omission of essential data in initial consultation notes, 2nd yr psychiatric residents, 20405
past psychiatric history, development of PTSD, burn victims, commentary, 40196
patient chart variables, prediction of improvement & need for long term care, 13–18 yr olds in short term psychiatric hospitalization, 27197
patient history & clinical diagnosis & treatment team separation, adolescent psychiatric inpatients who eloped from hospital, 9813
patient history including number of previous detoxifications, alcoholic males with vs without alcohol withdrawal seizures, implications for kindling hypothesis, 2899

postpartum prophylactic lithium carbonate, risk reduction for psychosis recurrence, 27–31 yr old females with history of postpartum affective psychosis, 6199
predictors of suicide, patients with borderline personality disorder, followup study, 29615
previous mental illness & exposure to stress & leisure habits, aggressive vs physically nonaggressive vs verbally agitated behavior, 70–99 yr old nursing home residents, 40958
previous use of mental health services, physical health & finances & nutrition & hygiene & victimization & social relations & needs & health care utilization, homeless adults, 9685
psychiatric diagnosis & EEG & psychological test data & social history, violence, male forensic hospital patients, 27362
psychiatric morbidity of self & 1st degree relatives & obstetric careers, females with puerperal psychoses, 9 yr followup, 12042
psychosocial & medical & demographic characteristics, posthysterectomy distress, 31–55 yr old premenopausal females, 9656
psychosocial & medical histories, 5–14 yr olds with attention deficit disorder treated with psychostimulants, 23402
quality of alcohol histories taken by psychiatric registrars at teaching vs nonteaching hospitals, newly admitted patients, 37806
reliability of self reports of past drinking & life events, alcohol abusing adults, 7182
reported symptoms in structured interview, cognitively impaired 65 yr olds & older, 29905
self report vs hospital chart recording of perinatal complications, prediction of 1 vs 5 min Apgar Composite scores, 15–36 yr old mothers & their newborns, 5654
sexual history & attitudes & functioning, obsessive compulsive 19–52 yr olds, 40101
significance of life history in orthodox psychoanalysis vs daseinsanalysis, patients, 16363
social & psychological & psychiatric data, 18–75 yr old & older psychiatric patients vs suicide attempters, Sweden, 8532
structured cuing method using target words in narrative, recall of recent personal history information, amnesic 49 yr old male with chronic alcoholism & Korsakoff's syndrome, case report, 30788
student characteristics, preparedness for taking sexual histories, 1st year medical students, 38032
technical methods of studying brain degeneration vs subjective & social relations & life history context, research in etiology of dementia, 22967
therapeutic processes & awareness of sexual past, social workers working with adults who were sexually abused as children, 23629
training in family therapy, information sought in psychotic patient histories regarding families, mental hospital psychiatric registrars, England, 37774
Patient Rights [See Client Rights]
Patient Therapist Interaction [See Psychotherapeutic Processes]
Patients [See Also Geriatric Patients, Hospitalized Patients, Medical Patients, Outpatients, Psychiatric Patients, Surgical Patients, Terminally Ill Patients]
evaluation & assessment of stress factors, stress management, patients at Maudsley Stress Clinic, 9729
prevalence of marital problems, general practice clients, 1528
user oriented product development of clothing fasteners, 63–93 yr old long term care patients, Sweden, 40589
Patriarchy
feminist theory of patriarchal social structure, 8205
Pattern Discrimination
absolute signal phase & O's prior phase knowledge, detection of sinusoidal grating patterns in noise background, college students & staff, 236
acoustic speech vs music patterns, perception of phonetic coherence, adults, 28271
alcohol, pattern reversal visual EPs, 18–21 yr old males at risk for alcoholism, 22817
amount of noise & number of point pairs, detection of Glass patterns in random dot configurations, 246
arbitrary arrangement of facial features vs picture of face, face detection, college students, 3758
artificial intelligence systems, classification using knowledge based reasoning vs pattern recognition vs connectionist paradigms, 3797
attributed grammar pattern recognition system for classifying brain stem auditory EPs, 28591
binocular deprivation, pattern discrimination learning, cats, 28441
binocular vs monocular exposure, lateral dominance & discrimination of straited patterns of different spatial orientation, rabbits, 39088
body orientation & intraocular pressure & free vs pharmacologically immobilized accommodation, ocular refraction during pattern perception, 22–28 yr olds, 25107
central vs extrafoveal vision, judgment of line segment serial position in briefly flashed array, adults, 28260
centrally vs peripherally presented dots, detection of mirror symmetry in pattern, experienced Ss, 14305
cognitive limitation & capacity for tone pattern perception, cebus monkeys vs rats, 14498
color vs shape words prior to presentation, interpretation of lateralized Rorschach inkblots, right handed male college students, 28617
compound induction patterns with vs without prior conditioning, overprediction vs blocking in McCollough aftereffect, college students, implications for associative learning, 28261
configural orientation & location of flash, perceived apparent motion trajectory, college & graduate students & faculty, 7340
configuration & luminance of identical modulated patches of sinusoidal grating, differential spatial displacement discrimination thresholds, experienced males, 260
constant vs variable pattern condition of small dots & numerosity, pattern recognition vs subitizing, college students, 14317
contrast level of black & white checkerboard pattern, fixation & visual attention, 4 mo olds, 15086
correspondence & spatial frequency of microstructure vs macrostructure in red vs green vs gray random dot & stripe patterns, compound binocular rivalry, experienced adults, 17758
creative visual synthesis of geometric forms & lines & alphanumeric characters, college students, 7396
density of background lines of different orientation, feature discrimination of line segments, adults, 10747
detection of stationary flashing & moving luminance gratings, 33 yr old female with left occipital lobe removed because of arteriovenous malformation, 37098
discrimination of mirror image vs nonmirror image compound Gabor micropatterns vs textures, adults, 3762
discrimination of silent intervals between tone elements of auditory patterns, 6.5–9.5 mo vs 5.5 yr olds, implications for temporal processing, 1052
early life malnutrition, position & brightness & pattern discrimination, 20–40 vs 70–77 day old rats, 25120
environmental sound & word recognition scores & pattern matching ability, autistic children, 1727
factors influencing perceived dot pattern complexity & goodness, college students, Japan, 24745
familiarity of food associated pattern, mirror image ambiguity in pattern matching, honey bees, 3926
fixation with temporal retina, visual pattern discrimination, rabbits, 18110
flicker & 2 pulse sensitivities for sinusoidal gratings under range of spatial frequencies & retinal illuminance, adults, 251
flow patterns as 2 dimensional orientation structures, detection of orientation changes corresponding to corners or edges of creases, 14289
form discrimination by feature analysis or behaviorally relevant invariant patterns, 17–40 yr olds, 24721

form of dot patterns, spatial orientation, adults, conference presentation, 3741
Fourier transform of temporally sampled impulse response of eye, band of high contrast perceived when viewing rotating striped pattern under stroboscopic illumination, 14711
frequency range & temporal order of tones heard as single vs segregated groups or streams, auditory sequence recognition, college students, 268
identification of tonal patterns, auditory perception learning, adult listeners, 3783
induction of pattern reversal visual EPs using digital filters, 3–13 & 21–50 yr olds with vs without neurological disorder, implications for assessment of patients with attentional problems, 5647
innate preference for facelike patterns & plasticity of cortical functions, development of face recognition, infants, commentary, 36035
integral transform invariances & Lie group theory, representation of invariant visual patterns in recognition research, 7224
level of pattern illumination, luminance matching & brightness constancy, college students, 239
limits of parallel processing, visual pattern discrimination of orientation & magnification, college & graduate students, England, 21222
masking through stimulus onset asynchrony, discrimination & identification of vibrotactile patterns, adults, 24711
mental rotation & right hemisphere advantage, 35 yr old commissurotomized male, 36999
moving light bars spatially oriented to visual cortex cells, synchronization of oscillatory responses & firing patterns, cats, implications for visual pattern recognition, 32035
musical structures & surface harmonies, music perception, college students, 39453
noninduced patterns, pattern contingent color aftereffects, college students, implications for Lie transformation group theory of neuropsychology, 28244
novel vs well memorized nonverbal visual pattern, left vs right hemisphere EPs, 8–15 yr olds with specific visual cognitive disability & dyslexia, implications for visual learning & pattern analysis, 33401
number of blocks & pattern type, perception of symmetry, college & graduate students, Japan, 10738
number of dots & correlation on computer screen, spatial orientation, adults, conference presentation, 3776
orthogonal patterns generated by Fourier descriptor method, threshold tuning curves & frequency specific adaptation, adults, 17745
pattern composition, attention to global vs local levels in same different judgments, adults, 3740
pattern discrimination overtraining, interocular transfer, adult chinchilla rabbits, 28413
pattern recognition ability, identification of Chinese characters under various conditions, China, 266
pattern reversal stimulation, visual EPs, premature 32–35 wk olds, 25468
pattern size & spatial frequency content, maximum spatial asynchrony & stroboscopic perception, adults with emmotropia, 28231
patterned targets different in color &/or luminance from background, discrimination of orientation & magnification, adults, 21223
perception of spatial part whole relations, 3–5.5 yr olds, 39577
perception of structure in vectorpatterns, 3.9–4.5 mo olds, 4610
perception of tone hierarchies & mirror forms in 12 tone serial music, experienced listeners, 3782
person vs entity attributional pattern & number of missing cells in Kelley sentence cube, sentence recognition measuring social information memory organization, college students, 31891
position of line segments in eccentric vision, similarity vs mirror symmetry discrimination, experienced Os, 7343
practice & spatial & temporal conditions, perceptual learning of dynamic vibrotactile patterns with static visual patterns, adults, 17719
preference for locally simple completion vs mosaic interpretation vs visual pattern completion in tracing contours of overlapping figures, college students, 7312
presentation of square wave gratings vs checkerboard masks at various stimulus onset asynchronies, backward masking in simple vs choice RT task, 22 & 24 & 38 yr olds, 7333
quality of pattern form, category discriminations & structure of category representations, 3 vs 5 vs 7 mo olds, 1058
rapid visual patterns discrimination using search task, 42–60 yr olds with unilateral cerebral lesions, 26627
real vs imagined completions of vertically vs horizontally symmetrical visual patterns, memory confusions, college students, 3727
reinforced visual pattern discrimination, behavior & dorsal lateral geniculate body activity, female cats, 39082
reinterpretation of visual patterns in mental imagery, college students, 38765
repetitive regularly spaced horizontal light points, stereoscopic matching using retinal correspondence vs edge locations, female adults, 17780
requested degree of symmetry, construction of dot pattern matrices for use as pattern set stimuli in research, college & graduate students, Japan, 35294
rotating striped pattern & impulse response of eye, band of high contrast seen obliquely across pattern, 14712
spatial frequency of checkerboard pattern, habituation, 2 vs 3 mo olds, 15044
spatial sensitivity quadratic model, estimation of linear transformation in pattern vision thresholds, 7253
stimuli that result in strong vs weak single phenomenal wholes, fast same vs slow different responses & overall performance, college students, implications for Muller-Lyer illusion, 7327
stimulus familiarity, global vs local processing of complex visual patterns, 3 & 4 mo olds, 4602
stimulus onset asynchrony of successive vibrotactile spatial patterns presented to left index fingerpads, forward vs backward masking in pattern identification, adults, 203
surface orientation & position, mirror reversal in cutaneous perception & motor production of letters & numbers, blind 18–29 yr old males, 30085
tactual experience with Optacon reading aid, identification of tactual patterns, sighted vs blind college students, 29901
tactual scanning mode & finger locus, braille pattern recognition, adults, implications for braille reading & education, 28210
target differentiation by size &/vs brightness, visual search RT, preschoolers vs adults, test of mathematical models of visual perception & pattern recognition, 36094
targets embedded in background patterns, rapid visual discrimination, 9–11 yr olds vs adults, 4643
task & signal dependent rules for visual masking & texture discrimination & pattern recognition, 17753
text on density processing in preattentive perception, RT in visual search, adults, test of theory by B. Julesz, 21234
textural pattern discrimination, patients with right vs left parietal temporal lesions, 22940
texture discrimination & motion perception & pattern detection without Lapacian zero crossings, implications for model of early visual image representation, 14262
theory of size spacing constraints for dot grouping, 20–25 yr olds, 17808
transfer in perception & discrimination of tonal sequence patterns, monkeys with experience in auditory discrimination & matching & memory, 21341
unilateral anterior temporal lobectomy, visual attention & pattern recognition, epileptic patients, 20092
velocity of random dot patterns, velocity & direction & opposite direction discrimination, adults, 28232
visual cluster continuum & measurement in pattern & numerosity discrimination, college students, 14275
visual discrimination of rotation & magnification for simple pattern elements, college students, 10729

visual discrimination of simple geometrical patterns, college students with severe difficulties in reading & spelling during childhood, 12290
visual parsing & priority effects, temporal order judgments of line drawn patterns, 17–56 yr olds, 31785
visual patterned stimulus duration & payoff for correct response, feature sensitivity & bias & interdependencies in pattern perception, college students, test of Blobloc model, 7354
whole & subdivisions of unambiguous patterns, preferred vs alternative interpretations, college students, 10739
2 dimensional pattern vs 3 dimensional object visual discrimination, hemispherectomized adults, 2098
Pavlovian Conditioning [See Classical Conditioning]
Pay [See Salaries]
PCP [See Phencyclidine]
Peabody Picture Vocabulary Test
construct validity of PPVT & factor analysis of WISC-R & Wide Range Achievement Test & Halstead Reitan Neuropsychological Battery, learning disabled 8–16 yr olds, 14109
construct validity of PPVT-R vs WAIS-R, intellectual screening, 18–48 yr olds, 35088
correlation between scores of Stanford-Binet Intelligence Scale IV & PPVT-R, college students, 3564
multiple regression analysis of PPVT-R & Peabody Individual Achievement Test, prediction of general intellectual functioning, 11.9–16.9 yr olds with academic or behavior problems, 20709
name agreement & familiarity & visual complexity ratings of line drawings from PPVT & J. Snodgrass & M. Vanderwart's picture set, 2nd–4th graders vs college students, implications for research, 39489
PPVT-R vs WAIS-R vs Stanford Binet Intelligence Scale scores, prediction of American College Testing Program scores, college students, counseling implications, 27761
stability of PPVT-R Form L vs M in assessment of receptive vocabulary, emotionally handicapped 7th–9th graders in self control classrooms, 27791
standard vs printed stimulus card formats of PPVT, assessment of neurological symptoms, learning disabled 9–16 yr olds, 38673
sustained attention assessed by Continuous Performance Task & relation to PPVT-R & Metropolitan Readiness Test, prediction of academic readiness, kindergartners, 3310
translations of PPVT-R into Castillian Spanish & noun process, Puerto Rican & Mexican American children, commentary, 21045
Peace
attitudes toward peace & problems facing humanity, college students, Romania, 17229
behavioral methods, personal peace activism, 30368
behaviorism & peace, 29191
cognitive complexity, speeches arguing for peace & war, Prime Ministers, Israel, 15348
cognitive complexity, speeches arguing for peace vs war, Prime Ministers, Israel, commentary reply, 15347
cognitive complexity, speeches arguing for peace vs war, Prime Ministers, Israel, data reanalysis & commentary, 15371
cognitive conflict, choice of photographic representations of war vs peace, 8.8–10.9 yr olds, West Germany vs US, 36122
content analysis of meanings of drawings of peace, kindergartners, Romania, 15061
goal values & instrumental values & role of peace, 30 yr old & younger workers, Romania, 29199
interviews on role of schools in pursuit of peace preparedness, professionals in field of peace education, several countries, implications for constructive coping in children, 31030
media publicized stories on suicide during period of war vs peace, suicide, 1910–20, 26307
psychological aspects for pedagogy of peace, 14052
Peace Corps
international orientation & career strategies & managerial practices & organizational dynamics, employees of Japanese Peace Corps, 25682
Pearson Prod Moment Correl Coeff [See Statistical Correlation]
Pecking Order [See Animal Dominance]
Pederasty [See Pedophilia]
Pedestrian Accidents
advance stop lines & signs, rate of near collisions at intersection, motorists & pedestrians, Canada, 13930
alcohol consumption & blood alcohol levels, automotive & bicycle & motorcycle & pedestrian injuries, 16–21 yr old hospital patients, 33385
pedestrian safety film, safe street crossing knowledge & behavior, 9–12 yr olds, 17331
Pedestrians
city size & other factors, walking speed measuring pace of life, adult pedestrians, Australia & England, 22117
route complexity, secondary task performance as measure of mental effort, blindfolded sighted adult, implications for blind pedestrians, 19494
Pediatricians
behavior checklist, communication during 12–72 mo old's check up, parents & pediatricians, 37675
difficulties in caring for terminally ill children, pediatric house officers, 23816
language barriers, doctor patient relationship, non-English speaking 2 & 5 yr old males & their parents & pediatricians, 37632
mailing & recorded message, reduction of inappropriate after hrs telephone calls to pediatrician, parents, conference presentation, 12954
recognition of sexual abuse in children, pediatricians, 33280
thoughts & feelings during emergency room examination of infants, medical problem solving, pediatricians & pediatric interns & residents, 2998
Pediatrics
activities & contacts & role as member of pediatric health care team, child care specialists in hospital setting, 37785
adaptive positioning intervention in pediatric occupational therapy, premature infants, literature review, 37833
assessment of pain in pediatric nursing, children, 23532
attitudes toward research & training & clinical trends, pediatric & clinical child psychologists, conference presentation, 20413
characteristics of & satisfaction with inpatient consultations & referrals, physicians & nurses & social workers at pediatric hospital, 20198
clinical algorithms vs prose, teaching pediatric decision making, pediatric clerkship & preclerkship students & residents, US & Israel, 41138
cognitive biobehavioral assessment & management, chronic pain, children & adolescents with chronic diseases, 23159
considerations for practice in pediatric settings, school psychologists, 2660
consultation model utilizing systems theory, 6–15 yr old outpatients with psychosomatic disorders & their parents, Norway, 6 mo followup, 16716
content analysis of articles in "Journal of Pediatric Psychology", 1976–85, 19675
contributions of J. Lind to research in pediatrics & child-rearing & caregiver infant interaction, conference presentation, 8255
coping enhancement, painful medical procedures, children, 23525
demographic characteristics & presenting problems & modes of intervention, evaluation of psychological service delivery in private pediatric setting, 1–17.9 yr olds & their parents, 9668
development & content validity & clinical utility of Denver Developmental Activities, assessment of age appropriate development of child for pediatric consultation, 21–43 yr old parents, 21086
educational mainstreaming, handicapped, implications for pediatrics, 38236

extended pediatric assessment, 7 & 9 yr olds with psychosomatic symptoms, 23000
factors in pediatric care seeking & doctor's judgment of visit's necessity & timeliness, prediction of appraisal & illness & utilization stages in medical treatment, mothers, 16726
family therapy in pediatrics, 26847
future directions of pediatrics & clinical child psychology, child psychologists & pediatricians, implications for training & research & clinical service, 34485
history of relationship between pediatrics & child psychiatry, conference presentation, 26752
history of standardized testing in developmental therapy settings & need for pediatric occupational & physical therapy scientifically validated tools, 41014
interdisciplinary team approach to psychosocial care in pediatric unit, diabetic 11 yr old male & his family, 30759
issues of substituted judgment in pediatric health care setting, parents vs health care professionals, implications for nursing, 37606
overview of pediatric psychopharmacology, children & adolescents with psychiatric disorders, 34104
pediatric preoperative preparation, psychological processes & outcomes, children facing surgery & their parents, literature review, 23547
perception & assessment of pain, use of anesthesia in 0–1 yr olds, pediatric anesthetists, UK & Ireland, 9650
perceptions of work environment in special care baby unit vs children's orthopedic ward, general hospital staff, 37823
physical & psychological & emotional needs, pediatric hospital environment & design, children, 20187
play therapy in acute pediatric care & inpatient admission & crisis management, abused children, 2765
problems in psychological interdisciplinary research collaboration in pediatric settings, 30148
regional consortium model for behavioral pediatrics residency programs, pediatrics faculty, 38026
responses to environment of & adults in inpatient pediatric burn care unit, 5–190 mo olds, 30768
sleep deprivation, cognitive ability & skills performances, pediatrics residents, 34528
treatment issues in home based pediatrics, occupational therapists, 6243
use of humor within systematic desensitization model, client anxiety, pediatric dentists, Israel, 37448
validity of Pediatric Symptom Checklist, psychosocial screening, at risk 6–12 yr olds at military outpatient pediatric clinic, 35200

Pedophilia

cognitive behavioral & drug therapy, male pedophilic incest offender, 12618
content analysis & sociological framework for justification of adult/child sexual contact, publications of pedophile organizations, 29701
heterogeneity vs homogeneity of group, 15–75 yr olds with pedophilia, Canada, 22683
justification & rationalization & normalization of philosophy & member practices, pedophile organization, 36747
olfactory aversion technique, bisexual 17 yr old male with history of sexual aggression against male & female children, case report, 23323
patterns & frequency of different sexual behavior, child molesters, implications for acceptance of false accusations, 5392
photos of nude 3–24 yr old males vs females & descriptions of intrusive & coercive sexual interactions between male child & adult, erectile responses, male molesters of male children vs nonoffenders, 5440
psychodynamic & psychopathological characteristics of pedophilia, 5404
psychosocial & personality characteristics, treatment outcomes, male incest & heterosexual pedophilic offenders in therapeutic community, 36 mo followup, 12595
regressed vs fixated character structure & circumstances of incestuous relationships, child molesters in group art therapy, 12600
screening device, identification of profile characteristics of pedophiles, candidates for Big Brothers program, 26269
sensitivity & specificity of phallometric test for pedophilia & hebephilia, 18–55 yr old males accused of sexual offenses against male &/vs female minors vs female adults, 26236
sexual arousal & emotional congruence & blockage & disinhibition & treatment, pedophilic clients, 30187
sexual interest in children & responses to questions theoretically relevant to pedophilia, male college students, 36735
summary of book "The Man Who Killed a Child" on psychodynamic processes of splitting & projective identification, 12201
typology of various types of incest involving children & associated behavior patterns, treatment & prevention implications, 40228

Peer Counseling

abstinence vs controlled gambling treatment approach using active gamblers as peer counselors, problem gambling, 19713
control theory & reality therapy in peer counseling, police officers involved in traumatic events, 26771
guide to peer counseling research issues & dilemmas, practitioners, educational implications, 30877
guidelines for special issues training sessions in secondary school peer counseling programs, counselors, 31265
implementation & effectiveness of city wide peer counseling training program, high school students, Canada, 17300
job related stress & freshmen vs upperclass dormitory, level of burnout, male vs female resident assistants, 13449
neurolinguistic programing training, listening skills, collegiate peer counselors, 30982
peer & reevaluation & co-counseling, personal & professional development, educational psychologists, 3084
peer counseling & counselor training program, social support & competence, elderly nursing home residents, 13147
peer counseling, adjustment to overseas school, high school students, 20700
peer counseling program, adjustment to college life, minority students, 31247
peer counseling program at long term care facility, elderly, Canada, 30729
peer counseling program, contact with counseling center, Black & Hispanic college students, 31294
peer counseling program, stress & social support, 9th–12th graders, 5 mo followup, 30684
peer counseling, retention rate, female college reentry students, 31282
peer counseling skills training, personality traits & self concept & helping behavior, college students, India, 20411
peer counselor hotline, callers over age 60 yrs, 23579
peer educators in counseling center's treatment & prevention program, eating disorders, female college students, 38305
peer helping/tutoring/counseling programs, college students, Canada, 31289
peer led self help group as adjunct to psychiatric treatment, symptoms & reported treatments, psychiatric patients, conference presentation, 9394
psychosocial changes, female widowed 60–73 yr old peer self help group leaders, 40916
racial similarity & interviewer disclosure, self disclosures & impression of interview in peer counseling analogue, Black vs White college students, 6357
rationale & needs & training & progress & goals of peer counseling program, clients who tested positive for HIV, 30680
sex & job characteristics, burnout, college resident assistants, 41374
social context & training program & evalution of peer counseling program, 63–73 yr olds, Canada, 30700
verbal interactions of professional vs peer led group counseling sessions, 14–19 yr olds & counselors, 30337
3 phase workshop, self awareness & wellness contracts & burnout prevention, college resident assistants, 41375

Peer Evaluation
assertive vs unassertive behavior in positive vs negative situations, ratings of social skillfulness & likability, 8–11 yr olds, experimental extension, 15172
attitudes toward peer appraisal system, cheese processing plant employees, 20766
behavioral components, judgment of heterosexual social competence of females interacting with male, college student peers, 4964
characteristics of mental health treatment reports & provider orientation & factors in review process & response in evaluation of APA peer review program, conference presentation, 23831
clinical & procedural & ethical & legal aspects & treatment recommendations of peer evaluation, impaired physicians, 34494
construct validity of job performance ratings, Air Force jet engine mechanics vs supervisors vs peers, 7189
evaluative review of peer response groups, learning to write, kindergarten through college students, 23974
feedback from overnight therapists, recording practices, case managers in residential treatment facility, 2778
feedback vs grading purpose & participant preconception & rating level, acceptance of peer evaluations, college students, implications for management, 38357
inclusion of peer review & employee advocacy in conflict resolution process, labor management relations, 20804
interjudgmental reliability & agreement in evaluation of manuscripts submitted to "Journal of Educational Psychology", peer reviewers, 30918
interpersonal correlates, self vs peer related within group conduct, college students, 25843
issues in psychiatric peer review, 17008
judgment of self vs peers' abilities, 2nd vs 4th graders, 8138
legal & ethical & funding issues in & utility of peer review for ensuring professional accountability, social workers, 17063
peer & teacher rating of social status & aggressive behaviors, male vs female 3rd & 4th graders, 31166
peer & teacher ratings of aggression & social withdrawal & likability, prediction of antisocial behavior & personality, male vs female 1st graders, 7 yr followup, 13610
peer conferences, revision of written work, 4th graders in writing workshop, conference presentation, 23970
peer reactions to pronunciation of /w/ for /r/, high school sophomores, clinical implications, 38180
peer review & revision of record form, completeness of psychiatric case notes, psychiatric residents, 30883
peer review case management for insurance coverage authorization, psychotherapeutic alliance & transference in psychotherapy & iatrogenic factors, 36 yr old female, 23252
peer review process, treatment evaluation, professionals treating hospitalized patients, 40971
psychiatric peer review & quality assurance & development of criteria for psychiatric hospital admission, 40995
psychometric comparison of Pupil Evaluation Inventory & positive & negative nominations, 1st–5th graders, Canada, 17310
salient dimensions for success/failure evaluations of subordinates vs peers vs superiors, middle managers, Israel, 17359
self awareness & evaluation of managerial characteristics, coworker disagreement & self vs coworker ratings, graduate students & middle level managers, 34916
self reported trait relevance & consistency & observability, moderation of correlations between self & peer ratings, college students, 39994
sex of rater & ratee, peer rating, US Army ROTC cadets, 41519
sociometric peer rating procedure, peer interactions with preferred & nonpreferred peers & mood & loneliness, 5th graders, 22000
teacher & peer evaluations & direct observations & psychological testing, multisource assessment of depression & affective disorders, school age children, 1961–85, 11979
trait description consistency in self & peer reports, social desirability, adults, West Germany, 32843
written feedback by peers, revision of essays for final grading, college psychology students, 6825

Peer Relations
"acting" or group resistance to teachers at beginning of school yr, low income preschool through 3rd graders, Hawaii, 13563
active vs traditional classroom environment in city vs kibbutz schools, interactive & noninteractive behaviors, 3rd graders, Israel, 20550
adult vs peer collaboration, independent errand planning, 9–10 yr olds, 8047
age & IQ, social relationship, moderately mentally retarded students, 24192
age & sex & assigned cooperative vs individualistic goals, cooperative & competitive behavior with peers during play, 6–13 yr olds, 1121
age & sex, expressive behavior, 6–18 yr olds & their mothers vs their friends, 29155
aggressive patterns at 2 yrs old in response to angry interaction between adults, relative aggressiveness & frequency of aggressive behavior toward peers, 5 yr olds, 39614
antisocial behavior & interaction with adults & peers during play, sexually or physically abused 36–55 mo olds, replication, 33266
assertion training, conformity to peer pressure, college students, 17327
attitude toward unknown mentally retarded student, social acceptance or rejection or neglect of mentally retarded peer in classroom, 4th–6th graders, 10232
attitudes about consequences of aggression toward peers, aggressive vs nonaggressive male vs female 3rd–6th graders, 32473
attitudes toward interaction, physically disabled vs nondisabled college students, 19505
attitudes toward peers wearing visible hearing aids, high school students, 30086
attitudes toward social interaction with Black vs White peers, Southern Black vs White 8th graders vs college students, 13590
behavior during 1st encounter, Down's syndrome & Chinese & nonhandicapped White 2.5–6 yr olds, England, 8952
childhood peer relationships &/vs home life, schizophrenic vs depressed vs paranoid vs cyclic psychiatric patients, implications for treatment & early intervention, 5178
cigarette smoking & alcohol & drug use & misconduct & peer behavior, junior & senior high school students, 1144
classroom based social skills intervention, positive peer interaction, deaf 5.5–5.10 yr olds, 27663
classroom group socialization, social interaction with peers, developmentally delayed or autistic or emotionally disturbed or normal 3.7–5.6 yr olds in Head Start, 20576
collaborative skill instruction, social interaction behaviors, mentally retarded vs nonhandicapped 9–14 yr olds, 27720
communication competence, roommate satisfaction, college students, 8340
concurrent validity of sociometric measures & rate of positive vs negative vs neutral peer interactions, 2.5–6.7 yr olds, 17630
conflict occurrence & resolution with mutual friends vs unilateral vs neutral associates, 3.3–5.3 yr olds, 25595
content of dyadic conversations with accepted vs rejected peers, accepted vs rejected 3rd graders, 8162
cross level interactions within multilevel analysis, peer group interaction & job performance, hospital employees, 24672
descriptive vs mediating peer influences, smoking initiation, junior & senior high school students, 25583
development of imitative behavior & interaction measured by object holding & proximity & glances & verbalizations in dyad, 2–4 yr old peers, 15143
development of peer nomination scale, assessment of victimization through physical & verbal abuse by peers, 3rd–6th graders, 7165
development of social coordinations in play behavior, 16–32 mo olds, longitudinal study, 22014

developmental sequences & individual differences in social competence & friendship with peers, 1–6 yr olds in full time child care centers, 2–3 yr study, 18660
discussion & friendship & peer relations in socialization process, 3–6 yr olds, Italy, 22010
drinking & driving behaviors, rural 7th–12th graders, conference presentation, 12265
emotional autonomy & parental acceptance & attachment to parents vs friends, 7th–12th graders & college students, 22057
environmental quality & life satisfaction & social & emotional adjustment & well being, 9–11 yr olds & their families, Australia, 36137
evaluation of peer nomination technique, determination of social behavior & peer & self perceptions, sociometrically neglected vs rejected school age children, implications for at risk children, 29167
expectancy inductions, acceptance by unfamiliar peers, rejected vs popular Black male 3rd graders, 29165
family income change & perceptions of parental acceptance, involvement in deviant peer context & perceived peer rejection & transgression proneness, 11.1–17.1 yr olds, West Germany, 32494
family relations & peer influence, development of antisocial behavior & substance abuse, adolescents, 15918
family therapy, family influence on peer relationship problems, children & adolescents, conference presentation, 2362
friendship, patterns of interaction in same sex triadic peer groups, 4–5 yr olds, 8094
functional vs construction vs dramatic vs rule governed play materials, dyadic interaction with nonhandicapped peers, autistic vs behavior disordered 5–18 yr olds, 11940
geographical location & gender & drug using peers, prediction of drug usage, 10th graders, 1091
grade retention, self concept & peer relations, 6th–7th graders, 17240
group social status & nature & number of friendships & peer acceptance & sociometric differences, 37–66 mo olds, 22056
guided imagery & covert reinforcement, peer verbal initiations, autistic 8 & 9 & 13 yr olds, 16489
home environment & perceived relationship with parents & friends who smoke & school commitment, adolescents, 18678
hostile attributions & responses to peer's ambiguous intent in provoking incident with negative outcome for S, peer rejected vs nonrejected high vs low aggressive 3rd & 5th grade males, 4742
hostility of nonverbal communication, peer judged popularity, 5th–6th graders, 25624
household & childcare responsibilities & peer relations & out of home activities, 4–12 yr old siblings of mentally retarded children, 26408
hyperactive & aggressive behavior, social acceptance & adjustment, male 1st–6th graders, 36791
importance of self esteem & use of low peer regard, junior high school students, 36164
interaction opportunities in cooperative games with good vs poor performing retarded children, attitudes toward mildly mentally retarded peers, 7–12 yr olds, 8928
interactions during cooperative academic learning task, 3rd & 7th graders paired with friends vs other classmates, 17208
internalization & peer culture & friendship development, preschool & school age children, 4722
interpersonal relations reflected in transactive statements during dyadic discussion of nuclear disarmament, 15–17 vs 29–42 yr olds, 15184
interrater agreement between self & roommate perceptions of interpersonal competence in peer relationships, male vs female college students, 15498
joint participation in formal focused activities with parents & friends & parental knowledge of friends, cigarette smoking, high school students, 25609
maltreatment, attachment to parent & peer relations, infants & preschoolers, implications for childrearing practices of adults abused as children, 33359
method for observation of peer social comparisons in naturalistic settings, young children, conference presentation, 15155
methylphenidate, peer perceptions, 6.3–12.4 yr olds with attention deficit hyperactivity, 40813
microcomputer assisted learning program software, dialogue in student & teacher dyads & mathematical division learning, teachers & students, 41212
multistage social learning model of parental & peer influences, substance abuse, adolescents, 8918
neighborhood & school & peer & family influences, drug involvement, 9–18 yr olds, 2 yr study, 25566
object use & play styles in peer culture, 3–5 yr olds, 29121
observation & intervention, condition related reactivity in peer praising, 4.4–5.1 yr olds, 18656
parent vs peer recipient & severity of violation, social repair & explanations or excuses, female 1st & 4th & 7th graders, 25637
parental & peer influence, drug taking behavior & abuse, male vs female adolescents, 1912
parental discipline & opinions of peers & family turmoil, aggression & delinquency, 12–17 yr old delinquents, 5385
parental knowledge of & satisfaction with child & own role, child's sociometric status, parents & their 49–64 mo olds, 39607
parental marital discord, emotion regulation in peer interactions & physical health, 4 & 5 yr olds, 29130
participation in initiation intervention with severely handicapped peers, change in social status with nonhandicapped peers, low vs high status 1st–3rd graders, 13601
path model of drug use & emotional distress & peer drug associations, 11th –12th graders, 25644
peer & sibling neglect in analytic group psychotherapy, 33934
peer & teacher ratings of aggression & social withdrawal & likability, prediction of antisocial behavior & personality, male vs female 1st graders, 7 yr followup, 13610
peer communication interventions based on social & play skills research, handicapped & nonhandicapped children in developmentally integrated settings, 16917
peer cooperation &/vs feedback, spelling achievement, 9–10 yr olds, Netherlands, 13514
peer culture routines, development of communication & social skills, 2.1–6 yr olds, US vs Italy, 1072
peer group membership, perception of self & own vs other peer groups & difficulty in coping with developmental tasks, 16–18 yr olds, Italy, 39655
peer interaction during & attitudes toward microcomputer use in schools, 11–12 yr olds, 27541
peer interaction, learning with computers, students, literature review, 10104
peer related popularity & aggressiveness, 6.3–13.2 yr olds with attention deficit disorder with or without hyperactivity, erratum, 36983
peer related social competence in design & evaluation of early intervention programs, developmentally delayed children, 40560
peer relations & behavior, neglected or abused male children in residential treatment for behavior or learning disorders freed vs not freed for adoption, 32923
peer relations & friendships, socialization & development, children, implications for practitioners, 1096
peer relations & psychosocial development & social skills training, drug abuse, adolescents, implications for family, 27304
peer relations, 3rd graders with vs without learning disabilities, 15993
peer status & social skills reinterpreted using bidirectional reciprocity model, learning disabled children & adolescents, literature review, 12315
peer status, aggressive behavior, 3rd–5th graders, 22013
peer support program, coping with conflict & stress after patient assault, psychiatric nurses, 6591

perceived level of social support from parents & friends, self esteem, 14–16 yr olds, 8105
perceptions of informal groups, 7th–8th graders, 11463
perceptions of peer groups & group influences, 5th vs 8th vs 11th graders, 11511
perceptions of social climates of peer group & non peer group residential treatment programs, 13–18 yr old students & staff members, 16900
play initiation training, social interactions with nonhandicapped peers, autistic or severely mentally retarded 4.8–6 yr olds, 37431
play material in ability integrated classroom, social & object related interactions, 22–26 mo olds with vs without Down's syndrome, 17261
play with mother vs familiar peer vs alone, skilled object play, 18 mo olds, 6 mo study, 39686
playground behaviors, prediction of peer status, preschoolers assessed over school yr, 4702
popularity, social interaction patterns, 46–61 mo olds, 4723
positive peer culture in residential treatment setting, self concept & psychological adjustment, 12–18 yr old juvenile delinquents, 16912
Positive Peer Culture peer group treatment, children, 23297
presence or absence of toys &/or barrier, social involvement with peers, 27–33 mo olds, 18669
prosocial skill training & reinforcement during basketball game, generalization to off court skill, 8–13 yr old socially isolated behavior disordered males, 2394
provoked vs unprovoked aggression toward male vs female peers, expectation of rewards & guilt & parental & peer disapproval, male vs female 9.4–12 yr olds, 22048
psychosocial & interpersonal concomitants & antecedents of depression, college students, 40114
quality of attachment to mother, social responsivity in free play with mother & peer, 2 yr olds, 3 yr followup, 25628
ratings of social status & social approval & acceptance & behavior, emotionally disturbed adolescents in residential treatment program, 6391
reciprocity & sex & race, friendship proximity, 7th–8th graders, 11464
relationships with parents & friends & significant others, 18–25 yr olds in psychiatric day hospital during middle childhood, 19079
responses to peer pressure to conform in prosocial vs antisocial activities, learning disabled junior high school students, replication, 40321
same age vs 48–67 mo old partner, social pretend play, 17–34 mo olds, 1090
secondary psychosocial difficulties, children & adolescents with learning disabilities, 36936
self & other perceptions of social & academic competence & status, popular vs rejected vs neglected vs controversial 9–11 yr olds, Canada, 32472
sibling number & sex, play & peer directed behaviors, male vs female 32–66 mo olds with vs without siblings, 25657
sign language instruction, social interaction, hearing impaired & nonhearing impaired 4th–5th graders, 17313
social environment, nocturnal sleep, peer reared pigtail monkey infants, 24986
social intelligence test & questionnaire measuring friendship & self & peer perception, junior high school students, Italy, 4671
social interaction & imitation during play, mainstreamed Down's syndrome & mildly mentally retarded preschoolers & their nonhandicapped peers, implications for intervention programs, 15591
social interaction intervention programs, peer relations, hearing impaired 3.3–4.5 yr olds, 12796
social interaction with peers, socially & emotionally handicapped vs normal vs low interacting Black 3.2–5.9 yr olds in Head Start, 40164
social networks & aggressive behavior & peer acceptance, 4th–7th graders, 8079
social relations & intimacy, students who entered college at age 14 yrs or younger, longitudinal study, 24159
social relationships with nonhandicapped peers, severely mentally retarded 8–12 yr olds with vs without physical handicaps, 19409
social skills instruction using contextualist perspective of ongoing peer interaction, low esteem & isolation or rejection in peer relations, learning disabled children, 13627
social skills training, behavior change & sociometric status & peer behavioral response, behaviorally disordered 6–10 yr old males, 16497
social status, discourse skills in free play with peers, acquainted 43–66 mo olds, 39631
social support from caregivers & peers & family, illness outcome, medical patients, 2186
socialization personality vs biological vs cognitive factors in gender differentiation, peer groupings & play styles & social influence, male vs female children, 8124
socialization with peers & opposite sex relations, mildly mentally retarded living in community & no longer receiving services vs attending day centers, 5542
sociometric awareness of social status & social acceptance by peers, 2nd–3rd graders vs their mothers, 8119
sociometric peer rating procedure, peer interactions with preferred & nonpreferred peers & mood & loneliness, 5th graders, 22000
sociometric status, entry play behavior & group interaction, 1st vs 3rd vs 5th graders, 22052
stigmatization processes, kindergartners, 20548
symptom stability in language development & peer relations & public & stereotyped behaviors, male 4–9 yr olds with autism vs developmental receptive dysphasia, 3 yr followup, 32929
temperament, peer responsiveness & social adjustment, 3–5.4 yr olds, 11516
verbal vs enactive assessment of interpersonal strategies to hypothetical social dilemmas, prediction of peer behavior & status, 4–5 yr olds, 8140
visual attention from peers, social competence on Q sort task, 36–45 vs 48–57 mo olds, 1141
Peer Review [See Peer Evaluation]
Peer Tutoring
age & achievement level in tutor-tutee dyads, reactions to peer tutoring, 2nd vs 4th vs 6th graders, 23973
analogy training with direct instruction vs inquiry approach & peer tutoring, performance on analogy & comprehension task, gifted vs nongifted 6th graders, 13639
classwide peer tutoring, academic achievement in social studies class, learning disabled or behavior disordered or educable mentally retarded high school students, 6783
classwide peer tutoring, academic performance, behavior of learning disordered high school students, 10210
combined group instruction & peer tutoring in mastery based companion reading program, implications for inservice teacher training & parental involvement, 31072
component analysis of effects of reciprocal peer tutoring, academic achievement & psychological adjustment, college students, 34592
cooperative learning & peer tutoring & group & interactive vs traditional teaching methods, students with learning disabilities, 41338
cooperative learning & peer tutoring & reciprocal teaching group instruction methods in mainstreaming, social skills & classroom integration, mildly mentally handicapped students, 24135
dyadic cooperative learning vs teaching scripts, cued & free recall of written passages, college students, 17154
history & implementation & effectiveness of peer tutoring, 31092
individualized instruction in group or group instruction or peer tutoring, autistic students, literature review, 20634
interpersonal coordinated movement & rapport in teacher student interactions, high school juniors & seniors in teaching dyads, 41285
listening to reading of text passage by more proficient peer, oral reading of same text, learning disabled 2nd–3rd graders, 10224

music as teaching aid in cross age training in special education setting, disruptive 4th–5th graders with learning &/or behavior disorders & kindergartners low in social & academic skills, 24164
paired reading in peer tutoring, 31091
pause & prompt & praise strategies in peer tutoring for remedial reading, elementary school students, 31215
peer helping/tutoring/counseling programs, college students, Canada, 31289
peer mediated instructional approaches, academic performance & social skills, secondary students with learning disabilities, 3284
peer tutored paired reading program, reading age on comprehension test & tutor & tutee use of strategies & reinforcement & error correction, 10–11 yr olds, Hong Kong, 20495
peer tutoring interventions, learning disabled elementary & secondary school students, literature review, reprint, 10230
presence of preschool peer tutor, generalized responding on 2 academic tasks, 3.4 & 4 yr old students, 10071
sibling caretaking & peer assistance, cultural effects on classroom learning, Native Hawaiian K–3rd graders, 24071
social interaction & attitudes toward handicapped persons, high school student tutors & special friends of autistic or mentally retarded or deaf & blind 17–21 yr olds, 3273
training based on modeling & role playing & practice, use of praise as intermittent reinforcement for sight word acquisition, 1st grade peer tutors, 20470
tutoring program, reading comprehension & on task & reinforcement behaviors, junior high school student tutors & tutees, replication, 24253

Peers
attitudes toward physically handicapped peers, 14 yr old high school students in schools with vs without mainstreaming, England, 13631
communication technology class enrollment with parents vs peers, computer attitudes & achievement, 6th–7th graders & their parents, 3188
constructive vs misbehaving peer model, classroom behavior, middle vs working class male 63–73 mo olds, 41298
coworker performance & negative vs positive sanction, job satisfaction & motivation & perception of equity & cohesiveness & productivity & commitment, college students & sales clerks, 27955
crisis intervention in school setting, functioning & ego development, adolescents mourning traumatic death of peer, 38302
description of male vs female peer smoker vs nonsmoker, first impressions & stereotypes, nursing & physiotherapy students, 41135
familial & individual developmental factors, prediction of sexual self disclosure to parents vs friends, 14–18 yr olds, 15201
familiarity with peer, perceived segmentation of peer's behavior stream, 2nd vs 4th graders, 1086
film presentation, written vs oral narrative presented to peers with vs without language disorder, 13–18 yr olds, 1374
peer & family influence, use of solvents & illegal drugs, 11–16 yr olds, England, 15216
peer intervention, social interactions, 7 & 8 yr old socially isolated females, 4 mo followup, 26897
peer social initiation intervention in treatment vs classroom settings, social behavior, severely withdrawn maltreated 3–4 yr olds, 2410
peer substance use & health beliefs & sex & religion, personal drug use, 7th graders in rural environments, 8916
peer support program, women in prison for murder of child, 34427
perception of own & peer musical preferences, 15–16 yr olds, Finland, 1081
recognition of distress in colleagues, mental health professionals, 13356
social orientation to adults &/or peers, 13–24 mo olds in day care, 29127
social work group treatment, coping with sudden & violent death of classmate, school age children, 30338
teacher vs peer led instruction of refusal skills, prevention of alcohol use & abuse, 11–18 yr olds, Australia vs Chile vs Norway vs Swaziland, 41245

Pemoline
pemoline, development of abnormal involuntary movements, hyperactive 6–12 yr old males, 34096

Penis
administration & scoring & norms of Draw a Penis Test, assessment of penis perception, patients with neurosis or psychogenic impotence or Koro, India, 35107
apomorphine &/or haloperidol or domperidone, penile reflexes & seminal emission, male rats, 25284
autogrooming & penile reflexes during supine restraint vs free copulation with females, male rats, 14618
bilateral dorsal penile nerve transection, mounting, male marmosets & their ovariectomized partners, 11140
corpus callosum tumor & koro symptoms, 29 yr old male, case report, 16067
excision of bulbospongiosus muscles or midthoracic spinal transection, copulatory behavior & fertility & penile reflexes, male mice, 21689
Koro & associated anxiety & psychopathology, psychotherapy & occurrence in noneastern cultures, Black male 19 & 43 yr olds, 22537
nocturnal penile tumescence, males with organic erectile dysfunction vs depression, 22490
penile prothesis surgery, satisfaction & self esteem & sexual frequency & marital relationship, male patients & their partners, 1–4 yr followup, 6279
penis size increase between flaccid vs erect states, males with smaller vs larger penises, 11070
psychosocial factors, success vs failure in penile prosthesis surgery, 12992
reasons for preference of penile circumcision in sexual partners, adult females, implications for own sons, 20098
satisfying heterosexual relationship, genetic females reared as males with adrenocortical hyperplasia & male with anorchia, 12523
treatment approaches including penile prostheses, 28–70 yr old impotent males, Israel, 34156
vibrotactile & electrical stimulation thresholds for fingertip vs penis, 21–38 vs 56–75 yr olds vs 32–57 yr olds with diabetic impotence, 33632
8-OH-DPAT, copulatory performance, male rats with bilateral transection of dorsal penile nerve, 18210

Penitentiaries [See Prisons]

Penology
aspects of graduated reward system within prison, inmates, 13280
cultural & economic factors & effectiveness of imprisonment system, recidivism, Aboriginal ex-inmates & inmates, Australia, 6568
estimates of severity of penal measures, 64 yr olds & younger, Canada, 23808
humanistic psychology approach to political policies & criminal restitution, 22258

Pension Plans (Employee) [See Employee Pension Plans]

Pentobarbital
amphetamine vs pentobarbital in distinctive chamber, chamber preference measuring drug rewarding vs aversive effects, goldfish, implications for synaptic dopamine, 35843
benzodiazepine receptor antagonist RO 15-1788 & pentylenetetrazole, mediation of CGS 9896 discriminative stimulus & generalization to chlordiazepoxide & pentobarbital, male rats, 28892
classical conditioning & context of drug administration, tolerance & protection from lethality of pentobarbital overdose, male rats, 35907
cocaine vs pentobarbital, FI & random interval performance, male monkeys, 7863
discrimination & generation of stimulus properties of isomers of pentobarbital & secobarbital, pigeons, 11317
discrimination of lorazepam & chlordiazepoxide & diazepam & triazolam, generalization to lorazepam or pentobarbital, rats, 39245

dose of amphetamine vs cocaine vs pentobarbital vs promazine & discriminative stimulus in FI schedule, color vs position response bias, pigeons, 32219
environmental cues paired with ip ethanol vs pentobarbital, conditioned tolerance & cross tolerance, male rats, 32188
interaction of discriminative stimulus effects of PCP & N-allynormetazocine or pentobarbital or dextroamphetamine, pigeons, 39360
intranigral morphine injection, nociceptive tail flick reflex & elapsed time before onset of antinociception, pentobarbital anesthetized male rats, 32154
naloxone vs picrotoxin, hyperphagia induced by diazepam or pentobarbital, male rats, 32257
nicotinic acid, sleeping time induced by ethanol or pentobarbital, female rats, 824
oral pentobarbital concentration, schedule maintained drug self administration measuring reinforcement effect, food deprived vs satiated male rhesus monkeys, 35838
pentobarbital & visual stimuli, stimulus blocking during compound discrimination training, male rats, 35459
pentobarbital as CS & amphetamine as UCS, heart rate conditioning, rats, 28954
pentobarbital concentrations under concurrent FR schedule, response rates & pentobarbital consumption, monkeys with history of oral drug self administration, 14901
pentobarbital, eyestalk withdrawal & cheliped closing response & depressed facilitated transmitter release & synaptic plasticities, crayfish, 21830
pentobarbital, phase shifts in circadian rhythm of locomotor activity, SK vs C57BL mice, 11211
pentobarbital vs dextroamphetamine, stimulus control of key peck responses, pigeons, 14873
pentobarbital vs ethanol, contingent vs cross tolerance to anticonvulsant effects, amygdala kindled rats, 39373
raphe lesions, development of acute tolerance to ethanol & pentobarbital, male rats, 25165
repeated agonistic confrontations, hypnotic effect of pentobarbital, resident & intruder male mice, 28946
Ro 15-4513 &/vs ethanol with vs without Ro 15-1788 & diazepam & pentobarbital, leaping & climbing & barpressing & open field behavior, female rats, 32212
shock duration & number with vs without pentobarbital anesthesia, naltrexone sensitivity of hypoalgesia in shock chamber vs novel environment, male rats, 21651
Pentothal [See Thiopental]
Pentylenetetrazol
anxiogenics or anxiolytics or aggresssive defeat or midazolam or muscimol, discrimination of & generalization to pentylenetetrazol interoceptive stimulus, rats, 25321
chlordiazepoxide vs pentylenetetrazol drug discrimination, determination of interaction & utility of paradigm in detection of homeostatic response to drug challenge, male rats, 18393
chronic imipramine, antagonization of yohimbine vs FG 7142 vs pentylenetetrazole induced anxiogenic effects in elevated plus maze, male rats, 4354
diazepam or CL 218,872, pentylenetetrazol induced tremor & hyperactivity, rat pups, 39332
diazepam vs pentylenetetrazol, behavior & electrophysiology, rat pups, 18445
diazepam vs pentylenetetrazol, response to time dependent extinction trials following discrimination acquisition, male rats, 18286
ethanol withdrawal, pentylenetetrazol-like interoceptive stimulus, rats, 21765
quantal or bimodal function in 2 lever operant task, pentylenetetrazol discrimination, rats, 28867
Ro 15-1788 during withdrawal from chronic diazepam, pentylenetetrazol-like discriminative stimulation, drug discrimination trained male rats, 4350
Ro 15-4513 vs Ro 15-3505 vs FG 7142 vs pentylenetetrazole vs Ro 5-3663, ethanol induced intoxication, male mice, 39283
Ro 5-3663 or diazepam or midazolam in brain, modulation of discriminative stimulus produced by pentylenetetrazol, rats, 826
sodium phenobarbitone, anxiogenic effects of beta carboline & pentylenetetrazole & yohimbine, male rats, 28875
stressful convulsant pentylenetetrazole, clonidine induced hypokinesia, male rats, implications for etiology & treatment of panic disorder, 39243
Pentylenetetrazole [See Pentylenetetrazol]
Peoples Republic of China
age & sex & language, forward & backward digit span, 4–6 yr olds, China vs US, 991
arts education, US vs People's Republic of China, 27577
attitudes & problems & sociological description of homosexual life, homosexual males, China, 8327
attribution of success vs failure to effort vs ability & emotions, college students, China vs US, 15484
childrearing practices & restrictive environment, aggression, preschool & primary students, China vs Sweden, conference presentation, 22015
cognitive development & thyroid related disorders & other physiological factors, 7–15 yr olds in villages with heavy vs normal water iodine levels, China, 16120
construction & reliability & validity of computer administered Adult Diagnostic Interview Schedule-Present, psychodiagnosis, psychiatric inpatients, China, 3656
construction & reliability & validity of Chinese Depressive Symptoms Scale, adults, China, 24617
content analysis of appeals, consumer magazine advertisements, China, 20961
cultural definitions of impact of individual emotions on social order, village residents, China, 11594
depression & hopelessness & suicidal behavior, psychiatric patients, China vs US, 26222
development & organization & characteristics of community psychiatry, China, 2723
differential diagnosis using Structured Clinical Interview for DSM-III vs Chinese diagnostic system, psychiatric inpatients assessed by American vs Chinese psychiatrists, China, 8754
educational background & demographic characteristics, prevalence of cognitive impairment & Alzheimer's disease, elderly, China, 40533
epidemiology of mental health problems, children, China, 1744
family planning policy with one child maximum, parental childrearing attitudes & child development & behavior problems, male vs female 3–6 yr olds with vs without siblings, China, 15221
history & development of educational psychology & testing, China, 23923
history & present status of psychiatry, China, 2240
history of psychological measurement, China, 14084
history of research on clinical psychology, China, 2239
influence of Western ideas on mental health practices & attitudes since end of cultural revolution, China, 2617
instruction to move dot on screen, preferred control & motion of movement assessed using written test, 20–60 yr olds, China vs Western nations, 202
judgment of social mobility of speaker of Putonghua with vs without heavy Cantonese accent, Cantonese vs non-Cantonese students of foreign language institute, 940
key features of Chinese culture, management problems in industrial organizations, China, 31371
kindergarten education & curriculum reform & teacher training & support creativity & individuality, China, 41252
lifetime & 1 yr prevalence of specific DSM-III psychiatric disorders, adults, China, 33077
management of change & training in retail industry, China, 41445
mental health services, adolescents, China, 9708
moral development research, children, China, 21895
national role conception & cultural norms, foreign policy & diplomacy, China, 29273
pattern recognition ability, identification of Chinese characters under various conditions, China, 266
perceptions of & interaction with speakers of high vs low English language proficiency, college students with high vs low English language proficiency, China, 4532

prevalence & incidence of severe mental disorders in communes & state farm, 1974–77, China, 1746
prevalence & treatment of mental retardation, China, 26392
prevalence of mental disorders & mental health care network, 1972–78, China, 2721
prevalence of tardive dyskinesia, patients with chronic schizophrenia treated with neuroleptics, China, 26975
probability judgment accuracy for general knowledge questions, college students & faculty members, China vs Japan vs US, 24855
psychosocial factors & life events, life satisfaction, 55 yr olds & older, China, 1166
rearing by parents as if female & male to female transsexual surgery, 20 yr old male, China, case report, 37663
reliability & validity of Chinese version of Beck Depression Inventory, depressed adults, China, 17658
role change & participation in Young Pioneers group, academic & cognitive ability & ability self concept, 10–11 yr olds, China, 38164
role in colleges & universities, foreign educators, time of Quing dynasty to 1980s, China, 23947
school psychology research, China, 41182
social intervention & evaluation program & cultural factors, China, 10421
sociocultural & historical background, Koro epidemic, males, China, 1984–85 & 1987, 15803
speech & nonverbal stimuli, hemispheric asymmetry, French Canadian vs Chinese college students, Canada, 32030
status of contemporary psychiatry, China, 2232
Type A & other behavior patterns, 40–65 yr olds with coronary heart disease, China, 16269
type of community & population density & social & political status & nationality, incidence & prevalence of schizophrenia, China, 1664
Peptic Ulcers [See Gastrointestinal Ulcers]
Peptides [See Also Bombesin, Cholecystokinin, Dynorphins, Endogenous Opiates, Endorphins, Melanocyte Stimulating Hormone, Neurotensin, Substance P]
alpha-2-adrenoceptor blockaders, feeding induced by neuropeptide Y vs epinephrine, male rats, 14828
angiotensin II vs saralasin, locomotor & exploratory activity & passive avoidance learning & apomorphine vs amphetamine induced behavioral stereotypies, rats, 11188
aspartame, amygdala & hippocampal kindled seizures, male rats, 35784
bombesin vs gastrin releasing peptide, memory retention, rats, 18330
brain & CSF somotostatin & drug effects, patients with depression vs schizophrenia vs Alzheimer's vs Huntington's vs Parkinson's disease vs multiple sclerosis, literature review, 26010
ceruletide, tardive dyskinesia, psychotic adults with long term exposure to neuroleptics, 12882
ceruletide with neuroleptics, EEG & symptoms, schizophrenic 23–44 yr olds, 12886
chronic methylmercuric chloride, brain somatostatin & CNS glutamic acid decarboxylase & spastic/dyskinetic syndrome & visual deficits, rats, 14915
CNS actions of atrial natriuretic factors, conference presentation, 14700
competitive oral examination stress, plasma levels of prolactin & cortisol & POMC derived peptides, males, 11097
continuous icv neuropeptide Y with vs without cholecystokinin, episodic food intake, satiated female rats with vs without adrenalectomy, 18221
CSF neuropeptide Y & peptide YY, drug free vs treated depressed vs schizophrenic patients, Sweden, 8750
CSF neuropeptide Y, hospitalized patients with fluphenazine treated vs unmedicated schizophrenia vs major depression, 33008
CSF peptide YY immunoreactivity, anorexic & bulimic 18–35 yr old females, 29858
eledoisin & physalaemin, icv angiotensin vs cell dehydration vs fluid deprivation induced drinking, rats, 839
eledoisin vs physalaemin vs substance P in forebrain & midbrain structures, antidipsogenic effect on angiotensin induced drinking, male rats, 4423
galanin immunoreactivity in CSF, adults with Alzheimer's disease vs involutional depression vs anorexia nervosa vs bulimia, 18990
gastrointestinal peptides, food intake, food deprived vs nondeprived 8 vs 25 mo old male mice, 4484
genotypes deduced from polymorphic alleles of gastrin releasing peptide vs neuropeptide Y vs somatostatin vs substance P, patients with affective disorder vs schizophrenia, conference presentation, 1581
histidyl-proline diketopiperazine, amphetamine vs apomorphine induced stereotypic behavior, rats, 897
icv cholecystokinin octapeptide, food intake & insulin & pancreatic polypeptide release, dogs, 25244
icv eledoisin vs substance P vs kassinin, icv angiotensin II induced drinking, cats, 28800
ip vs oral aspartame, toxicity assessed by conditioned taste aversion & wheel running, male rats, 35827
iv neuropeptide Y in hypothalamic paraventricular nucleus & peripheral cholecystokinin, feeding & satiation, male rats, 25295
kassinin, salt appetite induced by natriorexigenic treatments, female rats, 883
kassinin, water & milk intake, neonatal rats, 35878
lithium, delta sleep inducing peptide in CSF, affective disordered patients, 6185
MIF-1 vs imipramine vs naloxone, stress, rats, animal model of depression, 39372
molluscan FMRFamide & related peptides, cardiovascular functioning & behavior & memory, mammals, literature review, 18415
morphology & distributions of GABA & neuropeptide immunoreactive cell populations in visual cortex, fetal monkeys assessed from 110–155 days postconception, 18102
N-ethoxycarbonyl-2-ethoxy-1,2-dihydroquinoline, irreversible inactivation of D-1 & D-2 dopamine receptors & behavioral recovery, male rats, 32249
neural transection at level of dorsal tegmental area of mesencephalon, neuropeptide Y concentrations in selected hypothalamic sites, male rats, implications for feeding behavior, 14798
neurochemical & pharmacological mechanisms of satietins & other endogenous anorectic agents, implications for obesity treatment, literature review, 7662
neurokinin A, inhibition of water intake, male rats, 14920
neuropeptide Y CNS distribution & effects, literature review, implications for neurological & psychiatric disorders, 35637
neuropeptide Y, feeding & drinking, rabbits, 28951
neuropeptide Y, food & fluid intake & resting & other behavior, female hamsters, 32226
neuropeptide Y, latency to onset of feeding & cumulative food intake, rats with bilateral neural transections in mesencephalon, 32114
neurotransmitters & receptors & neuropeptides in postmortem brains, chronic schizophrenic 30–75 yr olds, 19244
nocturnal infusion of delta sleep inducing & muramyl & uridine peptides, sleep wake dynamics & slow wave & REM sleep, male rats, 872
oligogenic/exorphin model of idiopathic schizophrenia, 29528
organization of peptidergic projections between parabrachia nuclear complex & central nucleus of amygdala, male rats, 39078
paraventricular nucleus galanin, feeding behavior & macronutrient selection, male rats, 4494
perinatal aspartame exposure, morphological & reflex development & radial arm maze performance, 30 day old rats, 28998
peripheral pancreastatin following T maze footshock avoidance training, memory retention, male mice, 25217
Phe-Met-Arg-Phe-NH-2 &/vs morphine, locomotor activity, male mice, 39375

plasma & CSF levels of immunoreactive delta sleep inducing peptide, patients with major depression or schizophrenia, 8552
prenatal vs postnatal ACTH vs Organon 2766 vs corticotropin releasing factor, active avoidance task performance in adulthood, mice, 18354
prolyl-leucyl-glycinamide & its analogs & D-pipecolic acid derivatives, retrograde amnesia induced by ECT, rats, 32225
psychosocial factors, serum level of pepsinogen group I & gastrinemia, healthy adults, implications for peptic ulcer disease, 4202
pyro-Glu-His-Gly-OH, sleep cycle, male 20–25 yr olds, 28817
sc administration of NK-3 tachykinin receptor agonist senketide, yawning & sexual arousal & chewing mouth movements, male rats, 14943
seasonal fluctuations of CSF 5-HIAA & HVA & other monoamine metabolites & neuropeptides, normal adults, 7695
serum levels of immunoreactive somatomedin following DST, 26–58 yr olds with major depression, 15798
solution temperature, perceived sweetness of glucose vs fructose vs aspartame vs saccharin, young adults, 14237
synthetic human corticotropin releasing hormone, plasma levels of delta sleep inducing peptide vs ACTH vs cortisol, patients with major depression, 8645
taste characteristics & preferences for aspartame vs 4-chloroaspartame, male rats vs monkeys, 28399
urinary excretion of peptide containing complexes, attention deficit disordered 1–23 yr olds with vs without hyperactivity, 2021
ventral tegmental area injections of neurokinin-alpha & substance P, behavioral activation mediated by dopaminergic cells, male rats in open field setting, 28815
5-HT vs parachlorophenylalanine vs vasoactive intestinal polypeptide vs arginine vasotocin, circadian patterns of activity level & sleep appetitive behavior, cleaner wrasses, 878

Perception [See Also Related Terms]
ACTH vs vasopressin vs cortisol, sensory perception & attention reflected in auditory EPs, 28590
birth weight & health status & type of anesthetic given to mother during delivery & behavioral state & other factors, glabellar reflex as measure of sensory competence, full vs preterm neonates, 39538
cognitive ability & perception & social interaction, male schizophrenic vs alcoholic 21–44 yr olds, Yugoslavia, 25992
cognitive operations in aesthetic appreciation & emotional experience of music, conference presentation, 31829
contribution of M. Merleau-Ponty's phenomenology to information processing approach to perception, 7387
decision processes in the perception & categorization of multidimensional stimuli, adults, 7388
depressed mood induction, reasoning & perceptual performance, college students, 10861
detection of & electrophysiological & biochemical responses to terrestrial magnetic fields, rodents, 654
ecological approach to perception & memory in cognitive psychology, 24701
ecological factors, visual perception of people & faces, commentary, 22359
experience & knowledge & perception of environment measured using model analysis of knowledge systems, 4th graders in urban area, Spain, implications for urban education & planning, 39635
holonomic vs structural determinants, configural vs cognitive inputs to perception, 31770
imagination vs perception, cognitive demand, college students, implications for imagery in therapy, 21266
information processing theory vs phenomenology of perception, conference presentation, 7432
knowledge acquisition using cognitive models of context & scene, second hand perception from books & pictures, 17862
language & motor & sensory perceptual & receptive abilities, normal 65–75 yr olds, Australia, 1152
metatheoretical tenets & utility of Gestalt theory & similarity to parallel distributed processing model of perception, conference presentation, 14236
modularity vs unity of cognitive architecture for attentional processes & mechanisms of semantic & perceptual priming, 17931
neurophysiology & music cognition & perception, adults with Alzheimer's dementia, conference presentation, 33664
neurophysiology of music cognition, conference presentation, 32033
perception & word recall, adults with neurasthenia, USSR, 19155
perceptual errors & J. Gibson's direct theory of perception, 206
perceptual sex differences, creativity, artists, 39961
perceptual vs apperceptive covert rehearsal of witnesses' descriptions of events, judges' attribution to perception vs imagination, college students, 28299
philosophical history of perception & sensation, 31763
principle of frontal lobe function, perception & memory & sensory phenomena sharing processing characteristics, 21554
psychophysiology & music cognition & perception, conference presentation, 32083
relationship between bacterial chemotaxis & perception, animals, 14656
schema paradigm in perception, 28193
selectivity in sensory systems & association with memory mechanisms & role in formation of conditioned reflex, primates, 21369
sensory perception, onset & maintenance of maternal behavior, laboratory rodents, 7514
social & psychological & behavioral correlates of sensing presence of deceased spouse, 65 yr old & older widows, 18802
Token Test commands for verb "to touch" as verb of perception, agentivity & causality relationship, 4–10 yr olds, Portugal, 38577

Perceptual Aftereffect [See Also Afterimage]
adaptation to vernier offset visual stimulation, negative aftereffect of straight contour apparent offset in opposite direction, college students & E, 7368
age, kinesthetic aftereffects, college students, 7284
change of tone's sound level, monaural vs interaural aftereffects, adults, 283
compound induction patterns with vs without prior conditioning, overprediction vs blocking in McCollough aftereffect, college students, implications for associative learning, 28261
concurrent vs terminal prism exposure, aftereffect measures of visual & proprioceptive shift & total shift in eye hand coordination, college students, 7299
contrast & spatial frequency & test duration, tilt aftereffect, 23–56 yr olds, 28239
contrast of moving grating & visual adaptation, motion aftereffect duration measuring types of direction specific mechanisms, college students, 10731
exposure to Archimedes spiral with binocular vs monocular adaptation, movement aftereffects, college students, 7331
flow pattern simulation of outdoor setting, motion perception & postural control & perceptual aftereffects, college students, 38769
horizontal grating inspection duration, linear motion aftereffect duration & decay, adults, 7323
inspection duration, time constant & duration & decay of linear motion aftereffect, college students, 28241
intolerance for ambiguity, aftereffect perception, 15–18 yr old females, 24765
left vs right visual stimuli, movement aftereffects, 13–75 yr olds, 24734
luminous rotating spiral image, asymmetry in visual adaptation, adults, replication, 3761
McCollough aftereffects, binocular vs monocular color effects, college students with strabismus or ambylyopia vs normal vision, 37146

noninduced patterns, pattern contingent color aftereffects, college students, implications for Lie transformation group theory of neuropsychology, 28244
orientation & motion directions of superimposed pairs of gratings, pattern specific motion aftereffects, college students, 14316
perceptual integration of displays across brief temporal gap, dissociation & decay rate of visible persistence vs retinal afterimages, Os, 17760
positive monocular vs binocular adaptation sequences followed by reverse negative sequences, visual movement aftereffects, college students, 245
postadaptation stimuli, short & long term spiral aftereffects, college students, 28252
real vs induced color, orientation contingent color aftereffects, adults, 7366
relative movement data for aftereffect of visual movement, literature review, 14303
spectrally identical vs different horizontally moving adaptor & probes, auditory motion aftereffects, 22–35 yr olds, 28274
unilateral ECT, ipsilateral vs contralateral retrograde amnesia for McCollough visual aftereffect, adult patients with major depression, 16311
validity & reliability of kinesthetic aftereffect as index of perceptual augmenting/reducing, 14093
viewing of achromatic gratings before vs after McCollough effect induction, strength of apparent color aftereffects contingent on spatial features of patterns, females, 17794
visual field differences in magnitude of tilt aftereffect, right handed adults, 626
visual stimulation following adaptation, retention of color linked aftereffects, college students, 10735

Perceptual Closure
old medical records & premature closure, failure to diagnose atherosclerotic dementia, elderly male cardiac bypass patient, case report, 30094
synthesis of fragmented visual information, brain damaged 19–39 yr olds with frontal or temporal lobe excisions, India, 37037

Perceptual Constancy [See Also Brightness Constancy, Color Constancy, Size Constancy]
consecutive repetition priming in different letter case format, perceptual fluency of target word, college students, 211
random trial to trial variations in target disparity, angular & objective velocity vs size discrimination & constancy, adults, 35295
theory of context & contrast & constancy, enlarging hole on palm illusion & illusion of moon's size on horizon, 3767
2 forward facing eyes with binocular disparity, stereopsis & solid object perception with shape constancy & hand eye coordination, humans, 38787

Perceptual Development
ability to produce & benefit from selective attention strategy in recall task, 7–9 yr olds, 25443
age & experiential deprivation & color encoding/decoding, development of color competence, 4–8 yr olds, 11433
age, ability to understand correspondence of scale models to larger space, 29–41 mo olds, 39515
age at start & duration of monocular deprivation by suture vs contact lens, visual fields, monkeys, implications for binocular competition model, 39198
age, categorization of geometrical illusions as Type I vs Type II by magnitude of illusion vs perceived size, 6–16 yr olds, 4613
age, development of interhemispheric & intrahemispheric transfer of tactile sequential information, 4–20 yr olds, 18572
age, spatial grouping during spontaneous block construction, 1–4 yr olds, 1047
age, use of contour lines in drawings of complexly shaped statues, 4–9 yr olds, Switzerland, 11424
analysis into simple segments vs dynamic tracing of printed script, letter recognition, 3.1–6.3 yr olds, 36027
bar velocity & movement distance with vs without static reference, motion sensitivity & preferences, 8–20 wk olds, 32392
clinical assessment & standardized measures of sensorimotor & language development & current communication status, nonverbal severely mentally retarded clients, 8953
computer games using spatial skills, spatial ability measured by mental rotation test, male vs female 5th–9th graders, 8037
corpus callosum, bimanual motor skill with vs without visual feedback, 5–6 vs 9–11 vs 18–22 yr olds, 21612
dark adapted thresholds with preferential looking method, ocular media densities, 10 wk olds vs 19–29 yr olds, 39533
descriptions vs EOG & other recording methods, research in development of conjugate eye movements, infants vs adults, 8058
development of hemispheric specialization of right vs left eye systems, domestic chicks assessed from 2 to 15 days of age, conference presentation, 14660
development of kinesthetic acuity & motor performance, 3.9–11.8 yr olds, implications for interpretive validity & threshold estimation, 4595
development of object permanence skills, visually impaired 4–25 mo olds, 9180
development of planning & control of reaching targets, 5–11 yr olds, 25414
development of size scaling in human vs dog figure drawings, 3.6–6.5 yr olds, 4649
development of spatial contrast sensitivity, 5–52 wk old monkeys vs human infants, 24930
development of visual & speech perception, children, 1942–88, literature review, 11365
development of visual & tactile rod orientation, 4–13 yr olds, 18591
development of visual contrast sensitivity to low vs high spatial frequencies, infant macaques, 1 yr study, 3892
developmental response to odors, spiny mice followed from 1 to 35 days old, 18006
developmental stages of graphic symbolization, 25548
direction of tilt, development of lateral equilibrium stance reaction, 9 mo–5 yr olds, 1034
discrimination among & habituation to mid & long wavelength chromatic squares, 1–7 day olds, 18540
domain & construct validity & interobserver reliability of Test of Sensory Functions in Infants, developmentally delayed & difficult temperament 4–18 mo olds, 28078
duration of sensorimotor developmental stages & transitions, infants with Down's syndrome, 12281
experiences with water, sensorimotor development, Western children, 18596
frequency level, pure tone threshold, 3 vs 6 vs 12 mo olds vs 18–26 yr olds, 18601
growth & migration of fovea cones & cortical inhibition, developmental model of spatiotemporal visual mechanisms, infants, 8066
integration of sensory information in development of manual pointing, 4–12 yr olds, 21989
motor system coordination development, affordances of landmarks & ecology of spatial perception, children, conference presentation, 11410
neural factors, postnatal development of visual acuity, monkeys, 14679
object movement along cyclopean & visual axis of each eye, development of vergence eye movements, 4–33 wk olds vs adults, 32419
octave band auditory thresholds measuring development of auditory acuity, 6–16 yr olds, 4654
ontogeny of olfactory competence, bonding to mother & emotional homeostasis & interactional adjustment, infants & children, literature review, 11430
perception of structure in vectorpatterns, 3.9–4.5 mo olds, 4610
perceptual & cognitive development, ability to copy geometric forms, rural 3–5 yr olds, India, 8053
perceptual & linguistic abilities, academic achievement, learning disabled 1st–2nd graders, 13651

perceptual experience & knowledge inference of self vs other, 3–4 yr olds, 18603
perceptual motor & cognitive development & utility of myoelectric arm prostheses, children with congenital upper limb deficiency, 12991
perpendicular bias, Piagetian water level task, 5–6 vs 7–8 yr olds, 18619
Piagetian egocentric vs innate sociocentric views, perspective taking ability, children, 29069
preneural optical & photoreceptor immaturities, spatial & chromatic vision, neonates vs adults, 25417
psychoanalytic model of process of primary learning & development of cognitive & perceptual processes, 36051
rearing conditions, development of visual fixation & habituation, 3 mo olds, 5 mo study, 36072
refractive error & preferential looking visual activity, 12–24 mo olds, longitudinal study, 21960
reliability & validity of sensory developmental expectation questionnaire, mothers of newborns, implications for occupational therapy, 3616
representational capacity of data & conceptual system vs Piaget's sensorimotor schemas in perceptual development & object concept formation, infants, literature review, 25490
scores on Peabody Developmental Motor Scales vs Miller Assessment for Preschoolers, assessment of sensorimotor functioning, 34–68 mo olds at risk for developmental disabilities, 31659
sensory function development & performance, 4–18 mo olds with vs without developmental delay or difficult temperament, 32939
simulated illuminant & reflectance changes, color constancy, 9 & 20 wk old infants, 21939
spatial & temporal contrast sensitivity in central vs peripheral vision, albino 22 yr olds, implications for arrested visual development, 19658
static vs operator controlled visual stimuli, distribution of visual fixation durations & saccades, infants vs college students, 4607
stationary &/vs moving adjacent &/vs separated objects, reaching & looking responses, 12–18 & 21–26 wk old infants, 21983
tachistoscopic random dot stereogram with uniform depth vs elevated disk with perimeter beyond fixation, visual selective attention, 5 vs 8 yr olds vs adults, 36045
tactile stimulation intervention, sensory motor development, very low birth weight infants, Netherlands, 9630
temperament & sensory motor & learning & social skills, female vs male kindergartners, Taiwan vs US, 4554
time of grasp & contact & adjustment of hand opening to target size during approach, 5–6 vs 9–13 mo olds vs adults, 11447
time regulation motor task performance, 3 vs 4 vs 5 yr olds, 8035
validity of computerized version of Gollin incomplete figures test, measurement of visual recognition development, 28–60 mo olds, 1007
visual & oculomotor development, 2 wk to 6 mo olds, 25498
visual field lateral displacement, development of visual motor ability, kittens, 25042
visual vernier offsets & motion displacements, visual EPs, 1–13 mo olds vs adults, 4622
voice onset time vs stop closure vs preceding vowel duration cues, discrimination of t vs d, 6 yr olds vs adults, 18542
3 dimensional depth & spatial relationship representation in picture drawings of blocks, 3–8 yr olds, 32411
Perceptual Discrimination [See Also Auditory Acuity, Auditory Discrimination, Figure Ground Discrimination, Odor Discrimination, Pattern Discrimination, Visual Discrimination]
ability to judge simultaneity of heartbeats & tactile &/vs visual or auditory exteroceptive vs interoceptive stimuli, males vs females, 18187
cognitive functioning, haptic visual discrimination, 22–78 yr old emotionally disturbed or mentally retarded Goodwill work activity program clients, 11867
diffuse noxious inhibitory controls of neuronal activity, sensory discriminative dimension of pain perception, 19–37 yr olds, 28631
exemplar distribution as mathematical model for relating selective attention & stimuli similarity & categorization, commentary reply, 14398
habituation to artificial crab mixture, olfactory responses to & discrimination of artificial crab & mullet & oyster & shrimp mixtures, spiny lobsters, 28390
models for & theories of sensory analysis stage in sensory discrimination, 23 commentaries included, 17727
models of & theories on similarity & distance relationship, confusable vs discriminable stimuli perception, commentary, 14369
mouth opening, intercisor bite force discrimination, adults, 3717
perceptual vs imaginal presentation of letter pairs, use of visual mental images vs perceptual representations in same different judgments, college students, Italy, 3794
taste & viscosity, perception of fat content in dairy products, adults, 213
time & distance in generalization & discrimination, commentary reply, 14407
unisensory & bisensory discrimination & memory task performance mildly vs severely misarticulating 7–8 yr olds, test of CNS developmental delay hypothesis, 16010
whole body vibration with vs without noise, vibration perception assessed through cross modality matching, males, 17734
Perceptual Distortion
complete inversion of visual image, 47 & 73 yr old males & 67 yr old female with vertebrobasilar ischemic disease, case report, 22998
rotation of photographed pointer positions, distortions in apparent direction, adults, 230
visual system distortion, ability to detect spatial beat movements, adults, 38757
48 vs 72 hr sleep deprivation, visual task related perceptual distortions & hallucinations & circadian rhythms, 18–29 yr olds, 39168
Perceptual Disturbances [See Also Agnosia, Auditory Hallucinations, Drug Induced Hallucinations, Hallucinations, Visual Hallucinations]
behavior problems & school achievement, 13 yr olds with deficits in attention &/or motor control & perception, Sweden, 3 & 6 yr followup, 30444
classification of disturbances in reality awareness, neurotic adults with negative hallucinations, 40199
covert vs overt memory access for face recognition & recall of associated semantic information, adult male with severe closed head injury & resulting prosopagnosia, 12539
electroplexy or antidepressants, synesthesia, depressed females, case reports, 8662
neurodevelopmental profiles, 13 yr olds with deficits in attention &/or motor control & perception, Sweden, 6 yr followup, 29443
occupational therapy, adults with perceptual deficits due to brain injury, 41043
perceptual dysfunction, self care, communicative long term stroke survivors, 33475
role of quinine toxicity & cinchonism related to tonic water ingestion, vision & hearing & balance disturbances & aviation accidents, conference presentation, 38313
sensory disturbance & onset of psychiatric disturbances, paraphrenic 61 & 63 & 69 & 88 yr olds, England, 32976
spatial perception disturbances measured by rod & line orientation & facial recognition tests, 7.7–15.6 yr olds with localized left vs right hemisphere damage, 26582
synthesis of fragmented visual information, brain damaged 19–39 yr olds with frontal or temporal lobe excisions, India, 37037
task short term memory load & stimulus encoding difficulty, EPs & continuous performance, college students with physical anhedonia or perceptual aberrations, 12502
Perceptual Fill [See Perceptual Closure]

Perceptual Localization [See Also Auditory Localization]
auditory discrimination & localization of pink noise, 21–32 yr olds, 270
dichoptical viewing of bar stimuli at disparities beyond fusion limit, mislocalization of bar's half image, adults, 17787
extended recovery time, visual field function as assessed by localization of & orientation to stimuli, dark reared cats, 11119
extraneous tactile stimulus, localization of tactile stimuli, college students, 31759
head movement & spatial position of target, ability to localize in auditory head up display, 21–39 yr olds, implications for aircraft pilots, 38483
location of partial midbrain lesion, neurophysiology of water wave localization, clawed frogs, 11143
mental projection of letter images onto visual field, detection & localization of point threshold stimuli presented on vs off image, college students, 31784
olfaction, forelimb reaching & locating food, male rats following bulbectomy with vs without visual occlusion, 28746
regional brain lesions, neurophysiology of water wave localizations, clawed frogs, 11142
retinal eccentricity, identification & localization of target letters presented in isolation vs embedded in arrays similar to target vs alternate response, 19–32 vs 56–69 yr olds, 11560
retinal locus & relative position & lateral masking & visual array of Kana letters, errors in identification & localization in tachistoscopic partial report & recognition, college students, 3745
salience of visual target vs standard as a function of area, localization accuracy for targets relative to standards, college students, 14258
spatial dimension & category width, anticipation & habituation errors in spatial localization, college students, 7310
stationary electrode stimulus mimicking conspecific discharge, signal localization & territorial behavior, electric fish, 25031
vertical vs horizontal wires, obstacle localization & avoidance performance in flight, greater horseshoe bats with pinnae immobilized by nerve & muscle lesions, 21701
visual field & extrapersonal space, localization of visual targets using slow movements of left vs right arm measuring hemispheric superiority, college students, 28215
visual stimuli flashed during prior primary saccade, perceptual localization, college students & staff member, 28243
visual target pointing accuracy & RT & movement time using left vs right hand, 2.9–12.8 yr olds with unilateral vs bilateral brain damage & hemiplegia, 33479
Perceptual Measures [See Also Rod and Frame Test, Stroop Color Word Test]
air dilution olfactometer, measurement of olfactory signal detection, college students, 28207
cerebral dominance & repeated trials, performance on & validity of heart beat tracking measure using keypresses synchronized to heart beats, male vs female college students, 4177
Kinesthetic Sensitivity Test, diagnosis of poor kinesthetic function using kinesthesis & motor performance, clumsy school age children, 112
perceptual norms for tachistoscope & grooved pegboard & auditory visual integration test, reading vocabulary & comprehension & arithmetic, normal achieving 4th & 5th graders, 3337
relationship between left & right hemisphere involvement in language & music & neutral task, auditory EP vs traditional behavioral measures, 40–65 yr old aphasic males, 37147
reliability & validity of visual recognition memory & tactual-visual cross modal transfer, prediction of IQ, full term vs high risk preterm infants assessed at 6–8 mo old, 3 yr followup, 10644
reliability of formaldehyde odor threshold measurements, 18–30 yr olds, 31563
validity & conceptual & methodological similarities of Watson Barker & Kentucky Comprehensive listening tests & The Communication Competency Assessment Instrument, college students, 17633
young adult norms for Southern California Figure Ground Visual Perception Test, 17–38 yr old college students, 53
Perceptual Motor Coordination [See Also Physical Dexterity]
age differences, division of visual attention during 2 handed catch task, males with mean ages 10–20 yrs, England, 11382
alcohol, cognitive-perceptual & psychomotor task performance & body sway, female 21–25 yr olds with vs without alcoholic 1st degree relatives, 11264
amplitude & interstimulus interval of visual step stimuli, manual tracking response amplitude & latency & RT, 17–32 yr olds, 10695
bimanual coordination, adults & male 11 yr old with callosal agenesis vs female 11 yr old with partial commissurotomy, 22955
central & peripheral processes of motor control & invariant relative timing, commentary reply, 10699
central & peripheral processes of motor control & invariant relative timing, commentary, 10702
cognitive strategies & style, accuracy of overhand volleyball serves, female college students, 10478
computer simulation & neural network model of adaptive visual motor coordination of multijoint arm for single postures & topographic sensory inputs, 4114
concurrent vs terminal prism exposure, aftereffect measures of visual & proprioceptive shift & total shift in eye hand coordination, college students, 7299
control of symmetrical vs asymmetrical bimanual aiming movements, 50–73 yr olds with Parkinson's disease, 5799
conventional vs side saddle stances & ball vs hole aim, golf putting accuracy, college students, 3701
coordination of arm movements with different spatiotemporal features, male college students, 25094
dark vs light eye color, hitting target with frisbee, 1st–4th graders, 7997
development of planning & control of reaching targets, 5–11 yr olds, 25414
different styles of background music, eye hand coordination problems, college students, 24722
gross motor skills training, precision paper & pencil task performance, learning disabled 5–11 yr olds, implications for educational programs, 6798
hallway exposure to displacing prisms, head posture & visual field & proprioceptive adaptation, college students, 7300
joystick control of cursor position vs velocity & level of control display gain, performance in isometric positioning task, male college students, application of Fitts' law, 10704
kinesthetic feedback &/vs prediction of knowledge of results, acquisition of shooting task, 18–27 yr old college physical education students, 6672
motor system coordination development, affordances of landmarks & ecology of spatial perception, children, conference presentation, 11410
parallel & mirror movements & relative velocity, bimanual coordination, 5 vs 7 vs 9 yr olds, 1004
peripheral vision & walking speed cues, gait regulation & visual motor coordination, male adults, 21196
predictive strategies in eye head coordination during text scanning & checking, female 20–37 yr old skilled touch typists, 17425
prism exposure, visual & proprioceptive shift, college students, implications for perceptual motor organization, 21199
role of vision vs proprioception in pointing at distant object, adults, 10714
sucrose stimulation, hand mouth contact, neonates, 1037
view of navigation area with vs without rotational movement or spatial trajectory visual cues, performance on computer simulated harbor navigation, adults, implications for motion perception, 17730
visual target & limb information, manual aiming accuracy, college students, 3694

2 forward facing eyes with binocular disparity, stereopsis & solid object perception with shape constancy & hand eye coordination, humans, 38787
Perceptual Motor Development [See Motor Development, Perceptual Development]
Perceptual Motor Learning [See Also Fine Motor Skill Learning, Gross Motor Skill Learning]
changes in temporal organization of sleep stages during training course in trampolining, 21–25 yr old college students, West Germany, 27986
coding & retention of psychomotor information, patients with Alzheimer's disease, 16062
cognitive strategies & metastrategies, learning & performance of self paced motor skills, athletes, 20993
cognitive strategies & style, accuracy of overhand volleyball serves, female college students, 10478
constant post knowledge of results delay, contextual interference in acquisition & retention of motor skill, 24728
gymnastics training, development of postural responses to stance disturbances, 7–10 vs 11–16 yr olds, 21882
information processing associated with motor learning of arm kinematics & dynamics, literature review, 28199
integration of cognitive & motor performance & reasons for individual differences, motor skill learning, 28345
knowledge of bandwidth results, learning & performance of rapid elbow flexion movement, college students, 7301
motor & perceptual factors, precognitive mode development in pursuit tracking with sine waves, college & graduate students, 35268
motor skill learning & verbal recognition span test performance, patients with Huntington's disease vs dementia of Alzheimer type vs amnesia, 12409
movement based instruction, music listening skill achievement, 1st–2nd graders, 24003
neuronal components of vestibulo-ocular reflex learning, monkeys, 21526
oral &/vs written instructions, retention & performance of scuba diving skills, college students, 10487
participation in ice hockey training, field dependence, 8–12 yr old males, 4604
"preconducting" motor skill training using repetitive movements & motivation & practice & handedness, conducting achievement, male vs female 10–17 yr old music students, 41241
pseudoshaping vs specific vs schema practice procedures, basketball skill acquisition, 1st graders, New Guinea, 8011
role of task specificity vs constraints in motor skill acquisition, implications for formulation of general action theory of coordination and control, 35257
scopolamine or clonidine, learning & performance of tracking task, 18–50 yr olds, 39299
sex & visual spatial mental imagery, symbolic motor skill acquisition, college students, 208
supplemental visual aids, acquisition of tennis skills, college students, 27995
teaching strategy using easy vs difficult examples, generalization of liquid pouring ability to untrained pitchers & receptacles, profoundly mentally retarded 9–19 yr olds, 38199
tennis backhand with vs without forehand instruction & practice, backhand performance measuring proactive interference, 7th–8th graders, 39516
Test of Motor Impairment vs Aston Index vs Southern California Sensory Integration Tests, assessment of motor learning problems, children with minimal cerebral dysfunction in occupational therapy, 37843
theoretical model of brain mechanisms of innate imitative behavior, learning simple & complex motor tasks, human neonates & infants & animals, literature review, 18634
vestibulo-ocular reflex learning, activity of brain stem neurons in modified pathways, monkeys, 21527
Perceptual Motor Measures [See Sensorimotor Measures]
Perceptual Motor Processes [See Also Perceptual Motor Coordination, Physical Dexterity, Rotary Pursuit, Tracking, Visual Tracking]
ability to reach for sounding object in dark, auditory localization, 27–30 wk olds, 32429
action patterns & role of peripheral nervous system, gill withdrawal reflex, mollusks, model system for neural mechanism of learning, 38982
adenosine analogs with vs without caffeine, psychomotor behavior, male squirrel monkeys, conference presentation, 4391
age & essential fatty acid supplements, problem solving & perceptual motor speed & recovery, alcoholic 20–39 vs 40–59 yr olds, 37926
age at disease onset, cognitive & memory & psychomotor performance & dementia, 32–86 yr olds with Parkinson's disease, 5668
age, bilateral transfer in rotary pursuit task, mildly mentally retarded 7–17 yr old females, 5536
age, components of 1-handed manual dexterity assembly task, 5–15 yr olds, 29071
alcohol conditioning & expectancy, visuomotor integration task performance, adult males, 920
alcohol ingestion, effect of treatment with amitryptyline vs fluoxetine on physiological & psychomotor functioning & mood, healthy adults, 4308
alcohol vs marihuana dosage levels, subjective effects & performance on circular lights & tracking & digit symbol substitution tasks, males, 32210
amitriptyline vs trazodone vs mianserin vs parotexine with vs without ethanol, psychomotor performance related to driving, 32–43 yr olds, 857
amitriptyline vs trazodone vs viloxazine vs protriptyline, memory & psychomotor functioning, 19–40 yr olds, 14835
amount of visual restriction, smoothness & fluidity of movements in approaching target at varying distance, male 23–45 yr olds, 10706
apomorphine vs dextroamphetamine, sensorimotor gating assessed through prepulse inhibition of acoustic startle response, male rats, implications for schizophrenia, 4420
assessment of acoustic & tactile sensory processing capabilities using glabellar reflex & reflex modification procedures, term vs preterm neonates, 32369
awareness of optimal division of attention, time estimation on psychometric task, college students, 38754
bilateral brain dysfunction during motor activation, right handed schizophrenic adults with negative symptomatology, 5215
bimanual visuomotor judgment task, event related covariances, right handed adult males, 25039
biodynamic basis for perceived heights for sitting & stair climbing, college students, 210
body vs device centered vibratory stimuli to fingers of left vs right hand, RT for spontaneous coding of tactile motor space using anatomical reference frame, adults, 21193
butoctamide hydrogen succinate vs nitrazepam, psychomotor performance & EEG & standing steadiness, male 19–32 yr olds, 32294
caffeine, finger tapping & body sway & attention & decision making & critical flicker fusion threshold & RT, 18–37 vs 65–75 yr olds, 28978
carbamazepine concentrations with vs without other anticonvulsant drug, psychomotor & cognitive functioning, epileptic patients, 16569
cerebral EPs & RT during dichotic listening & choice task, depressed inpatients with psychomotor retardation, 11948
chronic benzodiazepine treatment & withdrawal, RT for decision & movement & sensory threshold detection & key tapping rate, agoraphobic or anxious 31–52 yr olds, 9572
circadian body temperature critical shifts & flight across 9 time zones, psychomotor & RT & cognitive ability, young adult males, 39138
clockwise vs anticlockwise stimulus response pairings & preference for left vs right hand, RT, college students, 38741
cognitive & language & sensorimotor & self care abilities, institutionalized elderly with late stage dementia, implications for developmental congruence of skill decline, 19587
cognitive & memory & psychomotor functions, patients with left vs right untreated hemiparkinsonism, 33543

cognitive & sensorimotor test performance, sleep & neurochemistry, aged rats, 35619
color of rolling vs bouncing ball, color matched targeting precision in hitting ball, male vs female 6–20 yr olds, France, 4590
copying vs visual study, reproduction of Rey Osterrieth Complex Figure, 10.7–13.7 yr olds, cognitive neuropsychological implications, 39584
corpus callosum, bimanual motor skill with vs without visual feedback, 5–6 vs 9–11 vs 18–22 yr olds, 21612
demographic & personal characteristics & eye dominance & directional bias measured by visuomotor drawing task, left vs right handed 11–72 yr olds, 36009
descriptions vs EOG & other recording methods, research in development of conjugate eye movements, infants vs adults, 8058
development of stereotyped vs flexible tool use strategies & mental representation of problems & solutions, 15–22 mo old macaque vs gorilla, 18027
developmental changes in object manipulations, captive monkeys, 577
dimensional precuing & priming effect, RTs in movement programing, adults, 31767
disjunctive reaction task, cardiac deceleration & pupillary response, male 21–27 yr old college students, Netherlands, 28696
disorder course, IQ & cognitive & motor ability, 13–17 yr olds with undifferentiated vs paranoid schizophrenia vs schizophreniform vs atypical psychosis, 33058
dual initiation vs initiation suppression of finger & foot pedal responses, RT as index of nonselective restricted preparation intensity, college students, 21183
early identification & clinical characteristics, children with sensory integration dysfunction, implications for nursing, 37669
electrodermal lability & tasks requiring fast responding only vs additional discrimination & selection, errors & RT, college students, implications for motor impulsivity hypothesis, 4217
equations derived from signal detection theory, significance of practice effects on sensory motor tasks, 218
ethanol & marihuana, plasma concentrations & self rating of intoxication & heart rate & psychomotor performance, adult males, 7903
ethanol ingestion, astemizole vs chlorpreniramine induced psychomotor impairment on simulated car driving task, 20–55 yr old females with high sensitivity to antihistamines, 856
evidence of sticks used as tools for digging out bee nest, chimpanzees, implications for independent evolution of tool use skills, 18063
exposure to organic solvents, memory & manual dexterity & perceptual accuracy & vigilance & perceptual motor speed & subjective symptoms, male automobile painters, India, 38452
exposure to welding fumes & glare, perceptual accuracy & speed & vigilance & dexterity & memory & subjective symptoms, automobile welders, India, 20725
factor analysis of perceptual motor attributes, school children, 32424
fengabine vs amitriptyline, psychomotor performance & autonomic functions, 18–30 yr old healthy males, 39403
fetal striatal transplants, learning & locomotor & sensory motor performance & neuroanatomical correlates, rats with excitotoxin lesioned striatum, 35757
fluoxetine vs dothiepin & alcohol, car handling performance, adults, conference presentation, 18351
fluoxetine with vs without alcohol vs maprotiline, performance assessed by oculodynamic & pursuit tracking test & Visual Analogue Scale, healthy males, 28967
functional organization & linkage between sensory & motor maps in superior colliculus, orienting responses, mammals, 663
gains in task performance, attitudes toward rotary pursuit task, elementary to college students, 29037
ground texture, visually guided control of simulated altitude, 17–35 yr olds, 21224
Guided Discovery LOGO instruction, mathematical readiness & visual motor integration & attendance, 1st graders, 17162
hand & head & mouth coordination, newborns, intersensorimotor & intentionality implications, 11347
hand use during visually directed reaching task, familially right vs left handed male vs female 3–52 wk olds, longitudinal study, 987
hemispheric ventricular size & tests of cognitive & psychomotor performance & sensitivity to neuroleptics, schizophrenic adults, 40082
in-place jogging in darkened room while fixated on single light source, involuntary movement & misinterpretation of visual distance cues, adults, 3700
induced nitrogen narcosis with vs without lithium carbonate pretreatment, cognitive & psychomotor performance, adult divers, 14762
induced visual input lateralization hand certainty/sequence uncertainty vs hand uncertainty/sequence certainty condition, choice RT in finger sequencing task, right handed college students, 28630
inorganic mercury vapor exposure, memory & perceptual motor performance & learning disabilities & subjective symptoms, 26–56 yr old male chlorine alkali workers, 23025
integrated vs separated axis controls & error displays, task interference in dual axis compensatory tracking performance, college students, 17722
integrity promoting care program, psychomotor functioning & CSF somatostatin concentrations, 72–101 yr olds with dementia in nursing homes, 34338
invisible displacement object permanence tasks, assessment of sensorimotor intelligence, cats & dogs, 10916
irrelevant letters surrounding target letter, speed of right vs left hand keypress responses in focused attention tasks, college students, 214
lateral foot preferences & motor skill competence, 4 yr olds, 36039
lofepramine & nomifensine, psychomotor performance & sedation & quality of sleep, female adults, 7861
lorazepam or diazepam with vs without flupentixol, psychomotor performance, adults, 14896
lorazepam vs alpidem, EEG patterns & psychomotor functioning & memory, healthy 23–42 yr olds, 7839
manipulation of visual & proprioceptive spatial dimensions using prism glasses, learning & generalization of arm movements to visual stimuli, college students, 31752
mapping of musical thought, sounded performance, pianists, 31746
maprotiline vs mianserin vs nomifensine, cognitive & psychomotor functioning, 67–83 yr old patients with major depression, West Germany, 2532
mathematics of holonomic theory of sensorimotor perception & neuropsychology of brain, 28604
memory & psychomotor performance & language, 63–83 yr olds with very mild dementia of Alzheimer type, 37166
met-enkephalin, acquisition & retention of perceptual motor skill, male mice, 11322
minor tranquilizers or antidepressant drugs, psychomotor performance, adults, implications for accidents, 2537
motor & sensory abilities & academic readiness screening, normal vs at risk kindergartners, 16001
motor pattern & number of key strokes, digit keying response latency & execution time measuring motor organization, college students, test of motor processing models, 35253
musical phrasing, physical movements, preschoolers vs 1st–3rd graders vs preservice teachers, music education implications, 24023
neuronal projection between optic tectum & motor pattern generating circuitry, orienting behaviors & saccade control, frogs & mammals, 627
neurophysiology of attention & reaching & grasping, animals, 21570

neuropsychological & psychomotor performance measuring genetic predisposition for alcoholism, male 18–25 yr olds with alcoholic fathers, 33391
neuropsychological model of visuoconstructive abilities & disabilities including drawing & copying & hand gestures, brain injured patients, 40519
nighttime administration of trazodone vs mianserin, sleep & morning psychomotor performance & clinical improvement, depressed 18–65 yr olds, Great Britain, 9548
noise & stimulus response compatibility, simple RT vs controlled movement speed using dominant vs nondominant hand, college students, England, 28223
normal P300 during visual continuous performance test, schizophrenic 18–37 yr olds, 33213
number of response alternatives & reinforcement, vocal vs manual RT, 18–74 yr olds, 31828
object weight & surface friction, adaptive grip adjustment, 13–27 yr olds with Down's syndrome, 29795
operator orientation, visual motor & control display & visual trunk directional compatibility in target acquisition task, male college students, 38485
oral sensation & drooling, 5–21 yr olds with cerebral palsy, Canada, implications for occupational therapy, 33666
overt & covert attention, vibrotactile RTs & gaze direction & spatial compatibility & hemispatial asymmetry, strongly dextral college students, 4077
parallel vs perpendicular orientation of response keys to visual stimuli, 2 finger choice reactions as measure of stimulus response compatibility, college students, 28204
peg board lateral location & hand used, peg movement & resting times in adductive & abductive movements measuring initiation & control, college students, 14234
perceptual & motor schemas, visual perception & hand dexterity & computational modeling of neural circuitry, humans & frogs, 17 commentaries and reply included, 605
perceptual & sensory motor & intelligence & memory performance & personal & social & vocational attainment & psychoticism & neuroticism, long term heavy cannabis users, India, 15409
perceptual motor dysfunction, alcoholic patients, literature review, implications for role of occupational therapists, 40311
perceptual motor performance & hearing impairment, orchestral musicians, 9238
perceptual motor skills & personality traits, vocational training & social adjustment, blind 16–25 yr olds, 22939
perceptual norms for tachistoscope & grooved pegboard & auditory visual integration test, reading vocabulary & comprehension & arithmetic, normal achieving 4th & 5th graders, 3337
perceptual organization assessed by Bender Visual Motor Gestalt test, male 20–30 yr old pickpockets, India, conference presentation, 36729
perceptual processes of pain, neonates, implications for pain management, 23543
perceptual thinking & body movement intervention program, classroom behavior, 6th grade underachievers, Pakistan, 3218
